Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to our secretary a written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting and voting in person. Attending the Annual Meeting in and of itself may not constitute a revocation of a proxy.

Voting and Solicitation

Each stockholder is entitled to one vote for each share held as of the record date. Stockholders will not be entitled to cumulate their votes in the election of directors.

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted FOR, AGAINST or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the Votes Cast) with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, Sanmina-SCI believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of a controlling precedent to the contrary, Sanmina-SCI intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Brokers may indicate on the enclosed proxy or its substitute that they do not have discretionary authority as to certain shares to vote on a particular matter for which they have not received specific instructions from the beneficial owner of the shares (broker non-votes). In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, we intend to treat broker non-votes in this manner. Thus, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

The New York Stock Exchange (NYSE) has proposed new regulations that would prohibit brokers or other nominees that are NYSE member organizations from voting in favor of proposals relating to equity

compensation plans unless they receive specific instructions from the beneficial owner of the shares to vote in that manner. This new rule may become effective before the meeting, in which case, for shares held through a broker or other nominee who is a NYSE member organization, your shares will only be voted in favor of Proposal Two if you have provided specific voting instructions to your broker or other nominee to vote your shares in favor of that proposal. Stockholders should note that although our Common Stock is traded on the Nasdaq Stock Market, and not the NYSE, this proposed rule is likely to be applicable to their shares held in broker or nominee name as most brokerage firms that trade shares on Nasdaq are also NYSE member firms.

Except as described in the preceding paragraph, any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted *for* all matters submitted to a vote of stockholders at the Annual Meeting pursuant to this proxy statement. In addition, the proxy holders will vote as the proxy holders deem advisable, on other matters that may come before the meeting, as the case may be with respect to the items not marked.

The cost of soliciting proxies will be borne by us. We may retain the services of our transfer agent, Wells Fargo Shareholder Services, or other proxy solicitors to solicit proxies, for which we estimate that we would pay fees not to exceed an aggregate of \$20,000. In addition, we expect to reimburse brokerage firms and other persons representing beneficial owners of shares for their expense in forwarding solicitation material to such beneficial owners. Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, in person or by telephone or facsimile.

Stockholder Proposals for 2004 Annual Meeting

Proposals that are intended to be presented by our stockholders at the 2004 Annual Meeting must be received by us no later than September 1, 2003 in order that they may be included in the proxy statement and form of proxy relating to that meeting.

PROPOSAL NO. 1:

ELECTION OF DIRECTORS

Our Board of Directors currently consists of ten members. Director Joseph Schell has decided not to seek nomination for election as a director at the Annual Meeting, and the Board of Directors has determined that the Board of Directors will consist of nine members following the Annual Meeting. All nine positions on the Board of Directors are to be elected at this meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nine nominees named below. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. The Company is not aware of any nominee who will be unable or will decline to serve as a director. If stockholders nominate additional persons for election as directors, the proxy holders will vote all proxies received by them in accordance to assure the election of as many of the Board's nominees as possible, with the proxy holder making any required selection of specific nominees to be voted for. The term of office of each person elected as a director will continue until the next annual meeting of stockholders or until that person's successor has been elected.

Board Meetings, Committees and Director Compensation

The Board of Directors held nine meetings during the fiscal year ended September 28, 2002. No nominee who was a director during the entire fiscal year attended fewer than 75 percent of the meetings of the Board of Directors or of committees on which such person served.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. From time to time, the Board has created various ad hoc committees for special purposes. No such committee is currently functioning.

Audit Committee

The Audit Committee currently consists of directors Neil Bonke, John Bolger and Joseph Schell. Mr. Bolger is the chairman of the Audit Committee. As Mr. Schell is not a nominee for election as a director at the Annual Meeting, the Board of Directors has determined that it will appoint director Bernard Vonderschmitt to replace Mr. Schell on the Audit Committee immediately following the Annual Meeting, assuming Mr. Vonderschmitt is re-elected by the stockholders.

The Audit Committee reviews and monitors our corporate financial reporting and external audit, including, among other things, our control functions, the results and scope of the annual audit and other services provided by our independent auditors and our compliance with legal matters that have a significant impact on our financial reports. The Audit Committee also reviews and monitors our internal audit function and receives regular reports from the internal audit department. The Audit Committee also consults with our management and our independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into various aspects of our financial affairs. In addition, the Audit Committee is responsible for considering and recommending the appointment of our independent auditors. The Audit Committee held six meetings in the last fiscal year. All members of the Audit Committee are independent (as independence is defined in Rule 4200(a)(15) of the listing standards for the Nasdaq Stock Market, the principal trading market of our Common Stock). The Annual Report of the Audit Committee appears hereafter under Report of the Audit Committee of the Board of Directors.

Compensation Committee

The Compensation Committee currently consists of directors Neil Bonke, Bernard Vonderschmitt and Jacqueline Ward. Mr. Bonke is the chairman of the Compensation Committee. Due to the anticipated change in the composition of the Audit Committee, the Board of Directors has determined that it will appoint Mr. Shortridge to replace Mr. Vonderschmitt on the Compensation Committee immediately following the Annual Meeting, assuming Mr. Shortridge is re-elected by the stockholders.

The Compensation Committee reviews and makes recommendations to the Board concerning salaries and incentive compensation for our executive officers and certain employees. The Compensation Committee also approves all stock option and other equity compensation awards for our executive officers and also considers and evaluates overall compensation policies and strategies for the company. The Compensation Committee held two meetings during the last fiscal year.

Compensation Committee Interlocks and Insider Participation. All of the current members of the Compensation Committee meet the Nasdaq Stock Market's requirements for independence from Sanmina-SCI. Prior to September 9, 2002, Jure Sola, the company's chief executive officer, served as a member of the Compensation Committee. During the period in which Mr. Sola served as a member of the Compensation Committee, Sanmina-SCI had a separate Officer Stock Committee, which consisted of the independent members of the Compensation Committee and which was responsible for review and approval of equity and stock-based compensation for the company's executive officers. On September 9, 2002, when the Compensation Committee was constituted in its current form, the Officer Stock Committee was no longer necessary and was disbanded. At that time, the Compensation Committee assumed responsibility for equity and stock-based compensation matters affecting the company's executive officers. During the period that Mr. Sola served as a member of the Compensation Committee, he did not participate in deliberations of this committee regarding his compensation. No other executive officer of Sanmina-SCI has ever served as a member of the Compensation Committee.

Nominating and Governance Committee

The Nominating and Governance Committee currently consists of directors Mario Rosati, Joseph Schell, Wayne Shortridge and Bernard Vonderschmitt. Mr. Schell is chairman of the Nominating and Governance Committee. As Mr. Schell is not a nominee for election as a director at the annual meeting, the Board of Directors has determined that it will appoint Mr. Shortridge to be chairman of the Nominating and Governance Committee immediately following the annual meeting, assuming Mr. Shortridge is re-elected by the stockholders.

The Nominating and Governance committee is responsible for both nominating and governance functions. Nominating functions include development of general criteria regarding the qualifications and selection of board members and the recommendation of candidates for election to the Board. Governance functions include development of overall governance guidelines for the Board of Directors and the Company, overseeing and evaluating the overall performance of the Board of Directors and the chief executive officer, and executive recruitment, development and succession planning.

Director Compensation

Directors who are not our employees (Outside Directors) are paid an annual retainer of \$10,000, a fee of \$2,000 for attending each board meeting and a fee of \$1,000 for attending each committee meeting. In June 2002, the Board approved the establishment of the Sanmina-SCI Deferred Compensation Plan for Outside Directors, which provides eligible directors an opportunity to defer payment of all or part of their compensation payable to them for acting as our directors. The directors are also reimbursed for travel and related expenses incurred by them in attending board and committee meetings.

Upon first becoming a director, each new Outside Director is eligible for a discretionary stock option grant under our 1999 Stock Option Plan. In addition, each continuing Outside Director currently receives (provided that such Outside Director has been a director for at least four months prior to such grant), on October 1 of each year, an annual grant of an option to purchase up to 20,000 shares of Common Stock.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE NOMINEES TO THE BOARD LISTED ABOVE.

PROPOSAL NO. 2:

ADOPTION OF 2003 EMPLOYEE STOCK PURCHASE PLAN

The 1993 Employee Stock Purchase Plan (the 1993 ESPP) was previously adopted by our Board of Directors and approved by our stockholders. Employees have participated in that plan since April 1993. The 1993 ESPP is terminating pursuant to its own terms and as a result no further purchases will be made under that plan after the next scheduled purchase thereunder. Our Board of Directors determined that it is in the best interests of the Company and its stockholders to adopt a new employee stock purchase plan. As such, the

Board of Directors has put forth for approval of our stockholders the 2003 Employee Stock Purchase Plan, which is intended to supercede and replace the 1993 ESPP following the next scheduled purchase under the 1993 ESPP. If our stockholders approve the adoption of the new employee stock purchase plan, the total number of shares of Common Stock available to be issued under such plan will be 9,000,000. As of the date of Board of Directors' adoption of the employee stock purchase plan, no options had yet been granted under the new employee stock purchase plan.

General

Our 2003 Employee Stock Purchase Plan was adopted by the Compensation Committee of our Board of Directors in December 2002. The purpose of the 2003 Employee Stock Purchase Plan is to provide employees with an opportunity to purchase our common stock through payroll deductions. On December 16, 2002, the last reported sales price of Sanmina-SCI's Common Stock on the Nasdaq National Market was \$4.33 per share.

Administration

Our 2003 Employee Stock Purchase Plan may be administered by the Board of Directors or a committee appointed by the Board of Directors. All questions of interpretation or application of the 2003 Employee Stock Purchase Plan are determined by our Board of Directors or its appointed committee, and its decisions are final, conclusive and binding upon all participants.

Eligibility

Each of our employees or the employees of our designated subsidiaries is eligible to participate in the 2003 Employee Stock Purchase Plan; except that no employee shall be granted an option under the Employee Stock Purchase Plan (i) to the extent that, immediately after the grant, such employee would own 5% of either the voting power or value of our stock or any of our subsidiaries, or (ii) to the extent that his or her rights to purchase stock under all of our employee stock purchase plans or those of our subsidiaries accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year. Approximately 39,000 employees currently are expected to be eligible to participate in the 2003 Employee Stock Purchase Plan.

Offering Period

Our 2003 Employee Stock Purchase Plan has consecutive and overlapping twelve month offering periods that usually begin every six months. Each twelve month offering period includes two six-month purchase periods, during which payroll deductions are accumulated and, at the end of which, shares of our common stock are purchased with a participant's accumulated payroll deductions. Our Board of Directors has the power to change the duration of future offering periods. Prior to the beginning of each offering period, our Board of Directors will determine the maximum aggregate number of shares that may be purchased by all participants in an offering period from the pool of shares then available for issuance under the 2003 Employee Stock Purchase Plan. To participate in the 2003 Employee Stock Purchase Plan, an eligible employee must authorize payroll deductions pursuant to the 2003 Employee Stock Purchase Plan. Such payroll deductions may not exceed 10% of a participant's compensation during the offering period. At the beginning of each offering period, each participant automatically is granted an option to purchase shares of our common stock. The option expires at the end of the offering period or upon termination of employment, whichever is earlier, but is exercised at the end of each purchase period to the extent of the payroll deductions accumulated during such purchase period.

Purchase Price

Shares of our common stock may be purchased under the 2003 Employee Stock Purchase Plan at a purchase price not less than 85% of the lesser of the fair market value of our common stock on (i) the first day of the offering period or (ii) the last day of the purchase period. The fair market value of our common stock on

any relevant date will be the closing price per share as reported on the Nasdaq National Market, or the mean of the closing bid and asked prices, if no sales were reported, as quoted on such exchange or reported in *The Wall Street Journal*. The number of shares of our common stock a participant purchases in each offering period is determined by dividing the total amount of payroll deductions withheld from the participant's compensation prior to the last day of the purchase period by the purchase price.

Payment of Purchase Price; Payroll Deductions

The purchase price of the shares is accumulated by payroll deductions throughout each purchase period. The number of shares of our common stock a participant may purchase in each purchase period during an offering period is determined by dividing the total amount of payroll deductions withheld from the participant's compensation during that purchase period by the purchase price; provided, however, that a participant may not purchase more than 10,000 shares each purchase period.

Withdrawal

Generally, a participant may withdraw from an offering period at any time by written notice without affecting his or her eligibility to participate in future offering periods. However, once a participant withdraws from a particular offering period, that participant may not participate again in the same offering period. To participate in a subsequent offering period, the participant must deliver to us a new subscription agreement.

Termination of Employment

Upon termination of a participant's employment for any reason, including disability or death, his or her option and participation in the 2003 Employee Stock Purchase Plan will immediately cease. The payroll deductions credited to the participant's account (to the extent not used to make a purchase of our common stock) will be returned to him or her or, in the case of death, to the person or persons entitled thereto as provided in the 2003 Employee Stock Purchase Plan.

Adjustments; Merger or Change of Control

Adjustments. In the event of any stock split, stock dividend or other change in our capital structure, appropriate adjustments will be made in the number, kind and purchase price of the shares available for purchase under the 2003 Employee Stock Purchase Plan.

Merger or Change of Control. In the event of any merger or our change of control, as defined in the 2003 Employee Stock Purchase Plan, each option under the 2003 Employee Stock Purchase Plan shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation. In the event the successor corporation refuses to assume or substitute for the options, the Board of Directors shall shorten any purchase periods and offering periods then in progress by setting a new exercise date and any offering periods shall end on the new exercise date.

Amendment and Termination of the Plan

Our Board of Directors may at any time terminate or amend the 2003 Employee Stock Purchase Plan. No amendment shall be effective unless it is approved by the holders of a majority of the votes cast at a duly held stockholders' meeting, if such amendment would require stockholder approval in order to comply with Section 423 of the Internal Revenue Code.

Number of Shares Purchased by Certain Individuals and Groups

Given that the number of shares that may be purchased under the 2003 Employee Stock Purchase Plan is determined, in part, on the stock's market value on the first and last day of the offering period and given that participation in the 2003 Employee Stock Purchase Plan is voluntary on the part of employees, the actual number of shares that may be purchased by any individual is not determinable.

Certain Federal Income Tax Information

The following brief summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the 2003 Employee Stock Purchase Plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The 2003 Employee Stock Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2003 Employee Stock Purchase Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the applicable offering period and one year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. We generally are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

The approval of the 2003 Employee Stock Purchase Plan requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE ADOPTION OF THE 2003 EMPLOYEE STOCK PURCHASE PLAN AND THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER.

PROPOSAL NO. 3:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

On April 18, 2002, the Audit Committee determined that it would replace Arthur Andersen LLP as our independent auditors and engaged KPMG LLP as our independent auditors for the fiscal year 2002. The Audit Committee has approved, subject to stockholder ratification, the selection of KPMG LLP as our independent auditors for the fiscal year ending September 27, 2003.

The Board of Directors confirmed the Audit Committee's selection of KPMG LLP as our independent auditors to audit the financial statements of Sanmina-SCI for the fiscal year ending September 27, 2003. The affirmative vote of holders of a majority of the shares of Common Stock represented at the meeting and voting is necessary to ratify the appointment of KPMG LLP as our independent auditors. In the event of a negative vote, the Board of Directors will reconsider its selection. Representatives of KPMG LLP are expected to be present at the Annual Meeting, with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

During our fiscal years ended September 29, 2001 and September 30, 2000 and the interim period from September 30, 2001 through April 18, 2002, there were no disagreements between us and Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused Arthur Andersen LLP to make reference to the matter of the disagreement in connection with its reports. The audit reports of Arthur Andersen LLP on our consolidated financial statements for the fiscal years ended September 29, 2001 and September 30, 2000 did not contain any adverse opinion or disclaimer of opinion, nor were these opinions

qualified or modified as to uncertainty, audit scope or accounting principles. No reportable event, as described in Item 304(a)(1)(v) of Regulation S-K, has occurred during the fiscal years ended September 29, 2001 and September 30, 2000 or the interim period from September 30, 2001 through April 18, 2002.

During our fiscal years ended September 29, 2001 and September 30, 2000, and in the interim period from September 30, 2001 through April 18, 2002, we have not consulted with KPMG LLP regarding (i) either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report nor oral advice was provided to us that KPMG LLP concluded was an important factor in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) the subject of any disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions or reportable event.

The following is a summary of fees paid to KPMG for the year ended September 28, 2002:

Audit Fees

The aggregate fees billed for professional services rendered by KPMG for the audit of our annual consolidated financial statements and statutory audits for the year ended September 28, 2002, and the reviews of the condensed consolidated financial statements included in our Quarterly Reports on Form 10-Q for the year ended September 28, 2002 were \$1,975,000.

Audit-Related Fees

The aggregate fees billed for non-audit services, exclusive of the fees disclosed above relating to audit fees, rendered by KPMG during the fiscal year ended September 28, 2002, were \$273,000. These services include accounting consultation and assistance on proposed transactions, assistance and audit report consent issuance for various filings with the SEC and other services.

Financial Information Systems Design and Implementation Fees

There were no fees billed by KPMG for information technology services during the fiscal year ended September 28, 2002.

All Other Fees

The aggregate fees billed for all other services, exclusive of the fees disclosed above relating to audit and non-audit fees, rendered by KPMG during the fiscal year ended September 28, 2002, was \$1,589,000. These other services consisted primarily of tax compliance and tax consultation services.

The Audit Committee has concluded that the non-audit services provided by KPMG are compatible with maintaining the independence of KPMG.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE RATIFICATION OF KPMG LLP AS OUR INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING SEPTEMBER 27, 2003.

Report of the Audit Committee of the Board of Directors

The principal purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the company's financial reporting process. The Audit Committee's purpose is more fully described in its charter, which the Audit Committee has adopted and is included as Appendix A to this proxy statement. The Audit Committee reviews this charter on an annual basis. Under this charter, the Audit Committee consists of at least three directors, all of whom must qualify as independent directors under the rules of the Nasdaq Stock Market. The Audit Committee currently consists of directors Neil Bonke, John Bolger and Joseph Schell. As Mr. Schell is not a nominee for election as a director at the Annual Meeting, the Board of Directors has determined that it will appoint director Vonderschmitt to replace Mr. Schell on the Audit Committee immediately following the Annual Meeting, assuming Mr. Vonderschmitt is re-elected by the stockholders.

On April 18, 2002, the Audit Committee determined that it would replace Arthur Andersen LLP as our independent auditors and engaged KPMG LLP as our independent accountants for the fiscal year 2002. The Audit Committee recommends to the Board of Directors, subject to stockholder ratification, the selection of KPMG LLP (KPMG) as our independent auditors for fiscal year 2003.

Management is responsible for the internal controls and the financial reporting process. KPMG, our independent auditors, are responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those audited financial statements in accordance with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed the audited financial statements for fiscal 2002 and has met and held discussions with management regarding the audited financial statements. Management has represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee discussed with KPMG the overall scope and plans for their respective audits. The Audit Committee met with KPMG, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

The Audit Committee reviewed with KPMG their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61 Communication with Audit Committees. KPMG also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees. The Audit Committee has also discussed with KPMG the firm's independence. In addition, the Audit Committee has considered whether the nonaudit services provided by KPMG are compatible with maintaining KPMG's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 28, 2002 for filing with the Securities and Exchange Commission. The Audit Committee has also approved, subject to stockholder ratification, the selection of KPMG as our independent auditors for the fiscal year ending September 27, 2003.

Respectfully submitted,

The Audit Committee of the Sanmina-SCI
Corporation Board of Directors

COMPENSATION COMMITTEE REPORT

The following report is provided to stockholders by the members of the Compensation Committee of the Board of Directors.

Compensation Committee Report

Compensation Philosophy. The goals of our executive compensation program are to attract and retain executive officers who will strive for excellence, and to motivate those individuals to achieve superior performance by providing them with rewards for assisting Sanmina-SCI in meeting revenue and profitability targets.

Compensation for our executive officers consists of base salary and potential cash bonus, as well as potential long-term incentive compensation through stock options. The Compensation Committee considers the total current and potential long-term compensation of each executive officer in establishing each element of compensation.

Cash-Based Compensation. Each fiscal year, the Compensation Committee reviews with the chief executive officer and approves, with appropriate modifications, an annual base salary plan for our executive officers. This base salary plan is based on industry and peer group surveys and performance judgements as to the past and expected future contributions of the individual executive officers. The Compensation Committee reviews and fixes the base salary of the chief executive officer based on similar competitive compensation data and the Committee's assessment of his past performance and its expectation as to his future contributions in leading Sanmina-SCI. For fiscal 2002, no cash bonuses were paid to the chief executive officer, the chief

operating officer or the chief financial officer. It was agreed that incentive compensation for this year should be focused primarily upon stock option grants.

Stock Options. During each fiscal year, the Officer Stock Committee (and currently the Compensation Committee) considers the desirability of granting to executive officers awards under our 1999 Incentive Stock Plan, which allows for the grant of longer-term incentives in the form of stock options. In fixing the grants of stock options to executive officers (other than the chief executive officer) in the last fiscal year, the Committee reviewed with the chief executive officer the recommended individual award, taking into account the officer's scope of responsibility and specific assignments, strategic and operational goals applicable to the officer, anticipated performance requirements and contributions of the officer, and the number of options previously granted to the officer. All stock options granted to executive officers in the last fiscal year provide for vesting over a five-year period. During the fiscal year ended September 28, 2002, option awards exercisable for up to 1,100,000, 880,000 and 385,000 shares of our Common Stock were made to the chief executive officer, the chief operating officer and the chief financial officer, respectively.

STOCK PERFORMANCE GRAPH

The following graph shows a comparison of cumulative total stockholder returns for our Common Stock, the Standard & Poor's 500 Stock Index (S&P 500 Stock Index), and the Nasdaq Electronic Components Index (Standard Industrial Classification 367). In fiscal 2001, the graph showed a comparison of cumulative total stockholder returns for our Common Stock, the Nasdaq Stock Market (U.S.) Index, and an index based on companies in a peer group (Standard Industrial Classification 3670 Electronic Components). We are transitioning to the S&P 500 Stock Index from the Nasdaq Stock Market Index as we are now included in the S&P 500 Stock Index. We are transitioning to the Nasdaq Electronic Component Index from the peer group index, as we believe that the companies comprising the Nasdaq Electronic Component Index are more aligned with our Standard Industrial Classification than the companies in the previously used peer group. The graph assumes an investment of \$100 on September 30, 1997. The performance shown is not necessarily indicative of future performance.

CERTAIN TRANSACTIONS

Our Certificate of Incorporation, as amended, provides that the personal liability of its directors for monetary damages arising from a breach of their fiduciary duties in certain circumstances shall be eliminated to the fullest extent permitted by Delaware law. The Certificate of Incorporation, as amended, also authorizes us to indemnify its directors and officers to the fullest extent permitted by Delaware law. We have entered into indemnification agreements with our officers and directors providing such indemnification. The indemnification agreements may require us, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain directors' and officers' insurance.

During fiscal 2002, Mario M. Rosati, a nominee for election to our Board of Directors, and Christopher D. Mitchell, our secretary, were also members of the law firm of Wilson Sonsini Goodrich & Rosati, Professional Corporation, Palo Alto, California (WSGR). We retained WSGR as our legal counsel during the fiscal year. We plan to retain WSGR as our legal counsel again during fiscal 2003. We paid WSGR approximately \$3.5 million in legal fees during fiscal 2002. The amounts paid to WSGR were less than 5% of WSGR's total gross revenues for its last completed fiscal year.

Merger costs for the SCI acquisition included a payment of \$13.1 million to Merrill Lynch & Co. Joseph Schell, a current member of our Board of Directors, is the former chairman of Merrill Lynch & Co.'s Global Technology Investment Banking Group.

In April 2002, we entered into a promissory note agreement with Randy W. Furr, our President, Chief Operating Officer and nominee for election to our Board of Directors, for \$425,000 plus interest at 5.25% per annum. The purpose of the note was to provide funds to pay income taxes related to company stock options exercised by Mr. Furr. In October 2002, the Compensation Committee approved the payment of an extraordinary bonus to repay the \$425,000 principal amount of the note plus accrued interest of \$13,016. This bonus will be offset against future bonus awards. Mr. Furr has used the proceeds of this bonus to repay the loan. Consistent with the provisions of the Sarbanes-Oxley Act of 2002, Sanmina-SCI has adopted a policy prohibiting future loans to officers and directors.

As of December 6, 2001, Sanmina Corporation and SCI Systems, Inc. entered into an employment agreement with A. Eugene Sapp for a period of one year in connection with the merger of a wholly-owned subsidiary of Sanmina Corporation with and into SCI Systems, Inc. to form Sanmina-SCI. On December 5, 2002, Sanmina-SCI extended the term of Mr. Sapp's employment agreement until December 6, 2003. Mr. Sapp has served as a member of Sanmina-SCI's board of directors since December 2001. Mr. Sapp also served as the co-chairman of Sanmina-SCI's Board of Directors from December 6, 2001 until December 6, 2002.

CORPORATE GOVERNANCE GUIDELINES
OF
SANMINA-SCI CORPORATION

Overview The Role of the Board of Directors:

It is the paramount duty of the Board of Directors to oversee the CEO and other senior management in the competent and ethical operation of the corporation. To satisfy this duty the directors will take a proactive, focused approach to their position, and set standards to ensure that the corporation is committed to business success through maintenance of high standards of responsibility and ethics.

Directors bring to the corporation a wide range of experience, knowledge and judgment, and bring these skills to bear for the corporation. These varied skills mean that good governance depends on far more than a "check the box" approach to standards or procedures. The governance structure in the company is designed to be a working structure for principled actions, effective decision-making and appropriate monitoring of both compliance and performance.

Effective directors maintain an attitude of constructive skepticism and careful review. Our directors know that their job requires them to ask probing questions of management and to take the action necessary to get accurate and honest answers. Our directors also rely on the advice, reports and opinions of management, counsel and our expert advisers. In doing so the board constantly evaluates the qualifications of those it relies upon for information and advice, and also looks to the process used by managers and advisers in reaching their recommendations.

Finally, our board prides itself on keeping up to date on best governance practices. We, working together with management and our advisers, look to the knowledge and information of others in the governance debate for additional information on how to manage our affairs. We particularly note the recent efforts by various exchanges as well as the Securities and Exchange Commission and the Business Roundtable to promote better governance. We intend to continually monitor the way we govern ourselves, including reviewing whether there are alternatives or new ideas which would strengthen our governance structures.

Director Qualifications:

The board shall have a majority of directors who meet the criteria for independence established by NASDAQ. Directors will be nominated by the Nominating and Governance Committee of the board, in accordance with the charter and principles of that committee. The Nominating and Governance Committee is responsible for reviewing the board, on an annual basis, the appropriate skills and characteristics required of board members as well as the composition of the board as a whole. This assessment will include members' qualification as independent, as well as consideration of diversity, skills, age and experience in such areas as operations, technology, finance, marketing, manufacturing and the general needs of the board. The board, together with the Chairman of the Nominating and Governance Committee and the Chairman of the Board, should extend the actual invitation to join the board.

The board currently has 10 members. The board reviews from time to time the appropriateness of its size.

The board, through the Nominating and Governance Committee, will have the opportunity to review the appropriateness of the continued service of directors who change their position or responsibility that they held when they were elected to the board.

Each board member must ensure that other existing and anticipated future commitments do not materially interfere with the members' service as director. Directors should advise the Nominating and Governance Committee of any invitations to join the board of any other public company prior to accepting another directorship.

The board believes that term limits are on balance not the best way to maximize the effectiveness of the board. While term limits would likely introduce fresh perspectives and make new viewpoints available to the board, they may have the countervailing effect of causing the loss of the benefit gained from the contributions of directors who have developed, over time, increasing insight into the Company. As an alternative to term limits the Nominating and Governance Committee will review the appropriateness of each board member's continued service in connection with each annual meeting but in any event, no less frequently than every three years.

Director Responsibilities:

The fundamental role of the directors is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its shareholders. In fulfilling that responsibility the directors should be able to rely on the honesty and integrity of the Company's senior management and expert legal, accounting, financial and other advisors. The directors should have the benefit of directors' and officers' insurance, paid by the company, to indemnification to the fullest extent allowed under the Company's charter and Delaware law, and to exculpation as provided by Delaware law and the Company's charter.

Board members are expected to appropriately prepare for, attend and participate in all board and applicable committee meetings, and to spend the time needed and as often as necessary to properly discharge their obligations. Information and data that is important to the board's understanding of the business to be conducted at a board or committee meeting should generally be distributed in writing to the directors prior to the meeting (at least three calendar days in advance) so that board meeting time may be conserved and discussion time focused on questions that the board has about the materials. Particularly sensitive subject matters may be discussed at the meeting without advance distribution of written materials.

The Chairman of the Board will establish the agenda for each board meeting and the Secretary will distribute it in advance to the board. At the beginning of each year the Chairman will, to the extent foreseeable and practicable, set a schedule of agenda items to be discussed during the year. Each board member is free to suggest the inclusion of items on the agenda and to raise at any board meeting subjects that are not on the agenda for that meeting. The board will review the Company's long-term strategic plans and the big-picture challenges faced by the Company in executing on these plans during at least one board meeting per year.

The board's policy is to have a separate meeting time for the outside directors. Such meetings should occur on at least a quarterly basis.

The board believes that management speaks for the Company. Individual board members may occasionally meet or otherwise communicate with various constituencies that are involved with the Company, but it is expected that board members would do this with the knowledge of management and, in most instances, absent unusual circumstances or as contemplated by the committee charters, at the request of management.

Board Committees:

A Nominating and Governance Committee, Audit Committee and Compensation Committee of the board shall exist at all times. All of the members of these committees will meet the criteria for independence established by the Nasdaq Stock Market. The members of these committees will also meet the other membership criteria specified in the respective charters for these committees. Committee members will be appointed by the board upon recommendation by the Nominating and Governance Committee of the board, in accordance with the charter and principles of that committee. There will, from time to time, be occasions on which the board may want to rotate committee members, but the board does not believe that a formal policy of rotation is mandated.

Each committee shall have its own charter. The charter will set forth the principles, policies, objectives and responsibilities of the committees in addition to the qualifications for committee membership, committee organization and functioning and how the committee will communicate with the board. The charters will provide that each committee will meet to review its performance at least once a year. The charters will be approved by the full Board.

The Chairman of each committee will, in consultation with the appropriate committee members and members of management, and in accordance with the committee's charter, determine the frequency and length of committee meetings and develop the committee's agenda. At the beginning of the year each committee will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen). The schedule for each committee will be furnished to the full board.

The board and each committee shall have the authority to obtain advice, reports or opinions from internal and external counsel and expert advisors and shall have the power to hire (at the Company's expense) independent legal, financial and other advisors as they may deem necessary, without consulting with, or obtaining approval from, any officer of the Company in advance.

The board may, from time to time, form new committees, as it deems appropriate.

The Company will also have a Code of Business Conduct and Ethics, which will be reviewed by the Board on an annual basis.

Director Access to Officers and Employees:

The board has complete access to all Company officers and employees. Any meetings or contacts that a director desires to initiate may be arranged directly by the director or through the CEO or other Company officer. The directors should use their judgment to ensure that any such contact or communication is not disruptive to the business operations of the Company, and copy the CEO with any written communications, to the extent not inappropriate.

The board welcomes the attendance of senior officers at each board meeting. The board also encourages management to schedule managers to present at board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, or (b) have future potential that management believes should be given exposure to the board.

Director Compensation:

The form and amount of director compensation will be determined by the Compensation Committee in accordance with the policies, principles and criteria set forth in its charter. The Compensation Committee will conduct an annual review of director compensation.

CEO Evaluation:

The Compensation Committee will conduct an annual review of the CEO's performance, in accordance with the charter and principles of that committee. The Board will review the committee's report.

Board Evaluation:

The Nominating and Governance Committee will oversee the annual board evaluation process in accordance with the charter and principles of that committee. As part of this process directors will conduct a self-evaluation to review the progress and effectiveness of the board and its committees, and will submit its comments to the Nominating and Governance Committee. The Nominating and Governance Committee will then report back to the board, and the full board will consider and discuss the committee's report.

Director Orientation and Continuing Education:

The Company will have an orientation program for new directors, and new directors must participate in the program as soon as reasonably practicable after the annual meeting at which such directors are elected. The orientation program will include presentations that review the Company's business strategies, its financial and accounting systems and risk management controls, its code of business conduct and methods and compliance programs, and its internal and independent auditor. The Orientation should include an introduction to the Company's senior management, a visit to its corporate headquarters and to representative manufacturing facilities.

Incumbent directors are also invited to attend the orientation program.

The Company will implement an appropriate continuing education program in compliance with NASDAQ requirements, as such requirements are promulgated.
