Board Meetings and Committees

The Board of Directors held four (4) meetings during the year ended December 31, 2001 and conducted business by written consent. The Board of Directors has an Executive Committee, an Audit Committee and a Compensation Committee. It does not have a Nominating Committee.

Our Executive Committee was formed in November 1998. Mr. Loshitzer is presently the only member of this committee. This committee has all authority, consistent with the Delaware Corporation Law, as may be granted to it by the Board of Directors. Presently, this committee's sole function is to coordinate management presentations to the Board of Directors. The Executive Committee held no formal meetings during 2001.

Our Audit Committee currently consists of Messrs. Ross and Mayer, with one vacancy, intended to be filled after the Annual Meeting of Shareholders. The Audit Committee held one meeting during 2001. The Audit Committee recommends engagement of our independent auditors and is primarily responsible for approving the services performed by our independent auditors and reviewing and evaluating our accounting policies and our system of internal accounting controls. The Board of Directors adopted a written charter for the Audit Committee on June 12, 2000, which was last amended and restated on March 15, 2001.

Our Compensation Committee currently consists of Messrs. Loshitzer and Ressler, with one vacancy, intended to be filled after the Annual Meeting of Shareholders. The Compensation Committee held one meeting during 2001. The Compensation Committee reviews and approves the Company's executive compensation policies.

During 2001, each incumbent director attended at least 75% of the aggregate of the meetings of the Board of Directors held during his tenure and the meetings of committees of which such member was a member held during his tenure.

Director Compensation

We pay fees of \$3,000 per calendar-year quarter to each of our non-employee directors, and \$1,000 for each Board or Committee meeting which is attended in person or telephonically. Additionally, we reimburse directors for their reasonable travel expenses to attend meetings.

Our Company's Non-Employee Directors Stock Option Plan (the "Directors' Plan") provides for the grant of nonstatutory stock options to non-employee directors. Each non-employee director is automatically granted a nonstatutory option to purchase 6,250 shares of Common Stock on the date of each annual meeting of stockholders at which each such non-employee director is reelected, provided that on such date, he or she has served on the Board of Directors for at least six months. Options granted pursuant to the Directors' Plan vest as to 20% of the initial grant six months following the date of grant and as to 20% on each successive annual stockholders' meeting at which the director is re-elected to the Board. Subsequent grants vest, if at all, on the director's reelection to the Board four years hence. The Directors' Plan provides that upon a change of control all options granted pursuant to the plan shall become immediately exercisable in full. The Directors' Plan provides that the exercise price of the options granted thereunder shall be equal to the fair market value of the Common Stock on the date of grant of the option. Options granted pursuant to the Directors' Plan have a term of ten years and options granted pursuant to the Directors' Plan may be exercised only while the optionee is a director of the Company or within one year after termination of service as a director.

No options were exercised pursuant to the Directors' Plan in 2001.

Our Company's Restricted Stock Plan provides for issuance to each director of 50,000 shares of Common Stock on the date of his or her appointment to the Board or his or her becoming eligible to participate in the Restricted Stock Plan. In 2001, the Board and shareholders confirmed grants of 50,000 shares of restricted

Table of Contents

Common Stock to the current directors which will vest (i.e., become unrestricted) as to 25% of the grant on each anniversary of May 21, 2001 (the date of the stockholders' meeting at which the grants were confirmed). The shares that were granted in 2001 have not yet been issued. The Restricted Stock Plan provides that upon a change of control all shares granted pursuant to the plan shall become immediately exercisable in full.

In addition, on August 11, 1999, as consideration for his agreeing to act as a member of the Company's Executive Committee, the 6,250 options previously granted under the Directors' Plan to Mr. Loshitzer on May 29, 1998 were re-priced, so that the exercise price is now \$2.50 per share. In connection with the re-pricing, the vesting schedule for these options was changed so that these options now vest on the date of our 2003 annual meeting.

Consulting Contract with Director Zohar Loshitzer

Certain services of Zohar Loshitzer, one of the Company's directors, have been provided to the Company pursuant to a consulting agreement dated July 15, 2000 and amended August 1, 2001. Pursuant to that agreement, Mr. Loshitzer was paid \$16,667.00 per month for the period August, 2000 up through and including March 31, 2001 and \$106,887.36 for the period April 1, 2001 through December 31, 2001, for consulting on technology decisions and general consulting for MAI's CIMPRO division. The term of this agreement was month-to-month. As of December 31, 2001 Mr. Loshitzer completed his consulting services on behalf of the Company.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee currently consists of Messrs. Loshitzer and Ressler. One of our former officers, Richard S. Ressler, but no current officer, serves on the Compensation Committee. Mr. Ressler provides, and Mr. Loshitzer has provided, consulting services to the Company pursuant to consulting agreements that are disclosed below.

Mr. Ressler's services as Chairman (and formerly as Chief Executive Officer) have been provided pursuant to a consulting agreement dated August 15, 1994 (amended as of August 16, 1997, August 31, 1997, August 31, 1998, August 31, 1999, August 31, 2000 and August 31, 2001) with Orchard Capital Corporation, Mr. Ressler's employer. Pursuant to that agreement, Orchard was paid \$20,000 per month up through and including August 15, 1996, and is currently paid \$24,000 per month, for Mr. Ressler's services.

Prior to most recently amending the consulting agreement with Orchard, in October 2001 the Board authorized William M. Mercer Company, an executive compensation firm, to study the issue of compensation for Mr. Ressler's services. In a report dated November 12, 2001, this firm concluded and reported to the Board that the current level of compensation of \$24,000 per month is appropriate. Subsequent to receipt of that report, the consulting agreement with Orchard was amended retroactively to August 31, 2001 to extend for an additional one-year period through August 31, 2002.

In August 1994, Orchard was granted warrants to purchase up to 625,000 shares of the Company's Common Stock at \$1.90 per share (which Orchard immediately transferred to Mr. Ressler). Mr. Ressler exercised 157,895 of these warrants in September 1997. The remainder of the \$1.90 warrants will expire on August 14, 2003 (these warrants were originally scheduled to expire on August 14, 1999, but the Committee has approved two extensions). In March 1997, Orchard was issued warrants to purchase up to 50,000 shares of Common Stock at \$7.50 per share (which it immediately transferred to Mr. Ressler). In order for the Company to raise equity capital, the exercise price of these warrants was adjusted to \$3.04 on September 12, 1997 and the warrants were subsequently exercised. In August, 1999, Orchard was granted options under the Company's 1993 Employee Stock Option Plan to purchase 225,000 shares of Common Stock at \$2.50 per share. One-third of these options become exercisable on each of the first three anniversaries of the grant, and the options expire in August, 2009.

Commencing in 1999, Mr. Ressler became eligible to receive stock options under the Company's Non-Employee Director's Option Plan. He currently holds options to acquire 43,750 shares of Common Stock under

Table of Contents

the Plan. Additionally, Mr. Ressler participates in the Company's 2001 Restrictive Stock Plan and has received a grant of 50,000 shares of restricted Common Stock, of which 12,500 shares will vest on May 21, 2002.

The compensation paid to Orchard pursuant to the consulting agreement and the amendments thereto was determined by the Compensation Committee and the Board of Directors based upon the aforementioned consulting study, and various subjective factors such as Mr. Ressler's responsibilities, qualifications, years of experience, individual performance, and perceived contributions to the Company.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

General

The policy of the Company regarding the compensation of its executive officers is to maintain a total compensation program which would retain the services of key executives and (a) assure the availability of their skills for the benefit of the Company, (b) secure to the Company freedom from competition by such persons within reasonable and lawful limits, and (c) provide appropriate base compensation, benefits, and financial incentives through bonus, severance and other employment-related programs. The Compensation Committee of the Board of Directors recommends, subject to the Board's approval, executive compensation, including the compensation of the Chairman and the Chief Executive Officer. The Compensation Committee or the Board of Directors determines and approves stock option grants for all employees, including the Chief Executive Officer. The Committee currently comprises two independent, non-employee directors, and one director, whose services are provided pursuant to a consulting agreement with his employer.

Compensation Philosophy

The Company operates in the highly competitive and rapidly changing high technology industry. The goals of the Company's compensation program are to align compensation with the Company's overall business objectives and performance, to foster teamwork, and to enable the Company to attract, retain and reward employees who contribute to its long-term success. The Committee also seeks to establish compensation policies that allow the Company flexibility to respond to changes in its business environment.

Compensation Components

Compensation for the Company's executive officers generally consists of salary, annual incentive, and stock option and restricted stock awards. The Committee assesses past performance and anticipated future contribution of each executive officer in establishing the total amount and mix of each element of compensation.

Salary. The salaries of the executive officers are determined annually by the Compensation Committee based upon various subjective factors such as the executive's responsibilities, position, qualifications, years of experience, and individual performance. In no such case does the Committee undertake a formal survey of analysis of compensation paid by other companies. The salary of James W. Dolan was increased in 2001 due to the assumption of a new title and additional responsibilities.

Annual Incentive. The Committee annually reviews and approves an executive compensation plan. A target, expressed as a percentage of salary, is established for each corporate officer, based on the scope of his or her responsibility. Actual payment is computed as a percentage of that target based on the Company's performance in achieving specified objectives, and the individual performance of executives. For fiscal 2001, a range of between 24% to 70% of the respective executive officer's salary could be earned as a bonus for achieving from 85% to over 120% of the EBITDA (Earnings Before Income Taxes, Depreciation and Amortization) objective. The executive officers substantially achieved these goals. A total of \$280,000 (the maximum possible payment) in incentive compensation will be paid with respect to corporate officers pursuant to the plan based on 2001 performance.

Stock Options, Warrants and Restricted Stock. Stock option, warrants and restricted stock awards are designed to align the interests of executives with the long-term interests of the stockholders. The Committee approves option, warrant and restricted stock grants subject to vesting periods (usually over a three or four-year period) to retain executives and encourage sustained contributions. The exercise price of options and warrants, or the issue price in relation to restricted stock, is the market price on the date of grant.

The Company is subject to Section 162(m) of the Internal Revenue Code, adopted in 1993, which limits the deductibility of certain compensation payments to its officers. The Company does not have a policy requiring

Table of Contents

the Committee to qualify all compensation for deductibility under this provision. The Company does not currently have any non-deductible compensation plans. The Company believes that any compensation expense incurred in connection with the exercise of stock options granted under its 1993 Employee Stock Option Plan will continue to be deductible as performance-based compensation.

In awarding stock options to its corporate level executive officers, the Committee considers the executive's performance as well as options previously granted when determining additional option awards. The Committee does not currently have a targeted percentage of equity ownership for executives.

Summary. The salary and bonus amounts in 1999 paid to Mr. Kretzmer related to five months of services (August 2, 1999 through December 31, 1999). The salary and bonus amounts paid to Mr. Kretzmer in 2000 and 2001 related to services for the entire fiscal years 2000 and 2001. Options were awarded to Mr. Kretzmer in 1999 as a condition to his employment offer being accepted. Additional options were granted in 2000 at the discretion of the Compensation Committee of the Board of Directors as an incentive for Mr. Kretzmer to continue his employment with the Company. Additionally, Mr. Kretzmer participated in the Company's 2001 Restrictive Stock Plan and has received a grant of 250,000 shares of restricted Common Stock, of which 62,500 shares will vest on May 21, 2002. The Company's unaudited net income for fiscal 2001 was approximately \$2.1 million, as compared to net income of \$817,000 for fiscal 2000.

Compensation of Chairman

Mr. Ressler's services as Chairman (and formerly as Chief Executive Officer) have been provided pursuant to a consulting agreement dated August 15, 1994 (amended as of August 16, 1997, August 31, 1997, August 31, 1998, August 31, 1999, August 31, 2000 and August 31, 2001) with Orchard Capital Corporation, Mr. Ressler's employer. Pursuant to that agreement, Orchard was paid \$20,000 per month up through and including August 15, 1996, and is currently paid \$24,000 per month, for Mr. Ressler's services.

Prior to most recently amending the consulting agreement with Orchard, in October 2001 the Board authorized William M. Mercer Company, an executive compensation firm, to study the issue of compensation for Mr. Ressler's services. In a report dated November 12, 2001, this firm concluded and reported to the Board that the current level of compensation of \$24,000 per month is appropriate. Subsequent to receipt of that report, the consulting agreement with Orchard was amended retroactively to August 31, 2001 to extend for an additional one-year period through August 31, 2002.

In August 1994, Orchard was granted warrants to purchase up to 625,000 shares of the Company's Common Stock at \$1.90 per share (which Orchard immediately transferred to Mr. Ressler). Mr. Ressler exercised 157,895 of these warrants in September 1997. The remainder of the \$1.90 warrants will expire on August 14, 2003 (these warrants were originally scheduled to expire on August 14, 1999, but the Committee approved two extensions). In March 1997, Orchard was issued warrants to purchase up to 50,000 shares of Common Stock at \$7.50 per share (which it immediately transferred to Mr. Ressler). In order for the Company to raise equity capital, the exercise price of these warrants was adjusted to \$3.04 on September 12, 1997 and the warrants were subsequently exercised. In August, 1999, Orchard was granted options under the Company's 1993 Employee Stock Option Plan to purchase 225,000 shares of Common Stock at \$2.50 per share. One-third of these options become exercisable on each of the first three anniversaries of the grant, and the options expire in August, 2009.

Commencing in 1999, Mr. Ressler became eligible to receive stock options under the Company's Non-Employee Director's Option Plan. He currently holds options to acquire 43,750 shares of Common Stock under the Plan. Additionally, Mr. Ressler participates in the Company's 2001 Restrictive Stock Plan and has received a grant of 50,000 shares of restricted Common Stock, of which 12,500 shares will vest on May 21, 2002.

Table of Contents

The compensation paid to Orchard pursuant to the consulting agreement and the amendments thereto was determined by the Compensation Committee and the Board of Directors based upon the aforementioned consulting study, and various subjective factors such as Mr. Ressler's responsibilities, qualifications, years of experience, individual performance, and perceived contributions to the Company.

Other than as outlined above, and as reimbursement for reasonable expenses incurred in connection with the services it renders to the Company, neither Orchard nor Mr. Ressler receive any other compensation from the Company.

Respectfully submitted,

Zohar Loshitzer, Chairman

Richard S. Ressler

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all current members of the Committee are independent, as required by the listing standards of the American Stock Exchange.

The Committee operates pursuant to a Charter that was adopted by the Board on June 12, 2000 and last amended and restated on March 15, 2001. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with management and the independent auditors. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 to be filed with the Securities and Exchange Commission.
