Item 2.02. Results of Operations and Financial Condition.

On May 12, 2005, Kohl's Corporation issued a press release reporting its earnings for the fiscal quarter ended April 30, 2005 and updating guidance concerning targeted comparable store sales growth, earnings growth and earnings per diluted share for fiscal 2005.

Separately, the Company stated that it decided to early adopt, in the first quarter of 2005, Statement of Financial Accounting Standards (SFAS) No. 123R, which modifies SFAS No. 123, Accounting for Stock-Based Compensation. This revised accounting standard requires that all stock-based compensation, including grants of employee stock options, be accounted for using a fair-value-based method. The Company has elected to use the modified retrospective method which requires restatement of prior year's results. The prior period financial statements will be restated under the provisions of SFAS 123R to recognize compensation cost in the amounts previously reported in the pro-forma footnote disclosures. The restatements for each of the fiscal 2004 quarters will be included in the Company's 2005 quarterly filings on Form 10-Q and the restated income statements were also attached to the press release.

A copy of the press release is attached as Exhibit 99.1.

Item 7.01. Regulation FD Disclosure.

See Item 2.02.

Item 9.01. Financial Statements and Exhibits.
