Report of Independent Accountants

To the Participants and the Members of the Oversight Committee of the
Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan

In our opinion the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in

Edgar Filing: CHESAPEAKE ENERGY CORP - Form 11-K

the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets (Held at End of Year) and Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. These supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CHESAPEAKE ENERGY CORPORATION
SAVINGS AND INCENTIVE STOCK BONUS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following is a brief summary of the various provisions of the Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the "Plan"). Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan, and, as of December 31, 2001, covered all employees of Chesapeake Energy Corporation and its subsidiaries (the "Company") who have completed three consecutive months of employment and are age twenty-one or older. Effective January 1, 2002 the Plan was amended to exclude from the plan employees of NOMAC Drilling Corporation, a subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS - Each year, participants may contribute up to 15 percent of pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. During 2001 and 2000, the Company contributed 100 percent of the first 10 percent of base compensation that a participant contributed to the Plan. Effective January 1, 2002 the Plan was amended to increase the maximum of employer matching contributions to 100 percent of the first 15 percent of participant contributions. Profit sharing contributions may be made at the discretion of the Company's board of directors. No discretionary profit sharing contributions were made in 2001 and 2000. Contributions are subject to certain limitations.

The Company's matching contribution is used to purchase shares of Chesapeake Energy Corporation Common Stock (the "Common Stock") on the open market. Participants may also elect to direct all or a portion of their contributions into the Common Stock.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a

Edgar Filing: CHESAPEAKE ENERGY CORP - Form 11-K

participant is entitled is the benefit that can be provided from the participant's vested account balance.

VESTING - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of credited service or participant's age. A participant will be 100 percent vested after seven years of credited service. Additionally, a participant will become fully vested upon attaining age 55, early retirement age under the plan, and completing 5 years of service.

PARTICIPANT NOTES RECEIVABLE - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the Prime Interest Rate. Principal and interest is paid ratably through semi-

monthly payroll deductions. Interest rates on loans outstanding at December 31, 2001 ranged from 5.00% to 9.75%.

PAYMENT OF BENEFITS - Upon termination of service due to death, retirement or separation from service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or have the value rolled over to another qualified plan or IRA. Those participants who were Plan participants as of December 31, 1999 may elect to receive benefits in the form of annuity payments.

AMOUNTS FORFEITED - Forfeited nonvested amounts are first used to pay administrative expenses of the Plan or to restore such amounts to re-employed participants. Any remaining forfeitures are used to reduce Company contributions into the Plan. Forfeited nonvested accounts totaled \$151,097 and \$104,548 at December 31, 2001 and 2000, respectively. During 2001 forfeited nonvested accounts of \$124,957 were used to reduce employer matching contributions and \$28,540 to pay administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Edgar Filing: CHESAPEAKE ENERGY CORP - Form 11-K

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant loans receivable are valued at outstanding principal balance, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

RISKS AND UNCERTAINTIES - Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment
