Item 3.01. Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing

On April 17, 2013, GeoGlobal Resources Inc. (the Company) (NYSE MKT: GGR) received notice from the NYSE MKT LLC (the Exchange) that it intends to strike the common stock of the Company from Exchange by filing a delisting application with the Securities and Exchange Commission (the SEC) pursuant to Section 1009(d) of the NYSE MKT Company Guide.

As previously released the Company received a letter from the Exchange on November 30, 2012, indicating that the Company is not in compliance with two of the continued listing standards as set forth in Section 1003(a)(iv) and Section 1003(f)(v) of the NYSE MKT's Company Guide. The Company submitted a Plan of compliance (the Plan) to the Exchange on December 31, 2012. On February 15, 2013, the Exchange notified the Company that it accepted the Company's Plan of compliance and granted the Company an extension until May 31, 2013 (the Plan Period) to regain compliance with the continued listing standards. However, the Company will be subject to periodic review by Exchange Staff during the plan period. Failure to make progress consistent with the plan or to regain compliance with the continued listing standards by the end of the extension period could result in the Company being delisted from the NYSE MKT LLC.

Specifically the Company remains not in compliance with Section 1003(a)(iv) of the Company Guide in that it has sustained losses which are so substantial in relation to its overall operations or its existing financial resources, or its financial condition has become so impaired that it appears questionable, in the opinion of the Exchange, as to whether such company will be able to continue operations and/or meet its obligations as they mature.

As of April 16, 2013, the common stock of the Company closed at \$0.03 per share. Therefore, pursuant to Section 1003(f)(v) of the Company Guide, the Company's continued listing is predicated either on an increase in the price per share of GeoGlobal common stock or on it effecting a reverse stock split of its common stock within a reasonable period of time and no later than June 28, 2013.

The Company did not file its 10-K on time as required by Sections 134 and 1101 of the Company Guide. The Company's failure to timely file this report is a material violation of its listing agreement with the Exchange and therefore, pursuant to Section 1003(d) of the Company Guide, the Exchange is authorized to suspend and, unless prompt corrective action is taken, remove the Company's securities from the Exchange.

In accordance with Sections 1203 and 1009(d) of the Company Guide, the Company has a limited right to appeal by requesting a hearing. The Company has until April 24, 2013 in which to request in writing a hearing and to pay the appropriate hearing fee.

The Company is continuing to work on the financing initiatives that are part of the Plan submitted to the Exchange and is evaluating its options for appeal.

On April 22, 2013, the Company issued a press release announcing receipt of the notice from the Exchange. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

GEOGLOBAL ANNOUNCES NYSE MKT'S NOTICE OF INTENT TO FILE DELISTING APPLICATION

Calgary, Alberta, Canada, April 22, 2013 GeoGlobal Resources Inc. (the Company) (NYSE MKT: GGR) received notice from the NYSE MKT LLC (the Exchange) on April 17, 2013, the Exchange notified the Company that it intends to strike the common stock of the Company from Exchange by filing a delisting application with the Securities and Exchange Commission (the SEC) pursuant to Section 1009(d) of the NYSE MKT Company Guide (Company Guide).

As previously released the Company received a letter from the Exchange on November 30, 2012, indicating that the Company was not in compliance with two of the continued listing standards as set forth in Section 1003(a)(iv) and Section 1003(f)(v) of the Company Guide.

The Company was afforded the opportunity to submit a Plan of compliance (the Plan) to the Exchange and on December 31, 2012 presented its Plan to the Exchange.

On February 15, 2013, the Exchange notified the Company that it accepted the Company's Plan of compliance and granted the Company an extension until May 31, 2013 (the Plan Period) to regain compliance with the continued listing standards. However, the Company will be subject to periodic review by Exchange Staff during the Plan Period. Failure to make progress consistent with the plan or to regain compliance with the continued listing standards by the end of the Plan Period could result in the Company being delisted from the NYSE MKT LLC.

The April 17, 2013 notice to file the delisting application is based on careful review by the Exchange of publicly available information and information provided by the Company. The Exchange has determined that the Company has not made progress consistent with the Plan and failed to present a reasonable basis to conclude that the Company can regain compliance with the Exchange's continued listing standards by the end of the Plan Period.

In accordance with Sections 1203 and 1009(d) of the Company Guide, the Company has a limited right to appeal the Exchange's determination, until April 24, 2013, by requesting an oral hearing or a hearing based on a written submission before a Listing Qualifications Panel (a Panel) and the Panel may only authorize the continued listing of the Company's securities as permitted by Section 1009 and 1204(c) of the Company Guide. If the Company elects not to appeal the Exchange's determination by April 24, 2013, it will become final and Exchange will then suspend trading in the Company's securities and file an application with the SEC to strike Company's common stock from listing and registration on the Exchange in accordance with Section 12 of the Securities Exchange Act of 1934 and rules promulgated thereunder.

As previously announced, the Company has not filed with the US and Canadian Regulatory authorities its audited consolidated financial statements for the year ended December 31, 2012, that was due to be filed on April 16, 2013. The timely filing of such report is a condition for the Company's continued listing on the Exchange, as required by Sections 134 and 1101 of the Company Guide

The Company is currently reviewing its right to appeal and the current options available with respect to maintaining the listing. Management continues to work on the transactions contained in the Plan as approved by the Exchange so that an appeal may be launched and compliance regained as per the Exchanges requirements.
