ON MAY 18, 2001

The accompanying proxy is solicited on behalf of the Board of Directors of CyberOptics Corporation (the "Company") for use at the Annual Meeting of Shareholders to be held May 18, 2001, at 12:00 p.m. at the Marquette Hotel, 710 Marquette Avenue, Minneapolis, Minnesota 55402, and at any adjournments thereof. The cost of solicitation, including the cost of preparing and mailing the Notice of Annual Meeting of Shareholders and this Proxy Statement, will be paid by the Company. Representatives of the Company may, without cost to the Company, solicit proxies for the management of the Company by means of mail, telephone or personal calls.

Shares of the Company's common stock, no par value (the "Common Stock"), represented by proxies in the form solicited will be voted in the manner directed by a shareholder. If no direction is made, the proxy will be voted for the election of the nominees for director named in this Proxy Statement and in the discretion of the proxies with respect to any other matters properly brought before the meeting. Shares voted as a "withhold vote for" one or more directors will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of the election of the directors with respect to which the shareholder has abstained. If a broker submits a proxy that indicates the broker does not have discretionary authority to vote certain shares, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote with respect to the matters voted on at the meeting.

Proxies may be revoked at any time before being exercised by delivery to the Secretary of the Company of a written notice of termination of the proxies' authority or a duly executed proxy bearing a later date.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT OF THE BOARD OF DIRECTORS

The Company's executive compensation policies are recommended and administered by the Compensation Committee of the Board of Directors. The Compensation Committee is currently composed of two independent, outside directors.

The principal objective of the Company's compensation policy is to increase shareholder value by providing an incentive to officers and employees to maximize the Company's performance. The Committee annually reviews compensation surveys for officer positions in the electronics industry to provide a basis for comparison of the compensation levels of the Company's management. Although the Committee has discretion to set executive compensation at levels warranted by external, internal and individual circumstances, it has traditionally set the salaries of executive officers at or slightly below industry averages and provided for significant variable compensation through stock options and cash bonuses. The form of compensation provided to members of management varies based on their position and their ability to influence performance.

The Company's executive officer compensation program can be separated into several elements: base salary, annual cash incentive compensation, long-term incentive compensation in the form of stock options, and various benefits, including medical and retirement savings plans generally available to employees.

BASE SALARY

The Company's policy is to set the base salaries of its executives at or slightly below industry average. Mr. Quist's base salary during 2000 was set by the Committee at the beginning of the fiscal year at \$215,000, which the Committee believes continues to place his salary slightly below the median of salaries for chief executive officers in the electronics industry at similarly sized companies. Such salary represented a \$5,000 increase over Mr. Quist's base salary for 1999.

CASH INCENTIVE COMPENSATION

The Compensation Committee establishes an executive bonus plan annually. The bonus plan assigns to each executive, based upon the Committee's determination of the size of bonus appropriate for the position held by the executive, a target dollar amount bonus objective and the proportions of the bonus objective that may be received by achievement of company financial goals, asset management goals, and individual performance goals. The Committee creates a matrix of multipliers for the portion of the bonus based on Company financial performance as a function of increase in net income before interest and income taxes ("NIBIT") and revenue. For any given increase in NIBIT and revenue, the matrix will dictate a multiplier (which is equal to 1 at 25% growth in revenue and 16% operating profit) that is applied to the Company financial performance

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

portion of base dollar amount bonus objective to determine the bonus awarded. For executives, the Committee, with input from the executive, also assigns specific individual performance goals and asset management goals that will result in payment of a bonus if achieved.

Eighty percent of Mr. Quist's bonus was based on achievement of the financial performance objectives and twenty percent upon individual performance and asset management objectives, with a targeted bonus of \$85,000. The Company far exceeded its budgeted performance for the 2000 fiscal year, resulting in a financial performance multiplier for all employees of 2 times their targeted bonus. Mr. Quist received a bonus of \$143,225, representing \$136,000 due in accordance with the financial performance matrix and \$7,225 for achievement of individual performance and asset management objectives.

STOCK INCENTIVE COMPENSATION

The Company provides long-term incentive to its executive officers primarily through its Restated Stock Option Plan and its 1998 Stock Incentive Plan (collectively, the "Option Plans"). Under the Option Plans, the Compensation Committee may make discretionary awards of stock options to executive officers based on the number of options and shares currently held by the executive and also on performance factors similar to those used to determine salaries and annual cash incentives. The Compensation Committee has not fixed, or predetermined, the

4

amount of shares to be available for option grants in any year. The Committee has, however, reviewed industry statistics regarding the appropriate size of the Option Plan in terms of outstanding shares and the appropriate size of grants to executive officers and to employees as a whole. The Company's options generally vest over a period of four years and expire five to seven years after the date of grant. All options are granted with an exercise price equal to fair market value on the date of grant.

Because of the magnitude of grants he received in 1998 and 1999, Mr. Quist did not receive options in 2000. Options granted during 2000 to other executives were principally to replace options that had been exercised or expired, with reference to industry statistics on the appropriate size of outstanding stock-based incentives.

BENEFITS

The Company provides medical and retirement savings benefits to executive officers on terms generally available to employees. No executive officer received perquisites in excess of 10% of salary during 2000.

SUMMARY

The Compensation Committee believes that the compensation program for executive officers during the 2000 year achieved the principal objectives for which it was designed.

Erwin A. Kelen
Michael M. Selzer, Jr.

CERTAIN TRANSACTIONS

AVANTI OPTICS CORPORATION. On August 7, 2000, the Company entered into an organization agreement with Avanti Optics Corporation ("Avanti"), a newly formed entity for which Steven K. Case, the Chairman of the Company, serves as Chairman and Chief Executive Officer and for which Erwin A. Kelen, a director of the Company, serves as a director. Avanti was formed to pursue the development of products for the photonics markets: markets the board of directors of the Company determined not to currently pursue. Steven K. Case and his family members acquired 13,500,000 shares, or approximately 65% of the outstanding shares, of Avanti for \$1,350,000 cash. Since July 2000, Dr. Case has devoted approximately half his work time to the affairs of Avanti and half to the Company, and his compensation from the Company has been reduced to half his compensation prior to the formation of Avanti.

In accordance with the Organization Agreement, the Company contributed \$190,000 of cash, the right to hire certain Company employees, title to equipment the Company had used in photonics research, a potential business agreement with a telecommunications company for a photonics inspection system, and a license to use certain intellectual property the Company had developed for the electronics markets for use by Avanti in the development marketing and sale of products for the photonics markets. In return for these contributions (valued at a total of \$380,000), the Company received 3,800,000 shares of the common stock of Avanti (19% of the outstanding shares) and certain rights to apply technology developed by Avanti to electronics products. The Company also agreed to partially fund development of a photonics inspection system that Avanti was pursuing in return for rights to the technology that was developed. The Company provided Avanti with a total of \$224,516 of funding under this arrangement in 2000, but terminated funding when the development effort was terminated. The Organization Agreement also provides the Company with a right of first refusal to purchase its pro rata portion of any future private sale of Avanti securities and registration rights relating to the Avanti common stock that the Company holds. The Company exercised its right of first refusal with respect to the sale

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

of an additional 200,000 shares by Avanti in September 2000, purchasing an additional 33,250 shares. Pursuant to a related Stockholders' Agreement, the Company has rights of first refusal and cosale rights with respect to shares of Avanti held by Dr. Case, Mr. Kelen, and another Avanti shareholder.

The Company also entered into a facilities agreement under which Avanti occupied office space at the Company's facilities in Minneapolis, Minnesota until February 2001. Avanti paid the Company a total of \$17,500 for use of these facilities during 2000.

The Company believes that the agreements with Avanti are in the best interest of the Company and its shareholders and are on terms at least as favorable as could have been obtained from unaffiliated parties.

LOAN. In 1999, the Company advanced a total of \$150,000 to Michael D. Wetle, an officer of the Company, in connection with his relocation from Minneapolis to San Francisco. So long as Mr. Wetle remains an employee, \$30,000 of the loan is forgiven in each calendar year as compensation to Mr. Wetle.

SHAREHOLDER RETURN

In each case, the cumulative return is calculated assuming an investment of \$100 on January 1, 1996, and reinvestment of all dividends.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under federal securities laws, the Company's directors and officers, and any beneficial owner of more than 10% of a class of equity securities of the Company, are required to report their ownership of the Company's equity securities and any changes in such ownership to the Securities and Exchange Commission (the "Commission") and the securities exchange on which the equity securities are registered. Specific due dates for these reports have been established by the Commission, and the Company is required to disclose in this Proxy Statement any delinquent filing of such reports and any failure to file such reports during the fiscal year ended December 31, 2000.

During 1999, Ms. Iverson reported late a purchase of 5 shares by a minor son. Based upon information provided by officers and directors of the Company, all other officers, directors and 10% shareholders otherwise filed all reports on a timely basis in the 2000 fiscal year.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Company's Board of Directors is composed of the following nonemployee directors: Kathleen P. Iverson, Irene M. Qualters and Alex B. Cimochoowski. All of the members of the Audit Committee are independent for purposes of the Nasdaq listing requirements. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached to this Proxy Statement as Exhibit A. The Audit Committee recommends to the Board of Directors the appointment of the Company's independent accountants.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report on the Company's financial statements. The Audit

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

The Company's independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants the accounting firm's independence. The Committee also considered whether non-audit services provided by the independent accountants during the last fiscal year were compatible with maintaining the independent accountants' independence.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual report on Form 10-K for the fiscal year ended December 31, 2000 filed with the Securities and Exchange Commission.
