PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 21, 2013

The accompanying proxy is solicited by the Board of Directors of National Presto Industries, Inc. (the Company), for use at the Annual Meeting of Stockholders to be held at 3925 North Hastings Way, Eau Claire, Wisconsin 54703 on May 21, 2013, at 2:00 p.m. (CDT) (the Annual Meeting), and any adjournment thereof. When such proxy is properly executed and returned, the shares it represents will be voted at the meeting and at any adjournment thereof. Any stockholder giving a proxy has the power to revoke it at any time before it is voted. Presence at the meeting of a stockholder who has signed a proxy does not alone revoke that proxy. The proxy may be revoked by returning a later dated proxy, giving written notice of revocation to the Secretary of the Company, or attending the Annual Meeting and voting in person.

At the Annual Meeting stockholders will be asked:

- (1) to elect Richard N. Cardozo and Patrick J. Quinn as directors, each for a three-year term ending at the annual meeting to be held in 2016;
- (2) to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013; and
- (3) to transact such other business as may properly come before the meeting.

Only stockholders of record as of the close of business on March 21, 2013 will be entitled to vote at the Annual Meeting. Only those stockholders, persons holding proxies from such stockholders, beneficial owners of shares who demonstrate that they are in fact beneficial owners, representatives of the media and other guests who are invited by the management of the Company may attend the Annual Meeting. If you hold your shares through a broker or otherwise in street name, please bring a brokerage statement or a letter from a bank or broker confirming ownership as of the record date and valid photo identification.

The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business. Abstentions and proxies submitted by brokers who do not have authority to vote on certain matters will be considered present at the Annual Meeting for purposes of determining a quorum. The approximate date on which this proxy statement and form of proxy were first mailed to stockholders is April 16, 2013.

Under the New York Stock Exchange (NYSE) rules, if a broker holds a beneficial owner's shares in its name and does not receive voting instructions from the beneficial owner, the broker has discretion

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

to vote these shares on certain routine matters, including ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm. However, on non-routine matters, the broker must receive voting instructions from the beneficial owner, as it does not have discretionary voting power for these particular items. Non-routine matters include the election of directors. So long as the broker has discretion to vote on at least one proposal, these broker non-votes are counted toward establishing a quorum. When voted on routine matters, broker non-votes are counted toward determining the outcome of those routine matters.

Directors are elected by a plurality of the votes cast, which means the individual receiving the largest number of votes will be elected director as chosen in the election. Therefore, shares voted as withhold authority to vote will have no effect on the election of the director(s).

Approval of each of the other proposals at the Annual Meeting requires the affirmative approval of a majority of the votes cast. Abstentions do not constitute a vote for or against the proposal and will be disregarded in the calculation of votes cast.

If a stockholder signs and returns a proxy card without specifying how to vote the shares, the person named as proxy on the proxy card will vote the shares **FOR** the election of the director nominees, and **FOR** the ratification of BDO USA, LLP as the Company's independent registered public accounting firm.

Corporate Governance

During 2012, there were four Board of Directors meetings. Each of the directors attended all of the meetings of the Board of Directors, the 2012 Annual Meeting of Stockholders and all meetings of committees on which that director served. The only exception is that Richard N. Cardozo was unable to attend the Annual Meeting of Stockholders. The attendance policy for members of the Board of Directors may be reviewed in the Corporate Governance Guidelines document found on the Company's website located at www.gopresto.com/information/governance and is available in print upon request.

The Board of Directors has determined that each of Messrs. Cardozo, Quinn and Stienessen qualify as an independent director as defined by the rules of the New York Stock Exchange. The Board has

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

determined that Messrs. Cardozo, Quinn and Stienessen do not have a relationship with the Company, other than as a director, and are therefore independent.

The Company has Audit, Compensation, and Nominating/Corporate Governance Committees consisting of Messrs. Cardozo, Quinn, and Stienessen. During 2012, the Audit Committee held five formal meetings. The Board has determined that Mr. Stienessen qualifies as an Audit Committee Financial Expert under SEC rules. The Nominating/Corporate Governance Committee met once in 2012. The Compensation Committee had two meetings in 2012.

The purpose of the Compensation Committee is to discharge the Board's responsibilities relating to the CEO's compensation and make recommendations regarding the compensation of other executives, including review of the succession plans for the chief executive officer and other senior executives. Activities of the Compensation Committee are consistent with the Company's overall direction and purpose regarding executive compensation as set forth in its charter. See also Compensation Discussion and Analysis for a further description of the functions performed by the Compensation Committee. The purpose of the Nominating/Corporate Governance Committee is to identify individuals qualified to become Board members in accordance with the criteria described below, and to take such other action consistent with provisions in its charter. The Nominating/Corporate Governance Committee is also responsible for advising the Board on corporate governance matters, which include developing and recommending to the Board corporate governance principles, overseeing the self-evaluation process for the Board and its committees, and such other functions as set forth in its charter.

Charters of the Nominating/Corporate Governance, Compensation, and Audit Committees; the Corporate Governance Guidelines; and the Corporate Code of Conduct are set forth in the Corporate Governance section of the Company's website located at www.gopresto.com/information/governance, and are available in print upon request.

The Company's Board of Directors has established a process whereby stockholders and other interested parties may send communications to the Board of Directors, as well as to the Presiding Director (Mr. Cardozo) of executive sessions attended by only non-management directors. The Presiding Director may be reached by mailing a letter to: Independent Directors, Attn: Presiding Director, National Presto Industries, Inc., 3925 N. Hastings Way, Eau Claire, WI 54703. The manner in which stockholders and other interested parties can send communications to the Board is set forth in the Corporate Governance section of the Company's website located at www.gopresto.com/information/governance.

In identifying prospective director candidates, the Nominating/Corporate Governance Committee (herein the Nominating Committee) considers its personal contacts, recommendations from stockholders, and recommendations from business and professional sources, but has not historically paid a fee to any third party. The Nominating Committee's policy is to consider qualified candidates for positions on the Board recommended in writing by stockholders. Stockholders wishing to recommend candidates for future Board membership should submit the recommendations in writing to the Secretary of the

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

Company no later than December 17, 2013 (for inclusion of such candidate, if subsequently nominated, in the Company's proxy statement) or February 20, 2014 (for recommending a candidate who, if subsequently nominated, would not be included in the Company's proxy statement), with the submitting stockholder's name and address and pertinent information about the proposed nominee similar to that required by the by-laws in connection with a nomination to be made by stockholders. When evaluating the qualifications of potential new directors, or the continued service of existing directors, the Nominating Committee considers a variety of criteria, including the individual's reputation for honesty and integrity; respect from leaders and the general citizenry in the community in which the individual resides; the individual's knowledge of business principles and intellectual capacity to quickly grasp and understand the intricacies of the Company's businesses; attainment of official status with a leading company, agency, educational institution, or other form of enterprise; accessibility geographically and otherwise for meetings; specialized skills or expertise; independence; financial expertise; freedom from conflicts of interest; ability to understand the role of a director; and ability to fully perform the duties of a director. While candidates recommended by stockholders will generally be considered in the same manner as any other candidate, special consideration will be given to existing directors desiring to stand for re-election given their history of service and their knowledge of the Company, as well as the Board's knowledge of their level of contribution resulting from such service. Stockholders wishing to recommend for nomination or nominate a director should contact the Company's Secretary for a copy of the relevant procedure for submitting nominations and a full delineation of the criteria considered by the Nominating Committee when evaluating potential new directors or the continued service of existing directors.

The Company has not adopted any formal policies or procedures for the review, approval, or ratification of transactions that may be required to be reported under the SEC disclosure rules. Such transactions, if and when they are proposed or have occurred, have been or will be reviewed by the entire Board (other than the director involved) on a case-by-case basis. The Company's Corporate Code of Conduct does contain several provisions that should benefit the Board in reviewing such transactions.

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chair of the Board because she is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy.

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating/Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Compensation Committee Interlocks and Insider Participation

The directors who served on the Compensation Committee during fiscal 2012 were Richard N. Cardozo, Patrick J. Quinn and Joseph G. Stienessen. The Compensation Committee determines the compensation of the chief executive officer and makes recommendations to the Board with respect to the compensation of the other executive officers of the Company, including those listed in the Summary Compensation Table below. Board members Ms. Cohen and Mr. Lieble did not participate in decisions regarding their own 2012 compensation.

None of the members of the Compensation Committee during fiscal 2012, or in the last three years, was an officer or employee of the Company, or had any related party transaction with the Company. During fiscal 2012, none of the executive officers of the Company served as a member of the board or compensation committee of any entity that has one or more officers serving as a member of the Company's Board or Compensation Committee.

In addition, each director is paid \$1,000 for each full day Board or committee meeting attended and \$500 for each half day Board or committee meeting attended. The Company reimburses basic and reasonable travel costs associated with attending a meeting of the Board or a committee that requires in excess of 100 miles of travel. Non-employee directors do not receive stock or stock-related compensation.

Audit Committee Report

Each member of the Audit Committee is independent as defined by the rules of the New York Stock Exchange and the Board of Directors has determined that no member has a relationship to the Company that may interfere with the exercise of his independence from management of the Company. It is the purpose of the Audit Committee to assist the Board of Directors in fulfilling its oversight responsibilities relating to: (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors.

The Audit Committee has reviewed, and discussed with management and the independent auditors, the Company's audited financial statements as of and for the year ended December 31, 2012,

management's assessment of the effectiveness of the Company's internal control over financial reporting, and the independent auditors' attestation report on the Company's internal control over financial reporting. The Audit Committee has discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence. This included consideration of the compatibility of non-audit services with the auditors' independence.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Compensation Discussion and Analysis

Overview

The Discussion and Analysis section addresses the material elements of the Company's executive compensation program, including its compensation philosophy and objectives and the fashion in which it is to be administered. It is intended to complement and enhance an understanding of the compensation information presented in the tables that follow. As used in this proxy statement, the term "named executive officers" means the Company's CEO and CFO for the 2012 fiscal year as well as the three other current executive officers named in the Summary Compensation Table on page 14. In this discussion and analysis, the term "Committee" means the Compensation Committee of the Board.

Compensation Objectives and Philosophy

The Company's executive compensation program is intended to:

Provide fair compensation to executive officers based on their performance and contributions to the Company;

Provide incentives that attract and retain key executives;

Instill a long-term commitment to the Company; and

Develop pride and a sense of ownership.

The compensation program is therefore intended to attract, motivate, and retain executive officers who have the capability to manage the Company's day-to-day operations and personnel, compete ethically

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

in each of its competitive business segments, implement any strategic plans developed by the Company, and implement the Company's strategic plan to increase stockholder value.

The principal element of the executive compensation program is base salary. An award of a discretionary cash bonus to reward exceptional performance is sometimes made. The Company provides health and life insurance benefits, a 401(k) program with a generous Company contribution and other welfare benefits that are available to all of its salaried employees on a non-discriminatory basis. Awards of restricted stock are part of the executive compensation program. The Committee believes that restricted stock awards reward performance and align the interests of executives with the long-term interests of stockholders.

The objectives and factors considered with respect to the form and amount of each individual element of our compensation program are more fully described below.

Compensation Process

The Committee has the responsibility to determine and approve the compensation of the executive officers, to make recommendations to the Board with respect to the compensation of selected non-CEO executive officers and to make recommendations to the Board with respect to incentive plans.

The Committee met on November 15, 2011 to review compensation matters and establish the base salary of the Chief Executive Officer for 2012. On the same date, the Board established the base salaries of other executive officers. In recommending base salaries for the other executive officers for 2012, the Committee considered recommendations by the Chief Executive Officer (CEO). No executive officer made a recommendation regarding the form or amount of his or her own compensation. The CEO does provide the Committee with recommendations on salaries of the other executive officers. The Committee did not retain any compensation consultant to assist in its review or determination of executive compensation in 2012.

The Committee has noted the approval level on the advisory vote of the stockholders in 2011 on executive compensation. The Committee believes the vote demonstrates strong investor support for the Company's executive compensation policies and made no changes to the policies as a result. In 2011 the stockholders voted that future advisory votes on executive compensation should be conducted once every three years. The next advisory vote on executive compensation will occur at the Annual Meeting of Stockholders in 2014.

Elements of Our Executive Compensation Program

Base Salary and Benefits. The base salaries for executive officers are intended to promote the Company's compensation objectives generally and specifically to provide basic economic security at a level that will attract and retain talented executive officers. Annual increases in base salary of each of the Company's executive officers, if any, are determined in accordance with its compensation policy and, where appropriate, the economic conditions in which the Company is operating. Individual job performance is the single most important factor in the Committee's role in determining base salary. The base salaries of

Edgar Filing: NATIONAL PRESTO INDUSTRIES INC - Form DEF 14A

the executive officers were established at levels considered appropriate in light of the duties and scope of their responsibilities.

The Company strives to provide employee benefits to executive officers and all other salaried employees that are consistent with benefits provided in the communities in which they reside, including 401(k), health insurance, life and disability insurance, and other welfare benefits. Executive officers participate in these plans on the same basis as other employees.

Discretionary Bonus. Although the Company primarily relies upon awarding an adequate and proper base salary to promote its compensation objectives, the Committee also acknowledges the benefit of awarding discretionary bonuses. To this end, the Company's executive officers may from time to time identify executive officer contributions to the overall performance of the Company to the Committee and request that the Committee consider approving a bonus to reward such performance. In 2012, the Committee made discretionary bonuses to Messrs. Lieble, Tienor and Frederick for their contributions to corporate performance.

Incentive, Equity, and Deferred Compensation. Historically, the Company did not feel this type of compensation was necessary because the Company has experienced low turnover and long-term executive officer retention without emphasizing incentive or equity based compensation. It has found, however, that SEC insider trading restrictions are such that it is difficult for executives to purchase stock on the open market without violating insider trading rules. Accordingly, with the stockholders adoption of the National Presto Industries Incentive Compensation Plan on May 18, 2010, the Compensation Committee has the authority to grant restricted stock awards at its discretion based on an employee's noteworthy performance. In order to create ownership as well as provide incentives for future performance, in November 2012, the Committee decided to grant restricted stock to four of the named executive officers and three other key employees. The awards are denominated in dollars but were payable in common stock based on the closing stock price on the NYSE on November 15, 2012 (\$71.68). The Committee determined the dollar value of the awards based on job responsibilities, experience, individual performance in 2012 as well as recommendations of the CEO. Those awards made in 2012 recognized contributions made to corporate performance.

Perquisites. In 2012, no named executive officer received perquisites having a value in excess of \$10,000. The Committee does not consider perquisites to be a material element of the Company's compensation program for executive officers.

Termination and Change in Control Arrangements. The Company does not maintain any employment or change in control agreements for its executive officers.

Tax Considerations. The Committee is aware that, except for certain plans approved by stockholders, Section 162(m) of the Internal Revenue Code of 1986, as amended, limits deductions to \$1 million for compensation paid to the CEO and each of the four most highly paid executive officers named in the
