CHAIRMAN'S LETTER

Dear Shareholder,

I am pleased to present to you this annual report for the Neuberger Berman Intermediate Municipal Closed-End Funds, for the period ending October 31, 2004. The report includes portfolio commentary, a listing of the Funds' investments and their audited financial statements for the reporting period.

Each Fund's investment objective is to provide current income exempt from regular federal income tax and, for each state-specific Fund, current income exempt from that state's income taxes.

We invest in intermediate-term municipal bonds (maturities between three and eight years) because our experience and research indicate strongly that this maturity range has historically offered the best risk/reward profile on the yield curve, providing much of the return of longer-term bonds -- with less volatility and risk.

We believe that our conservative investment philosophy and disciplined investment process will benefit you with superior tax-exempt current income over the long term.

Thank you for your confidence in Neuberger Berman. We will continue to do our best to keep earning it.

Sincerely,

/s/ Peter Sundman

INTERMEDIATE MUNICIPAL CLOSED-END FUNDS Portfolio Commentaries

We are pleased to report that on a Net Asset Value (NAV) basis, all three of Neuberger Berman's Intermediate Municipal Closed-End Funds delivered positive returns and materially outperformed the Lehman Brothers 10 Year Municipal Bond Index benchmark in fiscal 2004.

In fiscal 2004, two difficult months (April and May) for municipal securities -- and bonds in general -- were sandwiched between two five-month periods of stable returns. This reflected investors' changing perspective on the economy. From November 2003 until March 2004, investors questioned the strength and sustainability of the economic recovery. In early April, the release of a strong March jobs report convinced investors the recovery was for real, and bond prices started to fall. An impressive April jobs report released at the beginning of May kept the pressure on bond prices through the end of the month. Then in June, the tide turned. Rapidly rising oil prices caused the economy to hit what Federal Reserve

Chairman Greenspan characterized as a "soft patch." In addition, concern that terrorists would target the Olympics or U.S. targets during the presidential campaign caused a flight to quality. Bonds continued to rally through the end of the reporting period, with the yield on an AAA-rated 10-year general obligation municipal bond falling from 4.06% at the end of May to 3.46% on October 29.

Looking ahead, we believe that the outlook for municipal bonds is favorable, but we remain cautious. Increased tax revenue resulting from the recovering economy has improved state and local government balance sheets. However, this is being offset to varying degrees by the reduction in federal subsidies to municipalities, prompted by the growing federal budget deficit. Consequently, analysis of municipal securities' credit quality remains critical. Also, President Bush's election victory is likely to increase speculation about the potential for a flat tax and/or national sales tax replacing the graduated income tax. If this "chatter" gets loud enough, it could have a negative impact on the municipal securities market. However, despite the Republicans' new dominance at the federal level, we think it will once again prove difficult to build the substantial support required to approve a major tax overhaul. Consequently, we believe that any pressure on municipal securities prices due to discussion of tax reform will represent a good buying opportunity.

NOTES TO SCHEDULE OF INVESTMENTS

+ Investments in securities by Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", collectively, the "Funds") are valued daily by obtaining bid price quotations from independent pricing services on all securities available in each service's data base. For all other securities requiring daily quotations, bid prices are obtained from principal market makers in those securities or, if quotations are not available, by a method the Board of Directors of California, Intermediate, and New York, believes accurately reflects fair value. Numerous factors may be considered when determining the fair value of a security, including available analyst, media or other reports, trading in futures or ADRs and whether the issuer of the security being fair valued has other securities outstanding. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined with interest earned, approximates market value.

At October 31, 2004, selected Fund information on a U.S. Federal income tax basis was as follows:

(000'S OMITTED)		GROSS UNREALIZED APPRECIATION	GROSS UNREALIZED DEPRECIATION	UNRE APPREC
NEUBERGER BERMAN	COST			
CALIFORNIA	\$ 153,401	\$ 5,950	\$ 92	\$
INTERMEDIATE	466,443	19,562	423	
NEW YORK	125,152	4,402	63	

@ At time of investment, municipal securities purchased by the Funds are within the four highest rating categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch Investors Services, Inc. or, where not rated, are determined by the Funds' investment manager to be of comparable quality. Approximately 79%, 74%, and 54% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, which the Funds may rely on, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Puttable bonds give the Funds the right to sell back the issue on the date specified.

++ Security is guaranteed by the corporate or non-profit obligor.

** Security exempt from registration under the Securities Act of 1933.

Edgar Filing: NEUBERGER BERMAN NEW YORK INTERMEDIATE MUNICIPAL FUND INC - Form N-CSR

These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers under Rule 144A and are deemed liquid. At October 31, 2004, these securities amounted to \$2,571,000 or 0.8% of net assets for Intermediate.

* Credit ratings are unaudited.

NOTES TO FINANCIAL STATEMENTS Intermediate Municipal Closed-End Funds

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

1 GENERAL: Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", collectively, the "Funds") were organized as Maryland corporations on July 29, 2002. California and New York are registered as non-diversified, closed-end management investment companies and Intermediate is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. Each Fund's Board of Directors may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of shareholders.

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires Neuberger Berman Management Inc. ("Management") to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

2 PORTFOLIO VALUATION: Investment securities are valued as indicated in the notes following the Funds' Schedule of Investments.

3 SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on a trade date basis. Interest income, including accretion of discount (adjusted for original issue discount, where

applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated in the Statements of Operations.

- 4 INCOME TAX INFORMATION: Each Fund is treated as a separate entity for U.S. Federal income tax purposes. It is the policy of each Fund to continue to qualify as a regulated investment company by complying with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its earnings to its shareholders. Therefore, no Federal income or excise tax provision is required.

Income dividends and capital gain distributions are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund as a whole.

As determined on October 31, 2004, there were no permanent differences resulting from different book and tax accounting reclassified at year end.

The tax character of distributions paid during the years ended October 31, 2004 and 2003 were as follows:

	DISTRIBUTIONS PAID FROM:				
	TAX-EXEMPT INCOME		ORDINARY INCOME		
	2004	2003	2004	2003	
CALIFORNIA	\$ 5,945,965	\$ 5,621,479	\$ 6,705	\$ 23,102	\$ 5
INTERMEDIATE	19,015,689	18,151,315	35,236	71,380	19
NEW YORK	5,050,381	4,789,367	2,299	14,100	5

30

NEUBERGER BERMAN OCTOBER 31, 2004

As of October 31, 2004, the components of distributable earnings (accumulated losses) on a U.S. Federal income tax basis were as follows:

	UNDISTRIBUTED TAX-EXEMPT INCOME	UNDISTRIBUTED ORDINARY INCOME	UNDISTRIBUTED LONG-TERM GAIN	UNREALIZED APPRECIATION (DEPRECIATION)	CARR AND
CALIFORNIA	\$ 946,699	\$ --	\$ --	\$ 5,857,106	\$
INTERMEDIATE	2,494,886	--	--	19,138,670	(
NEW YORK	667,827	--	--	4,339,348	

The difference between book basis and tax basis is attributable primarily to timing differences of dividend payments.

To the extent each Fund's net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. As determined at October 31, 2004, the Funds had unused capital loss carryforwards available for Federal income tax purposes to offset net realized capital gains, if any, as follows:

CALIFORNIA
INTERMEDIATE
NEW YORK

EXPI

\$

- 5 DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS: Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay dividends to common shareholders from net investment income on a monthly basis. Distributions from net realized capital gains, if any, are normally distributed in December. Income dividends and capital gain distributions to common shareholders are recorded on the ex-dividend date. Dividends and distributions to preferred shareholders are accrued and determined as described in Note A-7.

Subsequent to October 31, 2004, each Fund declared two monthly dividends to common shareholders from its net investment income payable December 15, 2004 and January 18, 2005, to shareholders of record on November 26, 2004 and December 27, 2004, respectively, with ex-dividend dates of November 23, 2004 and December 22, 2004, respectively, as follows:

CALIFORNIA
INTERMEDIATE
NEW YORK

- 6 EXPENSE ALLOCATION: Certain expenses are applicable to multiple funds. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributed to a Fund, are allocated among the Funds and the other investment companies in the complex or series thereof, on the basis of relative net assets, except where a more appropriate allocation of expenses to each investment company in the complex or series thereof can otherwise be made fairly.

31

- 7 REDEEMABLE PREFERRED SHARES: On October 21, 2002, the Funds re-classified unissued shares of capital stock into several series of Auction Market Preferred Shares ("AMPS"), as follows:

	SERIES A SHARES
CALIFORNIA	1,500
INTERMEDIATE	4,000
NEW YORK	1,500

On December 13, 2002, the Funds issued several series of AMPS, as follows:

	SERIES A SHARES
CALIFORNIA	1,180
INTERMEDIATE	3,588
NEW YORK	965

All shares of each series of AMPS have a liquidation preference of \$25,000 per share plus any accumulated unpaid dividends, whether or not earned or declared by the Fund, but excluding interest thereon ("Liquidation Value"). Dividends to AMPS shareholders, which are cumulative, are accrued daily. It is the policy of each Fund to pay dividends every 7 days for each Fund's AMPS Series A and every 28 days for each Fund's AMPS Series B, unless in a special rate period.

In the absence of a special rate period, dividend rates are reset every 7 days for each Fund's AMPS Series A, based on the results of an auction. Each Fund has approved a special rate period for its AMPS Series A of 728 days for California and New York and 546 days for Intermediate. The effective dates and dividend rates for each Fund are as follows:

	EFFECTIVE DATE
CALIFORNIA	October 23, 2003
INTERMEDIATE	October 24, 2003
NEW YORK	October 22, 2003

In the absence of a special rate period, dividend rates are reset every 28 days for each Fund's AMPS Series B, based on the results of an auction. Each Fund has approved a special rate period for its AMPS Series B of 546 days for California and Intermediate and 553 days for New York. The effective dates and dividend rates for each Fund are as follows:

	EFFECTIVE DATE
CALIFORNIA	March 11, 2004
INTERMEDIATE	March 15, 2004
NEW YORK	March 9, 2004

The Funds declared dividends to AMPS shareholders for the period November 1, 2004 to November 30, 2004, for each series of the AMPS as

follows:

	SERIES A SHARES
CALIFORNIA	\$ 41,796
INTERMEDIATE	123,355
NEW YORK	34,180

32

The Funds may redeem shares of each series of AMPS, in whole or in part, on the second business day preceding any dividend payment date at Liquidation Value.

The Funds are also subject to certain restrictions relating to the AMPS. Failure to comply with these restrictions could preclude the Funds from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of AMPS at Liquidation Value.

The holders of AMPS are entitled to one vote per share and will vote with holders of common stock as a single class, except that the AMPS will vote separately as a class on certain matters, as required by law or the Funds' charter. The holders of a Fund's AMPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of a Fund if the Fund failed to pay dividends on AMPS for two consecutive years.

- 8 ORGANIZATION EXPENSES AND OFFERING COSTS: Management has agreed to pay all organizational expenses and the amount by which each Fund's offering costs for common stock (other than sales load) exceed \$0.03 per share. The costs incurred by management were \$261,029, \$276,501, and \$289,752 for California, Intermediate and New York, respectively. Offering costs for common stock paid by each Fund were charged as a reduction of common stock paid-in-capital at the completion of each Fund's offerings and amounted to \$203,759, \$620,459, and \$167,159 for California, Intermediate, and New York, respectively.

Additionally, offering costs of \$154,612, \$337,770, and \$143,704 and sales loads of \$590,000, \$1,794,000, and \$482,500 for AMPS for California, Intermediate, and New York, respectively, were charged as a reduction of common stock paid-in capital for each Fund's AMPS offering.

- 9 CONCENTRATION OF RISK: The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. The investment policies of California and New York involve investing substantially all of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. This policy makes those Funds more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.
- 10 INDEMNIFICATIONS: Like many other companies, the Funds' organizational documents provide that their officers and directors are indemnified against certain liabilities arising out of the performance of their

duties to the Funds. In addition, both in some of their principal service contracts and in the normal course of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund's maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.

NOTE B--MANAGEMENT FEES, ADMINISTRATION FEES, AND OTHER TRANSACTIONS WITH AFFILIATES:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its

33

average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, the Liquidation Value of any AMPS outstanding is not considered a liability.

Management has contractually agreed to waive a portion of the management fees it is entitled to receive from each Fund at the following annual rates:

YEAR ENDED OCTOBER 31,	% OF AVERAGE DAILY MANAGED ASSETS
2004 - 2007	0.25%
2008	0.20
2009	0.15
2010	0.10
2011	0.05

Management has not agreed to waive any portion of its fees beyond October 31, 2011.

For the year ended October 31, 2004, such waived fees amounted to \$396,184, \$1,212,644, and \$324,473 for California, Intermediate, and New York, respectively.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street Bank and Trust Company ("State Street") as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

On October 31, 2003, Management and Neuberger Berman, LLC ("Neuberger"), a member firm of the New York Stock Exchange and sub-adviser to each Fund, became indirect wholly-owned subsidiaries of Lehman Brothers Holdings Inc., a publicly-owned holding company. Neuberger is retained by Management to furnish it with investment recommendations and research information without added cost to each Fund. Several individuals who are officers and/or Directors of each

Fund are also employees of Neuberger and/or Management.

Each Fund has an expense offset arrangement in connection with its custodian contract. The impact of this arrangement, reflected in the Statements of Operations under the caption Custodian fees, was a reduction of \$498, \$610, and \$524 for California, Intermediate, and New York, respectively.

In connection with the settlement of each AMPS auction, each Fund pays, through the auction agent, a service fee to each participating broker-dealer based upon the aggregate liquidation preference of the AMPS held by the broker-dealer's customers. For any auction preceding a rate period of less than one year, the service fee is paid at the annual rate of 1/4 of 1%; for any auction preceding a rate period of one year or more, the service fee is paid at a rate agreed to by each Fund and the broker-dealer.

34

Each Fund has paid Merrill Lynch a fee equal to 1/8 of 1% in connection with entering the special rate periods in return for which Merrill Lynch had agreed to pay dividends on the AMPS that, as a result of the auction, exceed a specified rate.

In order to satisfy rating agencies' requirements, each Fund is required to provide each rating agency a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by each rating agency as one of the conditions to maintain the AAA rating on the AMPS. 'Discounted value' refers to the fact that the rating agencies require the Fund, in performing this calculation, to discount portfolio securities below their face value, at a rate depending on their rating. Each Fund pays a fee to State Street, as Fund sub-administrator, for the preparation of this report.

NOTES TO FINANCIAL HIGHLIGHTS Intermediate Municipal Closed-End Funds

+ Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's dividend reinvestment plan. Results represent past performance and do not guarantee future results. Current returns may be lower or higher than the performance data quoted. For each Fund, total return would have been lower if Management had not waived the investment management fee. Performance data current to the most recent month-end are available at www.nb.com.

The Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements.

++ After waiver of investment management fee. Had Management not undertaken such action, the annualized ratios of net expenses to average daily net assets applicable to common shareholders would have been:

	YEAR ENDED OCTOBER 31, 2004	OCTOBER 31, 2003	PERIOD END OCTOBER 2002
CALIFORNIA	1.35%	1.26%	1
INTERMEDIATE	1.22%	1.13%	
NEW YORK	1.39%	1.31%	1

(1) Period from September 27, 2002 to October 31, 2002.

^ The date investment operations commenced.

* Annualized.

** Not annualized.

@ Calculated by subtracting the Fund's total liabilities (excluding accumulated unpaid dividends on AMPS) from the Fund's total assets and dividing by the number of AMPS outstanding.

++ Expense ratios do not include the effect of dividend payments to holders of AMPS. Income ratios include income earned on assets attributable to AMPS outstanding.

REPORT OF ERNST & YOUNG LLP, INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Neuberger Berman California Intermediate Municipal Fund Inc.
Neuberger Berman Intermediate Municipal Fund Inc.
Neuberger Berman New York Intermediate Municipal Fund Inc.

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. (the "Funds") as of October 31, 2004, the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period ended October 31, 2004 and financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights. Our procedures included confirmation of securities owned as of October 31, 2004, by correspondence with the custodian and brokers or other appropriate auditing procedures where replies from brokers were not received. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of each of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. at October 31, 2004, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period ended October 31, 2004, and their financial highlights for each of the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

DIVIDEND REINVESTMENT PLAN (Unaudited)

The Bank of New York ("Plan Agent") will act as Plan Agent for shareholders who have not elected in writing to receive dividends and distributions in cash (each a "Participant"), will open an account for each Participant under the Dividend Reinvestment Plan ("Plan") in the same name as their then current Shares are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the common stock of the Fund ("Shares"), each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant's account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant's account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant's account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an "ex-dividend" basis, but in no event, except as provided below, more than 30 days after the dividend payment date, to apply the amount of such dividend or distribution on each Participant's Shares (less their PRO RATA share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant's account. No such purchases may be made more than 30 days after the payment date for such dividend except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the dividend reinvestment purchase comparison under the

Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund's Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant's uninvested funds held by the Plan Agent will not bear interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other shareholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other shareholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the participant to the Fund.

41

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the PRO RATA expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its shareholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains distributions or income dividends will be paid by the Fund. Participants will be charged their PRO RATA share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the

Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's negligence, bad faith, or willful misconduct or that of its employees.

These terms and conditions shall be governed by the laws of the State of Maryland.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS

The Board has established an Audit Committee to oversee particular aspects of the Registrant's management. The Audit Committee's purposes are (a) to oversee the accounting and financial reporting processes of the Registrant and their internal controls and, as the Committee deems appropriate, to inquire into the internal controls of certain service providers; (b) to oversee the quality and objectivity of the Registrant's financial statements and the independent audit thereof; (c) to oversee, or, as appropriate, assist Board oversight of, the Registrant's compliance with legal and regulatory requirements that relate to the Portfolios' accounting and financial reporting, internal controls and independent audits; (d) to approve prior to appointment the engagement of the Registrant's independent auditors and, in connection therewith, to review and evaluate the qualifications, independence and performance of the Registrant's independent auditors; and (e) to act as a liaison between the Registrant's independent auditors and the full Board. The Audit Committee is composed entirely of Independent Fund Directors; its members are John Cannon, Cornelius T. Ryan (Chairman), Tom D. Seip, and Peter P. Trapp.

ITEM 6. SCHEDULE OF INVESTMENTS

The complete schedule of investments for each series is disclosed in the Registrant's Annual Report, which is included as Item 1 of this Form N-CSR.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES

The Board has delegated to Neuberger Berman, LLC ("Neuberger Berman") the responsibility to vote proxies related to the securities held in the Fund's portfolios. Under this authority, Neuberger Berman is required by the Board to vote proxies related to portfolio securities in the best interests of the Fund and its stockholders. The Board permits Neuberger Berman to contract with a third party to obtain proxy voting and related services, including research of current issues.

Neuberger Berman has implemented written Proxy Voting Policies and Procedures ("Proxy Voting Policy") that are designed to reasonably ensure that Neuberger Berman votes proxies prudently and in the best interest of its advisory clients

for whom Neuberger Berman has voting authority, including the Fund. The Proxy Voting Policy also describes how Neuberger Berman addresses any conflicts that may arise between its interests and those of its clients with respect to proxy voting.

Neuberger Berman's Proxy Committee is responsible for developing, authorizing, implementing and updating the Proxy Voting Policy, overseeing the proxy voting process and engaging and overseeing any independent third-party vendors as voting delegate to review, monitor and/or vote proxies. In order to apply the Proxy Voting Policy noted above in a timely and consistent manner, Neuberger Berman utilizes Institutional Shareholder Services Inc. ("ISS") to vote proxies in accordance with Neuberger Berman's voting guidelines.

Neuberger Berman's guidelines adopt the voting recommendations of ISS. Neuberger Berman retains final authority and fiduciary responsibility for proxy voting. Neuberger Berman believes that this process is reasonably designed to address material conflicts of interest that may arise between Neuberger Berman and a client as to how proxies are voted.

In the event that an investment professional at Neuberger Berman believes that it is in the best interests of a client or clients to vote proxies in a manner inconsistent with Neuberger Berman's proxy voting guidelines or in a manner inconsistent with ISS recommendations, the Proxy Committee will review information submitted by the investment professional to determine that there is no material conflict of interest between Neuberger Berman and the client with respect to the voting of the proxy in that manner.

If the Proxy Committee determines that the voting of a proxy as recommended by the investment professional presents a material conflict of interest between Neuberger Berman and the client or clients with respect to the voting of the proxy, the Proxy Committee shall: (i) take no further action, in which case ISS shall vote such proxy in accordance with the proxy voting guidelines or as ISS recommends; (ii) disclose such conflict to the client or clients and obtain written direction from the client as to how to vote the proxy; (iii) suggest that the client or clients engage another party to determine how to vote the proxy; or (iv) engage another independent third party to determine how to vote the proxy.
