From time to time, Trian Fund Management, L.P. ("Trian") may distribute the following communication, or distribute or use substantially similar communications, relating to The Procter & Gamble Company ("P&G"):

Upstarts like Dollar Shave are growing faster and taking market share from P&G. Nelson Peltz can help P&G grow again bit.ly/2vK3ytY

In addition, from time to time, Trian or Clayt Daley, former Vice Chairman and Chief Financial Officer of P&G, may send the following communication (or use substantially similar communications) from Mr. Daley relating to P&G:

There is some misinformation circulating that needs clarification. Trian is NOT a typical hedge fund meaning Trian does not bet against companies by shorting stocks. Rather, Trian is a highly engaged shareowner that only takes “long” positions in stocks and holds a concentrated portfolio (usually 7- 9 positions). Trian typically invests in great companies that have lost their way and offers a set initiatives designed to improve operational performance and strategic focus. Working constructively with management teams and boards, Trian holds stocks an average of seven years when Nelson Peltz is on the board, which is far longer than most mutual funds. Consumer companies where Nelson Peltz serves on the board have historically outperformed the S&P 500 by an average of approximately 8% per year (for both EPS growth and total shareholder returns) during Trian’s investment. P&G sure needs this kind of performance. I urge you to read Trian’s letter to the men and women of P&G at www.RevitalizePG.com which helps clarify some of the issues raised by this group. If you haven't voted or are considering changing your vote, contact Innisfree M&A Inc. at 1-877- 750-8338 to get a white proxy card.
