9 December 2002

To the Shareholders

Dear Sir or Madam,

ONGOING CONNECTED TRANSACTIONS

1. INTRODUCTION

As you would no doubt be aware, the Company is an indirect subsidiary of CNOOC with CNOOC indirectly owning approximately 70.61% of the issued share capital of the Company. Accordingly, transactions between CNOOC Group and the Company constitute connected transactions for the Company for the purpose of Listing Rules.

On 14 November 2000, the Company made an application for a waiver to the Stock Exchange from strict compliance with the relevant requirement of the Listing Rules in respect of the Ongoing Connected Transactions between CNOOC Group and the Company. Subsequently, the Stock Exchange, on 3 April 2001, granted the Existing Waiver to the Company subject to, inter alia, the conditions set out in the Prospectus. The Existing Waiver will expire on 31 December 2002 and the Company has applied to the Stock Exchange for the New Waiver. An announcement was made by the Company on 5 December 2002 in relation the convening of an extraordinary general meeting to be held on 23 December 2002 for the purpose of considering and, if thought fit, approving the Ongoing Connected Transactions.

The Company is currently proposing to increase the annual limits of certain categories of Ongoing Connected Transactions in its New Waiver as compared with the annual limits in the Existing Waiver, further details of which are set out in the paragraphs headed "Disclosure Requirement and Waiver Sought" of this letter.

The main purposes of this circular are (i) to provide you with detailed information relating to the Ongoing Connected Transactions; (ii) to set out the letter of advice from Cazenove Asia Limited to the IBC and recommendation and opinion of the IBC as advised by Cazenove Asia Limited in relation to the Ongoing Connected Transactions; and (iii) to seek your approval at the EGM of the ordinary resolution in relation to the Ongoing Connected Transactions.

2. ONGOING CONNECTED TRANSACTIONS

The following connected transaction agreements were entered into between the Group and the CNOOC Group at the time of the Company's IPO. The Directors expect that the Company will continuously enter into transactions with CNOOC Group as stated in these agreements, which will constitute Ongoing Connected Transactions:

- o Contracts with foreign petroleum companies;
- o Trademark licence agreements;
- o Lease agreement in respect of Nanshan terminal;
- o Provision of materials, utilities and ancillary services;

Edgar Filing: CNOOC LTD - Form 6-K

- o Technical services;
- o Research and development services;
- o Lease and property management services; and
- o Sales of crude oil, condensate oil and liquefied petroleum gas.

3

LETTER FROM THE BOARD

Contracts with foreign petroleum companies

Immediately prior to the Restructuring, CNOOC had 37 production sharing contracts and one geophysical survey agreement with various international oil and gas companies. As part of the Restructuring, and in preparation for the Company's IPO, CNOOC transferred to the Group all of its rights and obligations under these contracts and future contracts, except those rights and obligations relating to CNOOC's administrative functions. However, CNOOC remains and will remain a party to the production sharing contracts, as required by existing laws and regulations. Under PRC national law, the negotiation of a production sharing contract is a function that only a national company, such as CNOOC, can perform. This function cannot be transferred to the Company because the Company is a pure commercial entity. Following the Global Offering, the Group has continued to deal with CNOOC with respect to the performance of the rights and obligations retained by CNOOC under the production sharing contracts. The Company expects that it will continue to enter into such arrangements with the CNOOC in the future.

New production sharing contracts are entered into between CNOOC and foreign partners primarily through bidding organised by CNOOC and, to a lesser extent, through direct negotiation.

Trademark licence agreements

CNOOC and CNOOC's associate are the respective registered owners of two "CNOOC" trademarks. Under two non-exclusive licence agreements entered into on 9 September 1999 and which are due to expire on 8 September 2008, the Group has obtained the right to use the trademarks for a nominal consideration of Rmb1,000 for each of the trademarks. The registration of the trademarks will expire on 6 December 2008 and 20 April 2009, respectively. Each of CNOOC and CNOOC's associate has undertaken that so long as CNOOC is the controlling shareholder (as defined in the Listing Rules) of the Company, it will renew the registration of the trademarks to enable the Group to continue to use the trademarks without any additional payment.

Lease agreement in respect of Nanshan Terminal

Under an agreement dated 9 September, 1999 among CNOOC, CNOOC's associate and the Group, CNOOC and its associate have granted the Group a right to use the land and buildings comprising the Nanshan Terminal, Yacheng 13-1 without any consideration payable to CNOOC or its associate for a term of 20 years. The property is occupied by the Group for natural gas processing purposes.

Provision of materials, utilities and ancillary services

After the establishment of CNOOC, four PRC subsidiaries were formed to undertake the exploration and production of oil and natural gas businesses. In

Edgar Filing: CNOOC LTD - Form 6-K

addition, their scope of business included the provision of various facilities and ancillary services, such as the supply of materials for offshore oil and gas production, medical and employee welfare services, major equipment maintenance and repair work and the supply of water, electricity and heat.

After the Restructuring, these PRC subsidiaries of CNOOC no longer undertake the exploration and production of oil and natural gas businesses but continue to hold interests in various properties, including office buildings and warehouses, and to provide to CNOOC China, a wholly-owned subsidiary of the Company, facilities and ancillary services, some of which may not be available from independent third parties or available on comparable terms. Currently, these PRC subsidiaries of CNOOC only provide facilities and ancillary services to the Group. Following the expiry of existing supply agreements in September 2002, CNOOC China renewed such supply agreements with each of the four PRC subsidiaries of CNOOC for the supply of materials, utilities and ancillary services under the terms described below. Under these agreements, each of these four PRC subsidiaries provide to CNOOC China various materials, utilities and ancillary services, including:

- o materials for offshore oil and gas production (including cement, diesel oil, mud, fuels, barite and paint);
- o oil and gas production labour services;
- o warehousing and storage;
- o road transportation services;
- o telecommunication and network services;
- o wharf services;
- o construction services, including the construction of roads, piers, buildings, plants and embankment;
- o major equipment maintenance and repair works; medical, child care and social welfare services; water, electricity and heat supply;
- o security and fire services; technical training; accommodation;
- o repair and maintenance of buildings; and o catering services.

The materials, utilities and ancillary services will be provided at:

4

LETTER FROM THE BOARD

- (i) state-prescribed prices; or
- (ii) where there is no state-prescribed price, market prices, including the local or national market prices; or
- (iii) when neither (i) nor (ii) is applicable, the cost to CNOOC's associates of providing the relevant materials, utilities and ancillary services, including the cost of sourcing or purchasing from third parties, plus a margin of not more than 5%, before any applicable taxes.

The prices, volumes and other terms for the supply of materials, utilities and ancillary services will be reviewed by the parties annually. If any of the terms are to be amended, the parties will enter into a supplemental agreement no later than 60 days prior to the end of the financial year preceding the financial year in which such amendments are to take effect. If the parties fail to reach an agreement by then, the existing terms of the supply agreement will continue to apply until the parties agree on the terms of the supplemental agreement. The Company undertakes to comply with the

Edgar Filing: CNOOC LTD - Form 6-K

provisions of the Listing Rules for any supplemental agreements to be entered into subsequently.

For the two years ended 31 December 2001 and the six months ended 30 June 2002 the historical costs of the materials, utilities and ancillary services provided to the Group were Rmb793 million, Rmb815 million and Rmb272 million, respectively, representing 3.27%, 3.91% and 2.56%, respectively, of the Group's total revenues.

Technical services

Since the establishment of CNOOC, a number of specialised companies have been formed by CNOOC to provide sub-contracting services for CNOOC's offshore oil and gas production activities. These specialised companies have provided services to the operators of oil and gas fields under the production sharing contracts through an open bidding process.

In connection with the Restructuring, CNOOC's associates transferred to the Group the existing technical services agreements with the specialised companies. In 2002, the specialised companies novated these agreements to China Oilfield Services Limited ("COSL"), a company listed on the main board of the Stock Exchange and a subsidiary of CNOOC, who has since assumed the rights and obligations of the specialised companies thereunder, except in relation to the provision of engineering and construction services. The Group may terminate any of these agreements by giving 30 days' written notice to COSL or the specialised companies, as the case may be. The Group will continue to use the technical and labour services provided by COSL and the specialised companies, including:

- o offshore drilling;
- o ship tugging, oil tanker transportation and security services;
- o well survey, well logging, well cementation and other related technical services;
- o collection of geophysical data, ocean geological prospecting, and data processing;
- o platform fabrication service and maintenance; and
- o design, construction, installation and test of offshore and onshore production facilities.

For the two years ended 31 December 2001 and the six months ended 30 June 2002, the charges for such technical services payable to COSL (or its predecessors, as the case may be) and the specialised companies, as the case may be, were approximately Rmb 2,038 million, Rmb 2,367 million and Rmb 918 million, respectively, representing 8.41%, 11.37% and 8.63%, respectively, of the Group's total revenue. These costs are based on arm's length negotiations with COSL on normal commercial terms or on terms that are no less favourable than those available to independent third parties, under prevailing local market conditions, including considerations such as volume of sales, length of contracts, package of services overall customer relationship and other market factors and, in the case of the specialised companies, are based on an open bidding process. The Company expects that the costs relating to any future contract with COSL or the specialised companies will be on a similar basis.

Research and development services

General research and development services

Edgar Filing: CNOOC LTD - Form 6-K

Under the terms of an original general research and development services agreement dated 9 September 1999 with CNOOC's subsidiaries and China Offshore Oil Research Centre ("the Centre"), the Group pays the Centre for a term of three years from 9 September 1999, an annual amount of Rmb110 million, for the provision of the services, including:

- o geophysical exploration services;
- o seismic data processing;
- o comprehensive exploration research services; and

5

LETTER FROM THE BOARD

- o information technology services.

The Group may terminate the agreement by giving three months' written notice to the Centre. The Centre undertakes that the number of working hours spent by its senior, middle rank and junior staff on services provided to the Group under the agreement will not be less than 187,000, 215,000 and 150,000 hours per year, respectively, which is in line with the number of working hours spent by such staff during the two years ended 31 December 1998. After the first year, the Group may request downward adjustments in light of the Group's requirements.

Following the expiry of the original three years' term of the general research and development services agreement, the Group and the Centre entered into a supplemental agreement to renew the original general research and development services agreement on the same terms and conditions for an indefinite period.

Research and development services for particular projects

The Group may also use the research and development services provided by the Centre for the provision of research and development services for particular projects through an open bidding process, for example in relation to the exploration and development of oilfields. For the two years ended 31 December 2001 and the six months ended 30 June 2002, the costs for research and development services for particular projects through an open bidding process, were approximately Rmb 52 million, Rmb 50 million and Rmb 46 million, respectively, representing approximately 0.21%, 0.24% and 0.43%, respectively, of the Group's total revenues. The agreements for provision of research and development services for particular projects are entered into on a project-by-project basis.

Lease and property management services

CNOOC's associate and the Group have entered into an agreement and management agreements in respect of certain premises situated at CNOOC Plaza, No. 6 Dongzhimenwai Xiaojie, Beijing, the PRC as the head office of the Group in Beijing. The gross floor area of the premises is approximately 6,060 square metres. The monthly rent is Rmb 996,100 and the annual management fees are Rmb 2,004,270. Both the lease agreement and the management agreements are for a fixed term of four years commencing 1 January 2000.

CNOOC's associate and the Group entered into an office lease agreement in respect of certain office premises at 2-37 He Kou Jie, Tanggu District, Tianjin, the PRC. The gross floor area of the premises is approximately 12,245

Edgar Filing: CNOOC LTD - Form 6-K

square metres. The monthly rent (including management fee but excluding water and electricity charges) is Rmb1,127,108. The lease agreement is for a fixed term of four years commencing 1 January 2000.

CNOOC's associate and the Group entered into an office lease agreement in respect of office premises at Nantiao Road, Potou District, Zhanjiang, Guangdong Province, the PRC. The gross floor area of the premises is approximately 9,670 square metres. The monthly rent (including management fee but excluding water and electricity charges) is Rmb560,650. The lease agreement is for a fixed term of four years commencing 1 January 2000.

CNOOC's associate and the Group entered into an office lease agreement in respect of office premises at 20th, 22nd and 23rd Floors, 583 Lingling Road, Shanghai, the PRC. The gross floor area of the premises is approximately 3,439 square metres. The monthly rent (including management fee but excluding water and electricity charges) is Rmb 392,046. The lease agreement is for a fixed term of four years commencing 1 January 2000.

CNOOC's associate and the Group entered into two lease agreements in respect of certain premises situated at 1 Second Industrial Road, Shekou, Shenzhen, the PRC. The gross floor area of the premises is approximately 5,440 square metres. The monthly rent (including management fees but excluding water and electricity charges) is Rmb530,657. The lease agreements are for a fixed term of four years commencing 1 January 2000.

The Group entered into lease agreements with CNOOC's associate in respect of the three residential premises at 60 Bayshore Road and 50 Bayshore Road, Singapore at an aggregate quarterly rental of S\$4,000 (excluding an aggregate quarterly service fee of approximately S\$2,311). The lease agreements expired on 30 September 2002 and the Group expects to renew the leases prior to the EGM on the same terms as previously agreed.

The aggregate amount of the annual rentals under these lease agreements is approximately Rmb 43.3 million. The aggregate amount of management fees payable under the management agreements are Rmb 2,004,270 million. Sallmanns (Far East) Limited, an independent valuer, has confirmed that the payments due under each of the lease agreements and the management agreements reflect the fair and reasonable commercial market rent and management fees, respectively.

The Company has entered into further lease agreements with CNOOC Group since the IPO and will continue to enter into further leases from time to time on normal commercial terms, subject to the annual limits set out below. For the two years ended 31 December 2001 and the six months ended 30 June 2002, the aggregate rentals and management fees payable by the Group were approximately Rmb 49 million, Rmb 46 million and Rmb 27 million, respectively.

Sales of crude oil, condensate oil and liquefied petroleum gas

LETTER FROM THE BOARD

The Group may sell crude oil, condensate oil and liquefied petroleum gas to associates of CNOOC which engage in the downstream petroleum business at international market prices on normal commercial terms. The prices for such sales are, and will be, no less favourable to the Group than the prices for sales to independent third party customers of the Group such as China Petroleum & Chemical Corporation, PetroChina Company Limited and Castle Peak

Edgar Filing: CNOOC LTD - Form 6-K

Power Company Limited. For the two years ended 31 December 2001 and the six months ended 30 June 2002, the total amounts the Group received from associates of CNOOC were Rmb 508 million, Rmb 1,814 million and Rmb 1,950 million, respectively, representing approximately 2.1%, 8.7% and 18.3% of the Group's total revenues for the respective periods.

3. REASONS FOR AND BENEFIT OF THE ONGOING CONNECTED TRANSACTIONS

Prior to the Restructuring of CNOOC and establishment of the Company, the members of CNOOC Group and the Group operated as an integrated organisation which undertook numerous intra-group transactions each year. As a consequence of the Restructuring and upon the listing of the Company's shares on the Stock Exchange, a number of transactions which have been entered into and which are to be entered into between the Group and CNOOC Group will constitute Ongoing Connected Transactions for the Company under Listing Rules.

The Ongoing Connected Transactions as referred to in the Circular are and will be conducted in the ordinary and usual course of business of the Company. These transactions will continue to be agreed on an arm's length basis with terms that are fair and reasonable to the Company. Due to the long-term relationship between the Group and CNOOC Group, the Board considers it to be beneficial to the Company to continue to enter into the Ongoing Connected Transactions as these transactions have facilitated and will continue to facilitate the operation and growth of the Company's business.

4. DISCLOSURE REQUIREMENT AND WAIVER SOUGHT

Under the Listing Rules, the Ongoing Connected Transactions as stated in Part 2 above would normally require full disclosure and/or prior Independent Shareholders' approval. However, as such transactions have been, and/or will continue to be carried out in the ordinary and usual course of business and occur on a regular basis on normal commercial terms and on terms that are fair and reasonable so far as the Shareholders are concerned, the Directors considered that it would not be practical to make disclosure or if necessary, obtain Shareholders' approval for each Ongoing Connected Transaction as it arises.

In relation to the Ongoing Connected Transactions, the Company has applied to the Stock Exchange to grant a waiver for a period of three years up to 31 December 2005 from the relevant requirements of the Listing Rules in respect of the Ongoing Connected Transactions as described above and matters arising out or in connection with such Ongoing Connected Transactions on the conditions that:

- i. in relation to the Ongoing Connected Transactions referred to in the paragraphs headed "Contracts with foreign petroleum companies", "Trademark licence agreements" and "Lease agreement in respect of Nanshan Terminal" the transactions, and the respective agreements (if any) governing such transactions, must be on terms that are fair and reasonable so far as the Company's shareholders are concerned and in relation to the Ongoing Connected Transactions referred to in the paragraphs headed "Provision of materials, utilities and ancillary services", "Technical services", "Research and development services", "Lease and property management services" and "Sales of crude oil, condensate oil and liquefied petroleum gas" the transactions, and the respective agreements (if any) governing such transactions must be:
 - a. entered into by the Group in its ordinary and usual course of business;
 - b. either on normal commercial terms or, where there is no

Edgar Filing: CNOOC LTD - Form 6-K

available comparison, on terms no less favourable than those available to or from independent third parties; and

- c. on terms that are fair and reasonable so far as the Shareholders are concerned;
- ii. brief details of the Ongoing Connected Transactions in each year as required by Rule 14.25(1)(A) to (D) of the Listing Rules, i.e., the date or period of the transaction, the parties thereto and a description of their connected relationship, a brief description of the transaction and the purpose of the transaction, the total consideration and the terms, and the nature and the extent of the interest of the connected person in the transaction, shall be disclosed in the Company's annual report and account for the relevant year;
- iii. the Company's independent non-executive directors shall review annually the transactions and confirm, in the Company's annual report and accounts for the year in question, that such transactions have been conducted in the manner stated in (i) above and, where applicable, within the limit stated in (v) below;
- iv. the Company's auditors shall carry out review procedures annually in relation to the Ongoing Connected Transactions and shall confirm in writing whether the transactions:

7

LETTER FROM THE BOARD

- a. received the approval of the Directors;
- b. have been entered into in accordance with the pricing policies as stated in the Company's financial statements; and
- c. have been entered into in accordance with the terms of the agreement governing the transactions or, where there is no agreement, on terms that are not less favourable than terms available to or from independent third parties.

For the purpose of the above review by the Company's auditors, CNOOC has undertaken to the Company that it will provide the auditors with access to its relevant accounting records;

- v. the aggregate annual volume of transactions shall not exceed the proposed annual limits set out in the following table:

The transactions	Annual limited in the Existing Waiver	Proposed annual limit in the New Waiver	Basis of determination of the new cap amounts
Materials, utilities and ancillary services supply agreements	10% of the audited consolidated total revenues	10% of the audited consolidated total revenues	During the Relevant Period, the maximum amount in this category was 3.91%. Based on this track

Edgar Filing: CNOOC LTD - Form 6-K

	of the Company in the immediate preceding financial year	of the Company in the immediate preceding financial year	record and the projection of future needs of such services and prices and availability of alternative providers of such services, the Directors believe that the new cap amount for the three financial years ending on 31 December 2005 should remain at 10% of the audited consolidated total revenues of the Company in the immediate preceding financial year. The Directors believe that the existing limit provides sufficient flexibility to the Group.
Technical Services	In respect of the three financial years ending 31 December 2002, Rmb 2,200 million, Rmb 3,800 million and Rmb 5,300 million, respectively	In respect of the three financial years ending 31 December 2005, Rmb 5,853 million, Rmb 7,338 million and Rmb 4,880 million, respectively	During the Relevant Period, the maximum amount in this category was Rmb 2,367 million. Based on the continued expansion of existing oilfields and the development of two new oilfields in Bohai Bay which the Directors expect to be completed by the end of year 2004, the Directors' believe that the new cap amount for such services should be set at Rmb 5,853 million, Rmb 7,338 million and Rmb 4,880 million for the three financial years ending on 31 December 2005. The increase in the cap amounts for such services also reflect the fact that the Company is increasingly involved in the operation of oilfields, which in turn involves the provision of a higher amount of technical services. The Directors are of the view that the new cap amounts provide sufficient increment for the Group to capture the Group's future anticipated expansion plan.

Edgar Filing: CNOOC LTD - Form 6-K

The transactions	Annual limited in the Existing Waiver	Proposed annual limit in the New Waiver	Basis of determination of the new cap amounts
Research and development services for particular projects	In respect of the three financial years ending 31 December 2002, Rmb 140 million, Rmb 150 million and Rmb 160 million, respectively	In respect of the three financial years ending 31 December 2005, Rmb 141 million, Rmb 148 million and Rmb 153 million, respectively	During the Relevant Period, the maximum amount in this category was Rmb 52 million. Based on this track record and the Company's projection of future needs for such services, the Directors believe the new cap amounts for each of the three financial years ending 31 December 2005 should be marginally revised downward to Rmb 141 million, Rmb 148 million and Rmb 153 million respectively, to take into account the possible inclusion of the research and development service within the Company. The Directors believe such new cap amounts provide sufficient flexibility to the Group
Sales of crude oil, condensate oil and liquefied petroleum gas	In respect of the three financial years ending 31 December 2002, 4%, 25% and 38%, respectively, of the audited consolidated total revenues of the Company in the immediate financial year	In respect of the three financial years ending 31 December 2005, 42%, 56% and 82%, respectively, of the audited consolidated total revenues of the Company in the immediate financial year	During the Relevant Period, the maximum amount in this category was Rmb 1,950 million (representing 18% of the audited consolidated revenues of the Company for the six months ended 30 June 2002) and the amount has been increasing substantially during the Relevant Period. Based on this track record and the ongoing development of existing oilfields and the development of two new oilfields in Bohai Bay which the Directors expect to be completed by the end of year 2004, the Directors believe the new cap amounts for the three financial years ending on 31 December 2005 should not exceed 42%, 56% and 82%, respectively, of the audited consolidated total revenues of the Company, respectively. The

increases in such cap amounts also reflect the fact that the crude oil from new oilfields, which is made up of a higher proportion of heavy crude oil, needs to undergo refining processes which are carried out primarily by CNOOC Group. The increases in such cap amounts also reflect the fact that the Company may be able to sell its products at higher prices to CNOOC Group due to lower transportation costs. The terms of such sales to CNOOC Group are, and will be, no less favourable to the Group than sales to independent third parties. The cap amounts are based on the Company's own projections of revenues and are intended to provide the Company with a certain level of flexibility. The Company will continue to deal with other

LETTER FROM THE BOARD

The transactions	Annual limited in the Existing Waiver	Proposed annual limit in the New Waiver	Basis of determination of the new cap amounts
			customers in the normal course of business. The Directors believe such new cap amounts provide sufficient flexibility to the Group.
General research and development services agreement	Rmb 110 million	Rmb 110 million	During the Relevant Period, the maximum amount in this category was Rmb 110 million. Based on this track record and the Company's projection of future needs for such services, the Directors believe that the new cap amount for the three financial years ending 31 December 2005 should be maintained at Rmb 110

Edgar Filing: CNOOC LTD - Form 6-K

million. The Directors believe maintaining the existing cap amount provides sufficient flexibility to the Group.

Lease and
management services

Rmb 55 million

Rmb 78 million

During the Relevant Period, the maximum amount in this category was Rmb 49 million. Based on the Company's projection of future expansion of its business and availability of alternative providers, the Directors believe that the new cap amounts for each of the three years ending 31 December 2005 should increase to Rmb 78 million. The Directors believe such a new cap amount provides sufficient flexibility to the Group.

The proposed increase in the annual limits for the transactions is primarily a result of the continued expansion in the scope and operations of the Group, including the ongoing development of existing oilfields and the development of two new oilfields in Bohai Bay. Provision has been made in the proposed annual limits for the transactions to take into consideration increases in the amounts of such transactions due to the development and operation of, and sales of crude oil from, the two new oilfields in Bohai Bay; and

- vi. the Company will undertake that if any of the terms of the agreements or arrangements referred to above are altered or if the Group enters into any new agreements with any connected persons (within the meaning of the Listing Rules) in the future or if the limits stated in (v) above are exceeded, the Company will comply with the provisions of Chapter 14 of the Listing Rules dealing with connected transactions unless it applies for and obtains a separate waiver from the Stock Exchange.

5. APPROVAL BY INDEPENDENT SHAREHOLDERS

As CNOOC indirectly owns an aggregate of approximately 70.61% of the issued share capital of the Company, transactions between CNOOC Group and the Company constitute connected transactions for the Company under the Listing Rules and are subject to approval from the Independent Shareholders.

In view of the interests of CNOOC held indirectly through CNOOC BVI, CNOOC BVI and its associates will abstain from voting in relation to the resolutions approving the Ongoing Connected Transactions. An Independent Board Committee of the Company has been appointed to advise the Independent Shareholders on whether or not the terms of the Ongoing Connected Transactions are in the interest of the Company and are fair and reasonable so far as the Independent Shareholders are concerned. An Independent Financial Adviser, Cazenove Asia Limited, has been appointed to advise the Independent Board Committee of the Company regarding the terms of the Ongoing Connected Transactions. A letter from Cazenove Asia Limited containing its advice to the IBC is set out on pages 21 to 34 of this Circular.

LETTER FROM THE BOARD

6. EGM

The Notice convening the EGM to be held at Island Shangri-la Hong Kong, Two Pacific Place, Supreme Court Road, Hong Kong on 23 December 2002 at 11 am was published and despatched to Shareholders of the Company on 5 December 2002. A form of proxy for use at the EGM was also enclosed. The EGM will be held for the purpose of considering and, if thought fit, approving the Ongoing Connected Transactions.

A form of proxy for use at the EGM is enclosed herewith. Whether or not you are able to attend the EGM in person, you are requested to complete and return the form of proxy in accordance with the instructions printed thereon to the registered office of the Company at 65/F, 1 Garden Road, Hong Kong as soon as possible but in any event no later than 48 hours before the time appointed for the holding of EGM. Completion and return of the form of proxy will not preclude you from attending and voting at the EGM should you wish.

As at the Latest Practicable Date, CNOOC BVI, which is a wholly-owned indirect subsidiary of CNOOC, owned approximately 70.61% of the issued capital of the Company, and will abstain from voting, along with its associates, in respect of the ordinary resolutions to approve the Ongoing Connected Transactions at the EGM because of its interest in these transactions.

7. RECOMMENDATION

Your attention is drawn to (i) the letter from the IBC set out on pages 19 to 20 of this circular which contains the recommendation of the IBC to the Independent Shareholders concerning the Ongoing Connected Transactions; and (ii) the letter from Cazenove Asia Limited set out from pages 21 to 34 of this circular which contains its recommendations to the IBC on the Ongoing Connected Transactions and the principal factors and reasons considered by Cazenove Asia Limited in arriving at its recommendations.

The IBC, having taken into account the advice of Cazenove Asia Limited, considers that the terms of the Ongoing Connected Transactions are fair and reasonable so far as the Independent Shareholders are concerned and that the Ongoing Connected Transactions are in the interests of the Company and the Shareholders as a whole. Accordingly, it unanimously recommends that the Independent Shareholders vote in favour of the ordinary resolutions to be proposed at the EGM to approve the Ongoing Connected Transactions.

8. ADDITIONAL INFORMATION

Your attention is also drawn to the additional information set out in the Appendix and the notice of the EGM set out in this circular.

Yours faithfully,
By order of the Board
CNOOC Limited
Wei Liucheng
Chairman

Independent Board Committee

9 December 2002

So Chak Kwong
Chiu Sung Hong

To the Independent Shareholders

Dear Sir or Madam,

RENEWAL OF WAIVER FOR ONGOING
CONNECTED TRANSACTIONS

We refer to the Circular dated 9 December 2002 of the Company of which this letter forms part. Terms defined in the Circular shall have the same meanings when used herein unless the context requires otherwise.

As CNOOC indirectly own an aggregate of approximately 70.61% of the issued share capital of the Company, transactions between the Group and CNOOC Group constitute connected transactions for the Company and the Group under the Listing Rules and are subject to approval from the Independent Shareholders.

In view of the interest of Independent Shareholders, we have been appointed by the Board to constitute the IBC to consider and advise the Independent Shareholders as to the fairness and reasonableness in relation to the Ongoing Connected Transactions entered into, or to be entered into, between the Group and CNOOC Group, details of which are set out in the Letter from the Board in the Circular to the Shareholders. Cazenove Asia Limited has been retained as the independent financial adviser to advise the IBC in this respect. We wish to draw your attention to the letter from Cazenove Asia Limited as set out on pages 21 to 34 of this Circular.

Having taken into account the information set out in the letter from the Board, and the principal factors, reasons and recommendations set out in the letter from Cazenove Asia Limited, we consider the terms of the Ongoing Connected Transactions to be fair and reasonable from a financial point of view insofar as the Independent Shareholders are concerned and believe that the Ongoing Connected Transactions are in the interests of the Company and its Shareholders as a whole. Accordingly, we recommend that the Independent Shareholders should vote in favour of the resolutions to be proposed at the EGM to approve the Ongoing Connected Transactions.

Yours faithfully,

So Chak Kwong	Chiu Sung Hong
independent non-executive director	independent non-executive director
Independent Board Committee	

LETTER FROM CAZENOVE ASIA LIMITED

Edgar Filing: CNOOC LTD - Form 6-K

Ongoing Connected Transactions and to justify reliance on the accuracy of the information provided to us and those contained in the Circular so as to provide a reasonable basis for our advice. We have no reason to suspect that any material facts or information have been omitted or withheld from the information supplied or opinions expressed to us nor to doubt the truth, accuracy and completeness of the information and representations provided, or the reasonableness of the opinions expressed, to us by the Company, its Directors, advisers and representatives. We have not, however, carried out any independent verification of the information provided to us by the Company, its Directors, advisers and representatives, nor have we conducted any independent in-depth investigation into the business and affairs or future prospects of the Group. Accordingly, we do not warrant the accuracy or completeness of any such information.

This letter is for the information of the IBC solely in connection with their consideration of the Ongoing Connected Transactions and, except for its inclusion in the Circular, is not to be quoted or referred to, in whole or in part, nor shall this letter be used for any other purpose, without our prior written consent. In particular, this letter does not constitute a recommendation to any Shareholder as to how such Shareholder should vote on the Ongoing Connected Transactions.

Cazenove is a registered dealer under the Securities Ordinance (Chapter 333 of the Laws of Hong Kong). Cazenove and its affiliates, whose ordinary businesses involve the trading of and dealing in securities, may involve in the trading of, dealing in, and holding of the securities of the Company for client accounts.

ONGOING CONNECTED TRANSACTIONS

Pursuant to an announcement dated 5 December 2002, the Directors announced that the Company has applied to the Stock Exchange for a New Waiver in respect of the Ongoing Connected Transactions for a period of three financial years ending 31 December 2005. CNOOC indirectly owns an aggregate of approximately 70.61% of the issued share capital of the Company, and transactions between the CNOOC Group and the Group constitute connected transactions for the Company under the Listing Rules and are subject to approval from the Independent Shareholders.

13

LETTER FROM CAZENOVE ASIA LIMITED

PRINCIPAL FACTORS CONSIDERED

In considering whether or not the terms of the Ongoing Connected Transactions are fair and reasonable so far as the Independent Shareholders are concerned, we have taken into consideration, inter alia, the following principal factors:-

1. Background of the Existing Waiver

Prior to the Restructuring of CNOOC and establishment of the Company, the members of the CNOOC Group and the Group operated as an integrated organisation which undertook numerous intra-group transactions each year. As a consequence of the Restructuring and following the listing of the Company's shares on the Stock Exchange, a number of transactions which had been entered into and which were to be entered into between the Group and the CNOOC Group

Edgar Filing: CNOOC LTD - Form 6-K

constituted connected transactions for the Company under the Listing Rules.

Under the Listing Rules, the Ongoing Connected Transactions would normally require full disclosure and/or prior Independent Shareholders' approval. At the time of the IPO, the Directors considered that it would not be practical to make disclosure or if necessary, obtain Shareholders' approval for each transaction as it arises as such transactions would be conducted in the ordinary and usual course of business and occur on a regular basis on normal commercial terms that were considered fair and reasonable so far as the Shareholders were concerned. Therefore, on 14 November 2000, the Company made an application for a waiver to the Stock Exchange from strict compliance with the relevant requirements of the Listing Rules in respect of the Ongoing Connected Transactions between the CNOOC Group and the Group. Subsequently, the Stock Exchange, on 3 April 2001, granted the Existing Waiver to the Company subject to, inter alia, the conditions set out in the Prospectus. The Existing Waiver will expire on 31 December 2002 and the Company has applied to the Stock Exchange for the New Waiver.

2. Nature and principal terms of the Ongoing Connected Transactions

The following connected transaction agreements were entered into between the Group and the CNOOC Group at the time of the Company's IPO in relation to which the Company has applied to the Stock Exchange for the New Waiver. The Directors expect that the Company will continue to enter into transactions with the CNOOC Group as stated in these agreements, which will constitute Ongoing Connected Transactions:-

2.1 Contracts with foreign petroleum companies

As part of the Restructuring, and in preparation for the Company's IPO, CNOOC transferred to the Group all of its rights and obligations under the existing 37 production sharing contracts and one geophysical survey agreement and future contracts, except those rights and obligations relating to CNOOC's administrative functions. However, CNOOC remains and will remain a party to the production sharing contracts, as required by existing laws and regulations in the PRC. Under the PRC law, the negotiation of a production sharing contract is a function that only a national company, such as CNOOC, can perform. This function cannot be transferred to the Company because the Company is a pure commercial entity. The Company expects that in the normal course of its business activities, it will continue to enter into such arrangements with the CNOOC Group in the future. New production sharing contracts are entered into between CNOOC and foreign partners primarily through bidding organised by CNOOC and, to a lesser extent, through direct negotiation.

We have reviewed all the above contracts and the above agreement and note that no management fee and/or other costs will be charged by the CNOOC Group to the Group. Therefore, we agree with the Directors that the terms of these contracts and agreement are fair and reasonable so far as the Independent Shareholders are concerned.

2.2 Trademark licence agreements

CNOOC and CNOOC's associate are the respective registered owners of two "CNOOC" trademarks. Under two non-exclusive licence agreements entered into on 9 September 1999 and which are due to expire on 8 September 2008, the Group has obtained the right to use the trademarks for a nominal consideration of Rmb1,000 for each of the trademarks. The registration of the trademarks will expire on 6 December 2008 and 20 April 2009, respectively. Each of CNOOC and CNOOC's associate has undertaken that so long as CNOOC is the controlling shareholder (as defined in the Listing Rules) of the Company, it will renew the

Edgar Filing: CNOOC LTD - Form 6-K

registration of the trademarks to enable the Group to continue to use the trademarks without any additional payment.

Since no additional payment is required to be paid to CNOOC Group in relation to the above trademark licence agreements for the three financial years ending 31 December 2005 and the Board considers it to be beneficial to the Company to continue to enter into the trademark licence agreements, we are of the view that the terms of the trademark licence agreements are fair and reasonable so far as the Independent Shareholders are concerned.

14

LETTER FROM CAZENOVE ASIA LIMITED

2.3 Lease agreement in respect of Nanshan terminal

Under an agreement dated 9 September 1999 among CNOOC, CNOOC's associate and the Group, CNOOC and its associate have granted the Group a right to use the land and buildings comprising the Nanshan Terminal, Yacheng 13-1 without any consideration payable to CNOOC or its associate for a term of 20 years. The property is occupied by the Group for natural gas processing purposes.

Since no additional payment is required to be paid to CNOOC Group in relation to the above licence agreement in respect of Nanshan terminal for the three financial years ending 31 December 2005 and the Board considers it to be beneficial to the Company to continue to enter into such lease agreement, we are of the view that the terms of the licence agreement in respect of Nanshan terminal are fair and reasonable so far as the Independent Shareholders are concerned.

2.4 Provision of materials, utilities and ancillary services

Following the expiry of existing supply agreements in September 2002, CNOOC China, a wholly-owned subsidiary of the Company, renewed such supply agreements with four PRC subsidiaries of CNOOC for the supply to CNOOC China of materials, utilities and ancillary services, some of which may not be available from independent third parties or available on comparable terms. Details of the above connected transactions can be found in the Letter from the Board.

According to the agreements, these materials, utilities and ancillary services will be provided at:

- (i) state-prescribed prices; or
- (ii) where there is no state-prescribed price, market prices, including the local or national market prices; or
- (iii) when neither (i) nor (ii) is applicable, the cost to CNOOC's associates of providing the relevant materials, utilities and ancillary services, including the cost of sourcing or purchasing from third parties, plus a margin of not more than 5%, before any applicable taxes.

The prices, volumes and other terms for the supply of materials, utilities and ancillary services will be reviewed by the parties

Edgar Filing: CNOOC LTD - Form 6-K

annually. If any of the terms are to be amended, the parties will enter into a supplemental agreement no later than 60 days prior to the end of the financial year preceding the financial year in which such amendments are to take effect. If the parties fail to reach an agreement by then, the existing terms of the supply agreement will continue to apply until the parties agree on the terms of the supplemental agreement. The Company undertakes to comply with the provisions of the Listing Rules for any supplemental agreements to be entered into subsequently.

We have reviewed the supply agreements. Based on the above pricing structures as stated in the supply agreements, the priority is set under (i) to (iii) such that the price mechanism in (ii) and (iii) would only apply where the preceding price mechanism(s) are inapplicable. As (i) and (ii) are based on the state-prescribed prices and market prices, including the local or national market prices, respectively, we agree with the Directors that such basis is fair and reasonable as far as the Independent Shareholders are concerned.

In relation to (iii) above, when neither of the pricing mechanisms referred to in (i) or (ii) is applicable, then the supply agreements provide that prices will be based on the cost to CNOOC's associates of providing the relevant materials, utilities and ancillary services, including the cost of sourcing or purchasing from third parties, plus a margin of not more than 5%, before any applicable taxes. According to the Company, the margin of not more than 5% set out in the supply agreements is charged to cover the administrative expenses incurred by the CNOOC Group during the course of providing the relevant materials, utilities and ancillary services to the Company, and on that basis, we concur with the Directors' view that such pricing basis is fair and reasonable as far as the Independent Shareholders are concerned.

Based on the above, we agree with the Directors' views that the terms of these transactions are fair and reasonable as far as the Independent Shareholders are concerned.

2.5 Technical services

In connection with the Restructuring, CNOOC's associates transferred to the Group the existing technical services agreements with the specialised companies. These specialised companies provided services to the operators of oil and gas fields under production sharing contracts through an open bidding process. In 2002, the specialised companies novated these agreements to China Oilfield Services Limited ("COSL"), a company listed on the main board of the Stock Exchange and a subsidiary of CNOOC, who has since assumed the rights and obligations of the specialised companies thereunder, except in relation to the provision of engineering and construction services. The Group will continue to use the technical and labour services provided by COSL and the specialised companies.

Edgar Filing: CNOOC LTD - Form 6-K

At the time of COSL's listing, COSL made an application for a waiver to the Stock Exchange from strict compliance with the relevant requirements of the Listing Rules in respect of the Ongoing Connected Transactions under this sub-section between COSL and the Company. Subsequently, the Stock Exchange granted a waiver to COSL subject to, inter alia, the conditions set out in the prospectus of COSL dated 11 November 2002. The waiver granted to COSL will expire on 31 December 2004.

The prices COSL charged to the Company are based on arm's length negotiations with COSL on normal commercial terms no less favourable than those available to independent third parties, under prevailing local market conditions and reflect considerations such as volume of sales, length of contracts, package of services, overall customer relationship and other market factors and, in the case of the specialised companies, are based on an open bidding process. The Company expects that the costs relating to any future contract with COSL or the specialised companies will be on a similar basis.

We have reviewed the technical services agreement. The terms of the technical services agreement provide that the prices COSL charges to the Company are to be based on arm's length negotiations with COSL on normal commercial terms no less favourable than those available to independent third parties and, in the case of the specialised companies, are to be based on an open bidding process. Based on the above, we concur with the Directors' views that the terms of the technical services agreement are fair and reasonable as far as the Independent Shareholders are concerned.

2.6 Research and development services

General research and development services

Under the terms of an original general research and development services agreement dated 9 September 1999 with CNOOC's subsidiaries and China Offshore Oil Research Centre (the "Centre"), the Centre undertakes that a minimum number of hours per annum to be spent by its senior, middle rank and junior staff on services provided to the Group, which will not be less than 187,000, 215,000 and 150,000 hours per year, respectively, which is in line with the number of working hours spent by such staff during the two years ended 31 December 1998. The Group may request downward adjustments in light of the Group's requirements.

Following the expiry of the original three years' term of the general research and development services agreement, the Group and the Centre entered into a supplemental agreement to renew the original general research and development services agreement on the same terms and conditions for an indefinite period.

We have reviewed the captioned agreements. According to the Company, the above pricing structure set out in the general research and development agreement (as renewed) is determined based on the cost to the Centre of providing the general research and development services to the Group. On that basis, we concur with the Directors' views that the terms of the supplemental agreement to the general research and development services agreement are fair and reasonable as far as the Independent Shareholders are concerned.

Research and development services for particular projects

The Group may also use the research and development services

Edgar Filing: CNOOC LTD - Form 6-K

provided by the Centre for the provision of research and development services for particular projects through an open bidding process. The agreements for provision of research and development services for particular projects are entered into on a project-by-project basis.

As the Company adopts an open bidding process for its particular research and development projects, therefore we agree with the Directors that the terms of such agreements are fair and reasonable as far as the Independent Shareholders are concerned.

2.7 Lease and property management services

The Group has entered into a number of separate lease and property management agreements with CNOOC's associates. For details of each of these agreements, please refer to the Letter from the Board. Sallmanns, an independent valuer, has confirmed that the payments due under each of the lease agreements and management agreement reflects the fair and reasonable commercial market rent and/or management fee. According to the management of the Company, the Company has entered into further lease agreements since the IPO and will continue to enter into further leases from time to time on normal commercial terms, subject to the annual limits set out below.

We have discussed with Sallmanns the basis which they adopted and workings to support their confirmation and concur with the Directors' views that the terms of the lease agreements and property management agreement are fair and reasonable as far as the Independent Shareholders are concerned.

16

LETTER FROM CAZENOVE ASIA LIMITED

2.8 Sales of crude oil, condensate oil and liquefied petroleum gas

The Group may sell crude oil, condensate oil and liquefied petroleum gas to associates of CNOOC, which are engaged in the downstream petroleum business, at international market prices on normal commercial terms. The Company has confirmed that the prices for such sales are, and will be, no less favourable to the Group than the prices for sales to independent third party customers of the Group such as China Petroleum & Chemical Corporation, PetroChina Company Limited and Castle Peak Power Company Limited.

We have reviewed the supply agreements. As the prices are to be determined at international market prices under those supply agreements and the Company has confirmed that the prices are, and will be, no less favourable to the Group than the prices for sales to independent third party customers of the Group, we concur with the Directors' views that the terms of these transactions are fair and reasonable as far as the Independent Shareholders are concerned.

3. Reasons for the Ongoing Connected Transactions

As stated in the Letter from the Board, the Ongoing Connected Transactions will be conducted in the ordinary and usual course of business of the Company. The Directors have confirmed that these transactions will

Edgar Filing: CNOOC LTD - Form 6-K

continue to be agreed on an arm's length basis with terms that are fair and reasonable to the Company. The Board also considers it to be beneficial to the Company to continue to enter into the Ongoing Connected Transactions with CNOOC Group as these transactions have facilitated and the Board considers will continue to facilitate the operation and growth of the Company's business.

4. Implementation of the Ongoing Connected Transactions under the Existing Waiver

Set out below are details of the actual amount of each of the Ongoing Connected Transactions referred to under sub-sections 2.4 to 2.8 above for the two financial years ended 31 December 2001 and the six months ended 30 June 2002 (the "Relevant Period") as compared with the annual limits set out in the Existing Waiver.

Category of the Ongoing Connected Transactions	For the 12 months ended 31 December		For the 6 months ended 30 June 2002	Annual limits in Existing Waiver
	2000 Rmb million (% of the Group's total revenue)	2001 Rmb million (% of the Group's total revenue)	2002 Rmb million (% of the Group's total revenue)	
* Materials, utilities and ancillary services supply agreements	793 (3.27%)	815 (3.91%)	272 (2.56%)	10% of the audited consolidated total revenues of the Company in the immediate preceding financial year
* Technical services	2,038 (8.41%)	2,367 (11.37%)	918 (8.63%)	2000: Rmb 2,200 million 2001: Rmb 3,800 million 2002: Rmb 5,300 million
* Research and development services for particular services	52 (0.21%)	50 (0.24%)	46 (0.43%)	2000: Rmb 140 million 2001: Rmb 150 million 2002: Rmb 160 million
* General research and development services agreement	110 (0.45%)	110 (0.53%)	44 (0.41%)	2000: Rmb 110 million 2001: Rmb 110 million 2002: Rmb 110 million

of the audited
 consolidated total
 revenues of the
 Company in the
 immediate
 financial year

5. Application for the New Waiver

Set out below is a summary of the existing and proposed cap amounts for each of the Ongoing Connected Transactions for each of the three financial years ending on 31 December 2005 as well as the basis of determination of the aggregate annual volume of the transactions:-

Category of the Ongoing Connected Transactions	Annual limit in the Existing Waiver	Proposed annual limit in the New Waiver	Basis of determination of the new cap amounts
* Materials, utilities and ancillary services supply agreements	10% of the audited consolidated total revenues of the Company in the immediate preceding financial year	unchanged	During the Relevant Period, the maximum amount in this category was 3.91%. Based on this track record and the projection of future needs of such services and prices and availability of alternative providers of such services, the Directors believe that the new cap amount for the coming three years ending on 31 December 2005 should remain at 10% of the audited consolidated total revenues of the Company in the immediate preceding financial year. The Directors believe that the existing limit provides sufficient flexibility to the Group.
* Technical Services	In respect of the three financial years ending 31 December 2002, Rmb 2,200 million, Rmb 3,800 million and Rmb 5,300 million, respectively	In respect of the three financial years ending 31 December 2005, Rmb 5,853 million, Rmb 7,338 million and Rmb 4,880 million, respectively	During the Relevant Period, the maximum amount in this category was Rmb 2,367 million. Based on the continued expansion of existing oilfields and the development of two newly discovered oilfields in Bohai Bay which the Directors expect to be completed by the end of year 2004, the Directors believe that the

new cap amount for such services should be set at Rmb 5,853 million, Rmb 7,338 million and Rmb 4,880 million for the three financial years ending on 31 December 2005. The increase in the cap amounts for such services also reflect the fact that the Company is increasingly involved in the operation of oilfields which in turn involves the provision of a higher amount of technical services. The Directors are of the view that the new cap amounts provide sufficient increment for the Group to capture the Group's future anticipated expansion plan.

* Research and development services for particular projects	In respect of the three financial years ending 31 December 2002, Rmb 140 million, Rmb 150 million and Rmb 160 million, respectively	In respect of the three financial years ending 31 December 2005, Rmb 141 million, Rmb 148 million and Rmb 153 million, respectively	During the Relevant Period, the maximum amount in this category was Rmb 52 million. Based on this track record and the Company's projection of future needs for such services, the Directors believe the new cap amounts for each of the three financial years ending 31 December 2005 should be marginally revised downward to Rmb
---	---	---	---

LETTER FROM CAZENOVE ASIA LIMITED

141 million, Rmb 148 million and Rmb 153 million respectively, to take into account the possible inclusion of the research and development service within the Company. The Directors believe such new cap amounts provide sufficient flexibility to the Group.

* General research and development services agreement	Rmb 110 million	unchanged	During the Relevant Period, the maximum amount in this category was Rmb 110 million. Based on the existing track record and the Company's projection of future needs for such services, the
---	-----------------	-----------	---

Directors believe that the new cap amount for the coming three financial years ending 31 December 2005 should be maintained at Rmb 110 million. The Directors believe maintaining the existing cap amount provides sufficient flexibility to the Group.

* Lease and property management services	Rmb 55 million	Rmb 78 million	During the Relevant Period, the maximum amount in this category was Rmb 49 million. Based on the Company's projection of future expansion of its business and availability of alternative providers, the Directors believe that the new cap amounts for each of the coming three years ending 31 December 2005 should increase to Rmb 78 million. The Directors believe such new cap amount provides sufficient flexibility to the Group.
* Sales of crude oil, condensate oil and liquefied petroleum gas	In respect of the three financial years ending 31 December 2002, 4%, 25% and 38%, respectively, of the audited consolidated total revenues of the Company in the immediate financial year	In respect of the three financial years ending 31 December 2005, 42%, 56% and 82% respectively, of the projected consolidated total revenues of the Company	During the Relevant Period, the maximum amount in this category was Rmb 1,950 million and the amount has been increasing substantially during the Relevant Period. Based on the existing track record and the ongoing development of existing oilfields and the development of two new oilfields in Bohai Bay which the Directors expect to be completed by the end of year 2004, the Directors believe the new cap amounts for the coming three financial years ending on 31 December 2005 should not exceed Rmb 8,300 million, Rmb 12,250 million and Rmb 19,775 million respectively. The increases in such cap amounts also reflect the fact that the crude oil from new oilfields, which is made up of a higher proportion of heavy crude oil, needs to undergo refining processes which are carried out primarily by the CNOOC Group. The increases in such cap amounts also reflect the fact that the Company may be able

to sell its products at higher prices to the CNOOC Group due to lower transportation costs. The terms of such sales to the CNOOC Group are, and will be, no less favourable to the Group than sales to independent third parties. The cap amounts are based on the Company's own projections of

19

LETTER FROM CAZENOVE ASIA LIMITED

revenues and are intended to provide the Company with a certain level of flexibility. The Company will continue to deal with other customers in its normal course of business. The Directors also believe such new cap amounts provide sufficient flexibility to the Group.

We have reviewed the historical figures provided by the Company for each of the Ongoing Connected Transactions during the Relevant Period. Based on those historical figures, we note that the volume of the above Ongoing Connected Transactions carried out by the Group during the Relevant Period were within the relevant caps set under the Existing Waiver. On that basis, and based on the representations of the Directors, including but not limited to, their representations relating to the track record and the Company's projection of the Group's future developments (including, but not limited to, the two new oilfields in Bohai Bay) and needs, we are of the view that the new caps proposed by the Directors for each of the above transactions are reasonable.

6. Conditions of the New Waiver

Under the Listing Rules, the Ongoing Connected Transactions as stated in paragraphs 2.3 to 2.8 above would normally require full disclosure and/or prior Independent Shareholders' approval. However, as the Directors consider that such transactions have been, and/or will continue to be carried out in the ordinary and usual course of business and occur on a regular basis on normal commercial terms and on terms that are fair and reasonable so far as the Shareholders are concerned, the Directors considered that it would not be practical to make disclosure or if necessary, obtain Shareholders' approval for each transaction as it arises. Accordingly, the Company has applied to the Stock Exchange to grant the New Waiver for a period of three years up to 31 December 2005 from the relevant requirements of the Listing Rules in respect of the Ongoing Connected Transactions as described above and matters arising out of or in connection with such Ongoing Connected Transactions on the conditions that:

Edgar Filing: CNOOC LTD - Form 6-K

- (i) in relation to the Ongoing Connected Transactions referred to in the sub-sections 2.1 to 2.3 above, the transactions, and the respective agreements (if any) governing such transactions, must be on terms that are fair and reasonable so far as the Company's shareholders are concerned and in relation to the Ongoing Connected Transactions referred to in the sub-sections 2.4 to 2.8 above, the transactions, and the respective agreements (if any) governing such transactions must be:
 - a. entered into by the Group in its ordinary and usual course of business;
 - b. either on normal commercial terms or, where there is no available comparison, on terms no less favourable than those available to or from independent third parties; and
 - c. on terms that are fair and reasonable so far as the Shareholders are concerned;
- (ii) brief details of the Ongoing Connected Transactions in each year as required by Rule 14.25(1)(A) to (D) of the Listing Rules, i.e., the date or period of the transaction, the parties thereto and a description of their connected relationship, a brief description of the transaction and the purpose of the transaction, the total consideration and the terms, and the nature and the extent of the interest of the connected person in the transaction, shall be disclosed in the Company's annual report and accounts for the relevant year;
- (iii) the Company's independent non-executive Directors shall review annually the transactions and confirm, in the Company's annual report and accounts for the year in question, that such transactions have been conducted in the manner stated in (i) above and, where applicable, within the limit referred to in (v) below;
- (iv) the Company's auditors shall carry out review procedures annually in relation to the Ongoing Connected Transactions and shall confirm in writing whether the transactions:
 - a. received the approval of the Directors;
 - b. have been entered into in accordance with the pricing policies as stated in the Company's financial statements; and
 - c. have been entered into in accordance with the terms of the agreement governing the transactions or, where there is no agreement, on terms that are not less favourable than terms available to or from independent third parties.

For the purpose of the above review by the Company's auditors, CNOOC has undertaken to the Company that it will provide the auditors with access to its relevant accounting records;

Edgar Filing: CNOOC LTD - Form 6-K

- (v) the aggregate annual value of transactions shall not exceed the proposed annual limits set out in section 5 "Application for the New Waiver" above.
- (vi) the Company will undertake that if any of the terms of the agreements or arrangements referred to above are altered or if the Group enters into any new agreements with any connected persons (within the meaning of the Listing Rules) in the future or if the limits stated in section 5 "Application for the New Waiver" above are exceeded, the Company will comply with the provisions of Chapter 14 of the Listing Rules dealing with connected transactions unless it applies for and obtains a separate waiver from the Stock Exchange.

RECOMMENDATION

Having taken into account the information and representations provided to us and the above principal factors and reasons and the conditions stipulated by the Stock Exchange, we are of the opinion that the terms of the Ongoing Connected Transactions are fair and reasonable so far as the Company and the Independent Shareholders are concerned and the Ongoing Connected Transactions are in the interests of the Company and the Independent Shareholders. Accordingly, we advise the IBC to recommend the Independent Shareholders to vote in favour of the ordinary resolution to be proposed at the EGM to approve the Ongoing Connected Transactions and the transactions contemplated thereunder.

Yours faithfully,
For and on behalf of
Cazenove Asia Limited

May Tan
Managing Director

Karman Hsu
Director and Head of Corporate Finance

NOTICE OF EXTRAORDINARY GENERAL MEETING

The following is the text of the notice of extraordinary general meeting despatched to Shareholders on 5 December 2002 which is reproduced below for ease of reference.

Edgar Filing: CNOOC LTD - Form 6-K

[LOGO]

CNOOC Limited
[CHINESE CHARACTERS]
(Incorporated in Hong Kong with limited liability
under the Companies Ordinance)

NOTICE IS HEREBY GIVEN that an extraordinary general meeting of the shareholders of CNOOC Limited (the "Company") will be held at Island Shangri-la Hong Kong, Two Pacific Place, Supreme Court Road, Hong Kong on 23 December 2002 at 11 am for the purpose of considering and, if thought fit, passing, with or without modification, the following resolutions as Ordinary Resolutions:

ORDINARY RESOLUTION

1. "THAT the ongoing connected transactions as described in the Announcement made by the Company on 5 December 2002, which the Company expects to occur on a regular and continuous basis in the ordinary and usual course of business of the Company and its subsidiaries, as the case may be, be and are hereby generally and unconditionally approved and the directors of the Company are hereby authorised to do all such further acts and things and execute such further documents and take all such steps which in their opinion may be necessary, desirable or expedient to implement and/or give effect to the terms of such transactions."

By Order of the Board
Cao Yunshi
Company Secretary

Hong Kong, 5 December 2002

25

NOTICE OF EXTRAORDINARY GENERAL MEETING

Notes:

1. Shareholders whose names are registered in the register of members of the Company on or before 18 December 2002 are entitled to attend and vote at the Extraordinary General Meeting.
2. Any Shareholder entitled to vote at the Extraordinary General Meeting is entitled to appoint one (1) or more proxies to attend and vote on his behalf. A proxy need not be a shareholder of the Company. Shareholders must appoint a proxy in writing. Such instrument should be signed by the person appointing the proxy or by such person's authorised representative. If the form of proxy is signed by another person so authorised by the shareholder, the power of attorney or other authorising document must be certified by a notary. The notarially certified power of attorney or other authorising document together with the proxy form must be returned to the Registered Office of the Company

Edgar Filing: CNOOC LTD - Form 6-K

not later than 48 hours prior to the commencement of the Extraordinary General Meeting. The completion and deposit of a form of proxy will not preclude any shareholder from attending and voting at the Extraordinary General Meeting.

3. Each shareholder (or his/her proxy) shall be entitled to one vote for each share held. If a shareholder has appointed more than one proxy to attend the meeting, the voting rights can only be exercised by way of poll.

Address of the Registered Office of the Company:
