Magal Security Systems Ltd. Announces 2004 Fourth Quarter and Full Year Results

Monday February 14, 8:00 am ET

YAHUD, Israel, February 14 /PRNewswire-FirstCall/ -- Magal Security Systems Ltd. (NASDAQ NM:MAGS; TASE:MAGS) today announced its consolidated financial results for the three and twelve month periods ended December 31, 2004.

Revenues for the fourth quarter of 2004 reached US\$17.0 million, a decrease of 3.9 percent from US\$17.7 million reported for the fourth quarter of 2003 and a sequential increase of 11.3 percent over US\$15.3 million achieved for the third quarter of 2004.

Gross profit for the fourth quarter of 2004 reached US\$7.6 million (or 45.0 percent of revenues), compared with US\$7.9 million (or 44.5 percent of revenues) for the fourth quarter of 2003 and US\$6.8 million (or 44.7 percent of revenues) for the third quarter of 2004.

Operating income for the fourth quarter of 2004 reached US\$855,000 compared with \$1.1 million for the fourth quarter of 2003 and US\$1.2 million for the third quarter of 2004.

Net income for the fourth quarter of 2004 reached US\$442,000, compared with net income of US\$529,000 for the fourth quarter of 2003 and net income of US\$663,000 in the third quarter of 2004.

Diluted earnings per share for the fourth quarter was US\$0.05, compared with diluted earnings per share of US\$0.06 in the same period last year.

Total revenues for the year ended December 31, 2004 reached US\$61.0 million, an increase of 2.7 percent compared with US\$59.4 million reported for the year ended December 31, 2003.

Operating and net income for 2004, reached US\$2.9 million and US\$1.1 million, respectively, compared with US\$4.3 million and US\$2.4 million achieved for 2003, respectively. This represents a decrease of 32.5 percent and 56.2 percent, respectively, over 2003.

In 2004, the Company recorded an expense of US\$1.2 million relating to an award granted in the second quarter of 2004 by the Company's two principal shareholders out of their personal funds to all of the Company's employees. According to generally accepted accounting principles in the United States (US GAAP), such a grant was recorded as an expense in the second quarter, although it did not affect the Company's shareholders' equity nor its statement of

cash-flows.

Diluted earnings per share for the year ended December 31, 2004 was US\$0.12, compared with US\$0.29 in year ended December 31, 2003.

Commenting on the results, Mr. Jacob Even-Ezra, Chairman of Magal, said: "Magal's revenues that were generated from markets outside of Israel increased as planned in 2004 and offset the decrease in income from the seamline project in Israel. The seamline project, which made a major contribution to the Company's revenues in 2003, was stalled due to litigation in Israel. Management is satisfied with the fact that the Company was once again able to show its strength in the different markets in the world and that the Company's revenues increased in 2004 despite the weakness in the Israeli market. We believe that in 2005, Magal will receive new orders for the seamline project."

"If we compare the Company's income before tax in 2004 with 2003, our income before tax increased slightly in 2004 if we exclude the expenses associated with the award to employees granted by our two principal shareholders out of their personal funds."

Mr. Even-Ezra concluded: "Based on our current backlog and forecasts, management believes that the Company's results in 2005 will show significant improvement over 2004."

The Company will be hosting its quarterly conference call at  $11:00\,\mathrm{am}$  EST today. Mr. Jacob Even-Ezra, Chairman of the Board & CEO, and Ms. Raya Asher, V.P. Finance & CFO, will review and discuss the fourth quarter and full year 2004 results. They will then be available to answer questions.
