Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

Management currently is not aware of any other matters which will come before the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons designated as proxies intend to vote in accordance with their best judgment on such matters.

Proxies for use at the Annual Meeting are being solicited by and on behalf of our Board of Directors, primarily through the use of the mails. We have retained Morrow & Co., Inc., a professional proxy solicitation firm, to assist in the solicitation of proxies and will pay Morrow & Co., Inc. a fee of approximately \$3,500. In addition, our officers, directors, employees and other agents, none of whom will receive additional compensation therefor, may solicit proxies by telephone, telegram or other personal contact. We will bear the cost of the solicitation of proxies, including postage, printing and handling and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of shares of our common stock.

REVOCABILITY AND VOTING OF PROXY

A form of proxy for use at the Annual Meeting and a return envelope for the proxy are enclosed. Unless otherwise indicated on the form of proxy, shares of our common stock represented by any proxy in the enclosed form, assuming the proxy is properly executed and received by us prior to the Annual Meeting, will be voted with respect to the following items on the agenda: (i) the election of each of the nominees for Class II director as shown on the form of proxy; and (ii) the ratification of the appointment of Arthur Andersen LLP as our independent public accountants.

Stockholders may revoke the authority granted by their execution of a proxy at any time prior to the effective exercise of the powers conferred by that proxy by filing with our Secretary a written notice of revocation or a duly executed proxy bearing a later date or by voting in person at the meeting. Shares of our common stock represented by executed and unrevoked proxies will be voted in accordance with the instructions specified in such proxies. If no specifications are given, the proxies intend to vote the shares represented thereby "FOR" the election of each of the nominees for director as shown on the form of proxy and "FOR" the ratification of the appointment of Arthur Andersen LLP as our independent public accountants and in accordance with their best judgment on any other matters which may properly come before the meeting.

The holders of a majority of the outstanding shares of our common stock, present in person or by proxy and entitled to vote, will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum but will not be counted with respect to the specific matter being voted upon. "Broker non-votes" are shares held by brokers or nominees which are present in person or represented by proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner.

PROPOSAL NO. 1--ELECTION OF CLASS II DIRECTORS

Three Class II directors are to be elected at the Annual Meeting. Unless otherwise specified, the enclosed proxy will be voted in favor of the persons named below (each of whom is currently one of our directors). Our Board of Directors has been classified pursuant to our Amended and Restated Certificate of Incorporation. In accordance with the provisions of the Certificate of Incorporation, we divided our directors into three classes, designated Class I, Class II and Class III. Each class consists, as nearly as possible, of one-third of the total number of directors constituting our entire Board of Directors. Class I directors will serve until the 2003 annual meeting of our stockholders, Class II directors will serve until this Annual Meeting and Class III directors will serve until the 2002 annual meeting of our stockholders. At each annual meeting of our stockholders, successors to the directors whose terms expire at that annual meeting will be elected for a three-year term. The Annual Meeting is our second annual meeting since our initial public offering in August 1999.

Michael LaBranche, Alfred O. Hayward, Jr. and Robert M. Murphy currently serve as Class I directors for a term expiring at the 2003 annual meeting of our stockholders or at a special meeting held in lieu thereof; James G. Gallagher, S. Lawrence Prendergast and George E. Robb, Jr. currently serve as Class II directors for a term expiring at this Annual Meeting or at a special meeting held in lieu thereof; and E. Margie Filter, Thomas E. Dooley and Harvey S. Traison currently serve as Class III directors for a term expiring at the annual meeting of our stockholders to be held in 2002 or at a special meeting held in lieu thereof. Messrs. Robb and Murphy became Class II and Class I directors, respectively, in connection with our acquisition of ROBB PECK McCOOEY Financial Services, Inc. on March 15, 2001. In accordance with the provisions of our certificate of incorporation, each of James G. Gallagher, S. Lawrence Prendergast and George E. Robb, Jr. has been nominated for election as a Class II director at the Annual Meeting. If any of these nominees becomes unavailable for any reason, or if a vacancy should occur before the election, the shares represented by the proxy will be voted for the person, if any, who is designated by our Board of Directors to replace the nominee or to fill the vacancy. All three of the current nominees have consented to be named and have indicated their intent to serve if elected. Our Board of Directors has no reason to believe that any of the nominees will be unable to serve or that any vacancy on the Board of Directors will occur.

EXECUTIVE COMPENSATION

Prior to our reorganization transactions in August 1999, many of our managing directors were members of LaB Investing Co. L.L.C., the former general partner of our specialist subsidiary, LaBranche & Co. LLC (when it was a partnership). The aggregate amount of compensation received by all our managing directors generally approximated LaB Investing Co. L.L.C.'s interest in LaBranche & Co. LLC's income before managing directors' compensation. These payments of compensation were allocated among our managing directors based on the managing directors' respective percentage interests in the profits of LaB Investing Co. L.L.C. Since our reorganization from partnership to corporate form, our managing directors, including our executive officers, receive compensation in the form of salary plus participation in our Equity Incentive Plan and our Annual Incentive Plan.

The following table sets forth the annual compensation we paid during fiscal 2000 and 1999 to our Chief Executive Officer and our four other highest paid executive officers named in the table whose total salary for fiscal 2000 and 1999 exceeded \$100,000 for services rendered in all capacities. The amounts for 1999 reflect the amounts paid to these individuals under the compensation arrangements in effect prior to our reorganization in August 1999, plus amounts paid under the restructured compensation plan following our reorganization. As a

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

result, these amounts may not be indicative of amounts to be paid to the named executive officers in future years.

EMPLOYMENT AGREEMENTS AND NONCOMPETITION AGREEMENTS

As part of the reorganization of our firm from partnership to corporate form in anticipation of our initial public offering, our managing directors at that time, all of whom were members of LaB Investing Co. L.L.C. prior to the initial public offering, exchanged their membership interests in LaB Investing Co. L.L.C. for shares of our common stock. We entered into employment agreements, pledge agreements and agreements regarding noncompetition and other covenants with managing directors. We have also entered into an employment agreement and noncompetition agreement with S. Lawrence Prendergast, our Executive Vice President, Finance, and an employment agreement with Harvey S. Traison, our Senior Vice President and Chief Financial Officer, which contains comparable provisions regarding noncompetition. The material terms of the employment, noncompetition and pledge agreements are described below.

THE EMPLOYMENT AGREEMENTS

Each employment agreement, other than the employment agreements with Messrs. Prendergast and Traison, has an initial term of at least one but not more than five years, requires the employee to devote his entire working time to our business and affairs, contains various restrictive covenants and is terminable on 90 days' notice by either party. The employment agreement with Mr. Prendergast had an initial term of one year, and was automatically renewable for additional one-year periods and terminable on 30 days' notice by either party. Mr. Prendergast's employment agreement requires him to devote his time as is reasonably necessary for him to perform his duties and responsibilities. The employment agreement with Mr. Traison has an initial term of three years expiring on March 17, 2003, requires him to devote substantially all his business time to the performance of his duties and responsibilities, is terminable on 90 days' notice by either party and provides for automatic one-year renewals, subject to notice of termination.

THE NONCOMPETITION AGREEMENTS

Each noncompetition agreement contains the following provisions:

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

CONFIDENTIALITY. The managing director or executive officer who is a party to the agreement is required to protect and use "confidential information" in accordance with the restrictions which we place on its use and disclosure.

NONCOMPETITION. During employment and until the later of 12 months following termination of employment with us or the fifth anniversary of our initial public offering, the managing director or executive officer who is a party to the agreement may not:

- form, or acquire a 5% or greater ownership, voting or profit participation interest in, any competitive enterprise; or
- associate with any competitive enterprise and in connection with such association engage in, or directly or indirectly manage or supervise personnel engaged in, any business activity that is related to his or her activities with us.

For this purpose, a "competitive enterprise" is any business enterprise that engages in activity, or owns or controls a significant interest in an entity that engages in activity that competes directly or indirectly, with any activity in which we are engaged. These activities include, without limitation, specialist services and/or securities brokerage, sales, lending, custody, clearance, settlement or trading.

NONSOLICITATION. During employment and until the later of 12 months following termination of employment with us or the fifth anniversary of our initial public offering, the managing director or executive officer who is a party to the agreement may not, directly or indirectly:

- solicit any of our listed companies;
- interfere with or damage any relationship between us and any of our listed companies or prospective listed companies; or
- solicit any of our employees to apply for, or accept employment with, any competitive enterprise.

TRANSITION ASSISTANCE. Each noncompetition agreement also provides that the managing director or executive officer who is a party to the agreement will take all actions and do all things reasonably requested by us during a 90-day transition period following termination of employment to maintain the business, goodwill and business relationships in which or with which he or she was previously involved on our behalf.

LIQUIDATED DAMAGES. If a managing director breaches the noncompetition or nonsolicitation provisions of the noncompetition agreement before the later of 12 months following termination of employment with us or the fifth anniversary of the date of our initial public offering, then he or she will be liable for liquidated damages in an amount equal to 75% of the aggregate value of the common stock and cash received by that managing director from us in exchange for his or her membership interest in LaB Investing Co. L.L.C. Neither the noncompetition agreement with our Executive Vice President, Finance nor the noncompetition provisions of the employment agreement with our Senior Vice President/Chief Financial Officer provides for the payment of liquidated damages.

THE PLEDGE AGREEMENTS

Under the pledge agreements, the liquidated damages obligations under the noncompetition agreements are secured by a pledge of common stock with an initial value equal to 100% of the liquidated damages amount. A managing director's pledge agreement will terminate on the earliest to occur of:

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

- the death of the managing director;

10

- the fifth anniversary of the date of the completion of our initial public offering; or
- payment in cash or other satisfaction by the managing director of all liquidated damages incurred.

NONEXCLUSIVITY AND ARBITRATION

The liquidated damages and pledge arrangements discussed above are not exclusive of any injunctive relief to which we may be entitled for a breach of a covenant against competition or solicitation. Prior to and after the expiration of the pledge agreements, we will be entitled to all available remedies for a breach of the noncompetition agreements. The employment and noncompetition agreements generally provide that any disputes thereunder will be resolved by binding arbitration.

INCENTIVE AWARDS TO LABRANCHE'S EMPLOYEES

THE EQUITY INCENTIVE PLAN

As of December 31, 2000, there were outstanding, under our Equity Incentive Plan, (1) options granted to our executive officers to purchase an aggregate of 1,150,000 shares of our common stock at a purchase price of \$14.00, (2) restricted stock units for 950,262 shares of common stock granted to our employees, (3) 300,000 shares of restricted stock issued to three floor brokers at our Henderson Brothers subsidiary and (4) 368 shares of unrestricted stock issued to one of our independent directors as compensation for her attendance at board meetings in 1999. Subject to continuing service with the firm and certain other conditions, the options already granted generally are exercisable in three equal annual installments commencing on the first anniversary of the date of the grant. The outstanding restricted stock units generally will vest in three equal annual installments commencing on August 24, 2002 (the third anniversary of our August 24, 1999 initial public offering). The 300,000 shares of restricted stock, which were granted to three floor brokers of our Henderson Brothers subsidiary in August and September 2000, vest in three annual installments on the anniversary of the date they were granted, subject to their continued employment with Henderson Brothers.

TYPES OF AWARDS. The Equity Incentive Plan provides for grants of options to purchase shares of common stock, including options intended to qualify as incentive stock options ("ISOs") (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended), and options which do not qualify as ISOs ("NQSOs"), restricted shares of our common stock, restricted stock units, the value of which is tied to shares of our common stock, and other equity-based awards related to our common stock.

AVAILABLE SHARES. A maximum of 4,687,500 shares of our common stock has been reserved for issuance under the Equity Incentive Plan. The number, class and exercise price per share will be adjusted proportionately or as otherwise appropriate to reflect any increase in, decrease in, or exchange of the outstanding shares of our common stock through merger, consolidation, recapitalization, reclassification, stock split, reverse stock split, stock dividend or similar corporate transaction. These shares may be authorized but unissued shares of our common stock or issued shares of our common stock held in our treasury or otherwise acquired for the purposes of the Equity Incentive Plan. New awards may be granted under the Equity Incentive Plan with respect to shares of our common stock covered by any award that terminates or expires by

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

its terms (by cancellation or otherwise) or with respect to shares of our common stock that are withheld or surrendered to satisfy a recipient's income tax or other withholding obligations or tendered to pay the purchase price of any award. As of December 31, 2000, there were available 2,192,701 shares of our common stock with respect to which awards may be granted under the Equity Incentive Plan.

The maximum number of shares of our common stock with respect to which options, restricted stock, restricted stock units or other equity-based awards may be granted under the Equity Incentive

11

Plan during any calendar year to any employee may not exceed 500,000 shares, subject to adjustment upon certain corporate transactions (as described above).

ELIGIBILITY. Awards under the Equity Incentive Plan may be granted to any of our directors, officers, managing directors or other employees, including any prospective employee, and to any of our advisors or consultants selected by the compensation committee of our Board of Directors.

ADMINISTRATION. The Equity Incentive Plan is administered by the compensation committee of our board of directors. The compensation committee has full discretion and authority to make awards under the Equity Incentive Plan, to apply and interpret the provisions of the Equity Incentive Plan and to take such other actions as may be necessary or desirable in order to carry out the provisions of the Equity Incentive Plan. The determinations of the compensation committee on all matters relating to the Equity Incentive Plan and the options, restricted stock, restricted stock units and other equity-based awards granted thereunder are final, binding and conclusive.

STOCK OPTIONS. The compensation committee may authorize the grant of ISOs and NQSOs in such amounts and subject to such terms and conditions as it may determine. The exercise price of an option granted under the Equity Incentive Plan may not be less than the fair market value of our common stock on the date of grant (as determined under the plan). Unless sooner terminated or exercised, options will generally expire ten years from the date of grant. Payment for shares acquired upon the exercise of an option may be made (as determined by the compensation committee) in cash and/or such other form of payment as may be permitted from time to time, which may include previously-owned shares of our common stock or pursuant to a broker's cashless exercise procedure. Except as otherwise permitted by the compensation committee, no option may be exercised more than 30 days after termination of the optionee's service (or, if the optionee's service is terminated by reason of disability or death, one year thereafter). If an optionee's employment is terminated for cause, the options held by such optionee immediately terminate. An optionee has none of the rights of a stockholder with respect to shares subject to an option until the issuance of such shares.

RESTRICTED STOCK. The compensation committee may grant restricted shares of our common stock in amounts, and subject to terms and conditions (such as time and/or performance-based vesting criteria), as it may determine. Generally, prior to vesting, the recipient has the rights of a stockholder with respect to the restricted stock, subject to any restrictions and conditions as the compensation committee may include in the award agreement.

RESTRICTED STOCK UNITS. The compensation committee may grant restricted stock units, the value of which is tied to shares of our common stock, in amounts, and subject to terms and conditions, as the compensation committee may determine. Recipients of restricted stock units have only the rights of general unsecured creditors and no rights as a stockholder until the common stock referenced by the restricted stock units is delivered to the recipient.

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

OTHER EQUITY-BASED AWARDS. The compensation committee may grant other types of equity-based awards related to our common stock under the Equity Incentive Plan, including the grant of unrestricted shares of our common stock and stock appreciation rights, in amounts and subject to terms and conditions as the compensation committee may determine. These awards may involve the transfer of actual shares of common stock or the payment in cash or otherwise of amounts based on the value of shares of our common stock.

CHANGE IN CONTROL. The compensation committee may provide, in any award agreement, for provisions relating to a "change in control" of us or any of our subsidiaries or affiliates, including, without limitation, the acceleration of the exercisability of, or the lapse of restrictions with respect to, the award.

NONASSIGNABILITY. Except to the extent otherwise provided in an award agreement or approved by the compensation committee with respect to NQSOs, no award granted under the Equity Incentive

12

Plan will be assignable or transferable other than by will or by the laws of descent and distribution and all awards will be exercisable during the life of a recipient only by the recipient or his or her legal representative.

AMENDMENT AND TERMINATION. The Equity Incentive Plan may be amended or terminated at any time by our board of directors, subject, however, to stockholder approval in the case of certain material amendments, such as an increase in the number of shares available under the Equity Incentive Plan or a change in the class of individuals eligible to participate in the Equity Incentive Plan.

U.S. FEDERAL INCOME TAX CONSEQUENCES. The following is a brief description of the material U.S. federal income tax consequences generally applicable to awards granted under the Equity Incentive Plan.

The grant of an option will have no income tax consequences to the recipient or to us. Upon the exercise of an option, other than an ISO, the recipient generally will recognize ordinary income equal to the excess of the fair market value of the shares of common stock subject to the option on the date of exercise over the exercise price for such shares (i.e., the option spread), and we generally will be entitled to a corresponding tax deduction in the same amount. Upon the sale of the shares of our common stock acquired pursuant to the exercise of an option, the recipient will recognize capital gain or loss equal to the difference between the selling price and the sum of the exercise price plus the amount of ordinary income recognized on the exercise.

A recipient generally will not recognize ordinary income upon the exercise of an ISO (although, on exercise, the option spread is an item of tax preference potentially subject to the alternative minimum tax), and we will not receive any deduction. If the stock acquired upon exercise of an ISO is sold or otherwise disposed of within two years from the grant date or within one year from the exercise date, then gain realized on the sale generally is treated as ordinary income to the extent of the ordinary income that would have been realized upon exercise if the option had not been an ISO, and we generally will be entitled to a corresponding deduction in the same amount. Any remaining gain is treated as capital gain.

If the shares acquired upon the exercise of an ISO are held for at least two years from the grant date and one year from the exercise date and the recipient is employed by us at all times beginning on the grant date and ending on the date three months prior to the exercise date, then all gain or loss realized upon the sale will be capital gain or loss and we will not receive any

deduction.

In general, an individual who receives an award of restricted stock will recognize ordinary income at the time such award vests in an amount equal to the difference between the value of the vested shares and the purchase price for such shares, if any, and we generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the recipient at such time.

The recipient of an award of restricted stock units generally will recognize ordinary income upon the issuance of the shares of common stock underlying such restricted stock units in an amount equal to the difference between the value of such shares and the purchase price for such units and /or shares, if any, and we generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the recipient at such time.

13

With respect to other equity based awards, upon the payment of cash or the issuance of shares or other property that is either not restricted as to transferability or not subject to a substantial risk of forfeiture, the participant generally will recognize ordinary income equal to the cash or the fair market value of shares or other property delivered, less any amount paid by the participant for such award. Generally, we will be entitled to a deduction in an amount equal to the ordinary income recognized by the participant.

THE ANNUAL INCENTIVE PLAN

We adopted the LaBranche & Co Inc. Annual Incentive Plan at the time of our initial public offering in August 1999. Our managing directors and other employees selected by the compensation committee of our board of directors are eligible to participate in the Annual Incentive Plan. Under this plan, a compensation pool of up to 30% of our pre-tax income, or such lesser percentage determined by the compensation committee, is set aside for our managing directors and other employees selected by the compensation committee to participate in this plan. In determining the 30% compensation pool, each managing director's salary of \$250,000 per year and the compensation expenses relating to the awards under our Equity Incentive Plan are deducted. Under the plan, no individual participant may receive more than 25% of the compensation pool for any fiscal year. The amounts payable under the Annual Incentive Plan to our plan participants are reviewed on an annual basis and are based on such factors and considerations as the compensation committee deems appropriate in individual cases and on our operating results and the overall performance of these participants. An award by the compensation committee to our managing directors and other employees is completely discretionary. The Annual Incentive Plan may be amended or terminated at any time by our board of directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The compensation committee of our Board of Directors was established on March 17, 2000 and currently is composed of E. Margie Filter, Thomas E. Dooley and Michael LaBranche. The compensation committee recommends, reviews and oversees salaries, bonuses, benefits and equity incentives for our employees, consultants and directors. The compensation committee also administers our incentive compensation plans. The compensation committee is comprised of a majority of independent directors.

Prior to March 17, 2000, the duties described above were performed by our Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report of our compensation committee shall not be deemed incorporated

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The compensation committee was established on March 17, 2000 and currently is composed of E. Margie Filter, Thomas E. Dooley and Michael LaBranche. The compensation committee administers our executive compensation programs, monitors corporate performance and its relationship to compensation of executive officers, and makes appropriate recommendations and decisions concerning matters of executive compensation.

COMPENSATION PHILOSOPHY. We believe that executive compensation should be closely related to increased stockholder value. One of the strengths contributing to our success is a strong management team. Our compensation program is designed to enable us to attract, retain and reward capable employees who can contribute to our continued success, principally by linking compensation with the attainment of key business objectives. Equity participation and a strong alignment to stockholders'

14

interests are key elements of our compensation philosophy. Accordingly, our executive compensation program is designed to provide competitive compensation, support our strategic business goals and reflect our performance.

The compensation program reflects the following principles:

- Compensation should encourage increased stockholder value;
- Compensation programs should support our short- and long-term strategic business goals and objectives;
- Compensation programs should reflect and promote our values and reward individuals for outstanding contributions toward business goals; and
- Compensation programs should enable us to attract and retain highly qualified professionals.

PAY MIX AND MEASUREMENT. Our executive compensation is comprised of two components, base salary and incentives, each of which is intended to serve the overall compensation philosophy.

BASE SALARY. Our salary levels are intended to be consistent with competitive pay practices and levels of responsibility, with salary increases reflecting competitive trends, our overall financial performance and resources, general economic conditions as well as a number of factors relating to the particular individual, including the performance of the individual executive, and level of experience, ability and knowledge of the job. The salary levels for 2000 were determined by our compensation committee.

INCENTIVES. For 2000, incentives consisted of cash awards under our Annual Incentive Plan. The granting of cash awards was discretionary and was dependent principally on our overall performance and the performance of each individual employee. We expect to continue to grant annual cash awards consistent with our performance. We also are authorized to grant equity-based awards. The equity-based awards typically consist of stock options and restricted stock units granted to our executives and other employees pursuant to our Equity Incentive Plan. We did not grant any stock options during the year ended December 31, 2000. During August and September 2000, we issued to certain newly hired employees an aggregate of 200,000 and 100,000 shares of restricted stock,

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

respectively, each with an issue cost of \$.01 per share and a fair market value of \$26.50 and \$30.13 per share, respectively. The restricted stock, which is subject to continuing service with the Company, will vest in three annual installments on each anniversary of the grant date. In addition, during 2000, 36,891 shares of common stock underlying restricted stock units were forfeited as a result of a failure to meet vesting requirements, and 77,502 shares vested as part of severance arrangements.

In the future, in addition to cash awards, we may from time to time grant additional equity-based incentives. We believe that the equity-based awards provide our employees with an opportunity to increase their ownership of our common stock and potentially gain financially from increases in the price of our common stock. By this approach, the best interests of stockholders, executives and employees will be closely aligned. The equity-based awards were, and we expect will continue to be, based primarily on an employee's potential contribution to our growth and profitability. Generally, these grants vest over a period of time, and executives and other employees must continue to be employed by us in order for such grants to vest.

CHIEF EXECUTIVE OFFICER COMPENSATION FOR THE FISCAL YEAR ENDED DECEMBER 31, 2000. In August 1999, Mr. LaBranche entered into an employment agreement with LaBranche. This employment agreement currently provides for an annual base salary of \$250,000, plus a bonus to be determined by the compensation committee. We deem the employment arrangements with Mr. LaBranche to be appropriate considering our overall performance and that of Mr. LaBranche.

15

TAX EFFECTS. Section 162(m) of the Internal Revenue Code generally denies a federal income tax deduction for certain compensation exceeding \$1,000,000 paid to the Chief Executive Officer or any of the four other highest paid executive officers, excluding (among other things) certain performance-based compensation. Non-deductibility would result in additional tax cost to us. Through December 31, 2000, this provision did not affect our tax deductions, but we will continue to monitor the potential impact of Section 162(m) on our ability to deduct executive compensation.

GENERAL. We believe that linking executive compensation to corporate performance results in a better alignment of compensation with corporate business goals and stockholder value. We further believe that our compensation practices are directly tied to stockholder returns and linked to the achievement of our annual and longer-term financial and operational results on behalf of our stockholders. In view of our performance and achievement of goals and competitive conditions, we believe that compensation levels during fiscal 2000 adequately reflect our compensation goals and policies.

REPORT OF OUR AUDIT COMMITTEE

The audit committee of our Board of Directors was established on March 17, 2000 and currently is composed of E. Margie Filter and Thomas E. Dooley. On May 30, 2000, our Board of Directors adopted the audit committee charter, a copy of which is annexed to this proxy statement as ANNEX A. The audit committee reviews, acts on and reports to our Board of Directors with respect to various auditing and accounting matters, including the recommendations of our auditors regarding staffing needs, the scope of our annual audits, fees to be paid to our

Edgar Filing: LABRANCHE & CO INC - Form DEF 14A

auditors, the performance of our independent auditors and our accounting practices. The audit committee is comprised solely of independent directors.

In accordance with the audit committee charter, the audit committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. During the year ended December 31, 2000, the audit committee met four times, and the chairman, as representative of the audit committee, discussed the interim financial information contained in each quarterly earnings announcement with the chief financial officer, controller and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the audit committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and LaBranche that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1--"Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The audit committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of LaBranche's internal controls and the internal function's organization responsibilities, budget and staffing. The audit committee reviewed with both the independent and the internal auditors their audit plans, audit scope and identification of audit risks.

The audit committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended--"Communication with Audit Committees" and with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the audit committee recommended to the Board that LaBranche's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2000, for filing with the Securities and Exchange Commission. The audit committee also recommended the reappointment, subject to stockholder approval, of the independent auditors and the Board concurred in such recommendation.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors and persons who beneficially own more than ten percent of our common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Executive officers, directors and greater than ten percent beneficial owners are required by the SEC to furnish us with copies of all Section 16(a) forms they file.

Based upon a review of the copies of such forms furnished to us and written representations from our executive officers and directors, we believe that during fiscal 2000 all Section 16(a) filing requirements applicable to our executive officers, directors and greater than ten percent beneficial owners were complied with on a timely basis.

COMPARATIVE PERFORMANCE BY LABRANCHE

The SEC requires us to present a chart comparing the cumulative total stockholder return on our common stock with the cumulative total stockholder return of (i) a broad equity market index and (ii) a published industry index or peer group. Although the chart would normally be for a five-year period, our common stock began trading publicly on August 19, 1999 and, as a result, the following chart commences as of such date. This chart compares our common stock with (i) the NYSE Composite Index and (ii) the NYSE Financials Index. The chart assumes (a) \$100 was invested on August 19, 1999 in each of our common stock, the stocks comprising the NYSE Composite Index and the stock comprising the NYSE Financials Index and (b) the reinvestment of dividends.

ANNEX A

AUDIT COMMITTEE CHARTER LABRANCHE & CO INC.

The Board of Directors (the "Board") of LaBranche & Co Inc. (the "Company") hereby constitutes and establishes a Audit Committee (the "Committee") with authority, responsibility and specific duties described below.

* * * * *

COMPOSITION

The Committee shall initially consist of two Directors. The number of Directors shall be increased to at least three Directors no later than June 1, 2001. AUTHORITY

The Committee shall provide oversight on matters relating to accounting, financial reporting, internal control, auditing and regulatory compliance matters, consistent with legal and regulatory requirements as hereinafter set forth and such other matters as the Board of Directors shall from time to time direct, and shall periodically report to the Board with respect thereto.

RESPONSIBILITY

The primary responsibility of the Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. Management is responsible for preparing the Company's financial statements, and the independent auditor is responsible for auditing those financial statements. The Committee, in carrying out its responsibilities, believes its policies and procedures should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices and ethical behavior.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

1. Recommend to the Directors the selection, retention and, when necessary, the replacement of the independent accountants to audit the consolidated financial statements of the Company.
2. Meet with the independent accountants, internal auditor(*) and management to review the scope of the proposed audit for the current year and any non-audit services performed. Review the compensation paid to the independent accountants for all services provided to ensure that the independence of the accountants has not been impaired. Discuss with Company management their satisfaction with the quality of all services provided by the independent accountants.

* Until such time as an Internal Auditor is designated, the Company's Compliance Director will assume the responsibility.

3. Ensure the independence of the independent accountants by monitoring and reviewing, and discussing with the Board, if necessary, any relationships between the independent accountants and the Company or any other relationships that may adversely affect the independence of the accountants.
4. Review with the Company's financial management, independent accountants and internal auditor the adequacy and effectiveness of the internal auditing function of the Company's (a) systems of internal accounting, operating and financial reporting controls, and computerized information systems controls and security; and (b) internal audit procedures, including the adequacy of internal audit staffing and budget.
5. Review the expense account and perquisites of officers, including their use of corporate assets, with the internal auditor.
6. Discuss the proposed internal audit plan for the coming year with the internal auditor and the independent accountants to ensure internal and external audit efforts have been coordinated and directed toward

maximizing audit effectiveness.

7. Review a summary of internal audit findings, inquire whether appropriate corrective actions have been taken on significant audit findings and review the current status of the annual internal audit plan and explanations of any significant deviations from the original plan.
8. Review matters relating to changes in accounting principles as well as important developments emanating from the accounting and auditing professions, the SEC, NYSE, NASD and other authorities. The Committee will review the Company's quarterly and annual reports on Forms 10-Q and 10-K, respectively, including a discussion of any items required to be communicated by the auditors under SAS 61 and generally accepted accounting standards. The Chairperson of the Committee may represent the entire Committee for the purposes of this review.
9. Meet with each of the independent accountants, internal auditor and members of management to discuss the evaluation of the Company's financial and other management and independent accountants, and whether there was full, free and unrestricted access to all Company records, property, personnel and business transactions during the audit(s).
10. Inquire about any disagreement with management, which, if not resolved to the independent accountants' satisfaction, would have caused them to issue a qualified report on the Company's financial statements. "Disagreements" for this purpose shall be those contemplated by Item 304 of SEC regulation S-K or successor rule.
11. Review with the Company's outside legal counsel legal matters that may have a material impact on the financial statements, the Company's compliance policies and any material reports or inquiries received from regulators or government agencies.
12. Submit minutes of all Committee meetings to the Board of Directors.
13. Recommend to the Board of Directors any changes in the authority, responsibility or duties of the Committee, and/or this Charter.

In carrying out its responsibilities, the Committee must remain flexible in order to react to changing conditions and to assure the Directors and stockholders that corporate accounting and reporting practices are functioning in accordance with all requirements and are of the highest quality.
