PART I

ITEM 1. BUSINESS

OUR COMPANY

We are the world's largest marketer, designer and manufacturer of hockey equipment and related apparel. Our primary brands, CCM(R), Koho(R) and Jofa(R), are among the most widely recognized brands in hockey and we estimate that we have a 30% share of the worldwide ice and roller hockey equipment and related apparel market. We sell our products to a diverse customer base consisting of specialty retailers, sporting goods shops, mass merchandisers and international distributors. We manufacture at highly automated facilities, and have distribution facilities, in North America, Finland and Sweden.

We offer a complete line of ice and roller hockey equipment and related apparel. Hockey equipment represents approximately 64% of our sales, hockey related apparel 32% of our sales and non-hockey products represents the remaining 4%.

HOCKEY EQUIPMENT. Our comprehensive line of hockey equipment, including skates, protective equipment, hockey sticks and goaltender equipment, provides a wide range of choices for both recreational and professional players. Our skates and other equipment are sold at various price points and range from high performance products used by professionals in the NHL and other professional leagues, to intermediate performance products used by youth league players, among others, and to entry-level products for the beginner. As of November 2001, 98% of all NHL players used at least one piece of our equipment.

HOCKEY RELATED APPAREL. The hockey related apparel segment of our business consists of licensed hockey jerseys, team uniforms and socks and licensed or branded activewear. We have been an NHL licensee since 1967 and we are currently the exclusive supplier of hockey jerseys to every NHL team and have the exclusive worldwide right to market authentic and replica NHL jerseys. Our jerseys are worn by every player and official in the NHL. We are also the world's largest manufacturer of team uniforms and socks worn by players in hockey leagues, camps, schools and associations. Our licensed or branded activewear lines include high quality fleecewear, pants, shirts, T-shirts, golf shirts, turtlenecks, outerwear and caps embroidered with the NHL, NCAA and other team and league logos.

NON-HOCKEY PRODUCTS. In addition to our primary hockey related equipment, we also market and manufacture other equipment, including alpine skiing and equestrian helmets. In addition, in Finland and Sweden, we are the exclusive distributor of Merrell footwear, a leading outdoor footwear brand.

Please refer to the Consolidated Financial Statements and related notes included in this Form 10-K for more information on our segments.

INDUSTRY OVERVIEW

We compete in the wholesale ice and roller hockey equipment and related apparel markets. We estimate the worldwide wholesale hockey equipment and related apparel market in 2000 was approximately \$660 million, and we estimate that we have a 30% share of this market. Although the worldwide hockey equipment market has remained stable overall, we anticipate several specific factors will support the future growth of the industry, including:

- o increased fan interest and increased participation in hockey;
- o the recent expansion of the NHL into new markets such as Nashville in 1998, Atlanta in 1999 and Columbus and Minnesota

Edgar Filing: HOCKEY CO - Form 10-K

in 2000;

- o increased marketing by the NHL;
- o increased construction of ice rinks; and

-3-

- o favorable demographics, such as the tendency for hockey enthusiasts to be more educated and have greater disposable income than participants and fans of other traditional team sports.

The hockey equipment and hockey related apparel markets are segments of the U.S. and worldwide sporting goods industries. Several factors are expected to support the further growth of the sporting goods industry in general, including:

- o the considerable leisure time and financial resources of the baby boomer population;
- o heightened awareness of the importance of recreational exercise; and
- o the growing overseas market for recreational products.

OUR PRODUCTS

We manufacture and market a fully integrated line of hockey equipment and apparel. Our hockey equipment product lines include:

- o ice hockey, roller hockey and figure skates;
- o protective equipment;
- o hockey sticks; and
- o goaltender equipment.

Our hockey related apparel products include:

- o NHL licensed hockey jerseys;
- o team uniforms and socks; and
- o licensed or branded activewear.

HOCKEY EQUIPMENT PRODUCT LINES

ICE HOCKEY, ROLLER HOCKEY AND FIGURE SKATES. We manufacture and market a wide range of ice hockey skates under the CCM, Tacks(Registered Trademark), Externo(Trademark), Powerline(Registered Trademark), Jofa and Koho labels. The tradition of the flagship CCM brand of skates, first introduced to the market in 1905, is interwoven throughout the history of ice hockey and the NHL. We manufacture all of our high end ice hockey skates and outsource our entry level ice hockey, roller hockey and figure skates. We focus on marketing premium roller hockey skates targeted at high price points. In addition, we market six different models of figure skates under the CCM and Jofa labels.

Edgar Filing: HOCKEY CO - Form 10-K

PROTECTIVE EQUIPMENT

BODY PROTECTIVE EQUIPMENT AND GLOVES. We market a variety of body protective equipment, including shoulder pads, shin guards, elbow pads and gloves under the CCM, Koho and Jofa brands. CCM gloves and body protective equipment are marketed under three sub-brands, Tacks, Supra and Powerline.

HELMETS. We market our helmets under the CCM and Jofa labels, which have been two of the leading brands of helmets for over 30 years. More players in the NHL wear our helmets than any other

-4-

competitor's products. Our helmets provide a high level of protection and prominently display the CCM and Jofa brand names.

PANTS AND ACCESSORIES. We market hockey pants under the CCM, Koho and Jofa labels. CCM branded pants also carry the Supra and Powerline sub-brand names. In addition, we market several accessories, such as carry bags, athletic supporters and equipment for officials.

HOCKEY STICKS. We believe we are the premier manufacturer of hockey sticks and set the industry standards for quality, innovation and stick performance. We market a wide range of hockey sticks incorporating various materials, designs and performance characteristics. Our sticks are sold under the CCM and Koho brands. CCM and Jofa sticks are also sub-branded for greater market segmentation. CCM sub-brands include Tacks, Canadien, Supra and Powerline for our player, non-goaltender, sticks and Tacks and Heaton for goaltender sticks. Similarly, the Titan sub-brand is associated with the Jofa primary brand. We are also a leading provider of replacement blades, enabling players to re-use the shaft of their two-piece hockey sticks.

GOALTENDER EQUIPMENT. We produce a fully integrated line of goaltender equipment. We market our goaltender facemasks, catch mitts and blockers, goaltender arm and body protectors and leg pads under the Heaton sub-label of CCM and the Koho brand. We market our goaltender pants under the Supra and Heaton sub-labels of CCM and the Koho brand.

NON-HOCKEY EQUIPMENT. We also manufacture and market other equipment, including alpine skiing and equestrian helmets. These products are manufactured and assembled at our Malung, Sweden facility. In addition, in Finland and Sweden, we are the exclusive distributor of Merrell footwear, a leading outdoor footwear brand.

HOCKEY RELATED APPAREL PRODUCTS

LICENSED HOCKEY JERSEYS. We have supplied NHL teams with authentic jerseys for 35 years. Pursuant to our most recent license agreement with the NHL, we hold the exclusive right to provide authentic jerseys used "on-ice" by every team in the NHL and market authentic and replica jerseys of all 30 teams. Our exclusive agreement with the NHL expires on June 30, 2004, with our option to renew through June 30, 2005. In addition, under our license agreement with the NHL Players Association, we have the right to market these jerseys with the names and numbers of NHL players. In addition to supplying jerseys to the NHL, we also maintain agreements to provide jerseys to professional teams in other leagues as well as some major NCAA teams.

Although we generate revenue from the sale of authentic jerseys to the consumer market, replica jersey sales into the consumer market account for an

Edgar Filing: HOCKEY CO - Form 10-K

estimated 95% of our licensed jersey revenue. Replica jerseys are similar to authentic jerseys and may also display team names and crests but incorporate different fabrics and features than authentic jerseys. Our authentic jerseys incorporate Pro-Weight Air-Knit and Ultrafil fabric, high quality crests, a fighting strap and reinforced stitching on all seams and hems. Youth and adult replica jerseys feature Mid-Weight Air-Knit fabric and child/toddler jerseys feature traditional Suprafil fabric.

TEAM UNIFORMS AND SOCKS. We sell non-team identified team uniforms and socks that are primarily used by organized leagues, amateur hockey associations and schools. The majority of these jerseys is of replica quality and is sold through retail channels. We also produce hockey socks for both professional and recreational markets.

LICENSED OR BRANDED ACTIVEWEAR. We offer a high quality line of fleecewear, pants, shirts, T-shirts, golf shirts, turtlenecks, outerwear and caps embroidered with the NHL, NCAA and other team and league logos. We market these products pursuant to several license agreements with a variety of organizations, including the NHL, major colleges and universities, the NCAA and the American Hockey League. We outsource the production of all of our activewear products. In addition to sports apparel and accessories displaying professional and collegiate team logos and designs, we also sell our line of caps, T-shirts, and fleecewear to corporations and other organizations. Our products include custom embroidered and screen printed T-shirts and polo shirts bearing corporate and organizational logos.

-5-

SALES AND MARKETING

NORTH AMERICAN SALES. In Canada, our equipment sales organization is comprised of a group of independent representatives that sell CCM branded equipment and another group of independent representatives dedicated to selling Koho and Jofa equipment. In the U.S., independent representatives carry all brands. Sales representatives are charged primarily with selling equipment, products and jerseys to our smaller hockey specialty accounts. Regional managers, in both Canada and the U.S., are charged with overseeing the sales representative organization and also maintaining our larger accounts across all brands.

We have a separate sales force for apparel, comprised of a vice president of sales, a key account manager and independent representative organizations. Our apparel sales team possesses extensive industry experience. Our sales representatives are responsible for selling apparel, including licensed jerseys, and licensed or branded activewear, to large sporting goods and department stores in the U.S.

INTERNATIONAL SALES. In Sweden, Finland and Norway, we sell our equipment and apparel directly to retailers and teams, through our in-house sales team in Scandinavia. Outside of those countries, we sell our products through distributors located in over 40 countries in Europe, South America, Central America, Africa, Australia and the Far East. These distributors, in turn, sell our products to teams and retailers. Our European sales activities, as well as sales activities in South America, Central America, and Pacific Rim countries, are controlled through our European General Manager based in Sweden.

NHL AGREEMENTS

NHL MARKETING LICENSES. Our license agreement with NHL Enterprises, LP,

Edgar Filing: HOCKEY CO - Form 10-K

the marketing affiliate of the NHL, extends through June 30, 2004 with our option to renew through June 30, 2005, and gives us the exclusive right to supply authentic game jerseys used "on-ice" by the 30 NHL teams, including playoff and all-star jerseys. Authentic game jerseys are supplied under the CCM and Koho brand names, while authentic practice jerseys are supplied under the Jofa brand name. We are also the exclusive supplier of "on-ice" jerseys and pants for NHL officials under the Jofa brand name. Our brand names are placed, pursuant to the agreement, on the outside rear neck of the jersey, to provide brand name exposure. We also have the right to use the names, logos, and other indicia of the NHL and the NHL member teams on an exclusive basis in connection with the manufacture, supply and sale of replica game and practice jerseys of the 30 NHL teams. Pursuant to a separate agreement with the National Hockey League Players Association, we are entitled to market authentic and replica game and practice jerseys identified with the names and numbers of NHL players. Since the beginning of the 2000/2001 NHL season, the CCM logo appears above each player's name on every "home" NHL jersey, the Koho logo appears above each player's name on every "away" and "third" NHL jersey and the Jofa label is on uniforms for all NHL officials. The agreement also grants us the exclusive right to market T-shirts, golf shirts, workout wear, outerwear and activewear bearing NHL logos, names and designs under the NHL's Center-Ice-Registered(Trademark) trademark, which are worn by the trainers of all NHL teams during games. We also have the non-exclusive right to use the NHL team logos on headwear. We market all of the foregoing products to North American retailers for resale as well as to European and Asian distributors.

Pursuant to the license agreement we are required to pay a license fee and royalties to the NHL based on our net sales, with minimum royalty amounts guaranteed to be paid by us each license year. In addition to these costs, we have agreed to purchase a fixed dollar amount of marketing from the NHL and from each of the NHL teams.

We license the use of NHL trademarks for our Jofa hockey protective equipment. The premium products in the protective equipment line (shoulder, shin and elbow pads) are co-branded with the Center-Ice trademark, also referred to as "the official equipment worn by the NHL." The NHL reserves this mark for products with overwhelming usage by NHL players. Other Jofa products are co-branded with the NHL shield.

NHL ON-ICE EQUIPMENT LICENSE. Our brands are permitted to appear on equipment used by NHL players "on-ice" pursuant to a separate On-Ice Equipment License with the NHL. The extensive use of our products by NHL players significantly promotes the high visibility of our brands among consumers. All of our products

-6-

prominently display their respective brand and sub-brand logos, resulting in significant and cost-effective exposure in arenas, on television and in newspapers, magazines and other printed media. Our market research indicates that NHL use of a particular brand of equipment is among the key factors in a consumer's purchase decision. Our products enjoy widespread usage among NHL players without paid endorsement. We do, however, have endorsement agreements with several high visibility players including, among others, Martin Brodeur (CCM Heaton) of the New Jersey Devils, Mark Recchi (CCM) of the Philadelphia Flyers, Patrick Roy (Koho) of the Colorado Avalanche, Daniel Sedin (Jofa) and Henrik Sedin (Jofa) of the Vancouver Canucks, Mats Sundin (CCM) of the Toronto Maple Leafs and Joe Thornton (CCM) of the Boston Bruins.

MEDIA PROMOTION. In addition to our "on-ice" exposure, we have purchased time slots during both locally and nationally televised hockey games

Edgar Filing: HOCKEY CO - Form 10-K

in Canada and the U.S. Our media plan includes radio spots. As a result of the increased coverage of the NHL by ABC and ESPN, we have increased our television and radio promotion. Reinforcing the television campaign are full-page color advertisements placed in game programs, trade and consumer hockey publications distributed throughout North America, such as The Hockey News(R), New England Hockey Journal and Hockey Business News(R).

CUSTOMERS AND DISTRIBUTION CHANNELS

We maintain a diversified and broad universe of over 4,000 customers worldwide and are not dependent on any single customer. Sales in the U.S. accounted for approximately 45% of our total 2001 revenue, sales in Canada accounted for approximately 32% of our total 2001 revenue and sales in Europe and the rest of the world accounted for approximately 23% of our total 2001 revenue. Our customer base consists of independently owned hockey specialty retail stores, large sporting goods retailers, department stores and other retailers. In fiscal 2001, no customer accounted for more than 10% of our sales.

We sell our hockey related apparel, including jerseys and licensed or branded activewear, through the same channels as our equipment products, in addition to generating revenue from sales to "in-stadium" concession stores. Jerseys are sold mainly through specialty retail and "in-stadium" concession stores. Our new license agreement with the NHL provides us with better access to "in-stadium" concession stores to market our licensed jerseys and licensed or branded activewear. We believe "in-stadium" concession stores which purchase authentic licensed jerseys from us will increase their orders for our licensed or branded activewear products due to purchasing efficiencies. We have established a separate U.S. sales force who will market our new line of hockey related licensed or branded activewear through new channels. We expect this sales force to generate sales from large retailers, department stores and other retailers.

RESEARCH AND DEVELOPMENT

We believe we are the industry's leader in product innovation and have dedicated significant resources to ensure our future technological leadership. The majority of our products are developed and commercialized in our three research and development centers located in St. Jean, Quebec, Tammela, Finland and Malung, Sweden. These facilities employ designers, engineers and model makers and feature comprehensive testing equipment, woodworking, spray painting, molding and sculpting capabilities and have creative services departments which are responsible for packaging, catalogue design and development.

Our research and development teams work closely with each of our product business units to enhance the quality and performance of existing products and to introduce new products into the marketplace. The majority of our products are developed internally through our research efforts and continued feedback from professional and recreational players, as well as from retail customers. In addition, we have developed an alliance with a major Canadian university. Our university affiliation will support our efforts to develop equipment performance benchmarks, as well as new materials and equipment designs.

-7-

MANUFACTURING

EQUIPMENT MANUFACTURING PROCESSES. We believe we have developed the industry's most advanced hockey equipment manufacturing processes, with

Edgar Filing: HOCKEY CO - Form 10-K

proprietary technologies and extensive automation. We believe that we operate the industry's most automated hockey stick production facility at our Cowansville, Quebec facility. We outsource the production of the majority of our ice and roller skates and protective equipment line to high quality facilities primarily in Asia and the Czech Republic, except for our high-end ice skates, custom products and helmets which are produced in-house.

HOCKEY RELATED APPAREL MANUFACTURING PROCESSES. We are a vertically integrated manufacturer of hockey jerseys and socks and make extensive use of automation. In order to maintain our high quality standards, we knit our own jersey fabric and hockey socks and cut and assemble the components for our jerseys. In addition, we have developed sophisticated sewing equipment that facilitates the labor-intensive finishing process of jersey production. We have recently implemented several initiatives that have dramatically increased throughput and the overall efficiency of our jersey manufacturing lines. We have outsourced a small portion of our jersey production to meet demand. For our activewear line, we source blank jackets, fleecewear and other apparel from third parties and, in turn, have them embellished by other third parties with team crests and logos and our brand names.

SUPPLIERS

We have a diverse network of suppliers. No single supplier accounted for more than 10% of our consolidated purchases during the year ended December 31, 2001.

COMPETITION

Our principal competitor in the hockey equipment market is Bauer Nike Hockey Inc., a subsidiary of Nike, Inc. In addition to Bauer Nike, we compete with several smaller companies that typically do not offer full product lines, including Easton Sports, Inc., Mission Hockey Company, Sherwood Drolet Ltd. and ITECH Sport Products Inc. Although we and Bauer Nike together account for a significant portion of the worldwide hockey equipment market, the remaining market is highly fragmented. We compete on the basis of brand image, technology, quality and performance of our products, method of distribution, price, style and intellectual property protection.

Within the hockey apparel segment, our competitors for licensed jerseys have included Bauer Nike, Starter Corporation and Pro Player, Inc. These companies have exited the market for licensed NHL jerseys over the last few years. In the team uniform market, our competitors include Bauer Nike, Athletic Knit, SP and Kobe. Although the licensed or branded activewear market is highly fragmented, we compete with companies such as Lee Company, Logo Athletic, Antigua Sportswear, Spotlight Apparel and Pro Player.

PATENTS AND TRADEMARKS

PATENTS. We currently hold patents and industrial designs in multiple countries. The patents encompass various product innovations and designs. Many of our patents represent what have become industry standards in performance and quality. Examples include the F-I-T System Thermo-forming process that is featured in our hockey skate line and Hyper X Locking Mechanism and Joint Discharge Principle that are featured in our protective equipment product line.

TRADEMARKS. We own a substantial number of trademarks including Jofa, Koho, Tacks, Heaton, Titan, Canadien and Externo. All of our trademarks are owned by us except for the CCM trademark which is owned by CCM Holdings (1983) Inc., which in turn is 50% owned by us through our subsidiaries. The remaining 50% of CCM Holdings is owned by an unaffiliated Canadian bicycle company. We have the exclusive and perpetual right to use the CCM trademark royalty free in connection with skates, hockey equipment and hockey related apparel.

EMPLOYEES

As of December 31, 2001, we employed 1,587 persons, of which 1,367 are employed in Canada, 30 are employed in the United States and the balance are employed in Europe. None of our employees in the United States are unionized, while 390 of our employees at our St. Jean, Quebec facility, 100 of our employees at our Malung, Sweden facility, 91 of our employees at our Tammela, Finland facility, 54 employees at our Drummondville, Quebec facility and 47 of our employees at our Harrow, Ontario facility are unionized. The collective bargaining agreement with the union expired in December 2001 for Drummondville and negotiations for its renewal are in the early stages. With the agreement of the union, we continue to operate under the prior agreement. The collective bargaining agreements with the unions expire in 2002 and 2003, respectively, for St. Jean and Harrow, and in 2004 and 2003, respectively, for Malung, Sweden and Tammela, Finland.

ITEM 2. PROPERTIES

Our primary executive offices of our operations are located in Montreal, Canada and we conduct our operations through 21 facilities: 3 in the U.S., 10 in Canada, and 8 in Europe. We believe that our existing manufacturing and distribution facilities have sufficient capacity to support our business without the need for significant additional or upgraded equipment or capital expenditures. The following table summarizes each of our principal facilities for its operations.

ITEM 3. LEGAL PROCEEDINGS

Other than certain legal proceedings arising from the ordinary course of business, which we believe will not have a material adverse effect, either individually or collectively, on the financial position, results of operations or cash flows, there is no other litigation pending or threatened against us.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

-10-

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

A. PRICE RANGE OF COMMON STOCK

On April 11, 1997, the effective date of our Plan of Reorganization, our old common stock ("Old Common Stock") was extinguished and the holders of our Old Common Stock received a total of 300,000 five-year warrants to purchase an aggregate of 300,000 shares of common stock at an exercise price of \$16.92 per share (subject to adjustments for stock splits, stock dividends, recapitalizations and similar transactions). Each holder of 67 shares of Old Common Stock received one warrant to purchase, for cash, one share of common stock, with no fractional warrants issued. Also on that date, we issued an aggregate of 6,500,000 shares of common stock, \$0.01 par value (as adjusted to take account of fractional interests). Common stock and warrants are quoted on the OTC Bulletin Board under the trade symbols "THCX" and "THCXW", respectively. The range of closing prices of the common stock is not provided, as there has been a limited amount of trading activity in our common stock.

B. APPROXIMATE NUMBER OF EQUITY SECURITY HOLDERS

The approximate number of record holders of our common stock as of March 11, 2002 was 304. There are also 297 warrant holders who are eligible to convert those warrants into common stock under certain conditions. We did not pay dividends on our common stock and we have no current plans to pay cash dividends in the foreseeable future.

- (1) Earnings per share data is not presented for 1997 because it is not meaningful, and 1997 pre and post re-organization results have been combined.
- (2) Effective November 19, 1998, we acquired all of the issued and outstanding share capital of Sports Holdings Corp. The results of operations related to the acquisition have been included as if the acquisition had taken place on January 1, 1998.
- (3) Working capital, net, is current assets excluding cash and cash equivalents less current liabilities excluding short-term debt and the current portion of long-term debt. It should be noted that companies calculate working capital, net, differently and, therefore, working capital, net, as presented for us may not be comparable to working capital, net, reported by other companies.

- (4) The 13.0% Pay-in-Kind preferred stock is subject to mandatory redemption six months after the maturity of the Notes.
- (5) EBITDA is a measure of the cash generated from operations and has been included in the selected historical financial and operating data because management believes that it would be a useful indicator for investors. EBITDA is defined as earnings (net income) before interest, income and capital taxes, depreciation and amortization, restructuring charges and other unusual or non-recurring items. EBITDA is not a measure of performance or financial condition under generally accepted accounting principles, but is presented because it is a widely accepted indicator of a company's ability to source and incur debt. EBITDA is defined in accordance with our existing North American seasonal working capital facilities. EBITDA should not be considered as an alternative to net income as an indicator of our operating performance or as an alternative to cash flows as a measure of liquidity. In addition, it should be noted that companies calculate EBITDA differently and, therefore, EBITDA as presented for us may not be comparable to EBITDA reported by other companies. EBITDA margin is EBITDA divided by net sales.
- (6) EBITDA in 2000 was negatively affected by three events that management expects to be non-recurring: (i) the liquidation of a large amount of excess and discontinued product at below normal prices by a competitor, resulting in decreased demand of our products during the fourth quarter and first half of 2001, (ii) first year expenses related to being the exclusive licensee of NHL licensed jerseys and (iii) the discontinuation of our line of recreational in-line skates.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

COMPANY BACKGROUND AND INTRODUCTION

We can trace our origins to September 1899, when the Canada Cycle and Motor Company (CCM) was formed as a manufacturer of bicycles and motorcars. In 1905, CCM began marketing ice hockey skates for a sport barely 30 years old at that time and, in 1937, acquired the Tackaberry (later Tacks) trade name. In 1983, CCM was amalgamated with Sport Maska Inc., a manufacturer of hockey jerseys for the NHL since 1967. Prior to 1994, the Company consisted of the hockey products business and the toy and fitness products business marketed under the Buddy L name. While the Company was economically sound, the subsidiaries that operated the toy and fitness products business were not financially stable and filed for Chapter 11 bankruptcy protection in March 1995. Although the Company continued to operate and service its trade debt on a timely basis, it defaulted on its credit agreement as a result of the losses at the toy and fitness products business. This ultimately resulted in the Company filing for relief under Chapter 11 of the U.S. Bankruptcy Code in October 1995. WS Acquisition LLC, an affiliate of Wellspring Capital Management LLC, acquired a controlling interest in us in April 1997 as part of our emergence from bankruptcy. In November 1998, we acquired Sports Holdings Corp., Europe's largest manufacturer of ice, roller and street hockey equipment and their Jofa, Koho, Canadien, Heaton and Titan brands. As a result, we are now the world's largest marketer, designer and manufacturer of hockey equipment and related apparel.

The following discussion provides an assessment of our results of continuing operations, financial condition and liquidity and capital resources, and should be read in conjunction with our Consolidated Financial Statements and Notes thereto included elsewhere herein. (All references to "Note(s)" refer to the

2001 COMPARED TO 2000

Net sales grew by 1.9% in 2001 to \$198.2 million, from \$194.5 million in 2000. The increase is due to higher apparel sales offset by reduced hockey equipment sales, primarily inline skates and sticks. Revenues from our non-US operations were adversely affected by currency translation adjustments due to the depreciation of their currencies against the U.S. dollar. Equipment sales were most affected by the foreign exchange impact as they represent over 75% of our revenues from Canada, Sweden and Finland. Equipment sales were also negatively affected in the first half of the year by the continued market saturation resulting from an unusually high level of close-out goods liquidated by a competitor in the fourth quarter of fiscal 2000.

Apparel sales were again strong with an increase of 18.1% (\$9.7 million) over 2000, due to our exclusivity in the licensed jersey market and the strong market acceptance of our new licensed or branded activewear line.

Edgar Filing: HOCKEY CO - Form 10-K

Despite the negative effect of the depreciation of the Swedish Krona (SEK) and Finnish Markka (FIM), we experienced continued growth of our non-hockey product line due to improved sales of Merrell footwear that is distributed by us in Sweden and especially Finland. Measured in the domestic currencies of those countries, sales of Merrell footwear is up over 20% over last year.

Gross profit was \$79.1 million in 2001 compared to \$77.2 million in 2000, an increase of 2.4%. Measured as a percentage of net sales, gross margin increased to 39.9% in 2001 from 39.7% in 2000. The increase is attributable to a different mix of products sold in the periods as well as the implementation of initiatives to reduce manufacturing expenses, offset by \$1.2 million of restructuring charges (see Restructuring Reserves) as well as the effect of currency fluctuations. The gross profit before these restructuring charges was 40.5% in 2001.

Selling, general & administrative expenses before restructuring charges decreased as a percentage of sales to 30.9% of 2001 sales, from 33.5% of total 2000 sales. In dollar terms, there was a decrease to \$61.1 million in 2001 from \$65.1 in 2000. This decrease is attributed to the significant rationalization of operations and consolidation of facilities in 2001 (see Restructuring Reserves), offset in part by the additional royalties paid to National Hockey League Enterprises, LP and additional NHL team marketing expenses related to having the right to produce and market authentic team jerseys for all 30 NHL teams.

Operating income for the year ended December 31, 2001 was \$9.0 million compared to \$7.7 million in the year ended December 31, 2000.

Other expense consists primarily of amortization of deferred financing costs, offset in part by currency exchange gains.

EBITDA increased by 38.6% to \$25.3 million for 2001 compared to \$18.2 million 2000.

Interest expense was \$13.6 million for 2001 and 2000.

Net loss before income taxes and extraordinary items was \$6.0 million in 2001 versus net loss before income taxes of \$6.8 million for 2000.

As a result of the substantive modification to the terms of our long term debt in early 2001, we wrote-off \$1.1 million of deferred financing costs which is recorded as an extraordinary item.

Our net loss for the year ended December 31, 2001 was \$10.5 million compared to an \$8.1 million loss for the year ended December 31, 2000.

-15-

2000 COMPARED TO 1999

Net sales grew by 2.0% in 2000 to \$194.5 million, from \$190.6 million in 1999. The increase is due to higher apparel sales offset by reduced hockey equipment sales, primarily inline skates, protective equipment and sticks. Equipment sales, especially protective equipment, were significantly lower in the fourth quarter as the market was saturated with an unusually high level of closeout goods liquidated by a key competitor. Revenues from our Nordic operations were adversely affected by currency translation adjustments due to the depreciation of their currencies (the Swedish Krona and Finnish Markka) against the U.S. dollar. Equipment sales were most affected by the foreign exchange impact as they represent over 70% of our revenues from Sweden and Finland.

Edgar Filing: HOCKEY CO - Form 10-K

Apparel sales were especially strong with an increase of 24.8% (\$10.6 million) over 1999, due to the strong market acceptance of our new licensed or branded activewear line and the exit of our only remaining competitor from the licensed jersey market. Notwithstanding our current exclusivity in the jersey market, sales have been hampered to some degree by the liquidation of our previous competitors' remaining inventory into the marketplace.

Despite the negative effect of the depreciation of the Swedish Krona and Finnish Markka, we experienced strong growth of our non-hockey product line due to improved sales of Merrell footwear that is distributed by us in Sweden and Finland. Measured in the domestic currencies of those countries, sales of Merrell footwear is up almost 55% over last year.

Gross profit was \$77.2 million in 2000 compared to \$80.8 million in 1999, a decrease of 4.5%. Measured as a percentage of net sales, gross margin decreased to 39.7% in 2000 from 42.4% in 1999. The decrease is attributable to a higher proportion of sales to key customers with corresponding increases in discounts offered and a different mix of products sold in the periods.

Gross profit from our Nordic operations was also adversely affected by currency translation. Finally, efforts to reduce overall inventory levels at year-end had an adverse effect on our gross profit.

Selling, general & administrative expenses increased as a percentage of sales to 33.5% of 2000 sales, from 30.9% of total 1999 sales. In dollar terms, there was an increase to \$65.1 million in 2000 from \$59.0 in 1999. This increase is attributed to (i) the continued investment in the promotion of our principal brands, (ii) the additional royalties paid to National Hockey League Enterprises, LP pursuant to a new license agreement beginning in July 2000 and (iii) additional NHL team marketing expenses related to having the right to produce and market authentic team jerseys for all 30 NHL teams compared to just 15 teams in the same period of 1999. These additional marketing expenses have been incurred with a lower than anticipated sales increase due to the inventory liquidation of our previous competitors mentioned above, and to the continued presence in 2000 of hockey jerseys liquidated by both Pro Player and Starter.

Operating income for the year ended December 31, 2000 was \$7.7 million compared to \$17.3 million in the year ended December 1999.

Interest expense was \$13.6 million and \$12.0 million for 2000 and 1999, respectively.

Net loss before taxes was \$6.8 million in 2000 versus net income before taxes of \$3.5 million for 1999.

Our net loss for the year ended December 31, 2000 was \$8.1 million compared to a \$1.8 million loss for the year ended December 31, 1999.

INCOME TAXES

Our income tax provision is comprised of both United States and foreign tax components. Due to changes in the relative contribution of income or loss by country, differences in the effective tax rates

between countries (principally the U.S. and Canada) and permanent differences in effective tax rates between income for financial statement purposes and tax

Edgar Filing: HOCKEY CO - Form 10-K

purposes, the consolidated effective tax rates may vary significantly from period to period. We and our U.S. subsidiaries consolidate their income for U.S. federal income tax purposes. However, gains and losses of certain subsidiaries may not be available to other subsidiaries for tax purposes.

Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Fresh-start reporting requires us to report a provision in lieu of income taxes when there is a book taxable income and utilization of a pre-reorganization net operating loss carry-forward. This requirement applies despite the fact that our pre-reorganization net operating loss carry-forward and other deferred tax assets would substantially reduce the related federal income tax payable. The current and future year tax benefit related to the carry-forward is recorded as a reduction of reorganization value in excess of amounts allocable to identifiable assets until exhausted and then as a direct increase to paid in capital. The amount of income tax provision that has been used to reduce the reorganizational value in excess of amounts allocable to identifiable assets is reflected as a provision in lieu of income taxes in our Consolidated Statements of Operations.

LIQUIDITY AND CAPITAL RESOURCES

Our anticipated financing requirements for long-term growth, future capital expenditures and debt service are expected to be met through cash generated from our operations and borrowings under our credit facilities. Effective November 19, 1998, one of our U.S. subsidiaries, Maska U.S., Inc., as the borrower, and the credit parties named therein entered into a credit agreement with the lenders referred to therein and with General Electric Capital Corporation, as Agent and Lender. Simultaneously, one of our Canadian subsidiaries Sport Maska Inc., as the borrower, and the credit parties named therein entered into a credit agreement with the lenders referred to therein and General Electric Capital Canada Inc., as Agent and Lender (together with General Electric Capital Corporation, "GECC"). The credit agreements are collateralized by all accounts receivable, inventories and related assets of the borrowers and our other North American subsidiaries, and are further collateralized by a second lien on all of our and our North American subsidiaries' other tangible and intangible assets. The credit agreements were amended on March 14, 2001 to reflect the amended Caisse term loans. The maximum amount of loans and letters of credit that may be outstanding under the two credit agreements is \$60.0 million. Total borrowings outstanding under the credit agreements were \$27.8 million at December 30, 2001, excluding \$5.7 million of letters of credit outstanding. The maturity date of the GECC credit agreements is October 17, 2002. Management believes the GECC credit agreements can be renewed or refinanced upon maturity.

Borrowings under the U.S. credit agreement bear interest at rates between U.S. prime plus 0.50% to 1.25% or LIBOR plus 1.75% to 2.75% depending on The Hockey Company's Operating Cash Flow Ratio, as defined in the agreement. Borrowings under the Canadian credit agreement bear interest at rates between the Canadian prime rate plus 0.75% to 1.50%, the U.S. prime rate plus 0.50% to 1.25% and the Canadian Bankers' Acceptance rate or LIBOR plus 1.75% to 2.75% depending on The Hockey Company's Operating Cash Flow Ratio, as defined in the agreement. In addition, we are charged a GECC monthly commitment fee at an annual rate of 3/8 of 1% on the unused portion of the revolving credit facilities under the credit agreements and certain other fees. The credit agreements contain customary negative and affirmative covenants including those relating to capital expenditures, minimum interest coverage and fixed charge

Edgar Filing: HOCKEY CO - Form 10-K

coverage. The credit agreements restrict, among other things, the ability to pay cash dividends on the preferred shares.

-17-

On November 19, 1998, in connection with the acquisition of Sports Holdings Corp., we entered into a credit agreement with Caisse de depot et placement du Quebec ("Caisse") to borrow Canadian \$135.8 million. The loan, initially for a period of two years was extended and matured on March 14, 2001, on which date we entered into an Amended and Restated Credit Agreement. This renewed Caisse loan is made up of 2 facilities (Facility 1--Canadian \$90 million and Facility 2--Canadian \$45.8 million). Each facility bears interest equal to the Canadian prime rate plus 5% and Facility 2 bears additional interest of 3.5% which is to be capitalized and repaid on the maturity of Facility 2.

On March 8, 2002, we acquired an option from Caisse to extend the maturity of Facility 2 plus capitalized interest to February 28, 2003 in exchange for a nominal fee. This unconditional and irrevocable option maintains all the terms of the Amended and Restated Credit Agreement and expires on April 30, 2002. As a result, Facility 2 plus capitalized interest has been classified as a non-current liability in the consolidated Balance Sheet at December 31, 2001. We will use part of the proceeds of a debt offering being pursued by us to repay Facility 1 and Facility 2 plus capitalized interest entirely. If this debt offering does not close, upon maturity of Facility 2 on February 28, 2003, we will have to seek alternative financing sources with a third party or will be dependent on Caisse to extend the maturity of Facility 2 or to convert the debt into common stock.

The Caisse loan is collateralized by all of our tangible and intangible assets, subject to the prior ranking claims on accounts receivable, inventories and related assets by GECC under the GECC U.S. and Canadian credit agreements. The loan is guaranteed by us and certain of our subsidiaries.

The Amended and Restated Credit Agreement contains customary negative and affirmative covenants including those relating to capital expenditures, total indebtedness to EBITDA, minimum interest coverage and a minimum EBITDA requirement which was met in 2001.

Effective March 18, 1999, Jofa AB, our Swedish subsidiary, entered into a credit agreement with Nordea Bank in Sweden. The maximum amount of loans and letters of credit that may be outstanding under the agreement is SEK 50 million (\$4.9 million). The facility is collateralized by the assets of Jofa AB, excluding intellectual property, bears interest at a rate of STIBOR plus 0.65% and is renewable annually. Total borrowings as at December 31, 2000 and 2001 were nil. Effective 2002, the credit agreement was amended to increase the maximum amount of loans and letters of credit to SEK 90 million (\$8.8 million). In addition, in May 2000, Jofa AB entered into a separate credit agreement with Nordea Bank to borrow SEK 10 million, or approximately \$1.0 million. The loan has a term of four years with annual principal repayments of SEK 2.5 million, or approximately \$0.2 million. The loan is secured by a chattel mortgage on the assets of Jofa AB and bears an interest rate of STIBOR plus 1.25%.

Effective July 10, 2001, KHF Finland Oy, our Finnish subsidiary, entered into a credit agreement with Nordea Bank in Finland, replacing the former credit facility for FIM 30 million (\$4.6 million) which was terminated in 2001. The maximum amount of loans and letters of credit that may be outstanding under the agreement is EUR 2.4 million (\$2.1 million). The facility is valid until further notice and is collateralized by the assets of KHF Finland Oy and bears interest at a rate of EURIBOR plus 0.9%. Total borrowings as at December 31, 2000 and

Edgar Filing: HOCKEY CO - Form 10-K

2001 were nil.

During the year ended December 31, 2001, our operations used \$9.1 million of cash compared to providing \$5.2 million in 2000. We had a net loss of \$9.4 million in 2001, compared to \$8.1 million in 2000. EBITDA, was \$25.3 million for the year ended December 31, 2001 compared to \$18.2 million for the previous year.

Cash used in investing activities during the year ended December 31, 2001 was \$1.1 million compared to \$4.8 million in 2000.

Cash provided by financing activities during 2001 was \$14.4 million compared to \$1.3 million used in 2000.

-18-

We follow the customary practice in the sporting goods industry of offering extended payment terms to creditworthy customers on qualified orders. Our working capital requirements generally peak in the second and third quarters as we build inventory and make shipments under these extended payment terms.

RESTRUCTURING RESERVES

In 2001, we embarked on a plan to rationalize our operations and consolidate our facilities. This rationalization involved the elimination of certain redundancies, both in terms of personnel and operations as well as the consolidation of facilities including the closure of its Mount Forest, Ontario plant, and our Paris, France sales office, and the consolidation of North American distribution into Canada. Accordingly, we have set up reserves of approximately \$5.7 million for the expected cost of the restructuring. Of this amount, approximately \$4.3 million is to cover the cost of severance packages to affected employees, with the remainder representing other closure costs. Of these amounts, approximately \$1.9 million remained unpaid at year-end.

INTANGIBLE ASSETS

We have a significant amount of intangible assets on our balance sheet. As at December 31, 2001 we had \$76.1 million (2000-\$82.6 million) representing 38.1% (2000-42.2%) of total assets. This goodwill is comprised of several components. Upon the acquisition of Sports Holdings Corp., we recognized \$53.1 million of goodwill. This amount, being the difference between the purchase price and the amount of tangible net assets acquired, represents the value to us of the brands acquired. Jofa, Koho, Canadien, Titan and Heaton are world class hockey brands and management believes that there is significant long-term earning potential to be realized from the brands. Accordingly, the amortization of this goodwill was over 25 years.

In connection with a re-organization and fresh-start accounting, we recognized \$49.0 million of excess reorganization value, which is another component of goodwill. This amount arose primarily as debt forgiveness in the reorganization. It is included in goodwill because it represents among other things the value of its CCM brand. Again management believes that significant long-term earning potential exists and was amortizing the excess reorganization value over 20 years.

Also included in intangible assets are the financing costs related to the Caisse debt and the fair value of warrants issued to Caisse in 2001 to purchase 539,974 shares at \$0.01 per share, which is being amortized over the life of the debt.

Edgar Filing: HOCKEY CO - Form 10-K

SIGNIFICANT ACCOUNTING POLICIES

In the application of accounting policies, management relies on the use of assumptions and estimates and prudent judgment. Should actual events differ substantially from these estimates or judgments then results may also materially differ from those reported. Apart from the policies identified above other significant policies include:

VALUATION OF ACCOUNTS RECEIVABLE. Approximately 43% of accounts receivable are denominated in currencies other than the US Dollar. The value of these accounts is subject to gains and losses from exchange rate fluctuations. Also in valuing these accounts management uses estimates as to potential default rates. Should the default estimates change gains or losses would occur. Management believes that it has adequate reserves in place.

VALUATION OF INVENTORY. The value of inventory is based partly on management estimates regarding potential write-downs of excess or slow-moving inventory and the estimated realizable value thereafter. Management believes that the reserves in place for excess or slow moving inventory are adequate.

-19-

NEW ACCOUNTING PRONOUNCEMENTS

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, BUSINESS COMBINATIONS, and No. 142, GOODWILL AND OTHER INTANGIBLE ASSETS. Under the new rules, goodwill and intangible assets with indefinite lives will no longer be amortized but will be subject to annual impairment tests in accordance with the Statements. Other intangible assets will continue to be amortized over their estimated useful lives.

We will apply the new rules on accounting for goodwill beginning the first quarter of 2002. We will test goodwill annually for impairment using a two-step process prescribed in Statement 142. The first step is a screen for potential impairment, while the second step measures the amount of the impairment, if any. We expect to complete the required testing of indefinite lived assets as of January 1, 2002 in the first half of 2002.

In August 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 144, IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS. Under the new rules, assets held for sale would be recorded at the lower of the assets' carrying amounts and fair values and would cease to be depreciated. We believe the impact of this statement will not significantly affect our financial position or results of operations.

EURO CONVERSION

Management currently believes that the introduction of the Euro will not have a material impact related to pricing or foreign currency exposures. Finland is one of the countries adopting the Euro but Sweden has not adopted the new currency. The subsidiaries' transactions and debt are denominated in their local currencies. We do not foresee any adverse impact resulting from the Euro conversion, including competitive, operational or strategic implications.

SEASONALITY AND SELECTED QUARTERLY DATA

Sales of hockey equipment products are generally highly seasonal and in many instances are dependent on weather conditions. This seasonality causes our financial results to vary from quarter to quarter, with sales and earnings

Edgar Filing: HOCKEY CO - Form 10-K

usually weakest in the first and second quarters. In addition, the nature of our business requires that in anticipation of the peak selling season for our products, we make relatively large investments in inventory. Relatively large investments in receivables consequently exist during and after such season.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We, in the normal course of doing business, are exposed to market risk from changes in foreign currency exchange rates and interest rates. Our principal currency exposures relate to the Canadian dollar and to certain European currencies. Management's objective, regarding foreign currency risk, is to protect cash flows resulting from sales, purchases and other costs from the adverse impact of exchange rate movements.

Our European and Canadian subsidiaries each have operating credit facilities denominated in their respective local currencies; these debt facilities are hedged by the operating revenues generated in the local currencies of the subsidiaries. Our long-term debt is denominated in Canadian dollars (Canadian \$135.8 million). Our equity investment in our Canadian subsidiary is effectively hedged by the Canadian dollar denominated debt up to our investment in our Canadian subsidiary. Similarly, as we hold either long-term or operating debt facilities denominated in the currencies of our European subsidiaries, our equity investments in those entities are hedged against foreign currency fluctuations. We do not engage in speculative derivative activities.

We are exposed to changes in interest rates primarily as a result of our long-term debt and operating credit facilities used to maintain liquidity and fund capital expenditures. Management's objective, regarding interest rate risk, is to limit the impact of interest rate changes on earnings and cash flows and to reduce overall borrowing costs. To achieve these objectives, we maintain the ability to borrow funds in different markets, thereby mitigating the effect of large changes in any one market. Our debts have variable interest rates and thus a 1% variation in the interest rate will cause approximately \$1.1 million

Edgar Filing: HOCKEY CO - Form 10-K

increase or decrease in interest expense.

We are also exposed to foreign exchange fluctuations due to our significant sales and costs in Canada, Sweden and Finland. If the average exchange rate of the Canadian Dollar, Swedish Krona and Finnish Markka were to vary by 1% versus the U.S. Dollar, the effect on sales for 2001 would have been \$0.7 million, \$0.2 million and \$0.2 million, respectively. We also have operating expenses in each of these currencies which would mitigate the impact of such foreign exchange variation on cash flows from operations.

REPORT OF INDEPENDENT AUDITORS

The Board of Directors and Stockholders
THE HOCKEY COMPANY

We have audited the accompanying consolidated balance sheets of THE HOCKEY COMPANY as of December 31, 2000 and 2001, and the related consolidated statements of operations, stockholders' equity, comprehensive loss and cash flows for each year in the three year period ended December 31, 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with United States generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit

also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Hockey Company at December 31, 2000 and 2001, and the consolidated results of its operations and its cash flows for each year of the three year period ended December 31, 2001, in conformity with United States generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly in all material respects the information set forth therein.

THE HOCKEY COMPANY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(IN THOUSANDS, EXCEPT SHARE DATA)

1. DESCRIPTION OF BUSINESS

Edgar Filing: HOCKEY CO - Form 10-K

Description of Business, Change of Corporate Name and Principles Of Consolidation:

The Hockey Company was incorporated in September 1991 and reorganized in April 1997.

On January 31, 1999, the Board of Directors of The Hockey Company ("THC") unanimously adopted an amendment to the Company's Certificate of Incorporation to change the name of the Company from SLM International Inc. to The Hockey Company. The amendment was filed with the Secretary of the State of the State of Delaware on February 9, 1999.

The consolidated financial statements include the accounts of THC and its wholly-owned subsidiaries (collectively, the "Company"). The Company designs, develops, manufactures and markets a broad range of sporting goods. The Company manufactures hockey and hockey related products, including hockey uniforms, hockey sticks, protective equipment, hockey, figure and inline skates as well as street hockey products, marketed under the CCM(Registered Trademark), KOHO(Registered Trademark), JOFA(Registered Trademark), TITAN(Registered Trademark), CANADIEN(TM) and HEATON(Registered Trademark) brand names. The Company sells its products worldwide to a diverse customer base consisting of mass merchandisers, retailers, wholesalers, sporting goods shops and international distributors. The Company manufactures and distributes most of its products at facilities in North America, Finland and Sweden and sources products internationally.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION:

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Certain of the preceding years figures have been reclassified to conform to the presentation adopted in the current year.

B. CASH EQUIVALENTS:

Cash equivalents consist of highly liquid short-term investments with original maturities of three months or less. The Company invests excess funds in bank term deposits, Canadian Government promissory notes and in U.S. Treasury bills. At December 31, 2000 and 2001, the Company had no investments in bank term deposits.

C. CONCENTRATION OF CREDIT RISK:

Financial instruments that potentially subject the Company to concentration of credit risk consist primarily of temporary cash investments and accounts receivable. The Company restricts its cash investments to temporary investments in institutions with high credit standing and to short-term securities backed by the full faith and credit of the United States and Canadian and Quebec Governments. The Company sells its products principally to retailers and distributors and, in accordance with industry practice, grants extended payment terms to qualified customers. Concentration of accounts receivable credit risk is mitigated due to the performance of credit reviews that are considered in determining credit policies and allowances for doubtful accounts. The Company provides allowances for expected sales returns, net of related inventory cost recoveries, discounts, rebates and

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

cooperative advertising. The Company does not collateralize its receivables, except with respect to its debt agreements as described in Note 7 in the Notes to Consolidated Financial Statements. As at December 31, 2000 and 2001, no single account receivable represented more than 10% of the Company's consolidated accounts receivable and no single customer accounted for more than 10% of the Company's consolidated net sales for each of the years in the three year period ended December 31, 2001.

D. REVENUE RECOGNITION:

Revenue is recognized when products are shipped to customers. The Company follows the guidance of Accounting Principles Board ("APB") Opinion no. 29, "Accounting for non-monetary transactions." This APB provides guidance on accounting for transactions that involve primarily an exchange of non-monetary assets, liabilities or services. Revenues include transactions which represent an exchange by the Company of hockey equipment and related apparel for advertising. Revenues and expenses from these transactions are recorded at the lower of estimated fair value of the services or the goods delivered. Revenue and expenses recognized from the transactions were \$690 in 2000 and \$1,551 in 2001.

E. INVENTORIES:

Inventories are stated at the lower of cost or net realizable value for finished products and work in process, and replacement cost for raw materials and supplies. Cost is determined using the first-in, first-out method. The Company provides allowances for excess, obsolete and slow moving inventories.

F. RESEARCH & DEVELOPMENT EXPENSES:

Costs for new product research and development as well as changes to existing products are expensed as incurred and totaled \$2,289, \$2,259 and \$1,545 for the years ended December 31, 1999, 2000, and 2001, respectively.

G. PREPAID EXPENSES:

The Company expenses advertising and promotion costs incurred when the advertising takes place. Royalty payments are deferred to the extent that the related sales have not yet been recorded. Such costs are included in prepaid expenses.

H. PROPERTY, PLANT AND EQUIPMENT:

Property, plant and equipment are stated at cost. Depreciation and amortization are provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using principally the straight-line method of depreciation.

Edgar Filing: HOCKEY CO - Form 10-K

THE HOCKEY COMPANY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(IN THOUSANDS, EXCEPT SHARE DATA)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The estimated service lives of the respective assets are as follows:

	YEARS

Buildings and improvements.....	5-40
Machinery and equipment.....	3-10
Tools, dies and molds.....	3-5
Office furniture and equipment.....	3-10

Accelerated methods of depreciation are used for tax reporting purposes where required. Significant additions or major improvements are capitalized, while normal maintenance and repair costs are expensed. When assets are sold, retired or otherwise disposed of, the applicable costs and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recognized.

The Company periodically reviews property, plant and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. When such circumstances occur, the Company estimates future cash flows expected to result from the use and eventual disposition of the assets. If the expected future cash flows are less than the carrying amount, the Company recognizes an impairment loss.

I. INCOME TAXES:

Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense consists of both the tax payable for the period and the change during the period in deferred tax assets and liabilities.

The Company does not provide for withholding income taxes on the undistributed earnings of its non-U.S. subsidiaries, since such earnings are not expected to be remitted to the Company in the foreseeable future. The Company has provided, in its U.S. tax provision, taxes on all of the unremitted earnings of its non-U.S. subsidiaries to December 31, 2001.

Fresh-start reporting requires the Company to report a provision in lieu of income taxes when there is a book taxable income and utilization of a pre-reorganization net operating loss carry-forward. This requirement applies despite the fact that the Company's pre-reorganization net operating loss carry-forward and other deferred tax assets would eliminate the related federal income tax payable. The current and future year tax benefit related to the carry forward is recorded as a reduction of reorganizational value in excess of

Edgar Filing: HOCKEY CO - Form 10-K

amounts allocable to identifiable assets until exhausted and then as a direct increase to paid-in capital.

J. FOREIGN CURRENCY TRANSLATION:

The balance sheets of our non-U.S. subsidiaries are translated into U.S. dollars at the exchange rates in effect at the end of each year. Revenues, expenses and cash flows are translated at weighted average rates of exchange. Gains or losses resulting from foreign currency transactions are included in earnings, while those resulting from translation of financial statement balances are shown as a separate

component of stockholders' equity. The functional currencies of our non-U.S. subsidiaries, which are primarily located in Canada, Finland and Sweden, are the respective local currencies in each foreign country.

The Company's investment in the Canadian subsidiary is effectively hedged by the Canadian dollar denominated debt up to the investment in the Canadian subsidiary. For the year ended December 31, 2001, approximately \$2,000 was credited to accumulated other comprehensive loss as a result of the hedge (2000--\$1,400).

K. INTANGIBLE ASSETS:

Intangible assets are recorded at cost and are amortized on a straight-line basis over 25 years. These amounts include the excess purchase price over fair values assigned ("goodwill"), reorganizational value in excess of amounts allocable to identifiable assets ("excess reorganizational value") (see Note 6) and deferred financing costs (amortized over the life of the financing). Effective January 1, 2002 goodwill will no longer be amortized but will be tested annually for impairment.

Excess reorganizational value is amortized on a straight-line basis over twenty years and is being reduced by the realization of deferred tax assets.

L. EARNINGS PER SHARE:

Basic earnings per share is calculated using the weighted average number of shares of common stock outstanding during the year. Diluted earnings per share is computed based on the average number of shares of common stock assumed to be outstanding during each year. Common stock equivalents are included when dilutive (see Notes 8, 14 and 15).

M. PENSION LIABILITY

The Company provides a defined-benefit pension plan covering its senior executives. Pension benefits are based on age, years of service and compensation rates. Pension expense was \$267 in 2001, and the unfunded liability amounted to \$687 at December 31, 2001, which is included in deferred income taxes and other long-term liabilities.

Edgar Filing: HOCKEY CO - Form 10-K

3. ACCOUNTS RECEIVABLE

Net accounts receivable include:

Depreciation and amortization expense for the years ended December 31, 1999, 2000, and 2001, was \$4,330, \$4,502, and \$4,311, respectively.

Included above are land and building in the amount of \$622 held for resale, as a result of the Company's restructuring in 2001 related to the apparel segment which approximates fair value.

6. INTANGIBLE AND OTHER ASSETS

Net intangible and other assets consist of:

	2000	2001

7. REVOLVING CREDIT FACILITIES AND LONG-TERM DEBT

A. REVOLVING CREDIT FACILITIES:

Revolving credit facilities consist of the following:

	2000	2001
	-----	-----

Edgar Filing: HOCKEY CO - Form 10-K

Revolving credit facilities with General Electric Capital Inc.....	\$12,282 =====	\$27,792 =====
--	-------------------	-------------------

Effective November 19, 1998, two of our U.S. subsidiaries, Maska U.S., Inc. and SHC Hockey Inc. entered into a credit agreement (the "U.S. Credit Agreement") with the lenders referred to therein and with General Electric Capital Corporation, as Agent and Lender. Simultaneously, two of the Company's Canadian subsidiaries, Sport Maska Inc. and Tropsport Acquisitions Inc., entered into a credit agreement (the "Canadian Credit Agreement") with the lenders referred to therein and with General Electric Capital Canada Inc., as Agent and Lender. The Credit Agreements are collateralized by all accounts receivable, inventories and related assets of the borrowers and the Company's other North American subsidiaries and are further collateralized by a second lien on all of the Company's and the Company's North American subsidiaries' other tangible and intangible assets.

On March 14, 2001, the Second Amendment to the U.S. Credit Agreement was entered into by Maska U.S., Inc., as borrower, the Credit Parties, the U.S. Lenders and General Electric Capital Corporation, as Agent and Lender. Simultaneously, the Second Amendment to the Canadian Credit Agreement was entered into by Sport Maska Inc., as borrower, the Credit Parties, the Canadian Lenders and General Electric Capital Canada Inc., as Agent and Lender. On terms and subject to the conditions of each of the Second Amendments, the Credit Agreements were amended to reflect the Amended and Restated Credit Agreement (as hereinafter defined). The maximum amount of loans and letters of credit that may be outstanding under the two credit agreements is \$60,000. Each of the Credit Agreements is subject to a minimum excess requirement of \$1,750 in certain months. Total borrowings outstanding under the Credit Agreement at December 31, 2000 and December 31, 2001 were \$12,282 and \$27,792, respectively (excluding outstanding letters of credit of \$5,732 (2000-927)). The Credit Agreements will mature on October 17, 2002. Management believes the Credit Agreements can be renewed or refinanced upon maturity.

Borrowings under the U.S. Credit Agreement bear interest at rates of either U.S. prime rate plus 0.50%-1.25% or LIBOR plus 1.75%-2.75% depending on the Company's Operating Cash Flow Ratio, as defined in the agreement. Borrowings under the Canadian Credit Agreement bear interest at rates of either the Canadian prime rate plus 0.75%-1.50%, or LIBOR plus 1.75%-2.75% depending on the Company's Operating Cash Flow Ratio, as defined in the agreement. In addition, the borrowers are charged a monthly commitment fee at an annual rate of up to 3/8 of 1% on the unused portion of the revolving credit facilities under the Credit Agreements and certain other fees.

The Credit Agreements contain customary negative and affirmative covenants including those relating to capital expenditures, minimum interest coverage and fixed charges coverage ratio. The agreement restricts, among others, the ability to pay cash dividends on the preferred shares.

Effective March 18, 1999, Jofa AB (Jofa), a Swedish subsidiary of the Company, entered into a credit agreement with Nordea Bank in Sweden. The maximum amount of loans and letters of credit that may be outstanding under the agreement is SEK 50,000 (\$4,900). The facility is collateralized by the assets of Jofa, excluding intellectual property, bears interest at a rate of STIBOR (3.9% at

Effective July 10, 2001, KHF Finland Oy (KHF), a Finnish subsidiary of the Company, entered into a credit agreement with Nordea Bank in Finland, replacing the former credit facility for FIM 30,000 (\$4,600) which was terminated during 2001. The maximum amount of loans and letters of credit that may be outstanding under the agreement is EUR 2,400 (\$2,100). The facility is collateralized by the assets of KHF and bears interest at a rate of EURIBOR (3.3% at December 31, 2001) plus 0.9% and is renewable annually. Total borrowings as at December 31, 2000 and 2001 were nil.

The weighted average interest rate on short-term debt outstanding at December 31, 1999, 2000 and 2001 was 8.32%, 8.49% and 6.96%, respectively.

SECURED LOANS

On November 19, 1998, in connection with its acquisition of Sports Holdings Corp., the Company and Sport Maska Inc. entered into a Secured Loan Agreement with the Caisse de depot et placement du Quebec ("Caisse") to borrow a total of Canadian \$135,800. The loan was initially for a period of two years that was extended until March 14, 2001, on which date, an Amended and Restated Credit Agreement was entered into by the Company and Sport Maska Inc., as borrowers, Caisse, as Agent and Lender, and Montreal Trust Company, as Paying Agent (the "Amended and Restated Credit Agreement"). On the terms and subject to the conditions of the Amended and Restated Credit Agreement, Facility 1 of the Caisse Loan, which is a facility in the maximum amount of Canadian \$90,000, was extended to June 30, 2004, and Facility 2 of the Caisse Loan, which is a facility in the maximum amount of Canadian \$45,800, was extended to October 31, 2002. A repayment of Facility 1 in the minimum amount of Canadian \$5,000 is due on January 31, 2004. Facility 1 and Facility 2 have been fully utilized and no new advances are expected to be made under the Amended and Restated Credit

Edgar Filing: HOCKEY CO - Form 10-K

Agreement. Each facility bears interest equal to the Canadian prime rate plus 5%, and Facility 2 bears additional interest of 3.5% which is to be capitalized and repaid on Facility 2 maturity. At December 31, 2001, Facility 2 included \$654 (2000-nil) of capitalized interest. The loan is collateralized by all of the tangible and intangible assets of the Company subject to the prior ranking claims on accounts receivable and inventories by the lenders under the Company's revolving credit facilities. The loan is guaranteed by the Company and certain of its subsidiaries.

The loan contains customary negative and affirmative covenants including those relating to capital expenditures, total indebtedness to EBITDA and minimum interest coverage, and a minimum EBITDA requirement which was met in 2001. The agreement restricts, among others, the ability to pay cash dividends on the preferred shares.

On March 8, 2002, the Company acquired an option from the lender to extend the maturity of Facility 2 plus capitalized interest to February 28, 2003 in exchange for a nominal fee. The unconditional and irrevocable option maintains all the terms of the Amended and Restated Credit Agreement and expires on April 30, 2002. As a result, Facility 2 plus capitalized interest has been classified as a non-current liability in the consolidated Balance Sheet at December 31, 2001. Management is proceeding with a debt offering which is intended to repay Facility 1 and Facility 2 plus capitalized interest entirely. If the debt offering does not close, upon maturity of Facility 2 on February 28, 2003, the Company will have to seek alternative financing sources with a third party or will be dependent on the lender to extend the maturity of Facility 2 or to convert the debt into common stock of the Company.

In May 2000, Jofa AB, a subsidiary of the Company, entered into a loan agreement with Nordea Bank Sweden to borrow SEK 10,000 (\$973). The loan is for 4 years with annual principal repayments of SEK 2,500 (\$243). The loan is secured by a chattel mortgage on the assets of the subsidiary and bears an interest rate of STIBOR plus 1.25%.

Based on the borrowing rates currently available to the Company for bank loans and other financing with similar terms, the Company estimated that the fair value of its short-term debt and long-term debt at December 31, 2000 and 2001 was equivalent to the carrying values in the financial statements. These values represent a general approximation of possible value and may never be realized.

8. COMMON STOCK, WARRANTS AND PREFERRED STOCK

The Company has authorized 20,000,0000 shares of common stock of which of 6,500,549 are issued and outstanding.

Pursuant to the Warrant Agreement, dated as of March 14, 2001, between the Company and Caisse, the Company issued a warrant to Caisse to purchase 539, 974 shares of common stock, par value \$.01 per share, of the Company, representing

Edgar Filing: HOCKEY CO - Form 10-K

approximately 7.5% of the outstanding common stock, on a fully diluted basis, at an exercise price of \$.01 per share. The number of shares issuable upon exercise of the warrants is subject to certain adjustments as provided in the Warrant Agreement. The fair value of the warrants was determined to be \$3,450 and has been recorded in Stockholders' equity as stock purchase warrants. In addition, the Company also issued warrants to Caisse to acquire 409,653 shares of common stock, par value \$0.01 per share, which are only exercisable by Caisse if Facility 2 is not repaid in cash by October 31, 2002.

On April 11, 1997, in connection with a re-organization, THC's old common stock was extinguished and the holders received a total of 300,000 five-year warrants to purchase an aggregate of 300,000 shares of common stock at an exercise price of \$16.92 per share (subject to adjustments for stock splits, stock dividends, recapitalizations and similar transactions). Each holder of 67 shares of old

common stock can receive one warrant to purchase, for cash, one share of common stock, with no fractional warrants issued.

On November 19, 1998, the Company issued 100,000 shares of 13% Pay-In-Kind redeemable preferred stock, \$0.01 par value per share, cumulative preferred stock together with warrants to purchase 159,127 common shares of the Company at a purchase price of \$0.01 per share, for cash consideration of \$12,500 (par value). The fair value of the warrants was determined to be \$1,665 and has been recorded in Stockholder's equity as common stock purchase warrants. The balance of the proceeds, \$10,835, has been recorded as 13% Pay-In-Kind preferred stock. The difference between the redemption value of the preferred stock and the recorded amount is being accreted on a straight-line basis over the seven-year period ending November 19, 2005, by a charge to retained earnings.

Dividends, which are payable semi-annually from November 19, 1998, may be paid in cash or in shares of the 13% Pay-In-Kind preferred stock, at the Company's option. The preferred stock is non-voting. If the Company fails to redeem the preferred stock on or before the mandatory redemption date and for a sixty day period or more after being notified of its failure to redeem the preferred stock, then the preferred stockholders, as a class of stockholders, have the option to elect one director to our Board of Directors with the provision that the preferred stockholders are to elect 28% of the Company's directors. In connection with the debt offering as described in Note 7, the Company has obtained an agreement from the holder to extend the redemption of the preferred stock to six months beyond the maturity of the notes, conditional upon closing of the debt offering. At December 31, 2001 unpaid dividends of \$5,779 (2000-\$3,676) have been accrued on the preferred stock and are included as long-term liabilities, given the restrictions of our Credit Agreements and accordingly prior year's amounts have been reclassified.

The preferred stock is redeemable. However, under the terms of the Company's debt covenants the preferred stock may not be redeemed while its debt is outstanding.

Edgar Filing: HOCKEY CO - Form 10-K

The preferred stock must be redeemed by the Company upon a change of control or by the mandatory redemption date.

9. RESTRUCTURING AND UNUSUAL CHARGES

In 2001, the Company embarked on a plan to rationalize its operations and consolidate its facilities. This rationalization involved the elimination of certain redundancies, both in terms of personnel and operations as well as the consolidation of facilities including the closure of the Mount Forest, Ontario plant, and the Paris, France sales office, and the consolidation of North American distribution into Canada. Approximately 380 employees were affected, of which 240 were from the apparel segment. Accordingly, the Company has set up reserves of approximately \$5,700 for the expected cost of the restructuring. Of this amount, approximately \$4,300 is to cover the cost of severance packages to affected employees, with the remainder representing other closure costs. Of these amounts, approximately \$1,900 remained unpaid at year-end.

10. RELATED PARTY TRANSACTIONS

In 2001, the Company was charged a management fee of \$100 by Wellspring Capital Management LLC, the controlling shareholder, and, in 2000, a fee of \$180 for services performed in connection with the extension of the Caisse loan.

11. LEASES

Certain of our subsidiaries lease office and warehouse facilities and equipment under operating lease agreements. Some lease agreements provide for annual rent increases based upon certain factors including the Consumer Price Index.

The following is a schedule of future minimum lease payments under non-cancelable operating leases with initial terms in excess of one year at December 31, 2001:

12. ROYALTIES AND ENDORSEMENTS

Certain of the Company's subsidiaries have entered into agreements that call for royalty payments generally based on net sales of certain products and product lines. Certain agreements require guaranteed minimum payments over the royalty term. The Company also pays certain professional players and teams an endorsement fee in exchange for the promotion of the Company's brands. The following is a schedule of the future minimum payment and annual obligations under these contracts.

2002.....	\$12,924

Royalty and endorsement expenses for the years ended December 31, 1999, 2000 and 2001 were \$7,436, \$10,461 and \$11,914, respectively. In the 2001-2002 license year, if the earned royalties are less than 50% of the minimum royalties in force for that year (\$6,900) then a penalty of \$1,000 must be paid to National Hockey League Enterprises.

Realization of deferred tax assets is dependent on future earnings, the timing and amounts of which are uncertain. Accordingly, the net deferred tax assets have been fully offset by a valuation allowance. The valuation allowance increased by \$1,281 (2000- increased by \$464) during the year.

Fresh-start reporting requires the Company to report a provision in lieu of income taxes when there is a book taxable income and utilization of a pre-reorganization net operating loss carry-forward. This requirement applies despite the fact that the Company's pre-reorganization net operating loss carry-forward and other deferred tax assets would eliminate the related federal income tax payable. The current and future year tax benefit related to the carry-forward is recorded as a reduction of reorganizational value in excess of amounts allocable to identifiable assets until exhausted and then as a direct increase to paid in capital. The amount of income tax provision which has been used to reduce the reorganizational value in excess of amounts allocable to identifiable assets has been reflected as a provision in lieu of income taxes in the Company's Consolidated Statements of Operations.

At December 31, 2001, the Company has net operating loss carry-forwards related to U.S. operations for income tax purposes of approximately \$49,000 (\$54,100 in 2000). The carry-forward balances begin to expire in 2010 and have been fully reserved by a valuation allowance. Of this valuation allowance, \$18,227 would reduce intangible and other assets if reversed. The Company's ability to use remaining loss carry-forwards is limited in use on an annual basis as a result of a change in control of the Company on April 11, 1997 in connection with the Reorganization Plan and its acquisition of SHC in 1998.

The Company has post-reorganization foreign tax credit carryover in the amount of \$8,400, which will begin to expire December 31, 2005.

There are no undistributed earnings from continuing operations of subsidiaries outside the U.S., for which no provision for U.S. taxes has been made.

- (a) Common equivalent shares include warrants and stock options issuable for little or no cash consideration.
- (b) Other warrants and stock options are considered in diluted earnings per share when dilutive. The Company used the average book value of its common stock in calculating the common equivalent shares as required by statement of Financial Accounting Standards No. 128 due to the fact that the Company's stock had extremely limited trading volume during the period.
- (c) Options to purchase 1,322,222 shares of common stock and warrants to purchase 299,451 shares of common stock were outstanding during 2001 (982,222 and 299,451 in 2000 respectively) but were not included in the computation of diluted earnings per share because the options exercise price was greater than the average book value of the common stock.

15. STOCK OPTION PLAN

During 2001, 440,000 additional stock options were granted at an exercise price of \$8.50 per share. In addition, the Company has approved the reduction of the exercise price per share of stock options held by certain employees relating to 160,000 shares at prices of \$10.00 to \$14.00 to \$8.50, of which 150,000 shares are subject to options held by executive officers. Prior to 2001, the Company granted stock options to purchase 982,222 shares of Common Stock in the Company at a weighted average exercise price of \$11.64 to certain key employees. The exercise prices of the stock options are not less than the estimated fair market value of the shares at the time the options were granted. Generally,

Other than certain legal proceedings arising from the ordinary course of business, which we believe will not have a material adverse effect, either individually or collectively, on the financial position, results of operations or cash flows, there is no other litigation pending or threatened against us.

17. SEGMENT INFORMATION

REPORTABLE SEGMENTS

The Company has two reportable segments: Equipment and Apparel. The Equipment segment derives its revenue from the sale of skates, including ice hockey, roller hockey and figure skates, as well as protective hockey equipment and sticks for both players and goaltenders. The Apparel segment derives its revenue from the sale of hockey apparel, such as authentic and replica hockey jerseys, as well as a high quality line of licensed and branded apparel, baseball style caps and jackets.

18. NEW ACCOUNTING PRONOUNCEMENTS

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, BUSINESS COMBINATIONS, and No. 142, GOODWILL AND OTHER INTANGIBLE ASSETS. Under the new rules, goodwill and intangible assets with indefinite lives will no longer be amortized but will be subject to annual impairment tests in accordance with the Statements. Other intangible assets will continue to be amortized over their estimated useful lives.

The Company will apply the new rules on accounting for goodwill beginning the first quarter of 2002. The Company will test goodwill annually for impairment using a two-step process prescribed in Statement 142. The first step is a screen for potential impairment, while the second step measures the amount of the impairment, if any. The Company expects to complete the required testing of indefinite lived assets as of January 1, 2002 in the first half of 2002.

In August 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 144, IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS. Under the new rules, assets held for sale would be recorded at the lower of the assets' carrying amounts and fair values and would cease to be depreciated. The Company believes the impact of this statement will not significantly affect its financial position or results of operations.

BOARD OF DIRECTORS

Our Board of Directors has responsibility for establishing broad corporate policies and for overseeing our performance, although it is not involved in day-to-day operations. Members of the Board are kept informed of our business by various reports and documents sent on a regular basis as well as by operating and financial reports presented at Board and various Committee meetings. The Board of Directors held 5 meetings during 2001.

The Board has authorized an audit committee and a compensation committee. All of the members of the audit committee and the compensation committee are independent directors who are not employees of us or any of our subsidiaries.

Directors do not receive any compensation for services rendered in their capacity as such; however, they do receive reimbursement of reasonable out-of-pocket expenses in respect of attendance at meetings.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Securities Exchange Act of 1934, our directors, executive officers and holders of more than 10% of our common stock are required to report their initial ownership of our equity securities and any subsequent changes in that ownership to the Securities and Exchange Commission ("SEC"). Specific due dates for these reports have been established, and we are required to disclose any failure to file by these dates with respect to 2001. Based on representations of our directors and executive officers and copies of the reports they have filed with the SEC, there were no late reports filed for 2001.

STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

The following tables set forth certain information concerning the granting of options to purchase shares of our common stock to each of our executive officers named in the Summary Compensation Table above, as well as certain information concerning the exercise and value of such stock options for each of the individuals. Options generally become exercisable over periods of five years and, subject to certain exceptions, expire no later than ten years from the date of grant.

STOCK OPTIONS GRANTED IN 2001

On September 26, 2001, we authorized the grant of employee stock options to purchase 440,000 shares of common stock at an exercise price of \$8.50 per share, of which 220,000 are allocated to named executive officers. In addition, we have approved the reduction of the exercise price per share of stock options held by certain employees relating to 160,000 shares at prices ranging from \$10.00 to \$14.00 to \$8.50, of which 75,000 shares are subject to options held by named executives.

EMPLOYMENT CONTRACTS

Effective September 1, 1996, we entered into a five year employment agreement with Gerald B. Wasserman employing him as President and Chief Executive Officer. In addition to a salary, Mr. Wasserman was granted options to purchase an aggregate of 722,222 shares of our common stock and, of such options, options to purchase 650,000 shares were granted in 1996. An option, with respect to 361,111 of such shares, was granted at exercise prices ranging from \$12.00 per share through \$16.00 per share. Subject to the provisions of the employment agreement related to early terminations, the options have a term of ten years from the date of grant and vest in five equal annual installments beginning on September 1, 1997. As of November 23, 2001, our Board of Directors accepted the resignation of Mr. Wasserman as Chairman of the Board. Under the Separation Agreement and Release Agreement entered into with Mr. Wasserman, Mr. Wasserman will continue to receive salary through

-50-

March 31, 2002, as well as certain fringe benefits. In addition, Mr. Wasserman will be entitled to all 722,222 options which have vested as of such date.

Effective January 1, 2001, and further amended on September 26, 2001 to reflect his position as Chief Executive Officer, we entered into an employment agreement with Matthew H. O'Toole, as President and Chief Executive Officer. Mr. O'Toole receives annual compensation of Canadian \$380,000, subject to review annually, and is eligible to receive a bonus calculated in accordance with a formula based on our EBITDA up to 75% of then-current salary or, if 110% above budgeted EBITDA is achieved, a larger percentage at the discretion of our board of directors. Mr. O'Toole has also been granted stock options to purchase 175,000 shares of our common stock at an exercise price of \$8.50 per share, of which options to purchase 25,000 shares were repriced from \$14.00 per share. These options have a term of ten years and vest ratably over five years with all options fully vested upon a change of control and ratably upon a termination of Mr. O'Toole's employment without "cause". Additionally upon a change of control, Mr. O'Toole is entitled to a "success fee" of two times then-current base salary

Edgar Filing: HOCKEY CO - Form 10-K

less the current cash value (per share less the exercise price per share multiplied by the number of shares vested) of all vested stock options. Upon notice of termination of employment by us, Mr. O'Toole will be entitled to receive as severance one year's salary.

Effective May 22, 2001, we entered into an employment contract with Robert A. Desrosiers, as Vice President, Finance and Administration. He was named Chief Financial Officer as of January 2002, with no change in employment terms. Mr. Desrosiers receives annual compensation of Canadian \$232,000, subject to annual review. Mr. Desrosiers is also eligible to participate in our bonus plan up to a maximum of 40% of then current salary. Mr. Desrosiers has been granted stock options to purchase 35,000 shares of our common stock at an exercise price of \$8.50 per share. These options have a term of ten years, vest ratably over five years commencing on December 31, 2001 and vest upon change in control and ratably upon a termination of Mr. Desrosiers' employment without "cause". Upon notice of termination of employment by us, Mr. Desrosiers will be entitled to receive as severance twelve months' salary and benefits.

Effective January 1, 1999, as amended September 12, 2001, we entered into an employment contract with Johnny Martinsson, as Senior Vice President, European Division. He currently earns a base salary of SEK 1,000,000 per year, subject to annual review. Mr. Martinsson is also eligible to participate in our bonus plan up to a maximum of 40% of then current salary. Mr. Martinsson has been granted stock options to purchase 35,000 shares of our common stock at an exercise price of \$8.50 per share, of which options to purchase 25,000 shares were repriced from \$14.00 per share. These options have a term of ten years, vest ratably over five years commencing on December 31, 1999 and vest upon change in control and ratably upon a termination of Mr. Martinsson's employment without "cause". Upon notice of termination of employment by us, Mr. Martinsson will be entitled to receive as severance twelve months' salary and benefits.

Effective July 16, 2001, we entered into an employment agreement with John Pagotto, as Vice President, Equipment Division. Mr. Pagotto receives annual compensation of Canadian \$232,000, subject to annual review. Mr. Pagotto is also eligible to participate in our bonus plan up to a maximum of 40% of then current salary. Mr. Pagotto has been granted stock options to purchase 35,000 shares of our common stock at an exercise price of \$8.50 per share. These options have a term of ten years, vest ratably over five years commencing on December 31, 2001 and vest upon change in control and ratably upon a termination of Mr. Pagotto's employment without "cause". Upon notice of termination of employment by us, Mr. Pagotto will be entitled to receive as severance twelve months' salary and benefits.

Effective June 18, 2001, we entered into an employment agreement with Len Rhodes, as Vice President, Global Marketing. Mr. Rhodes receives annual compensation of Canadian \$154,500, subject to annual review. Mr. Rhodes is also eligible to participate in our bonus plan up to a maximum of 40% of then current salary. Mr. Rhodes

-51-

has been granted stock options to purchase 25,000 shares of our common stock at an exercise price of \$8.50 per share. These options have a term of ten years, vest ratably over five years commencing on December 31, 2001 and vest upon change in control and ratably upon a termination of Mr. Rhodes' employment without "cause". Upon notice of termination of employment by us, Mr. Rhodes will be entitled to receive as severance twelve months' salary and benefits.

Effective August 16, 1999, as amended February 28, 2001 to extend the term to February 28, 2003, we entered into an employment agreement with Raymond

Edgar Filing: HOCKEY CO - Form 10-K

Riccio, as Vice President, Apparel Division. The agreement may be renewed by us with 6 months' prior notice. Mr. Riccio receives annual compensation of \$160,000, subject to annual review. Mr. Riccio is also eligible to participate in our bonus plan up to a maximum of 40% of then current salary. Mr. Riccio has been granted stock options to purchase 25,000 shares of our common stock at an exercise price of \$8.50 per share. These options have a term of ten years, vest ratably over five years and vest upon change in control and ratably upon a termination of Mr. Riccio's employment without "cause". Upon notice of termination of employment by us, Mr. Riccio will be entitled to receive as severance the greater of six months' salary or the number of months remaining during the term of the agreement which terminates February 28, 2003.

Effective January 9, 1997, David Terreri was appointed Vice President, Distribution and Customer Service. He earns a base salary of \$203,855 per year, subject to annual review. Mr. Terreri is also eligible to participate in our bonus plan up to a maximum of 40% of then-current salary with a bonus of 20% of Mr. Terreri's salary guaranteed in the first year of his employment. Mr. Terreri has been granted stock options to purchase 50,000 shares of our common stock at an exercise price of \$8.50 per share, which were repriced from \$10.00 per share. These options have a term of ten years, vest ratably over five years and vest immediately upon a change of control and ratably upon a termination of Mr. Terreri's employment without "cause". Upon three months' notice of termination of employment by us Mr. Terreri will be entitled to receive as severance six months' salary per year of service in the first year of service and twelve months' salary per year of service with us thereafter up to a maximum of fifteen months.

RETIREMENT AND LONG-TERM INCENTIVE PLANS

During 1998 we introduced a contributory defined contribution plan (the "Pension Plan"). Our executive officers entered into supplementary executive retirement agreements ("SERP"). The SERP benefit equals 2% of base earnings at retirement times years of service minus the pension provided by our Pension Plan. These SERPs are unfunded. During the year ended December 31, 2001, an expense of \$267,000 was recorded by us. The balance of the unfunded liability was \$687,000 as at December 31, 2001.

We also maintain a defined contribution plan for certain of our employees, under which we make a contribution of up to \$5,600. Matching contributions in 2001 were \$20,200 (2000- \$41,600).

PERFORMANCE GRAPH

Normally, we would present a graph comparing the cumulative total stockholder return on our common stock with that of the NASDAQ Composite Index for U.S. companies and the Dow Jones Recreation Products Group that is comprised of toy, entertainment, sporting goods, recreation and leisure product companies. However, on April 11, 1997, as a result of our reorganization, all outstanding shares of the Old Common Stock were converted into warrants to purchase shares of our common stock.

-52-

In addition, since April 11, 1997 there has been extremely limited trading volume of our common stock. Therefore, a performance graph is not presented as it would not be meaningful.
