NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

- The accompanying interim unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Regulation SB. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normally recurring accruals) considered

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

necessary for a fair presentation have been included. Operating results for the three-month period ending March 31, 2001 are not necessarily indicative of the results that may be expected for the year ended December 31, 2001.

For further information, refer to the consolidated financial statements and footnotes thereto included in Unity Wireless Corporation's annual report on Form 10-KSB for the year ended December 31, 2000.

The Company has changed its name to Unity Wireless Corporation from Sonic Systems Corporation. It began using the new name as a "dba" in March, 2000, and formally changed its name by filing Articles of Amendment with the State of Delaware Secretary of State effective July 20, 2000.

The Company's ability to realize the carrying value of its assets is dependent on achieving profitable operations, and continuing development of new technologies, the outcome of which cannot be predicted at this time. Accordingly, the Company will require for the foreseeable future ongoing capital infusions in order to continue its operations, fund its research and development activities, and ensure orderly realization of its assets at their carrying values.

2. Inventory:

The components of inventory consist of the following:

	March 31 2001 \$	December 31 2000 \$
Raw materials	325,477	248,863
Work in progress	1,274	195,504
Finished goods	89,678	19,045
	416,429	463,412

3. Accounts payable and accrued liabilities:

	March 31 2001 \$	December 31 2000 \$
Trade accounts payable	428,522	468,866
Employee compensation payable	18,997	-
Accrued liabilities	188,077	259,941
	635,596	728,807

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

4. Earnings per share data:

The following table sets forth the computation of basic and diluted income

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

(loss) per share:

	Three months ended March 31	
	2001	2000

Numerator		
Net income (loss) for the period (\$)	110,640	(670,600)
Denominator		
Weighted average number of common shares outstanding	25,743,153	20,616,500
Adjusted	0	1,740,400
	-----	-----
	25,743,153	18,876,100
Basic and diluted income (loss) per common share (\$)	0.004	(0.035)

For the 3-month period ended March 31, 2001, all of the Company's common shares issuable upon the exercise of stock options and warrants were excluded from the determination of diluted loss per share as their effect would be anti-dilutive.

5. Stock Option Plan:

During the year ended December 31, 1998 the Company established a stock option plan pursuant to which 3,000,000 common shares were reserved for issuance. This plan was replaced on December 6, 1999, by a new stock option plan pursuant to which 5,000,000 common shares were reserved for issuance. On July 5, 2000 the shareholders approved a change in the maximum number of options issuable under this plan to 20% of the number of common shares outstanding including shares of common stock previously issued under the plan. As of March 31, 2001 this maximum number was 6,435,788.

Stock option transactions for the respective periods and the number of stock options outstanding are summarized as follows:

	Outstanding options		
	Shares available under option	No. of common shares issuable	Weighted average exercise price

Balance, December 31, 2000	1,981,123	4,454,666	0.75
Options granted	(941,667)	941,667	0.50
Options expired	917,625	(917,625)	1.20

Balance, March 31, 2001	1,957,081	4,478,708	0.65

6. Segmented information:

a. Segment information:

During the quarter ended March 31, 2001 the Company is operating only in

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

the wireless product segment. During the quarter ended March 31, 2000, the Company was operating only in the acoustic product segment.

5

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

b. Geographic information:

Substantially all assets and operations are in Canada. A summary of sales by region is as follows:

	Three months ended March 31,	
	2001	2000
Korea	\$ 1,377	\$ -
Canada	10	26
United States	6	29
Total sales	\$ 1,393	\$ 55

c. Major customers (\$000):

The approximate sales to major customers is as follows:

	Three months ended March 31,	
	2001	2000
Customer A	\$ 692	\$ -
Customer B	588	-

7. Warrants:

Under the consulting agreement between the Company and Mueller & Company, Inc. and Ideas Inc. ("Mueller and Ideas") dated as of July 1, 2000, 500,000 shares of common stock were issuable to Mueller and Ideas upon exercise of warrants at \$2.06 per share. On January 1, 2001, the Company and Mueller and Ideas agreed to modify this agreement such that the number of warrants was reduced to 200,000 and the exercise price was reduced to \$0.38. These warrants were valued using fair market value under FAS 123.

8. Commitments and contingent liabilities:

a. Lease commitments

The Company has the following future minimum lease commitments for premises and equipment:

	\$000
2001	64

2002	83
2003	81
2004	78
2005	52

	358

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

b. Legal proceedings

The Company is currently a party to an action in the Supreme Court of British Columbia, Vancouver Registry, brought by an optionholder seeking a declaration that certain options to purchase shares in the common stock of the Company held by it have a term of unlimited duration.

The Company provides for costs related to contingencies when a loss is probable and the amount is reasonably determinable. It is the opinion of management, based on advice of counsel, that the ultimate resolution of this contingency, to the extent not previously provided for, will not have a material adverse effect on the financial condition of the Company.

9. Subsequent events:

a. Further to Note 7 above, in April 2001 Mueller and Ideas agreed to provide additional services under the consulting agreement. The Company agreed to increase the number of warrants by 300,000, with the additional warrants exercisable into shares of common stock at a price of \$0.29.

b. The Company agreed, pursuant to a term sheet dated January 31, 2001, that warranty obligations of its subsidiary Unity Wireless Systems Corporation ("UW Systems") for Sonem products already installed will be assumed by Traffic Systems, L.L.C. ("Traffic Systems"), the purchaser of the Company's Sonem business, in consideration of UW System's transfer of its equity interest in Traffic Systems and the Company's residual interest in the Sonem patents. The term sheet is attached as an exhibit to the Company's Form 8-K filed with the SEC on February 16, 2001. On April 30, 2001 UW Systems and Traffic Systems entered into a definitive agreement consummating the term sheet. The definitive agreement is attached as an exhibit to the Company's SB-2A which was filed on May 3, 2001.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The following discussion of the financial condition, changes in financial condition, and results of operations of Unity Wireless Corporation (the "Company") should be read in conjunction with the Company's most recent

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

financial statements and notes appearing elsewhere in this Form 10-QSB; and in the SB-2A filed May 3, 2001; the 8-K's filed January 9, 2001, January 16, 2001 and February 16, 2001 (see Item 6. Exhibits and Reports on Form 8-K); and the 10-KSB for Dec. 31, 2000 filed on April 2, 2001.

OVERVIEW

The Company is in the business of designing, developing and manufacturing high power linear RF amplifiers and specialized communications products that use traditional wireless channels. Prior to the introduction of its RF communications products, the Company had designed, manufactured, and sold an acoustic-based traffic signal preemption system under the trade name "Sonem". The Sonem product accounted for all revenues earned in the fiscal years ended December 31, 1998 and 1999, and the quarter ending March 31, 2000. In view of the Company's strategic repositioning toward RF wireless products during 2000, the Company, through its subsidiary Unity Wireless Systems Corporation, sold its Sonem business to Traffic Systems, L.L.C. on October 6, 2000. Accordingly, revenue from acoustic products ended in the third quarter of 2000.

Also in late 1999, the Company increased its marketing efforts in Asia, resulting in a contract in the first quarter of 2000 with the Transportation Management Systems division of Orbital Sciences ("Orbital"). Under the Orbital contract, UW Integration, through its wholly owned subsidiary, UW Singapore, provided systems integration support, warranty and maintenance services for the Automatic Vehicle Management System ("AVMS") to be delivered by Orbital and Sanyo Trading Company to Singapore Bus Services Ltd. Revenue from this contract started in the quarter ended June 30, 2000, and continued for the rest of the year. As the Company continued to refocus upon RF communication products, the Orbital contract was assigned to Lyma Sales & Management Corp. on December 30, 2000, and therefore the Company has no further interest in any revenue resulting from the contract.

In 1999 and 2000, the Company designed a specialized RF communication product with the trade mark "UniLinx", which it introduced commercially in the later part of 2000. This wireless IP (Internet Protocol) gateway was deployed in the traffic control market and the remote POS market during 2000. Sales from UniLinx commenced in the quarter ended June 30, 2000 and continued for the rest of the year and into the first quarter of 2001.

On November 16, 2000 the Company acquired Ultratech Linear Solutions Inc. ("Ultratech"), a designer, developer and manufacturer of linear power amplifiers for the wireless network infrastructure industry. Its operations have been consolidated from the date of acquisition. The revenues from sales of Ultratech amplifiers from the company's inception on April 22, 1999 to December 31, 2000 were approximately \$3,200,000. The Company received revenue from the sale of RF power amplifiers starting in the quarter ended December 31, 2000. Management expects that the Ultratech acquisition will have a significant positive impact on Company revenues in the current year and beyond.

The Company has incurred net losses since it became active in July 1995. Losses resulted from low sales of the Company's Sonem traffic signal preemption system, combined with startup manufacturing activity and engineering and research and development costs relating to product improvement and new technologies.

Losses continued into 2000 as the Company's revenue from Sonem sales, and the later revenue from UniLinx and the Orbital contract, did not exceed expenditures for research and development, marketing, and general and administrative activities. In the first half of 2000 the Company became a reporting issuer, requiring additional expenditures on legal and accounting services. Also, up to the time of the sale of the Sonem product, the Company made further development expenditures on this product to improve performance and

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

to reduce unit costs. Marketing and additional development costs were also incurred on the UniLinux product.

8

With the completion of the Ultratech purchase, the discontinuance of the contract services (Singapore) business segment, and the ending of active participation in the Sonem product, the Company restructured its operations and staff complement to adjust for the needs of higher manufacturing volumes and development activities for its RF power amplifier products. The Company also reviewed other costs and eliminated expenditures not directly required to implement its RF wireless focus. Given the effectiveness of Ultratech's existing distribution channels and the potential for increased amplifier sales as the Company introduces these products in U.S., European, and additional Asian markets, management believes that losses from operations will diminish and be eliminated as the Company advances its business plan into the current year and beyond.

Results of Operations

(All amounts are in US dollars unless otherwise stated)

Quarters Ended March 31, 2001 and 2000

Net Sales in the first quarter of 2001 increased by 2,448%, or \$1,338,269, to \$1,392,947 from \$54,678 in the first quarter of 2000. This increase was due to net sales of \$1,387,000 from RF amplifiers, and net sales of \$5,947 from the UniLinux product. In the first quarter of 2000 net sales were derived entirely from the Sonem product.

Cost of goods sold in the first quarter of 2001 increased by 1,242%, or \$922,230, to \$996,462 from \$74,232 in the first quarter of 2000. The increase was due to cost of goods sold of \$990,299 from sales of RF amplifiers, and \$6,163 from sales of the UniLinux product. The gross margin for RF amplifiers was positive, which reflected the Company's acquisition of a going concern business. The gross margin for the UniLinux product was affected by introductory pricing and higher initial unit manufacturing resulting from low unit volumes. Stock compensation recovery was insignificant at \$350.

Research and development expenses in the first quarter of 2001 decreased by 50%, or \$96,225, to \$94,579 from \$190,804 in the first quarter of 2000. This decrease was primarily due to R&D activities in the first quarter of 2001 comprising ongoing development of amplifier and UniLinux products. In the first quarter of 2000, the Company continued to invest in the development of the UniLinux-TM- wireless communications product, and started a project to improve the functionality and to reduce the unit cost of its Sonem product. \$35,236 of the decrease was attributable to recovery of stock compensation expense resulting primarily from the effect of a lower stock price on variable plan stock options.

Sales and marketing expenses in the first quarter of 2001 decreased by 80%, or \$162,972, to \$40,685 from \$203,657 in the first quarter of 2000. The decrease was primarily attributable to the restructuring of sales and marketing staff to eliminate the Sonem product and Unity Wireless Integration marketing functions, to reduce UniLinux marketing staff including the project manager, and to provide an ongoing level of sales and marketing support for amplifier products. Also, \$95,773 of the decrease was attributable recovery of stock compensation expense resulting from the effect of a lower stock price on variable plan stock options

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

in 2001, and the award of below market options in 2000 to consummate previous commitments.

Exchange loss (gain) in the first quarter of 2001 increased by \$61,777 to (\$54,999) from \$6,778 the first quarter of 2000 due to fluctuations in the currency exchange rate between the U.S. and Canada. The Company's revenues are received mostly in U.S. dollars, while the majority of expenses are incurred in Canadian dollars.

General and administrative expenses in the first quarter of 2001 decreased by 25%, or \$58,232, to \$173,511 from \$231,743 in the first quarter of 2000. There was a stock compensation recovery of \$53,495 resulting from the effect of a lower stock price on variable plan stock options during the first quarter of 2001. Other net decreases occurred due to staff and investor relations restructuring and reductions in legal, accounting, and audit expenses.

9

Interest income in the first quarter of 2001 increased by 575%, or \$24,338, to \$28,570 from \$4,232 in the first quarter of 2000. This increase results primarily from interest earned on the proceeds from the April, 2000 financing.

Liquidity and Capital Resources

Since its inception, the Company has been dependent on investment capital as its primary source of liquidity. Prior to December 31, 2000, sales of the Company's Sonem traffic signal priority product, and sales of its UniLinx product, have provided insufficient cash flow to sustain operations. The Company had an accumulated deficit at March 31, 2001 of \$10,621,635. During the quarter ended March 31, 2001 the Company focused entirely on the wireless product segment, primarily its amplifier products, and achieved a net income of \$110,640 (2000 - loss of \$670,681). The Company also generated cash from operations of \$81,635 (2000 - \$191,948 in cash used). Operations to date have been primarily financed by equity.

The financial statements have been prepared on the going concern basis under which an entity is considered to be able to realize its assets and satisfy its liabilities in the ordinary course of business. Operations to date have been primarily financed by long-term debt and equity transactions. The Company's future operations are dependent upon the identification and successful completion of additional long-term or permanent equity financing, the continued support of creditors and shareholders, and, ultimately, the achievement of profitable operations. There can be no assurances that the Company will be successful. If it is not, the Company will be required to reduce operations or liquidate assets. The Company will continue to evaluate its projected expenditures relative to its available cash and to seek additional means of financing in order to satisfy its working capital and other cash requirements. The auditor's report on the December 31, 2000 consolidated financial statements includes an explanatory paragraph that states that as the Company has suffered recurring losses from operations, substantial doubt exists about its ability to continue as a going concern. The consolidated financial statements do not include any adjustments relating to the recoverability of assets and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

During the first quarter of 2001, the Company's cash position increased by \$51,925 to \$2,054,009 on March 31, 2001 from \$2,002,084 on December 31, 2000. The \$81,635 provided by operations was comprised of an income \$110,640, non-cash

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

charges including \$21,883 in depreciation and \$46,350 in goodwill amortization. Stock-based compensation was a negative \$89,454 during the quarter, primarily caused by the effect of a lower stock price on variable plan stock options. Other non-cash working capital changes included accounts receivable, which decreased by \$101,278 primarily due to collections on letters of credit in payment of late December Ultratech sales, which had not cleared on December 31, 2000. Ongoing operations during the quarter resulted in an inventory decrease of \$46,983 and a decrease in accounts payable and accrued liabilities of \$93,211. The product warranty accrual decreased by \$80,626 as the Company contributed to the replacement of previously installed Sonem systems.

The Company's investing activities during the first quarter of 2001 amounted to \$9,832, which was attributable to increased purchases of computing hardware and software.

10

Financing activities include a repayment in the Cobratech loan receivable of \$100,000, and the bank overdraft decreased by \$225,454 due to a lower level of cheques outstanding at March 31, 2001 than at December 31, 2000. This operating loan was replaced in April, 2001 by a US \$76,000 (Cdn \$120,000) operating line of credit from HSBC Bank Canada, at an interest rate of HSBC prime, and secured by an \$80,000 guaranteed investment certificate.

Other than operating loan commitments, the Company has no material commitments, including capital commitments, outstanding at March 31, 2001.

INFLATION

The Company does not believe that inflation has had a significant impact on its consolidated results of operations or financial condition. However, the Company has recently experienced some significant price increases for certain components that are used in the wireless industry.

FORWARD LOOKING STATEMENTS

This Form 10-QSB contains forward-looking statements. The words anticipate, believe, expect, plan, intend, estimate, project, could, may, foresee, and similar expressions are intended to identify forward-looking statements. These statements include information regarding expected development of the Company's business, lending activities, relationships with customers, and development of the industry in which the Company will focus its marketing efforts. Such statements reflect the Company's current views with respect to future events and financial performance and involve risks and uncertainties. Should one or more of these risks or uncertainties occur, or should underlying assumptions prove incorrect, actual results may vary materially and adversely from those anticipated, believed, estimated or otherwise indicated.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company, along with Sonic Systems Corporation and M&M Realty Incorporated, has been sued in the Supreme Court of British Columbia, Canada, by Integrated Global Financial Corporation ("IGF"). The action is dated January 5, 2001. The Plaintiff alleges it has options to purchase 500,000 shares at an

Edgar Filing: UNITY WIRELESS CORP - Form 10QSB

alleged exercise price of \$1.00 per share, plus unspecified damages. The Company disputes the allegations and is defending the claim vigorously.

No trial date has been set. No Examinations for Discovery have been conducted or are even set down. The matter is at a very preliminary stage.

It is the Company's view that the claim has little, if any, merit and does not expect the proceeding to have any material adverse effect on the Company.

ITEM 2. CHANGES IN SECURITIES

Under the consulting agreement between the Company and Mueller & Company, Inc. and Ideas Inc. ("Mueller and Ideas") dated as of July 1, 2000, 500,000 shares of common stock were issuable to Mueller and Ideas upon exercise of warrants at \$2.06 per share. On January 1, 2001, the Company and Mueller and Ideas agreed to modify this agreement such that the number of warrants was reduced to 200,000 and the exercise price was reduced to \$0.38.
