INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Edgar Filing: AS STEAMSHIP CO FORM - Form 6-K

Set forth herein as Exhibit 1 is a copy of Announcement No. 8 - 2007 - Agreement on the acquisition of the shipping company OMI Corporation - issued by A/S STEAMSHIP COMPANY FORM (the "Company") to The Copenhagen Stock Exchange on April 17, 2007.

Exhibit 1

ANNOUNCEMENT NO. 8 - 2007

17 April 2007

Agreement on the acquisition of the shipping company OMI Corporation

A/S Dampskibsselskabet FORM (FORM) has in cooperation with the shipping company Teekay Shipping Corporation (Teekay) today signed an agreement with the shipping company OMI Corporation (OMI), located in Stamford, Connecticut, and listed on the New York Stock Exchange (web site: www.omicorp.com) to acquire the entire share capital of OMI. The agreement was unanimously approved and recommended by OMI's Board of Directors.

The agreement with OMI was made with a company established for this purpose and with a 50-50% ownership between Teekay and FORM.

The price per share is agreed to USD 29.25 corresponding to a total purchase price of USD 1.8 billion excluding net interest-bearing debt estimated at USD 400 million end 2006.

The company's fleet consists of 47 modern vessels - of which 13 are Suezmax crude oil tankers, 15 MR product tankers, 17 Handysize product tankers incl. 2 newbuildings and 2 LR1 vessels.

When the company is taken over by Teekay/FORM during the coming months, it has been agreed that the Suezmax vessels as well as 8 product tankers will be taken over by Teekay, whereas the remaining 26 product tanker will be taken over by FORM. The agreement is subject to the acceptance from OMI shareholders representing over 50 percent of OMI's outstanding shares, usual reservations and approval by the authorities.

In addition to giving FORM a very modern and uniformed product tanker fleet, the acquisition will ensure FORM's presence in the American market. Furthermore, OMI has a technical organization in India, which still will be at FORM's disposal and thereby ensure the necessary continuity for the acquired fleet most of which is chartered out to oil companies on time charter for an average duration of 2 years.

Teekay and FORM will in close cooperation ensure that the acquisition of the company takes place in the best possible way in the interest of the employees and the continued operation of the OMI fleet.

The offer to OMI's shareholders is expected to be circulated on or before 27 April 2007.

FORM's expected pre-tax result for 2007 of USD 780-800 million is not expected to be affected by the acquisition of OMI. However, transaction and restructuring costs are not included.

SAFE HARBOUR STATEMENT - FORWARD LOOKING STATEMENTS

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although TORM believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, TORM cannot assure you that it will achieve or accomplish these expectations, beliefs or projections.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, changes in charter hire rates and vessel values, changes in demand for "tonne miles" of crude oil carried by oil tankers, the effect of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled dry-docking, changes in TORM's operating expenses, including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations including requirements for double hull tankers or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and

international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists.

Risks and uncertainties are further described in reports filed by TORM with the US Securities and Exchange Commission, including the TORM Annual Report on Form 20-F and its reports on Form 6-K.
