**DIANA SHIPPING INC. ANNOUNCES DELIVERY OF CAPE SIZE
BULK CARRIER AND COMMENCEMENT OF TIME CHARTER CONTRACT WITH BHP BILLITON**

ATHENS, GREECE, November 13, 2007 – Diana Shipping Inc. (NYSE: DSX), a global shipping transportation company specializing in dry bulk cargoes, announced today that the Company has taken delivery of the newly-built Boston, a 177,828 dwt Capesize dry bulk carrier built by Shanghai Waigaoqiao Shipbuilding Co. Ltd.

As previously announced, the Boston was purchased at the price of \$110 million and is chartered to BHP Billiton Marketing AG for a four-year period with a one year extension at the charterer's option. The charter contract provides for an approximately 47 to 49 month period at a fixed gross rate of \$52,000 per day. The charterer has the option to employ the vessel for a further 11-13 month period at the same daily gross charter rate. The charter commenced today.

During the minimum period of approximately 47 months, this employment is expected to generate gross revenues of approximately \$75 million. If the charterer exercises its option for the fifth year, the charter is expected to generate gross revenues of approximately \$93 million over the entire period.

Including the newly-delivered Boston, the Diana Shipping Inc. fleet currently consists of 17 dry bulk carriers (13 Panamax and 4 Capesize). The Company has also announced the purchase of two additional Capesize dry bulk carriers, which are expected to be delivered in December 2007 and February 2008, respectively, and two Capesize new-building dry bulk carriers to be delivered in the second quarter of 2010. A table describing the current Diana Shipping fleet can be found on the Company's website, www.dianashippinginc.com.

Diana Shipping Chairman and Chief Executive Officer, Simeon Palios, commented: "Yesterday the Company announced a new one year time charter contract for one of our Panamax vessels at a gross rate of \$82,000 per day, demonstrating the current strength of the dry bulk chartering market. Today, we announced the delivery of our new Capesize vessel and the immediate commencement of the four year time charter with BHP Billiton showing once again management's ability to provide consistent growth through a combination of long term and short term employment. The four Panamax vessels to be chartered in the very near term together with the delivery of the two Capesize vessels during the same period are evidence of the strong revenue prospects of the Company during 2008."
