CALCULATION OF FILING FEE

Transaction Valuation*	Amount of Filing Fee**
\$163,244,295.00	\$16,438.70

*Estimated solely for purposes of calculating the filing fee. This calculation is based on the offer to purchase all of the issued and outstanding shares of common stock, par value \$0.20 per share, of SL Industries Inc. (the "Company"), at a purchase price of \$40.00 per share in cash, without interest thereon and subject to any required tax withholding. The underlying value of the transaction was calculated based on the sum of: (i) 3,969,560 issued and outstanding shares of common stock of the Company, multiplied by \$40.00 per share; (ii) 125,890 shares of common stock of the Company underlying outstanding options with an exercise price that is less than \$40.00 per share, multiplied by \$16.77 per share (which is equal to the difference between \$40.00 and \$23.23, the weighted average exercise price of such options); (iii) 43,768 shares of common stock of the Company underlying outstanding restricted stock units, multiplied by \$40.00 per share; and (iv) 15,000 restricted shares of common stock of the Company, multiplied by \$40.00 per share. The foregoing numbers of shares of common stock, options, restricted stock units and restricted shares of common stock have been provided by the issuer to the offeror and are as of the close of business on April 20, 2016, the most recent practicable date. The filing fee was determined by multiplying 0.0001007 by the proposed maximum aggregate value of the transaction of \$163,244,295.

**The filing fee was calculated in accordance with Rule 0-11 under the Securities Exchange Act of 1934, as amended, and Fee Rate Advisory No. 1 for Fiscal Year 2016, issued August 27, 2015, by multiplying the transaction value by 0.0001007.

The Purchaser Group is making the statements included in this section solely for the purpose of complying with the requirements of Rule 13e-3 and related rules under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The views of the Purchaser Group should not be construed as a recommendation to any Company stockholder regarding whether to tender Shares into the Offer.

The Purchaser Group attempted to negotiate the terms of a transaction that would be most favorable to the Purchaser Group and, accordingly, did not negotiate the Merger Agreement with the goal of obtaining terms that were fair to the stockholders of the Company. No member of the Purchaser Group believes that it has or had any fiduciary duty to the Company or its stockholders, including with respect to the Offer, the Merger and their terms. No member of the Purchaser Group participated in the deliberation process of the Special Committee or the Company Board and no member of the Purchaser Group participated in the conclusions of the Special Committee or the Company Board as to the fairness of the Offer and the Merger to the Company’s unaffiliated stockholders, nor did any member of the Purchaser Group undertake any independent evaluation of the fairness of the Offer or the Merger or engage a financial advisor for these purposes. No member of the Purchaser Group received advice from the Special Committee, the Company Board or any of their respective legal or financial advisors as to the substantive or procedural fairness of the Offer or the Merger.

The Purchaser Group believes the Offer and the Merger are fair to the Company’s unaffiliated stockholders. The Purchaser Group bases its belief on, among other things, the following material factors, each of which, in the judgment of the Purchaser Group, supports its views:

- The Offer Price represents a premium of 38.2% over the closing price of the Shares on February 8, 2016 (the last full trading day prior to the announcement of Parent's proposal to acquire the Company in an all-cash transaction), and a premium of approximately 18.7% over the closing price of the Shares on April 6, 2016 (the last full trading day prior to the announcement of the Merger Agreement).
 - The Offer will provide holders with the ability to obtain immediate liquidity for their Shares at a premium, without the brokerage and other costs typically associated with market sales, as opposed to the difficulty stockholders may otherwise experience in selling their Shares on the open market, due to the extremely thin trading volume of the Shares.
 - The Offer Price to be paid in the Offer and the Merger will be paid in cash, which provides certainty of value and immediate liquidity to the Company's stockholders while avoiding long-term business risk.
 - The Company's stockholders will not be obligated to tender Shares in the Offer, and if they so desire, will be able to exercise appraisal rights with respect to the Merger.
- The Offer is not subject to any financing condition.
-

- The other factors considered by, and the findings of, the Special Committee and the Company Board with respect to the substantive fairness of the Offer and the Merger to the Company's unaffiliated stockholders, as described in the Schedule 14D-9 under the captions "Item 4. The Solicitation or Recommendation — Background and Reasons for the Board Determinations — The Special Committee; Reasons for its Determinations" and "Item 4. The Solicitation or Recommendation — Background and Reasons for the Board Determinations — Reasons for the Board Determinations", which are expressly adopted by the Purchaser Group.

In addition, the Purchaser Group believes that the Offer is procedurally fair to the Company's unaffiliated stockholders, based on the following factors:

- The Company Board, based on the unanimous recommendation of the Special Committee, unanimously (i) determined and declared that the Merger Agreement and the transactions contemplated by the Merger Agreement (including the Offer and the Merger) are, on the terms and subject to the conditions set forth in the Merger Agreement, advisable and in the best interests of and are fair to the Company and its unaffiliated stockholders, (ii) approved, adopted and authorized in all respects the Merger Agreement (together with the other documents executed by the Company in connection therewith, including the Tender Agreement) and the transactions contemplated by the Merger Agreement (including the Offer and the Merger), (iii) recommended that the stockholders of the Company accept the Offer and tender their Shares pursuant to the Offer and (iv) resolved that the Merger shall be effected under Section 251(h) of the DGCL and that the Merger shall be consummated as soon as practicable following the acceptance of Shares for payment pursuant to the Offer.
- The interests of the Company's unaffiliated stockholders were represented by the Special Committee comprised of outside, non-employee directors, which had the exclusive authority to review, evaluate and negotiate the terms and conditions of the Merger Agreement, and the Special Committee was advised by Houlihan Lokey Capital, Inc., as financial advisor, and by Gardere Wynne Sewell LLP, as legal advisor.
- The Offer is conditioned upon there being validly tendered and not withdrawn a number of Shares that satisfies both the Minimum Tender Condition and the Super-Majority of the Minority Condition, and that each of these conditions is non-waivable.
 - The Merger Agreement permits the Company (acting through the Special Committee) to participate in discussions or negotiations with, and furnish information to, any third party from which the Company receives a bona fide written acquisition proposal, if the Company Board and/or Special Committee determines in good faith, after consultation with its independent financial advisors and outside counsel, that such acquisition proposal constitutes or could reasonably be expected to result in a proposal superior to the Offer and Merger and that the failure to take such action would be inconsistent with the directors' fiduciary duties under applicable law.
 - The Merger Agreement further provides that if the Company is approached by certain previously interested third parties with respect to the potential submission of a new or revised acquisition proposal, then the Company (acting through the Special Committee) may furnish information to any such third party (without regard to whether such third party has submitted a new or revised acquisition proposal) and may thereafter engage in discussions or negotiations with such third party at such time as it submits a new or revised acquisition proposal that satisfies the requirements in the foregoing paragraph.

- The fact that Parent has publicly announced proposals to pursue a business combination transaction with the Company on prior occasions (the most recent being almost two months prior to the signing of the Merger Agreement), thereby putting third parties potentially interested in a business combination with the Company on notice.
 - As provided in the Merger Agreement, if the Company receives an acquisition proposal from a third party that the Company Board and/or the Special Committee concludes in good faith (after consultation with its independent financial advisors and outside legal counsel) constitutes a proposal superior to the Offer and Merger (after giving the Purchaser Group the opportunity to renegotiate the terms of the Merger Agreement), the Company Board and/or the Special Committee may (i) cause the Company to terminate the Merger Agreement to concurrently enter into a definitive agreement with respect to such superior proposal (in which case the Company will be required to pay Purchaser a termination fee and reimburse transaction expenses) and (ii) withdraw, qualify or modify their approval of the Merger Agreement, the Offer and the Merger if the Company Board or the Special Committee determines in good faith, after consultation with outside counsel, that failure to take such action would be inconsistent with its fiduciary duties under applicable law.
 - As provided in the Merger Agreement, the Company Board and/or the Special Committee may withdraw, qualify or modify their approval of the Merger Agreement, the Offer and the Merger (after giving the Purchaser Group the opportunity to renegotiate the terms of the Merger Agreement), if the Company Board and/or the Special Committee determines in good faith, after consultation with outside counsel, that, in light of material facts, events or circumstances that were not known by or reasonably foreseeable to the Company Board or the Special Committee as of the date of the Merger Agreement (other than a third-party acquisition proposal), failure to take such action would be inconsistent with the directors' fiduciary duties under applicable law, in which case Purchaser may terminate the Merger Agreement and the Company will be required to pay Purchaser a termination fee and reimburse transaction expenses.
 - The tender offer structure allows each of the Company's stockholders to decide voluntarily whether to tender Shares in the Offer, and unaffiliated stockholders will have sufficient time to make a decision whether to tender in the Offer.
 - The tender offer structure is a direct offer to stockholders and allows the decision regarding the proposed transaction to be made by the stockholders who actually own the Shares at the time of tendering and, accordingly, have a true economic interest in the decision. In a one-step merger, a vote of stockholders is required and voting rights are limited to those who held Shares on a record date typically several weeks prior to the date of the vote and who therefore may or may not be stockholders as of the date of the vote. Moreover, the stockholders of the Company would likely receive the Offer Price in payment for their Shares sooner in a tender offer than if the Purchaser Group pursued a one-step merger transaction.
 - If the Offer is completed, the Merger will be consummated in which all remaining public stockholders will receive the same price per Share as was paid in the Offer, without interest and less any applicable withholding tax.
-

- The other factors considered by, and the findings of, the Special Committee and the Company Board with respect to the procedural fairness of the Offer and the Merger to the Company’s unaffiliated stockholders, as described in the Company’s Schedule 14D-9 under the captions “Item 4. The Solicitation or Recommendation — Background and Reasons for the Board Determinations — The Special Committee; Reasons for its Determinations” and “Item 4. The Solicitation or Recommendation — Background and Reasons for the Board Determinations — Reasons for the Board Determinations”, which are expressly adopted by the Purchaser Group.

The Purchaser Group also considered the following factors, each of which it considered negative in its considerations concerning the fairness of the terms of the transactions contemplated by the Merger Agreement:

- Tendering of Shares in the Offer and the consummation of the Merger would eliminate the opportunity for stockholders to participate in any possible future growth and profits of the Company.
- As to the Offer Price, the financial interests of certain members of the Purchaser Group are different than the financial interests of the Company’s unaffiliated stockholders.
- The risks and costs to the Company if the Offer does not close, including the potential effect on business and customer and employee relationships.
- The all-cash consideration to be received by the Company’s stockholders that are U.S. persons in the Offer and the Merger would be taxable to such stockholders that have a gain for U.S. federal income tax purposes.
- The other potentially negative factors considered by the Special Committee and the Company Board, and findings of the Special Committee and the Company Board with respect to potentially negative factors, as described in the Schedule 14D-9 under the captions “ “Item 4. The Solicitation or Recommendation — Background and Reasons for the Board Determinations — The Special Committee; Reasons for its Determinations” and “Item 4. The Solicitation or Recommendation — Background and Reasons for the Board Determinations — Reasons for the Board Determinations”.

The Purchaser Group did not find it practicable to assign, nor did it assign, relative weights to the individual factors considered in reaching its conclusion as to fairness.

The table below sets forth the interests in the outstanding Shares and the interests in the Company’s net book value and net income for each member of the Purchaser Group before and upon completion of the Merger, based upon the Company’s historical net book value of \$77,003,000 as of December 31, 2015 and the Company’s historical net income of \$10,698,000 for the year ended December 31, 2015. The interests set forth in the table below do not give effect to the unvested restricted Shares of the Company prior to the Merger.

(1) Based on DGT's direct ownership of approximately 25.1% of the Shares outstanding. By virtue of their relationships with DGT, each of Steel Holdings and Steel Holdings GP may be deemed to beneficially own the Shares owned directly by DGT.

(2) Based on the fact that each of Steel Holdings and Steel Holdings GP may be deemed to beneficially own approximately 69.8% of the outstanding shares of common stock of Parent.

(3) Based on Mr. Lichtenstein's beneficial ownership of approximately 0.2% of the Shares outstanding.

(4) Based on Mr. Lichtenstein's beneficial ownership of approximately 2.5% of the outstanding shares of common stock of Parent and approximately 35.0% of the outstanding common units of Steel Holdings.

The Purchaser Group's consideration of the factors described above reflects its assessment of the fairness of the Offer Price to the Company's unaffiliated stockholders in relation to the going-concern value of the Company on a stand-alone basis. In reaching the conclusion as to fairness, the Purchaser Group did not consider the following: (i) historical market prices; (ii) liquidation value; (iii) net book value; (iv) purchase prices paid in previous purchases of Shares; (v) any third party report, opinion or appraisal; or (vi) any firm offers made by any unaffiliated person, other than the Purchaser Group, during the past two years. Neither the historical market prices nor the purchase prices paid by the Company in previous purchases of the Shares in the past two years (no member of the Purchaser Group made any such purchases during such period) were considered because the Purchaser Group does not believe that the historical trading prices or previous purchase prices of the Shares provide an appropriately reliable indication of the current value of the Company and therefore are not relevant factors to a determination of fairness. The liquidation value was not considered because the Company is a viable going concern and the Purchaser Group has no plans to liquidate the Company. Therefore, the Purchaser Group believes that the liquidation value of the Company is irrelevant to a determination as to whether the Offer or the Merger is fair to unaffiliated stockholders. The Purchaser Group did not consider net book value, which is an accounting concept, as a factor because the Company's business is not of a nature whose value is traditionally measured as a multiple of book value, as the Company's value is derived from cash flows generated by continuing operations, and the Purchaser Group believes that net book value is not a material indicator of the value of the Company as a going concern but rather is indicative of historical costs. The Purchaser Group did not receive any independent reports, opinions or appraisals from any third party related to the fairness of the transaction, and thus did not consider any such reports, opinions or appraisals in determining the fairness of the Offer or the Merger to the unaffiliated stockholders. Although Houlihan Lokey rendered an opinion to the Special Committee as to whether, as of April 4, 2016, the consideration to be received by the unaffiliated stockholders of the Company in the Offer and the Merger pursuant to the Merger Agreement was fair, from a financial point of view, to such unaffiliated stockholders, Houlihan Lokey's opinion was addressed and rendered to the Special Committee and was not addressed to or rendered to the Purchaser Group. As a result, the Purchaser Group is not entitled to rely upon Houlihan Lokey's opinion and, consequently, the Purchaser Group did not consider such opinion in reaching its determination as to the fairness of the Offer and the Merger to the unaffiliated stockholders of the Company. The Purchaser Group is not aware of, and thus did not consider, any firm offers made by any unaffiliated person, other than the Purchaser Group, during the past two years for (a) the merger or consolidation of the Company with or into another company, or vice versa, (b) the sale or other transfer of all or a substantial part of the assets of the Company or (c) a purchase of the Company's securities that would enable the holder to exercise control over the Company.

The Purchaser Group considered that the Supermajority of the Minority Condition applies to all stockholders of the Company other than Parent and its affiliates. The Purchaser Group believes that, with respect to the Supermajority of the Minority Condition, the interests of the independent members of the Company Board and the Company's executive officers are aligned with those of the unaffiliated stockholders of the Company. Following the Offer and the Merger, the independent directors and senior management of the Company will not retain any equity interest in the Company. The independent directors and executive officers are treated in the same manner as the unaffiliated stockholders, as their Shares will be cashed out in their entirety in the Offer or the Merger, as applicable. Moreover, none of the independent directors of the Company Board will continue as a director of the Company. Furthermore, the senior management of the Company had a very limited role in consummating the transaction and was not affiliated at all with the Purchaser Group. In addition, there was no special compensation or other special arrangements made in connection with the transaction for the independent directors or the senior management of the Company. The Special Committee also negotiated to increase the Supermajority of the Minority Condition from a standard majority to a condition that required 60% of the stockholders unaffiliated with Parent and its affiliates to tender their Shares in the Offer. Given that the independent directors and senior management hold approximately 1.65% of the outstanding Shares of the Company in the aggregate, this increased acceptance rate condition requires more than 50% of the unaffiliated Shares (excluding the Shares held by the independent directors and senior management, as well as the shares of held by Parent and its affiliates) for the Offer to be consummated. The Purchaser Group thus believes that

this condition represents an important procedural safeguard to the transaction.

The foregoing discussion of the information and factors considered and given weight by the Purchaser Group is not intended to be exhaustive, but is believed to include the material factors considered by the Purchaser Group. The Purchaser Group's views as to the fairness of the Offer and the Merger to stockholders of the Company should not be construed as a recommendation to any stockholder regarding whether to tender Shares into the Offer."

2. The caption and first three paragraphs under Special Factors — Section 9 — Certain Relationships between Parent, Purchaser or Acquisition Sub and the Company are hereby amended and restated to read as follows:

"9. Special Factors. Certain Relationships between the Purchaser Group and the Company.

As of the date hereof, SPH Group Holdings LLC ("SPHG Holdings"), a wholly owned subsidiary of Steel Holdings, beneficially owns 8,560,592 shares of Parent's common stock, representing approximately 69.8% of Parent's outstanding shares of common stock. The power to vote and dispose of the securities held by SPHG Holdings is controlled by Steel Holdings GP, the general partner of Steel Holdings.

DGT, a wholly owned subsidiary of Steel Holdings, is the beneficial owner of 994,840 Shares, representing approximately 25.1% of the issued and outstanding Shares. By virtue of their relationships with DGT, each of Steel Holdings and Steel Holding GP may be deemed to beneficially own the Shares owned directly by DGT. Effective March 28, 2016, SPHG Holdings caused the 994,840 Shares then owned directly by it to be transferred to DGT.

Warren G. Lichtenstein, a director of the Company, is also Chairman of the Board of Parent and the Executive Chairman of Steel Holdings GP. Glen Kassan, a director of the Company, was formerly affiliated with Steel Holdings GP. As of the date hereof, Mr. Lichtenstein owns directly 7,507 Shares and beneficially owns an additional 6,000 unvested restricted Shares. As of the date hereof, Mr. Kassan owns directly 17,000 Shares and beneficially owns an additional 6,000 unvested restricted Shares."
