- o two nominees of Trinad Capital be appointed to serve on the Company's Board;
- o the Company withdraw and amend its recently-filed proxy statement relating to its 2005 annual meeting of shareholders, to remove from shareholder consideration the proposal to amend the Company's certificate of incorporation to permit a staggered board consisting of three classes of directors;
- o the Board conduct a thorough review of the Company's operations and business model, with a view to maximizing financial performance and limiting SG&A growth to ensure that the forecasted 50% revenue growth the Company has publicly projected in fiscal 2005 translates into healthy margin expansion and improved earnings as a percentage of overall revenues; and
- o that management compensation be better aligned with operating results and shareholder return.

The Letter further states that in the event that the Company's common shares continue in Trinad Capital's view to remain undervalued, that it may seek to accumulate additional common shares and become more actively involved in the Company.

Re: Purchase of Securities of Majesco Entertainment Company;

## Edgar Filing: MAJESCO ENTERTAINMENT CO - Form SC 13D

Actions Requested of the Board of Directors  
-----

Attention: Board of Directors of Majesco Entertainment Company:

As you may know, Trinad Capital Master Fund Ltd. and its affiliates ("Trinad" or "we") have for some time been substantial holders of the common stock (the "Common Stock"), of Majesco Entertainment Company ("Majesco" or the "Company"). Recently completed purchases of additional shares have brought our total ownership, together with that of our affiliates, to an aggregate of 1,538,643 shares of Common Stock, or approximately 6.9% of the Company's outstanding shares of Common Stock. Accordingly, we intend to file a Schedule 13D today with the Securities and Exchange Commission to reflect these holdings.

As a substantial shareholder of Majesco, we would like to see a significant improvement in the Company's ability and effort to enhance and maximize shareholder value, consistent with our shared belief in the Company's potential to do so. With these concerns in mind, we believe that it is in the best interest of all shareholders for the Company to include additional representatives of the shareholders on its Board of Directors, to make certain corporate governance improvements and to seek to maximize shareholder value as described below.

Further, although we believe strongly in the Company's business opportunities over the coming year, we feel that careful oversight from the Board of Directors is required to ensure that management's execution of the Company's business plan will result in stronger financial performance, particularly as measured by earnings per share. Specifically, we believe that the following actions should be taken immediately or as soon as legally permitted:

1. Include two qualified individuals proposed by us on the Company's board of Directors. We plan to propose as nominees persons that we strongly believe will add value to the Board's decision-making process and enhance the Board's ability to maximize shareholder value.
2. Withdraw and amend the Company's recently-filed proxy materials to remove the Company's proposal to amend and restate its Certificate of Incorporation, which amendment and restatement provides for a staggered Board of Directors consisting of three classes. We believe that all members

of the Company's Board of Directors should serve one-year terms and be elected annually by the Company's shareholders. We further believe that directors should be held accountable to shareholders for their performance on an annual basis and that a staggered board inappropriately shields directors from regular and ongoing scrutiny. In our view, Delaware corporate law provides ample protection for the legitimate interests of the Company and its shareholders, and that any further "anti-takeover" tactics undertaken by the Company would only be for the sole purpose of entrenching current management and the Board.

3. Conduct a thorough review of the Company's operations and business model, with a view to maximizing financial performance. In particular, this review should focus on limiting the growth in the Company's SG&A line items to ensure that the forecasted 50% revenue growth the Company has publicly projected in fiscal 2005 translates into healthy margin expansion and improved earnings as a percentage of overall revenues. We expect that the Board and our nominees may have other specific proposals for improving the Company's performance.

Edgar Filing: MAJESCO ENTERTAINMENT CO - Form SC 13D

4. Align management compensation with operating results and shareholder return. We do not believe that management should be rewarded with increased compensation unless the increase is justified by improved operating results, a higher share price and/or other measures of enhanced shareholder value. Furthermore, we do not believe that management or the Board of Directors should ever again grant equity-based compensation (including, without limitation, stock options) at prices below market levels, and that no member of senior management should have their compensation package adjusted as a result of the Company's languishing share price.

As a substantial, long-term shareholder of the Company, we fully expect that each of the requests made above will be immediately addressed and appropriate actions will be taken. Time is clearly of the essence, as any further diminution in shareholder value is simply unacceptable. In the event that the Company's common shares continue in our view to remain undervalued, we may seek to accumulate additional shares and become more actively involved in the Company.

Very truly yours,

TRINAD CAPITAL MASTER FUND LTD.
