CONFORMED COPY

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-QSB

Quarterly report under Section 13 or 15(d) of the
Securities Exchange Act of 1934

For the quarterly period ended September 30, 2003

Commission file number 0-16090

Hallmark Financial Services, Inc.

(Exact name of small business issuer as specified in its charter)

Nevada

87-0447375

(State or other jurisdiction of
Incorporation or organization)

(I.R.S. Employer
Identification No.)

777 Main Street, Suite 1000
Fort Worth, Texas

76102

(Address of principal executive offices)

(Zip Code)

Issuer's telephone number, including area code: (817) 348-1600

Check whether the issuer (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes X No

APPLICABLE ONLY TO CORPORATE ISSUERS

State the number of shares outstanding of each of the issuer's classes of common equity, as of the latest practicable date: Common Stock, par value \$.03 per share - 36,366,059 shares outstanding as of September 30, 2003.

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

Item 1. Notes to Consolidated Financial Statements (Unaudited)

Note 1 - Summary of Accounting Policies

In the opinion of management, the accompanying consolidated financial statements contain all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the financial position of Hallmark Financial Services, Inc. ("HFS") and subsidiaries (collectively, the "Company") as of September 30, 2003 and the consolidated results of operations and cash flows for the periods presented. The preparation of financial statements requires the use of management's estimates. The accompanying financial statements have been prepared by the Company without audit.

Certain information and disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been condensed or omitted. Reference is made to the Company's annual consolidated financial statements for the year ended December 31, 2002 for a description of accounting policies and certain other disclosures. Certain items in the 2002 financial statements have been reclassified to conform to the 2003 presentation.

The results of operations for the period ended September 30, 2003 are not necessarily indicative of the operating results to be expected for the full year.

On January 27, 2003, the Company received final approval from the Arizona Department of Insurance ("AZDOI") for the acquisition of Phoenix Indemnity Insurance Company ("Phoenix") from Millers American Group, Inc. ("Millers"), effective as of January 1, 2003. In consideration for Phoenix, the Company retired \$7.0 million of a \$14.85 million balance on a note receivable from Millers. The Company had valued the note receivable on its balance sheet at its cost of \$6.5 million. The acquisition of Phoenix expanded the Company's geographic reach in non-standard automobile insurance from its traditional base in Texas to the states of New Mexico and Arizona.

The results of operations of Phoenix are included in the Consolidated Statement of Operations from the effective date of the acquisition (January 1, 2003). The pro forma results as if the Company had acquired Phoenix at January 1, 2002 are as follows (\$ in thousands, except per share amounts):

	Three Months Ended September 30, 2002	Nine Months Ended September 30, 2002
	-----	-----
Revenues	\$ 10,417	\$ 30,115
Loss before cumulative effect of change in accounting principle	\$ (282)	\$ (655)
Net Loss	\$ (282)	\$ (2,349)
Basic loss per share	\$ (0.03)	\$ (0.21)
Diluted loss per share	\$ (0.03)	\$ (0.21)

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

The acquisition of Phoenix was accounted for in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"). This statement requires that the Company estimate the fair value of assets acquired and liabilities assumed by the Company as of the date of the acquisition. In accordance with the application of SFAS 141, the Company recognized an extraordinary gain of \$8.1 million from the acquisition of Phoenix in its Consolidated Statement of Operations for the nine months ending September 30, 2003. The gain is calculated as the difference between the fair value of the net assets of Phoenix of \$14.6 million and the \$6.5 million cost of the note receivable from Millers. The allocation of values acquired in the acquisition of Phoenix was preliminary as of the date of acquisition. Estimates involved in the application of purchase accounting to the transaction may change over the next quarter.

Recently Adopted Accounting Pronouncements

In December 2002, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" ("SFAS 148"). The Statement amends SFAS 123 to provide alternative methods of transition for voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS 148 amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. SFAS 148 is effective for financial statements for fiscal years ending after December 15, 2002. Effective January 1, 2003, the Company adopted the prospective method provisions of SFAS 148.

At September 30, 2003, the Company had two stock-based employee compensation plans for employees and a non-qualified plan for non-employee directors, which are described more fully in Note 11 to the Form 10-KSB for December 31, 2002. Prior to 2003, the Company accounted for those plans under the recognition and measurement provisions of APB Opinion No. 25, "Accounting for Stock Issued to Employees", and related Interpretations. No stock-based employee compensation cost was reflected in 2002 net income. Effective January 1, 2003, the Company adopted the fair value recognition provisions of FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). Under the prospective method of adoption selected by the Company under the provisions of SFAS 148, compensation cost is recognized for all employee awards granted, modified, or settled after the beginning of the fiscal year in which the recognition provisions are first applied. Results for prior years have not been restated.

The following table illustrates the effect on net income and earnings per share if the fair value based method had been applied to all outstanding and unvested awards in each period.

(in thousands)	Nine Months Ended September 30	
	2003	2002
	-----	-----
Net income (loss) as reported	\$ 9,174	\$ (1,284)

Note 2 - Reinsurance

American Hallmark Insurance Company of Texas ("Hallmark"), a wholly owned subsidiary of HFS, is involved in the assumption and cession of reinsurance from/to other companies. The Company remains obligated to its policyholders in the event that the reinsurers do not meet their obligations under the reinsurance agreements.

Under its reinsurance arrangements, the Company earns ceding commissions based on loss ratio experience on the portion of policies it cedes. The Company receives a provisional commission as policies are produced as an advance against the later determination of the commission actually earned. The provisional commission is adjusted periodically on a sliding scale based on expected loss ratios.

The following table shows earned premiums ceded and reinsurance loss recoveries by period (in thousands):

	Three Months		Nine Months	
	Ended		Ended	
	September 30,		September 30,	
	2003	2002	2003	2002
	-----	-----	-----	-----
Ceded earned premiums	\$ 2,515	\$ 7,986	\$14,603	\$ 24,388
Reinsurance recoveries	\$ 2,574	\$ 5,634	\$10,346	\$ 15,909

Note 3 - Intangible Assets

When Hallmark, American Hallmark General Agency ("AHGA"), Hallmark Finance Corporation ("HFC") and Hallmark Claim Service, Inc. ("HCS") were purchased by HFS, the excess cost over the fair value of the net assets acquired was recorded as goodwill. Prior to 2002, this goodwill was amortized on a straight-line basis over forty years. Other intangible assets consisted of a trade name, a managing general agent's license and non-compete agreements, all of which were fully amortized.

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 142 ("SFAS 142"), "Goodwill and Other Intangible Assets". SFAS 142 supersedes APB 17, "Intangible Assets", and primarily addresses the accounting for goodwill and intangible assets subsequent to their initial recognition. SFAS 142 (1) prohibits the amortization of goodwill and indefinite-lived intangible assets, (2) requires testing of goodwill and indefinite-lived intangible assets on an annual basis for impairment (and more frequently if the occurrence of an event or circumstance indicates an impairment), (3) requires that reporting units be identified for the purpose of assessing potential future impairments of goodwill and (4) removes the forty-year limitation on the amortization

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

period of intangible assets that have finite lives.

Pursuant to SFAS 142, the Company identified two components of goodwill and assigned the carrying value of these components into two reporting units: the insurance company reporting unit and the finance company reporting unit. During 2002, the Company completed the two step process prescribed by SFAS 142 for testing for impairment and determining the amount of impairment loss related to goodwill associated with these two reporting units. Accordingly, during 2002, the Company recorded a charge to earnings that is reported as a cumulative effect of the change in accounting principle of \$1.7 million to reflect the adjustment to goodwill. Since goodwill is a permanent difference, the charge to earnings has no tax impact. This goodwill adjustment was made during the fourth quarter of 2002, but is required to be reported in the first quarter of 2002 for comparative purposes.

Note 4 - Segment Information

The Company pursues its business activities through integrated insurance groups managing non-standard personal automobile insurance (the "Personal Lines Group") and commercial insurance (the "Commercial Lines Group"). The members of the Personal Lines Group are Hallmark, an authorized Texas property and casualty insurance company; Phoenix, an authorized Arizona property and casualty insurance company; AHGA, a managing general agency; HFC, a premium finance company; and HCS, a claims administrator. Effective December 1, 2002, the Company purchased the Commercial Lines Group. The members of the Commercial Lines Group are a managing general agency, Hallmark General Agency, Inc. ("HGA"), formerly known as Millers General Agency, and a third party claims administrator, Effective Claims Management, Inc. ("ECM"), formerly known as Effective Litigation Management.

The following is additional business segment information for the three and nine months ended September 30 (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2003	2002	2003	2002

	=====	=====	=====	=====

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

Note 8 - Contingencies

On May 30, 2003, Phoenix was served with a suit from the Superior Court of the State of Arizona in and for the County of Pima, alleging breach of contract and bad faith in connection with Phoenix's denial of coverage in an automobile accident. The plaintiffs have filed an offer of judgment in the amount of \$15 million. Phoenix believes the suit is without merit and has filed an answer denying each and every allegation in the case. The suit is still in pre-trial discovery stage. The Company intends to vigorously defend Phoenix against all claims asserted by the plaintiffs in the case.

Note 9 - Treasury Stock

Shares issued under employee benefit plans reduced treasury stock by \$0.5 million and reduced capital in excess of par value by the same amount in 2003.

Item 2. Management's Discussion and Analysis or Plan of Operation.

Introduction. HFS and its wholly owned subsidiaries (collectively, the "Company") engage in the sale of property and casualty insurance products. The Company's business involves marketing, underwriting and premium financing of non-standard automobile insurance primarily in Texas, Arizona, and New Mexico, marketing of commercial insurance in Texas, New Mexico, Idaho, Oregon and Washington, and providing third party claims administration and other insurance related services.

On January 27, 2003, the Company received final approval from the AZDOI for the acquisition of Phoenix, effective as of January 1, 2003. The acquisition of Phoenix expanded the Company's geographic reach in non-standard automobile insurance from its traditional base in Texas to the states of New Mexico and Arizona.

The Company pursues its business activities through integrated insurance groups managing non-standard personal automobile insurance (the "Personal Lines Group") and commercial insurance (the "Commercial Lines Group").

The Personal Lines Group provides non-standard automobile liability and physical damage insurance through Hallmark and Phoenix for drivers who do not qualify for or cannot obtain standard-rate insurance. Prior to April 1, 2003, Hallmark assumed 100% of the premium and losses on business produced by its affiliated managing general agency, AHGA, through a reinsurance arrangement with an unaffiliated company, State & County Mutual Fire Insurance Company ("State & County"). Under a separate retrocession agreement, Hallmark retroceded 55% of the premium and losses to its principal reinsurer, Dorinco Reinsurance Company ("Dorinco"). Effective April, 1, 2003, Hallmark assumes and retains 45% of the premium and losses on business produced by AHGA and underwritten by State & County. Dorinco assumes its 55% share of the premiums and losses directly from State & County. AHGA manages the marketing of policies through independent agents. HFC finances annual and six-month policy premiums produced by AHGA through its premium finance program. Effective July 1, 2003, the Company discontinued the premium finance program and shifted the focus to a six month direct bill program. HCS provides claims adjustment, salvage, subrogation recovery and litigation services to Hallmark. Phoenix underwrites non-standard auto insurance produced by independent agents and retains 100% of the premium and losses for the business it writes.

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

On June 10, 2003, the Governor of Texas signed legislation Senate Bill 14, which has been described as comprehensive insurance reform affecting homeowners and personal automobile business. With respect to personal automobile insurance, the most significant provisions provide for additional rate regulation and limitations on the use of credit scoring. With the new law, broadened rulemaking authority has been given to the Commissioner of Insurance.

The Company currently writes all of its Texas personal automobile business pursuant to a fronting arrangement with State & County, which is a Texas county mutual insurance company. Although the new reforms are significant, the primary rating regulation provisions do not apply directly to the Company due to an exemption that applies to certain county mutual insurance companies, including State & County. Additionally, the Company does not currently use credit or insurance scoring models. Although we currently do not believe the changes outlined in Senate Bill 14 will have a material adverse affect on our operations, the Commissioner has been given broad rulemaking authority and we cannot determine the ultimate outcome and the impact it will have on our business until certain rules are developed by the Commissioner. Any rule changes that would affect our ability to charge adequate rates for the non-standard automobile line of business in the State of Texas would have a material adverse effect on our operations.

The Commercial Lines Group, through HGA, markets commercial insurance policies through independent agents. HGA produces policies on behalf of Clarendon National Insurance Company ("CNIC") under a general agency agreement where it receives a commission based on the premium written with CNIC. ECM provides fee-based claims adjustment, salvage and subrogation recovery, and litigation services on behalf of CNIC and another unaffiliated third party.

Financial Condition and Liquidity

The Company's sources of funds are principally derived from insurance related operations. Major sources of funds from operations include premiums collected (net of policy cancellations and premiums ceded), ceding commissions, premium finance service charges and service fees. Other sources of funds are from financing and investment activities.

On a consolidated basis, the Company's total cash, cash equivalents and investments (excluding restricted cash) at September 30, 2003 and December 31, 2002 were \$38.6 million and \$25.2 million, respectively. The Company's liquidity increased during the first nine months of 2003 as compared to December 31, 2002 principally as a result of the acquisition of Phoenix, which increased cash and investments by \$24.0 million. This is partially offset by the deposit of \$5.0 million in cash and investments into a trust account to secure State & County's credit exposure from the quota share reinsurance treaty with Hallmark effective April 1, 2003. The reduction in Hallmark's net premium volume this year has also adversely impacted cash flow.

Net cash used by the Company's consolidated operating activities was \$20,000 for the first nine months of 2003 compared to net cash used by operating activities of \$1.4 million for the first nine months of 2002. The acquisition of Phoenix effective January 1, 2003 and the acquisition of the Commercial Lines Group effective December 1, 2002 played a significant role in the Company's improved cash flow from operations. Additionally, improved underwriting results have further contributed to the Company's improved cash flow from operations.

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

Cash provided by investing activities during the first nine months of 2003 increased \$5.6 million as compared to the first nine months of 2002. The acquisition of Phoenix produced a net cash increase of \$6.9 million. The increase was additionally attributable to purchases of debt securities during the first nine months of 2002 of \$10.6 million, an increase in premium finance notes repaid over originated notes of \$7.2 million in the first nine months of 2003 compared to the same period of 2002 and increased maturities and redemptions of short-term investments and bonds of \$3.2 million in the first nine months of 2003 compared to the same period of 2002. These increases were partially offset by the purchase of equity securities of \$16.9 million in the first nine months of 2003 and an increase in restricted cash of \$5.4 million due to the trust account deposit discussed above.

Cash used in financing activities increased by \$7.1 million in the first nine months of 2003 as compared to the same period of 2002 due to a decrease in net advances from the Company's premium finance lender and the repayment of notes payable to Dorinco during the first nine months of 2003. The Company also used part of the \$10.0 million of proceeds from its rights offering to retire the \$8.6 million note payable to Newcastle Partners, L.P. ("Newcastle") in September 2003.

HFS is dependent on dividend payments and management fees from its insurance companies and free cash flow of its non-insurance companies to meet operating expenses and debt obligations. As of September 30, 2003, cash and invested assets of HFS were \$0.7 million. Cash and invested assets of non-insurance subsidiaries were \$1.7 million as of September 30, 2003. Property and casualty insurance companies domiciled in the State of Texas are limited in the payment of dividends to their shareholders in any twelve-month period, without the prior written consent of the Commission of Insurance, to the greater of statutory net income for the prior calendar year or 10% of its statutory policyholders' surplus as of the prior year end. Dividends may only be paid from unassigned surplus funds. During 2003, Hallmark's ordinary dividend capacity is \$0.8 million. Hallmark paid \$0.2 million of dividends to HFS during the first nine months of 2003. Phoenix, domiciled in Arizona, is limited in the payment of dividends to the lesser of 10% of prior year policyholder's surplus or prior year's net investment income, without prior written approval from the AZDOI. During 2003, Phoenix's ordinary dividend capacity is \$0.6 million. Phoenix paid \$0.3 million of dividends to HFS during the first nine months of 2003.

The Texas Department of Insurance ("TDI") regulates financial transactions between Hallmark, HFS and affiliated companies. Applicable regulations require TDI's approval of management and expense sharing contracts and similar transactions. Although TDI has approved Hallmark's payment of management fees to HFS and commissions to AHGA, since the second half of 2000 management has elected not to pay all of the approved commissions or management fees. Hallmark paid only nominal management fees to HFS during the first nine months of 2002 and \$0.5 million in management fees to HFS during the first nine months of 2003.

The AZDOI regulates financial transactions between Phoenix and affiliated companies. Applicable regulations require AZDOI's approval of management and expense sharing contracts and similar transactions. Although the AZDOI has approved payments of management fees to HFS, management has elected to not pay a management fee to HFS in the first nine months of 2003 in order to strengthen Phoenix's statutory surplus.

At September 30, 2003, Hallmark reported statutory capital and surplus (calculated as statutory assets less statutory liabilities) of \$9.5 million, as compared to \$8.4 million at December 31, 2002. Hallmark reported statutory net income of \$1.5 million during the first nine months

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

of 2003, paid dividends of \$0.2 million to HFS and reported a change in deferred income taxes of (\$0.2) million during the same period. Hallmark's premium-to-surplus ratio as of September 30, 2003 was 2.01 to 1, as compared to 2.63 to 1 for the twelve months ended December 31, 2002. The minimum statutory capital and surplus required for Hallmark by the TDI is \$2.0 million. Hallmark's statutory capital and surplus as of September 30, 2003 exceeded the minimum requirements by 373%.

At September 30, 2003, Phoenix reported statutory capital and surplus of \$11.0 million, up from \$10.1 million at December 31, 2002. Phoenix reported statutory net income of \$0.6 million during the first nine months of 2003, paid \$0.3 million in dividends to HFS and reported other statutory surplus adjustments of \$0.6 million during the same period. The adjustments to surplus consist of changes in unrealized capital gains and losses, non-admitted assets and provision for reinsurance. Phoenix's premium-to-surplus ratio as of September 30, 2003 was 2.07 to 1. The minimum statutory capital and surplus required for Phoenix by the AZDOI is \$1.5 million. Phoenix's statutory capital and surplus as of September 30, 2003 exceeds the minimum requirements by 633%.

The acquisitions of the Commercial Lines Group and Phoenix were financed by a bridge loan from Newcastle, an affiliate of the Company's Chairman of the Board of Directors and Chief Executive Officer, Mark E. Schwarz. The Company has retired this debt with the proceeds from a rights offering of its common stock to its shareholders in the third quarter of 2003.

Results of Operations

Three Months Ending September 30, 2003 as compared to Three Months Ending September 30, 2002

Income before tax, cumulative effect of change in accounting principle and extraordinary gain was \$0.3 million for the quarter ended September 30, 2003, compared to \$0.1 million for the same period in 2002. The effective tax rate for the current year was reduced this quarter to 32% from 34%, due primarily to tax exempt interest from municipal bonds held in Phoenix. This true up reduced the effective tax rate for the quarter ended September 30, 2003 to 27% as compared to 34% for the same period in 2002. Net income before cumulative effect of change in accounting principle and extraordinary gain was \$0.2 million for the quarter ended September 30, 2003, compared to \$0.1 million for the quarter ended September 30, 2002. The improvement in operating earnings for the third quarter of 2003 compared to the third quarter of 2002 reflects improved loss ratios of the Personal Lines Group (including the acquisition of Phoenix) and the acquisition of the Commercial Lines Group.

The following is additional business segment information for the three months ended September 30 (in thousands):

	2003	2002
	-----	-----
Revenues		

Personal Lines Group	\$ 11,320	\$ 6,061
Commercial Lines Group	5,046	-

Commercial Lines Group	358	-
Corporate	(598)	45
	-----	-----
Consolidated	\$ 286	\$ 111
	=====	=====

Personal Lines Group

Gross premiums written (prior to reinsurance) for the third quarter of 2003 decreased 45%, and net premiums written (after reinsurance) increased 34%, in relation to the same period in 2002. The decrease in gross premiums written is principally due to the change in the reinsurance structure with State & County and Dorinco. Effective April 1, 2003, the Company assumes a 45% share of the non-standard auto business produced by AHGA and underwritten by State & County instead of the 100% share it assumed prior to that date. Also, effective April 1, 2003, Dorinco assumes its 55% share of this business directly from State & County, where prior to this date the Company retroceded 55% of the business to Dorinco. The decrease in gross premiums written is also impacted by the cancellation of unprofitable agents, a shift in marketing focus from annual term premium financed policies to six month term direct bill policies and reduction in policy counts caused by increased rates. Partially offsetting the decrease in gross premiums written is the acquisition of Phoenix effective January 1, 2003, which contributed \$5.4 million of gross premiums written. The increase in net premiums written is due primarily to the acquisition of Phoenix in 2003, which contributed \$4.8 million for the quarter. Partially offsetting the net premium written generated by Phoenix is a \$3.0 million decrease in net premium written by Hallmark for the third quarter of 2003 as compared to the same period in 2002, as discussed above.

Revenue for the Personal Lines Group increased 87% for the third quarter of 2003 to \$11.3 million from \$6.1 million for the same period in 2002. The increase is primarily due to the acquisition of Phoenix effective January 1, 2003 which contributed \$5.3 million in revenue for the third quarter of 2003. Revenue from Phoenix includes a \$0.3 million impairment charge of a portion of its investment portfolio. These investments were purchased prior to Phoenix being acquired by the Company. Also contributing to the increase is AHGA commission revenue of \$0.9 million from State & County on business ceded to Dorinco for policies effective after March 31, 2003 due to the new reinsurance structure. Prior to April 1, 2003, this commission was classified as a ceding commission and a reduction to commission expense. Partially offsetting these increases was a \$0.8 million decrease in net earned premium for Hallmark for the third quarter of 2003 over the same period in 2002, a \$0.1 million decrease in Hallmark premium finance charges and a \$0.1 million decrease in other income as a result of the absence of agency fees following the sale of all four captive insurance offices of the Company in the first quarter of 2003.

Pre-tax income for the Personal Lines Group increased \$0.5 million for the third quarter of 2003 from \$0.1 million for the same period in 2002. The increase is derived partially from the acquisition of Phoenix, which contributed \$0.1 million in pre-tax income for the quarter. Also contributing is an improvement in Hallmark's ratio of loss and loss adjustment expenses over net premiums earned ("loss ratio") to 57.1% for the third quarter of 2003 as compared to 69.8% for the same period in 2002. Improved pricing in 2003 and the termination of unprofitable agents in the first quarter of 2003 caused the loss ratio improvement. Underwriting

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

income (net premiums earned less loss and loss adjustment expenses) increased by \$0.3 million for the third quarter of 2003 as compared to the same period in 2002.

Commercial Lines Group

Total revenue for the Commercial Lines Group of \$5.0 million for the third quarter of 2003 is primarily comprised of \$3.8 million of commissions earned on policies produced by HGA for CNIC and \$1.1 million of processing and service fees earned by ECM for claims processing for CNIC. These were new sources of income for the Company in 2003 as a result of the acquisition of the Commercial Lines Group in December 2002.

Pre-tax income for the Commercial Lines Group of \$0.4 million for the third quarter of 2003 is primarily comprised of \$5.0 million in revenue as discussed above and \$4.6 million in other operating costs and expenses. These costs represent expenses associated with the production and servicing of insurance policies for CNIC, the largest component of which is independent retail agent commissions.

Corporate

Corporate pre-tax loss was \$0.6 million for the third quarter of 2003 as compared to a nominal amount for the same period in 2002. Other operating costs and expenses increased \$0.4 million as a result of the shift in management structure from 2002 to 2003 that has increased salary related expenses and other overhead during the third quarter of 2003, as well as lower management fees charged to Hallmark than in the same period in 2002. Interest expense increased by \$0.3 million for the third quarter 2003 as compared to the same period in 2002. The increase is related to the interest expense on the note payable to Newcastle, which was retired from the proceeds of the Company's rights offering in September 2003. Proceeds from this note payable were used to acquire the Commercial Lines Group and Phoenix.

Nine Months Ending September 30, 2003 as compared to Nine Months Ending September 30, 2002

Income before tax, cumulative effect of change in accounting principle and extraordinary gain was \$1.6 million for the nine months ended September 30, 2003, compared to \$0.6 million for the same period in 2002. The effective tax rate for the current year was reduced to 32% from the 34% reported last year, due primarily to tax exempt interest from municipal bonds held in Phoenix. Net income before cumulative effect of change in accounting principle and extraordinary gain was \$1.1 million for the nine months ended September 30, 2003, compared to \$0.4 million for the same period in 2002. The improvement in operating earnings for the first nine months of 2003 compared to 2002 reflects improved loss ratios of the Personal Lines Group (including the acquisition of Phoenix) and the acquisition of the Commercial Lines Group.

The following is additional business segment information for the nine months ended September 30 (in thousands):

	2003	2002
	-----	-----

	=====	=====	

Personal Lines Group

Gross premiums written (prior to reinsurance) for the first nine months of 2003 decreased 3%, and net premiums written (after reinsurance) increased 91%, in relation to the same period in 2002. The decrease in gross premiums written is principally due to the change in the reinsurance structure with State & County and Dorinco. Effective April 1, 2003, the Company assumes a 45% share of the non-standard auto business produced by AHGA and underwritten by State & County instead of the 100% share it assumed prior to that date. Also, effective April 1, 2003, Dorinco assumes its 55% share of this business directly from State & County, where prior to this date the Company retroceded 55% of the business to Dorinco. The decrease in gross premiums written is also impacted by the cancellation of unprofitable agents, a shift in marketing focus from annual term premium financed policies to six month term direct bill policies and reduction in policy counts caused by increased rates. Partially offsetting the decrease in gross premiums written is the acquisition of Phoenix effective January 1, 2003, which contributed \$17.8 million of gross premiums written. The increase in net premiums written is due primarily to the acquisition of Phoenix in 2003, which contributed \$17.0 million for the first nine months of 2003. Partially offsetting the net premium written generated by Phoenix is a \$3.0 million decrease in net premium written by Hallmark for the first nine months of 2003 as compared to the same period in 2002, as discussed above.

Total revenue for the Personal Lines Group increased 127% for the first nine months of 2003 to \$38.8 million from \$17.1 million for the same period in 2002. The increase is due primarily to the acquisition of Phoenix effective January 1, 2003, which contributed \$18.4 million in revenue for the first nine months of 2003. Revenue from Phoenix includes a \$0.3 million impairment charge of a portion of its investment portfolio. These investments were purchased prior to Phoenix being acquired by the Company. Also contributing to the increase is AHGA commission revenue of \$1.6 million from State & County on business ceded to Dorinco for policies effective after March 31, 2003 due to the new reinsurance structure. Prior to April 1, 2003, this commission was classified as ceding commission and a reduction to commission expense. Also contributing is a \$1.9 million increase in net earned premium for Hallmark for the first nine months of 2003 over the same period in 2002. The increase in net earned premiums is due to Hallmark's net written premium trending upwards in 2002 through the first quarter of 2003. The increase in net earned premium is partially offset by a \$0.2 million decrease in processing and service fees for the first nine months of 2003 as compared to the same period in 2002. This is due to the discontinuation of an unaffiliated managing general agency program in January 2003.

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

Pre-tax income for the Personal Lines Group increased \$2.2 million for the first nine months of 2003 to \$2.6 million as compared to \$0.4 million for the same period in 2002. The increase is derived partially from the acquisition of Phoenix, which contributed \$0.9 million for the first nine months of 2003. Also contributing is an improvement in Hallmark's loss ratio to 66.5% for the first nine months of 2003 as compared to 74.4% the same period in 2002. Improved pricing in 2003 and the termination of unprofitable agents in the first quarter of 2003 caused the loss ratio improvement. Underwriting income increased by \$1.8 million for the first nine months of 2003 as compared to the same period in 2002. Partially offsetting these increases to pre-tax income is increased other operating costs and expenses of \$1.9 million for the first nine months of 2003 as compared to the same period in 2002. This is due to \$1.6 million of ceding commission classified as revenue due to the new reinsurance structure effective April 1, 2003 where this commission was classified as a reduction to commission expense under prior agreements.

Commercial Lines Group

Total revenue for the Commercial Lines Group of \$14.3 million for the first nine months of 2003 is mostly comprised of \$10.8 million of commissions earned on policies serviced by HGA for CNIC and \$3.2 million of processing and service fees earned by ECM for claims processing for CNIC. These were new sources of income for the Company in 2003 as a result of the acquisition of the Commercial Lines Group in December 2002.

Pre-tax income for the Commercial Lines Group of \$0.8 million for the first nine months of 2003 is comprised of \$14.3 million in revenue as discussed above and \$13.5 million in other operating costs and expenses. These costs represent expenses associated with the production and servicing of insurance policies for CNIC, the largest component of which is independent retail agent commissions.

Corporate

Corporate pre-tax loss was \$1.9 million for the first nine months of 2003 as compared to pre-tax income of \$0.3 million for the same period in 2002. Other operating costs and expenses increased \$1.6 million primarily as a result of legal and consulting fees associated with acquisitions and other corporate matters. Additionally, the shift in management structure from 2002 to 2003 increased salary related expenses and other overhead during the first nine months of 2003. Interest expense increased by \$0.8 million for the first nine months of 2003 as compared to the same period in 2002. This increase is related to the interest expense on the note payable to Newcastle, which was retired from the proceeds of the Company's rights offering in September 2003. Proceeds from this note payable were used to acquire the Commercial Lines Group and Phoenix.

Item 3. Controls and Procedures.

The Chief Executive Officer and Chief Financial Officer of the Company have evaluated the Company's disclosure controls and procedures and have concluded that such controls and procedures are effective as of the end of the period covered by this report. During the most recent fiscal quarter, there have been no changes in the Company's internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Risks Associated with Forward-Looking Statements Included in this Form

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

10-QSB

This Form 10-QSB contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which are intended to be covered by the safe harbors created thereby. These statements include the plans and objectives of management for future operations, including plans and objectives relating to future growth of the Company's business activities and availability of funds. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions, regulatory framework, weather-related events and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes that the assumptions underlying the forward-looking statements are reasonable, any of the assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Form 10-QSB will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

The Company is engaged in legal proceedings in the ordinary course of business, none of which, either individually or in the aggregate, are believed likely to have a material adverse effect on the consolidated financial position of the Company or the results of operations, in the opinion of management. The various legal proceedings to which the Company is a party are routine in nature and incidental to the Company's business, with the exception of the following:

On May 30, 2003, Phoenix was served with a suit from the Superior Court of the State of Arizona in and for the County of Pima, alleging breach of contract and bad faith in connection with Phoenix's denial of coverage in an automobile accident. The plaintiffs have filed an offer of judgment in the amount of \$15 million. Phoenix believes the suit is without merit and has filed an answer denying each and every allegation in the case. The suit is still in pre-trial discovery stage. The Company intends to vigorously defend Phoenix against all claims asserted by the plaintiffs in the case.

Item 2. Changes in Securities.

None.

Item 3. Defaults on Senior Securities.

None.

Edgar Filing: HALLMARK FINANCIAL SERVICES INC - Form 10QSB

Item 4. Submission of Matters to a Vote of Security-Holders.

None.

Item 5. Other Information.

None.

Item 6. Exhibits and Reports on Form 8-K.

(a) The exhibit listed in the Exhibit Index appearing on page 21 is filed herewith.

(b) The Company filed the following 8-K reports during the third quarter of 2003:

Form 8-K filed August 8, 2003 containing a press release announcing financial results for the second quarter ended June 30, 2003.

Form 8-K filed September 5, 2003 containing a press release announcing the completion of the Company's rights offering.
