Explanatory Note

On August 3, 2015, Advanced Energy Industries, Inc. issued an earnings release announcing its financial results for the quarter ended June 30, 2015. A copy of the earnings release was furnished with a Current Report on Form 8-K filed on August 3, 2015. This amendment to Advanced Energy's Form 8-K is being filed solely for the purpose of correcting a mathematical error in the earnings release, as described below.

Item 2.02 Results of Operations and Financial Condition.

The information in this Form 8-K that is furnished under "Item 2.02 Results of Operations and Financial Condition" and Exhibit 99.1 attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Act of 1934, nor shall they be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

On August 3, 2015, Advanced Energy Industries, Inc. announced its financial results for the quarter ended June 30, 2015. Non-GAAP financial information was included in the press release to assist the reader with understanding how the company's results would have been reported had it not had the inverter segment during the historical periods presented. The information regarding non-GAAP operating income excluding inverters was misstated due to a mathematical error. The error involved solely the line items "Operating Income (loss) as reported" and "Non-GAAP Operating Income (loss)" for the columns "Amounts related to Inverter" and "Amounts Excluding Inverter" and the corresponding written disclosure under the captions "Results Excluding the Inverter Business" and "Inverters." Such information, as corrected, is included in exhibit 99.1 hereto, which indicates the corrected numbers in shading. The mathematical error did not impact the GAAP financial statements or third quarter guidance.

Item 9.01 Financial Statements and Exhibits.
