**PROXY STATEMENT
(First Mailed to Stockholders on October 7, 2002)**

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of BearingPoint, Inc. (the Company or BearingPoint). BearingPoint, Inc. formerly was KPMG Consulting, Inc. On October 2, 2002, KPMG Consulting, Inc. changed its name to BearingPoint, Inc. as part of a global rebranding initiative. The proxies are to be voted at the Annual Meeting of Stockholders on November 11, 2002 and at any adjournment or adjournments thereof (the Annual Meeting). The solicitation of proxies generally will be by mail and by directors, officers and regular employees of the Company. In some instances, solicitation may be made by telephone, telecopy or other means. All costs incurred in connection with the solicitation of proxies will be borne by the Company. Arrangements may be made with brokers and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Company may reimburse them for reasonable out-of-pocket and clerical expenses. The Company has retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies from stockholders for a fee of approximately \$7,500 plus a charge for contacting specific stockholders and reasonable out-of-pocket expenses and disbursements.

Each properly executed proxy will be voted in accordance with the instructions marked on it. In the absence of specific instructions, a proxy will be voted for the election of the nominee for director who is listed in the Proxy Statement, in accordance with the Board of Directors recommendation as to any proposal listed in the Proxy Statement and in the best discretion of the proxy holders as to any other matters, including, but not limited to, the election of one or more persons to fill any vacancy that exists on the Board of Directors at the time of the Annual Meeting.

In addition to mailing the proxy, registered stockholders may vote their shares over the telephone or the Internet. The law of Delaware, under which the Company is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder. The voting procedures available to registered stockholders for the Annual Meeting are designed to authenticate each stockholder by use of a Voter Control Number (located on your proxy card), to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.

Registered stockholders may go to <http://www.eproxyvote.com/be> to vote on the Internet. They will be required to provide the Voter Control Number contained on their proxy cards. After providing the correct Voter Control Number the voter should follow the instructions provided. Any registered stockholder using a touch-tone telephone may also vote by calling 1-877-779-8683 (toll free) and following the recorded instructions.

Any proxy given pursuant to this solicitation may be revoked by the stockholder at any time prior to exercise of the proxy. Such right of revocation is not limited or subject to compliance with any formal procedure.

Directors are elected by a plurality of the votes cast by the holders of shares of Common Stock of the Company (Common Stock) present in person or represented by proxy at a meeting at which a quorum is present. For purposes of the election of directors, abstentions and broker non-votes are not considered to be votes cast and do not affect the plurality vote required for directors.

On September 30, 2002, the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting of Stockholders, the Company had outstanding and entitled to vote, after deducting treasury shares, 189,529,119 shares of Common Stock. This class of stock has no cumulative voting rights, and each issued and outstanding share of Common Stock is entitled to one vote at the Annual Meeting and any adjournment or adjournments thereof.

The Annual Report of the Company and the Company's 2002 Form 10-K, including financial statements for the fiscal year ended June 30, 2002, have been mailed to all stockholders with this Proxy Statement. You may receive, without charge, a copy of the Company's 2002 Form 10-K as filed with the Securities and Exchange Commission by contacting Deborah L. Mandeville, Investor Relations, BearingPoint, Inc., 99 High Street, Boston, Massachusetts 02110-2371. ELECTION OF DIRECTORS AND RELATED MATTERS

The Board of Directors currently consists of six directors. Under the Company's Certificate of Incorporation, the Company has a classified board. As a result, one director is up for election at the Annual Meeting of Stockholders to be held on November 11, 2002 and, if elected, his new term of office will expire at the Annual Meeting of Stockholders that is held in 2005 or when his successor is elected and qualifies.

The remaining five directors serve terms which expire at either the Annual Meeting of Stockholders to be held in 2003 or the Annual Meeting of Stockholders to be held in 2004.

(Cisco) on January 31, 2000 of certain stock of the Company, the Company agreed in the related Investor Rights Agreement to use its best efforts to elect one representative of Cisco to the Company's Board of Directors as long as Cisco's ownership position exceeds 5% of the Company's Common Stock. Douglas C. Allred currently serves as a director under this provision.

The nominee has consented to be named in the Proxy Statement and to serve if elected. If the nominee for director is unable to serve for any reason or if a vacancy otherwise exists on the Board of Directors, the holders of proxies solicited hereby reserve the right to nominate and vote for any other person or persons of their choice.

The Special Transactions Committee took action on two occasions in fiscal year 2002.

The Board of Directors determines the criteria and qualifications for membership on the Board of Directors, fills vacancies on the Board and recommends nominees for election to the Board. In addition to other applicable requirements, for a nomination of a director to be properly brought before an annual meeting by a stockholder, the stockholder generally must have given notice in proper written form to the corporate secretary not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders.

During fiscal year 2002, the Board of Directors of the Company held six meetings in addition to six meetings held by Board Committees. **COMPENSATION COMMITTEE REPORT ON
EXECUTIVE OFFICER COMPENSATION**

The Compensation Committee of the Board of Directors (the Committee) is pleased to present its report on executive compensation for fiscal year 2002. At the end of fiscal year 2002, the Committee was composed of three outside directors of the Company, Messrs. McGeary (Chair), Allred and Mohebbi, and its responsibilities include reviewing and approving the compensation of the Company's executive officers.

OVERALL COMPENSATION PHILOSOPHY AND OBJECTIVES

The Company has an overall compensation program and specific compensation plans that are designed to enhance corporate performance and stockholder value by aligning the financial interests of executives with those of its stockholders. This linkage is established by tying a significant portion of executive compensation to the Company's financial performance. In pursuit of these objectives, the Company's compensation program is designed to attract to the Company and retain the best possible executive talent; to motivate these executives to achieve a level of financial performance that will result long-term in positive returns for the Company's stockholders; to reinforce and link executive and stockholder interests through equity-based plans; and to recognize individual performance.

The Committee has primary responsibility for evaluating the Company's compensation program and specific compensation plans and establishing policies that meet the objectives described above. The Committee determines the compensation of the Chief Executive Officer and the other executive officers of the Company. The Committee considers the performance of the Company in its industry, an individual's current contribution to the Company's performance, and an individual's expected contribution to the Company's future performance. In reviewing the individual performance of the Company's executive officers (other than the Chief Executive Officer), the Committee considers the views of the Chief Executive Officer to whom these officers are responsible.

PRINCIPAL COMPONENTS OF EXECUTIVE COMPENSATION

The principal elements of the Company's executive compensation program consist of both annual and long-term programs and include base salary, annual incentive cash bonuses and, at appropriate intervals, long-term incentive compensation in the form of stock option grants and other stock-based awards. The Company also provides retirement, medical and other fringe benefits generally available to Company employees.

Base Salaries

Base salaries for executive officers are determined by evaluating the responsibilities of the position held and the experience and performance of the individual, and comparing such salaries to the competitive marketplace for executive talent, with special emphasis on the Company's primary competitors in the information technology consulting industry. Salary adjustments, if any, are determined by the Committee, upon recommendation from the Chief Executive Officer, by evaluating the performance of the Company and its executive officers, taking into account any additional or new responsibilities assumed by individual executive officers in connection with promotions or organizational changes.

Annual Incentive Bonus

The Company's executive officers and other key persons are eligible for an annual cash bonus. As indicated above, the cash bonus awards of the executive officers are based upon the Company's annual financial performance (with special emphasis on revenue growth and operating earnings), the financial or other performance of the industry group for which the individual is responsible and the specific performance of the individual. As a result, cash bonus awards may vary significantly from year to year.

Long-Term Incentive Plan

The purpose of the Company's 2000 Long-Term Incentive Plan (the "LTIP") is to provide a meaningful equity interest in the Company to senior Company executives and other key employees in a format that is designed to motivate these executives and key employees and align their financial interests with those of stockholders. With respect to the executive officers, awards are especially intended to motivate the officers to achieve Company performance that will result in positive returns for the Company's stockholders, which will also produce financial gains for the officers. The awards are also intended to promote retention of the key officers who are especially important to the Company's success. Stock awards, and especially option awards, are particularly important for providing long-term incentives and rewards.

Stock Options

Stock options are granted by the Committee under the U.S. and International Stock Option Model that was approved by the Committee in February 2000 and modified in August 2000, in both instances with the advice of independent compensation consultants. Stock options are granted with an exercise price equal to the market price of the Common Stock and typically are subject to vesting over a period of years. Stock options thus are designed to align the interests of executives with those of Company stockholders, since no benefit inures to the employee unless the stock price increases.

Restricted Stock Awards

The Committee is authorized to grant restricted stock awards upon such terms and conditions as it may approve. The awards may be subject to restrictions that lapse over time and that may cause forfeiture of the applicable shares if the executive voluntarily leaves the employ of the Company or is discharged.

Other Awards

The Committee also is authorized to grant bonus stock awards (which are vested upon grant), performance share awards and stock appreciation rights.

CHIEF EXECUTIVE OFFICER COMPENSATION

For fiscal year 2002, the compensation of Mr. Blazer was determined by the Committee. Mr. Blazer received a salary of \$1,000,000, which was the same salary as in fiscal year 2001. In addition, the Committee determined that based on the Company's financial performance in fiscal year 2002 (especially as measured by revenue growth and operating earnings), no cash bonus would be paid.

In July 2001, the Committee also made long-term incentive awards to Mr. Blazer. These awards are intended to encourage long-term performance and to align the executive's interests with those of the Company's stockholders because the value of the awards is realized only over a number of years. Specifically, Mr. Blazer received stock options for 1,000,000 shares, which vest ratably over four years, and 140,000 shares of restricted stock, with the restrictions being released ratably over three years. To realize the full value of the long-term incentive awards, Mr. Blazer thus must continue to contribute to the Company's performance for four years.

DEDUCTIBILITY OF CERTAIN EXECUTIVE COMPENSATION EXPENSE UNDER FEDERAL TAX LAWS

The Committee has considered the impact of provisions of Section 162(m) of the Internal Revenue Code of 1986 (the "Code") that in certain circumstances disallow compensation deductions in excess of \$1 million for any year with respect to the Company's Chief Executive Officer and its four other most highly compensated officers. Pursuant to a transition rule in the regulations promulgated under Section 162(m) that applies to

companies, such as BearingPoint, that become subject to Section 162(m) by reason of becoming publicly held, the deductibility of the Company's compensation payments currently is not subject to the limitations of Section 162(m), and the Company expects that this provision will not limit its tax deductions for executive compensation in the near term.

The following table sets forth information concerning the annual, long-term and other compensation for services in all capacities to the Company for the fiscal years ended June 30, 2000, 2001 and 2002 of those persons who were the Chief Executive Officer and the four other most highly compensated officers of the Company in fiscal year 2002. The amounts reported below under the columns captioned "Salary" and "Bonus" are payable under and in accordance with the Company's annual compensation plan and are intended to reward the executive for current performance relating to the relevant fiscal year. The amounts reported under the column captioned "Long-Term Compensation" are payable under and in accordance with the Company's long-term compensation plan and are intended to incentivize the executive's future performance and to align the executive's interests with those of the Company's stockholders, since the long-term awards consist of stock options and restricted stock awards and the executive only realizes the value of the long-term compensation over a number of years. The Company's annual and long-term compensation plans are described above in the Compensation Committee Report on Executive Officer Compensation. No stock appreciation rights ("SARs") were granted during fiscal year 2002.

- (1) In July 2001, the Compensation Committee made long-term incentive awards to the executive officers. The long-term incentive awards consisted of stock options and restricted stock. Since the purpose of the awards is to incentivize long-term performance and align the executives' interests with those of the Company's stockholders, the awards vest over a number of years, and the executive receives the full value of the awards only by continuing to contribute to the Company's performance. Mr. Blazer received 140,000 restricted shares of the Company's Common Stock, which had a value of \$13.30 per share on July 24,

2001, the date of grant. The restricted shares were granted under the Company's Long-Term Incentive Plan, and the restrictions lapse as to one-third of the shares on June 30 in each of the years 2002 through 2004. Mr. Blazer thus will receive the full value of the restricted shares over a three-year period, and the value he receives will depend on the Company's stock price over time. As of June 30, 2002, Mr. Blazer had aggregate restricted shareholdings of 140,000 shares of the Company's Common Stock having a value of \$2,080,400 based on the \$14.86 closing price of the Company's Common Stock on June 28, 2002, the last trading day in fiscal year 2002. As of August 30, 2002, Mr. Blazer's 140,000 restricted shares had an aggregate value of \$1,421,000 based on the \$10.15 closing price of the Company's Common Stock.

The terms of the restricted stock awards to the executive officers also provide that any restricted shares that are still subject to restrictions will be forfeited if the recipient voluntarily or involuntarily terminates employment with the Company, unless the recipient is then entitled to receive payments under the relevant special termination agreement as described below in Employment Contracts and Termination of Employment and Change of Control Arrangements. If the Company pays dividends on its Common Stock, the Restricted Shares will be paid dividends.

- (2) In July 2001, Mr. Schwartz received 70,000 restricted shares. The terms of the restricted share award are set forth in note (1) above.
- (3) In July 2001, Mr. Donahue received 35,000 restricted shares. The terms of the restricted share award are set forth in note (1) above.
- (4) In July 2001, Mr. Lamb received 15,000 restricted shares. The terms of the restricted share award are set forth in note (1) above.
- (5) In July 2001, Mr. Peck received 7,500 restricted shares. The terms of the restricted share award are set forth in note (1) above.
- (6) As of June 30, 2002, Mr. Schwartz had aggregate restricted shareholdings of 70,000 shares of the Company's Common Stock having a value of \$1,040,200; Mr. Donahue had 35,000 restricted shares having a value of \$520,100; Mr. Lamb had 15,000 restricted shares having a value of \$222,900; and Mr. Peck had 7,500 restricted shares having a value of \$111,450. These share values are based on the closing price of the Company's Common Stock on June 28, 2002, the last trading day in fiscal year 2002, of \$14.86 per share. As of August 30, 2002, based on the \$10.15 closing price of the Company's Common Stock on that date, the aggregate restricted shareholdings of Messrs. Schwartz, Donahue, Lamb and Peck had a value of \$710,500, \$355,250, \$152,250 and \$76,125, respectively.
- (7) Constitutes matching contributions under the Company's 401(k) Savings Plan.
- (8) Fiscal year 2000 compensation for the twelve-month period ended June 30, 2002 set forth in the table above reflects two components. For the first seven months of fiscal year 2000, Messrs. Blazer, Donahue, Schwartz and Peck held a partnership interest in KPMG LLP, and each of these executive officers was allocated a share of the partnership's earnings based in part on their contributions to the consulting business of KPMG LLP prior to the separation of the Company from KPMG LLP. Following the separation of the Company, from KPMG LLP as of January 31, 2000, for the last five months of fiscal year 2000, each of these executive officers received compensation as an employee of the Company. As a result, the amount received by these individuals as their respective shares of the profits of KPMG LLP during the first seven months is not comparable to their compensation as employees. The annual compensation of these officers is now comprised of a fixed salary amount as well as a cash bonus on the performance of the individual, the Company as a whole and any segment of the Company for which the individual is responsible.
- (9) Mr. Lamb's employment with the Company commenced on June 26, 2000. As a result, his reportable compensation for fiscal year 2000 was for five days' work.
- (10) Mr. Lamb received a sign-on bonus of \$500,000 and an adjustment for tax considerations of \$273,746 to compensate him for the value of significant benefits and substantial appreciation on unvested stock options that he lost when he left his position at his prior employer to join the Company.

OPTIONS AND STOCK APPRECIATION RIGHTS

No stock appreciation rights were granted during fiscal year 2002 to any of the executive officers named in the Summary Compensation Table. The following table sets forth each grant of stock options during fiscal year 2002 to each of the named executive officers. The options listed in the table have a term of 10 years and vest as described in the notes to the table.

Option Grants in Last Fiscal Year

Name	Number of Securities Underlying Options Granted(1)	Individual Grants		Exercise or Base Price (\$/Share)	Expiration Date	Grant Date Present Value(2)
		% of Total Options Granted to Employees in Fiscal Year				
Randolph C. Blazer	1,000,000	7.1		\$ 13.30	7/24/11	\$ 8,446,400
Bradley J. Schwartz	500,000	3.5		13.30	7/24/11	4,223,200

	60,000	4.3		20.83	3/08/12	793,440

- (1) The options for Messrs. Blazer, Donahue, Schwartz, Lamb and Peck that expire on July 24, 2011 become exercisable to the extent of one-fourth of the grant on July 24 in each of the years 2002-2005. The options for Mr. Peck that expire on March 8, 2012 become exercisable to the extent of one-fourth of the grant on March 8 in each of the years 2003-2006.
- (2) The values for the grants are based on the Black-Scholes option pricing model. With respect to the options that expire on July 24, 2011, an interest rate of 4.76% based on a 5-year Treasury note rate, stock price volatility of 69%, no dividend yield and option exercises occurring after 5.5 years are assumed. Based on these assumptions the model produces a per option share value of \$8.4464. With respect to the options that expire on March 8, 2012, an interest rate of 4.74% based on a 5-year Treasury note rate, stock price volatility of 69%, no dividend yield and option exercises occurring after 5.5 years are assumed. Based on these assumptions, the model produces a per option share value of \$13.2240.

The following table summarizes information relating to stock option exercises during fiscal year 2002 and the number and value of unexercised stock options previously granted to the executive officers named in the Summary Compensation Table.

- (1) An in-the-money stock option is an option for which the market price, on June 28, 2002, of Company Common Stock underlying the option exceeds the exercise price (i.e., the market price of Company Common Stock when the option was granted). The value shown reflects stock price appreciation since the grant date of the option.

COMPARATIVE STOCK PERFORMANCE

Last year, the Company's Peer Group (the Former Peer Group) consisted of the following publicly traded consulting, technology and systems integration companies: American Management Systems, Inc., Computer Sciences Corporation, Digitas, Inc., Keane, Inc., Perot Systems Corporation, Sapient Corporation, Scient Corporation and Viant Corporation. This year, the Company's Peer Group (the New Peer Group) consists of all the companies in the Former Peer Group plus Accenture Ltd. and Electronic Data Systems Corporation (EDS). Accenture Ltd. has been added to the Company's Peer Group because it is a management and technology consulting company that became a public company in July 2001. EDS has been added because the Company has placed greater emphasis on expanding its managed services offerings, which are a significant part of the business of EDS.

The following graph compares the total stockholder return on the Common Stock of the Company since it commenced public trading on February 8, 2001 with the total return on the NASDAQ Composite Index and both the Former Peer Group and the New Peer Group. The graph assumes that \$100 is invested initially and all dividends are reinvested.

**EMPLOYMENT CONTRACTS AND TERMINATION OF
EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS**

Effective November 7, 2001, the Company entered into special termination agreements (the "Agreements") with each of its executive officers. The purpose of the Agreements is to ensure that these executives are properly protected in the event of a Change of Control of the Company (as defined in the Agreements), thereby enhancing the Company's ability to hire and retain key personnel. The Board approved the Agreements as being in the best interests of the Company. The term of the Agreements is two years (subject to potential one-year extensions) or, if later, two years after a Change of Control. The protective provisions of the Agreements become operative only upon a Change of Control or, in certain circumstances, in anticipation of a Change of Control.

If, after a Change of Control and during the term of the Agreement, the Company terminates the executive's employment other than for Cause (as defined in the Agreements) or if the executive terminates his employment for specified reasons (including if his responsibilities have been materially reduced or adversely modified or his compensation has been reduced), the executive is entitled to certain benefits. These benefits generally include the payment of three years' compensation (based on salary plus bonus as specified in the Agreements), continued coverage under the Company's welfare benefit plans (e.g., medical, life insurance, and disability insurance) for two years at no cost, and outplacement counseling. In addition, the executive will receive a gross-up payment to cover any federal excise taxes resulting from such payments. If, prior to or following a Change of Control, the executive voluntarily terminates his employment, dies or becomes permanently disabled or if the Company terminates his employment for Cause, the executive is entitled to no special payments or benefits.

With respect to all named executive officers, in addition to the provisions in the Agreements referred to above, all stock option grants and restricted stock grants under the Company's 2000 Long-Term Incentive Plan provide that any non-vested portion of a stock option grant will vest and any remaining restrictions upon restricted stock shares will be released in the event of certain changes of control of the Company. If such an event were to occur with respect to a named executive officer, all stock options not yet exercisable, including those set forth above in the table captioned "Aggregated Option Exercises in Last Fiscal Year and FY-End Option Values," would vest, and all remaining restrictions on the Restricted Shares referred to in the Summary Compensation Table would lapse. In addition, the loans set forth below in "Indebtedness of Executive Officers," including any accrued interest, would be forgiven.

The Company also provides severance benefits for involuntary terminations of employment, except for discharges for cause or disciplinary reasons, for its Managing Directors, including the named executive officers. Severance pay generally is equal to six months' salary.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, directors and executive officers must report their initial ownership of the common stock and any changes in that ownership to the Securities and Exchange Commission. The Securities and Exchange Commission has designated specific due dates for these reports, and the Company must identify in this Proxy Statement those persons who did not file these reports when due. The Company believes that all of its directors and executive officers complied with their applicable filing requirements for fiscal year 2002.

INDEBTEDNESS OF EXECUTIVE OFFICERS

In fiscal year 2002, Messrs. Blazer, Schwartz, Donahue, Black and Lamb received restricted shares of Common Stock pursuant to the Company's 2000 Long-Term Incentive Plan. In connection with such stock awards, the recipients incurred immediate taxable income equal to the fair market value of the restricted stock at

the time the restricted stock awards were granted to them (the Compensation Income), but the shares could not be sold due to the restrictions. To assist the recipients in paying the current tax obligations, the Board approved full-recourse loans to such executive officers in amounts equal to the estimated tax liabilities associated with the Compensation Income. The following table lists those executive officers who received loans in connection with the restricted stock awards and whose maximum indebtedness to the Company at any time from July 1, 2001 through September 25, 2002 exceeded \$60,000:

Name of Individual	Relationship with the Company	Maximum Principal Amount of Loans Outstanding from 7/01/01 through 9/25/02(1)	Principal Amount of Loans Outstanding on 9/25/02
Randolph C. Blazer	Chairman, Chief Executive Officer and President	\$864,651	\$864,651
Bradley J. Schwartz	Group Executive Vice President, Worldwide Client Service	421,042	421,042
Michael J. Donahue	Group Executive Vice President and Chief Operating Officer	202,158	202,158
David W. Black	Executive Vice President, General Counsel and Secretary	94,537	94,537
Robert C. Lamb, Jr.	Executive Vice President and Chief Financial Officer	90,041	90,041

- (1) Interest accrues on the principal amount of the outstanding loans and is payable on October 1st of each year. The interest rate on the loans is 4.5% per year.
