EXPLANATORY NOTE

The purpose of this Amendment No. 1 on Form 10-K/A (this "Amendment") is to (a) include certain information regarding changes in internal control over financial reporting under Item 9AT, and (b) provide certain additional information under Item 9B, which was not included in the original Form 10-K for the fiscal year ended March 31, 2008 filed by Elite Pharmaceuticals, Inc., a Delaware corporation (the "Registrant"), with the United States Securities and Exchange Commission (the "SEC") on June 27, 2008 (the "Original Filing").

ITEM 9AT. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms; and (ii) accumulated and communicated to management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control over financial reporting has been designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles in the United States of America.

Our internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect transactions and dispositions of our assets; provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, that receipts and expenditures are being made only in accordance with authorization of our management and directors; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements or fraudulent actions. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting at March 31, 2008. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the

Treadway Commission in Internal Control Integrated Framework. Based on that assessment under those criteria, management has determined that, at March 31, 2008, our internal control over financial reporting was effective.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the SEC that permit us to provide only management's report in this annual report.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fourth quarter of fiscal year 2007 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION.

Subsequent to the date of the Original Filing and as previously disclosed on the Forms 8-K filed by the Registrant with the SEC on October 21, 2008 and November 6, 2008, the Audit Committee of the Registrant's Board of Directors (the "Audit Committee") became aware of certain reimbursements of expenses that were made by the Registrant to Bernard J. Berk, the then-President, Chief Executive Officer and Chairman of the Registrant's Board of Directors, without the prior receipt by the Registrant from Mr. Berk of adequate substantiation of such expenses. The Audit Committee took action to investigate such reimbursement and review the Registrant's internal controls to determine how such reimbursements occurred. On November 6, 2008, Mr. Berk resigned as the Registrant's President and Chief Executive Officer and also voluntarily resigned as the Chairman of the Board and as a member thereof, and the Registrant appointed Chris Dick as its Acting Chief Executive Officer and Jerry I. Treppel, a member of the Registrant's Board of Directors, as the Chairman thereof.

As a result of the matters involving Mr. Berk described above, the Registrant disclosed on the Form 10-Q for the quarterly period ending September 30, 2008 filed with the SEC on November 14, 2008 (the "Form 10-Q"), that its disclosure controls and procedures as of September 30, 2008 had deficiencies that caused the Registrant's controls and procedures to be ineffective, particularly with respect to its expense reimbursement procedures.

The Registrant has taken various remedial measures to correct deficiencies in its internal controls and prevent the Registrant's reimbursement of unsubstantiated expenses in the future, including the following:

- The Audit Committee directed Mr. Berk to promptly deliver to the Registrant expense reports that substantiate the basis for each expense that was reimbursed to Mr. Berk, including the valid business purpose therefor. The Audit Committee received expense reports for the reimbursed expenses and reviewed such reports to determine which of the expenses had a valid business purpose.
- At the direction of the Audit Committee, the Registrant's Chief Financial Officer implemented check writing restrictions to the Registrant's bank accounts that require the signatures of each of the Registrant's Acting Chief Executive Officer and its Chief Financial Officer for all payments (including expense reimbursements) over \$5,000.
- The Registrant commenced a review of its internal control and compliance policies and procedures, including (1) reviewing, expanding, and formalizing its policies related to all potential advances and/or extensions of credit to employees, executive officers and directors, including, without limitation, with respect to the use of the Registrant's credit cards, and advances of any other kind; and (2) enhancing its training of employees, executive officers and directors regarding compliance with the letter and the spirit of the Registrant's Code of Ethics.
- The Registrant has engaged Rosen Seymour Shapss Martin & Company, LLP ("RSSM"), the Registrant's registered public accounting firm, to evaluate the accounting procedures and related internal controls over expenditures.

The following disclosure would have otherwise been made on Form 8-K under the heading "Item 8.01 Other Events."

The Registrant has engaged the Registrant's independent auditors to conduct a review of the Registrant's internal control over financial reporting and anticipates completing its review by January 23, 2009. To date, nothing has come to their attention to indicate that the control currently in place is not effective.
