## Notes to financial statements

Three months ended February 28, 2011

**1. Summary of significant accounting policies** ASA Limited (the Company) is a closed-end management investment company registered under the Investment Company Act of 1940, as amended, and is organized as an exempted limited liability company under the laws of Bermuda. The following is a summary of the Company's significant accounting policies:

### A. Investments

The net asset value of the Company generally is determined as of the close of regular trading on the New York Stock Exchange (the NYSE) on the date for which the valuation is being made (the Valuation Time). Portfolio securities listed on U.S. and foreign stock exchanges generally are valued at the last reported sale price as of the Valuation Time on the exchange on which the securities are primarily traded, or the last reported bid price if a sale price is not available. Securities traded over the counter are valued at the last reported sale price or the last reported bid price if a sale price is not available. Securities listed on foreign stock exchanges may be fair valued based on significant events that have occurred subsequent to the close of the foreign markets.

Securities for which current market quotations are not readily available are valued at their fair value as determined in good faith by, or in accordance with procedures approved by, the Company's Board of Directors. If a security is valued at a fair value, that value may be different from the last quoted price for the security. Various factors may be reviewed in order to make a good faith determination of a security's fair value. These factors include, but are not limited to, the nature of the security; relevant financial or business developments of the issuer; actively traded similar or related securities; conversion rights on the security; and changes in overall market conditions.

Where the Company holds securities listed on foreign stock exchanges and American Depositary Receipts (ADRs) representing these securities are actively traded on the NYSE, the securities normally are fair valued based on the last reported sales price of the ADRs.

The difference between cost and fair value is reflected separately as net unrealized appreciation (depreciation) on investments. The net realized gain or loss from the sale of securities is determined for accounting purposes on the identified cost basis.

At February 28, 2011, the Company held investments in restricted securities of 5.70% of net assets, respectively, valued in accordance with procedures approved by the Company's Board of Directors as reflecting fair value, as follows:

### February 28, 2011

Shares	Cost	Issuer	Value Per Unit	Value	Acquisition Date
400,000	\$2,287,880	Tahoe Resources Inc.	\$15.86	\$6,529,436	5/28/2010
2,307,691	\$4,407,690	NovaGold Resources Inc.	\$13.69	\$31,592,290	7/13/2010

The Company does not have a right to demand that such securities be registered.

In accordance with U.S. GAAP, fair value is defined as the price that the Company would receive to sell an investment or pay to transfer a liability in a timely transaction with an independent buyer in the principal market, or in the absence of a principal market the most advantageous market for the investment or liability. U.S. GAAP establishes a three-tier hierarchy to distinguish between (1) inputs that reflect the assumptions market participants would use in pricing an asset or liability developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (2) inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing an asset or liability developed based on the best information available in the circumstances (unobservable inputs) and to establish classification of fair value measurements for disclosure purposes. Various inputs are used in determining the value of the Company's investments. The inputs are summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, credit risk, etc.) Where the Company holds securities listed on foreign stock exchanges and American Depositary Receipts (ADRs) representing these securities are actively traded on the NYSE, the securities normally are fair valued based on the last reported sales price of the ADRs.

**Notes to financial statements (continued)**

Three months ended February 28, 2011

Level 3 significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used as of February 28, 2011 in valuing the Company's investments at fair value:

**Investments in Securities  
Measurements at February 28, 2011**

Description (1)	Level 1	Level 2	Level 3	Total
<b>Common Shares and Warrants</b>				
Gold and silver investments	\$ 380,724,464	\$ 163,845,713	\$	\$ 544,570,177
Platinum and palladium investments	77,495,964	5,662,138		83,158,102
Diamond Mining, Exploration and Development Companies	3,779,827			3,779,827

### Item 2. Controls and Procedures.

- (a) The registrant's President and Chief Executive Officer and its Chief Financial Officer and Treasurer, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act")) are effective, based on their evaluation of these controls and procedures as of a date within 90 days prior to the filing date of this report.
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act) that occurred during the registrant's most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

### Item 3. Exhibits.

The certifications required by Rule 30a-2(a) under the Act are attached hereto.
