Item 3. Source and Amount of Funds or Other Consideration

The funds for the purchases of Common Stock made by the Fund on the open market were supplied from Dutch public sector pensioners' contributions to the Fund.

Item 4. Purpose of Transaction

The Fund from time to time intends to review its investment in the Issuer on the basis of various factors, including the Issuer's business, financial condition, results of operations and prospects, general economic and industry conditions, the securities markets in general and those for the Issuer's securities in particular, as well as other developments and other investment opportunities. Based on such review, the Fund will take such actions in the future as the Fund may deem appropriate in light of the circumstances existing from time to time. If the Fund believes that further investment in the Issuer is attractive, whether because of the market price of the Issuer's securities or otherwise, it may acquire additional securities of the Issuer either in the open market or in privately negotiated transactions. Similarly, depending on market and other factors, the Fund may determine to dispose of some or all of the Common Stock currently owned by the Fund or otherwise acquired by the Fund either in the open market or in privately negotiated transactions.
