Item 8.01 Other Events

On April 17, 2013, PartnerRe Ltd. (the “Company”) announced the restructuring of its business support operations into a single integrated worldwide support platform. The purpose is to provide shared support services on a global basis across the PartnerRe group, and is expected to result in enhanced organizational flexibility and greater operational efficiency Company-wide.

The new organizational structure will result in the reduction of approximately 140 positions spread across multiple Company locations worldwide, inclusive of a small number of redundancies resulting from organizational changes in the Company’s Global Non-Life Operations.

The Company expects to achieve annual savings of between \$60 million and \$70 million, pre-tax, with the majority of expense savings achieved by the end of 2014.

As a result, the Company expects to record a charge, totaling between \$60 million and \$70 million, pre-tax, related to the restructuring. This charge will be recorded principally in the Company’s second quarter 2013 results. No charges will be recorded in the Company’s first quarter 2013 results.
