EXHIBIT INDEX

Exhibit No.	Description
99.1	Press Release entitled “Penglai 19-9 Comprehensive Adjustment Project Commences Production”

For Immediate Release

Penglai 19-9 Comprehensive Adjustment Project

Commences Production

(Hong Kong, 12 January 2017) - CNOOC Limited (the “Company”, SEHK: 00883, NYSE: CEO, TSX: CNU) today announced that the Penglai 19-9 comprehensive adjustment project has commenced production.

The Penglai 19-9 oilfield is located in Bohai which has an average water depth of approximately 30 meters. In addition to fully utilizing the existing facilities of Penglai 19-3 oilfield, this adjustment project has also built one wellhead platform. There are 57 planned producing wells in total with two wells currently producing approximately 750 barrels of crude oil per day. The adjustment project is expected to reach its Overall Development Program designed peak production of approximately 13,000 barrels of crude oil per day in 2019.

CNOOC Limited has 51% working interest in Penglai 19-9 oilfield and acts as the operator, while its partner, ConocoPhillips China holds the remaining 49% working interest.

This press release includes “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995, including statements regarding expected future events, business prospectus or financial results. The words “expect”, “anticipate”, “continue”, “estimate”, “objective”, “ongoing”, “may”, “will”, “project”, “s”, “believe”, “plans”, “intends” and similar expressions are intended to

identify such forward-looking statements. These statements are based on assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, as well as other factors the Company believes are appropriate under the circumstances. However, whether actual results and developments will meet the expectations and predictions of the Company depends on a number of risks and uncertainties which could cause the actual results, performance and financial condition to differ materially from the Company's expectations, including but not limited to those associated with fluctuations in crude oil and natural gas prices, the exploration or development activities, the capital expenditure requirements, the business strategy, whether the transactions entered into by the Group can complete on schedule pursuant to their terms and timetable or at all, the highly competitive nature of the oil and natural gas industries, the foreign operations, environmental liabilities and compliance requirements, and economic and political conditions in the People's Republic of China. For a description of these and other risks and uncertainties, please see the documents the Company files from time to time with the United States Securities and Exchange Commission, including the Annual Report on Form 20-F filed in April of the latest fiscal year.

Consequently, all of the forward-looking statements made in this press release are qualified by these cautionary statements. The Company cannot assure that the results or developments anticipated will be realised or, even if substantially realised, that they will have the expected effect on the Company, its business or operations.
