PROXY STATEMENT
March 25, 2002
For
Annual Meeting of Stockholders
To Be Held on May 7, 2002

This proxy statement (the "Proxy Statement") is being furnished to the holders of common stock, par value \$0.01 per share (the "Common Stock") of Octel Corp. (the "Corporation") in connection with the solicitation of proxies by and on behalf of the Board of Directors of the Corporation (the "Board of Directors" or the "Board") for use at the annual meeting of stockholders to be held on May 7, 2002 at 10:00am local time, and at any adjournments or postponements thereof (the "Annual Meeting"). The purpose of the Annual Meeting is to elect a director to the Board and ratify the appointment of PricewaterhouseCoopers as the Corporation's independent public accountants for the 2002 fiscal year.

This Proxy Statement, the Proxy Form and the Corporation's Annual Report to Stockholders are being mailed on or about March 25, 2002 to holders of record of the Common Stock at the close of business on March 12, 2002 (the "Record Date").

If the enclosed proxy form (the "Proxy Form") is properly signed, dated and returned to the Corporation, the individuals identified as proxies thereon will vote the shares represented by the Proxy Form in accordance with the directions noted thereon. If no direction is indicated, the proxies will vote FOR the election of the nominee named herein as a director and FOR the ratification of the appointment of PricewaterhouseCoopers as the Corporation's independent public accountants for the 2002 fiscal year. The Corporation's management does not know of any matters other than those discussed in this Proxy Statement that will be presented at the Annual Meeting. If other matters are presented, all proxies will be voted in accordance with the recommendations of the Corporation's management.

Returning your completed Proxy Form will not prevent you from voting in person at the Annual Meeting if you are present and wish to vote. In addition, you may revoke your proxy at any time before it is voted by written notice of revocation or by submission of a later dated proxy to the Secretary of the Corporation prior to the Annual Meeting at the Corporation's principal executive offices at the address above.

Each outstanding share of Common Stock entitles the holder thereof to one vote (or where a part share shall be owned a proportionate part of the vote of one share) on each matter to come before the Annual Meeting. As of the Record Date, excluding treasury stock, there were 11,750,574 shares of Common Stock outstanding. The presence in person or by proxy of a majority of the shares of Common Stock outstanding will constitute a quorum for the transaction of business. Pursuant to Delaware law, abstentions are treated as present and entitled to vote, and therefore are counted in determining the existence of a quorum and will have the effect of a vote against any matter requiring the affirmative vote of a majority of the shares present and entitled to vote at

Edgar Filing: OCTEL CORP - Form DEF 14A

the Annual Meeting. Under Delaware law, broker "non votes" are considered present but not entitled to vote, and thus will be counted in determining the existence of a quorum but will not be counted in determining whether a matter requiring approval of a majority of the shares present and entitled to vote has been approved or whether a plurality of the vote of the shares present and entitled to vote has been cast.

PROPOSAL ONE

Election of Director

The Certificate of Incorporation of the Corporation provides that the number of directors shall be not less than three nor more than twelve members, the exact number of which shall be determined from time to time by resolution adopted by the Board of Directors, and be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. The Board is currently comprised of seven members, two in Class I, two in Class II and three in Class III and the appointments of the Directors in the said Classes expire at the Annual Meetings of the Corporation in 2002, 2003 and 2004 respectively.

The Directors in Class I are Mr Thomas M Fulton and Mr Charles M Hale and their terms expire at the upcoming Annual Meeting. Mr Thomas M Fulton, aged 68, will not stand for re-election and will retire from the Board. We wish to thank him for his years of loyal service to the Board. The Board has passed a resolution to reduce the number of Directors from seven to six. Mr Charles M Hale has been nominated for re-election. See "Management--Nominee for Director" for information with respect to Mr Hale. The Corporation believes that the nominee is willing to be elected and to serve. In the event that the nominee is unable to serve or is otherwise unavailable for election, which is not now contemplated, the incumbent Board may or may not select a substitute nominee. If a substituted nominee is selected, all proxies will be voted for the person selected.

The election of directors at the Annual Meeting requires a plurality of the votes actually cast by the stockholders present (in person or by proxy) at the meeting and entitled to vote. There is no cumulative voting as to any matter, including the election of directors. A withheld vote will have no effect on the outcome of the election. If no voting instruction is given, the accompanying proxy will be voted FOR such election. Under the New York Stock Exchange rules, brokers who hold street name shares can vote in their discretion in the election of Directors.

The Board of Directors recommends a vote "FOR" the election of the nominee director.

PROPOSAL TWO

Ratification of Appointment of Independent Public Accountants

PricewaterhouseCoopers have served as independent public accountants for fiscal year 2001.

The Board of Directors, upon recommendation of its Audit Committee, has selected the accounting firm of PricewaterhouseCoopers to serve as independent auditors of the Corporation with respect to the 2002 fiscal year to examine the financial statements of the Corporation for the fiscal year ending December 31, 2002 and to perform other appropriate accounting services.

Edgar Filing: OCTEL CORP - Form DEF 14A

A representative of PricewaterhouseCoopers is expected to be present at the Annual Meeting to respond to questions and to make a statement if such representative desires to do so. If the stockholders do not ratify this appointment by the affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting, other independent public accountants will be considered by the Board of Directors upon recommendation by the Audit Committee.

The Board of Directors recommends a vote "FOR" ratification of the appointment of PricewaterhouseCoopers as the Corporation's independent public accountants for fiscal year 2002.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act 1934, as amended, requires the Corporation's directors and officers, and persons who beneficially own more than ten percent of a registered class of the Corporation's Common Stock and other equity securities, to file initial reports of ownership and reports of changes in ownership of the Corporation's Common Stock equity securities with the Securities and Exchange Commission (the "SEC"). Such persons are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such forms furnished to the Corporation, or written representations that no Form 5 filings were required, the Company believes that, except as stated below, each of its officers, directors and greater than ten percent beneficial owners complied with all Section 16(a) filing requirements applicable to them during fiscal 2001.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of the Corporation's Common Stock as of February 28, 2002 by holders of more than five percent of the Corporation's outstanding Common Stock, the directors of the Corporation, the executive officers of the Corporation included in the summary Compensation Table ("Named Executives") set forth under the caption "Executive Compensation and Other Information" who were employed by the Corporation as of February 28, 2002, and all current directors and executive officers of the Corporation as a group. As of February 28, 2002, excluding treasury stock, there were 11,750,574 shares of Common Stock outstanding. The percentage of the Corporation's Common Stock beneficially owned by a person assumes that the person has exercised all options and converted all convertible securities that the person holds which are exercisable or convertible within 60 days of February 28, 2002. To the knowledge of the Corporation, each stockholder has sole voting and investment power with respect to the shares indicated as beneficially owned, unless otherwise indicated in a footnote. Unless otherwise indicated, the business address of each person is the Corporation's corporate address.

Stock Option Plans

The Corporation has six stock option plans, the first four of which provide for grants of options to key employees and Non-employee Directors. Two other plans provide stock on an equal basis to all employees.

The six plans are:

- i) The Octel Corp. Company Share Option Plan;
- ii) The Octel Corp. Performance Related Stock Option Plan;
- iii) The Octel Corp. Time Restricted Stock Option Plan;
- iv) The Octel Corp. Non-Employee Directors' Stock Option Plan;
- v) The Octel Corp. Savings Related Share Option Scheme; and
- vi) The Octel Corp. Profit Sharing Share Scheme.

Details of the Plans are as follows:

- i) The Octel Corp. Company Share Option Plan ("CSOP")

The "CSOP" is divided into Parts A and B and is administered by the

Edgar Filing: OCTEL CORP - Form DEF 14A

Compensation Committee. Part A is approved by the UK Inland Revenue and stock options are granted at fair market value at the time of grant up to a statutory limit of \$43,200, or such amount fixed by the UK Income and Corporations Taxes Act 1988. Part B also provides for the granting of options at fair market value at the time of grant but is not approved by the Inland Revenue. It does not contain the statutory limits mentioned above. The rules do not permit the re-pricing of options granted under either Part A or Part B. Eligible recipients are executive directors and middle to senior management and are targeted to encourage performance, recruitment, retention and stock ownership.

The earliest date of exercise of the options is the latest of the third anniversary of the grant or the date mentioned in the option certificate at grant. The options granted may be exercised by payment of an exercise price per share not less than the market value of the Corporation's share at grant. If the shares are subscribed, the exercise price would be the greater of the nominal price or the market price at grant. As of the date hereof, 829,662 options have been issued and are outstanding pursuant to this plan.

ii) The Octel Corp. Performance Related Stock Option Plan ("PRSOP")

The "PRSOP" provides stock options, the number of options granted being proportionate to salary. They are exercisable subject to the satisfaction of certain performance measures. Initially "Cliff Edge" options were granted, which will vest subject to the Corporation meeting specified performance targets, but the options granted from May 2000 were on terms that a proportion of the options will vest upon the satisfaction of each of several specific company and personal performance criteria. The performance targets are set at the absolute discretion of the Compensation Committee, and may be amended, relaxed, waived, or substituted as the Compensation Committee sees fit after the grant of the option. Eligible recipients include members of top management and directors. The options will, subject to the satisfaction of the performance criteria, vest in three years from grant and are exercisable up to ten years from the inception of the plan. The participant may exercise the options without any payment. As of the date hereof, 305,929 options have been issued and are outstanding pursuant to this plan.

iii) The Octel Corp. Time Restricted Stock Option Plan ("TRSOP")

The "TRSOP" provided a limited number of Named Executives and senior managers with stock bonuses in lieu of cash. The bonuses were designed to reward the management of the Corporation for managing the spin-off program and continuing to remain in employment through December 31, 1999. These awards were delivered in the form of options vesting on December 31, 1999 and exercisable by December 31, 2007. As of the date hereof, all the options issued pursuant to this plan have been exercised and no further grants will be made.

11

iv) The Octel Corp. Non-employee Directors Stock Option Plan ("NED's Plan")

The "NED's Plan" was established to encourage Non-employee Directors to become stockholders and focus on improving stockholder value, and to provide commitment to the Corporation in the longer term. The Plan provides for stock options granted at fair market value which vest in three years after grant and are exercisable up to ten years from the inception of the plan. The plan rules do not permit the re-pricing of options granted. Multiples of annual fees are used to determine levels of grant. As of the date hereof, 180,820 options have been issued and are outstanding pursuant of this plan.

Edgar Filing: OCTEL CORP - Form DEF 14A

v)The Octel Corp. Savings Related Share Option Scheme ("Savings Related Plan")

Under the "Savings Related Plan", all UK based employees are eligible to participate. The options are linked to a savings scheme for three years, of up to \$360 per month, which is approved by the Inland Revenue.

The exercise period of the options is the six months subsequent to the Bonus Date under the relevant Savings Contract. The options granted may be exercised by payment of an exercise price per share, specified at the date of grant, being not less than the 80% of the market value of the Corporation's share at grant (the "Option Price"). If the shares are subscribed, the exercise price would be the greater of the nominal price or the Option Price. The plan rules do not permit the re-pricing of options granted.

The total stock options issued and outstanding under this scheme as of the date hereof is 121,178 shared between 266 employees.

vi)The Octel Profit Sharing Share Scheme ("Profit Sharing Plan")

In order to encourage motivation and commitment to the new Corporation, the Compensation Committee granted every UK based employee an award of fifteen shares under the plan. On September 7, 2000 the Trustees made a market purchase of 7,620 shares which are currently held in trust for 508 employees. The stock will be held in a trust for three years before being assigned to the individuals. The trust, approved by the UK Inland Revenue, allows the stock to be assigned free of any income tax liability. No further awards will be made pursuant of this plan.

All the plans were approved prior to the Distribution. The Company Share Option Plan, the Performance Related Stock Option Plan, the Non-employee Directors Stock Option Plan and the Saving Related Share Option Scheme were amended and restated at the 2000 Annual Meeting. The Time Restricted Stock Option Plan and the Profit Sharing Share Scheme were not so amended and restated and there will be no further grants under those schemes.

Options and the conditions relating thereto, granted under the above plans are determined by the Compensation Committee. The limit at the time of the Distribution for the number of shares of Common Stock which can be issued or awarded under the Plans was 1,175,000 in the aggregate. This was increased to 2,075,000 at the 2000 Annual Meeting.

Notes:

- (1) In the event of a change of control of the Corporation, all options become fully vested and exercisable. In order to prevent dilution or enlargement of rights under the options, in the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets or other change in the corporate structure of shares of the Corporation, the type and number of shares available upon exercise and the exercise price will be adjusted accordingly. The Compensation Committee may, subject to specified limitations, advance the date on which an option shall become exercisable.
- (2) Amounts reflect assumed rates of appreciation compounded annually from the fair market value on the date of grant in accordance with the Securities and Exchange Commission's executive compensation disclosure rules. Actual gains, if any, on stock option exercises depend on future performance of the Common Stock and overall stock market conditions. No assurance can be made that the amounts reflected in these columns will be achieved.
- (3) The exercise of these options is dependent on the Corporation and the individual achieving specific performance related targets over a 3 year period.

Notes:

- (1) Messrs. Kerrison, Jarvis and Hanslip were deemed to have exercised options in respect of such shares. However, as part of the Corporation's plan to repurchase shares in the open market, instead of issuing shares to Messrs. Kerrison, Jarvis and Hanslip, the Corporation made a payment to them equivalent to the market value of the underlying stock at the date that the options were lapsed. The Corporation's closing common stock price on October 31, 2001 was \$19.17.
- (2) Dr Hignett was deemed to have exercised options in respect of such shares. However, as part of the Corporation's plan to repurchase shares in the open market, instead of issuing shares to Dr Hignett, the Corporation made a payment to him equivalent to the market value of the underlying stock at the date that the options were lapsed. The Corporation's closing common stock price on May 31, 2001 was \$18.14 and the total payment made to Dr Hignett was \$476,719.
- (3) The value of the in-the-money options is based on Octel Corp.'s NYSE closing Common Stock price on December 31, 2001 of \$18.00.

Pension Plan

The Corporation operates three separate pension plans for executives which, together, are designed to provide the equivalent of 1/40 of final salary (or the average of the last 3 years of service if higher) for each year of service (1/30 for the CEO) with Octel Corp. The three plans are:

- i) The Octel Pension Plan;
- ii) The Octel Senior Management Plan; and
- iii) The Octel Funded Unapproved Pension Plan.

The reason for having three plans is to make maximum use of UK Inland Revenue approved pension arrangements to optimize both the Executive's and the Corporation's tax position.

Normal retirement age is the end of the month following the Executive's 65th birthday.

Change in Control and Severance Agreements

The Corporation recognizes that establishing and maintaining a strong management team is essential in protecting and enhancing the interests of the Corporation and its stockholders. In order to ensure management stability and the continuity of key management personnel, the Corporation has entered into Change-in-Control agreements with each of the Named Executives. The agreements provide that in the event of a take-over or fundamental restructuring of the business, which results in the loss of the Executive's position, such Executive is entitled to compensation of three years pay plus benefits and further that all stock options and grants to such Executives shall vest immediately.

Employment Agreements

Each Executive also has an employment agreement which complies with UK employment law and which provides for, amongst other things, 30 days of annual vacation, the provision of a car, private health insurance, pension provision, life insurance, permanent health insurance and a rolling one year term of employment (2 years for the CEO) which can be terminated by the Corporation upon twelve months' notice (twenty-four months for the CEO) and six months (twelve months for the CEO) from the Executive.

Life Insurance Cover

Named Executives are covered by two basic plans. The Corporation's accidental death plan provides up to six times annual salary in the event of accidental death for whatever reason. Also, as a component of the Pension plans, up to four times annual salary is payable for death whilst in service with the Corporation.

Non-employee Directors have accidental cover while on Corporation business up to a maximum of \$500,000 in the case of death or injury. Cover ceases upon termination of employment with the Corporation and there are no cash surrender values.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE
COMPENSATION

Compensation Committee Report on Executive Compensation

The Compensation Committee reviews and makes recommendations to the Board regarding salaries, compensation and benefits of executive officers and key employees of the Corporation with the assistance of external advisors and develops and administers programs providing stock-based incentives. After consideration of the Compensation Committee's recommendations, the full Board approves the salaries and bonuses and the stock and benefit programs for the Corporation's executive officers.

Compensation Philosophy

The compensation philosophy of the Corporation is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. The goals of the Corporation's executive compensation programs are as follows:

- .. To establish pay levels that are necessary to attract and retain highly qualified executives in light of the overall competitiveness of the market for high quality executive talent and the Corporation's unique business profile.
- .. To recognize superior individual performance, new responsibilities and new positions within the Corporation.
- .. To balance short-term and long-term compensation to complement the Corporation's annual and long-term business objectives and strategy and to encourage executive performance in the fulfillment of those objectives.
- .. To provide variable compensation opportunities based on the Corporation's performance.
- .. To encourage stock ownership by executives.
- .. To align executive remuneration with the interests of stockholders.

Stock Ownership

The Compensation Committee believes that it can align the interests of stockholders and executives by providing those persons who have substantial responsibility over the management and growth of the Corporation with an opportunity to establish a meaningful ownership position in the Corporation.

Compensation Components

Corporate and individual performances are recognized through both short and long term incentive compensation plans designed to align the interests of executives and stockholders. The total compensation program consists of three components; base salary, which reflects the executive's level of responsibility and individual performance; annual incentive compensation awards in the form of cash bonuses, which reflect both corporate and individual performance; and long term incentive compensation in the form of stock options. The latter two components provide at risk compensation which is linked directly to financial results. The Committee considers all elements of compensation when determining an individual's total compensation.

Short-Term Incentive Compensation

Each year the Committee reviews the base salary of the President and Chief Executive Officer and, in conjunction with the President and Chief Executive Officer, reviews the base salaries of other corporate officers; however, the Committee makes the final compensation decisions concerning such Officers. The median level of the executive market as assessed by external surveys is used as the main criterion in determining base salary. The levels and scope of responsibility, experience, and corporate and business unit performances, as well as individual performance, are also key criteria in base salary determination.

A Management Incentive Compensation Plan ("MICP") provides incentive compensation in the form of cash bonuses to executive officers, managers and other selected key employees who have a broad impact on the Corporation's performance. The philosophy for incentive compensation is to provide awards when financial objectives are achieved and provide no or reduced awards when the objectives are not achieved. The awards granted in 2001 were based on pre-established targets for corporate net income and cash generation in addition to individual achievement against personal targets.

Long-Term Incentive Compensation

Long-term incentive compensation is comprised of annual grants of stock options which are designed to encourage key employees to remain with the Corporation by providing them with a long-term interest in the Corporation's overall performance and to motivate them to maximize long-term stockholder value. The Corporation's stock option grant guidelines were designed with the assistance of external compensation consultants. The Committee administers the stock compensation plans. A combination of options at market value at the date of grant and performance related zero cost stock options with ten year vesting will generally be granted annually and cannot be exercised for at least three years from the date of grant.

Chief Executive's Compensation

Dennis Kerrison's compensation includes base salary, incentive compensation and stock options. Consistent with all other executive officers, the President and Chief Executive Officer's compensation was determined by the Compensation Committee in accordance with the salary policy, bonus programs and stock option guidelines, namely the Corporation and the President and Chief Executive's overall performance and motivation to maximize the long-term stockholder value of the Corporation. Stock options, which cannot be exercised for at least 3 years from the date of grant, with a maximum of ten year exercise from plan inception, will generally be granted annually. The Committee has available information as to the level of past awards and individual stock ownership of the President and Chief Executive Officer.

The Committee determined that in order to better align Mr Kerrison's compensation with stockholder interests, a greater portion of his compensation would be at-risk and directly linked to financial results.

Mr Kerrison's base salary effective as of January 2001 was \$432,812. A bonus of \$357,077 was granted to Mr Kerrison in consideration of the Corporation's cash generation and overall financial performance and Mr Kerrison's leadership of the Corporation during the fiscal year.

On March 1, 2001 pursuant to the Company Share Option Plan, Mr Kerrison was

Edgar Filing: OCTEL CORP - Form DEF 14A

granted options in respect of 16,749 shares at an exercise price of \$13.11 which will vest on March 2, 2004 and must be exercised by March 1, 2011. On the same date, Mr Kerrison was also granted 6,699 options pursuant to the Performance Related Stock Option Plan which will vest on March 2, 2004, subject to the satisfaction of certain performance criteria specified by the Compensation Committee. On November 22, 2001 pursuant to the Savings Related Share Option Scheme, Mr Kerrison was granted options in respect of 911 shares at an exercise price of \$15.25 which will vest on January 1, 2005 and must be exercised by June 5, 2005.

In line with normal UK practice, Mr Kerrison also receives a fully expensed company car and pension benefits valued at \$161,505.

Summary

With a significant portion of the Corporation's executive compensation linked directly to individual and corporate performance and paid in stock, the Committee believes that these compensation practices will help ensure alignment with the interests of the Corporation's stockholders. While recognizing that fluctuations of the business cycles may negatively impact financial performance from time to time, the Committee believes that the strong leadership provided by the Corporation's senior executives and the infrastructure that they have put in place have positioned the Corporation to capitalize on the opportunities that lie ahead.

AUDIT COMMITTEE CHARTER

Purpose

The primary purpose of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling their responsibility relating to the Company's corporate accounting, reporting practices and the quality and integrity of the financial reports. The Audit Committee's primary duties and responsibilities are to:

- . oversee that management has maintained the reliability and integrity of the accounting policies, financial reporting and disclosure practices of the Company.
- . oversee that management has established and maintained processes to assure that an adequate system of internal control is functioning within the Company.
- . oversee that management has established and maintained processes to ensure compliance by the Company with all applicable laws, regulations and corporate policy.

In discharging the role described above, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain external counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the interests of the Company's shareholders; accordingly, the external auditor is ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

Membership

The Committee shall be comprised of not less than three members of the Board, and the Committee's composition will meet the requirements of the Audit

Edgar Filing: OCTEL CORP - Form DEF 14A

Committee Policy of the New York Stock Exchange.

Accordingly, all of the members will be directors:

- . who have no relationship to the Company that may interfere with the exercise of their independence from management and the Company; and
- . who are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee. In addition, at least one member of the Committee will have accounting or related financial management expertise.

Meetings

The Committee shall meet at least twice annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least annually with management, with the person responsible for the internal auditing function and the external auditor separately to discuss any matters that the Committee or each of these groups believes should be discussed privately. In addition, the Committee or at least its Chairperson should meet with the external auditor and management quarterly to review the Company's financial statements.

Key Responsibilities

The Committee's job is one of overseeing and it recognises that the Company's management is responsible for preparing the Company's financial statements and that the external auditors are responsible for auditing those financial statements. Additionally, the Committee recognises that financial management, including the internal audit staff, as well as the external auditors, have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the external auditor's work.

1

The following functions shall be the common recurring activities of the Committee in carrying out its overseeing function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

The Committee shall review with management and the external auditors the audited financial statements to be included in the Company's Annual Report on Form 10-K and review and consider with the external auditors the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61 (as amended from time to time).

As a whole, or through the Committee Chair, the Committee shall review with the external auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with Securities and Exchange Commission and the matters required to be discussed by SAS No. 61 (as amended from time to time). This review will occur prior to the Company's filing of the Form 10-Q.

The Committee shall discuss with management and the external and internal auditors the quality and adequacy of the Company's internal controls.

The Committee shall oversee the independence of the external auditors by:

Edgar Filing: OCTEL CORP - Form DEF 14A

- . requesting from the external auditors annually, a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard Number 1;
- . discussing with the external auditors any such disclosed relationships and their impact on the external auditor's independence; and
- . recommending that the Board take appropriate action in response to the external auditor's report to satisfy itself of the auditor's independence.

The Committee shall review the performance of the external auditor and make recommendations to the Board regarding the appointment, re-appointment or termination of the external auditor.

The Committee and the Board shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the external auditor.

The Committee shall, in conjunction with the external auditor and the internal auditors, review the integrity of the Company's financial reporting processes, both internal and external.

The Committee shall consider and approve, if appropriate, major changes to the Company's accounting principles and practices proposed by management, discuss with the independent accountants any significant changes in auditing standards or their audit scope and consider and approve, if appropriate, any significant changes to the auditing practices of the internal auditors.

The Committee shall establish regular systems of reporting to the Committee by each of management, the external auditor and the internal auditors regarding any significant judgments made in management's preparation of the financial statements and any significant difficulties encountered during the course of the review or audit, including any restrictions on the scope of the work or access to required information.

The Committee shall review any disagreement among management and the external auditor or the internal auditors in connection with the preparation of the financial statements.

The Committee shall periodically review, with management, external and internal auditors, the Company's major financial risk exposures and the steps that management has taken to monitor and control such exposures.

2

The Committee shall approve the fees to be paid to the external auditor.

The Committee shall review the management letter prepared by the external auditor and oversee the Company's response to any issues raised in that letter.

The Committee shall:

.report through its Chairperson to the Board following meetings of the Committee.

.maintain minutes or other records of meetings and activities of the Committee.
