PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
DECEMBER 10, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

The enclosed proxy is solicited on behalf of the Board of Directors of Viewpoint Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held on Wednesday, December 10, 2003 at 10:00 a.m., local time, or at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Marriott Marquis, 1535 Broadway, 9th Floor, New York, NY.

These proxy solicitation materials and the Company's Annual Report to Stockholders for the year ended December 31, 2002, including financial statements, are being mailed on or about November 5, 2003 to all stockholders entitled to vote at the Annual Meeting.

RECORD DATE AND VOTING SECURITIES

Stockholders of record at the close of business on October 29, 2003 are entitled to notice of and to vote at the meeting. At the record date, 45,998,007 shares of common stock, \$0.001 par value, of the Company were issued and outstanding.

REVOCABILITY OF PROXIES

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use, whether the proxy was given by telephone, via the Internet or by proxy card. The proxy may be revoked by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, or by making an authorized Internet or telephone communication on a later date in accordance with the instructions on the

Edgar Filing: VIEWPOINT CORP - Form DEF 14A

enclosed proxy card. It may also be revoked by attendance at the meeting and voting in person.

VOTING AND SOLICITATION

Proxies properly given and not revoked will be voted in accordance with the specifications made. Where no specifications are given, such proxies will be voted as the management of the Company may propose. If any matter not described in this proxy statement is properly presented for action at the meeting, the persons named in the enclosed form of proxy will have discretionary authority to vote according to their best judgment.

Each stockholder is entitled to one vote for each share of common stock on all matters presented at the meeting. Stockholders do not have the right to cumulative voting in the election of directors.

The cost of soliciting proxies will be borne by the Company. The Company may also reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers, and employees, without additional compensation, personally or by telephone or telegram.

QUORUM; REQUIRED VOTES; ABSTENTIONS; BROKER NON-VOTES

The required quorum for the transactions of business being voted on at this year's Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the record date. Shares that are voted "FOR," "AGAINST," "WITHHELD" or "ABSTAIN" are treated as

being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting with respect to such matter.

With respect to the election of directors, Delaware law requires the affirmative vote of the holders of a plurality of the common stock present and entitled to vote on the election of directors at the Annual Meeting. Therefore, for purposes of the election of directors, abstentions will have no effect on the outcome of the vote, although they will be counted toward the presence of a quorum.

The affirmative vote of a majority of the votes cast is required to adopt all other proposals being voted on at this year's Annual Meeting. Although there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining the total number of votes cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

The Delaware Supreme Court has held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. The Company intends to treat broker non-votes in a manner consistent with this holding. Thus, a broker non-vote will not affect the outcome of the voting on any of the proposals at the Annual Meeting.

PROPOSAL ONE:

Edgar Filing: VIEWPOINT CORP - Form DEF 14A

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee are all independent directors who are qualified for service under the NASD listing standards. The Audit Committee acts under a written charter first adopted and approved by the Board of Directors in 2000.

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with auditing standards generally accepted in the United States and issuing a report thereon.

In the performance of its oversight function, the Audit Committee reviewed and discussed with management and the independent auditors the Company's audited financial statements. The Audit Committee also discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, the Audit Committee discussed with the independent auditors that firm's independence, and considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's 2002 Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

PRINCIPAL ACCOUNTING FIRM FEES

AUDIT FEES

The aggregate fees billed by the Company's principal accounting firm PricewaterhouseCoopers LLP for professional services rendered for the audit of the annual financial statements for the fiscal year ended December 31, 2002 and review of the financial statements included in the Forms 10-Q for that year were approximately \$280,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

PricewaterhouseCoopers LLP did not perform financial information systems design and implementation services in 2002. Accordingly, no amounts were billed by PricewaterhouseCoopers LLP for such services.

Edgar Filing: VIEWPOINT CORP - Form DEF 14A

ALL OTHER FEES

The aggregate fees billed by PricewaterhouseCoopers LLP for services rendered to the Company, other than services described above under "Audit Fees", for the fiscal year ended December 31, 2002 were approximately \$105,000. The majority of these fees relate to tax services. The Audit Committee determined that the provision of the non-audit services provided is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

COMPENSATION OF DIRECTORS

The Company compensates each of its non-employee directors as follows: each non-employee director is paid (i) \$2,500 at the end of each fiscal quarter in which he or she is a director, (ii) \$1,000 for each regular Board meeting he or she attends, and (iii) \$500 for each Board committee meeting he or she attends; provided, however, that if more than one committee meeting is held on the same day or a Board meeting and one or more committee meetings are held on the same day, no more than the initial \$500 or \$1,000, as the case may be, is paid to any director for all such meetings attended by such director on such date.

Non-employee directors participate in the Company's 1995 Director Option Plan (the "Director Plan"). Under the Director Plan, each non-employee director who joins the Board is automatically granted a non statutory option to purchase 20,000 shares of Common Stock on the date upon which such person first becomes a director. In addition, each non-employee director automatically receives a non statutory option to purchase 5,000 shares of Common Stock on January 1 of each year, provided the director has been a member of the Board for at least six months. The exercise price of each option granted under the Director Plan is equal to the fair market value of the Common Stock on the date of grant. The 20,000 share grant vests at a rate of one-eighth of the option shares upon the end of the first six-month period after the date of grant and one-forty-eighth of the remaining option shares per month thereafter, provided the optionee remains a director of the Company. The 5,000 share grant vests at the rate of one-half of the option shares upon the end of the first six-month period after the date of grant and one-twelfth of the remaining option shares per month thereafter, provided the optionee remains a director of the Company. Options granted under the Director Plan have a term of ten years unless terminated sooner, whether upon termination of the optionee's status as a director or otherwise pursuant to the Director Plan.

In accordance with the compensation arrangements described above, the Company granted options to acquire 5,000 shares of Company common stock to each of Messrs. Bennett, Chizen, Jones, and Leader under the Director Plan at an exercise price of \$6.29, the closing price of the Company's common stock on NASDAQ on January 2, 2002.

AGREEMENTS WITH EXECUTIVE OFFICERS

The Company entered into agreements with Messrs. Amato, Holecek, Mitchell, Morgan, O'Donoghue, and Rice.

Mr. Amato was granted an option to acquire 1,250,000 shares of common stock at an exercise price of \$0.72 per share, the closing price of the Company's common stock on the day immediately preceding the commencement of Mr. Amato's employment. Fifty percent (50%) of the shares subject to the option vest on each of the first and second anniversaries of Mr. Amato's employment. However, if Mr. Amato's employment is terminated by the Company without cause (as defined) or by Mr. Amato for good reason (as defined), Mr. Amato is entitled to receive an amount equal to two times his base salary and all outstanding options issued to Mr. Amato would

immediately vest and become exercisable. Mr. Holecek has been promoted several times since starting with the Company and now serves as Senior Vice President of Technology at an annual base salary of \$200,000. In 2003, the Company entered into a termination protection agreement with Mr. Holecek which provides that Mr. Holecek would be entitled to receive a payment equal to two times his base salary and all outstanding options issued to Mr. Holecek would vest and become exercisable in the event that Mr. Holecek's employment is terminated under certain circumstances following a change in control of the Company.

The Company entered into an employment with Mr. Mitchell in July 2003 under which Mr. Mitchell agreed to serve as Chief Financial Officer for a two-year term. The agreement provides for an annual base salary of \$225,000, a minimum annual bonus of \$25,000, and an annual discretionary bonus based on the achievement of management-based objectives of up to \$50,000. In accordance with the agreement, the Company granted to Mr. Mitchell an option to acquire 350,000 shares of common stock at an exercise price of \$0.77 per share, the closing price of the Company's common stock on the day immediately preceding the commencement of Mr. Mitchell's employment. The agreement further provides that the Company will grant to Mr. Mitchell an option to acquire an additional 150,000 shares of common stock on the first anniversary of his starting date at an exercise price equal to the closing price of the Company's common stock on that day. Twenty-five percent (25%) of the shares subject to the options vest on the first anniversary of the date of grant and one-thirty-sixth of the remaining shares vest monthly thereafter. However, if Mr. Mitchell's employment is terminated by the Company without cause (as defined) or by Mr. Mitchell for good reason (as defined), within the first year of Mr. Mitchell's employment, Mr. Mitchell would be entitled to receive an amount equal to 50% of his base salary and 50% of the unvested portion of issued options would immediately vest in Mr. Mitchell and become exercisable. If such termination occurs after the first anniversary of Mr. Mitchell's employment, 100% percent of the shares subject to issued options would vest in Mr. Mitchell and Mr. Mitchell would be entitled to receive a payment equal to his base salary. In addition, if the Company enters into an agreement with a third party in the first year of Mr. Mitchell's employment that leads to a change in control of the Company (as defined) and Mr. Mitchell's employment is terminated within one year following the change in control, Mr. Mitchell would be entitled to receive an amount equal to his base salary and 50% of unvested options would immediately vest in Mr. Mitchell and remain exercisable. If the Company enters into an agreement with a third party that leads to a change in control after the first anniversary of Mr. Mitchell's employment and Mr. Mitchell's employment is terminated within one year following the change in control, Mr. Mitchell would be entitled to receive two times his base salary and the options issued to Mr. Mitchell would immediately vest and become exercisable.

The Company entered into an employment agreement with Mr. Morgan in March 2002 under which the Company retained Mr. Morgan as General Manager of the Company's enterprise solutions group at an annual base salary of \$175,000 and a bonus based on revenue generated by the enterprise solutions group. Mr. Morgan's position at the Company subsequently changed to senior vice president of operations and Mr. Morgan's salary has been increased to \$200,000 per year. Under the agreement, the Company issued to Mr. Morgan an option to acquire

Edgar Filing: VIEWPOINT CORP - Form DEF 14A

125,000 shares of common stock at an exercise price of \$5.73. Twenty-five percent (25%) of the shares subject to the option vested on the first anniversary of the date of grant and one-thirty-sixth of the remaining shares vest monthly thereafter. In 2003, the Company entered into a termination protection agreement with Mr. Morgan which provides that Mr. Morgan would be entitled to receive a payment equal to two times his base salary and all outstanding options issued to Mr. Morgan would vest and become exercisable in the event that Mr. Morgan's employment is terminated under certain circumstances following a change in control of the Company.

The Company entered into an employment agreement with Mr. O'Donoghue in April 2000 under which Mr. O'Donoghue agreed to serve as General Counsel of the Company and the Company agreed to pay to Mr. O'Donoghue a base salary of \$150,000 per year and to grant to Mr. O'Donoghue an option to acquire

9

200,000 shares of the Company's common stock. The agreement further provides that if Mr. O'Donoghue's employment is terminated by the Company without cause (as defined) or is terminated by Mr. O'Donoghue for good reason (as defined), Mr. O'Donoghue will receive an amount equal to his base salary and the unvested portion of all stock options held by Mr. O'Donoghue would immediately vest and become exercisable. In 2003, the Company entered into a termination protection agreement with Mr. O'Donoghue which provides that Mr. O'Donoghue would be entitled to receive a payment equal to three times his base salary and all outstanding options issued to Mr. O'Donoghue would vest and become exercisable in the event that Mr. O'Donoghue's employment is terminated under certain circumstances following a change in control of the Company.

The Company entered into an employment agreement with Mr. Rice in December 2001 under which Mr. Rice agreed to serve as President and Chief Executive Officer of the Company for a two-year term ending December 31, 2003. The agreement provides for an annual base salary of \$330,000. Under the agreement, the Company granted to Mr. Rice two options to purchase shares of the Company's common stock at a price of \$3.88 per share, the fair market value of the Company's common stock on the date of grant. One of the stock option grants provides Mr. Rice with the option to acquire 200,000 shares, with 25% of the total grant vesting on the first anniversary of date of grant and the remainder vesting at the rate of 1/36th per month thereafter. The second option grant provides Mr. Rice with the option to acquire 1,000,000 shares (the "Performance-Based Option"). Six and three-tenths percent (6.3%) of the shares subject to the Performance-Based Option will vest at the end of each fiscal quarter in which the Company achieves financial goals established by the Board of Directors. If the Company does not achieve such financial goals, the allotted shares will not vest and Mr. Rice will have no right to exercise the option with respect to the allotted shares except in accordance with the following. If there is a change in control of the Company (as defined in the employment agreement), a percentage of the unvested portion of the Performance-Based Option will vest equal to the multiple of the exercise price received by the Company as consideration in the change in control. For example, if the per share consideration received by the Company in the change in control is twice the exercise price of the Performance-Based Option, fifty percent of the unvested portion of the Performance-Based Option will vest.

Mr. Rice's employment agreement provides that if his employment is terminated by the Company without cause (as defined in the agreement), or by Mr. Rice under circumstances where the Company reduced Mr. Rice's duties without his consent, Mr. Rice would be entitled to immediate vesting of all of his unvested Company stock options (other than the Performance-Based Option) and severance pay equal to twice his annual base salary. The Company and Mr. Rice entered into an amendment to Mr. Rice's employment agreement in July 2003 under which Mr. Rice and the Company agreed that a change in Mr. Rice's position and title to

Edgar Filing: VIEWPOINT CORP - Form DEF 14A

Executive Chairman of the Board of Directors would not trigger Mr. Rice's right to terminate the employment agreement and receive the enhanced separation benefits. The agreement was further amended to extend Mr. Rice's employment to December 31, 2004 and to provide that any options vested in Mr. Rice at the termination of his employment would remain exercisable by Mr. Rice for a period of three years thereafter. Also in 2003, the Company entered into a termination protection agreement with Mr. Rice which provides that Mr. Rice would be entitled to receive a payment equal to three times his base salary and all outstanding options issued to Mr. Rice would vest and become exercisable in the event that Mr. Rice's employment is terminated under certain circumstances following a change in control of the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Compensation Committee is a former or current officer or employee of the Company. No interlocking relationship exists between any member of the Compensation Committee and any member of any other company's board of directors or compensation committee.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee administers the Company's stock option plans and determines the compensation of executive officers of the Company, other than the Chief Executive Officer whose compensa-

10

tion is determined by all non-employee directors of the Company on the basis of recommendations submitted by the Compensation Committee.

The Compensation Committee is comprised of only non-employee directors who are appointed by the Board of Directors.

COMPENSATION PHILOSOPHY

The Company operates in the competitive and rapidly changing environment of high technology businesses. The Company's compensation philosophy is based on the belief that achievement in this environment is enhanced by the coordinated efforts of all individuals working toward common objectives. The goals of the Company's compensation program are to align compensation with the Company's business objectives and performance, to foster teamwork and to enable the Company to attract, retain and reward employees who contribute to the Company's long-term success.

COMPENSATION COMPONENTS

The Company's executive officers are compensated with a salary and stock option awards. Certain executive officers are also sometimes eligible for bonuses. The Committee assesses the past performance and anticipated future contribution, and considers the total compensation (earned or potentially available) of each executive officer in establishing each element of compensation.

Salary. The salaries of the executive officers are determined by the Committee with reference to salaries paid to executives with similar responsibilities at comparable companies, generally in the high technology industry. The peer group for each executive officer is composed of executives whose responsibilities are similar in scope and content. The Company seeks to set executive compensation levels that are competitive with the average levels of peer group compensation.

Edgar Filing: VIEWPOINT CORP - Form DEF 14A

Stock Options. Stock option awards are designed to align the interests of executives with the long-term interests of the stockholders. The Committee approves option grants subject to vesting periods (usually 48 months) to retain executives and encourage sustained contributions. The exercise price of options is typically not less than the closing market price on the date of grant. These options will acquire value only to the extent that the price of Company common stock increases relative to the market price at the date of grant. In some cases, options only vest if the Company or the individual achieves performance goals established by the Board of Directors.

Bonus. Although the Company has had incentive compensation plans under which executive officers may be eligible to receive cash bonuses in prior years, no such plan was in place for fiscal year 2002. Targets for sales growth and operating income generally determine whether and to what extent incentive compensation payments will be made under such plans and individual payments are typically based on the Company's achievement of these targets. The Committee approved the payment of a bonus to one executive officer in 2003 in recognition of his services rendered in 2002. The Company paid no other cash bonuses to executive officers in or for fiscal year 2002.

CHIEF EXECUTIVE OFFICER'S COMPENSATION

The Company entered into an employment agreement with Mr. Rice in December 2001 for a two-year term ending December 31, 2003 which provides for an annual base salary of \$330,000. In addition, the Company granted Mr. Rice two options to purchase shares of the Company's common stock at a price of \$3.88 per share, the fair market value of the Company's common stock on the date of grant. One of the stock option grants provides Mr. Rice with the option to acquire 200,000 shares, with 25% of the total grant vesting on the first anniversary of the date of grant and the remainder vesting at the rate of 1/36th per month thereafter. The second option grant provided Mr. Rice with the option to acquire 1,000,000 shares. Vesting of the right to acquire these shares was primarily conditioned on the Company's achievement of financial goals established by the Board of Directors from time to time. If the Company does not achieve such goals, the allotted shares would not vest in Mr. Rice and Mr. Rice will have no right to exercise the option with respect to the allotted

11

shares except in limited circumstances involving a change in control of the Company (as defined in the employment agreement).

In August 2003, the Company retained Mr. Amato to serve as Chief Executive Officer and entered into an employment agreement with Mr. Amato having a two-year term and compensation and other provisions approved by the full Board of Directors. In connection with the retention of Mr. Amato, Mr. Rice and the Board of Directors agreed that Mr. Rice's role would change to Executive Chairman and his employment with the Company would be extended to December 31, 2004.

In determining its Chief Executive Officers' compensation, the Company made reference to several surveys of compensation of chief executive officers of similarly-situated companies and considered their respective roles in leading the Company.
