PRESS RELEASE

Amsterdam, 10 September 2008

ING rebalances hedge portfolio for employee options

ING Groep N.V. has sold 6,350,000 (depository receipts for) ordinary shares for its delta hedge portfolio, which is used to hedge employee options. The shares were sold on the open market between 2 September and 9 September at an average price of EUR 21.60 share.

ING does not issue new shares to cover employee options. Instead, employees receive shares from the delta hedge portfolio, which is maintained to minimise the market risks and price fluctuations that arise from the employee option programmes. The hedge position is adjusted periodically, generally on a quarterly basis, in accordance with regulatory requirements and ING's policies to prevent market manipulation.

The hedge book currently holds 30.1 million (depository receipts for) ordinary ING shares, representing 1.45 % of the 2,081 million shares outstanding.
