**Item 8.01. Other Events.**

On January 1, 2009, we adopted Financial Accounting Standards Board Staff Position (FSP) APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)*.

This FSP changes the accounting for our \$110.0 million aggregate principal convertible subordinated debentures that were converted into cash and shares of common stock on August 29, 2008. The FSP requires that we allocate the proceeds from the debt issuance between debt and equity components in a manner that reflects our nonconvertible debt borrowing rate. The equity component reflects the value of the conversion feature of the debentures. The FSP requires retrospective application to all periods presented and does not grandfather existing debt instruments.

During the first quarter of 2009, we made organizational changes to consolidate our North American operations, primarily consisting of consolidating our former Specialty Products and Belden Americas segments. This reorganization resulted in a change in our reported operating segments. We now conduct our operations through four reported operating segments: Americas; Wireless; Europe, Middle East, and Africa; and Asia Pacific.

The following items, which were included in our Annual Report on Form 10-K for the year ended December 31, 2008, that we filed with the Securities and Exchange Commission (SEC) on February 27, 2009, have been revised, in each case, to give effect to the retrospective adoption of FSP APB 14-1 and the new segment reporting structure:

Business (Item 1)

Properties (Item 2)

Selected Financial Data for the Years Ended December 31, 2004 through December 31, 2008 (Item 6)

Management's Discussion and Analysis of Financial Condition and Results of Operations (Item 7)

Financial Statements and Supplementary Data as of December 31, 2008 and 2007 and for the years ended December 31, 2008, 2007, and 2006 (Item 8)

Financial Statement Schedule - Valuation and Qualifying Accounts (Item 15)

The Computation of Ratio of Earnings to Fixed Charges (Exhibit 12.1)

Such revised information is filed as Exhibit 99.1 through Exhibit 99.7 to this Current Report on Form 8-K. All other information in the 2008 Form 10-K remains unchanged.

This Current Report on Form 8-K does not reflect events or developments that occurred after February 27, 2009, and does not modify or update the disclosures therein in any way, other than as required to reflect the adoption of FSP APB 14-1 and to revise segment disclosures as described above and set forth in the exhibits hereto. Without limiting the foregoing, this filing does not purport to update Management's Discussion and Analysis of Financial Condition and Results of Operations contained in our 2008 Form 10-K for any information, uncertainties, transactions, risks, events or trends occurring, or known to management. More current information is contained in our Quarterly Report on Form 10-Q for the period ended March 29, 2009 and other filings with the SEC. The information in this Current Report on Form 8-K should be read in conjunction with our 2008 Form 10-K, our Form 10-Q for the period ended March 29, 2009, and other documents filed by us with the SEC subsequent to February 27, 2009.
