**Report of Independent Registered Public Accounting Firm**

To: Plan Administrator, Investment, and Benefit Committees of Celanese Americas Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Celanese Americas Retirement Savings Plan (the Plan) as of December 31, 2008 and 2007 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i- schedule of assets (held at end of year) as of December 31, 2008 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Celanese Americas Retirement Savings Plan  
Notes to Financial Statements**

**(1) Description of the Plan**

The Celanese Americas Retirement Savings Plan (the Plan) is a participant directed, defined contribution plan sponsored by Celanese Americas LLC/formerly Celanese Americas Corporation) and subsidiaries (Celanese or the Company), a wholly owned subsidiary of Celanese Corporation. The Plan covers certain employees of the Company and its participating affiliates (Participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants in the Plan should refer to the Plan document for more complete details of the Plan's provisions.

During 2007 assets of \$30,080,833 were transferred from the Plan in conjunction with Celanese Corporation's sale of its oxo products and derivatives business and the transfer of impacted employees to OXEA Corporation.

The Company has a trust agreement with State Street Bank & Trust Company (the Trustee). The trust agreement establishes a qualified trust for the Plan. The assets of the trust are managed by various investment managers appointed by the Company. The Company's Investment Committee oversees the Plan and has discretionary authority to appoint an agent to direct the purchase and sale of investments in the Plan. The Company appointed the Plan Administrator and Investment Committee as the named fiduciaries of the Plan.

**(a) Eligibility**

Employees are eligible to participate in the Plan as soon as administratively practicable following their date of hire (taking into account the need to enroll and the timing of the Company's payroll cycles).

**(b) Participant Contributions**

Participants may contribute from 2% to 80% of their eligible compensation, as defined in the Plan document and subject to certain Internal Revenue Service (IRS) limitations, through payroll deductions. Participants may designate contributions as either before-tax, after-tax or a combination of both. Participants' before-tax contributions and Company contributions are deferred compensation pursuant to Section 401(k) of the Internal Revenue Code (IRC).

**(c) Company Contributions**

The Company makes a contribution equal to the amount contributed by each Participant up to 5% of such Participant's eligible compensation for non-union participants, as defined in the Plan document. The Company's contribution for union participants varies, as defined in the Plan document, but does not exceed 5% of the Participant's eligible compensation. Effective January 1, 2009, the Plan was amended and restated to increase the matching contribution for the Calvert City union participants to a 100% match of the savings of Calvert City union participants, not to exceed 5% of the participant's eligible compensation.

**(d) Vesting**

All Participants' contributions and income earned or losses incurred thereon are fully vested at all times. Effective January 1, 2008, the Company's contributions and income earned or losses incurred thereon are also vested at all times (Note 8).

**Table of Contents**

**Celanese Americas Retirement Savings Plan  
Notes to Financial Statements (Continued)**

***(e) Forfeitures***

Forfeitures of non-vested Company contributions are used to reduce future employer contributions or to restore prior forfeitures under certain conditions. In 2008 and 2007, Company contributions were reduced by \$134,222 and \$252,938 respectively, from forfeited non-vested accounts. At December 31, 2008 and 2007, forfeitures of \$174,853 and \$170,715, respectively, were available for reducing future employer contributions or to restore prior forfeitures under certain conditions.

***(f) Distributions and Withdrawals***

A Participant's entire vested account balance shall be payable upon termination of employment, retirement, disability or death. Participants who suffer a financial hardship may withdraw all or part of their vested account balance before tax contributions subject to certain provisions, as described in the Plan document. Distributions and withdrawals under the Plan are made in cash in the form of a lump sum. Payments are made as soon as administratively practicable within the provisions of the Plan. The Plan allows for in-service withdrawals of vested contributions under certain circumstances, as defined in the Plan document.

***(g) Participant Accounts***

Each Participant's account is credited with the Participant's contributions, the appropriate amount of the Company's contribution and an allocation of the Plan's earnings or losses and the investment management fees in accordance with the allocation provisions contained in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account balance.

***(h) Participant Loans***

Participants who are actively working, and have a vested account balance of at least \$2,000, may borrow up to the lesser of 50% of the vested account balance or \$50,000 less the highest outstanding loan balance in the previous 12 months. The minimum loan available is \$1,000 and shall not exceed \$50,000. Loans are generally for periods of up to five years with the exception of the purchase of a primary residence in which case the loan can be for a period up to fifteen years. Loans are repaid in bi-weekly installments and include interest charges. The interest rate on new loans, fixed on the first business day of the month, is based on the Prime Lending Rate (per the Wall Street Journal) plus 1%. The range of interest rates for outstanding Participant loans as of December 31, 2008 was 5% to 10.5% with maturities ranging from 2009 to 2023.

A Participant may transfer all or a portion of his or her interest, in 1% increments, from one investment fund to another. Each of the Plan's investment options is managed for the Plan by independent investment managers, who employ a specific set of investment criteria endorsed and monitored by the Company.

***Celanese Stock Fund***

The Celanese Stock Fund is a stock bonus plan (as defined by U.S. Treasury Regulation §1.401-1 (b)(i)(iii)) with a primary investment in common shares of Celanese Corporation. Participant holdings of Celanese Corporation common shares are limited to twenty percent of the Participants' total account balance under the Plan. There is a 30-day restriction on reentry into the Celanese Stock Fund after a sale of stock. State Street Global Advisors was named as the fiduciary of the Celanese Stock Fund. The Trustee shall vote shares of Celanese Corporation stock in accordance with the instructions of the Participants in whose accounts the shares are held. During 2008, the Trustee purchased 829,070 shares of Celanese Corporation stock for the fund at an average price of \$27.12 per share and sold 258,427 shares of Celanese Corporation stock for the fund at an average price \$39.06 per share. During 2007, the Trustee purchased 160,995 shares of Celanese Corporation stock for the fund at an average price of \$34.08 per share and sold 149,414 shares of Celanese Corporation stock for the fund at an average price \$36.74 per share.

***Investment Contracts***

The Plan invests in fully benefit-responsive investment contracts held in the Stable Value Fund, which are reported in the Statement of Changes in Net Assets Available for Benefits on a contract value basis. The Statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Stable Value Fund permits all Participant initiated transactions as allowed by the Plan to occur at contract value. Events that would limit the Plan's ability to execute transactions at contract value are improbable, except for termination of the Plan by the Sponsor; Sponsor initiated withdrawals may be subject to a market adjustment.

**Table of Contents**

**Celanese Americas Retirement Savings Plan  
Notes to Financial Statements (Continued)**

The average yield of the investment contracts was 6.82% and 6.75% for the years ended December 31, 2008 and 2007, respectively. The stabilized interest rate ( Crediting Rate ) on investment contracts was 2.66% and 5.23% as of December 31, 2008 and 2007, respectively. The Crediting Rates are provided to participants in the fund on a designated pool of investments held by the fund, through contracts generally referred to as a wrapper . The contracts provide assurance that the adjustments to the interest Crediting Rate will not result in a future interest Crediting Rate that is less than zero.

**(2) Summary of Significant Accounting Policies**

***(a) Basis of Presentation***

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America ( US GAAP ) for all periods presented.

***(b) Valuation of Investments and Income Recognition***

The Plan s investments are stated at fair value. Investments in the common/collective trust funds are valued at fair value based upon the quoted market values of the underlying assets, where available. Loans to Participants are valued at cost, which approximates fair value. All purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

As of December 31, 2008, the Plan adopted the provisions of SFAS No. 157, Fair Value Measurements ( SFAS No. 157 ) for financial assets and liabilities. SFAS No. 157 defines fair value, and increases disclosures surrounding fair value calculations.

***(c) Risks and Uncertainties***

The assets of the Plan consist primarily of investments held at fair value. These investments are subject to market risks and are influenced by such factors as investment objectives, interest rates, stock market performance, economic conditions, and world affairs. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the financial statements.

***(d) Use of Estimates***

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

***(e) Payment of Benefits***

Benefits are recorded when paid.

The fair value of the wrapper is determined by calculating the present value of excess future wrapper fees. When the replacement cost of the wrapper contracts (a re-pricing provided annually by each issuer) is greater than the current wrapper fee, the difference is converted into the implied additional fee payment cash flows for the duration of the holding. The present value of that cash flow stream is calculated using a swap curve yield that is based on the duration of the holding, and adjusted for the holding's credit quality rating. Since the replacement costs of the wrapper contracts exceeded the actual costs as of December 31, 2008, the fair value of the wrapper contracts is valued at \$315,347. As of December 31, 2007, however, the replacement costs of the wrapper contracts did not exceed the actual costs and the fair value of the wrapper contracts was valued at zero.

During 2008 and 2007, the Plan's investments (including investments bought and sold and held during the year) appreciated (depreciated) in value as follows:

**Celanese Americas Retirement Savings Plan  
Notes to Financial Statements (Continued)**

As discussed in note 2, the Plan adopted SFAS No. 157 as of December 31, 2008. SFAS No. 157 establishes a three-tiered fair value hierarchy that prioritizes inputs to valuation techniques used in fair value calculations. The three levels of inputs are defined as follows:

- Level 1 unadjusted quoted prices for identical assets or liabilities in active markets accessible by the Company
- Level 2 inputs that are observable in the marketplace other than those inputs classified as Level 1
- Level 3 inputs that are unobservable in the marketplace and significant to the valuation

SFAS No. 157 requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs. If a financial instrument uses inputs that fall in different levels of the hierarchy, the instrument will be categorized based upon the lowest level of input that is significant to the fair value calculation.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008

Notes to Financial Statements (Continued)**

**(4) Plan Termination**

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. Upon termination of the Plan, any Participant who is then an employee of the Company would become 100% vested in all Company contributions.

**(5) Federal Income Taxes**

The IRS has determined and informed the Company by a letter dated April 19, 2004, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**(6) Administrative Expenses**

Administrative expenses (principally record keeping costs and legal fees) are accrued and charged against the respective funds of the Plan. Investment management fees, taxes, brokerage commissions, and related fees are paid from the respective funds from which they are levied, assessed, or incurred. Certain administrative expenses of the Plan are paid by the Company. Expenses not paid by the Company are paid by the Plan.

**(7) Parties-in-Interest**

Certain Plan investments are shares of common/collective trusts managed by JPMorgan/American Century or State Street Bank & Trust Company. In addition, certain Plan investments are in interest bearing cash accounts managed by Morgan Guaranty Trust Company of New York. JPMorgan Retirement Plan Services is the record keeper and State Street Bank & Trust Company is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC. The Plan also invests in the common stock of the Plan Sponsor as well as makes loans to Plan participants, both of which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules.

**(8) Plan Amendment**

During December 2007, the Plan was amended, effective January 1, 2008, to add an automatic enrollment feature and an automatic deferral increase feature. Additionally, the amendment modifies the Plan's vesting rules and clarifies the default investment provisions. The vesting rules are modified such that Participants are immediately vested in Company contributions.
