Table of Contents

How many shares must be present to constitute a quorum for the Meeting?

Holders of a majority of the shares of the voting power of the Company's stock must be present in person or by proxy in order for a quorum to be present. If a quorum is not present at the scheduled time of the Annual Meeting, we may adjourn the Meeting, without notice other than announcement at the Meeting, until a quorum is present or represented. Any business which could have been transacted at the Meeting as originally scheduled can be conducted at the adjourned meeting.

Are there any agreements with stockholders concerning the Annual Meeting?

ESL Investments, Inc. and its affiliates (collectively, "ESL"), entered into an agreement with AutoZone dated as of June 25, 2008 (the "ESL Agreement"), in which ESL agreed to appear at each meeting of the stockholders of the Company and at each adjournment or postponement thereof, or otherwise cause all shares of AutoZone common stock owned by ESL to be counted as present for the purpose of establishing a quorum. ESL also agreed to vote its shares of AutoZone common stock in excess of certain thresholds in the same proportion as shares not owned by ESL are actually voted. At this Annual Meeting, the applicable percentage threshold is 40% of the then outstanding common stock; thereafter, the percentage threshold will be 37.5% as long as the Agreement remains in effect.

Under the terms of the ESL Agreement, the Company agreed to take certain actions with regard to the size and composition of the Board of Directors, including appointment to the Board of two directors identified by ESL who were reasonably acceptable to a majority of the members of the Nominating and Corporate Governance Committee of the Board and were independent under the Company's Corporate Governance Principles and the rules of the New York Stock Exchange. William C. Crowley and Robert R. Grusky were identified by ESL and were appointed to the Board in accordance with the ESL Agreement and approved by AutoZone's shareholders at AutoZone's 2008 Annual Meeting. Both Messrs. Crowley and Grusky have been renominated for election at this Annual Meeting.

The ESL Agreement will continue in effect until the earliest of (a) the date upon which the common stock owned by ESL constitutes less than 25% of the then-outstanding shares of AutoZone common stock, (b) the date upon which the common stock owned by ESL exceeds 50% of the then-outstanding shares of AutoZone common stock, provided ESL has acquired additional shares representing above 10% of the then-outstanding shares subsequent to the date of the ESL Agreement, and (c) the date upon which the parties mutually agree in writing to terminate the ESL Agreement.

As of July 16, 2009, ESL was the beneficial holder of 20,206,396 shares of common stock, representing approximately 40.5% of the outstanding common stock. See "Security Ownership of Certain Beneficial Owners" on page 21 for more information about ESL's ownership of AutoZone common stock.

THE PROPOSALS

PROPOSAL 1 Election of Directors

Ten directors will be elected at the Annual Meeting to serve until the annual meeting of stockholders in 2010. Directors are elected by a plurality, so the ten persons nominated for director and receiving the most votes will be elected. Pursuant to AutoZone's Corporate Governance Principles, however, any nominee for director who receives a greater number of votes withheld from his or her election than votes for such election is required to tender his or her resignation for consideration by the Nominating and Corporate Governance Committee of the Board. The Nominating and Corporate Governance Committee will recommend to the Board the action to be taken with respect to such resignation.

Abstentions and broker non-votes have no effect on the election of directors. (Broker non-votes are shares held by banks or brokers on behalf of their customers that are represented at the Meeting but are not voted.)

Table of Contents

The Board of Directors recommends that the stockholders vote FOR each of these nominees. These nominees have consented to serve if elected. Independence

How many independent directors does AutoZone have?

Our Board of Directors has determined that eight of our current ten directors are independent: William C. Crowley, Sue E. Gove, Earl G. Graves, Jr., Robert R. Grusky, W. Andrew McKenna, George R. Mrkonic, Jr., Luis P. Nieto, Jr., and Theodore W. Ullyot. All of these directors meet the independence standards of our Corporate Governance Principles and the New York Stock Exchange listing standards.

How does AutoZone determine whether a director is independent?

In accordance with AutoZone's Corporate Governance Principles, a director is considered independent if the director:

has not been employed by AutoZone within the last five years;

has not been employed by AutoZone's independent auditor in the last five years;

Table of Contents

is not, and is not affiliated with a company that is, an adviser, or consultant to AutoZone or a member of AutoZone's senior management;

is not affiliated with a significant customer or supplier of AutoZone;

has no personal services contract with AutoZone or with any member of AutoZone's senior management;

is not affiliated with a not-for-profit entity that receives significant contributions from AutoZone;

within the last three years, has not had any business relationship with AutoZone for which AutoZone has been or will be required to make disclosure under Rule 404(a) or (b) of Regulation S-K of the Securities and Exchange Commission as currently in effect;

receives no compensation from AutoZone other than compensation as a director;

is not employed by a public company at which an executive officer of AutoZone serves as a director;

has not had any of the relationships described above with any affiliate of AutoZone; and

is not a member of the immediate family of any person with any relationships described above.

The term "affiliate" as used above is defined as any parent or subsidiary entity included in AutoZone's consolidated group for financial reporting purposes.

In determining whether any business or charity affiliated with one of our directors did a significant amount of business with AutoZone, our Board has established that any payments from either party to the other exceeding 1% of either party's revenues would disqualify a director from being independent.

In determining the independence of our directors, the Board considers relationships involving directors and their immediate family members that are relevant under applicable laws and regulations, the listing standards of the New York Stock Exchange, and the standards contained in our Corporate Governance Principles (listed above). The Board relies on information from Company records and questionnaires completed annually by each director.

As part of its most recent independence determinations, the Board noted that AutoZone does not have, and did not have during fiscal 2009, significant commercial relationships with companies at which Board members served as officers or directors, or in which Board members or their immediate family members held an aggregate of 10% or more direct or indirect interest. The Board considered the fact that Mr. Crowley is a director and officer of Sears Holdings Corporation and is also Chief Operating Officer of ESL Investments, Inc., which beneficially owns 40.5% of AutoZone's outstanding stock. ESL Investments, Inc., with its affiliates, is a substantial stockholder of Sears Holdings Corporation. During fiscal 2009, Sears Holdings Corporation did business with AutoZone in arm's length transactions which were not, individually or cumulatively, material to either AutoZone or Sears Holding Corporation.

The Board also reviewed donations made by the Company to not-for-profit organizations with which Board members or their immediate family members were affiliated by membership or service or as directors or trustees.

Based on its review of the above matters, the Board determined that none of Messrs. Crowley, Graves, Grusky, McKenna, Mrkonic, Nieto or Ulliot or Ms. Gove has a material relationship with the Company and that all of them are independent within the meaning of the AutoZone Corporate Governance Principles and applicable law and listing

standards. The Board also determined that Mr. Rhodes is not independent since he is an employee of the Company and Messrs. Hyde and Rhodes are not independent because they serve on the boards of not-for-profit organizations which receive more than one percent (1%) of their revenues from the Company.

information required by said Article III, Section 1. Copies of the Bylaws will be provided upon written request to AutoZone's Secretary and are also available on AutoZone's corporate website at www.autozoneinc.com.

What qualifications must a nominee have in order to be recommended by the Nominating and Corporate Governance Committee for a position on the Board?

The Board believes each individual director should possess certain personal characteristics, and that the Board as a whole should possess certain core competencies. Such personal characteristics are integrity and accountability, informed judgment, financial literacy, mature confidence, high performance standards, and passion. They should also have demonstrated the confidence to be truly independent, as well as be business savvy, have an owner orientation and have a genuine interest in AutoZone. Core competencies of the Board as a whole are accounting and finance, business judgment, management expertise, crisis response, industry knowledge, international markets, strategy and vision. These characteristics and competencies are set forth in more detail in AutoZone's Corporate Governance Principles, which are available on AutoZone's corporate website at www.autozoneinc.com.

How does the Nominating and Corporate Governance Committee identify and evaluate nominees for director?

Prior to each annual meeting of stockholders at which directors are to be elected, the Nominating and Corporate Governance Committee considers incumbent directors and other qualified individuals as potential director nominees. In evaluating a potential nominee, the Nominating and Corporate Governance Committee considers the personal characteristics described above, and also reviews the composition of the full Board to determine the areas of expertise and core competencies needed to enhance the function of the Board. The Nominating and Corporate Governance Committee may also consider other factors such as the size of the Board, whether a candidate is independent, how many other public company directorships a candidate holds, and the listing standards requirements of the New York Stock Exchange.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying potential nominees for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, stockholders or other persons. The Nominating and Corporate Governance Committee may retain a search firm or other consulting firm from time to time to identify potential nominees. Nominees recommended by stockholders in accordance with the procedure described above, i.e., submitted in writing to AutoZone's Secretary, accompanied by the biographical and business experience information regarding the nominee and the other information required by Article III, Section 1 of the Bylaws, will receive the same consideration as the Nominating and Corporate Governance Committee's other potential nominees.

Narrative Accompanying Director Compensation Table

Directors may select at the beginning of each calendar year between two pay alternatives. The first alternative includes an annual retainer fee of \$40,000 and a stock option grant. The second alternative includes an annual retainer of \$40,000, a supplemental retainer fee of \$35,000, and a smaller stock option grant. The second alternative was added in 2008 to make the director compensation package more attractive to potential director candidates (and existing directors) who, in a given year, might prefer a higher percentage of fixed compensation. Directors electing either alternative receive a significant portion of their compensation in AutoZone common stock, since at least one-half of the base retainer and, if applicable, one-half of the supplemental retainer must be paid in AutoZone common stock or stock units.

Annual Retainer Fees. Non-employee directors must choose each year between the two compensation alternatives described above. A director electing the first alternative will receive an annual base retainer fee of \$40,000 (the Base Retainer). A director electing the second alternative will receive, in addition to the Base Retainer, an annual supplemental retainer fee in the amount of \$35,000 (the Supplemental Retainer), for a total retainer of \$75,000, but will receive a smaller annual stock option award under the Director Stock Option Plan as explained below under Director Stock Option Plan. There are no meeting fees.

The chairman of the Audit Committee receives an additional fee of \$10,000 annually, and the chairmen of the Compensation Committee and the Nominating and Corporate Governance Committee each receive an additional fee of \$5,000 per year.

Director Compensation Plan. Under the AutoZone, Inc. 2003 Director Compensation Plan (the Director Compensation Plan), a non-employee director may receive no more than one-half of the annual fees in cash the remainder must be taken in AutoZone common stock. The director may elect to receive up to 100% of the fees in stock or to defer all or part of the fees in units with value equivalent to the value of shares of AutoZone Common Stock (Stock Units). Unless deferred, the annual fees are payable in advance in equal quarterly installments on September 1, December 1, March 1, and June 1 of each year, at which time each director receives cash and/or shares of common stock in the amount of one-fourth of the annual fees. The number of shares issued is determined by dividing the amount of the fee payable in shares by the fair market value of the shares as of the grant date.

If a director defers any portion of the annual fees in the form of Stock Units, then on September 1, December 1, March 1, and June 1 of each year, AutoZone will credit a unit account maintained for the director with a number of Stock Units determined by dividing the amount of the fees by the fair market value of the shares as of the grant date. Upon the director's termination of service, he or she will receive the number of shares of common stock with which his or her unit account is credited, either in a lump sum or installments, as elected by the director under the Director

Compensation Plan.

Director Stock Option Plan. Under the AutoZone, Inc. 2003 Director Stock Option Plan (the Director Stock Option Plan), directors who elect to be paid only the Base Retainer will receive, on January 1 during their first two years of service as a director, an option to purchase 3,000 shares of AutoZone common stock. After the first two years, such directors will receive, on January 1 of each year, an option to purchase 1,500 shares of common stock, and each such director who owns common stock or Stock Units worth at least five times the Base Retainer will receive an additional option to purchase 1,500 shares. Directors electing to be paid the Supplemental Retainer will receive, on January 1 during their first two years of service as a

Table of Contents

director, an option to purchase 2,000 shares of AutoZone common stock. After the first two years, such directors will receive, on January 1 of each year, an option to purchase 500 shares of common stock, and each such director who owns common stock or Stock Units worth at least five times the Base Retainer will receive an additional option to purchase 1,500 shares. In addition, each new director receives an option to purchase 3,000 shares upon election to the Board, plus a portion of the base annual option grant corresponding to the director's compensation election, prorated for the portion of the year served in office.

Stock option grants are made at the fair market value of the common stock as of the grant date, defined in the plan as the average of the highest and lowest prices quoted for the common stock on the New York Stock Exchange on the business day immediately prior to the grant date. They become fully vested and exercisable on the third anniversary of the date of grant, or the date on which the director ceases to be a director of AutoZone, whichever occurs first.

Stock options expire on the first to occur of (a) 10 years after the date of grant, (b) 90 days after the option holder's death, (c) 5 years after the date the option holder ceases to be an AutoZone director if he or she has become ineligible to be reelected as a result of reaching the term limits or mandatory retirement age specified in AutoZone's Corporate Governance Principles, (d) 30 days after the date that the option holder ceases to be an AutoZone director for reasons other than those listed in the foregoing clause (c), or (e) upon the occurrence of certain corporate transactions affecting AutoZone.

Predecessor Plans

The AutoZone, Inc. Second Amended and Restated Director Compensation Plan and the AutoZone, Inc. Fourth Amended and Restated 1998 Director Stock Option Plan were terminated in December 2002 and were replaced by the Director Compensation Plan and the Director Stock Option Plan. However, grants made under those plans continue in effect under the terms of the grant made and are included in the aggregate awards outstanding shown above.

Stock Ownership Requirement

The Board has established a stock ownership requirement for non-employee directors. Within three years of joining the Board, each director must personally invest at least \$150,000 in AutoZone stock. Shares and Stock Units issued under the Director Compensation Plan count toward this requirement.

PROPOSAL 2 Approval of the AutoZone, Inc. 2010 Executive Incentive Compensation Plan

Our Board of Directors is recommending approval of the AutoZone, Inc. 2010 Executive Incentive Compensation Plan to replace our 2005 Executive Incentive Compensation Plan, which expires on December 16, 2009. Approval of the plan requires that more votes be cast in favor of the plan than votes cast against. Abstentions and broker non-votes will not be counted as voting either for or against.

The Board of Directors recommends that the stockholders vote FOR the AutoZone, Inc. 2010 Executive Incentive Compensation Plan.

The following is a summary of the AutoZone, Inc. 2010 Executive Incentive Compensation Plan. The following summary is qualified in its entirety by reference to the plan document, which is reproduced in its entirety as Exhibit A to this Proxy Statement.

What is the AutoZone, Inc. 2010 Executive Incentive Compensation Plan?

Section 162(m) of the Internal Revenue Code (the Code) prohibits us from deducting compensation in excess of \$1 million for any covered employee as defined in Section 162(m) of the Code (currently our chief executive officer and the other four most highly paid officers) unless the compensation in excess of \$1 million qualifies as performance-based. The AutoZone, Inc. 2010 Executive Incentive Compensation Plan (the Plan) is intended to qualify as a performance-based compensation plan under the Code so that performance incentive awards paid under the Plan are tax deductible to AutoZone. The Plan requires that the

Table of Contents

Compensation Committee of the Board of Directors establish objective performance goals and that the performance goals be met before a participant may receive an incentive award.

Who is eligible to participate in the Plan?

The individuals entitled to participate in the Plan will be the Company’s key employees as designated by the Compensation Committee, in its sole discretion, who are or may become covered employees and whose compensation, for a current or future fiscal year, may be subject to the limit on deductible compensation imposed by Code Section 162(m).

How are performance goals established?

Under the Plan, at the beginning of each fiscal year or other performance period, the Compensation Committee must establish a goal, which may be a range from a minimum to a maximum attainable incentive award. The goal may be based on one or more of the following measures:

Earnings	Return on invested capital (ROIC)
Earnings per share	Economic value added
Sales	Return on inventory
Market share	EBIT margin
Operating or net cash flows	Gross profit margin
Pre-tax profits	Sales per square foot
Earnings before interest and taxes (EBIT)	Comparable store sales

The goal may be different for different participants. The Compensation Committee will establish the goals within ninety (90) days after the start of the applicable performance period, but in no event after twenty-five percent (25%) of the applicable performance period has lapsed. The Compensation Committee will determine the incentive awards to be paid under the Plan. All incentive awards will be paid within two and one-half (21/2) months following the end of the applicable performance period.

For the past eight (8) years, the performance goals established by the Compensation Committee under the predecessor executive incentive compensation plan have been based on EBIT and ROIC. Additional information about the establishment of incentive objectives can be found in Compensation Discussion and Analysis on page 21.

No incentive may be paid under the Plan unless at least the minimum goal is attained. However, the Compensation Committee may disregard for goal purposes one-time charges and extraordinary events such as asset write-downs, litigation judgments or settlements, the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization or restructuring, and any other extraordinary non-recurring items, acquisitions or divestitures and any foreign exchange gains or losses.

How are the incentive awards paid under the Plan?

After the end of each performance period, the Compensation Committee must certify the attainment of goals, if any, under the Plan and direct the amount of the incentive award to be paid to each participant. The Compensation Committee, in its discretion, may reduce or eliminate any incentive to be paid to a participant, even if a goal was attained. Incentive awards may only be paid after the attainment of the goals has been certified by the Compensation Committee. Incentive awards will be paid in cash.

What is the maximum compensation that a participant may receive under the Plan?

No participant may receive more than \$4 million in any one fiscal year as an incentive award under the Plan.

Table of Contents***Does AutoZone currently have an executive incentive compensation plan?***

Currently, the AutoZone, Inc. 2005 Executive Incentive Compensation Plan is in effect, but it will expire on December 16, 2009.

What are the primary differences between the new plan and the existing plan?

The primary differences between the AutoZone, Inc. 2010 Executive Incentive Compensation Plan (the 2010 Plan) and the existing plan (the 2005 Plan) are summarized in the chart below. However, the summary does not include all differences between the plans and is qualified by reference to the 2010 Plan document, which is reproduced in its entirety as Exhibit A to this Proxy Statement.

2010 Plan	2005 Plan
Individuals who are eligible to participate in the plan are the Company's key employees as designated by the Compensation Committee, who are or may become covered employees under Section 162(m) of the Code. (Thirteen employees would have been eligible to participate during the 2009 fiscal year.)	The Company's executive officers are eligible to participate in the plan. (Thirteen employees participated during the 2009 fiscal year.)
Performance periods are established by the Compensation Committee. (Performance periods have historically been annual and are generally expected to be annual going forward.)	Performance periods are annual.

Who participated in the existing plan during the last fiscal year?

Thirteen AutoZone executives were granted bonuses under the existing plan for fiscal 2009. This table shows bonuses for the named executive officers and all executive officers as a group under the existing plan for the 2009 fiscal year:

2005 Executive Incentive Compensation Plan Fiscal 2009 Awards

Harry L. Goldsmith <i>Executive Vice President, General Counsel & Secretary</i>	312,668

(1) Thirteen persons, including all of the persons named above.

It is not possible at this time to determine what awards may be granted under the proposed AutoZone, Inc. 2010 Executive Incentive Compensation Plan to the named executive officers and all executive officers as a group. If the AutoZone, Inc. 2010 Executive Incentive Compensation Plan had been in effect in fiscal 2009, such officers and group of officers would not have received awards that were different in type or amount than those that they actually received in fiscal 2009.

However, the Audit Committee is not bound by a vote either for or against the firm. The Audit Committee will consider a vote against the firm by the stockholders in selecting our independent registered public accounting firm in the future.

The Audit Committee pre-approved 100% of the services provided by Ernst & Young LLP during the 2009 and 2008 fiscal years. The Audit Committee considers the services listed above to be compatible with maintaining Ernst & Young LLP’s independence.

Audit Committee Report

The Audit Committee of AutoZone, Inc., has reviewed and discussed AutoZone’s audited financial statements for the year ended August 29, 2009, with AutoZone’s management. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides a principles-based overview of AutoZone's executive compensation program. It discusses our rationale for the types and amounts of compensation that our

Table of Contents

executive officers receive and how compensation decisions affecting these officers are made. It also discusses AutoZone's total rewards philosophy, the key principles governing our compensation program, and the objectives we seek to achieve with each element of our compensation program.

What are the Company's key compensation principles?

Pay for performance. The primary emphasis of AutoZone's compensation program is linking executive compensation to business results and intrinsic value creation, which is ultimately reflected in increases in stockholder value. Base salary levels are intended to be competitive in the U.S. marketplace for executives, but the more potentially valuable components of executive compensation are annual cash incentives, which depend on the achievement of pre-determined business goals, and to a greater extent, long-term compensation, which is based on the value of our stock.

Attract and retain talented AutoZoners. The overall level and balance of compensation elements in our compensation program are designed to ensure that AutoZone can retain key executives and, when necessary, attract qualified new executives to the organization. We believe that a company which provides quality products and services to its customers, and delivers solid financial results, will generate long-term stockholder returns, and that this is the most important component of attracting and retaining executive talent.

What are the Company's overall executive compensation objectives?

Drive high performance. AutoZone sets challenging financial and operating goals, and a significant amount of an executive's annual cash compensation is tied to these objectives and therefore at-risk payment is earned only if performance warrants it.

Drive long-term stockholder value. AutoZone's compensation program is intended to support long-term focus on stockholder value, so it emphasizes long-term rewards. At target levels, the majority of an executive officer's total compensation package each year is the potential value of his or her stock options.

The table below illustrates how AutoZone's compensation program weights the at-risk components of its named executive officers' 2009 total compensation (here defined as actual base earnings + fiscal 2009 cash incentive payment + Black-Scholes value of fiscal 2009 stock option grant):

Position	Base Salary	Annual Incentive	Stock Options
Chairman, President & CEO	19%	26%	54%
All Other Named Executive Officers (NEOs)	21%	17%	61%

Who participates in AutoZone's executive compensation programs?

The Chief Executive Officer and the other named executive officers, as well as the other senior executives comprising AutoZone's Executive Committee, participate in the compensation program outlined in this Compensation Discussion and Analysis. The Executive Committee consists of the Chief Executive Officer and officers with the title of senior vice president or executive vice president (a total of 13 executives for fiscal 2009). However, many elements of the compensation program also apply to other levels of AutoZone management. The intent is to ensure that management is motivated to pursue, and is rewarded for achieving, the same financial, operating and stockholder objectives.

Table of Contents

What are the key elements of the company's overall executive compensation program?

The table below summarizes the key elements of AutoZone's executive compensation program and the objectives they are designed to achieve. More details on these elements follow throughout the Compensation Discussion and Analysis and this Proxy Statement, as appropriate.

Pay Element	Description	Objectives
Base salary	Annual fixed cash compensation.	<p>Attract and retain talented executives.</p> <p>Recognize differences in relative size, scope and complexity of positions as well as individual performance over the long term.</p>
Annual cash incentive	<p>Annual variable pay tied to the achievement of key Company financial and operating objectives. The primary measures are:</p> <p>Earnings before interest and taxes, and</p> <p>Return on invested capital.</p> <p>Actual payout depends on the results achieved. Potential payout is capped at \$4 million; however, payout is zero if threshold targets are not achieved.</p> <p>The Compensation Committee may reduce payouts in its discretion when indicated by individual performance, but does not have discretion to increase payouts.</p>	<p>Communicate key financial and operating objectives.</p> <p>Drive high levels of performance by ensuring that executives' total cash compensation is linked to achievement of financial and operating objectives.</p> <p>Support and reward consistent, balanced growth and returns performance (add value every year) with demonstrable links to stockholder returns.</p> <p>Drive cross-functional collaboration and a total-company perspective.</p>
Stock options	<p>Senior executives receive a mix of incentive stock options (ISOs) and non-qualified stock options (NQSOs).</p> <p>All stock options are granted at fair market value on the grant date (discounted options are prohibited).</p> <p>AutoZone's stock option plan prohibits repricing and does not include a reload program.</p>	<p>Align long-term compensation with stockholder results. Opportunities for significant wealth accumulation by executives are tightly linked to stockholder returns.</p> <p>ISOs provide an incentive to hold shares after exercise, thus increasing ownership and further reinforcing the tie to stockholder results.</p>

Stock purchase plans

AutoZone maintains a broad-based employee stock purchase plan which is qualified under Section 423 of the Internal Revenue Code. The Employee Stock Purchase Plan allows AutoZoners to make quarterly purchases of AutoZone shares at 85% of the fair market value on the first or last day of the calendar quarter, whichever is lower.

Allow all AutoZoners to participate in the growth of AutoZone's stock.

Encourage ownership, and therefore alignment of executive and stockholder interests.

Annual cash compensation. Annual cash compensation consists of base salary and annual cash incentives.

Base Salary. Salaries are determined within the context of a targeted total cash compensation level for each position. Base salary is a fixed portion of the targeted annual cash compensation, with the specific portion varying based on differences in the size, scope or complexity of the jobs as well as the tenure and individual performance level of incumbents in the positions. Points are assigned to positions using a job evaluation system developed by Hay Group, a global management and human resources consulting firm, and AutoZone maintains salary ranges based on the job evaluations originally constructed with Hay Group's help. These salary ranges are usually updated annually based on broad-based survey data; in addition to Hay Group survey data, AutoZone uses surveys published by Mercer and Hewitt Associates, among others, for this purpose, as discussed below.

Table of Contents

The survey data used to periodically adjust salary ranges is broad-based, including data submitted by hundreds of companies. Examples of the types of information contained in salary surveys include summary statistics (e.g., mean, median, 25th percentile, etc.) related to:

base salaries

variable compensation

total annual cash compensation

long-term incentive compensation

total direct compensation

The salary surveys cover both the retail industry and compensation data on a broader, more general public company universe. Multiple salary surveys are used, so that ultimately the data represent hundreds of companies and positions and thousands of incumbents, or people holding those positions. The surveys generally list the participating companies, and for each position matched, the number of companies and incumbents associated with the position. Subscribers cannot determine which information comes from which company.

The salary ranges which apply to the named executive officers, including the Principal Executive Officer, are part of the structure applicable to thousands of AutoZone's employees. AutoZone positions are each assigned to a salary grade. This is generally accomplished at the creation of a position, using the Hay job evaluation method, and jobs tend to remain in the same grade as long as there are no significant job content changes. Each grade in the current salary structure has a salary range associated with it. This range has a midpoint, to which we compare summary market salary data (generally median pay level) of the types discussed above.

Over time, as the median pay levels in the competitive market change, as evidenced by the salary survey data, AutoZone will make appropriate adjustments to salary range midpoints so that on average, these midpoints are positioned at roughly 95% of the market median value as revealed by the surveys. This positioning relative to the market allows for competitive base salary levels, while generally leaving actual average base pay slightly below the survey market level. This fits our stated philosophy of delivering competitive total rewards at or above the market median through performance-based variable compensation.

In making decisions related to compensation of the named executive officers, the Compensation Committee uses the survey data and salary ranges as context in reviewing compensation levels and approving pay actions. Other elements that the Compensation Committee considers are individual performance, Company performance, individual tenure, position tenure, and succession planning. The Hay Group, Mercer and Hewitt Associates surveys are utilized primarily to provide comparative data.

Annual Cash Incentive. Executive officers and certain other employees are eligible to receive annual cash incentives each fiscal year based on the Company's attainment of certain Company performance objectives set by the Compensation Committee at the beginning of the fiscal year. The annual cash incentive target for each position, expressed as a percentage of base salary, is based on both salary range and level within the organization, and therefore does not change annually. As a general rule, as an executive's level of management responsibility increases, the portion of his or her total compensation dependent on Company performance increases.

The threshold and target percentage amounts for the named executive officers for fiscal 2009 are shown in the table below.

Principal Position	Percentage of Base Salary Threshold	Target
Chairman, President & CEO	50%	100%
All Other NEOs	30%	60%

Table of Contents

Effective beginning with fiscal 2010, the threshold and target percentage amounts for the named executive officers will be as shown in the table below.

Principal Position	Percentage of Base Salary Threshold	Target
Chairman, President & CEO	50%	100%
Executive Vice Presidents	37.5%	75%
All Other NEOs	30%	60%

Annual cash incentives for executive officers are paid pursuant to the AutoZone, Inc. 2005 Executive Incentive Compensation Plan (EICP), our performance-based short-term incentive plan. Pursuant to the plan, the Compensation Committee establishes incentive objectives at the beginning of each fiscal year. For more information about the EICP, see Discussion of Plan-Based Awards Table on page 36.

The actual incentive amount paid depends on Company performance relative to the target objectives. A minimum pre-established goal must be met in order for any incentive award to be paid, and the incentive award as a percentage of annual salary will increase as the Company achieves higher levels of performance.

The Compensation Committee may in its sole discretion reduce the incentive awards paid to named executive officers. Under the EICP, the Compensation Committee may not exercise discretion in granting awards in cases where no awards are indicated, nor may the Compensation Committee increase any calculated awards. Any such positive discretionary changes, were they to occur, would be paid outside of the EICP and reported under the appropriate Bonus column in the Summary Compensation Table; however, the Compensation Committee has not historically exercised this discretion.

The Compensation Committee, as described in the EICP, may (but is not required to) disregard the effect of one-time charges and extraordinary events such as asset write-downs, litigation judgments or settlements, changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization or restructuring, and any other extraordinary non-recurring items, acquisitions or divestitures and any foreign exchange gains or losses on the calculation of performance.

The incentive objectives for fiscal 2009 were set in a September 2008 Compensation Committee meeting, and were based on the achievement of specified levels of earnings before interest and taxes (EBIT) and return on invested capital (ROIC), as are the incentive objectives for fiscal 2010, set during a Compensation Committee meeting held in September 2009. The total incentive award is determined based on the impact of EBIT and ROIC on AutoZone's economic profit for the year, rather than by a simple allocation of a portion of the award to achievement of the EBIT target and a portion to achievement of the ROIC target. EBIT and ROIC are key inputs to the calculation of economic profit (sometimes referred to as economic value added), and have been determined by our Compensation Committee to be important factors in enhancing stockholder value. If both the EBIT and ROIC targets are achieved, the result will be a 100%, or target, payout. However, the payout cannot exceed 100% unless the EBIT target is exceeded (i.e., unless there is excess EBIT to fund the additional incentive payout). Additionally, when the aggregate incentive amount is calculated, if the resulting payout amount in excess of target exceeds a specified percentage of excess EBIT (currently 20%), then the incentive payout will be reduced until the total amount of the incentive payment in excess of target is within that specified limit.

The specific targets are tied to achievement of the Company's operating plan for the fiscal year. In 2009, the target objectives were EBIT of \$1,137.3 million and ROIC of 23.5%. The 2009 incentive awards for each named executive officer were based on the following performance:

	EBIT (Amounts in MMs)	ROIC
EICP Target	\$ 1,137.3	23.5%
Actual (as adjusted)	\$ 1,179.6	24.4%
Difference	\$ 42.3	92bps

Table of Contents

Our EBIT and ROIC performance targets are based on AutoZone's operating plan and are highly confidential and competitively sensitive. We have a long-standing policy against giving financial guidance to securities analysts due to the competitive disadvantage that could result from our doing so. We believe that if we were to publish any financial projections, including any earnings information, our competitors would gain useful advance insight into our business strategy. Insofar as AutoZone is a leader in a highly competitive market, any such public disclosure could materially harm our competitive position within our industry.

Our Board of Directors participates in the creation of financial and operating plans designed to generate long-term appreciation in the per-share value of AutoZone common stock. The Compensation Committee sets EICP targets each year based on these plans. Because the targets are confidential, we believe the best indication of the difficulty of achieving such targets is our track record. Over the last five years, annual EICP payouts have exceeded target three times and have been below target twice (incentive payments during this period of time have ranged from 69% to 135% of target, as shown in the table below).

Fiscal Year	Targets		Actual		Payout Percentage
	EBIT (\$MMs)	ROIC	EBIT (\$MMs)	ROIC	
2009	1,137.3	23.5%	1,179.6	24.4%	135%
2008	1,120.2	22.6%	1,127.5	23.9%	110%
2007	1,048.9	21.5%	1,054.0	22.9%	108%
2006	1,040.6	22.4%	1,027.3	22.5%	94%
2005	1,072.0	24.4%	1,015.0	23.9%	68%

Effect of Performance on Total Annual Cash Compensation. Because AutoZone emphasizes pay for performance, it is only when the Company exceeds its target objectives that an executive's total annual cash compensation begins to climb relative to the median market level. Similarly, Company performance below target will cause an executive's total annual cash compensation to drop below market median. As discussed below, AutoZone does not engage in strict benchmarking of compensation levels, i.e., we do not use specific data to support precise targeting of compensation, such as setting an executive's base pay at the 50th percentile of an identified group of companies.

Stock options. To emphasize achievement of long-term stockholder value, AutoZone's executives receive a significant portion of their targeted total compensation in the form of stock options. Although stock options have potential worth at the time they are granted, they only confer actual value if AutoZone's stock price appreciates between the grant date and the exercise date. For this reason, we believe stock options are a highly effective long-term compensation vehicle to reward executives for creating stockholder value. We do not maintain any other long-term incentive plans for our executives. We want our executives to realize total compensation levels well above the market norm, because when they do, such success is the result of achievement of Company financial and operating objectives that leads to growth in the per-share value of AutoZone common stock.

In order to support and facilitate stock ownership by our executive officers, a portion of their annual stock option grant typically consists of Incentive Stock Options (ISOs). If an executive holds the stock acquired upon exercise of an ISO for at least two years from the date of grant and one year from the date of exercise, he or she can receive favorable long-term capital gains tax treatment for all appreciation over the exercise price. (AutoZone cannot claim the gain on exercise as deductible compensation expense in this event). ISOs have a maximum term of ten years and vest in equal 25% increments on the first, second, third and fourth anniversaries of the grant date. They are granted at the fair market value on the date of grant as defined in the relevant stock option plan. There is a \$100,000 limit on the aggregate grant value of ISOs that may become exercisable in any calendar year; consequently, the majority of options granted is in the form of non-qualified stock options.

AutoZone grants stock options annually. Currently, the annual grants are reviewed and approved by the Compensation Committee in the meeting (typically in late September or early October) at which it reviews prior year results, determines incentive payouts, and takes other compensation actions affecting the named executive officers. The Compensation Committee has not delegated its authority to grant stock options; all

Table of Contents

grants are directly approved by the Compensation Committee. Option grant amounts are recommended to the Compensation Committee by the Chief Executive Officer, based on individual performance and the size and scope of the position held. AutoZone's general policy is to limit the total option shares granted to its employees during the annual grant process to approximately one percent of common shares estimated to be outstanding at the end of that fiscal year. The annual grant is typically made near the beginning of the fiscal year and does not include promotional or new hire grants that may be made during the fiscal year. The Committee reserves the right to deviate from this policy as it deems appropriate.

Newly promoted or hired officers may receive a grant shortly after their hire or promotion. As a general rule, new hire or promotional stock options are approved and effective on the date of a regularly scheduled meeting of the Compensation Committee. On occasion, these interim grants may be approved by unanimous written consent of the Compensation Committee. The grants are recommended to the Compensation Committee by the Chief Executive Officer based on individual circumstances (e.g., what may be required in order to attract a new executive). Internal promotional grants are prorated based on the time elapsed since the officer received a regular annual grant of stock options.

For more information about our stock option plans, see Discussion of Plan-Based Awards Table on page 36.

Stock purchase plans. AutoZone maintains the Employee Stock Purchase Plan which enables all employees to purchase AutoZone common stock at a discount, subject to IRS-determined limitations. Based on IRS rules, we limit the annual purchases in the Employee Stock Purchase Plan to no more than \$15,000, and no more than 10% of eligible (base and incentive or commission) compensation. To support and encourage stock ownership by our executives, AutoZone also established a non-qualified stock purchase plan. The Fourth Amended and Restated AutoZone, Inc. Executive Stock Purchase Plan (Executive Stock Purchase Plan) permits participants to acquire AutoZone common stock in excess of the purchase limits contained in AutoZone's Employee Stock Purchase Plan. Because the Executive Stock Purchase Plan is not required to comply with the requirements of Section 423 of the Internal Revenue Code, it has a higher limit on the percentage of a participant's compensation that may be used to purchase shares (25%) and places no dollar limit on the amount of a participant's compensation that may be used to purchase shares under the plan.

The Executive Stock Purchase Plan operates in a similar manner to the tax-qualified Employee Stock Purchase Plan, in that it allows executives to defer after-tax base or incentive compensation (after making annual elections as required under Section 409A of the Internal Revenue Code) for use in making quarterly purchases of AutoZone common stock. Options are granted under the Executive Stock Purchase Plan each calendar quarter and consist of two parts: a restricted share option and an unvested share option. Shares are purchased under the restricted share option at 100% of the closing price of AutoZone stock at the end of the calendar quarter (i.e., not at a discount), and a number of shares are issued under the unvested share option at no cost to the executive, so that the total number of shares acquired upon exercise of both options is equivalent to the number of shares that could have been purchased with the deferred funds at a price equal to 85% of the stock price at the end of the quarter. The unvested shares are subject to forfeiture if the executive does not remain with the company for one year after the grant date. After one year, the shares vest, and the executive owes taxes based on the share price on the vesting date (unless a so-called 83(b) election was made on the date of grant).

Table of Contents

The table below can be used to compare and contrast the stock purchase plans.

	Employee Stock Purchase Plan	Executive Stock Purchase Plan

How does the Compensation Committee consider and determine executive and director compensation?

Chief Executive Officer. The Compensation Committee establishes the compensation level for the Chief Executive Officer, including base salary, annual cash incentive compensation, and stock option awards. The Chief Executive Officer's compensation is reviewed annually by the Compensation Committee in conjunction with a review of his individual performance by the non-management directors, taking into account all forms of compensation, including base salary, annual cash incentive, stock option awards, and the value of other benefits received.

Other Executive Officers. The Compensation Committee reviews and establishes base salaries for AutoZone's executive officers other than the Chief Executive Officer based on each executive officer's individual performance during the past fiscal year and on the recommendations of the Chief Executive Officer. The Compensation Committee approves the annual cash incentive amounts for the executive officers, which are determined by objectives established by the Compensation Committee at the beginning of each fiscal year as discussed above. The actual incentive amount paid depends on performance relative to the target objectives.

The Compensation Committee approves awards of stock options to many levels of management, including executive officers. Stock options are granted to executive officers upon initial hire or promotion, and thereafter are typically granted annually in accordance with guidelines established by the Compensation Committee as discussed above. The actual grant is determined by the Compensation Committee based on the guidelines and the performance of the individual in the position. The Compensation Committee considers the recommendations of the Chief Executive Officer.

Management Stock Ownership Requirement. To further reinforce AutoZone's objective of driving long-term stockholder results, a stock ownership requirement for all executive officers (a total of 13 individuals in fiscal 2009),

including the named executive officers, was implemented during fiscal 2008. Covered executives must attain a specified minimum level of stock ownership, based on a multiple of their base salary, within 5 years of the adoption of the requirement or the executive's placement into a covered position. Executives who are promoted into a position with a higher multiple will have an additional 3 years to attain the required ownership level. In order to calculate whether each executive meets the ownership requirement, we total the value of each executive's holdings of whole shares of stock and the intrinsic (or in-the-money) value of vested stock options, based on the fiscal year-end closing price of AutoZone stock, and compare that value to the appropriate multiple of fiscal year-end base salary.

Table of Contents

To encourage full participation in our equity plans, all AutoZone stock acquired under those plans is included in the executive's holdings for purposes of calculating his or her ownership. This includes vested stock options and shares which have restrictions on sale. One of the purposes of the ownership requirement is to create a disincentive for an executive to exercise vested stock options early, selling shares to pay the exercise cost and taxes, before the award has had time to achieve its full potential value.

Key features of the stock ownership requirement are summarized in the table below:

Ownership Requirement	Chief Executive Officer	5 times base salary
	Executive Vice President	3 times base salary
	Senior Vice President	2 times base salary
Holding Requirements	Individuals who have not achieved the ownership requirement within the five year period will be required to hold 50% of net after-tax shares upon exercise of any stock option, and may not sell any shares of AZO.	
	Guidelines will no longer apply after an executive reaches age 62, in order to facilitate appropriate financial planning as retirement approaches. The Compensation Committee may waive the guidelines for any other executive at its discretion.	
Ownership Definition	Shares of stock directly owned (including shares subject to holding requirements under any stock purchase plan);

What roles do the Chief Executive Officer and other executive officers play in the determination of executive compensation?

The Chief Executive Officer attends most meetings of the Compensation Committee and participates in the process by answering Compensation Committee questions about pay philosophy and by ensuring that the Compensation Committee's requests for information are fulfilled. He also assists the Compensation Committee in determining the compensation of the executive officers by providing recommendations and input about such matters as individual performance, tenure, and size, scope and complexity of their positions. The Chief Executive Officer makes specific recommendations to the Compensation Committee concerning the compensation of his direct reports and other senior executives, including the executive officers. These recommendations usually relate to base salary increases and stock

option grants. The Chief Executive Officer also recommends pay packages for newly hired executives. Management provides the Compensation Committee with data, analyses and perspectives on market trends and annually prepares information to assist the Compensation Committee in its consideration of such recommendations. Annual incentive awards are based on achievement of business objectives set by the Compensation Committee, but the Compensation Committee may exercise negative discretion, and if it does so, it is typically in reliance on the Chief Executive Officer's assessment of an individual's performance.

The Chief Executive Officer does not make recommendations to the Compensation Committee regarding his own compensation. The Senior Vice President, Human Resources has direct discussions with the Compensation Committee Chairman regarding the Compensation Committee's recommendations on the Chief

Executive Officer’s compensation; however, Compensation Committee discussions of specific pay actions related to the Chief Executive Officer are held outside his presence.

Does AutoZone use compensation consultants?

Neither AutoZone management nor the Compensation Committee hired executive compensation consultants during fiscal 2009. However, AutoZone did reimburse Hay Group \$1,432 for expenses incurred relating to a presentation to the Compensation Committee regarding the breadth of the services offered by Hay Group, their prior work for the Company and how it has impacted executive compensation. Although historically we have hired consultants to provide services from time to time, it is not our usual practice, and as discussed previously, AutoZone does not regularly engage consultants as part of our annual review and determination of executive compensation. The Compensation Committee has authority, pursuant to its charter, to hire consultants of its selection to advise it with respect to AutoZone’s compensation programs, and it may also limit the use of the Compensation Committee’s compensation consultants by AutoZone’s management as it deems appropriate.

What are AutoZone’s peer group and compensation benchmarking practices?

AutoZone reviews publicly-available data from a peer group of companies to help us ensure that our overall compensation remains competitive. The peer group is currently composed of the 22 specialty retailers listed below, and includes our direct competitors as well as other companies which we believe are similar to AutoZone in such matters as customers, product lines, revenues and market capitalization. The peer group data we use is from proxy filings and other published sources – it is not prepared or compiled especially for AutoZone.

We periodically review the appropriateness of this peer group. It typically changes when such events as acquisitions and spin-offs occur.

ADVANCE AUTO PARTS INC	LIMITED BRANDS INC	ROSS STORES INC
BARNES & NOBLE INC	LOWE’S COMPANIES INC	SHERWIN WILLIAMS CO
BED BATH & BEYOND INC	O’REILLY AUTOMOTIVE INC	STAPLES INC
BEST BUY CO INC	OFFICE DEPOT INC	STARBUCKS CORP
BORDERS GROUP INC	PEP BOYS MANNY MOE &	TJX COMPANIES INC
GAP INC	JACK	WILLIAMS SONOMA INC
GENUINE PARTS CO	PETSMART INC	ZALE CORP
HOME DEPOT INC	RADIOSHACK CORP	

We do not use information from the peer group or other published sources to set targets or make individual compensation decisions. AutoZone does not engage in benchmarking, such as targeting base salary at peer group median for a given position. Rather we use such data as context in reviewing AutoZone’s overall compensation levels and approving recommended compensation actions. Broad survey data and peer group information are just two elements that we find useful in maintaining a reasonable and competitive compensation program. Other elements that we consider are individual performance, Company performance, individual tenure, position tenure, and succession planning.

What is AutoZone’s policy concerning the tax deductibility of compensation?

The Compensation Committee considers the provisions of Section 162(m) of the Internal Revenue Code (the Code) which allows the Company to take an income tax deduction for compensation up to \$1 million and for certain compensation exceeding \$1 million paid in any taxable year to a covered employee as that term is defined in the Code.

There is an exception for qualified performance-based compensation, and AutoZone's compensation program is designed to maximize the tax deductibility of compensation paid to executive officers, where possible. However, the Compensation Committee may authorize payments which are not deductible where it is in the best interests of AutoZone and its stockholders.

Table of Contents

Plans or payment types which qualify as performance-based compensation include the EICP and stock options. Neither base salaries, nor the Executive Stock Purchase Plan, qualify as performance-based under 162(m).

How is AutoZone complying with Section 409A of the Internal Revenue Code?

Section 409A of the Internal Revenue Code was created with the passage of the American Jobs Creation Act of 2004. These new tax regulations create strict rules related to non-qualified deferred compensation earned and vested on or after January 1, 2005. AutoZone has conducted a thorough assessment of all affected plans, and continues to take actions necessary to comply with the new requirements by the deadlines established by the Internal Revenue Service.

Discussion of Plan-Based Awards Table

Executive Incentive Compensation Plan. The EICP is intended to be a performance-based compensation plan under Section 162(m) of the Internal Revenue Code. The Company’s executive officers, as determined by the Compensation Committee of the Board of Directors, are eligible to participate in the EICP. At the beginning of each fiscal year, the Compensation Committee establishes a goal, which may be a range from a minimum to a maximum attainable bonus, based on one or more of the following measures:

Earnings	Return on invested capital
Earnings per share	Economic value added
Sales	Return on inventory
Market share	Gross profit margin
Operating or net cash flows	Sales per square foot
Pre-tax profits	Comparable store sales
Earnings before interest and taxes	

The EICP provides that the goal may be different for different executives. The goals can change annually to support our business objectives. After the end of each fiscal year, the Compensation Committee must certify the attainment of goals under the EICP and direct the amount to be paid to each participant in cash. See Compensation Discussion and Analysis on page 21 for more information about the EICP.

Executive Stock Purchase Plan. The Executive Stock Purchase Plan permits participants to acquire AutoZone common stock in excess of the purchase limits contained in AutoZone’s Employee Stock Purchase Plan. Because the Executive Stock Purchase Plan is not required to comply with the requirements of Section 423 of the Internal Revenue Code, it has a higher limit on the percentage of a participant’s compensation that may be used to purchase shares (25%) and places no dollar limit on the amount of a participant’s compensation that may be used to purchase shares under the plan. For more information about the Executive Stock Purchase Plan, see Compensation Discussion and Analysis on page 21.

Stock Option Plan. Stock options are awarded to many levels of management, including executive officers, to align the long-term interests of AutoZone’s management and our stockholders. During the 2009 fiscal year, 526 AutoZone employees received stock options. The stock options shown in the table were granted pursuant to the AutoZone, Inc. 2006 Stock Option Plan (2006 Stock Option Plan).

Both incentive stock options and non-qualified stock options, or a combination of both, can be granted under the 2006 Stock Option Plan. Incentive stock options have a maximum term of ten years, and non-qualified stock options have a maximum term of ten years and one day. Options granted during the 2009 fiscal year vest in one-fourth increments over a four-year period. All options granted under the 2006 Stock Option Plan have an exercise price equal to the fair market value of AutoZone common stock on the date of grant, which is defined in the 2006 Stock Option Plan as the closing price on the trading day previous to the grant date. Option repricing is expressly prohibited by the terms of the 2006 Stock Option Plan.

Each grant of stock options is governed by the terms of a Stock Option Agreement entered into between the Company and the executive officer at the time of the grant. The Stock Option Agreements provide vesting schedules and other terms of the grants in accordance with the 2006 Stock Option Plan.

- (1) As the plan benefits were frozen as of December 31, 2002, there is no service cost and increases in future compensation levels no longer impact the calculations. The benefit of each participant is accrued based on a funding formula computed by our independent actuaries, Mercer. See Note K, Pension and Savings Plans, to our consolidated financial statements in our 2009 Annual Report for a discussion of our assumptions used in determining the present value of the accumulated pension benefits.

Prior to January 1, 2003, substantially all full-time AutoZone employees were covered by a defined benefit pension plan, the AutoZone, Inc. Associates Pension Plan (the Pension Plan). The Pension Plan is a traditional defined benefit pension plan which covered full-time AutoZone employees who were at least 21 years old and had completed one year of service with the Company. The benefits under the Pension Plan were based on years of service and the employee's highest consecutive five-year average compensation. Compensation included total annual earnings shown on Form W-2 plus any amounts directed on a tax-deferred basis into Company-sponsored benefit plans, but did not include reimbursements or other expense allowances, cash or non-cash fringe benefits, moving expenses, non-cash compensation (regardless of whether it resulted in imputed income), long-term cash incentive payments, payments under any insurance plan, payments under any weekly-paid indemnity plan, payments under any long term disability plan, nonqualified deferred compensation, or welfare benefits.

AutoZone also maintained a supplemental defined benefit pension plan for certain highly compensated employees to supplement the benefits under the Pension Plan as part of our Executive Deferred Compensation Plan (the Supplemental Pension Plan). The purpose of the Supplemental Pension Plan was to provide any benefit that could not be provided under the qualified plan due to IRS limitations on the amount of salary that could be recognized in the qualified plan. The benefit under the Supplemental Pension Plan is the difference between (a) the amount of benefit determined under the Pension Plan formula but using the participant's total compensation without regard to any IRS limitations on salary that can be recognized under the qualified plan, less (b) the amount of benefit determined under the Pension Plan formula reflecting the IRS limitations on compensation that can be reflected under a qualified plan.

In December 2002, both the Pension Plan and the Supplemental Pension Plan were frozen. Accordingly, all benefits to all participants in the Pension Plan were fixed and could not increase, and no new participants could join the plans.

Annual benefits to the Named Executive Officers are payable upon retirement at age 65. Sixty monthly payments are guaranteed after retirement. The benefits will not be reduced by Social Security or other amounts received by a participant. The basic monthly retirement benefit is calculated as 1% of average monthly compensation multiplied by a participant's years of credited service. Benefits under the Pension Plan may be taken in one of several different annuity forms. The actual amount a participant would receive depends upon the payment method chosen.

A participant in the Pension Plan is eligible for early retirement under the plan if he or she is at least 55 years old AND was either (a) a participant in the original plan as of June 19, 1976; or (b) has completed at least ten (10) years of service for vesting (i.e. years in which the participant worked at least 1,000 hours after becoming a Pension Plan participant). The early retirement date will be the first of any month after the participant meets these requirements and chooses to retire. Benefits may begin immediately, or the participant may elect to begin receiving them on the first of any month between the date he or she actually retires and the normal retirement date. If a participant elects to begin receiving an early retirement benefit before the normal retirement date, the amount of the accrued benefit will be reduced according to the number of years by which the start of benefits precedes the normal retirement date. Mr. Goldsmith is eligible for early retirement under the Pension Plan.

Messrs. Rhodes, Goldsmith, and Olsen are participants in the Pension Plan and the Supplemental Pension Plan. No named officers received payment of a retirement benefit in fiscal 2009.

- (1) Represents contributions by the Named Executive Officers under the AutoZone, Inc. Executive Deferred Compensation Plan (the "EDCP"). Such contributions are included under the appropriate Salary and Non-Equity Incentive Plan Compensation columns for the Named Executive Officers in the Summary Compensation Table.
- (2) Represents matching contributions by the Company under the EDCP. Such contributions are included under the All Other Compensation column for the Named Executive Officers in the Summary Compensation Table.
- (3) Represents the difference between the aggregate balance at end of fiscal 2009 and the end of fiscal 2008, excluding (i) contributions made by the executive officer and the Company during fiscal 2009 and (ii) any withdrawals or distributions during fiscal 2009. None of the earnings in this column were included in the Summary Compensation Table because they were not preferential or above market.

Officers of the Company with the title of vice president or higher based in the United States are eligible to participate in the EDCP after their first year of employment with the Company. As of August 29, 2009, there were 43 such officers of the Company. The EDCP is a nonqualified plan that allows officers who participate in AutoZone's 401(k) plan to make a pretax deferral of base salary and bonus compensation. Officers may defer up to 25% of base salary and bonus, minus deferrals under the 401(k) plan. The Company matches 100% of the first 3% of deferred compensation and 50% of the next 2% deferred. Participants may select among various mutual funds in which to invest their deferral accounts. Participants may elect to receive distribution of their deferral accounts at retirement or

starting in a specific future year of choice before or after anticipated retirement (but not later than the year in which the participant reaches age 75). If a participant's employment with AutoZone terminates other than by retirement or death, the account balance will be paid in a lump sum payment six months after termination of employment. There are provisions in the EDCP for withdrawal of all or part of the deferral account balance in the event of an extreme and unforeseen financial hardship.

Table of Contents

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Our executive officers may receive certain benefits if their employment terminates under specified circumstances. These benefits derive from Company policies, plans, agreements and arrangements described below.

Agreement with Mr. Rhodes

In February 2008, Mr. Rhodes and AutoZone entered into an agreement (the Agreement) setting forth the severance arrangements previously approved by the Board of Directors in connection with Mr. Rhodes's appointment as President and Chief Executive Officer and by the Compensation Committee in September 2007. The Agreement provides that if Mr. Rhodes' employment is terminated by the Company without cause, he will receive severance benefits consisting of an amount equal to 2.99 times his then-current base salary, a lump sum prorated share of any unpaid annual bonus incentive for periods during which he was employed, and AutoZone will pay the cost of COBRA premiums to continue his medical, dental and vision insurance benefits for up to 18 months to the extent such premiums exceed the amount Mr. Rhodes had been paying for such coverage during his employment. The Agreement further provides that Mr. Rhodes will not compete with AutoZone or solicit its employees for a three-year period after his employment with AutoZone terminates.

Executive Officer Agreements (Messrs. Giles and Shea)

In February 2008, AutoZone's executive officers who do not have written employment agreements, including Messrs. Giles and Shea, entered into agreements (Severance and Non-Compete Agreements) with the Company providing that if their employment is involuntarily terminated without cause, and if they sign an agreement waiving certain legal rights, they will receive severance benefits in the form of salary continuation for a period of time ranging from 12 months to 24 months, depending on their length of service at the time of termination. Mr. Giles presently has three years of service, and Mr. Shea has five.

Years of Service	Severance Period
0 - 1	12 months
2 - 5	18 months
Over 5	24 months

The executives will also receive a lump sum prorated share of their annual bonus incentive when such incentives are paid to similarly-situated executives. Medical, dental and vision insurance benefits generally continue through the severance period up to a maximum of 18 months, with the Company paying the cost of COBRA premiums to the extent such premiums exceed the amount the executive had been paying for such coverage. An appropriate level of outplacement services may be provided based on individual circumstances.

The Severance and Non-Compete Agreement further provides that the executive will not compete with AutoZone or solicit its employees for a two-year period after his or her employment with AutoZone terminates.

Employment Agreements (Messrs. Goldsmith and Olsen)

Mr. Goldsmith's and Mr. Olsen's employment agreements (each, an Employment Agreement) were amended and restated on December 29, 2008, to bring them into compliance with Section 409A of the Internal Revenue Code. The

Employment Agreements, originally dated 1999 and 2000, respectively, continue until terminated either by the executive or by AutoZone. Mr. Olsen's Employment Agreement was further amended on September 29, 2009, to be effective November 1, 2009, as discussed below (the Amendment).

If an Employment Agreement is terminated by AutoZone for cause, or by the executive for any reason, the executive will cease to be an employee, and will cease to receive salary, bonus, and other benefits. Cause is defined as the willful engagement by the executive in conduct which is demonstrably or materially injurious to AutoZone, monetarily or otherwise. No act or failure to act by the executive will be considered willful unless done, or omitted to be done, by the executive not in good faith and without reasonable belief that his action or omission was in the best interest of AutoZone.

Table of Contents

If an Employment Agreement is terminated by AutoZone without cause, and the executive experiences a separation from service (within the meaning of Section 409A and related regulations), Mr. Goldsmith will receive certain benefits for three years after the termination date, and if such separation from service occurs prior to November 1, 2009, Mr. Olsen will receive certain benefits for two years after the termination date (each, a Continuation Period). Effective November 1, 2009, Mr. Olsen's Continuation Period will change to one year, pursuant to the Amendment. Each executive will receive his then-current base salary during his Continuation Period, and will receive a prorated bonus for the fiscal year in which he was terminated, but no bonuses thereafter. Each executive's stock options that would have vested during his Continuation Period will immediately vest on his termination date, and all vested stock options may be exercised in accordance with the respective stock option agreements until 30 days after the end of his Continuation Period or the expiration of the stock option, whichever comes first. Medical, dental and vision benefit coverage for the executive and/or his dependents under an AutoZone group health plan will continue for a period of time equal to the sum of the executive's maximum COBRA coverage period plus his Continuation Period. Each executive will also receive a lump sum payment equal to a multiple of the total aggregate annual COBRA premium costs for group medical, dental and vision benefit coverage for himself and his dependents as in effect immediately prior to his termination. This multiple for Mr. Goldsmith is 3X and for Mr. Olsen is 2X until November 1, 2009, at which time it will change to 1X pursuant to the Amendment.

Each executive agrees to release AutoZone from any and all obligations other than those set forth in his Employment Agreement. If either executive is terminated from his position by AutoZone, or by the executive for reasons other than a change in control, then the executive will be prohibited from competing against AutoZone or hiring AutoZone employees for a period of time equal to his Continuation Period. Change in control in each agreement means either the acquisition of a majority of our voting securities by or the sale of substantially all of our assets to a non-affiliate of the company.

The Amendment provides that on November 1, 2009, Mr. Olsen, currently Executive Vice President, Operations, Commercial, Mexico, and ALLDATA, will become Corporate Development Officer, with responsibility for Mexico, ALLDATA, and other strategic initiatives. Mr. Olsen will continue to report to AutoZone's Chairman, President, and Chief Executive Officer, and will devote approximately 32 hours a week to AutoZone's business. The Continuation Period under his Employment Agreement will change from two years to one year, as described above.

Equity Plans

All outstanding, unvested options granted pursuant to the Stock Option Plans, including those held by the Named Executive Officers, will vest immediately upon the option holder's death pursuant to the terms of the stock option agreements.

Unvested share options under our Executive Stock Purchase Plan, which normally are subject to forfeiture if a participant's employment terminates prior to the first anniversary of their acquisition, will vest immediately if the termination is by reason of the participant's death, disability, termination by the Company without cause, or retirement on or after the participant's normal retirement date. The plan defines disability, cause, and normal retirement date.

Life Insurance

AutoZone provides all salaried employees in active full-time employment in the United States a company-paid life insurance benefit in the amount of two times annual earnings. Annual earnings exclude stock options but include salary and bonuses received. Additionally, salaried employees are eligible to purchase additional life insurance subject to insurability above certain amounts. The maximum benefit of the company-paid and the additional coverage combined is \$5,000,000. All of the Named Executive Officers are eligible for this benefit.

Table of Contents**Disability Insurance**

All full-time officers at the level of vice president and above are eligible to participate in two executive long-term disability plans. Accordingly, AutoZone purchases individual disability policies for its executive officers that pay 70% of the first \$7,143 of insurable monthly earnings in the event of disability. Additionally, the executive officers are eligible to receive an executive long-term disability plan benefit in the amount of 70% of the next \$35,714 of insurable monthly earnings to a maximum benefit of \$25,000 per month. AutoZone purchases insurance to cover this plan benefit. These two benefits combined provide a maximum benefit of \$30,000 per month. The benefit payment for these plans may be reduced by deductible sources of income and disability earnings. Mr. Goldsmith is only covered under the group long-term disability program, under which he is eligible to receive 70% of monthly earnings to a maximum benefit of \$30,000 per month.

The following table shows the amounts that the Named Executive Officers would have received if their employment had been involuntarily terminated on August 29, 2009. This table does not include amounts related to the Named Executive Officers' vested benefits under our deferred compensation and pension plans or pursuant to stock option awards, all of which are described in the tables above.

Section 16(a) Beneficial Ownership Reporting Compliance

Securities laws require our executive officers, directors, and beneficial owners of more than ten percent of our common stock to file insider trading reports (Forms 3, 4, and 5) with the Securities and Exchange Commission and the New York Stock Exchange relating to the number of shares of common stock that they own, and any changes in their ownership. To our knowledge, all persons related to AutoZone that are required to file these insider trading reports have filed them in a timely manner, except that Mark A. Finestone failed to timely file a Form 4 with respect to a series of transactions in connection with the exercise and sale of two (2) option grants on December 11, 2008. Such transactions were reported on a Form 4 filed on January 21, 2009. Copies of the insider trading reports can be found on the AutoZone corporate website at www.autozoneinc.com.

EXHIBIT A

AUTOZONE, INC.

2010 EXECUTIVE INCENTIVE COMPENSATION PLAN

1. Purpose

The AutoZone, Inc. 2010 Executive Incentive Compensation Plan (Plan) is designed to provide incentives to eligible employees of AutoZone, Inc. (the Company) and its affiliates who have significant responsibility for the success and growth of the Company and assist the Company in attracting, motivating, and retaining key employees on a competitive basis. The Plan is designed to ensure that the incentive awards payable pursuant to this Plan to eligible employees of the Company and its affiliates constitute qualified performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). This Plan is subject to approval by the Company s stockholders pursuant to 26 C.F.R. § 1.162-27(e)(4)(vi) at the annual meeting to be held on December 16, 2009, and shall be effective for the entire 2010 fiscal year; provided, however, that if the stockholders do not approve the Plan at such meeting, the Plan shall not become effective.

2. Administration of the Plan

The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (Committee). The Committee shall be appointed by the Board of Directors of the Company and shall consist solely of two or more outside directors of the Company within the meaning of 26 C.F.R. § 1.162-27(e)(3). The Committee shall have the sole discretion and authority to administer and interpret the Plan, including, without limitation, the authority to prescribe, amend and rescind rules, regulations and procedures relating to its administration and to make all other determinations necessary or advisable for administration of the Plan, in accordance with Code Section 162(m). The Committee shall establish the basis for payments under the Plan in relation to the Performance Goals (as defined below) within the first 90 days of the performance period established by the Committee (the Performance Period), but in no event after 25 percent of the Performance Period has lapsed. Following the end of the Performance Period, once all of the information necessary for the Committee to determine the Company s performance is made available to the Committee, the Committee shall determine the amount of any incentive award payable to each participant under the Plan; provided, however, that any such determination shall be made no later than 21/2 months following the end of the Performance Period. The Committee s interpretations of the Plan, and all actions taken and determinations made by the Committee pursuant to the powers vested in it hereunder, shall be conclusive and binding on all parties concerned, including the Company, its stockholders and any person receiving an incentive award under the Plan.

3. Eligibility

The individuals entitled to participate in the Plan for any Performance Period shall be each of those key employees of the Company or its affiliates as designated in writing by the Committee, in its sole discretion, who is or may become a covered employee within the meaning of Code Section 162(m) and whose compensation for the fiscal year in which such employee is so designated or a future fiscal year may be subject to the limit on deductible compensation imposed by Code Section 162(m). No participant or other employee shall, at any time, have a right to participate in the Plan for any Performance Period, notwithstanding having previously participated in the Plan.

4. Incentive Awards

The Committee shall approve the performance goals with respect to any business criteria permitted under the Plan (collectively, the Performance Goals), each subject to adjustments as the Committee may specify in writing at such time, and shall establish a formula, standard or schedule which aligns the level of achievement of the Performance Goals with the earned incentive award for each participant. The Performance Goals must be achieved in order for an incentive award to be earned by a participant under the Plan. The Committee shall

approve the Performance Goals within the first 90 days of the Performance Period, but in no event after 25 percent of the Performance Period has elapsed, and the Performance Goals may not be changed during the Performance Period, but the thresholds, targets and/or multiplier measures of the Performance Goals shall be subject to such adjustments as the Committee may specify in writing within the first 90 days of the Performance Period, but in no event after 25 percent of the Performance Period has elapsed.

The Performance Goals shall be based on the Company, a subsidiary or division, attaining any one or more of the following:

- (a) earnings;
- (b) earnings per share;
- (c) sales;
- (d) market share;
- (e) operating or net cash flows;
- (f) pre-tax profits;
- (g) earnings before interest and taxes (EBIT);
- (h) return on invested capital;
- (i) economic value added;
- (j) return on inventory;
- (k) EBIT margin;
- (l) gross profit margin;
- (m) sales per square foot; or
- (n) comparable store sales.

Different measures of goal attainment may be set for different participants, and the Performance Goal may be a single goal or a range with a minimum goal up to a maximum goal, with corresponding increases in the incentive award up to the maximum award, each as determined by the Committee, in its sole discretion, and subject to the requirements of the Plan.

The Committee may, in its sole discretion, approve one or more of the following adjustments to the Performance Goals, provided, that such adjustments are approved by the Committee within the time prescribed by, and otherwise in compliance with, Code Section 162(m): the effect of one-time charges and extraordinary events such as asset write-downs, litigation judgments or settlements, changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization or restructuring, and any other extraordinary non-recurring items, acquisitions or divestitures and any foreign exchange gains or losses.

Payment of an earned incentive award will be made in cash. Upon completion of each fiscal year, the Committee shall review performance versus the established goal, and shall certify (either by written consent or as evidenced by the minutes of a meeting) the specified Performance Goals achieved for the Performance Period (if any) no later than 21/2 months following the end of the Performance Period, and direct which award payments are payable under the Plan, if any. No payment will be made if the minimum Performance Goals are not met. The Committee may, in its discretion, reduce or eliminate an individual's award that would have been otherwise paid; provided, however, that in no event shall the Committee increase the amount of compensation that would otherwise be due upon attainment of any Performance Goal with respect to any individual who is a covered employee within the meaning of Code Section 162(m). Notwithstanding the foregoing, no individual may receive in any one fiscal year an award under the Plan of an amount greater than \$4 million.

5. Miscellaneous Provisions

(a) The Company shall have the right to deduct all federal, state, or local taxes required by law or Company policy to be withheld from any incentive award paid under the Plan.

(b) Nothing contained in this Plan grants to any person any claim or right to any payments under the Plan. Such payments shall be made at the sole discretion of the Committee.

(c) Nothing contained in this Plan or any action taken by the Committee pursuant to this Plan shall be construed as giving an individual any right to be retained in the employ of the Company.

(d) The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any award under the Plan.

(e) The Plan may be amended, subject to the limits of Code Section 162(m), or terminated by the Committee at any time. However, no amendment to the Plan shall be effective without prior approval of the Company's stockholders which would (i) increase the maximum amount that may be paid under the Plan to any person, (ii) modify the business criteria on which the Performance Goals are to be based under the Plan, or (iii) modify the requirements as to eligibility for participation in the Plan.

(f) This Plan shall terminate on the fifth anniversary after the date of approval by the Company's stockholders.
