On October 26, 2009, Jefferies Group, Inc. (the Company) and The Bank of New York Mellon, as trustee (the Trustee) entered into the First Supplemental Indenture to the Indenture (Convertible Securities) dated October 26, 2009 between the Company and the Trustee (the First Supplemental Indenture) which establishes the terms of the Company's 3.875% Convertible Senior Debentures due 2029 in the aggregate principal amount of \$345,000,000 (the Debentures).

The Debentures are the senior and unsecured obligations of the Company and rank equally with all of the Company's existing and future indebtedness. The Company will pay interest on the Debentures in cash semi-annually in arrears on May 1 and November 1 of each year, beginning May 1, 2010. In addition to ordinary interest on the Debentures, beginning with the semi-annual interest period commencing on November 1, 2017, contingent interest will accrue during any semi-annual interest period in which the average trading price of a Debenture for the five trading days ending on the third trading day immediately preceding the first day of the relevant semi-annual period is equal to or greater than \$1,200 per \$1,000 principal amount of the Debentures. The Debentures will mature on November 1, 2029, unless earlier redeemed, repurchased or converted.

Holders of the Debentures may convert the Debentures at their option at any time beginning on August 1, 2029, and ending at the close of business on the second business day immediately preceding November 1, 2029. In addition, holders may also convert the Debentures at their option under the following circumstances: (i) during any fiscal quarter if the last reported sale price of the Company's common stock for at least 20 trading days in the period of 30 consecutive trading days ending on the last trading day of the immediately preceding fiscal quarter is greater than or equal to 130% of the conversion price; (ii) during any five business-day period after any ten consecutive trading-day period in which the trading price per Debenture was less than 95% of the product of the last reported sale price of the Company's common stock and the conversion rate on such day; (iii) if the Debentures have been called for redemption; or (iv) upon the occurrence of specified corporate transactions.

Upon conversion, holders will receive, at the Company's election, cash, shares of the Company's common stock or a combination thereof. The initial conversion rate is 25.5076 shares of the Company's common stock per \$1,000 principal amount of Debentures (equivalent to a conversion price of approximately \$39.20 per share of the Company's common stock).

The Company may not redeem the Debentures prior to November 1, 2012. The Company may redeem for cash at par some or all of the Debentures at any time, and from time to time, on or after November 1, 2012 and prior to November 1, 2017 if the last reported sale price of the Company's common stock for at least 20 trading days in the period of 30 consecutive trading days ending on the last trading day prior to the date the Company provides the notice of redemption is greater than or equal to 130% of the conversion price in effect on each such trading day. On or after November 1, 2017, the Company may redeem for cash at par some or all of the Debentures at its election.

Holders may require the Company to repurchase in cash all or a portion of their Debentures on November 1, 2017, 2019 and 2024 at 100% of the principal amount of the Debentures, plus accrued and unpaid interest.

The foregoing description of the First Supplemental Indenture and the Debentures does not purport to be complete and is qualified in its entirety by reference to the text of the First Supplemental Indenture, a copy of which is filed as Exhibit 4.1 hereto and is incorporated by reference herein.
