PROXY STATEMENT
FOR THE
ANNUAL MEETING OF STOCKHOLDERS
GENERAL INFORMATION**

About this Proxy Statement

We sent you these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting of Stockholders of Waste Connections, Inc., or the company. This proxy statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission, or the SEC, and that is designed to assist you in voting your shares.

We will bear the costs of soliciting proxies from our stockholders. In addition to soliciting proxies by mail, our directors, officers and employees, without receiving additional compensation, may solicit proxies by telephone or in person.

We will arrange for banks and brokers to forward these proxy materials to the beneficial owners of our common stock for whom they hold shares of record, and we will reimburse them for reasonable out-of-pocket expenses incurred in forwarding these materials.

We began mailing these proxy materials to our stockholders on or about March 25, 2010.

Who May Vote

Every holder of Waste Connections common stock, as recorded in our stock register at the close of business on March 9, 2010, may vote at the annual meeting. As of March 9, 2010, 77,608,813 shares of our common stock were outstanding and entitled to vote. Each stockholder of record is entitled to one vote for each share of our common stock held by the stockholder. In addition, on March 9, 2010, we had 5,882,354 shares of common stock reserved for issuance upon the conversion of our outstanding 3.75% Convertible Senior Notes due 2026, none of which is entitled to vote at the annual meeting.

Voting and Revocation

You may receive more than one proxy card depending on how you hold your shares. You should complete and return each proxy card or other voting instruction request provided to you.

Registered Holders

If you are a registered holder of our common stock as of the record date, you will be able to vote your proxy by mail by signing, dating and mailing the enclosed proxy card in the postage-paid envelope provided. You may also attend the annual meeting and vote in person.

Even if you vote your proxy by mailing the enclosed proxy card, you may revoke your proxy and cast a new vote at the annual meeting, if we are able to verify that you are a registered holder of our common stock, by filing a notice revoking the prior proxy and then voting in person. You may also change your vote before the annual meeting by properly submitting another proxy bearing a later date or by delivering a letter revoking the proxy to our Corporate Secretary at: Waste Connections, Inc., 2295 Iron Point Road, Suite 200, Folsom, California 95630. The proxy with the latest date properly submitted by you before voting is closed at the annual meeting will be counted.

Shares Held in Street Name

If you have selected a broker, bank or other intermediary to hold your shares rather than having them directly registered in your name with our transfer agent, Wells Fargo Bank, N.A., you will receive instructions from your broker, bank or other intermediary on the procedure to follow to vote your shares. Your broker, bank or other intermediary also may permit you to vote your proxy by telephone or the Internet. **Please be aware that beneficial owners of shares held by brokers, banks or other intermediaries may not vote their shares in person at the annual meeting unless they first obtain a written authorization to do so from their broker, bank or other intermediary and can only change or revoke previously issued voting instructions pursuant to instructions provided by their broker, bank or other intermediary. We urge you to vote by following the instructions of your broker, bank or other intermediary.**

Table of Contents

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means that you authorize us to vote your shares at the meeting in the manner you direct.

If you sign your proxy card but do not give voting instructions, we will vote your shares as follows:

- in favor of our director candidates;

- in favor of the proposal to approve our Third Amended and Restated 2004 Equity Incentive Plan, which would result in an increase in the number of shares of our common stock available for issuance pursuant to awards granted thereunder by 1,000,000 shares, from 3,775,000 shares to 4,775,000 shares; and

- in favor of the ratification of the appointment of the independent registered public accounting firm.

For any other matters that may properly come before the meeting, your shares will be voted at the discretion of the proxy holders. You may vote for or against each of our director candidates, or you may abstain from voting. You may also vote for or against the other proposals, or you may abstain from voting.

Quorum

In order to carry on the business of the annual meeting, we must have a quorum. This means that at least a majority of the outstanding shares entitled to vote as of the close of business on the record date must be present at the meeting, either by proxy or in person.

Abstentions and broker non-votes are counted as present and entitled to vote at the meeting for purposes of determining whether we have a quorum. A broker non-vote occurs when a broker signs and returns a proxy but does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

Majority Voting

The affirmative vote of a majority of the votes cast by holders of the shares present, either in person or by proxy, and entitled to vote is required for the election of each director nominee.

A majority of the shares entitled to vote must cast a vote on the proposal to approve our Third Amended and Restated 2004 Equity Incentive Plan (whether in the form of a vote for, a vote against or an abstention), and a majority of the votes so cast must be in favor of such proposal.

The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of the shares present, either by proxy or in person, and entitled to vote.

Abstentions have the same effect as a vote against a matter because they are considered present and entitled to vote, but are not voted. Broker non-votes will not be counted for any purpose in determining the outcome of the election of directors or whether the appointment of the independent registered public accounting firm has been ratified. The approval of our Third Amended and Restated 2004 Equity Incentive Plan must comply with the requirements of both the Delaware General Corporation Law and the New York Stock Exchange rules for listed companies. The Delaware statute requires the favorable vote of a majority of the shares present, either by proxy or in person, and entitled to vote. For such purpose, broker non-votes will not be treated as entitled to vote on such proposals and will not be taken into account in determining whether the required approval of the proposals has been obtained under Delaware law.

However, under the New York Stock Exchange requirements for listed companies, a majority of the outstanding voting shares must cast a vote on the proposal (whether in the form of a vote for, a vote against or an abstention), and a majority of the votes so cast must be in favor of such proposal. Accordingly, broker non-votes may prevent the approval of the proposal because they are not treated as votes cast for purposes of the New York Stock Exchange requirement.

Table of Contents

Attending in Person

Only stockholders, their proxy holders and our invited guests may attend the meeting. If you plan to attend, please bring identification and, if you hold shares in street name, you should bring your bank or broker statement showing your beneficial ownership of our stock in order to be admitted to the meeting.

Counting the Vote

We will use an automated system administered by our transfer agent to tabulate the votes at the annual meeting. Under certain circumstances, a broker or other nominee may have discretionary authority to vote certain shares of common stock if the broker or nominee has not received instructions from the beneficial owner or other person entitled to vote.

Forward-Looking Statements

This Proxy Statement contains forward-looking statements (as defined in the Private Securities Litigation Reform Act of 1995). These statements are based on our current expectations and involve risks and uncertainties, which may cause results to differ materially from those set forth in the statements. The forward-looking statements may include statements regarding actions to be taken by us. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise. Forward-looking statements should be evaluated together with the many uncertainties that affect our business, particularly those mentioned in the risk factors in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2009, and in our periodic reports on Form 10-Q and Form 8-K filed with the SEC.

CORPORATE GOVERNANCE AND BOARD MATTERS

Corporate Governance Guidelines and Code of Conduct and Ethics

We have adopted Corporate Governance Guidelines to promote the effective functioning of our Board of Directors and its Committees, to promote the interests of stockholders and to ensure a common set of expectations concerning how the Board of Directors, its Committees and management should perform their respective functions. We have also adopted a Code of Conduct and Ethics that applies to all of our directors, officers and employees. Copies of our Corporate Governance Guidelines and our Code of Conduct and Ethics are available on our website at www.wasteconnections.com. A copy of either may also be obtained, free of charge, by writing to the Secretary of Waste Connections, Inc., 2295 Iron Point Road, Suite 200, Folsom, California 95630.

Board of Directors and Committees

Our Board of Directors held six meetings during 2009, four of which were regularly scheduled, two of which were special meetings, and two of which were held telephonically. The Board of Directors has five standing committees: the Executive Committee, the Audit Committee, the Compensation Committee, the Special Equity Award Committee and the Nominating and Corporate Governance Committee. Each director attended at least 75% of the meetings of the Board of Directors and the committees on which he served in 2009, except for Mr. Harlan who attended 66.6% of the meetings of the Executive Committee. Our policy on director attendance at Annual Meetings of Stockholders is that directors are invited but not required to attend. One director, Mr. Mittelstaedt, the Chairman of the Board, attended the Annual Meeting of Stockholders in 2009.

The Executive Committee, whose chairman is Mr. Mittelstaedt and whose other current members are Messrs. Harlan and Razzouk, met three times in 2009. The Executive Committee is authorized to exercise all of the powers and authority of the Board of Directors in managing our business and affairs, other than to authorize matters required by Delaware law to be approved by the stockholders, and other than adopting, amending or repealing any of our Bylaws. Between meetings of the Board of Directors, the Executive Committee approves all acquisitions by us for stock and all acquisitions by us for cash or other consideration of \$5.0 million or more.

The Board of Directors has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The Audit Committee, whose chairman is Mr. Harlan and whose other current members are Messrs. Razzouk and Davis, met four times in 2009. The Board of Directors has determined that all of the members of the Audit Committee are financially literate within the meaning of Section 303A.07 of the New York Stock Exchange Listed Company Manual. The Board of Directors has also determined that Mr. Harlan is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K. The committee's duties are discussed below under Audit Committee Report. A current copy of the Audit Committee Charter, which our Board of Directors has adopted, is available on our website at www.wasteconnections.com. A copy of the Audit Committee Charter may also be obtained, free of charge, by writing to the Secretary of Waste Connections, Inc., 2295 Iron Point Road, Suite 200, Folsom, California 95630.

The Compensation Committee, whose chairman is Mr. Razzouk and whose other current members are Messrs. Harlan and Guillet, met twelve times in 2009. This committee is responsible for establishing our executive officer compensation policies and administering such policies. The Compensation Committee studies, recommends and implements the amount, terms and conditions of payment of any and all forms of compensation for our directors and executive officers; approves and administers any guarantee of any obligation of, or other financial assistance to, any officer or other employee; and approves the grant of options, warrants, restricted stock and other forms of equity incentives to officers, directors, employees, agents and consultants. See Executive Compensation Compensation Discussion and Analysis for more information regarding compensation and the Compensation Committee. A current copy of the Compensation Committee Charter is available on our website at www.wasteconnections.com. A copy of the Compensation Committee Charter may also be obtained, free of charge, by writing to the Secretary of Waste Connections, Inc., 2295 Iron Point Road, Suite 200, Folsom, California 95630.

The Special Equity Award Committee, which the Board of Directors established on October 25, 2005, is empowered with separate but concurrent authority with the Compensation Committee to make awards to all eligible individuals typically new hires under the company's various equity incentive plans, subject to certain exceptions and limitations set by the Board of Directors. The Special Equity Award Committee may not, for example, grant annual awards to the

company's employees, officers, directors and consultants, which are typically authorized by the Compensation Committee annually in February; the committee may not grant awards to the company's executive officers or directors; and the committee may not grant more than 10,000 options and warrants or more than 5,000 restricted stock and restricted stock unit awards to an eligible individual in any given calendar year. Mr. Mittelstaedt is the chair and sole member of the Special Equity Award Committee.

Table of Contents

The Nominating and Corporate Governance Committee, whose chairman is Mr. Davis and whose other current members are Messrs. Guillet and Razzouk, met three times in 2009. This committee is responsible for recommending director nominees to the Board of Directors and developing and implementing corporate governance principles. A copy of the Nominating and Corporate Governance Committee Charter is available on our website at www.wasteconnections.com. The Board's Role in Oversight of Risk

The Board of Directors has an active role in overseeing management of the company's risks. The Board regularly reviews information from members of senior management regarding the company's financial performance, balance sheet, credit profile and liquidity, as well as the risks associated with each. The Board also receives reports from members of senior and regional management on areas of material risk to the company, including market-specific, operational, legal, regulatory and strategic risks. The Compensation Committee of the Board of Directors assesses and monitors risks relating to the company's executive officer compensation policies and practices. The Audit Committee of the Board of Directors oversees management of financial, financial reporting and internal controls risks. The Nominating and Corporate Governance Committee of the Board of Directors is responsible for overseeing the management of risks associated with the independence of the Board of Directors and potential conflicts of interest.

Director Independence

The Board of Directors has determined that each of Messrs. Harlan, Razzouk, Davis and Guillet is independent within the meaning of the standards set forth in our Corporate Governance Guidelines. Messrs. Davis, Harlan and Razzouk together make up the Board's Audit Committee. Messrs. Guillet, Harlan and Razzouk together make up the Board's Compensation Committee. Messrs. Davis, Guillet and Razzouk together make up the Board's Nominating and Corporate Governance Committee.

The positions of Chairman of the Board and Chief Executive Officer have been held by Mr. Mittelstaedt since January 1998. The directors believe that combining the positions of Chairman of the Board and Chief Executive Officer is appropriate. The Board feels that combining the positions encourages unified leadership for the company and allows management to execute the company's strategic and business plans in a clear and efficient manner. To ensure the strength and independence of the Board, the independent, non-management directors meet in an executive session, without management, at each of our four regularly scheduled Board of Directors meetings. Furthermore, the Board has designated the acting Chairman of the Audit Committee, currently Mr. Harlan, as the Board's lead independent director. In addition to his other duties as a director and member of committees, the lead independent director:

- presides at all meetings of the Board at which the Chairman is not present;
- has the authority to call meetings of non-management directors;
- presides over each meeting of non-management directors;
- helps facilitate communication between the Chairman/CEO and the non-management directors; and
- may request inclusion of additional agenda items for Board meetings.

As set forth in our Corporate Governance Guidelines, a majority of the members of our Board of Directors must be independent. For a director to be considered independent, the Board of Directors must determine that the director is independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual. In addition, for a director to be considered independent, the Board of Directors must determine that the director has no material relationship with the company, either directly or indirectly as a partner, stockholder or officer of an organization that has a relationship with the company. No director who is a former employee of the company, is a former employee or affiliate of any current auditor of the company or its subsidiaries, is a part of an interlocking directorate in which any executive officer of the company serves on the compensation committee of another company that concurrently employs such director or has an immediate family member in any of the foregoing categories, can be independent until three years after such employment, affiliation or relationship has ceased.

Table of Contents

The Board of Directors reviews all commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships of each director to assess whether any of them is a material relationship so as to impair that director's independence. A material relationship means a direct or indirect commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationship that is reasonably likely to affect the independent and objective judgment of the director in question, provided that the direct or indirect ownership of any amount of our stock is not deemed to constitute a material relationship. The following commercial or charitable relationships are not considered to be material relationships that would impair a director's independence: if a director of Waste Connections (a) is also an executive officer of another company that does business with Waste Connections and the annual sales to, or purchases from, Waste Connections are less than the greater of \$1 million or two percent of the annual revenue of that other company; (b) is an executive officer of another company that is indebted to Waste Connections, or to which Waste Connections is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of that other company; or (c) serves as an officer, director or trustee of a charitable organization, and Waste Connections' discretionary charitable contributions to that organization are less than one percent of that organization's total annual receipts. The Board of Directors reviews annually whether its members satisfy these categorical independence tests before any non-management member stands for reelection to the Board of Directors.

All relationships not covered by the preceding paragraph are reviewed by the directors who satisfy the independence tests set forth above to determine whether they are material so as to impair a director's independence. If the Board of Directors determines that any relationship is immaterial even though it does not meet the categorical tests for immateriality set forth above, we will explain in our next proxy statement the basis for the Board of Directors' determination.

In October 2008, Mr. Davis, after informing the Board of Directors, joined the external advisory board of the Global Waste Research Institute, or the GWRI. The GWRI, of which Mr. Davis is a conceptual founder, is being developed in conjunction with California Polytechnic State University, San Luis Obispo. The GWRI's mission is to advance state-of-the-art research and development of sustainable technologies and practices to more effectively manage existing and emerging wastes and byproducts. Also in October 2008, Waste Connections agreed to make gifts to the GWRI totaling up to \$1,000,000 over nine years (\$150,000 of which was paid in 2009), subject to certain conditions. Based on information provided to the Board of Directors by Mr. Davis, these gifts will initially constitute more than one percent of the total annual receipts of GWRI, which caused the relationship to fall outside the criteria of the independence tests set forth above and required the Board of Directors to review and decide whether to approve Mr. Davis' involvement with the GWRI. After a review of the relevant facts and the mission of the GWRI, the Board of Directors determined that Mr. Davis' participation in the GWRI as a member of its external advisory board coupled with Waste Connections' contributions to the GWRI would not be a material relationship that would impair Mr. Davis' independence as a director of Waste Connections.

Waste Connections does not make any personal loans or extend credit to any director or officer, other than those expressly permitted under applicable laws and regulations. All such arrangements must be administered by the Compensation Committee, and such arrangements not already maintained on July 30, 2002, must also be approved in advance by the Compensation Committee. As of December 31, 2009, Waste Connections did not have any loans outstanding to any of its directors or officers. No independent director or his immediate family member may provide personal services to Waste Connections for compensation, other than as permitted under New York Stock Exchange rules.

Independence of Committee Members

In addition to the general requirements for independent Board members described above, members of the Audit Committee must also satisfy the additional independence requirements of the New York Stock Exchange and Rule 10A-3 of the Exchange Act. These rules, among other things, prohibit a member of the Audit Committee, other than in his capacity as a member of the Audit Committee, the Board of Directors or any other committee of the Board of Directors, from receiving any compensatory fees from or being an affiliated person of Waste Connections or any of its subsidiaries. As a matter of policy, the Board of Directors also applies this additional requirement to members of the Compensation and Nominating and Corporate Governance Committees.

Our Director Nomination Process

Our Board of Directors believes that directors must have the highest personal and professional ethics, integrity and values. They must be committed to representing the long-term interests of our stockholders. They must have objective perspective, practical wisdom, mature judgment and expertise, and operational or financial skills and knowledge useful to the oversight of our business. While we do not have a formal policy regarding diversity in identifying nominees for a directorship, our goal is to have a Board of Directors that represents diverse experiences at policy-making levels in business and other areas relevant to our activities. Directors should be committed to serving on the Board for an extended period of time.

In addition to the foregoing qualities, the Nominating and Corporate Governance Committee will take a number of other factors into account in considering candidates as nominees for the Board of Directors, including the following: (i) whether the candidate is independent within the meaning of our Corporate Governance Guidelines; (ii) relevant business, academic or other experience; (iii) willingness and ability to attend and participate actively in Board and Committee meetings and otherwise to devote the time necessary to serve, taking into consideration the number of other boards on which the candidate serves and the candidate's other business and professional commitments; (iv) potential conflicts of interest; (v) whether the candidate is a party to any adverse legal proceeding; (vi) the candidate's reputation; (vii) specific expertise and qualifications relevant to any Committee that the candidate is being considered for, such as whether a candidate for the Audit Committee meets the applicable financial literacy or audit committee financial expert criteria; (viii) willingness and ability to meet our director's equity ownership guidelines; (ix) willingness to adhere to our Code of Conduct and Ethics; (x) ability to interact positively and constructively with other directors and management; (xi) willingness to participate in a one-day new director orientation session; (xii) willingness to attend educational forums or workshops to enhance understanding of new and evolving governance requirements; and (xiii) the size and composition of the current Board.

When seeking director candidates, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management, third party advisors, business and personal contacts, and stockholders. The Nominating and Corporate Governance Committee may also engage the services of a search firm. After conducting an initial evaluation, the Nominating and Corporate Governance Committee will make arrangements for candidates it considers suitable to be interviewed by one or more members of the committee. Each candidate will be required to complete a standard directors' and officers' questionnaire, completed by all of the directors annually. The Nominating and Corporate Governance Committee may also ask the candidate to meet with members of our management. If the Nominating and Corporate Governance Committee believes that the candidate would be a valuable addition to the Board of Directors, it will recommend the candidate for nomination to the Board.

The Nominating and Corporate Governance Committee will apply the criteria described above when considering candidates recommended by stockholders as nominees for the Board of Directors. In addition, any of our stockholders may nominate one or more persons for election as a director of the company at an Annual Meeting of Stockholders if the stockholder complies with the notice, information and consent provisions contained in our Third Amended and Restated Bylaws. Pursuant to our Bylaws, to be considered for inclusion in our proxy materials, notice of a stockholder's nomination of a person for election to the Board of Directors must be received by the Secretary of Waste Connections in writing at the address listed on the first page of this Proxy Statement not less than 90 days nor more than 120 days prior to the one-year anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be received not later than the 90th day prior to such annual meeting or, if later, the 10th day following the day on which public disclosure of the date of such annual meeting was first made. The notice must contain and be accompanied by certain information as specified in our Bylaws, including information about the stockholder providing the notice, the proposed nominee and other information as we may reasonably require. Stockholders making nominations must provide, among other things, information regarding each such stockholder's and their affiliates' holdings of synthetic equity, derivatives or short positions and other material interests and relationships that could influence nominations and other information that would be required in a proxy statement. Additionally, stockholders nominating director candidates are required to disclose the same information about the director candidate that would be required if the director candidate were submitting a proposal, and the director

candidates are required to complete a questionnaire and representation and agreement with respect to their background, any voting commitments or compensation arrangements and their commitment to abide by the company's governance guidelines. Such information must be updated and supplemented so as to be accurate as of the record date of the meeting and as of ten business days prior to the meeting. We recommend that any stockholder wishing to nominate a director at an annual meeting review a copy of our Bylaws.

Before nominating a sitting director for reelection at an Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee will consider the director's past performance and contribution to the Board of Directors.

How to Contact Directors

Stockholders and other interested parties may communicate with the Board of Directors generally, with the non-management directors as a group or with a specific director at any time by writing to the Board of Directors, the non-management directors or a specific director, care of the Secretary of Waste Connections, Inc., 2295 Iron Point Road, Suite 200, Folsom, California 95630. The Secretary will forward all communications to the Board of Directors, the non-management directors or a specific director, as applicable, as soon as practicable after receipt without screening the communication. Stockholders and other interested parties are requested to provide their contact information and to state the number of shares of our common stock that they beneficially own in their communications to the Board of Directors. Because other appropriate avenues of communication exist for matters that are not of stockholder interest, such as general business complaints or employee grievances, stockholders and other interested parties are urged to limit their communications to the Board of Directors to matters that are of stockholder interest and that are appropriate for consideration at the Board level.

Compensation Committee Interlocks and Insider Participation

In 2009, the Compensation Committee of our Board of Directors consisted of Messrs. Razzouk, Harlan and Guillet. None of our executive officers served as a director or member of the compensation committee of another entity which had an executive officer that served as a director or member of our Compensation Committee. In addition, there are no other such potential Compensation Committee interlocks.

(3) No option awards were made to any of our directors as compensation for their service as directors or for attending meetings of the Board of Directors or its committees in 2009. See the Principal Stockholders table on page 14 for details on the amount of our common stock beneficially owned by each of our directors as of March 9, 2010.

Each independent director receives a monthly cash retainer of \$2,125 plus a fee of \$4,500 for attending each Board meeting and each committee meeting (unless held in conjunction with a full Board meeting) in person. Each Board member is also eligible for reimbursement of reasonable expenses incurred. Committee chairs receive the following additional cash compensation, which amounts are added to their monthly retainers: Audit Committee Chair \$500, Compensation Committee Chair \$125, and Nominating and Corporate Governance Committee Chair \$125. The monthly cash retainer is intended to compensate independent directors for participation in meetings held by conference call and for incidental participation in company affairs between meetings.

Other than Mr. Guillet, who the Board of Directors elected on March 1, 2007, to fill a new directorship it created, we granted each independent director an option to purchase shares of our common stock at the time of his initial election or appointment. Historically, we have also granted each independent director an option to purchase between 16,875 and 45,000 shares of our common stock each year during which the director served on the Board of Directors. However, consistent with our intention of granting restricted stock units in lieu of stock options to our management team, we grant each independent director restricted stock unit awards with a targeted value of approximately \$150,000 for each year during which the director served on the Board of Directors. On February 11, 2009, we granted each independent director 5,698 restricted stock units under our Second Amended and Restated 2004 Equity Incentive Plan (as amended and restated) and no options. The restricted stock units vested in two successive, equal installments upon the February 11, 2009 grant date and the first anniversary of the grant date.

Directors' Equity Ownership

The Board of Directors has a policy that requires each non-management director of the company to own a number of shares of the company's common stock having a market value of at least \$200,000, as measured by current market value or purchase price, whichever is higher. Unless otherwise satisfied, current directors and new directors will achieve this requirement by retaining one half of all restricted stock unit grants as they vest, measured on an after-tax basis, until the value of their holdings reaches the required level.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Philosophy and Objectives

Throughout this proxy statement, the individuals who served as our Chief Executive Officer and our Chief Financial Officer during 2009, as well as our three other most highly compensated executive officers in 2009, are referred to as the NEOs.

The Compensation Committee's philosophy with respect to the compensation of the NEOs does not differ materially from the philosophy that applies to other executive officers. The Compensation Committee believes that compensation paid to NEOs should be closely aligned with our performance on both a short-term and long-term basis, linked to specific, measurable results intended to create value for stockholders and should assist us in attracting and retaining key executives critical to our long-term success.

In establishing compensation for NEOs, the Compensation Committee's objectives are to:

- Attract and retain individuals with superior leadership ability and managerial talent by providing competitive compensation and rewarding outstanding performance;
- Ensure that NEO compensation is aligned with our corporate strategies, business objectives and the long-term interests of our stockholders;
- Provide an incentive to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in these areas; and
- Provide a balanced approach to compensation policies and practices which does not promote excessive risk-taking.

Our overall compensation program is structured to attract and retain highly qualified executive officers by paying them competitively, consistent with our success. We believe that compensation should be structured to ensure that a significant portion is directly related to our stock's performance and other factors that directly and indirectly influence stockholder value. Accordingly, our approach to compensation is to provide a base salary, annual performance-based bonus compensation tied to goals that are intended to link NEO compensation to our annual operating and financial performance, and long-term equity grants intended to align NEO compensation with stockholder returns over a longer period and to aid in retention. The Compensation Committee allocates total compensation between cash and equity based on comparisons with other companies and the judgment of the Committee members. The balance between cash and equity compensation among NEOs and other members of the senior executive team is evaluated annually.

Approach to Compensation

The Compensation Committee has the primary authority for the consideration and determination of the compensation we pay to our executive officers and directors, including the amount of equity-based compensation. To aid the Compensation Committee in making its determination, the Chief Executive Officer meets with the Compensation Committee and provides recommendations annually to the Compensation Committee regarding the compensation of all executive officers, other than himself. The Compensation Committee also holds executive sessions not attended by any members of management or non-independent directors. The Compensation Committee is not bound to follow the Chief Executive Officer's recommendations. The Compensation Committee also has the authority to engage its own independent advisors to assist it in carrying out its duties.

In determining the level of base salary, performance-based bonus compensation and long-term equity-based compensation paid to the NEOs, the Compensation Committee considers: (i) the compensation structure and practices of a peer group of companies that it believes are the company's leading competitors in the solid waste industry; (ii) a comparator group of companies, most of which are non-solid waste companies, with comparable financial profiles; and (iii) its own judgment as to an appropriate level of compensation for a company of our size and financial performance. The Compensation Committee uses compensation consultants from time to time to compare our compensation targets against median market levels.

Table of Contents

For 2009, the Compensation Committee had available a tally sheet that included, for each officer (including the NEOs), current base salary, salary paid in 2008, bonus percentage, cash bonus paid in 2008, restricted stock units granted in 2008, dollar amount of 401(k) and Nonqualified Deferred Compensation Plan matches in 2008, payments and reimbursements for various expenses that could be considered perquisites, the value realized from the exercise of options and sale of the underlying stock in 2008, the value of vested and unvested unexercised options and unvested restricted stock units as of the end of the year, and the amount payable to each officer under various severance scenarios, including on a change in control. In determining the amount of compensation for the NEOs, the Compensation Committee does not take into account amounts realized from prior equity-based compensation grants because the Compensation Committee seeks to provide compensation that takes into account the cost of replacing the NEOs on a market competitive basis and what is equitable based on our performance. To some extent, appreciation reflected in the amounts realized from prior equity-based compensation grants confirms the Compensation Committee's success in aligning compensation with our stockholders' interests, thus validating our compensation philosophy.

We provide the Chief Executive Officer with greater compensation and benefits than that provided to the other NEOs to reflect his importance and value to us as well as the increased level of responsibility and risk faced by him as our Chairman and Chief Executive Officer. Mr. Mittelstaedt's compensation also differs as a direct result of the Compensation Committee's review of the comparator group compensation data, and reflects the competitive nature of compensation paid to chief executive officers of companies within the comparator group. The Compensation Committee believes that Mr. Mittelstaedt's competitive compensation package is important to reward, motivate and retain him as a highly valued chief executive whose leadership and strategic vision have helped create value for stockholders since our inception.

Review of our Executive Compensation Program; Compensation Market Analysis

In 2004, the Compensation Committee reviewed our compensation philosophy both in anticipation of the requirement that stock options be expensed and due to our evolution from an early growth stage to a more mature public company. In connection with this review, the Compensation Committee engaged Pearl Meyer & Partners, or Pearl Meyer, a nationally known compensation consulting firm, to assist it in the determination of the key elements of the compensation program. The Compensation Committee requested that Pearl Meyer establish a comparator group, provide an analysis of how the compensation of our NEOs compares to that of named executive officers in the comparator group, advise the Compensation Committee on alternative forms of compensation and make recommendations to the Committee. While we do not specifically benchmark our compensation to a comparator group, we analyze the compensation practices of a comparator group of companies to assess our competitiveness against median market levels. In doing so, we take into account factors such as the relative size and financial performance of those companies and factors that differentiate us from them.

As a result of this review, the Compensation Committee decided in 2004 to implement a series of changes to our compensation philosophy for the NEOs and other officers to become more competitive with median market compensation levels for the comparator group. We (i) increased base salary to more competitive levels over a three-year period with an objective to set base salaries close to the median of the comparator group by 2007, before adjustment for inflation and geographic differences; (ii) decreased equity-based compensation as a percentage of total compensation for these individuals relative to historic levels; and (iii) implemented a program to transition the equity-based compensation of these individuals from stock options to restricted stock unit awards.

In 2007, the Compensation Committee adopted the Senior Management Incentive Plan to govern the annual performance bonuses and the annual long-term equity incentive grants to the five individuals who were our NEOs at that time and to such other executives and employees as may be determined by the Compensation Committee. The Senior Management Incentive Plan, which was amended and restated in 2008 with approval by our stockholders (the Amended SMIP), is explained in more detail below.

In 2009, the Compensation Committee retained Pearl Meyer to perform an executive compensation analysis to re-evaluate the competitiveness of our executive compensation program given the growth in our company, in terms of revenue and enterprise value, since Pearl Meyer's previous study in 2004 and since two years had passed since the conclusion in 2007 of the three-year transition in our compensation philosophy described above. The Compensation

Committee retains Pearl Meyer directly, supervises all work assignments performed by them, and reviews and approves all work invoices received for payment. Pearl Meyer has not performed any other service for the company. For the 2009 study, Pearl Meyer analyzed the market competitiveness compared to market consensus data of the following components for each of our NEOs:

- Base salary;

- Target total annual compensation (base salary plus cash performance bonuses); and

- Target total direct compensation (total annual compensation plus equity-based compensation).

Table of Contents

Following discussions with the Compensation Committee and management, Pearl Meyer established a comparator group consisting of the following companies: AECOM Technology Corporation; The Brink's Company; Cintas Corporation; Covanta Holding Corporation; EMCOR Group, Inc.; IESI-BFC Ltd.; Iron Mountain, Inc.; J.B. Hunt Transport Services, Inc.; Jacobs Engineering Group Inc.; Kansas City Southern; Quanta Services, Inc.; Stericycle, Inc.; and United Rentals, Inc. Two solid waste services companies, Republic Services, Inc. and Waste Management, Inc., were included as additional reference companies. The comparator group was designed to include service-based or capital-intensive publicly traded companies with enterprise values of between \$2 billion and \$5 billion. In comparison to the enterprise values of the companies in the comparator group, Waste Connections' enterprise value fell below the median of the comparator group. In addition to publicly available proxy statement information for the comparator group companies, Pearl Meyer also incorporated four sources of general industry survey data, some of which is proprietary to Pearl Meyer, for compensation practices for companies with revenue ranging from \$500 million to \$2.5 billion. Using a weighted average of 50% for the comparator group data and 12.5% for each of the four sources of general industry survey data, Pearl Meyer then calculated market consensus data for each NEO position by matching each of our NEO positions, based on Pearl Meyer's understanding of the position's primary duties and responsibilities, to a similar position within Pearl Meyer's market consensus data.

As previously stated, the Compensation Committee seeks to provide base salaries, target total annual and target total direct compensation that is on average consistent with median market levels. To be considered competitive with median market levels, the Compensation Committee believes that our targeted executive compensation should be within a 5% to 15% range of the target market consensus 50th percentile. The results of the 2009 Pearl Meyer study found that:

- our base salaries are, on average, positioned 17% below median market levels, with Messrs. Mittelstaedt and Jackman 20% or more below median market levels;
- our target total annual compensation levels (base salary plus cash performance bonuses), on average, are positioned 22% below median market levels, with Messrs. Mittelstaedt, Bouck and Jackman 20% or more below median market levels;
- our target total direct compensation levels (total annual compensation plus equity-based compensation), on average, are positioned 21% below median market levels, with Messrs. Mittelstaedt, Bouck and Jackman 20% or more below median market levels;
- components of our pay mix as a percentage of total direct compensation are in-line with the market consensus data; and
- our average total stockholder return over a one and three-year period ending December 31, 2008 was above the 75th percentile of the comparator group.

The Pearl Meyer study concluded that we have achieved above-median performance for well below median compensation. As a result and consistent with its objective to pay for performance, the Compensation Committee (i) approved an increase in target bonus percentages beginning in 2010 for participants in the Amended SMIP and other executives; (ii) modified the target bonus multiplier for participants in the Amended SMIP if the company's performance is above or below target; (iii) introduced a target bonus multiplier for executives and certain members of senior management who do not participate in the Amended SMIP; (iv) reduced the vesting period from five years to four years for restricted stock units granted to executives and certain members of senior management, consistent with the vesting period for other employees; and (v) agreed to increase base salaries to be considered competitive with median market levels by 2012. The Compensation Committee, in consultation with management, also decided to maintain the freeze on base salaries of Messrs. Mittelstaedt, Bouck, Chambliss and Jackman at 2008-levels given continuing cost controls in light of the uncertain economic environment.

Determination of Compensation Components

The Compensation Committee believes that a significant portion of the compensation of our NEOs should be aligned with our stockholders' interests and directly linked to performance. While the percentage of our NEOs' total compensation that is comprised by each component of our pay mix (base salary, performance bonuses, and equity-based compensation) is not specifically determined, the Compensation Committee generally targets performance bonuses and equity-based compensation for our NEOs to range between 65% and 75% of total direct compensation should annual performance targets be attained, which is consistent with market consensus data and

differs on position. The Compensation Committee has complete discretion to determine compensation levels irrespective of whether or not we have successfully met annual performance targets.

Table of Contents

Base Salary. Our compensation program includes base salaries to compensate executive officers for services rendered each year. Base salaries comprise the stable part of the compensation program that is not dependent on our performance. We also believe this element is beneficial in attracting and retaining high-performing and experienced executives. Effective February 1, 2008, for Messrs. Mittelstaedt, Jackman, Bouck and Chambliss, and June 1, 2008, for Mr. Merrill, the anniversary of Mr. Merrill's employment agreement, we established the following base salaries for our NEOs:

Name	Annual Base Salary
Ronald J. Mittelstaedt	\$ 538,200
Worthing F. Jackman	\$ 320,850
Steven F. Bouck	\$ 398,475
Darrell W. Chambliss	\$ 346,725
Eric M. Merrill	\$ 270,000

None of these individuals received an increase in their base salaries during 2009 as we implemented a wage freeze in October 2008 in response to a deteriorating economic environment at that time. As previously discussed, the salaries for the participants in the Amended SMIP will remain frozen at 2008-levels during 2010.

Performance Bonuses. Our compensation program includes a performance bonus to reward executive officers based on our performance and the individual executive's contribution to that performance. Under our Amended SMIP, each participant in the Plan has an opportunity to earn an annual performance bonus based on a targeted percentage of the participant's annual base salary for the year. The objective of the annual performance bonus is to provide participants with an incentive to manage the company to achieve certain targeted levels of financial performance based on budgeted revenue each year.

Equity-Based Compensation. We believe that equity ownership in our company is important to tie the ultimate level of an executive officer's compensation to the performance of our stock and stockholder gains while creating an incentive for sustained growth and employee retention. To meet these objectives, our senior management team receives equity-based compensation.

Since 2007, the Compensation Committee has only granted restricted stock unit awards to our NEOs; no stock options have been granted to our NEOs since 2006. The Compensation Committee believes that the use of restricted stock unit awards will reduce the overall compensation cost to us compared to the cost of granting options at levels consistent with previous years, yet will offer our NEOs a competitive and more stable level of equity-based compensation, providing them the opportunity to be owners of and to share in the success of the company. In 2009, our restricted stock unit grants for our NEOs were authorized and made on February 11, 2009, and vest in equal increments over five years.

The Compensation Committee generally makes company-wide annual grants of equity-based compensation to our executive officers and other employees in late January or in February. This timing coincides with a number of events that make that timing optimum from the Compensation Committee's standpoint: first, the Compensation Committee has available financial results from the previous year; second, making the grants at this time allows management to notify employees of the amount of their annual grant award at or around the same time that management notifies employees of the amount of their cash performance bonus with respect to the previous year, which we typically pay in February.

Amended and Restated Senior Management Incentive Plan

In 2008, our Board of Directors adopted the Amended SMIP, which was subsequently approved by our stockholders. The Amended SMIP is a performance-based incentive compensation plan similar to the Senior Management Incentive Plan adopted in 2007. Under the Amended SMIP, designated senior executives of the company are eligible to receive performance bonus payments and equity-based compensation. In 2009, each participant had the opportunity to earn up to 175% of his targeted performance bonus based on our achievement of certain targeted levels of financial performance established by the Compensation Committee and based on recommendations of the Chief Executive

Officer. Each targeted performance goal is weighted in order to calculate an overall percentage achievement against targeted performance goals; the resulting percentage is then used as a multiplier to determine the annual performance bonus earned.

Table of Contents

The performance goals for 2009, which the Compensation Committee adopted in March 2009, were measured against achievement of targeted levels of: (1) EBITDA, weighted at 20%; (2) operating income, or EBIT, weighted at 20%; (3) operating income as a percentage of revenue, or EBIT Margin, weighted at 30%; and (4) net cash provided by operating activities, or CFFO, as a percentage of revenue, weighted at 30%. Because the operating budget adopted by the Board of Directors is a compilation of stretch goals set for each operating location, the targeted performance goals reflect a percentage or factor of the final budget, as set forth below:

	Original 2009 Budget	2009 Factor	2009 Targeted Performance Goal
EBITDA	\$ 344.9M	95.0%	\$ 327.7M
EBIT	\$ 232.6M	95.0%	\$ 220.9M
EBIT Margin	20.2%	N/A	19.2%
CFFO Margin	24.5%	97.5%	23.9%

Under the terms of the Plan, the Compensation Committee, in its complete and sole discretion, may adjust the targeted performance goals if an acquisition, significant new contract or extraordinary event results in a significant impact relative to the goals in order to exclude or reduce the impact of that acquisition, contract or event. For these purposes, the Compensation Committee determines operating income by adjusting for any gains or losses on disposal of assets, and determines EBITDA by adding depreciation and amortization to operating income. The Compensation Committee chose these measures of performance because they are widely used by investors as valuation measures in the solid waste industry and because the targeted goals encourage improving free cash flow and returns on invested capital.

Table of Contents

For 2009, the target bonuses were set at 100% of the Chief Executive Officer's base salary and 50% of the base salary of each of the other participants, and a multiplier is used so that if the company achieves 100% of its target, the participants receive 100% of their performance bonuses. The multiplier may result in the participants being paid a greater or lesser percentage of their targeted performance bonuses (from 175% to 0%), based on their position and whether the company's performance is greater or less than 100% of the target, in accordance with the following sliding scale:

% Target	Target %	Bonus as % of Base Salary	
		CEO	Other Participants
Achievement	Multiplier		
105% or Higher	175%	175%	87.5%
104%	160%	160%	80.0%

97%	40%	40%	20.0%
96%	20%	20%	10.0%

Payments under this program are contingent on continued employment at the time of payout, subject to the terms of any applicable employment agreements.

2009 Adjusted Target Goals and Results

Adjusted targeted performance goals and adjusted results and corresponding target percentages for 2009 were as follows:

	Adjusted Target ⁽¹⁾	Adjusted Results ⁽¹⁾	Adjusted Results as % of Target	Weighting	Target Achievement

Table of Contents

In addition to the foregoing Target Achievements, in determining actual bonus payouts the Compensation Committee considered management's success throughout 2009 in (i) reducing headcount and expenses in response to the difficult economic environment, and (ii) completing and integrating a record amount of acquisition activity to position the company for future growth. For 2009, targeted and actual annual performance bonuses as a percentage of each participant's annual base salary were as follows:

Name	Targeted Bonus % of Base Salary	Actual Bonus % of Base Salary
Ronald J. Mittelstaedt	100.0%	175.0%
Worthing F. Jackman	50.0%	87.5%
Steven F. Bouck	50.0%	87.5%
Darrell W. Chambliss	50.0%	87.5%

In lieu of paying an annual performance bonus in cash, the Compensation Committee, in its complete and sole discretion, may choose to pay the annual performance bonus in restricted stock units issued under our Second Amended and Restated 2004 Equity Incentive Plan (as amended and restated) or any succeeding plan we adopt. If restricted stock units are issued, their value, as determined by the Compensation Committee, will be at least 125% of the earned cash bonus to compensate for the risk and vesting period associated with the underlying stock. Mr. Merrill, who became an NEO in 2008, is not a participant in the Amended SMIP. Pursuant to the terms of his employment agreement, Mr. Merrill is eligible to receive a maximum annual cash bonus equal to 40% of his beginning base salary in the applicable year, which is payable if the Board of Directors determines, in its sole and exclusive discretion, that such year's financial objectives have been fully met. For 2009, the Compensation Committee, in determining Mr. Merrill's actual bonus payout, also subjectively considered and evaluated, as factors, Mr. Merrill's personal contributions throughout 2009 to (i) the performance of the company, (ii) the growth and development of his department, and (iii) supporting field personnel throughout the company. Based on the foregoing factors, the Compensation Committee exercised its discretion to award Mr. Merrill a bonus equal to 44.4% of his base salary at the beginning of 2009. As a result of Pearl Meyer's recent study, the Compensation Committee increased Mr. Merrill's targeted annual cash bonus for 2010 to 50% of his beginning base salary that year.

Equity-Based Compensation

Under the Amended SMIP, each participant also receives an annual long-term incentive grant of restricted stock units based on the performance of both the company and the individual, subject to a vesting schedule approved by the Compensation Committee. The size of the grant is targeted between 125% and 150% of the participant's base salary. For 2009, the size of the grant was approximately 150% of the participant's base salary. Mr. Merrill, who does not participate in the Amended SMIP, received a grant in 2009 that was approximately 101% of his base salary. The objective of the long-term incentive grant is to supplement each recipient's base salary and annual performance bonus in order to maintain total compensation at the Compensation Committee's targeted percentile of the comparator group and vest in equal increments over four years.

Stock Ownership Guidelines

To encourage long-term stock ownership, our Board of Directors expects each participant in the Amended SMIP to retain at least 50% of all after-tax shares of common stock received from long-term incentive grants until such NEO meets and maintains the following stock ownership thresholds, as valued by the Compensation Committee:

For the Chief Executive Officer and President, three times such participant's base salary; and

For other participants, two and one-half times such participant's base salary.

**Non-Equity Incentive Plan, Defined Contribution Plan, Nonqualified Deferred Compensation Plan
Compensation and Other Benefits**

Other than cash performance bonuses, we do not provide non-equity incentive plan compensation, nor do we provide defined benefit retirement plans to our NEOs. The NEOs are entitled to participate in a company-sponsored 401(k)

profit sharing plan on the same terms as all employees. We make matching contributions of 50% of every dollar of a participating employee's pre-tax contributions until the employee's contributions equal five percent of the employee's eligible compensation, subject to certain limitations imposed by the United States Internal Revenue Code, or the IRC. Employees are eligible to participate in the 401(k) plan beginning on the June 1 or December 1 first following completion of one full year of employment. Our matching contributions vest over five years.

Table of Contents

The NEOs and certain other highly compensated employees are also entitled to participate in the Nonqualified Deferred Compensation Plan, which we put in place to mitigate the impact of our officers and other highly compensated employees being unable to make the maximum contribution permitted under the 401(k) plan due to certain limitations imposed by the IRC. The Nonqualified Deferred Compensation Plan allows an eligible employee to voluntarily defer receipt of up to 80% of the employee's base salary, and up to 100% of bonuses, commissions and restricted stock unit grants. We make a matching contribution of 50% of every dollar of a participating employee's deferred compensation until the employee's contributions equal five percent of the employee's eligible compensation, less the amount of any match we make on behalf of the employee under the company-sponsored 401(k) plan, subject to the limits stated in the Nonqualified Deferred Compensation Plan. Our matching contributions are 100% vested when made. The company also credits an amount reflecting a deemed return to each participant's deferred compensation account periodically, based on the returns of various mutual funds or measurement funds selected by the participant, except in the case of restricted stock units that are deferred, which are credited as shares of company common stock. The earnings on an employee's deferred compensation may exceed or fall short of market rate returns, depending on the performance of the funds selected compared to the markets in general.

We also offer a number of benefits to the NEOs pursuant to benefit programs that provide for broad-based employee participation. In addition to the 401(k) plan described above, the benefits include medical, prescription drugs, dental and vision insurance, long-term disability insurance, life and accidental death and dismemberment insurance, health and dependent flexible spending accounts, a cafeteria plan and employee assistance benefits. These generally available benefits do not specifically factor into decisions regarding an individual executive's total compensation or equity-based compensation package. These benefits are designed to help us attract and retain employees as we compete for talented individuals in the marketplace, where such benefits are commonly offered.

Perquisites and Other Personal Benefits

The material components of our NEOs' compensation are described above. We do not provide our NEOs extensive perquisites. Those that are provided are summarized in the Summary Compensation Table for Fiscal Year 2009 and the accompanying footnotes, in accordance with SEC reporting requirements. Perquisites are valued at the incremental cost to the company.

Tax Deductibility Considerations

Within our performance-based compensation program, we aim to compensate the NEOs in a manner that is tax effective, but we do not let tax considerations drive compensation decisions. Section 162(m) of the IRC generally disallows an income tax deduction to publicly held corporations for compensation in excess of \$1,000,000 paid for any fiscal year to the corporation's covered employees, which is defined in Section 162(m) as the Chief Executive Officer and the three other most highly compensated executive officers, other than the Chief Financial Officer. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Compensation Committee in the past has attempted to structure the compensation of our executive officers to avoid the loss of the deductibility of any compensation, even though Section 162(m) does not preclude the payment of compensation in excess of \$1,000,000. However, we do not have a policy that requires all of our compensation to be deductible for purposes of Section 162(m). In certain situations, the Compensation Committee may approve compensation that will not meet these requirements in order to assure competitive total compensation for the NEOs. Bonuses paid under the Amended SMIP and compensation deemed paid with respect to stock option awards, direct stock issuances and restricted stock unit awards under the Second Amended and Restated 2004 Equity Incentive Plan (as amended and restated) may be subject to the \$1,000,000 limitation, unless considered performance-based compensation. For example, the restricted stock unit awards we grant to our covered employees do not qualify as performance-based compensation because they vest over time rather than based on performance.

Severance and Change in Control Arrangements

The provisions regarding severance and change in control contained in each NEO's employment agreement are described elsewhere in this proxy statement, under Potential Payments Upon Termination or Change in Control. With slight variations, the agreements for our NEOs other than Mr. Merrill generally provide for severance payments under various conditions in an amount approximately equal to three times the NEO's base salary and bonus, plus the maximum bonus available for the year of termination under the officer's employment agreement. We entered into these

agreements with Messrs. Mittelstaedt, Jackman, Bouck and Chambliss in October 1997, April 2003, June 2000 and October 1997, respectively. Mr. Merrill's employment agreement, which was executed in June 2007, generally provides for a severance payment under various conditions in an amount approximately equal to the lesser of his base salary for a period of one year and his base salary for the remainder of the term of his employment agreement, plus the pro-rated maximum bonus available to him for the year of termination under his employment agreement. The Compensation Committee believes that these levels of severance are appropriate in light of what it understands is the level of severance offered by the comparator group, and because our relatively low base salaries would result in payments comparable to those that peer companies would pay given a lower multiple but higher base.

Table of Contents

The primary factor considered in establishing the change in control benefits was the competitive marketplace. In the case of payment of a multiple of the employee's annual base salary and bonus in the event of a change in control, the Compensation Committee believes that this is appropriate because such payment generally motivates the executive to act in the best interests of the stockholders by removing the distraction of post change in control uncertainties faced by such executive with regard to his or her compensation. In addition, the company believes that the multiple of the payment is appropriate because the company's executives have base salaries and bonuses that are low relative to their industry peers; therefore, the multiple would result in payments comparable to those that peer companies would pay given a lower multiple but higher base and bonus. In the case of payment of a bonus in the event of a change in control, the company adopted this approach because, in addition to the rationale discussed above, it would be impractical and potentially unfair, following a change in control, to continue to measure the company's performance based on goals and targets previously set for an independent, freestanding company. In the case of accelerated vesting of stock options, the company in the past used stock options to provide compensation only to the extent the company's stock price increased over the term of the option. In the case of full value awards, such as restricted stock units, the company uses such awards to enable recipients to share in both the risk and rewards of stock ownership through stock depreciation or appreciation and provide a type of compensation used by competitors. Immediate vesting upon a change in control permits recipients of such awards to participate in any price appreciation associated with a change in control on the basis similar to that available to stockholders as a whole, without the necessity of placing receipt of that compensatory element at the risk of the actions of an acquirer.

The Compensation Committee reserves the right to alter severance payment levels going forward, though this action would require the consent of each NEO to an amendment to his existing employment agreement.

Compensation Committee Report

The Compensation Committee of the Board of Directors has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on the review and discussions referred to above, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be incorporated into both our Annual Report on Form 10-K and Proxy Statement on Schedule 14A for the fiscal year ended December 31, 2009.

This report is submitted on behalf of the Compensation Committee.

COMPENSATION RISK ASSESSMENT

We believe our compensation policies and practices are not reasonably likely to have a material adverse effect on the company. We believe our approach to setting performance targets, evaluating performance, and establishing payouts does not promote excessive risk-taking. We believe that the components of our pay mix — base salary, annual cash incentive bonuses, and long-term equity grants — appropriately balance near-term performance improvement with sustainable long-term value creation.

We considered the following elements of our compensation policies and practices when evaluating whether such policies and practices encourage our employees to take unreasonable risks:

- annual performance targets are established by each operating location and region and on a company-wide basis to encourage decision-making that is in the best long-term interests of both the company and our stockholders;

- we adjust performance targets to exclude the benefit or detriment of extraordinary events to ensure our employees are compensated on results within their control or influence;

- we adjust performance targets to include acquisitions and new contracts not reflected in the originally approved operating budget in order to achieve targeted returns on deployed capital;

- we set annual performance goals to avoid targets that, if not achieved, result in a large percentage loss of compensation;

- payouts under our performance-based plans remain at the discretion of our Board of Directors even if targeted performance levels are achieved;

- payouts under our performance-based plans can result in some compensation at levels below full target achievement, rather than an all-or-nothing approach;

- our NEOs receive annual cash incentive bonus awards only after cash incentive bonus awards payable to other employees have been made;

- we use restricted stock units rather than stock options for equity awards because restricted stock units retain value even in a depressed market so that recipient employees are less likely to take unreasonable risks to get, or keep, options in-the-money ;

- time-based vesting over four or five years, as applicable, for equity-based compensation accounts for a time horizon of risk and ensures that participating employee interests are aligned with those of our stockholders; and

- stock ownership guidelines require members of our Board of Directors and NEOs to maintain certain ownership levels in our common stock, which aligns a portion of their personal wealth to the long-term performance of the company.

(1) Amounts shown reflect salary earned by the NEOs for each year indicated and reflect that none of our NEOs received salary increases for 2009.

(2) Stock awards consist of restricted stock units granted under our Second

Amended and Restated 2004 Equity Incentive Plan (as amended and restated). Amounts shown do not reflect compensation actually received by the NEO. Instead, the amounts shown are the grant date fair value of the 2009 awards computed in accordance with generally accepted accounting principles, excluding estimates of forfeitures related to service-based vesting conditions. A discussion of the value of stock awards is set forth under Note 1 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, filed with the SEC on February 9, 2010.

(3)

Amounts shown reflect annual incentive bonus awards earned by the NEOs for 2009 under our Amended SMIP, which is discussed elsewhere in this proxy statement, under Compensation Discussion and Analysis. These amounts were paid on February 12, 2010.

- (4) We make available for business use to our NEOs and others a private aircraft, which we own. Our general policy is not to permit employees, including the NEOs, to use the aircraft for purely personal use. Occasionally, employees or their relatives or spouses, including relatives or spouses of the NEOs, may derive personal benefit from travel on our aircraft incidental to a business function, such as when an NEO's spouse accompanies the officer to the location of an event the officer is attending for business purposes. For purposes of our Summary Compensation Table for Fiscal Year 2009, we value the compensation benefit to the officer at the

incremental cost
to us of
conferring the
benefit, which
consists of
additional
catering and fuel
expenses. In the
example given,
the incremental
cost would be
nominal because
the aircraft
would have been
used to travel to
the event, and
the basic costs of
the trip would
have been
incurred,
whether or not
the NEO's spouse

on the rare
occasions when
we permit an
employee to use
the aircraft for
purely personal
use, we value the
compensation
benefit to such
employee
(including
NEOs) at the
incremental cost
to us of
conferring the
benefit, which
consists of the
average
weighted fuel
expenses,
catering

trip-related

hangar/parking costs. Since our aircraft is used primarily for business travel, the valuation excludes the fixed costs that do not change based on usage, such as pilots compensation, the purchase cost of the aircraft and the cost of maintenance. Our valuation of personal use of aircraft as set forth in this proxy statement is calculated in accordance with SEC guidance, which may not be the same as valuation under applicable tax regulations.

- (1) Amounts in these columns represent base salary and/or cash performance bonus each NEO elected to defer and our annual matching contributions in lieu of matching contributions into our 401(k) plan. Contributions by an NEO are reported in the Summary Compensation Table for Fiscal Year 2009 elsewhere in this proxy statement under Salary and matching

contributions we make to an NEO's account are reported in the Summary Compensation Table for Fiscal Year 2009 under All Other Compensation.

- (2) Amounts in this column are not included in any other amounts disclosed in this proxy statement, as the amounts are not preferential earnings. Instead, earnings disclosed are determined by reference to the returns on one or more select mutual funds, as determined by the participant, that are also available for investment by the general public.

- (3) Amounts shown in this column include the following amounts that were reported as compensation to the NEO in the Summary Compensation Table in our previous proxy statements:

For Mr. Mittelstaedt, a total of \$737,740 was reported (2005 to 2009);

For Mr. Jackman, a total of \$115,697 was reported (2005 to 2009);

For Mr. Bouck, a total of \$303,260 was reported (2005 to 2009); and

For Mr. Chambliss, a total of \$229,940 was reported (2005 to 2009).

The NEOs and certain other highly compensated employees are entitled to participate in the Nonqualified Deferred Compensation Plan, which we put in place to mitigate the impact of our officers and other highly compensated employees being unable to make the maximum contribution permitted under the 401(k) plan due to certain limitations imposed by the IRC. The Nonqualified Deferred Compensation Plan allows an eligible employee to voluntarily defer receipt of up to 80% of the employee's base salary, and up to 100% of bonuses, commissions and restricted stock unit grants. We make a matching contribution of 50% of every dollar of a participating employee's deferred compensation until the employee's contributions equal five percent of the employee's eligible compensation, less the amount of any match we make on behalf of the employee under the company-sponsored 401(k) plan, subject to the limits stated in the Nonqualified Deferred Compensation Plan. Our matching contributions are 100% vested when made. The company also credits an amount reflecting a deemed return to each participant's deferred compensation account periodically, based on the returns of various mutual funds or measurement funds selected by the participant, except in the case of restricted stock units that are deferred, which are credited as shares of company common stock. The earnings on an employee's deferred compensation may exceed or fall short of market rate returns, depending on the performance of the funds selected compared to the markets in general.

Distributions from the Nonqualified Deferred Compensation Plan are automatically triggered by the occurrence of certain events. Upon retirement, as defined in the plan, a participant will receive a distribution from the plan in the form he previously selected either in a lump sum or in annual installments over any period selected, up to fifteen years. Payments will commence within 60 days after the last day of the six-month period immediately following the retirement date. Upon termination of employment, a participant will receive a distribution from the plan in a lump sum within 60 days after the last day of the six-month period immediately following the termination date. If a participant becomes disabled, he will receive his entire account balance in a lump sum within 60 days of the date on which he became disabled. Upon the death of a participant during employment or while receiving his retirement benefits under the plan, his unpaid account balance will be paid to his beneficiary in a lump sum within 60 days of the date the plan committee is notified of his death.

Participants also elect whether to receive a distribution of their entire account balance in a lump sum upon a change in control of our company, as defined in the plan, or whether to have their account balance remain in the plan after a change in control. In the absence of such an election, a participant will receive a distribution after a change in control occurs. Participants may also choose to receive lump sum distributions of all or a portion of their account balances upon optional, scheduled distribution dates or upon an unforeseeable financial emergency. Optional distribution dates must be a January 1 that is at least three years after the end of the plan year in which the deferral election is made. Optional distributions may be postponed, subject to certain conditions specified in the plan. Distributions upon an unforeseeable financial emergency are also subject to certain restrictions specified in the plan.

Table of Contents

The material features of our equity compensation plans not approved by stockholders are described below.

2002 Stock Option Plan

In 2002, our Board of Directors authorized the 2002 Stock Option Plan. Participation in the 2002 Stock Option Plan is limited to consultants and employees, other than officers and directors. Options granted under the 2002 Stock Option Plan are nonqualified stock options and have a term of no longer than ten years from the date they are granted.

Options generally become exercisable in installments pursuant to a vesting schedule set forth in each option agreement. The Compensation Committee currently administers the 2002 Stock Option Plan. The Compensation Committee authorizes the granting of options and determines the employees and consultants to whom options are to be granted, the number of shares subject to each option, the exercise price, option term, vesting schedule and other terms and conditions of the options. However, while options previously granted under the 2002 Stock Option Plan remain outstanding, the Board of Directors unanimously adopted resolutions in 2008 approving the reduction of the shares available for future issuance under the plan from 128,636 to zero, and as a result no further awards may be granted under the plan. Options previously granted under the plan have exercise prices per share as determined by the Compensation Committee at the time of grant. Immediately prior to a change in control, all outstanding options under the 2002 Stock Option Plan will automatically accelerate and become immediately exercisable. The Compensation Committee may in its discretion provide that the shares subject to an option under the 2002 Stock Option Plan may (i) continue as an immediately exercisable option, (ii) be assumed as immediately exercisable options by the surviving corporation or its parent, (iii) be substituted by immediately exercisable options granted by the surviving corporation or its parent with substantially the same terms for the option, or (iv) be cancelled after payment to optionee of an amount in cash or other consideration delivered to the stockholders of the company reduced by the exercise price.

2002 Restricted Stock Plan

In 2002, our Board of Directors adopted the 2002 Restricted Stock Plan in which selected employees, other than executive officers and directors, may participate. Restricted stock awards under the 2002 Restricted Stock Plan may or may not require a cash payment from a participant to whom an award is made. The awards become free of the stated restrictions over periods determined at the date of the grant, subject to continuing employment, the achievement of particular performance goals and/or the satisfaction of certain vesting provisions applicable to each award of shares. The Compensation Committee currently administers the 2002 Restricted Stock Plan. The Compensation Committee authorizes the grant of any stock awards and determines the employees to whom shares are awarded, number of shares to be awarded, award period and other terms and conditions of the awards. Shares of restricted stock may be forfeited and revert to us if a plan participant resigns from Waste Connections and its subsidiaries, is terminated for cause or violates the terms of any non-competition or non-solicitation agreements to which that plan participant is bound (if such plan participant has been terminated without cause). Immediately prior to a change in control, all restrictions imposed by the Compensation Committee on any outstanding restricted stock award under the 2002 Restricted Stock Plan will be immediately automatically cancelled and such award will be fully vested, and any applicable performance goals will be deemed achieved at not less than the target level.

2002 Consultant Incentive Plan

In 2002, our Board of Directors authorized the 2002 Consultant Incentive Plan, under which warrants to purchase our common stock may be issued to certain of our consultants. Warrants awarded under the Consultant Incentive Plan are subject to a vesting schedule set forth in each warrant agreement. Historically, warrants issued have been fully vested and exercisable at the date of grant. The Compensation Committee currently administers the 2002 Consultant Incentive Plan. The Compensation Committee authorizes the issuance of warrants and determines the consultants to whom warrants are to be issued, the number of shares subject to each warrant, the purchase price, exercise date and period, warrant term and other terms and conditions of the warrants. All warrants granted under the plan shall have purchase prices per share at least equal to the fair market value of the underlying common stock on the date of grant.

Non-Plan Warrants

Prior to the Board of Directors' approval of the 2002 Consultant Incentive Plan, we issued warrants to purchase our common stock on an individual basis to certain consultants that assisted us in various capacities and certain employees. Historically, these warrants were issued fully vested and were exercisable at the date of grant. The Board of Directors authorized the issuance of such warrants and determined the consultants and employees to whom such

warrants were issued, the number of shares subject to each warrant, the purchase price, exercise date and period, warrant term and other terms and conditions of the warrants.

Table of Contents

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We have entered into employment agreements with each of our NEOs. Each of these agreements provides for certain payments to the NEO in the event of his termination, resignation, death or disability, or upon a change in control of our company.

Termination by the Company

We may terminate an NEO's employment with or without cause. Terminations for cause are subject to a sixty-day notice and right to cure provision in each NEO's employment agreement. Cause is generally defined in each of these employment agreements as follows:

a material breach of any of the terms of the agreement that is not immediately corrected following written notice of default specifying such breach;

except in Mr. Mittelstaedt's case, a breach of any of the provisions of the non-competition and non-solicitation provisions of the agreement;

repeated intoxication with alcohol or drugs while on company premises during its regular business hours to such a degree that, in the reasonable judgment of the other managers of the company, the employee is abusive or incapable of performing his duties and responsibilities under the agreement;

conviction of a felony; or

misappropriation of property belonging to the company and/or any of its affiliates.

Termination Upon Death or Disability

In the event of the disability or death of an NEO, in addition to the payments listed in the tables below, the NEO may receive benefits under our long-term disability insurance and our life and accidental death and dismemberment insurance plans, which provide for broad-based employee participation.

Termination by the Employee

Each NEO may terminate his employment without good reason. In addition, except for Mr. Merrill, each NEO may terminate his employment for good reason. Good Reason is generally defined in each of these employment agreements as follows:

assignment to the employee of duties inconsistent with his responsibilities as they existed on the date of the agreement, a substantial alteration in the title(s) of the employee (so long as the existing corporate structure of the company is maintained) or a substantial alteration in the status of the employee in the company organization as it existed on the date of the agreement;

the relocation of the company's principal executive office to a location more than 50 miles from its present location;

a reduction by the company in the employee's base salary without the employee's prior approval;

a failure by the company to continue in effect, without substantial change, any benefit plan or arrangement in which the employee was participating or the taking of any action by the company which would adversely affect the employee's participation in or materially reduce his benefits under any benefit plan (unless such changes apply equally to all other management employees of the company);

any material breach by the company of any provision of the agreement without the employee having committed any material breach of his obligations thereunder, which breach is not cured within 20 days following written notice thereof to the company of such breach; or

the failure of the company to obtain the assumption of the agreement by any successor entity.

Table of Contents

Change in Control

A change in control of Waste Connections is generally treated as a termination without cause of the NEO, unless he elects in writing to waive the applicable provision of his employment agreement. Under each of these employment agreements, a Change in Control is generally deemed to have occurred if:

there shall be consummated (a) any reorganization, liquidation or consolidation of the company, or any merger or other business combination of the company with any other corporation, other than any such merger or other combination that would result in the voting securities of the company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the total voting power represented by the voting securities of the company or such surviving entity outstanding immediately after such transaction; or (b) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the company;

any person (as defined in the agreement), shall become the beneficial owner (as defined in the agreement), directly or indirectly, of 50% or more of the company's outstanding voting securities; or

during any period of two consecutive years, individuals who at the beginning of such period constituted the entire Board of Directors shall cease for any reason to constitute at least one-half of the membership thereof unless the election, or the nomination for election by the company's stockholders, of each new director was approved by a vote of at least one-half of the directors then still in office who were directors at the beginning of the period.

In addition to his severance payments described in the tables below, in the event of a change in control after which any previously outstanding option, warrant or other right relating to our capital stock fails to remain outstanding, each of the NEOs would be entitled to receive either: (i) options to purchase that number of shares of stock of the acquiring company that he would have received had he exercised his terminated Waste Connections options, warrants or rights immediately prior to the acquisition resulting in a change in control and received for the shares acquired on exercise of such options shares of the acquiring company in the change in control transaction (the aggregate exercise price for the shares covered by such options would be the aggregate exercise price for the terminated Waste Connections options, warrants or rights); or (ii) a lump sum payment equal on an after-tax basis to at least the net after-tax gain he would have realized on exercise of such options of the acquiring company and sale of the underlying shares.

Potential Payments

The following tables estimate the payments we would be obligated to make to each of our NEOs as a result of his termination or resignation or because of a change in control of our company pursuant to the employment agreements we have entered into with each of our NEOs and certain other arrangements noted in the tables. We have calculated these estimated payments to meet SEC disclosure requirements. The estimated payments are not necessarily indicative of the actual amounts any of our NEOs would receive in such circumstances.

For illustrative purposes only, the tables assume that: (a) a notice of termination was received by the employee or a change in control in our company occurred on December 31, 2009, as applicable; (b) the price per share of our common stock is \$33.34, the closing price on December 31, 2009, the last business day of that year; and (c) the reason for a termination for cause is not susceptible to the NEO's 60-day right to cure under his employment agreement.

In addition to the amounts reflected in the tables, on termination of an NEO's employment agreement by us or by him as provided in his agreement, all vested deferred compensation and other retirement benefits payable to the employee under benefit plans in which he then participated would be paid to him in accordance with the provisions of the respective plans. These plans include our voluntary 401(k) plan and our Nonqualified Deferred Compensation Plan.

Table of Contents*Ronald J. Mittelstaedt, Chairman and Chief Executive Officer*

In the event Mr. Mittelstaedt voluntarily terminates his employment without good reason or his employment is terminated for cause, we have the option to make him subject to the terms of the non-competition and non-solicitation provisions of his employment agreement for a period of 18 months from the date of termination, referred to as the Optional Restricted Period, in which case he would be entitled to the same severance benefits to which he would be entitled in the event of a termination without cause.

Mr. Mittelstaedt's employment agreement defines the term **Total Compensation**, used in the table below, to equal the sum of: (i) twelve months of his base salary as of the termination date; (ii) the maximum bonus of 100% of such base salary; and (iii) the amount of all vehicle allowance and vehicle-related, telephone and facsimile reimbursements that were payable to him with respect to the twelve months preceding the termination date.

Mr. Mittelstaedt's employment agreement also defines the term **Health Insurance Benefit**, used in the table below, as an amount equal to the excess of (i) the premiums payable by him to cover himself, his wife and his children for a three-year period beginning on the termination date under a health insurance plan that provides benefits comparable to those available under our health insurance plan then in effect, over (ii) the premiums that would be payable by him if he were still employed by us to cover himself, his wife and his children for that three-year period under our health insurance plan in effect on the termination date. In the case of a termination on death, the Health Insurance Benefit shall be calculated with respect to coverage only for Mr. Mittelstaedt's wife and children. In both cases, for illustrative purposes only, we have used the cost for an employee plus unlimited dependents that Mr. Mittelstaedt or his family would pay under the Consolidated Omnibus Budget Reconciliation Act, or COBRA, if they elected to extend their health coverage under our group health plan for the period indicated.

Review, Approval or Ratification of Transactions with Related Persons

The charter of our Board of Directors' Nominating and Corporate Governance Committee provides that among the Committee's responsibilities is the review and approval of any material transaction between us and any of our directors or executive officers or any entity affiliated with such a person, including assessing whether the transaction is fair and in our interests, why we should enter into it with a related rather than an unrelated party, and whether public disclosure is required.

In addition, the Nominating and Corporate Governance Committee developed and the Board of Directors approved our Corporate Governance Guidelines and our Code of Conduct and Ethics, including a Code of Ethics for the Chief Executive Officer and Senior Financial Officers, as required by Section 406 of the Sarbanes-Oxley Act. The Committee reviews the Guidelines and Code on an annual basis, or more frequently if appropriate, and recommends to the Board of Directors changes as necessary.

In addressing conflicts of interest, the Code provides that no officer, director or employee may be subject to influences, interests or relationships that conflict with the best interests of the company. It states that a conflict of interest exists when a person is in a position to influence a decision that may personally benefit that person or a person he or she is related to by blood or marriage as a result of the company's business dealings. The Code provides that each officer, director and employee of the company must avoid any investment, interest or association that interferes or might interfere with that person's independent exercise of judgment in the company's best interests, and that service to the company should never be subordinated to personal gain or advantage.

In an effort to help avoid these and other conflicts of interest, the Code sets forth certain rules the company has adopted, including rules that prohibit: (a) officers, directors or any employees who buy or sell goods or services or have responsibility connected to buying and selling for or on behalf of the company and members of their respective families from having certain economic interests in business concerns that transact business with the company or are in competition with it; (b) officers, directors or employees or members of their respective families from giving or accepting certain gifts to or from any person soliciting or doing business with the company; (c) officers or employees of the company from serving as a director of any other company that is organized for profit without the written approval of the Nominating and Corporate Governance Committee; and (d) officers, directors or employees from having any material interest in a business that deprives the company of any business opportunity or is in any way detrimental to the company.

Each officer and director must report all actual or potential conflicts of interest to the Nominating and Corporate Governance Committee. Directors must also comply with the conflict provisions relating to directors set forth in our Corporate Governance Guidelines. The Nominating and Corporate Governance Committee will resolve all conflicts of interest involving officers or directors. If a conflict involves a member of the Nominating and Corporate Governance Committee, that committee will resolve the conflict only if there are two disinterested directors remaining on that committee. Otherwise, the matter will be resolved by the entire Board of Directors. If a significant conflict exists involving a director that cannot be resolved and cannot be waived, the director must resign.

The Nominating and Corporate Governance Committee has the sole authority to waive provisions of our Code of Conduct and Ethics with respect to executive officers and directors in specific circumstances where it determines that such waiver is appropriate, subject to compliance with applicable laws and regulations. Any such waivers will be promptly disclosed to our stockholders to the extent required by applicable laws and regulations.

The company's independent registered public accounting firm is responsible for: (i) auditing the effectiveness of the company's internal control over financial reporting based on its audit; and (ii) performing an independent audit of the company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibilities are to review the company's internal controls and the objectivity of its financial reporting, and to meet with appropriate financial personnel and the company's independent registered public accounting firm in connection with these reviews. The Audit Committee also reviews the professional services provided by the company's independent registered public accounting firm and reviews such other matters concerning Waste Connections' accounting principles and financial and operating policies, controls and practices, its public financial reporting policies and practices, and the results of its annual audit as the Audit Committee may find appropriate or as may be brought to the Audit Committee's attention.

In this context, the Audit Committee has met and held discussions with Waste Connections' management and its independent registered public accounting firm. Management represented to the Audit Committee that Waste Connections' consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committee), as amended, as adopted by the Public Company Accounting Oversight Board, or the PCAOB, in Rule 3200T.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communication with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm that firm's independence and considered the compatibility of non-audit services with the auditors' independence.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in Waste Connections' Annual Report on Form 10-K for the fiscal year ended December 31, 2009, filed with the SEC.

This report is submitted on behalf of the Audit Committee.

**PROPOSAL 2 APPROVAL OF ADOPTION OF
THE THIRD AMENDED AND RESTATED 2004 EQUITY INCENTIVE PLAN**

Summary

Our Board of Directors has unanimously adopted resolutions approving, and recommending to the stockholders for their approval, an amendment to our Second Amended and Restated 2004 Equity Incentive Plan (as amended and restated) (the 2004 Plan). Pursuant to the amendment, the 2004 Plan would become known as our Third Amended and Restated 2004 Equity Incentive Plan.

The proposed amendment to the 2004 Plan, as submitted to the stockholders for their approval, is summarized below:

Increase Maximum Number of Shares. The amendment increases the maximum total number of shares of common stock we may issue pursuant to awards granted under the 2004 Plan by 1,000,000 shares, from 3,775,000 shares to 4,775,000 shares, of which 1,716,804 would be available for future grants.

The purpose of the amendment is to reserve an adequate number of shares to fund expected awards under our equity compensation program over the next three years, through the annual awards we anticipate granting in February 2013. The Board of Directors believes that this number represents a reasonable amount of potential equity dilution and allows us to continue awarding equity-based compensation, which is an important component of our overall compensation program. Based on the historic growth of the company, the Board of Directors expects that it will need to seek stockholder approval in 2013 for additional shares to continue granting equity awards under the 2004 Plan beyond the annual grants anticipated for that year. The text of the 2004 Plan, as amended and restated to include the proposed amendment, is attached hereto as Appendix A.

Regardless of whether the 2004 Plan, as amended and restated, is approved by the stockholders, we would like to remind stockholders of the following key provisions that we have previously incorporated into the terms of the 2004 Plan:

Minimum Vesting Periods. The 2004 Plan provides for minimum vesting periods for restricted stock units and restricted stock awards of at least one year for performance-based grants and at least three years for time-based grants, subject in each case to an exception for up to 5% of the total shares authorized for issuance under the 2004 Plan for which our Board of Directors may retain its discretion in setting vesting periods.

No Waiver of Vesting Periods. The 2004 Plan prohibits the discretionary waiver of any vesting periods for restricted stock units and restricted stock awards, except in the case of death, disability, retirement, change in control, or pursuant to the terms of an employment or consulting agreement between us and the award recipient, and subject to further exception for up to 5% of the total shares authorized for issuance under the 2004 Plan for which our Board of Directors may retain its discretion in waiving vesting periods.

Stockholder Approval for Amendments. The 2004 Plan requires our Board of Directors to obtain stockholder approval before terminating, amending or modifying the 2004 Plan to the extent necessary and desirable to comply with any applicable law, regulation or stock exchange rule.

No Discounting of Stock Options. The 2004 Plan prohibits the granting of stock options with an exercise price less than the fair market value of our common stock on the date of grant.

No Re-pricing of Underwater Options. Likewise, the 2004 Plan prohibits the re-pricing of outstanding option awards with a lower exercise price, except in the event of stock splits, certain other types of recapitalizations or a change in control of the company.

If stockholders do not approve the 2004 Plan, as amended and restated, we will not be able to continue to fully implement the company's compensation philosophy that the Compensation Committee of the Board of Directors has developed. However, in such a case, the 2004 Plan will continue in effect pursuant to its terms and provisions prior to the foregoing amendment, and awards may continue to be made under those terms and provisions until either we have issued all of the shares authorized for issuance under the 2004 Plan or the termination date of the 2004 Plan.

Table of Contents

Purpose of the 2004 Plan

The 2004 Plan governs grants of restricted stock units, restricted stock and non-qualified stock options to employees, officers, directors and consultants. It is designed to support our long-term business objectives in a manner consistent with our compensation philosophy. The Board of Directors believes that by allowing us to continue to offer our employees, officers, directors and consultants equity-based compensation through the 2004 Plan, we will promote the following key objectives:

Aligning the ultimate level of an award recipient's compensation to the performance of our stock and stockholder gains; and

Creating an incentive for sustained growth.

Shares Available Under Plans

As of March 9, 2010, and prior to the requested increase, 716,804 shares remained available for issuance pursuant to future awards granted under the 2004 Plan, no shares remained available for issuance pursuant to future awards granted under the 2002 Stock Option Plan⁽¹⁾, 1,000,000 shares remained available for issuance pursuant to future awards granted under the 2002 Senior Management Equity Incentive Plan, 10,531 shares remained available for issuance pursuant to future awards granted under the 2002 Restricted Stock Plan, 225,457 shares remained available for issuance pursuant to future awards granted under the 2002 Consultant Incentive Plan, and no shares remained available for issuance pursuant to future awards granted under the Second Amended and Restated 1997 Stock Option Plan (the "1997 Plan"⁽²⁾). Except with respect to the 1997 Plan, the number of shares remaining available for issuance under these plans may increase to the extent outstanding awards are cancelled due to forfeiture of awards or expiration of awards without exercise.

Beginning in February 2005, our Board of Directors' Compensation Committee began reducing the number of stock options granted to our employees, officers and directors as a percentage of our outstanding common stock. In February 2006, the Compensation Committee began increasing restricted stock unit award grants as a percentage of overall equity-based compensation to our employees, officers and directors. In 2007, the Compensation Committee completed the final changes to our compensation philosophy announced in 2004—transitioning the equity component of total compensation for our employees, officers and directors from stock options solely to restricted stock units. All equity grants made since 2006 have been in the form of restricted stock units. While shares remain available for future grants under the 2002 Senior Management Equity Incentive Plan and the 2002 Restricted Stock Plan, none of those plans permits the issuance of restricted stock units. As a result, we do not currently expect that the Compensation Committee will grant any further awards under those plans.

We continue to manage our burn rate⁽⁴⁾ of awards granted over time to levels we believe are reasonable in light of changes in our business and forecasted financial performance. The Compensation Committee maintains a goal of setting equity-based compensation awards over time such that the after-tax income statement impact resulting from company-wide equity-based compensation awards would not exceed approximately 5% to 6% of projected net income at that time. This goal is based on estimates of forecasted financial performance and actual results of compensation decisions could vary materially.

The following table sets forth information regarding awards granted, the burn rate for each of the last two years and year-to-date 2010 and the average awards granted and average burn rate over the last two years and year-to-date 2010.

Summary of Third Amended and Restated 2004 Equity Incentive Plan

The following description of the 2004 Plan includes the amendment discussed in this Proposal 2 and is qualified in its entirety by reference to the 2004 Plan itself, as amended and restated to include the amendment, a copy of which is attached hereto as Appendix A. Stockholders can also obtain copies of the 2004 Plan, as amended and restated, by making a written request to the company's Secretary.

The 2004 Plan is intended to give employees, officers, directors and consultants additional incentives by increasing their proprietary interest in the company. The 2004 Plan permits the grant of restricted stock units, restricted stock and nonqualified stock options. As of March 9, 2010, approximately 5,500 of our employees, officers and directors were eligible to participate in the 2004 Plan, of which 12 were executive officers and four were non-employee directors. The 2004 Plan is administered by the Compensation Committee of the Board of Directors and, with respect to participants other than the company's executive officers and Board members, by the Special Equity Award Committee. Such committees acting within the scope of their jurisdiction under the 2004 Plan will be hereinafter referred to as the Plan Administrator. The Plan Administrator has the authority to determine the persons to whom restricted stock unit, restricted stock or option awards are granted, the size, grant date and other terms and conditions of restricted stock unit and restricted stock awards, and the size, term, grant date, exercise price, expiration date, vesting schedule and other terms and conditions of options, subject to certain limitations and restrictions set forth in the 2004 Plan. The Board of Directors may amend the 2004 Plan at any time, but no amendment may alter or impair rights under any restricted stock unit, restricted stock or option award granted before such amendment unless the restricted stock unit or restricted stock participant or optionee consents in writing, and the Board of Directors will seek the consent of the stockholders to any amendment to the extent required by law or the New York Stock Exchange rules for listed companies. Any amendments or modifications to the terms of any restricted stock unit, restricted stock and option grants permitted by the 2004 Plan may be effected by including the modification or amendment in an employment or consulting agreement between us or one of our subsidiaries and the employee or consultant.

RESTRICTED STOCK UNITS. The restricted stock unit awards granted under the 2004 Plan shall entitle the recipient to receive the shares of common stock underlying those units upon the attainment of designated performance goals or the satisfaction of specified employment or service requirements or upon the expiration of a designated time period following the attainment of such goals or the satisfaction of the applicable service period. Restricted stock unit awards made to employees or consultants shall become vested over a period of not less than three years (or, in the case of vesting based upon the attainment of performance-based objectives, over a period of not less than one year) following the date the restricted stock unit award is made, and the Plan Administrator may not waive such vesting periods on a discretionary basis except in the case of the death, disability or retirement of such participant, a change in control, or the terms and conditions of an employment or consulting agreement between the company or a subsidiary and such participant; provided, however, that, notwithstanding the foregoing, restricted stock unit and restricted stock awards that result in the issuance of an aggregate of up to 5% of the total number of shares of stock available for awards under the 2004 Plan may be granted to any one or more employees or consultants without adhering to such minimum vesting provisions and restrictions on waiver. Restricted stock unit awards shall not require any cash payment from the recipient, either at the time the award is made or at any time the shares of stock become issuable under the award, subject to the participant's satisfaction of all applicable income and employment withholding tax requirements.

Recipients of restricted stock unit awards, unlike recipients of restricted stock, shall not have any stockholder rights with respect to the shares of common stock underlying his or her restricted stock unit award until that award vests and the shares of common stock are actually issued thereunder. However, dividend-equivalent units may, in the sole discretion of the Plan Administrator, be paid or credited, either in cash or in actual or phantom shares of common stock, on one or more outstanding restricted stock units, subject to such terms and conditions as the Plan Administrator may deem appropriate.

Each restricted stock unit agreement shall provide that if the company becomes subject to a change in control, any restrictions on restricted stock units held by that recipient will automatically terminate and the stock will vest immediately.

If a restricted stock unit recipient's status as an employee, officer, director or consultant terminates during the restriction period for any reason (including death, disability or retirement), his or her restricted stock units will be forfeited and revert to the company. Any units that are no longer restricted (for example, those units that have already vested on anniversaries of the award) will not be forfeited. Shares subject to restricted stock units that are forfeited will again become available for issuance under the 2004 Plan.

Table of Contents

Restricted stock unit awards granted under the 2004 Plan are generally not transferable during the restriction period except by will or by the laws of descent and distribution. Each restricted stock unit recipient may designate to whom his or her award should be distributed on his or her death.

RESTRICTED STOCK. The restricted stock awards granted under the 2004 Plan will be in the form of common stock. Restricted stock awards made to employees or consultants shall become vested over a period of not less than three years (or, in the case of vesting based upon the attainment of performance-based objectives, over a period of not less than one year) following the date the restricted stock award is made, and the Plan Administrator may not waive such vesting periods on a discretionary basis except in the case of the death, disability or retirement of such participant, a change in control, or the terms and conditions of an employment or consulting agreement between the company or a subsidiary and such participant; provided, however, that, notwithstanding the foregoing, restricted stock unit and restricted stock awards that result in the issuance of an aggregate of up to 5% of the total number of shares of stock available for awards under the 2004 Plan may be granted to any one or more employees or consultants without adhering to such minimum vesting provisions and restrictions on waiver. An award of restricted stock may be made without requiring any cash payment from the recipient, or may require a cash payment from the recipient in an amount no greater than the fair market value of the restricted stock as of the date of the award.

Subject to the terms and restrictions of the 2004 Plan or the applicable restricted stock agreement or as otherwise determined by the Plan Administrator, upon delivery of restricted stock to a recipient, or upon creation of a book entry evidencing a recipient's ownership of shares of restricted stock, the recipient shall have all of the rights of a stockholder with respect to such shares.

Each restricted stock agreement shall provide that if the company becomes subject to a change in control, any restrictions on restricted stock held by that recipient will automatically terminate and the stock will vest immediately. If a restricted stock recipient's status as an employee, officer, director or consultant terminates during the restriction period for any reason (including death, disability or retirement), his or her restricted shares will be forfeited and revert to the company. Any shares that are no longer restricted (for example, those shares that have already vested on anniversaries of the award) will not be forfeited. Shares that are forfeited and revert to the company will again become available for issuance under the 2004 Plan.

Restricted stock awards granted under the 2004 Plan are generally not transferable during the restriction period except by will or by the laws of descent and distribution. Each restricted stock recipient may designate to whom his or her award should be distributed on his or her death.

OPTIONS. Options generally become exercisable in installments according to a vesting schedule in the option agreement. No option will be exercisable more than five years after the grant date. All options granted under the 2004 Plan shall have an exercise price equal to the fair market value of the underlying common stock on the date of grant, as determined by the Plan Administrator. The fair market value is equal to the closing sales price for the stock (or the closing bid, if no sales were reported) on the grant date, or, if the grant date is not a market trading day, the last market trading day prior to the grant date, as reported in the Wall Street Journal. The purchase price of the shares as to which an option may be exercised shall be paid to the company at the time of exercise either: (i) in cash, or (ii) in the absolute discretion of the Plan Administrator, at the time of the grant or thereafter, (a) by the withholding of shares of stock issuable on exercise of the option or the delivery to the company of other stock owned by the optionee, provided in either case that the optionee has owned shares of stock equal in number to the shares so withheld for a period sufficient to avoid a charge to the company's reported earnings, (b) according to a deferred payment or other arrangement (which may include, without limiting the generality of the foregoing, the use of stock) with the person to whom the option is granted or to whom the option is transferred, to the extent consistent with applicable law, (c) by delivery of a properly executed notice together with irrevocable instructions to a broker providing for the assignment to the company of the proceeds of a sale or loan with respect to some or all of the stock being acquired on the exercise of the option, including, without limitation, through an exercise complying with the provisions of Regulation T as promulgated from time to time by the Board of Governors of the Federal Reserve System (a cashless exercise), or (d) in any other form or combination of forms of legal consideration that may be acceptable to the Plan Administrator. In the case of any deferred payment arrangement, interest shall be payable at least annually and shall be charged at the minimum rate necessary to avoid the treatment as interest, under any applicable provisions of the Code, of any

amounts other than amounts stated to be interest under the deferred payment arrangement, or if less, the maximum rate permitted by law.

Table of Contents

Each option agreement shall provide that in the event that the company is subject to a change in control: (i) all outstanding options shall be automatically accelerated and become immediately exercisable; and (ii) the Plan Administrator may in its discretion at the time of grant or at any time thereafter, or the Board of Directors may pursuant to the terms of any agreement of sale, merger or consolidation giving rise to the change in control, provide that the shares subject to an option may: (a) continue as an immediately exercisable option of the company (if the company is the surviving corporation), (b) be assumed as immediately exercisable options by the surviving corporation or its parent, (c) be substituted by immediately exercisable options granted by the surviving corporation or its parent with substantially the same terms for the original option, or (d) be cancelled after payment to the optionee of an amount in cash or other consideration equal to the total number of shares subject to the option multiplied by the remainder of (1) the amount per share to be received by holders of the company's stock in the sale, merger or consolidation, minus (2) the exercise price per share of the shares subject to the option.

If an optionee with outstanding options retires or becomes disabled and does not die within the three months after retirement or disability, he or she may exercise his or her options, but only during the period ending on the earlier of: (i) six months after disability or retirement (or such longer period specified in the option agreement), or (ii) the expiration of the term set in the option agreement. Options not exercised within the periods specified above will terminate, and the shares of common stock subject to the options will become available for issuance under the 2004 Plan. If an optionee dies: (i) while an employee, officer, director or consultant, or (ii) within three months after termination of the optionee's continuous status as an employee, officer, director or consultant because of his or her disability or retirement, his or her options may be exercised (to the extent that the optionee was entitled to do so on the date of death or termination) by the optionee's estate or by a person who shall have acquired the right to exercise the options by bequest or inheritance, but only within the period ending on the earlier of (a) one year after the optionee's death (or such shorter or longer period specified in the option agreement, which period shall not be less than six months), or (b) the expiration date specified in the option agreement. If, after the optionee's death, the optionee's estate or the person who acquired the right to exercise the optionee's options does not exercise the options within the time specified above, the options shall terminate and the shares covered by the options shall revert to and again become available for issuance under the 2004 Plan. If an optionee's engagement as an employee, officer, director or consultant ends because of a reason other than the optionee's death, retirement or disability, his or her options terminate on the date such engagement terminates, and the shares of common stock subject to the options become available for issuance under the 2004 Plan. The Board of Directors has the discretion to extend the expiration date of any option beyond the periods described above, but not beyond the expiration date of the option as set forth in the option agreement.

Each option agreement may include the company's right to repurchase, when the optionee's engagement terminates, any shares of the company's common stock the optionee acquired on exercise of options.

Federal Income Tax Consequences of the Plan

RESTRICTED STOCK UNITS. No taxable income is recognized upon receipt of a restricted stock unit award. The holder will recognize ordinary income in the year in which the shares subject to the units are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the company will be required to collect certain withholding taxes applicable to such income from the holder.

The company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the holder.

RESTRICTED STOCK. Restricted stock awarded under the 2004 Plan is generally taxable to the recipient as compensation at ordinary income rates at the time that such stock becomes vested and non-forfeitable, based on the fair market value of such stock at the date of such vesting. The recipient's holding period for such stock begins on the vesting date. If the recipient then sells such stock more than twelve months after such vesting date, the difference between the selling price and the fair market value of the stock as of such vesting date will be long-term capital gain or loss.

A recipient may make an election pursuant to Section 83(b) of the Internal Revenue Code within 30 days of the date of the grant of an award to include in gross income for the year of the grant the fair market value of such stock as of

the date of the grant. Such election must be filed with the Internal Revenue Service within 30 days of the date of the grant. A recipient who makes the election must report income at ordinary income rates in the year of the grant based on the value of the stock at the time of the grant, whether or not the recipient ever receives freely tradable stock. The company is generally entitled to take a compensation deduction equal to the amount of ordinary income recognized by the recipient of restricted stock, either at the time of vesting, or in cases where the recipient makes an election under Section 83(b) of the Internal Revenue Code, at the time of issuance.

Table of Contents

OPTIONS. Under current law, the optionee does not realize any taxable income when granted a nonqualified stock option, and the company does not receive a tax deduction. When an optionee exercises a nonqualified stock option, he or she recognizes ordinary income equal to the excess of the fair market value on the exercise date of the shares of common stock purchased on exercise of the option, over the exercise price. The company may deduct the same amount. The optionee's holding period for such stock begins on the exercise date.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION. Any compensation deemed paid by the company upon the vesting or issuance of the shares of common stock subject to restricted stock units or restricted stock awards made under the 2004 Plan or in connection with the exercise of non-statutory stock options granted under the 2004 Plan will not qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code, except in the case of certain grants made pursuant to our Amended SMIP that qualify as performance-based compensation or are otherwise exempt from the Section 162(m) limitation. Any such compensation that does not qualify as performance-based compensation will have to be taken into account for purposes of the \$1.0 million limitation per covered individual on the income tax deductibility of the compensation paid to certain executive officers.

Accordingly, all or a portion of such compensation may not be deductible by the company.

New Plan Benefits

The amount, if any, of equity compensation to be awarded to officers, non-employee directors, employees and consultants is determined from time to time by the Compensation Committee and Special Equity Award Committee and is not presently determinable.

Although grants to our non-employee directors remain discretionary, under our current director compensation program, our non-employee directors receive annual equity grants in February of each year in the form of restricted stock units that have a dollar value in an amount equal to approximately \$150,000 on the date of grant. In 2009, each of our non-employee directors received an annual equity grant of 5,698 restricted stock units, the grant date fair value of which equals \$149,857.

As of March 9, 2010, the amount of options received under the 2004 Plan at any time by each Messrs. Mittelstaedt, Jackman, Bouck, Chambliss and Merrill is zero; by all current executive officers as a group is 37,500; by all current directors who are not executive officers as a group is zero; by each of Messrs. Guillet and Mittelstaedt is zero; by each associate of any of such directors, executive officers or nominees is zero; by each other person who received or is to receive five percent of such options or rights is zero; by all employees who are not executive officers, as a group is 1,095,220.

Information regarding equity awards made to the company's NEOs and directors in 2009 and held by such officers and directors as of December 31, 2009, is provided under the Grants of Plan Based Awards in Fiscal Year 2009 and

Outstanding Equity Awards at 2009 Fiscal Year-End tables and Compensation of Directors for Fiscal Year 2009 table, respectively.

Table of Contents**PROPOSAL 3 APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

PricewaterhouseCoopers LLP audited our consolidated financial statements for the fiscal year 2009. The Audit Committee of the Board of Directors requests that stockholders ratify its selection of PricewaterhouseCoopers LLP to serve as the company's independent registered public accounting firm for the fiscal year 2010. We expect representatives of PricewaterhouseCoopers LLP to be present at the Annual Meeting of Stockholders. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. Ratification by stockholders is not required by law, our Amended and Restated Certificate of Incorporation or our Third Amended and Restated Bylaws in order for the Audit Committee to appoint an independent registered public accounting firm, but the appointment is submitted to you by the Audit Committee in order to give stockholders a voice in the appointment of the company's independent registered public accounting firm. If the stockholders should fail to ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee would reconsider the appointment. Even if stockholders approve the appointment, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the company and our stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR 2010.

The Audit Committee considers the services provided by PricewaterhouseCoopers LLP described under *Tax Fees* and *All Other Fees* to be compatible with PricewaterhouseCoopers LLP's independence during the periods covered.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the independent registered public accounting firm. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. The Audit Committee has delegated to the chairman of the Audit Committee authority to approve permitted services, provided that the chairman reports all approvals to the Audit Committee at its next meeting. All of the fees described above under *Audit Fees*, *Tax Fees* and *All Other Fees* were approved by the Audit Committee.

Decisions and actions by the Board with respect to the Plan and any Option Agreement or any Restricted Stock or Restricted Stock Unit Agreement shall be final, conclusive and binding on all persons having or claiming to have any right or interest in or under the Plan and/or any Option Agreement or Restricted Stock or Restricted Stock Unit Agreement.

(b) Authority to Delegate to Committee. The Board may delegate administration of the Plan to one or more Committees of the Board. Each such Committee shall consist of one or more members appointed by the Board. Subject to the foregoing, the Board may from time to time increase the size of any such Committee and appoint additional members, remove members (with or without cause) and appoint new members in substitution therefor, or fill vacancies, however caused. If the Board delegates administration of the Plan to a Committee, the Committee shall have the same powers theretofore possessed by the Board with respect to the administration of the Plan (and references in this Plan to the Board shall apply to the Committee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish any such Committee at any time and revert in the Board the previously delegated administration of the Plan.

(c) Authority to Delegate to Officers. The Board may delegate administration of Sections 4(a)(i) through 4(a)(v) above to the Chief Executive Officer of the Company; provided, however, that such officer may not grant Options, Restricted Stock Awards and Restricted Stock Unit Awards covering more than 2,250,000 shares of Stock in the aggregate.

Notwithstanding any other provision of this Plan to the contrary, Restricted Stock and Restricted Stock Unit Awards made to Employees or Consultants shall become vested over a period of not less than three years (or, in the case of vesting based upon the attainment of performance-based objectives, over a period of not less than one year) following the date the Restricted Stock or Restricted Stock Unit Award is made, and the Board may not waive such vesting periods on a discretionary basis except in the case of the death, disability or retirement of the Restricted Stock Participant or Restricted Stock Unit Participant, a Change in Control, the terms and conditions of an employment or consulting agreement between the Company or a Subsidiary and the Restricted Stock Participant or Restricted Stock Unit Participant (whether entered into prior to, on or after the Effective Date of this Plan, as provided in Section 15(a) hereof) or pursuant to Section 4(e); provided, however, that, notwithstanding the foregoing, Restricted Stock and Restricted Stock Unit Awards that result in the issuance of an aggregate of up to 5% of the shares of Stock available pursuant to Section 3(a) may be granted to any one or more Employee and/or Consultant without respect to such minimum vesting provisions and restrictions on waiver of this Section 4(f).

5. TERMS AND CONDITIONS OF OPTIONS.

Each Option granted shall be evidenced by an Option Agreement in substantially the form attached hereto as Annex A or such other form as may be approved by the Board. Each Option Agreement shall include the following terms and conditions and such other terms and conditions as the Board may deem appropriate:

(a) **Option Term.** Each Option Agreement shall specify the term for which the Option thereunder is granted and shall provide that such Option shall expire at the end of such term. The Board may extend such term; provided that the term of any Option, including any such extensions, shall not exceed five years from the date of grant.

(b) **Exercise Price.** Each Option Agreement shall specify the exercise price per share, as determined by the Board at the time the Option is granted, which exercise price shall in no event be less than the Fair Market Value when the Option is granted.

(c) **Vesting.** Each Option Agreement shall specify when it is exercisable. The total number of shares of Stock subject to an Option may, but need not, be allotted in periodic installments (which may, but need not, be equal). An Option Agreement may provide that from time to time during each of such installment periods, the Option may become exercisable (vest) with respect to some or all of the shares allotted to that period, and may be exercised with respect to some or all of the shares allotted to such period or any prior period as to which the Option shall have become vested but shall not have been fully exercised. An Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board deems appropriate.

(d) **Payment of Purchase Price on Exercise.** Each Option Agreement shall provide that the purchase price of the shares as to which such Option may be exercised shall be paid to the Company at the time of exercise either (i) in cash, or (ii) in the absolute discretion of the Board (which discretion may be exercised in a particular case without regard to any other case or cases), at the time of the grant or thereafter, (A) by the withholding of shares of Stock issuable on exercise of the Option or the delivery to the Company of other Stock owned by the Optionee, provided in either case that the Optionee has owned shares of Stock equal in number to the shares so withheld for a period sufficient to avoid a charge to the Company's reported earnings, (B) subject to compliance with applicable law, according to a deferred payment or other arrangement (which may include, without limiting the generality of the foregoing, the use of Stock) with the person to whom the Option is granted or to whom the Option is transferred pursuant to Section 5(e), (C) by delivery of a properly executed notice together with irrevocable instructions to a broker providing for the assignment to the Company of the proceeds of a sale or loan with respect to some or all of the Stock being acquired upon the exercise of the Option, including, without limitation, through an exercise complying with the provisions of Regulation T as promulgated from time to time by the Board of Governors of the Federal Reserve System (a cashless exercise), or (D) in any other form or combination of forms of legal consideration that may be acceptable to the Board. In the case of any deferred payment arrangement, interest shall be payable at least annually and shall be charged at the minimum rate necessary to avoid the treatment as interest, under any applicable provisions of the Code, of any amounts other than amounts stated to be interest under the deferred payment arrangement, or if less, the maximum rate permitted by law.

(e) **Transferability.** An Option shall not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of by the Optionee during his or her lifetime, whether by operation of law or otherwise, other than by will or the laws of descent and distribution applicable to the Optionee, and shall not be made subject to execution, attachment or similar process; provided that the Board may in its discretion at the time of approval of the grant of an Option or thereafter permit an Optionee to transfer an Option to a trust or other entity established by the Optionee for estate planning purposes, and may permit further transferability or impose conditions or limitations on any permitted transferability. Otherwise, during the lifetime of an Optionee, an Option shall be exercisable only by such Optionee. In the event any Option is to be exercised by the executors, administrators, heirs or distributees of the estate of a deceased Optionee, or such an Optionee's beneficiary, in any such case pursuant to the terms and conditions of the Plan and the applicable Option Agreement and in accordance with such terms and conditions as may be specified from time to time by the Board, the Company shall be under no obligation to issue Stock thereunder unless and until the Board is satisfied that the person to receive such Stock is the duly appointed legal representative of the deceased Optionee's estate or the proper legatee or distributee thereof or the named beneficiary of such Optionee.

(f) Exercise of Option After Death of Optionee. If an Optionee dies (i) while an Employee, Director or Consultant, or (ii) within three months after termination of the Optionee's Continuous Status as an Employee, Director or Consultant because of his or her Disability or retirement, his or her Options may be exercised (to the extent that the Optionee was entitled to do so on the date of death or termination) by the Optionee's estate or by a person who shall have acquired the right to exercise the Options by bequest or inheritance, but only within the period ending on the earlier of (A) one year after the Optionee's death (or such shorter or longer period specified in the Option Agreement, which period shall not be less than six months), or (B) the expiration date specified in the Option Agreement. If, after the Optionee's death, the Optionee's estate or the person who acquired the right to exercise the Optionee's Options does not exercise the Options within the time specified herein, the Options shall terminate and the shares covered by such Options shall revert to and again become available for issuance under the Plan.

(g) Exercise of Option After Termination of Optionee's Continuous Status as an Employee, Director or Consultant as a Result of Disability or Retirement. If an Optionee's Continuous Status as an Employee, Director or Consultant terminates as a result of the Optionee's Disability or retirement, and the Optionee does not die within the following three months, the Optionee may exercise his or her Options (to the extent that the Optionee was entitled to exercise them on the date of termination), but only within the period ending on the earlier of (i) six months after Disability or retirement (or such longer period specified in the Option Agreement), and (ii) the expiration of the term set forth in the Option Agreement. If, after termination, the Optionee does not exercise his or her Options within the time specified herein, the Options shall terminate, and the shares covered by such Options shall revert to and again become available for issuance under the Plan.

(h) No Exercise of Option After Termination of Optionee's Continuous Status as an Employee, Director or Consultant Other Than as a Result of Death, Disability or Retirement. If an Optionee's Continuous Status as an Employee, Director or Consultant terminates other than as a result of the Optionee's death, Disability or retirement, all right of the Optionee to exercise his or her Options shall terminate on the date of termination of such Continuous Status as an Employee, Director or Consultant. The Options shall terminate on such termination date, and the shares covered by such Options shall revert to and again become available for issuance under the Plan.

(i) Exceptions. Notwithstanding subsections (f), (g) and (h), the Board shall have the authority to extend the expiration date of any outstanding Option in circumstances in which it deems such action to be appropriate, provided that no such extension shall extend the term of an Option beyond the expiration date of the term of such Option as set forth in the Option Agreement.

(j) Company's Repurchase Right or Option Shares. Each Option Agreement may, but is not required to, include provisions whereby the Company shall have the right to repurchase any and all shares acquired by an Optionee on exercise of any Option granted under the Plan, at such price and on such other terms and conditions as the Board may approve and as may be set forth in the Option Agreement. Such right shall be exercisable by the Company after termination of an Optionee's Continuous Status as an Employee, Director or Consultant, whenever such termination may occur and whether such termination is voluntary or involuntary, with cause or without cause, without regard to the reason therefor, if any.

6. TERMS AND CONDITIONS OF RESTRICTED STOCK AWARDS.

(a) Restricted Stock Award Agreement. Each Restricted Stock Award shall be evidenced by a Restricted Stock Agreement in substantially the form attached hereto as Annex B or such other form as may be approved by the Board. Each Restricted Stock Agreement shall be executed by the Company and the Restricted Stock Participant to whom such Restricted Stock Award has been granted, unless the Restricted Stock Agreement provides otherwise; two or more Restricted Stock Awards granted to a single Restricted Stock Participant may, however, be combined in a single Restricted Stock Agreement. A Restricted Stock Agreement shall not be a precondition to the granting of a Restricted Stock Award; no person shall have any rights under any Restricted Stock Award, however, unless and until the Restricted Stock Participant to whom the Restricted Stock Award shall have been granted (i) shall have executed and delivered to the Company a Restricted Stock Agreement or other instrument evidencing the Restricted Stock Award, unless such Restricted Stock Agreement provides otherwise, (ii) has satisfied the applicable federal, state, local and/or foreign income and employment withholding tax liability with respect to the shares of Stock which vest or become issuable under the Restricted Stock Award, and (iii) has otherwise complied with the applicable terms and conditions

of the Restricted Stock Award.

(b) Restricted Stock Awards Subject to Plan. All Restricted Stock Awards under the Plan shall be subject to all the applicable provisions of the Plan, including the following terms and conditions, and to such other terms and conditions not inconsistent therewith, as the Board shall determine and which are set forth in the applicable Restricted Stock Agreement.

(i) The Restricted Stock subject to a Restricted Stock Award shall entitle the Restricted Stock Participant to receive shares of Restricted Stock, which vest over the Restriction Period. The Board shall have the discretionary authority to authorize Restricted Stock Awards and determine the Restriction Period for each such award.

(ii) Subject to the terms and restrictions of this Section 6 or the applicable Restricted Stock Agreement or as otherwise determined by the Board, upon delivery of Restricted Stock to a Restricted Stock Participant, or upon creation of a book entry evidencing a Restricted Stock Participant's ownership of shares of Restricted Stock, pursuant to Section 6(f), the Restricted Stock Participant shall have all of the rights of a stockholder with respect to such shares.

(c) Cash Payment. The Board may make any such Restricted Stock Award without the requirement of any cash payment from the Restricted Stock Participant to whom such Restricted Stock Award is made, or may require a cash payment from such a Restricted Stock Participant in an amount no greater than the aggregate Fair Market Value of the Restricted Stock as of the date of grant in exchange for, or as a condition precedent to, the completion of such Restricted Stock Award and the issuance of such shares of Restricted Stock.

(d) Transferability. During the Restriction Period stated in the Restricted Stock Agreement, the Restricted Stock Participant who receives a Restricted Stock Award shall not be permitted to sell, transfer, pledge, assign, encumber or otherwise dispose of such Restricted Stock whether by operation of law or otherwise and shall not be made subject to execution, attachment or similar process. Any attempt by such Restricted Stock Participant to do so shall constitute the immediate and automatic forfeiture of such Restricted Stock Award. Notwithstanding the foregoing, the Restricted Stock Agreement may permit the payment or distribution of a Restricted Stock Participant's Award (or any portion thereof) after his or her death to the beneficiary most recently named by such Restricted Stock Participant in a written designation thereof filed with the Company, or, in lieu of any such surviving beneficiary, as designated by the Restricted Stock Participant by will or by the laws of descent and distribution. In the event any Restricted Stock Award is to be paid or distributed to the executors, administrators, heirs or distributees of the estate of a deceased Restricted Stock Participant, or such a Restricted Stock Participant's beneficiary, in any such case pursuant to the terms and conditions of the Plan and the applicable Restricted Stock Agreement and in accordance with such terms and conditions as may be specified from time to time by the Board, the Company shall be under no obligation to issue Stock thereunder unless and until the Board is satisfied that each person to receive such Stock is the duly appointed legal representative of the deceased Restricted Stock Participant's estate or the proper legatee or distributee thereof or the named beneficiary of such Restricted Stock Participant.

(e) Forfeiture of Restricted Stock. If, during the Restriction Period, the Restricted Stock Participant's Continuous Status as an Employee, Director or Consultant terminates for any reason, all of such Restricted Stock Participant's shares of Restricted Stock as to which the Restriction Period has not yet expired shall be forfeited and revert to the Plan, unless the Board has provided otherwise in the Restricted Stock Agreement or in an employment or consulting agreement with the Restricted Stock Participant, or the Board, in its discretion, otherwise determines to waive such forfeiture.

Table of Contents

(f) Receipt of Stock Certificates. Each Restricted Stock Participant who receives a Restricted Stock Award shall be issued one or more stock certificates in respect of such shares of Restricted Stock. Any such stock certificates for shares of Restricted Stock shall be registered in the name of the Restricted Stock Participant but shall be appropriately legended and returned to the Company or its agent by the recipient, together with a stock power or other appropriate instrument of transfer, endorsed in blank by the recipient. Notwithstanding anything in the foregoing to the contrary, in lieu of the issuance of certificates for any shares of Restricted Stock during the applicable Restriction Period, a book entry (i.e., a computerized or manual entry) may be made in the records of the Company, or its designated agent, as the Board, in its discretion, may deem appropriate, to evidence the ownership of such shares of Restricted Stock in the name of the applicable Restricted Stock Participant. Such records of the Company or such agent shall, absent manifest error, be binding on all Restricted Stock Participants hereunder. The holding of shares of Restricted Stock by the Company or its agent, or the use of book entries to evidence the ownership of shares of Restricted Stock, in accordance with this Section 6(f), shall not affect the rights of Restricted Stock Participants as owners of their shares of Restricted Stock, nor affect the Restriction Period applicable to such shares under the Plan or the Restricted Stock Agreement.

(g) Dividends. A Restricted Stock Participant who holds outstanding shares of Restricted Stock shall not be entitled to any dividends paid thereon, other than dividends in the form of the Company's stock.

(h) Expiration of Restriction Period. A Restricted Stock Participant's shares of Restricted Stock shall become free of the foregoing restrictions on the earlier of a Change in Control or the expiration of the applicable Restriction Period, and the Company shall, subject to Sections 8(a) and 8(b), then deliver stock certificates evidencing such Stock to such Restricted Stock Participant. Such certificates shall be freely transferable, subject to any market black-out periods which may be imposed by the Company from time to time or insider trading policies to which the Restricted Stock Participant may at the time be subject.

(i) Substitution of Restricted Stock Awards. The Board may accept the surrender of outstanding shares of Restricted Stock (to the extent that the Restriction Period or other restrictions applicable to such shares have not yet lapsed) and grant new Restricted Stock Awards in substitution for such Restricted Stock.

7. TERMS AND CONDITIONS OF RESTRICTED STOCK UNIT AWARDS.

(a) Restricted Stock Unit Award Agreement. Each Restricted Stock Unit Award shall be evidenced by a Restricted Stock Unit Agreement in substantially the form attached hereto as Annex C or such other form as may be approved by the Board. Each Restricted Stock Unit Agreement shall be executed by the Company and the Restricted Stock Unit Participant to whom such Restricted Stock Unit Award has been granted, unless the Restricted Stock Unit Agreement provides otherwise; two or more Restricted Stock Unit Awards granted to a single Restricted Stock Unit Participant may, however, be combined in a single Restricted Stock Unit Agreement. A Restricted Stock Unit Agreement shall not be a precondition to the granting of a Restricted Stock Unit Award; however, no person shall be entitled to receive any shares of Stock pursuant to a Restricted Stock Unit Award unless and until the Restricted Stock Unit Participant to whom the Restricted Stock Unit Award shall have been granted (i) shall have executed and delivered to the Company a Restricted Stock Unit Agreement or other instrument evidencing the Restricted Stock Unit Award, unless such Restricted Stock Unit Agreement provides otherwise, (ii) has satisfied the applicable federal, state, local and/or foreign income and employment withholding tax liability with respect to the shares of Stock which vest or become issuable under the Restricted Stock Unit Award and (iii) has otherwise complied with all the other applicable terms and conditions of the Restricted Stock Unit Award.

(b) Restricted Stock Unit Awards Subject to Plan. All Restricted Stock Unit Awards under the Plan shall be subject to all the applicable provisions of the Plan, including the following terms and conditions, and to such other terms and conditions not inconsistent therewith, as the Board shall determine and which are set forth in the applicable Restricted Stock Unit Agreement.

(i) The Restricted Stock Units subject to a Restricted Stock Unit Award shall entitle the Restricted Stock Unit Participant to receive the shares of Stock underlying those Units upon the attainment of designated performance goals or the satisfaction of specified employment or service requirements or upon the expiration of a designated time period following the attainment of such goals or the satisfaction of the applicable service period. The Board shall have the discretionary authority to determine the performance milestones or service period required for the vesting of the

Restricted Stock Units and the date or dates when the shares of Stock which vest under those Restricted Stock Units are actually to be issued. The Board may alternatively provide the Restricted Stock Unit Participant with the right to elect the issue date or dates for the shares of Stock which vest under his or her Restricted Stock Unit Award. The issuance of vested shares under the Restricted Stock Unit Award may be deferred to a date following the termination of the Restricted Stock Unit Participant's employment or service with the Company and its Subsidiaries.

A-9

(ii) The Restricted Stock Unit Participant shall not have any stockholder rights with respect to the shares of Stock subject to his or her Restricted Stock Unit Award until that Award vests and the shares of Stock are actually issued thereunder. However, dividend-equivalent units may, in the sole discretion of the Board, be paid or credited, either in cash or in actual or phantom shares of Stock, on one or more outstanding Restricted Stock Units, subject to such terms and conditions as the Board may deem appropriate.

(iii) An outstanding Restricted Stock Unit Award shall automatically terminate, and no shares of Stock shall actually be issued in satisfaction of that Award, if the performance goals or service requirements established for such Award are not attained or satisfied. The Board, however, shall have the discretionary authority to issue vested shares of Stock under one or more outstanding Restricted Stock Unit Awards as to which the designated performance goals or service requirements have not been attained or satisfied.

(iv) Service requirements for the vesting of Restricted Stock Unit Awards may include service as an Employee, Consultant or non-employee Director.

(c) No Cash Payment. Restricted Stock Unit Awards shall not require any cash payment from the Restricted Stock Unit Participant to whom such Restricted Stock Unit Award is made, either at the time such Award is made or at the time any shares of Stock become issuable under that Award. However, the issuance of such shares shall be subject to the Restricted Stock Unit Participant's satisfaction of all applicable federal, state, local and/or foreign income and employment withholding taxes.

(d) Transferability. The Restricted Stock Unit Participant who receives a Restricted Stock Unit Award shall not be permitted to sell, transfer, pledge, assign, encumber or otherwise dispose of his or her interest in such Award or the underlying shares of Stock, whether by operation of law or otherwise, and such Award shall not be made subject to execution, attachment or similar process. Any attempt by such Restricted Stock Unit Participant to do so shall constitute the immediate and automatic forfeiture of such Restricted Stock Unit Award. Notwithstanding the foregoing, any shares of Stock which vest under the Restricted Stock Unit Agreement but which remain unissued at the time of the Restricted Stock Unit Participant's death shall be issued to the beneficiary most recently named by such Restricted Stock Unit Participant in a written designation thereof filed with the Company, or, in lieu of any such surviving beneficiary, as designated by the Restricted Stock Unit Participant by will or by the laws of descent and distribution. In the event such vested shares of Stock are to be issued to the executors, administrators, heirs or distributees of the estate of a deceased Restricted Stock Unit Participant, or his or her designated beneficiary, in any such case pursuant to the terms and conditions of the Plan and the applicable Restricted Stock Unit Agreement and in accordance with such terms and conditions as may be specified from time to time by the Board, the Company shall be under no obligation to effect such issuance unless and until the Board is satisfied that each person to receive such Stock is the duly appointed legal representative of the deceased Restricted Stock Unit Participant's estate or the proper legatee or distributee thereof or the named beneficiary of such Restricted Stock Unit Participant.

(e) Forfeiture of Restricted Stock Units. If the Restricted Stock Unit Participant's Continuous Status as an Employee, Director or Consultant terminates for any reason, all of the Restricted Stock Units subject to his or her outstanding Restricted Stock Unit Awards shall, to the extent not vested at that time, be forfeited, and no shares of Stock shall be issued pursuant to those forfeited Restricted Stock Units, unless the Board has provided in the Restricted Stock Unit Agreement or in an employment or consulting agreement with the Restricted Stock Unit Participant that no such forfeiture shall occur, or the Board, in its sole discretion, otherwise determines to waive such forfeiture.

(f) Issuance of Stock Certificates. Each Restricted Stock Unit Participant who becomes entitled to an issuance of shares of Stock following the vesting of his or her Restricted Stock Unit Award shall, subject to Sections 8(a) and 8(b), be issued one or more stock certificates for those shares. Subject to such Sections 8(a) and 8(b), each such stock certificate shall be registered in the name of the Restricted Stock Unit Participant and shall be freely transferable, subject to any market black-out periods which may be imposed by the Company from time to time or insider trading policies to which the Restricted Stock Unit Participant may at the time be subject.

8. CONDITIONS ON EXERCISE OF OPTIONS AND ISSUANCE OF SHARES.

(a) Securities Law Compliance. The Plan, the grant of Options and Restricted Stock or Restricted Stock Unit Awards thereunder, the exercise of Options thereunder and the obligation of the Company to issue shares of Stock on the exercise of Options, at the expiration of the applicable Restriction Period for Restricted Stock or upon the occurrence of the designated issuance date for shares of Stock subject to vested Restricted Stock Units, shall be subject to all applicable Federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required, in the opinion of the Board. Options may not be exercised, Restricted Stock and Restricted Stock Unit Awards may not be granted, and shares of Stock may not be issued if any such action would constitute a violation of any applicable federal, state or foreign securities laws or other law or regulations or the requirements of any stock exchange or market system upon which the Stock may then be listed. No Option may be exercised unless (i) a registration statement under the Securities Act shall at the time of exercise of the Option be in effect with respect to the shares issuable upon exercise of the Option or (ii) in the opinion of legal counsel to the Company, the shares issuable upon exercise of the Option may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. No Stock may be issued in connection with a Restricted Stock or Restricted Stock Unit Award unless (i) a registration statement under the Securities Act shall at the time of issuance of the Stock be in effect with respect to the shares of Stock to be issued or (ii) in the opinion of legal counsel to the Company, the shares of Stock to be issued on expiration of the applicable Restriction Period or upon the designated issuance date for vested Restricted Stock Units may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance and sale of any shares hereunder shall relieve the Company of any liability in respect of the failure to issue or sell such shares as to which such requisite authority shall not have been obtained. As a condition to the exercise of any Option and the issuance of any Stock in connection with a Restricted Stock or Restricted Stock Unit Award, the Company may require the Optionee or the Restricted Stock or Restricted Stock Unit Participant to satisfy any qualifications that may be necessary or appropriate to evidence compliance with any applicable law or regulation and to make any representation or warranty with respect thereto as may be requested by the Company.

(b) Investment Representations. The Company may require any Optionee or a Restricted Stock or Restricted Stock Unit Participant, or any person to whom an Option or Restricted Stock or Restricted Stock Unit Award is transferred, as a condition of exercising such Option or receiving shares of Stock pursuant to such Restricted Stock or Restricted Stock Unit Award, to (A) give written assurances satisfactory to the Company as to such person's knowledge and experience in financial and business matters or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters, and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Option or receiving such Stock, and (B) to give written assurances satisfactory to the Company stating that such person is acquiring the Stock for such person's own account and not with any present intention of selling or otherwise distributing the Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall not apply if (1) the issuance of the Stock has been registered under a then currently effective registration statement under the Securities Act, or (2) counsel for the Company determines as to any particular requirement that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, with the advice of its counsel, place such legends on stock certificates issued under the Plan as the Company deems necessary or appropriate to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Stock.

9. ADJUSTMENTS ON CERTAIN EVENTS.

(a) No Effect on Powers of Board or Shareholders. The existence of the Plan and any Options or any Restricted Stock or Restricted Stock Unit Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the capital structure or business of the Company or any of its subsidiaries, any merger or consolidation of the Company or a subsidiary of the Company, any issue of debt, preferred or prior preference stock ahead of or affecting Stock, the authorization or issuance of additional shares of Stock, the dissolution or liquidation of the Company or its

subsidiaries, any sale or transfer of all or part of its assets or business or any other corporate act or proceeding.

(b) Changes in Control.

(i) Options. Each Option Agreement shall provide that in the event that the Company is subject to a Change in Control:

(A) immediately prior thereto all outstanding Options shall be automatically accelerated and become immediately exercisable as to all of the shares of Stock covered thereby, notwithstanding anything to the contrary in the Plan or the Option Agreement; and

(B) the Board may, in its discretion, and on such terms and conditions as it deems appropriate, by resolution adopted by the Board or by the terms of any agreement of sale, merger or consolidation giving rise to the Change in Control, provide that, without Optionee's consent, the shares subject to an Option may (1) continue as an immediately exercisable Option of the Company (if the Company is the surviving corporation), (2) be assumed as immediately exercisable Options by the surviving corporation or its parent, (3) be substituted by immediately exercisable options granted by the surviving corporation or its parent with substantially the same terms for the Option, or (4) be cancelled after payment to the Optionee of an amount in cash or other consideration delivered to stockholders of the Company in the transaction resulting in a Change in Control of the Company equal to the total number of shares subject to the Option multiplied by the remainder of (i) the amount per share to be received by holders of the Company's Stock in the sale, merger or consolidation, minus (ii) the exercise price per share of the shares subject to the Option.

(ii) Restricted Stock Awards. Each Restricted Stock Agreement shall provide that, immediately prior to a Change in Control, all restrictions imposed by the Board on any outstanding Restricted Stock Award shall be automatically canceled, the Restriction Period applicable to all outstanding Restricted Stock Awards shall immediately terminate, and such Restricted Stock Awards shall be fully vested, subject to the Restricted Stock Participant's satisfaction of all applicable federal, state, local and/or foreign income and employment withholding taxes. Any applicable performance goals shall be deemed achieved at not less than the target level, notwithstanding anything to the contrary in the Plan or the Restricted Stock Agreement.

(iii) Restricted Stock Unit Awards. Each Restricted Stock Unit Agreement shall provide that, immediately upon a Change in Control, the Restricted Stock Units subject to such Agreement shall automatically vest in full, and the shares subject to those vested Restricted Stock Units shall be issued, notwithstanding any deferred issuance date otherwise in effect at the time for such shares, subject to the Restricted Stock Unit Participant's satisfaction of all applicable federal, state, local and/or foreign income and employment withholding taxes. Accordingly, all performance milestones or service requirements in effect for those Restricted Stock Units shall be deemed to have been fully achieved or completed, notwithstanding anything to the contrary in the Plan or the Restricted Stock Unit Agreement.

(c) Adjustment Of Shares. The aggregate number, class and kind of shares of stock available for issuance under the Plan, the aggregate number, class and kind of shares of stock as to which Restricted Stock or Restricted Stock Unit Awards may be granted, the limitation set forth in Section 4(c) on the number of shares of Stock that may be issued by a single officer under the Plan, the number, class and kind of shares under each outstanding Restricted Stock or Restricted Stock Unit Award, the exercise price of each Option and the number of shares purchasable on exercise of such Option shall be appropriately adjusted by the Board in its discretion to preserve the benefits or potential benefits intended to be made available under the Plan or with respect to any outstanding Options or any outstanding Restricted Stock or Restricted Stock Unit Awards or otherwise necessary to reflect any such change, if the Company shall (i) pay a dividend in, or make a distribution of, shares of Stock (or securities convertible into, exchangeable for or otherwise entitling a holder thereof to receive Stock), or evidences of indebtedness or other property or assets, on outstanding Stock, (ii) subdivide the outstanding shares of Stock into a greater number of shares, (iii) combine the outstanding shares of Stock into a smaller number of shares or (iv) issue any shares of its capital stock in a reclassification of the Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the resulting corporation). An adjustment made pursuant to this Section 9(c) shall, in the case of a dividend or distribution, be made as of the record date therefor and, in the case of a subdivision, combination or reclassification, be made as of the effective date thereof. In case of any adjustment pursuant to this Section 9(c) with respect to an Option, the total number of shares and the number of

Table of Contents

shares or other units of such other securities purchasable on exercise of the Option immediately prior thereto shall be adjusted so that the Optionee shall be entitled to receive at the same aggregate purchase price the number of shares of Stock and the number of shares or other units of such other securities that the Optionee would have owned or would have been entitled to receive immediately following the occurrence of any of the events described above had the Option been exercised in full immediately prior to the occurrence (or applicable record date) of such event. If, as a result of any adjustment pursuant to this Section 9(c), the Optionee shall become entitled to receive shares of two or more classes or series of securities of the Company, the Board shall equitably determine the allocation of the adjusted exercise price between or among shares or other units of such classes or series and shall notify the Optionee of such allocation. Any new or additional shares or securities received by a Restricted Stock Participant shall be subject to the same terms and conditions, including the Restriction Period, as related to the original Restricted Stock Award.

(d) Receipt of Assets Other Than Stock. If at any time, as a result of an adjustment made pursuant to this Section 9, an Optionee or a Restricted Stock or Restricted Stock Unit Participant shall become entitled to receive any shares of capital stock or shares or other units of other securities or property or assets other than Stock, the number of such other shares or units so receivable on any exercise of the Option or expiration of the Restriction Period or the designated issuance date for the securities subject to vested Restricted Stock Units shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the shares of Stock in this Section 9, and the provisions of this Plan with respect to the shares of Stock shall apply, with necessary changes in points of detail, on like terms to any such other shares or units.

(e) Fractional Shares. All calculations under this Section 9 shall be, in the case of exercise price, rounded up to the nearest cent or, in the case of shares, rounded down to the nearest one-hundredth of a share, but in no event shall the Company be obligated to issue any fractional share.

(f) Inability to Prevent Acts Described in Section 9; Uniformity of Actions Not Required. No Optionee and no Restricted Stock or Restricted Stock Unit Participant shall have or be deemed to have any right to prevent the consummation of the acts described in this Section 9 affecting the number of shares of Stock subject to any Option or any Restricted Stock or Restricted Stock Unit Award held by the Optionee or the Restricted Stock or Restricted Stock Unit Participant. Any actions or determinations by the Board under this Section 9 need not be uniform as to all outstanding Options or outstanding Restricted Stock or Restricted Stock Unit Awards, and need not treat all Optionees or all Restricted Stock or Restricted Stock Unit Participants identically.

10. TAX WITHHOLDING OBLIGATIONS.

(a) General Authorization. The Company is authorized to take whatever actions are necessary and proper to satisfy all obligations of Optionees and Restricted Stock and Restricted Stock Unit Participants (including, for purposes of this Section 10, any other person entitled to exercise an Option or receive shares of Stock pursuant to a Restricted Stock or Restricted Stock Unit Award under the Plan) for the payment of all federal, state, local and/or foreign taxes in connection with any Option grant or exercise, any Restricted Stock Award or any Stock issuance pursuant to a vested Restricted Stock Unit Award (including, but not limited to, actions pursuant to the following Section 10(b)).

(b) Withholding Requirement and Procedure.

(i) Options. Whenever the Company proposes or is required to issue or transfer shares of Stock with respect to an Option, the Company shall have the right to require the grantee to remit to the Company an amount sufficient to satisfy any federal, state and/or local withholding tax requirements prior to the delivery of any certificate or certificates for such shares, including, for each Optionee who is an Employee, the employee portion of the FICA (Social Security and Medicare) taxes. Alternatively, the Company may issue or transfer such shares net of the number of shares sufficient to satisfy the minimum withholding tax requirements. For withholding tax purposes, the shares of Stock shall be valued on the date the withholding obligation is incurred.

(ii) **Restricted Stock**. Each Restricted Stock Participant shall, no later than the date as of which the value of the Restricted Stock Award first becomes includible in the gross income of the Restricted Stock Participant for income tax purposes, pay to the Company in cash, or make arrangements satisfactory to the Company regarding payment to the Company of, any taxes of any kind required by law to be withheld with respect to the Stock or other property subject to such Restricted Stock Award, including, for each Restricted Stock Participant who is an Employee, the employee portion of the FICA (Social Security and Medicare) taxes applicable to the shares of Stock or other property. No Stock shall be delivered to a Restricted Stock Participant with respect to a Restricted Stock Award until such payment or arrangement has been made. The Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Restricted Stock Participant. Notwithstanding the above, the Board may, in its discretion and pursuant to procedures approved by the Board, permit the Restricted Stock Participant to elect withholding by the Company of Stock or other property otherwise deliverable to such Restricted Stock Participant pursuant to his or her Restricted Stock Award, provided, however, that the amount of any Stock so withheld shall not exceed the amount necessary to satisfy the Company's required tax withholding obligations using the minimum statutory withholding rates for federal, state and/or local tax purposes, including payroll taxes, that are applicable to supplemental taxable income in full or partial satisfaction of such tax obligations, based on the Fair Market Value of the Stock on the payment date.

(c) **Section 83(b) Election**. If a Restricted Stock Participant makes an election under Code Section 83(b), or any successor section thereto, to be taxed with respect to a Restricted Stock Award as of the date of transfer of the Restricted Stock rather than as of the date or dates on which the Restricted Stock Participant would otherwise be taxable under Code Section 83(a), such Restricted Stock Participant shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service. Neither the Company nor any of its affiliates shall have any liability or responsibility relating to or arising out of the filing or not filing of any such election or any defects in its construction.

(d) **Restricted Stock Units**. Each Restricted Stock Unit Participant shall comply with the following tax withholding requirements:

(i) **Income Taxes**. The Restricted Stock Unit Participant shall no later than the date as of which the shares of Stock which vest under his or her vested Restricted Stock Unit Award first becomes includible in his or her gross income for income tax purposes, pay to the Company in cash, or make arrangements satisfactory to the Company regarding payment to the Company of, any income taxes required by law to be withheld with respect to the Stock or other property issuable pursuant to such vested Restricted Stock Unit Award.

(ii) **Employment Taxes**. Any Restricted Stock Unit Participant who is an Employee shall be liable for the payment of the employee portion of the FICA (Social Security and Medicare) taxes applicable to the shares of Stock subject to his or her Restricted Stock Unit Award at the time those shares vest. The FICA taxes shall be based upon the Fair Market Value of the shares of Stock on the date those shares vest under the Restricted Stock Unit Award.

No Stock shall be delivered to a Restricted Stock Unit Participant with respect to a Restricted Stock Unit Award until such income and employment withholding taxes have been collected. The Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Restricted Stock Unit Participant. Notwithstanding the above, the Board may, in its discretion and pursuant to procedures approved by the Board, permit the Restricted Stock Unit Participant to satisfy the federal, state and local income withholding taxes applicable to the issued shares of Stock, together with any FICA withholding taxes due at the time of such Stock issuance, by having the Company withhold shares of Stock (based on the Fair Market Value of the Stock on the issuance date) or other property otherwise deliverable to such Restricted Stock Unit Participant in settlement of his or her vested Restricted Stock Unit Award, provided, however, that the amount of any Stock so withheld shall not exceed the amount necessary to satisfy the Company's required income tax withholding obligations using the minimum statutory withholding rates for federal, state and/or local tax purposes, that are applicable to supplemental taxable income

11. AMENDMENT, TERMINATION OR SUSPENSION OF THE PLAN.

(a) **Amendment, Termination or Suspension of Plan**. The Board, at any time and from time to time, may terminate, amend or modify the Plan; provided, however, that to the extent necessary and desirable to comply with any

applicable law, regulation, or stock exchange rule, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required; provided further, however, that unless otherwise required by law or specifically provided herein, no such termination, amendment or alteration shall be made that would materially impair the previously accrued rights of any Optionee or any Restricted Stock or Restricted Stock Unit Participant with respect to his or her Option or his or her Restricted Stock or Restricted Stock Unit Award without his or her written consent.

A-14

(b) Amendment of Options and Restricted Stock and Restricted Stock Unit Awards. The Board may amend the terms of any Option or any Restricted Stock or Restricted Stock Unit Award previously granted, including any Option Agreement or any Restricted Stock or Restricted Stock Unit Agreement, retroactively or prospectively, but no such amendment shall materially impair the previously accrued rights of any Optionee or any Restricted Stock or Restricted Stock Unit Participant with respect to any such Option or any Restricted Stock or Restricted Stock Unit Award without his or her written consent.

(c) Automatic Termination of Plan. Unless sooner terminated, the Plan shall terminate on the date that the aggregate the total number of shares of Stock subject to the Plan have been issued pursuant to the Plan's provisions, and no shares covered by a Restricted Stock Award are any longer subject to any Restriction Period.

12. RIGHTS OF EMPLOYEES, DIRECTORS, CONSULTANTS AND OTHER PERSONS.

Neither this Plan nor any Options or Restricted Stock or Restricted Stock Unit Awards shall confer on any Optionee, Restricted Stock or Restricted Stock Unit Participant or other person:

(a) Any rights or claims under the Plan except in accordance with the provisions of the Plan and the applicable agreement;

(b) Any right with respect to continuation of employment by the Company or any Subsidiary or engagement as a Consultant or Director, nor shall they interfere in any way with the right of the Company or any Subsidiary that employs or engages an Optionee or a Restricted Stock or Restricted Stock Unit Participant to terminate that person's employment or engagement at any time with or without cause.

(c) Any right to be selected to participate in the Plan or to be granted an Option or a Restricted Stock or Restricted Stock Unit Award; or

(d) Any right to receive any bonus, whether payable in cash or in Stock, or in any combination thereof, from the Company or its subsidiaries, nor be construed as limiting in any way the right of the Company or its subsidiaries to determine, in its sole discretion, whether or not it shall pay any employee or consultant bonus, and, if so paid, the amount thereof and the manner of such payment.

13. COMPLIANCE WITH SECTION 16 OF THE EXCHANGE ACT.

So long as a class of the Company's equity securities is registered under Section 12 of the Exchange Act, the Company intends that the Plan shall comply in all respects with Rule 16b-3. If during such time any provision of this Plan is found not to be in compliance with Rule 16b-3, that provision shall be deemed to have been amended or deleted as and to the extent necessary to comply with Rule 16b-3, and the remaining provisions of the Plan shall continue in full force and effect without change. All transactions under the Plan during such time shall be executed in accordance with the requirements of Section 16 of the Exchange Act and the applicable regulations promulgated thereunder.

14. LIMITATION OF LIABILITY AND INDEMNIFICATION.

(a) Contractual Liability Limitation. Any liability of the Company or its subsidiaries to any Optionee or any Restricted Stock or Restricted Stock Unit Participant with respect to any Option or any Restricted Stock or Restricted Stock Unit Award shall be based solely on contractual obligations created by the Plan and the Option Agreements and the Restricted Stock or Restricted Stock Unit Agreements outstanding thereunder.

(b) Indemnification. In addition to such other rights of indemnification as they may have as Directors or officers, Directors and officers to whom authority to act for the Board or the Company is delegated shall be indemnified by the Company against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any right granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at its own expense to handle and defend the same.

15. MISCELLANEOUS

(a) Effective Date. The effective date of the Plan shall be the date the Plan is approved by the stockholders of the Company or such later date as shall be determined by the Board.

(b) Acceptance of Terms and Conditions of Plan. By accepting any benefit under the Plan, each Optionee and each Restricted Stock or Restricted Stock Unit Participant and each person claiming under or through such Optionee or such Restricted Stock or Restricted Stock Unit Participant shall be conclusively deemed to have indicated their acceptance and ratification of, and consent to, all of the terms and conditions of the Plan and any action taken under the Plan by the Company, the Board or the Committee, in any case in accordance with the terms and conditions of the Plan.

(c) No Effect on Other Arrangements. Neither the adoption of the Plan nor anything contained herein shall affect any other compensation or incentive plans or arrangements of the Company or its subsidiaries, or prevent or limit the right of the Company or any subsidiary to establish any other forms of incentives or compensation for their Employees, Directors or Consultants or grant or assume restricted stock or other rights otherwise than under the Plan.

(d) Choice of Law. The Plan shall be governed by and construed in accordance with the laws of the State of California, without regard to such state's conflict of law provisions, and, in any event, except as superseded by applicable Federal law.

(b) Payment of the exercise price per share is due in full in cash (including check) on exercise of all or any part of each installment that has become exercisable by you; provided that, if at the time of exercise the Stock is publicly traded and quoted regularly in the *Wall Street Journal*, payment of the exercise price, to the extent permitted by the Company and applicable statutes and regulations, may be made by having the Company withhold shares of Stock issuable on such exercise, by delivering shares of Stock already owned by you, by cashless exercise described in Section 5(d) of the Plan and complying with its provisions, or by delivering a combination of such forms of payment. 5. Partial or Early Exercise.

(a) Subject to the provisions of this Agreement, you may elect at any time during your Continuous Status as an Employee, Director or Consultant to exercise this option as to any part or all of the shares subject to this option at any time during the term hereof, including, without limitation, a time prior to the date of earliest exercise (vesting) stated in paragraph 3 hereof; provided that:

- (i) a partial exercise of this option shall be deemed to cover first vested shares and then unvested shares next vesting;
- (ii) any shares so purchased that shall not have vested as of the date of exercise shall be subject to the purchase option in favor of the Company as described in the Early Exercise Stock Purchase Agreement available from the Company; and

6. Fractional Shares. This option may not be exercised for any number of shares that would require the issuance of anything other than whole shares.

7. Securities Law Compliance. Notwithstanding anything to the contrary herein, this option may not be exercised if the issuance of shares of Stock upon exercise would constitute a violation of any applicable federal, state or foreign securities laws or other law or regulations or the requirements of any stock exchange or market system upon which the Stock may then be listed. In addition, this option may not be exercised unless (a) a registration statement under the Securities Act shall at the time of exercise of the option be in effect with respect to the shares issuable upon exercise of the option or (b) in the opinion of legal counsel to the Company, the shares issuable upon exercise of the option may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance and sale of any shares hereunder shall relieve the Company of any liability in respect of the failure to issue or sell such shares as to which such requisite authority shall not have been obtained. As a condition to the exercise of any option, the Company may require the Optionee to satisfy any qualifications that may be necessary or appropriate, to evidence compliance with any applicable law or regulation and to make any representation or warranty with respect thereto as may be requested by the Company.

8. Term. The term of this option commences on the date hereof and, unless sooner terminated as set forth below or in the Plan, terminates on _____ (which date shall be no more than five years from the award date in Section 1 of this Agreement). In no event may this option be exercised on or after the date on which it terminates. This option shall terminate prior to the expiration of its term on the date of termination of your Continuous Status as an Employee, Director or Consultant for any reason or for no reason, unless:

- (a) such termination is due to your retirement or Disability and you do not die within the three months after such termination, in which event the option shall terminate on the earlier of the termination date set forth above or six months after such termination of your Continuous Status as an Employee, Director or Consultant; or
- (b) such termination is due to your death, or such termination is due to your retirement or Disability and you die within three months after such termination, in which event the option shall terminate on the earlier of the termination date set forth above or the first anniversary of your death.

Annex A: Page 2

Table of Contents

Notwithstanding any of the foregoing provisions to the contrary however, this option may be exercised following termination of your Continuous Status as an Employee, Director or Consultant only as to that number of shares as to which it shall have been exercisable under Section 2 of this Agreement on the date of such termination.

9. Conditions on Exercise.

(a) This option may be exercised, to the extent specified above, by delivering a notice of exercise (in a form designated by the Company) together with the exercise price to the Secretary of the Company, or to such other person as the Company may designate, during regular business hours, together with such additional documents as the Company may then require pursuant to Section 7 of the Plan.

(b) By exercising this option you agree that the Company (or a representative of the underwriters) may, in connection with an underwritten registration of the offering of any securities of the Company under the Exchange Act, require that you not sell or otherwise transfer or dispose of any shares of Stock or other securities of the Company during such period (not to exceed 180 days) following the effective date (the Effective Date) of the registration statement of the Company filed under the Exchange Act as may be requested by the Company or the representative of the underwriters. For purposes of this restriction, you will be deemed to own securities which (A) are owned directly or indirectly by you, including securities held for your benefit by nominees, custodians, brokers or pledgees, (B) may be acquired by you within sixty days of the Effective Date, (C) are owned directly or indirectly, by or for your brothers or sisters (whether by whole or half blood), spouse, ancestors and lineal descendants, or (D) are owned, directly or indirectly, by or for a corporation, partnership, estate or trust of which you are a shareholder, partner or beneficiary, but only to the extent of your proportionate interest therein as a shareholder, partner or beneficiary thereof. You further agree that the Company may impose stop-transfer instructions with respect to securities subject to the foregoing restrictions until the end of such period.

10. Adjustments on Certain Events.

(a) In the event that the Company is subject to a Change in Control:

(i) immediately prior thereto this option shall be automatically accelerated and become immediately exercisable as to all of the shares of Stock covered hereby, notwithstanding anything to the contrary in the Plan or this Agreement; and (ii) the Board may, in its discretion, and on such terms and conditions as it deems appropriate, by resolution adopted by the Board or by the terms of any agreement of sale, merger or consolidation giving rise to the Change in Control, provide that, without Optionee's consent, the shares subject to this option may (A) continue as an immediately exercisable option of the Company (if the Company is the surviving corporation), (B) be assumed as immediately exercisable options by the surviving corporation or its parent, (C) be substituted by immediately exercisable options granted by the surviving corporation or its parent with substantially the same terms for this option, or (D) be cancelled after payment to Optionee of an amount in cash or other consideration delivered to stockholders of the Company in the transaction resulting in a Change in Control of the Company equal to the total number of shares subject to this option multiplied by the remainder of (1) the amount per share to be received by holders of the Company's Stock in the sale, merger or consolidation, minus (2) the exercise price per share of the shares subject to this option.

(b) The exercise price shall be subject to adjustment from time to time in the event that the Company shall (i) pay a dividend in, or make a distribution of, shares of Stock (or securities convertible into, exchangeable for or otherwise entitling a holder thereof to receive Stock), or evidences of indebtedness or other property or assets, on outstanding Stock, (ii) subdivide the outstanding shares of Stock into a greater number of shares, (iii) combine the outstanding shares of Stock into a smaller number of shares or (iv) issue any shares of its capital stock in a reclassification of the Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the resulting corporation). An adjustment made pursuant to this Section 10(b) shall, in the case of a dividend or distribution, be made as of the record date therefor and, in the case of a subdivision, combination or reclassification, be made as of the effective date thereof. In any such case, the total number of shares and the number of shares or other units of such other securities purchasable on exercise of the option immediately prior thereto shall be adjusted so that the Optionee shall be entitled to receive at the same aggregate purchase price the number of shares of Stock and the number of shares or other units of such other securities that the Optionee would have owned or would have been entitled to receive immediately following the occurrence of any of the events described above had the option been exercised in full immediately prior to the occurrence (or applicable record date) of such event. If, as a result of any

adjustment pursuant to this Section 10(b), the Optionee shall become entitled to receive shares of two or more classes or series of securities of the Company, the Board shall equitably determine the allocation of the adjusted exercise price between or among shares or other units of such classes or series and shall notify the Optionee of such allocation.

Annex A: Page 3

Table of Contents

(c) If at any time, as a result of an adjustment made pursuant to this Section 10, the Optionee shall become entitled to receive any shares of capital stock or shares or other units of other securities or property or assets other than Stock, the number of such other shares or units so receivable on any exercise of the option shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the shares of Stock in this Section 10, and the provisions of this Agreement with respect to the shares of Stock shall apply, with necessary changes in points of detail, on like terms to any such other shares or units.

(d) All calculations under this Section 10 shall be, in the case of exercise price, rounded up to the nearest cent or, in the case of shares subject to this option, rounded down to the nearest one-hundredth of a share, but in no event shall the Company be obligated to issue any fractional share on any exercise of the option.

11. Non-Transferability. This option is generally not transferable, except by will or by the laws of descent and distribution, unless the Company expressly permits a transfer, such as to a trust or other entity for estate planning purposes. Unless the Company approves such a transfer, this option is exercisable during your life only by you.

12. Rights of Optionee. This Agreement is not an employment contract and nothing in this Agreement shall be deemed to create in any way whatsoever any obligation on your part to continue in the employ of the Company, or of the Company to continue your employment with the Company. If this option is granted to you in connection with your performance of services as a Consultant, references to employment, Employee and similar terms shall be deemed to include the performance of services as a Consultant; provided that no rights as an Employee shall arise by reason of the use of such terms.

13. Tax Withholding Obligations. Whenever the Company proposes or is required to issue or transfer shares of Stock to you with respect to an Option, the Company shall have the right to require you to remit to the Company an amount sufficient to satisfy any Federal, state or local withholding tax requirements, including your applicable share of any employment taxes, prior to the delivery of any certificate or certificates for such shares. Alternatively, the Company may issue or transfer such shares net of the number of shares sufficient to satisfy the withholding tax requirements. For withholding tax purposes, the shares of Stock shall be valued on the date the withholding obligation is incurred.

14. Notice. Any notice or other communication to be given under or in connection with this Agreement or the Plan shall be given in writing and shall be deemed effectively given on receipt or, in the case of notices from the Company to you, five days after deposit in the United States mail, postage prepaid, addressed to you at the address specified below or at such other address as you may hereafter designate by notice to the Company.

15. Agreement Subject to Plan. This Agreement is subject to all provisions of the Plan, a copy of which is attached hereto and made a part of this Agreement, and is further subject to all interpretations, amendments, rules and regulations which may from time to time be promulgated and adopted pursuant to the Plan. In the event of any conflict between the provisions of this Agreement and those of the Plan, the provisions of the Plan shall control.

RESTRICTED STOCK AGREEMENT

Dear _____:

Waste Connections, Inc. (the "Company"), pursuant to its Third Amended and Restated 2004 Equity Incentive Plan (the "Plan") has granted to you an award of Restricted Stock ("Award") in shares of common stock of the Company ("Stock"). The Restricted Stock will be issued to you subject to restrictions on transfer and otherwise, which will lapse over the Restricted Period, provided that you maintain Continuous Status as an Employee, Director or Consultant. The grant under this Restricted Stock Agreement (the "Agreement") is in connection with and in furtherance of the Company's compensatory benefit plan for participation of the Company's Employees, Directors and Consultants. Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to them in the Plan. The Award granted hereunder is subject to and governed by the following terms and conditions:

1. Award Date:_____.

2. Number of Shares Subject to Award:_____.

3. Purchase Price. The purchase price for each share of Stock awarded by this Agreement is \$_____.

4. Vesting Schedule. The Award of Restricted Stock shall be deemed non-forfeitable and such Stock shall no longer be considered Restricted Stock on the earlier of a Change in Control or the expiration of the Restriction Period on the following dates with respect to the following percentages of the total shares of Restricted Stock awarded, and the Company shall, within a reasonable time and subject to Section 5, deliver stock certificates evidencing such Stock to you:

(a) Schedule of Expiration of Restriction Period. The overall restriction period, which begins on the date of the grant of the Award and ends on the _____ anniversary of the grant of the Award (the "Restriction Period"), expires in _____ equal phases:

Date	Restriction Period Expires with Respect to the Following Percentage of Total Shares of Restricted Stock Awarded
On grant	0%
As of _____, 20__ (first anniversary of grant)	%
[As of _____, 20__ (second anniversary of grant)]	[__%]
[As of _____, 20__ (third anniversary of grant)]	[__%]
[As of _____, 20__ (fourth anniversary of grant)]	[__%]

Annex B: Page 1

Table of Contents

(b) Forfeiture of Restricted Stock. If, during the Restriction Period, your Continuous Status as an Employee, Director or Consultant terminates for any reason, you will forfeit any shares of Restricted Stock as to which the Restriction Period has not yet expired.

5. Conditions on Awards. Notwithstanding anything to the contrary herein:

(a) Securities Law Compliance. Awards may not be granted and shares of stock may not be issued if either such action would constitute a violation of any applicable federal, state or foreign securities laws or other law or regulations or the requirements of any stock exchange or market system on which the Stock may then be listed. In addition, no Stock may be issued unless (a) a registration statement under the Securities Act shall at the time of issuance of the Stock be in effect with respect to the shares of Stock to be issued or (b) in the opinion of legal counsel to the Company, the shares of Stock to be issued on expiration of the applicable Restriction Period may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance and sale of any shares hereunder shall relieve the Company of any liability in respect of the failure to issue or sell such shares as to which such requisite authority shall not have been obtained. As a condition to the issuance of any Stock, the Company may require you to satisfy any qualifications that may be necessary or appropriate to evidence compliance with any applicable law or regulation and to make any representation or warranty with respect thereto as may be requested by the Company.

(b) Investment Representation. The Company may require you, or any person to whom an Award is transferred, as a condition of receiving shares of Stock pursuant to such Award, to (A) give written assurances satisfactory to the Company as to your knowledge and experience in financial and business matters or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters, and that you are capable of evaluating, alone or together with the purchaser representative, the merits and risks of receiving such Stock, and (B) to give written assurances satisfactory to the Company stating that you are acquiring the Stock for your own account and not with any present intention of selling or otherwise distributing the Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall not apply if (1) the issuance of the Stock has been registered under a then currently effective registration statement under the Securities Act, or (2) counsel for the Company determines as to any particular requirement that such requirement need not be met in the circumstances under the then applicable securities laws.

6. Non-Transferability of Award. During the Restriction Period stated herein, you shall not sell, transfer, pledge, assign, encumber or otherwise dispose of the Restricted Stock whether by operation of law or otherwise and shall not make such Restricted Stock subject to execution, attachment or similar process. Any attempt by you to do so shall constitute the immediate and automatic forfeiture of such Award. Notwithstanding the foregoing, you may designate the payment or distribution of the Award (or any portion thereof) after your death to the beneficiary most recently named by you in a written designation thereof filed with the Company, or, in lieu of any such surviving beneficiary, as designated by you by will or by the laws of descent and distribution. In the event any Award is to be paid or distributed to the executors, administrators, heirs or distributees of your estate, or to your beneficiary, in any such case pursuant to the terms and conditions of the Plan and in accordance with such terms and conditions as may be specified from time to time by the Committee, the Company shall be under no obligation to issue Stock thereunder unless and until the Committee is satisfied that the person or persons to receive such Stock is the duly appointed legal representative of your estate or the proper legatee or distributee thereof or your named beneficiary.

7. Adjustments on Certain Events.

(a) Changes in Control. Immediately prior to a Change in Control, all restrictions imposed by the Committee on any outstanding Award shall be immediately automatically canceled, the Restriction Period shall immediately terminate and the Award shall be fully vested, notwithstanding anything to the contrary in the Plan or the Agreement.

Annex B: Page 2

Table of Contents

(b) Adjustment of Shares. The number, class and kind of shares under the Award shall be appropriately adjusted by the Committee in its discretion to preserve the benefits or potential benefits intended to be made available under the Plan or with respect to the Award or otherwise necessary to reflect any such change, if the Company shall (i) pay a dividend in, or make a distribution of, shares of Stock (or securities convertible into, exchangeable for or otherwise entitling a holder thereof to receive Stock), or evidences of indebtedness or other property or assets, on outstanding Stock, (ii) subdivide the outstanding shares of Stock into a greater number of shares, (iii) combine the outstanding shares of Stock into a smaller number of shares or (iv) issue any shares of its capital stock in a reclassification of the Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the resulting corporation). An adjustment made pursuant to this Section 7(b) shall, in the case of a dividend or distribution, be made as of the record date therefor and, in the case of a subdivision, combination or reclassification, be made as of the effective date thereof. Any new or additional shares or securities that you receive are subject to the same terms and conditions, including the Restriction Period, as related to the original Award.

(c) Receipt of Assets other than Stock. If at any time, as a result of an adjustment made pursuant to this Section 7, you shall become entitled to receive any shares of capital stock or shares or other units of other securities or property or assets other than Stock, the number of such other shares or units so receivable on expiration of the Restriction Period shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the shares of Stock in this Section 7, and the provisions of this Agreement with respect to the shares of Stock shall apply, with necessary changes in points of detail, on like terms to any such other shares or units.

(d) Fractional Shares. All calculations under this Section 7 shall be made to the nearest cent or to the nearest one-hundredth of a share, as the case may be, but in no event shall the Company be obligated to issue any fractional share.

(e) Inability to Prevent Acts Described in Section 7; Uniformity of Actions Not Required. No Restricted Stock Participant shall have or be deemed to have any right to prevent the consummation of the acts described in this Section 7 affecting the number of shares of Stock subject to any Award held by the Restricted Stock Participant. Any actions or determinations by the Committee under this Section 7 need not be uniform as to all outstanding Awards, and need not treat all Restricted Stock Participants identically.

8. Rights of Restricted Stock Participant. This Plan and the Awards shall not confer on you or any other person:

(a) Any rights or claims under the Plan except in accordance with the provisions of the Plan and the applicable agreement;

(b) Any right with respect to continuation of employment or a consulting or directorship arrangement with the Company or any Subsidiary, nor shall they interfere in any way with the right of the Company or any Subsidiary that employs you or engages you as a consultant or director to terminate your employment or consulting or directorship arrangement at any time with or without cause;

(c) Any right to be selected to participate in the Plan or to be granted an Award; or

(d) Any right to receive any bonus, whether payable in cash or in Stock, or in any combination thereof, from the Company or its subsidiaries, nor be construed as limiting in any way the right of the Company or its subsidiaries to determine, in its sole discretion, whether or not it shall pay any employee, consultant or director bonuses, and, if so paid, the amount thereof and the manner of such payment.

Annex B: Page 3

Table of Contents

9. Tax Withholding Obligations.

(a) Withholding Requirement and Procedure. You shall (and in no event shall Stock be delivered to you with respect to an Award until), no later than the date as of which the value of the Award first becomes includible in your gross income for income tax purposes, pay to the Company in cash, or make arrangements satisfactory to the Company, as determined in the Committee's discretion, regarding payment to the Company of, any taxes of any kind required by law to be withheld with respect to the Stock or other property subject to such Award, including your applicable share of any employment taxes, and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to you. Notwithstanding the above, the Committee may, in its discretion and pursuant to procedures approved by the Committee, permit you to elect withholding by the Company of Stock or other property otherwise deliverable to you pursuant to your Award, provided, however, that the amount of any Stock so withheld shall not exceed the amount necessary to satisfy the Company's required tax withholding obligations using the minimum statutory withholding rates for Federal, state and/or local tax purposes, including payroll taxes, that are applicable to supplemental taxable income in full or partial satisfaction of such tax obligations, based on the Fair Market Value of the Stock on the payment date.

(b) Section 83(b) Election. If you make an election under Code Section 83(b), or any successor section thereto, to be taxed with respect to an Award as of the date of transfer of the Restricted Stock rather than as of the date or dates on which you would otherwise be taxable under Code Section 83(a), you shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service. Neither the Company nor any of its affiliates shall have any liability or responsibility relating to or arising out of the filing or not filing of any such election or any defects in its construction.

10. Notice. Any notice or other communication to be given under or in connection with this Agreement or the Plan shall be given in writing and shall be deemed effectively given on receipt or, in the case of notices from the Company to you, five days after deposit in the United States mail, postage prepaid, addressed to you at the address specified below or at such other address as you may hereafter designate by notice to the Company.

11. Agreement Subject to Plan. This Agreement is subject to all provisions of the Plan, a copy of which is attached hereto and made a part of this Agreement, and is further subject to all interpretations, amendments, rules and regulations which may from time to time be promulgated and adopted pursuant to the Plan. In the event of any conflict between the provisions of this Agreement and those of the Plan, the provisions of the Plan shall control.

RESTRICTED STOCK UNIT AGREEMENT

Dear _____:

Waste Connections, Inc. (the "Company") is pleased to inform you that you have been awarded Restricted Stock Units under the Company's Third Amended and Restated 2004 Equity Incentive Plan (the "Plan"). The units will entitle you to receive shares of the Company's common stock in a series of installments over your period of continued service with the Company. Each Restricted Stock Unit represents the right to receive one share of the Company's common stock ("Common Stock") on the vesting date of that unit. Unlike a typical stock option program, the shares will be issued to you as a bonus for your continued service over the vesting period, without any cash payment required from you. However, you must pay the applicable income and employment withholding taxes (described below) when due. The award under this Restricted Stock Unit Agreement (the "Agreement") is in connection with and in furtherance of the Company's compensatory benefit plan for participation of the Company's Employees, Directors and Consultants. Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to them in the Plan. This Agreement sets the number of shares of the Common Stock subject to your award, the applicable vesting schedule for the issuance of those shares, and the remaining terms and conditions governing your award (the "Award").

Award Date:

Number of Shares Subject to Award:

_____ shares of the Company's common stock (the "Shares").

Vesting Schedule:

The Shares will vest and become issuable in a series of _____ (_____) successive equal annual installments upon your completion of each year of Continuous Status as an Employee, Director or Consultant over the _____ (_____) year period measured from the Award Date. However, no Shares which vest in accordance with such schedule will actually be issued until you satisfy all applicable income and employment withholding taxes.

Other important features of your Award may be summarized as follows:

1. Forfeitability: Should your Continuous Status as an Employee, Director or Consultant cease for any reason prior to vesting in one or more Shares subject to your Award, then your Award will be cancelled with respect to those unvested Shares and the number of your Restricted Stock Units will be reduced accordingly, and you will cease to have any right or entitlement to receive any Shares under those cancelled units.

2. Transferability: Prior to your actual receipt of the Shares in which you vest under your Award, you may not transfer any interest in your Award or the underlying Shares or pledge or otherwise hedge the sale of those Shares, including (without limitation) any short sale, put or call option or any other instrument tied to the value of those Shares. Any attempt by you to do so will result in an immediate forfeiture of the Restricted Stock Units awarded to you hereunder. However, your right to receive any Shares which have vested under your Restricted Stock Units but which remain unissued at the time of your death may be transferred pursuant to the provisions of your will or the laws of inheritance or to your designated beneficiary following your death. In the event the Shares which vest hereunder are to be issued to the executors, administrators, heirs or distributees of your estate or to your designated beneficiary, the Company shall be under no obligation to effect such issuance unless and until the Committee is satisfied that the person to receive those Shares is the duly appointed legal representative of your estate or the proper legatee or distributee thereof or your named beneficiary.

Any Shares issued to you pursuant to the terms of this Agreement may not be sold or transferred in contravention of (i) any market black-out periods the Company may impose from time to time or (ii) the Company's insider trading policies to the extent applicable to you.

Table of Contents

3. *Adjustments:* The number, class and kind of securities subject to your Restricted Stock Units hereunder shall be appropriately adjusted by the Committee in its discretion to preserve the benefits or potential benefits intended to be made available under the Plan or with respect to those Restricted Stock Units or as otherwise necessary to reflect any such change, if the Company shall (i) pay a dividend in, or make a distribution of, shares of Common Stock (or securities convertible into, exchangeable for or otherwise entitling a holder thereof to receive such Common Stock), or evidences of indebtedness or other property or assets, on the outstanding Common Stock, (ii) subdivide the outstanding shares of Common Stock into a greater number of shares, (iii) combine the outstanding shares of Common Stock into a smaller number of shares or (iv) issue any shares of its capital stock in a reclassification of such Common Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the resulting corporation). An adjustment made pursuant to this Section 3 shall, in the case of a dividend or distribution, be made as of the record date therefor and, in the case of a subdivision, combination or reclassification, be made as of the effective date thereof.

4. *Federal Income Taxation:* You will recognize ordinary income for federal income tax purposes on the date the Shares subject to your Award vest, and you must satisfy the income tax withholding obligation applicable to that income. The amount of your taxable income will be equal to the closing selling price per share of Common Stock on the New York Stock Exchange on the vesting date times the number of Shares which vest on that date.

5. *FICA Taxes:* You will be liable for the payment of the employee share of the FICA (Social Security and Medicare) taxes applicable to the Shares subject to your Award at the time those shares vest. FICA taxes will be based on the closing selling price of the shares on the New York Stock Exchange on the date those Shares vest under your Award.

6. *Withholding Taxes:* You must pay all applicable federal, state and local income and employment withholding taxes when due.

(a) The Company shall collect the applicable federal, state and local income and employment withholding taxes with respect to the vested Shares through an automatic Share withholding procedure pursuant to which the Company will withhold, immediately as the Shares vest under the Award, a portion of those vested Shares with a fair market value (measured as of the vesting date) equal to the amount of such withholding taxes (the *Share Withholding Method*); ***provided, however***, that the amount of any Shares so withheld shall not exceed the amount necessary to satisfy the Company's required tax withholding obligations using the minimum statutory withholding rates for federal, state and local tax purposes, including payroll taxes, that are applicable to supplemental taxable income. You shall be notified in writing in the event such *Share Withholding Method* is no longer available.

(b) Should any Shares vest under the Award at a time the *Share Withholding Method* is not available, then the applicable federal, state and local income and employment withholding taxes shall be collected from you through either of the following alternatives:

your delivery of a separate check payable to the Company in the amount of such withholding taxes, or
the use of the proceeds from a next-day sale of the Shares issued to you; ***provided*** and only if (i) such a sale is permissible under the Company's trading policies governing the sale of Common Stock, (ii) you make an irrevocable commitment, on or before the vesting date for those Shares, to effect such sale of the Shares and (iii) the transaction is not otherwise deemed to constitute a prohibited loan under Section 402 of the Sarbanes-Oxley Act of 2002.

7. *Stockholder Rights:* You will not have any stockholder rights, including voting rights and actual dividend rights, with respect to the Shares subject to your Award until you become the record holder of those Shares following their actual issuance to you and your satisfaction of the applicable withholding taxes.

8. Dividend Equivalent Rights: Should a regular cash dividend be declared on the Common Stock at a time when unissued shares of such Common Stock are subject to your Award, then the number of Shares at that time subject to your Award will automatically be increased by an amount determined in accordance with the following formula, rounded down to the nearest whole share:

$X = (A \times B)/C$, where

- X = the additional number of Shares which will become subject to your Award by reason of the cash dividend;
- A = the number of unissued Shares subject to this Award as of the record date for such dividend;
- B = the per Share amount of the cash dividend; and
- C = the closing selling price per share of Common Stock on the New York Stock Exchange on the payment date of such dividend.

The additional Shares resulting from such calculation will be subject to the same terms and conditions as the unissued Shares to which they relate under your Award.

9. Change in Control: In the event of a Change in Control, the vesting of the Shares subject to your Award will accelerate in full immediately upon such Change in Control and the shares subject to your Award shall be issued, subject to your satisfaction of all applicable federal, state, local and/or foreign income and employment withholding taxes.

10. Securities Law Compliance: No Shares will be issued pursuant to your Award if such issuance would constitute a violation of any applicable federal, state or foreign securities laws or other law or regulations or the requirements of any stock exchange or market system on which the Common Stock may then be listed. In addition, no Shares will be issued unless: (a) a registration statement under the Securities Act is in effect at that time with respect to the Shares to be issued; or (b) in the opinion of legal counsel to the Company, those Shares may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance of any Shares hereunder shall relieve the Company of any liability in respect of the failure to issue such Shares as to which such requisite authority shall not have been obtained. As a condition to the issuance of any Shares, the Company may require you to satisfy any qualifications that may be necessary or appropriate to evidence compliance with any applicable law or regulation and to make any representation or warranty with respect thereto as may be requested by the Company.

11. Notice: Any notice or other communication to be given under or in connection with this Agreement or the Plan shall be given in writing and shall be deemed effectively given on receipt or, in the case of notices from the Company to you, five days after deposit in the United States mail, postage prepaid, addressed to you at the address specified below or at such other address as you may hereafter designate by notice to the Company.

12. Remaining Terms: The remaining terms and conditions of your Award are governed by the Plan, and your Award is also subject to all interpretations, amendments, rules and regulations which may from time to time be adopted under the Plan. Along with this Agreement, you also received a copy of the official prospectus summarizing the principal features of the Plan. Please review the plan prospectus carefully so that you fully understand your rights and benefits under your Award and the limitations, restrictions and vesting provisions applicable to the Award. In the event of any conflict between the provisions of this Agreement and those of the Plan, the provisions of the Plan shall be controlling.

13. Limitations: Nothing in this Agreement or the Plan shall confer on you or any other person:

- (a) Any rights or claims under the Plan except in accordance with the provisions of the Plan and the applicable agreement;
- (b) Any right with respect to continuation of employment or a consulting or directorship arrangement with the Company or any Subsidiary, nor shall they interfere in any way with the right of the Company or any Subsidiary that

employs you or engages you as a consultant or director to terminate your employment or consulting or directorship arrangement at any time, with or without cause;

(c) Any right to be selected to participate in the Plan or to be granted an Award; or

(d) Any right to receive any bonus, whether payable in cash or in Common Stock, or in any combination thereof, from the Company or its Subsidiaries, nor be construed as limiting in any way the right of the Company or its Subsidiaries to determine, in its sole discretion, whether or not it shall pay any employee, consultant or director bonuses, and, if so paid, the amount thereof and the manner of such payment.
