PROXY STATEMENT

Annual Meeting of Shareholders to be held May 18, 2010

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Credit Acceptance Corporation, a Michigan corporation (the Company, Credit Acceptance, we, our, or us), to be used at the Annual Meeting of Shareholders of Credit Acceptance to be held on Tuesday, May 18, 2010, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders and in this Proxy Statement. This Proxy Statement and the enclosed form of Proxy were first sent or given to security holders on or about April 8, 2010.

Only shareholders of record at the close of business on March 23, 2010 (the Record Date) will be entitled to vote at the meeting or any adjournment or postponement thereof. Each holder of the 31,012,513 issued and outstanding shares of our common stock (the Common Stock) on the Record Date is entitled to one vote per share. The presence, either in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting.

Under rules adopted by the U.S. Securities and Exchange Commission (the SEC), we are now furnishing proxy materials to our shareholders on the Internet, rather than mailing printed copies of those materials to each shareholder. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy materials on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials.

A proxy may be revoked at any time before it is exercised by giving a written notice to our Corporate Secretary bearing a later date than the proxy, by submitting a later-dated proxy or, if you are a shareholder of record or hold legal authority from a shareholder of record, by voting the shares represented by the proxy in person at the Annual Meeting. Unless revoked, the shares represented by each duly executed, timely delivered proxy will be voted in accordance with the specifications made. **If no specifications are made on a duly executed, timely delivered proxy, such shares will be voted FOR the election of directors named in this Proxy Statement and FOR ratifying the selection of Grant Thornton LLP (Grant Thornton) as our independent registered public accounting firm for 2010.** The Board does not intend to present any other matters at the Annual Meeting. However, should any other matters properly come before the Annual Meeting, it is the intention of such proxy holders to vote the proxy in accordance with their best judgment to the extent permitted by law.

Directors are elected by a plurality of the votes cast at the Annual Meeting. The ratification of the selection of Grant Thornton as our independent registered public accounting firm for 2010 requires the affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of shares entitled to vote thereon.

If you withhold your vote with respect to the election of the directors or abstain with respect to the ratification of the selection of Grant Thornton as our independent registered public accounting firm for 2010, your shares will be counted for purposes of determining a quorum. Withheld votes and abstentions will be excluded entirely from the vote on the election of directors and the ratification of the selection of Grant Thornton as our independent registered

Table of Contents

public accounting firm for 2010, respectively, and will therefore have no effect on the election and the ratification, as applicable.

If you own shares through a bank or broker in street name, you may instruct your bank or broker how to vote your shares. Broker non-votes occur when a bank, broker or other nominee holder has not received voting instructions with respect to a particular matter and the nominee holder does not have discretionary power to vote on that matter. The ratification of independent registered public accountants is considered a routine matter, and therefore your bank or broker will have discretionary authority to vote your shares held in street name on this proposal. The election of directors is not considered a routine matter, and therefore your bank or broker will not have discretionary authority to vote your shares held in street name on that proposal.

The expenses of soliciting proxies will be paid by Credit Acceptance. In addition to solicitation by mail, our officers and employees, who will receive no extra compensation therefore, may solicit proxies personally or by telephone. We will reimburse brokerage houses, custodians, nominees and fiduciaries for their expense in mailing proxy materials to shareholders.

Each director holds office until the next annual meeting of shareholders and until his or her successor has been elected and qualified. The nominees named below have been selected by the Board. If, due to circumstances not now foreseen, any of the nominees named below will not be available for election, the proxies will be voted for such other person or persons as the Board may select. Leadership Structure of the Board

The Board is responsible for evaluating and determining our optimal leadership structure so as to provide independent oversight of management. The Board has the authority to combine or separate the positions of Chairman and Chief Executive Officer as well as determine whether, if the positions are separated, the Chairman is an affiliated director or an independent director. Since January 1, 2002, we have separated the positions of Chairman and Chief Executive Officer. Don Foss serves as Chairman of the Board due to his extensive knowledge relating to our line of business and experience with us, which continue to be invaluable to the Board. Brett Roberts serves as our Chief Executive Officer due to his in-depth knowledge of the Company and his ability to provide strategic guidance to our business operations. The Board periodically reviews our leadership structure to determine if it is still appropriate in light of current corporate governance standards, market practices, our specific circumstances and needs, and any other factors that may be relevant to the discussion. While the Board does not have a lead independent director, the three independent directors on the Board meet separately regularly and rotate responsibility for chairing these separate sessions of the

independent directors. The Board believes that the current Board leadership structure is the most appropriate for us and our shareholders at this time.

Risk Oversight of the Board

It is management's responsibility to manage risk and bring to the Board's attention our most material risks. The Board has oversight responsibility of the processes established to report and monitor systems for material risks

Table of Contents

applicable to us. The Audit Committee regularly reviews our significant risks and exposures and assesses the steps management has taken to minimize such risk.

Meetings and Committees of the Board

The Board held five meetings during 2009. All directors attended all meetings of the Board and committees of the Board on which he or she served during 2009, with the exception of Ms. Chamberlain, who was absent for one audit committee meeting. Directors are expected to use their best efforts to be present at the annual meeting of shareholders. All of our directors who were serving at such time of the 2009 Annual Meeting of Shareholders attended the Annual Meeting.

Standing committees of the Board include the Executive Compensation Committee, the Audit Committee and the Nominating Committee. The members of each of the committees during 2009 were Messrs. Tryforos, Vassalluzzo and Ms. Chamberlain. Messrs. Tryforos, Vassalluzzo and Ms. Chamberlain were determined to be independent directors as defined in Marketplace Rule 4200(a)(15) of The Nasdaq Stock Market (Nasdaq).

The Board has adopted charters for each of the three standing committees. The charters are available on our website at creditacceptance.com through the Corporate Governance link on the Investor Relations page.

The Executive Compensation Committee held five meetings in 2009. The Executive Compensation Committee's principal responsibilities include: (a) reviewing and approving on an annual basis the compensation of all our executive officers, (b) making recommendations to the Board regarding compensation of non-employee directors, and (c) reviewing and administering all benefit plans pursuant to which our securities (including stock options, restricted share grants, and restricted share unit awards) are granted to our executive officers or directors.

The Nominating Committee held one meeting in 2009. The Nominating Committee's principal responsibilities include: (a) establishing criteria for the selection of new Board members and conducting searches and interviews for individuals qualified to become Board members; (b) making recommendations to the Board regarding director nominees for the next annual meeting of shareholders from the pool of identified qualified individuals; and (c) recommending to the Board which directors should serve on the various committees of the Board. The Nominating Committee may use various methods to identify director candidates, including recommendations from existing Board members, management, shareholders, search firms and other outside sources. The Nominating Committee does not have a formal policy of considering diversity in identifying potential director nominees, but believes that diversity, in skills, experience, perspective and background, is an important contributing factor to an effective decision-making process. Director candidates need not possess any specific minimum qualifications, rather, a candidate's suitability for nomination and election to the Board will be evaluated in light of the diversity of skills, experience, perspective and background required for the effective functioning of the Board, as well as our strategy and regulatory and market environments. All nominees are currently directors of Credit Acceptance. When considering whether the nominees have the experience, attributes and skills to serve as a director, the Board focused primarily on the biographical information set forth above. In particular with respect to Mr. Foss, the Board considered his extensive knowledge relating to our line of business and experience with us. With respect to Mr. Roberts, the Board considered his in-depth knowledge of the Company and his ability to provide strategic guidance to our business operations. With respect to Ms. Chamberlain, the Board considered her significant management experience, expertise, and background with regard to accounting and financial matters. With respect to Mr. Tryforos, the Board considered his experience on our Board and his background with regard to investing and financial matters. With respect to Mr. Vassalluzzo, the Board considered his expertise and background with regard to investing and financial matters. The Nominating Committee will consider candidates recommended by shareholders using the same procedures and standards utilized for evaluating candidates recommended by other sources. See Shareholder Proposals and Nominees for 2011 Annual Meeting for a description of the procedures for shareholders to submit recommendations of candidates for director.

The Audit Committee met ten times in 2009. The Audit Committee's principal responsibilities include: (a) overseeing the integrity of our financial statements and financial reporting process, and our systems of internal accounting and financial controls; (b) overseeing the annual independent audit of our financial statements, the engagement of the independent auditors and the evaluation of the independent auditors' qualifications, independence and performance; (c) overseeing our disclosure controls and procedures; (d) approving in advance all audit

Table of Contents

services, to ensure that a written statement is received from the external auditors setting forth all relationships with us; (e) reviewing and approving any related party transactions; (f) periodically meeting with the Chief Legal Officer and Corporate Secretary and the appropriate legal staff to review our material legal affairs; and (g) acting as the Qualified Legal Compliance Committee. The Board has determined that each of the members of the Audit Committee is independent, as independence is defined in the applicable Nasdaq and SEC rules for Audit Committee members. The Board has also determined that Mr. Tryforos, Mr. Vassalluzzo and Ms. Chamberlain are audit committee financial experts as defined by applicable SEC rules and that each of the Audit Committee members satisfies all other qualifications for Audit Committee members set forth in the applicable Nasdaq and SEC rules.

Report of the Audit Committee

In accordance with its written charter, the Audit Committee provides assistance to the Board in fulfilling its responsibility to the shareholders, potential shareholders and investment community relating to oversight of the independent auditors, corporate accounting, reporting practices and the quality and integrity of our financial reports.

In discharging its oversight responsibility as to the audit process, the Audit Committee received from the independent auditors and reviewed a formal written statement describing all relationships between the auditors and us that might reasonably be thought to bear on the auditors' independence consistent with the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence, and discussed with the auditors any relationships that may reasonably be thought to impact their objectivity and independence and satisfied itself as to the auditors' independence.

The Audit Committee discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1 AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee reviewed and discussed with management and the independent auditors our audited financial statements as of and for the fiscal year ended December 31, 2009 and the independent auditors' evaluation of our internal control over financial reporting.

Based on the above-mentioned reviews and discussions with management and the independent auditors, the Audit Committee recommended to the Board that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC. The Audit Committee also reappointed Grant Thornton as the independent auditors for the fiscal year ended December 31, 2010.

Compensation Mr. Roberts, Chief Executive Officer

Compensation for Mr. Roberts, our Chief Executive Officer, includes a base salary and equity-based incentive compensation.

Base salaries at all levels in the organization are designed to provide a level of basic compensation and allow us to recruit and retain qualified team members. Mr. Roberts' base salary was determined by the Compensation Committee after considering the following:

The performance of Credit Acceptance over Mr. Roberts' tenure as Chief Executive Officer;

An assessment of Mr. Roberts' individual performance;

Market data;

Internal benchmarks; and

Other components of Mr. Roberts' total compensation plan.

In February 2010, the Compensation Committee determined that Mr. Roberts' annual base salary of \$800,000 for 2009 will remain unchanged for 2010 based on the determination that his overall compensation plan did not require any adjustment and is working as intended.

The principle component of Mr. Roberts' incentive compensation plan is comprised of restricted stock unit (RSU) awards. On February 22, 2007, the Compensation Committee approved an award of 300,000 RSUs to Mr. Roberts. Each RSU represents and has a value equal to one share of our common stock. The RSUs will be earned over a five year period starting in 2007, based upon the compounded annual increase in our adjusted economic profit. Adjusted economic profit measures how efficiently we utilize our total capital, both debt and equity. Management uses adjusted economic profit to assess our performance as well as to make capital allocation decisions. Management believes this information is important to shareholders because it allows shareholders to compare the returns we earn by investing capital in our core business with the return they could expect if we returned capital to shareholders and they invested in other securities. Adjusted economic profit is defined, for the purposes of the RSU vesting calculation, as net income (adjusted for non-recurring items and certain non-US GAAP adjustments, as included in our earnings releases, and adjustments to reflect carrying costs of stock options) less a cost of capital. The cost of capital includes a cost of debt and a cost of equity. The cost of equity is determined based on a formula that considers the risk of the business (assessed at 5% + the average 30 year treasury rate) and the risk associated with our use of debt. The actual formula utilized for determining the cost of equity is as follows: $(\text{the average 30 year treasury rate} + 5\%) + [(1 - \text{tax rate}) \times (\text{the average 30 year treasury rate} + 5\% - \text{the pre-tax average cost of debt rate}) \times (\text{average debt} / (\text{average equity} + \text{average debt} \times \text{tax rate}))]$. Each year, 20% of the grant is eligible to vest. In 2009, under the formula described above, the compounded annual increase in adjusted economic profit was greater than 10%, so 100% of the RSUs eligible to vest were vested (180,000). In 2010 and 2011, if the compounded annual increase in adjusted economic profit measured

from 2006 is 10% or greater, then 100% of the RSUs eligible to vest will vest, including the RSUs that did not vest in prior years. During this same period, if the compounded annual increase in adjusted economic profit is greater than 0% but less than 10%, then half of the eligible RSUs will vest, including RSUs that did not vest in prior years. Any earned RSUs will be distributed to Mr. Roberts on February 22, 2014. From 2007 through 2011, (the performance period), we will credit Mr. Roberts, on each date that we pay a cash dividend to holders of common stock generally, an additional number of RSUs equal to the total number of whole RSUs and additional share units previously credited multiplied by the dollar amount of the cash dividend paid per share of common stock by us on such date, divided by the closing price of a share of common stock on such date. The RSUs may not be sold, transferred, pledged, assigned or otherwise alienated or

Table of Contents

hypothecated, other than by will or by the laws of descent and distribution. Mr. Roberts will have no voting rights until the RSUs are vested and will have no right to transfer the RSUs or the underlying shares until shares of common stock are vested and distributed to him in 2014.

The Compensation Committee believes that the RSUs granted to Mr. Roberts appropriately align his compensation with the interests of shareholders as a result of the following:

The financial rewards will only be received if long-term adjusted economic profit increases over time;

The amount of compensation received will be proportionate to the amount of shareholder wealth created as measured by the share price; and

The RSU award is long-term in nature, which will incentivize Mr. Roberts to take actions that will benefit shareholders longer-term.

In addition to the RSU award described above, stock options granted to Mr. Roberts in previous years continue to impact the amount of compensation to be earned in 2010 and beyond. The following table summarizes these grants as of December 31, 2009:

Vested and Exercisable Options (#)	Exercise Price (\$)	Expiration Date
180,987	\$ 9.25	1/2/2012
271,482	\$ 9.89	1/2/2012

The options listed in the table above were granted in prior years with vesting provisions linked to improvements in adjusted economic profit and adjusted earnings per share. Fully vested options can be exercised by Mr. Roberts at his discretion, where the options continue to provide a financial incentive linked to any future share price appreciation.

The allocation between cash and equity compensation, and between short- and long-term incentives, was determined based on the discretion of the Compensation Committee. The ultimate allocation will depend on our future performance and future changes in our share price. If vesting targets are achieved, it is likely that a substantial percentage of the amount realized will be from long-term, equity-based incentives, which is consistent with the philosophy of the Committee that executive compensation should be linked to long-term shareholder value. Since a substantial portion of the amounts to be realized by Mr. Roberts will not be distributed until 2014, the Committee believes this plan creates an incentive for Mr. Roberts to take actions and make decisions that will benefit us over a long-term time period. Such incentives are believed to be appropriate given the nature of the duties and responsibilities assigned to the Chief Executive Officer.

Mr. Roberts maintains a substantial ownership stake in Credit Acceptance. As of the date of this Proxy Statement, Mr. Roberts owns 234,073 shares of our common stock.

Compensation Mr. Foss, Chairman of the Board

Mr. Foss' base salary and performance is reviewed on an annual basis by the Compensation Committee. Mr. Foss does not receive any form of incentive compensation due to his significant ownership percentage of Credit Acceptance. In

February 2010, the Compensation Committee determined that Mr. Foss' annual base salary of \$475,000 for 2009, which compensates him for the services that he renders to us during the year, will remain unchanged for 2010.

Compensation - Other Named Executive Officers

Base Salaries. Base salaries at all levels in the organization are designed to provide a level of basic compensation and allow us to recruit and retain qualified team members. Base salaries are determined by the Compensation Committee after reviewing recommendations supplied by our Chief Executive Officer. The recommendations were based on the following factors:

The performance of Credit Acceptance;

Table of Contents

An assessment of the named executive officer's individual performance;

Market data;

Internal benchmarks;

Other non-equity and equity compensation components of the named executive officer's total compensation plan; and

Roles and responsibilities for each named executive officer.

In February 2010, the Compensation Committee also determined 2010 base salaries for the other named executive officers. Based on the criteria stated above, the following base salary changes were made: Mr. Jones' annual base salary increased from \$525,000 to \$551,250; Mr. Booth's annual base salary increased from \$341,250 to \$358,312; and Mr. Miotto's annual base salary increased from \$315,000 to \$330,750.

Incentive Compensation – Mr. Jones, President. The principle component of Mr. Jones' incentive compensation plan is comprised of RSU awards. On October 2, 2008 and March 27, 2009, the Compensation Committee approved awards of 100,000 and 50,000 RSUs, respectively, to Mr. Jones. The RSUs have the same terms as those granted to Mr. Roberts, as described above, with the exception of the performance period and the distribution date. The RSUs granted to Mr. Jones will vest based on adjusted economic profit results for 2009 through 2013 and any vested RSUs will be distributed on February 22, 2016. In 2009, under the formula described above, the compounded annual increase in adjusted economic profit was greater than 10%, so 100% of the RSUs eligible to vest were vested (30,000).

Incentive Compensation – Mr. Booth, Chief Financial Officer and Mr. Miotto, Chief Information Officer. The 2009 incentive compensation plan for Mr. Booth, our Chief Financial Officer, and Mr. Miotto, our Chief Information Officer, attempts to balance individual performance with overall annual and long-term Company performance and provides for an award of RSUs and a cash bonus. On November 13, 2008, Mr. Booth was awarded 22,500 RSUs and Mr. Miotto was awarded 27,500 RSUs. The RSUs granted to Messrs. Booth and Miotto have the same terms as those granted to Mr. Roberts, as described above, with the exception of the performance period and distribution date. The RSUs will vest based on adjusted economic profit results for 2009 through 2013 and any vested RSUs will be distributed on February 22, 2016. In 2009, under the formula described above, the compounded annual increase in adjusted economic profit was greater than 10%, so 100% of the RSUs eligible to vest for Messrs. Booth and Miotto were vested (4,500 and 5,500, respectively). The potential cash bonus awards were set based on a review of market data and internal benchmarks and range from 0% to 60% of the recipient's base salary based on a combination of Company performance and the individual's performance rating. Company performance is rewarded through the annual increase in adjusted economic profit and determines the range of possible cash bonus awards. If growth from the prior year in adjusted economic profit, as disclosed in our annual earnings release, exceeds 10%, the cash bonus ranges from 0% to 60%. If growth in adjusted economic profit is greater than 0% but less than 10%, the cash bonus ranges from 0% to 45%. If adjusted economic profit in 2009 falls below that achieved in 2008, the cash bonus ranges from 0% to 30%. In 2009, growth in adjusted economic profit exceeded 10%. Individual performance is assessed twice per year through a formal performance review. Each named executive officer has defined duties and responsibilities related to their role in the organization and the annual review assesses the named executive officer's performance for the full year and determines the amount of the cash bonus within the range established, as described above. Within the range established by the growth in adjusted economic profit, the actual amount awarded depends entirely on the individual's performance rating. For 2009, Messrs. Booth and Miotto earned cash bonus amounts of \$136,500 and \$126,000, respectively, which were paid out in February 2010.

The Compensation Committee believes that the RSUs granted to Messrs. Jones, Booth, and Miotto appropriately align their compensation with the interests of shareholders as a result of the following:

The financial rewards will only be received if long-term adjusted economic profit increases over time;

The amount of compensation received will be proportionate to the amount of shareholder wealth created as measured by the share price; and

Table of Contents

The RSU awards are long-term in nature, which will incentivize Messrs. Jones, Booth, and Miotto to take actions that will benefit shareholders longer-term.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, restricts the deductibility of executive compensation paid to our Chief Executive Officer and any of the four other most highly compensated executive officers at the end of any fiscal year to not more than \$1 million in annual compensation (including gains from the exercise of certain stock option grants). Certain performance-based compensation is exempt from this limitation if it complies with the various conditions described in Section 162(m).

The Compensation Committee intends, where appropriate, to structure compensation in a manner that causes it to qualify as performance-based compensation under Section 162(m); however, it believes that it may be appropriate from time to time to exceed the limitations on deductibility under Section 162(m) to ensure that executive officers are compensated in a manner that it believes to be consistent with our best interests and our shareholders, and reserves the authority to approve non-deductible compensation in appropriate circumstances.

Executive Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis above with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(a) The amounts reported in this column were determined in accordance with the formulas determined by the Compensation Committee in accordance with the named executive officers' incentive compensation plans. The cash bonus plan for Messrs. Booth and Miotto combines individual and Company performance. They receive a percentage of their base salary as a cash bonus depending on the annual percentage growth in adjusted economic profit, as disclosed in our annual earnings release, generated by us in the current year and individual performance. Cash bonus amounts fall into the following three categories:

Annual Percentage Growth in Adjusted Economic Profit	Cash Bonus Award
exceeds 10%	0% to 60%
greater than 0% but less than 10%	0% to 45%
less than 0%	0% to 30%

In 2009, the annual percentage growth in adjusted economic profit exceeded 10%. Messrs. Booth and Miotto earned cash bonus amounts of \$136,500 and \$126,000, respectively, which were paid out in February 2010.

- (b) The amount reported in this column includes RSUs granted pursuant to a restricted stock unit award agreement which was filed by us as Exhibit 10(q)(9) to Current Report on Form 8-K dated March 27, 2009. The RSUs will be earned over a five year performance period based upon the annual increase in our adjusted economic profit. Each year during the performance period, 20% of the RSUs are eligible to vest as follows:

100% of the RSUs eligible to vest will vest if compounded adjusted economic profit improves at least 10% annually;

50% of the RSUs eligible to vest will vest if compounded adjusted economic profit is greater than 0% but less than 10%;

Otherwise 0% of the RSUs eligible to vest will vest;

In years 2 through 5 of the performance period, if compounded adjusted economic profit is 10% or greater, then all the RSUs that did not vest in prior years will also vest.

- (c) The amounts reported in this column were awarded based on 2008 performance and were determined in accordance with the formula determined by the Compensation Committee in accordance with the named executive officers' incentive compensation plan. The number of shares of restricted stock granted was determined based on the average of the high and low market prices of Credit Acceptance common stock on February 20, 2009 which was \$17.82 per share. The restricted stock awards were granted pursuant to a restricted stock grant agreement, the form of which was filed by us as Exhibit 10(q)(4) to the Current Report on Form 8-K dated February 22, 2007. These awards vest in accordance with the following vesting schedule:

1/3 of the original number of restricted shares will vest on the first anniversary of the grant date;

1/3 of the original number of restricted shares will vest on the second anniversary of the grant date; and

1/3 of the original number of restricted shares will vest on the third anniversary of the grant date.
