PROXY STATEMENT

The enclosed proxy is being solicited on behalf of the Board of Directors of Retail Ventures, Inc. for use at the Annual Meeting of Shareholders to be held at 11:00 a.m., Eastern Daylight Time, on Wednesday, June 23, 2010, and any postponement or adjournment thereof (the Annual Meeting). Unless the context indicates otherwise all references in this proxy statement to Retail Ventures, RVI, we, our or the Company refer to Retail Ventures, Inc. The Notice of Annual Meeting of Shareholders, this proxy statement and the Company's 2009 Annual Report to Shareholders which includes the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2010 (the 2009 fiscal year) is being made available electronically to shareholders on or about May 14, 2010.

Internet Availability of Proxy Materials

In accordance with rules adopted by the Securities and Exchange Commission (the SEC), we are using the Internet as our primary means of furnishing our proxy materials to shareholders. Consequently, shareholders will not receive paper copies of our proxy materials for the Annual Meeting unless they request them. Instead, on or about May 14, 2010, we began mailing the Notice of Internet Availability to shareholders of record at the close of business on April 30, 2010. The Notice of Internet Availability contains instructions for how to access our proxy materials, including the Notice of Annual Meeting of Shareholders, this proxy statement, a form of proxy and our 2009 Annual Report to Shareholders, electronically via the Internet and how to submit proxies for the Annual Meeting. The Notice of Internet Availability also provides information on how shareholders may obtain paper or e-mail copies of our proxy materials if they so choose.

For beneficial shareholders, a Notice of Internet Availability directing you to the website at which you will find our proxy materials for the Annual Meeting has been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those common shares, the registered shareholder. Your broker, bank or other holder of record also provided instructions on how you may request a paper or e-mail copy of our proxy materials, if you prefer. Beneficial shareholders have the right to direct their broker, bank or other holder of record on how to vote their common shares by following the voting instructions they received from their broker, bank or other holder of record.

Shareholder Voting Rights

Only shareholders of record at the close of business on April 30, 2010, the record date for the Annual Meeting, are entitled to notice of and to vote at the Annual Meeting. The total number of common shares outstanding on the record date and entitled to vote at the Annual Meeting is 49,031,979. Each common share entitles the holder thereof to one vote upon each matter to be voted upon by shareholders at the Annual Meeting.

Registered Shareholders and Beneficial Shareholders

If our common shares are registered in your name directly with our transfer agent, Computershare, you are considered, with respect to those common shares, the registered shareholder. If our common shares are held for you in a brokerage account or by a bank or other holder of record, you are considered, with respect to those common shares, the beneficial shareholder.

How to Vote

As an alternative to attending the Annual Meeting and voting in person, registered shareholders may vote electronically via the Internet or, for those shareholders who request a paper copy of our proxy materials, by mailing a completed proxy card. The deadline for voting electronically via the Internet is 11:59 p.m., Eastern Daylight Saving Time, on June 22, 2010. There are no fees or charges associated with voting electronically via the Internet other than fees or charges, if any, that shareholders pay for access to the Internet. If, after receiving the Notice of Internet Availability, you request that we send you a paper copy of our proxy materials, you may vote your common shares by completing, dating and signing the proxy card and returning it prior to the Annual Meeting in the envelope provided in our mailing. Registered shareholders may also attend the Annual Meeting and vote in person. If you are a registered shareholder, you may revoke your proxy at any time before it is exercised at the Annual Meeting by (i) giving written notice of revocation to our Secretary, (ii) submitting a later-dated vote electronically via the Internet, (iii) executing and returning a later-dated proxy card or (iv) attending the Annual Meeting and voting in person. Attending the Annual Meeting will not, in itself, revoke a previously delivered proxy.

Beneficial shareholders are able to instruct their broker, bank or other holder of record how to vote their common shares by following the voting instructions provided by their broker, bank or other holder of record. Please contact your broker, bank or other holder of record to determine the means by which you can direct voting of your common shares and the applicable deadlines. Beneficial shareholders who wish to vote in person at the Annual Meeting will need to obtain a legal proxy from their broker, bank or other holder of record. If you are a beneficial shareholder and you wish to revoke your proxy, you should follow the instructions provided to you by your broker, bank or other holder of record.

Subject to the revocation rights discussed above, all common shares represented by proxies that are properly and timely voted electronically via the Internet or by properly completed and executed proxy cards that are returned to us prior to the Annual Meeting will be voted in accordance with the instructions contained therein. If no instructions are given (excluding broker non-votes, if any), such common shares will be voted **FOR** the election of the director nominees identified in Proposal No. 1: Election of Directors and at the discretion of the persons named in the form of proxy on any other matters that may properly be brought before the Annual Meeting.

Quorum

The presence, in person or by proxy, of a majority of the outstanding common shares entitled to be voted at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Common shares represented by proxies that are properly and timely voted electronically via the Internet or by properly executed proxy cards that are returned to us prior to the Annual Meeting will be counted toward the establishment of a quorum at the Annual Meeting, even though they are marked Abstain (on any or all applicable proposals) or Withhold (from any or all director nominees) or are not marked at all. Broker non-votes (if any) will also be counted toward the establishment of a quorum at the Annual Meeting. A broker non-vote occurs when a bank, broker or other holder of record holding common shares for a beneficial shareholder submits a proxy for the Annual Meeting but does not vote on a particular proposal because that holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial shareholder.

Unlike our previous annual meetings, brokers holding your shares in their name will not have discretionary voting authority to vote those shares with respect to the election of directors (Proposal No. 1). Therefore, if you do not furnish your broker with voting instructions with respect to the election of directors, a broker non-vote will result and your shares will not be voted on Proposal No. 1.

Proxy Solicitation Costs

In addition to sending the Notice of Internet Availability (and making our proxy materials available electronically via the Internet), solicitation of proxies may be made by mail, personal interview and telephone by officers, directors and employees of the Company, and by the employees of the Company's transfer agent, Computershare. The Company will bear the entire cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others, for forwarding solicitation materials to beneficial owners of the Company's common shares.

OTHER DIRECTOR INFORMATION, COMMITTEES OF DIRECTORS AND CORPORATE GOVERNANCE INFORMATION

General

A total of thirteen meetings of the Board of Directors of the Company were held during the 2009 fiscal year. No director attended less than 75 percent of the aggregate of (i) the total number of meetings held by the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which that director served during the period each served as a director or as a committee member.

There are no family relationships among our directors and executive officers except that Messrs. Deshe and Diamond are each married to a sister of Mr. Schottenstein.

Corporate Governance Principles

In March 2004, the Board of Directors adopted Corporate Governance Principles that address Board structure, membership (including nominee qualifications), performance, operations and management oversight. A copy of the Corporate Governance Principles can be found at the Company's corporate and investor website at www.retailventuresinc.com and is available in print (without charge) to any shareholder upon request by writing to Retail Ventures, Inc., Attention: Secretary, 4150 East 5th Avenue, Columbus, Ohio 43219.

The Company's Corporate Governance Principles provide that all incumbent directors and director nominees are encouraged to attend the annual meeting of shareholders. Messrs. Schottenstein, Aaron, Sonnenberg, Ring, Weisman and Ms. Eveillard attended the annual meeting of shareholders in 2009.

In accordance with the Company's Corporate Governance Guidelines and applicable NYSE listing standards, the Company's non-management directors meet in regularly scheduled executive sessions (without management present). The non-management directors of the Company alternate as the chair of such executive sessions as deemed appropriate by such directors. In addition, the Company's independent directors meet in executive session as appropriate matters for their consideration arise but, in any event, at least once a year.

Director Independence

Our director independence standards are set forth in our Corporate Governance Principles, a copy of which can be found at our corporate and investor website at www.retailventuresinc.com. The Corporate Governance Principles provide that a majority of the directors should be persons who have been affirmatively determined by the Board of Directors to be independent. A director will be designated as independent if he or she (i) has no material relationship with us or our subsidiaries; (ii) satisfies the other independence criteria specified by applicable NYSE listing standards; (iii) has no business conflict with us or our subsidiaries; and (iv) otherwise meets applicable independence criteria specified by law, regulation, exchange requirement or the Board of Directors. During its review of director independence for fiscal 2009, the Board considered whether there were any transactions, relationships or arrangements between the Company and any director or any member of his or her immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). Mr. Sonnenberg's service as a non-independent director of DSW was determined not to impair his independence related to us. As a result of this review, the Board of Directors affirmatively determined that the following persons had no such transactions, relationships or arrangements and qualified as independent under our director independence standards:

Henry L. Aaron
Elizabeth M. Eveillard
Lawrence J. Ring
Harvey L. Sonnenberg
James L. Weisman

Board's Role in the Risk Management Process

Our Board and its committees play an important role in overseeing the identification, assessment and mitigation of risks that are material to us. In fulfilling this responsibility, the Board and its committees regularly consult with management to evaluate and, when appropriate, modify our risk management strategies. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed about such risks through committee reports.

DSW, our principal business operation, has adopted the concept of enterprise risk management (ERM). The DSW Board has charged DSW management with the responsibility of implementing an ERM program that will be completed in fiscal 2010. DSW's CEO, who reports to the DSW Board of Directors, will be the sponsor of the ERM Program. Once fully implemented, management will provide an annual report to the DSW Board regarding the significant DSW risks and what DSW management is doing to mitigate that risk.

Additionally, our Audit Committee assists the Board in fulfilling its oversight responsibility relating to the performance of our system of internal controls, legal and regulatory compliance, our audit, accounting and financial reporting processes, and the evaluation of enterprise risk issues, particularly those risk issues not overseen by other committees. The Audit Committee also reviews periodically with our General Counsel legal matters that may have a material adverse impact on our financial statements, compliance with laws and any material reports received from regulatory agencies. Our Compensation Committee is responsible for overseeing the management of risks relating to our compensation programs. Our Nominating and Corporate Governance Committee manages risks associated with corporate governance and business conduct and ethics.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Messrs. Weisman (Chair), Sonnenberg and Ms. Eveillard, each of whom is independent in accordance with the applicable SEC rules and NYSE listing standards. A current copy of the Nominating and Corporate Governance Committee Charter, which was approved by the Board in September 2006, can be found on the Company's corporate and investor website at www.retailventuresinc.com and is available in print (without charge) to any shareholder upon request.

The Nominating and Corporate Governance Committee met five times during the 2009 fiscal year. Its functions include assisting the Board in determining the desired qualifications of directors, identifying potential individuals meeting those qualification criteria, recommending to the Board a slate of nominees for election by the shareholders and reviewing candidates nominated by shareholders. In addition, the Nominating and Corporate Governance Committee reviews the Corporate Governance Principles, makes recommendations to the Board of Directors with respect to other corporate governance principles applicable to the Company, oversees the annual evaluation of the Board and committees of the Board, reviews management and Board succession plans and provides education for the Board.

The Nominating and Corporate Governance Committee meets to discuss, among other things, identification and evaluation of director candidates. Although there are no specific minimum qualifications that a director candidate must possess, candidates are identified and evaluated according to the qualification criteria set forth in the Board's Corporate Governance Principles, which includes, among other attributes, such candidate's independence, character, diversity, age, skills and experience. In considering diversity, the Nominating and Corporate Governance Committee may take into account various attributes, including background, skill set or viewpoint. In identifying potential candidates for Board membership, the Nominating and Corporate Governance Committee considers recommendations from the Board of Directors, shareholders and management. Pursuant to its charter, the Nominating and Corporate Governance Committee has the authority to retain consultants and search firms to assist in the process of identifying director candidates. No such consultants or search firms were retained during the 2009 fiscal year.

Table of Contents

The Nominating and Corporate Governance Committee will consider nominees recommended by shareholders for the 2011 annual meeting of shareholders, provided that the names of such nominees are submitted in writing to the Company (Attn: James L. Weisman) not later than January 29, 2011. Each such submission must include: (a) as to the nominee, (i) name, age, business address and residence address; (ii) principal occupation or employment; (iii) the class and number of shares of the Company beneficially owned; and (iv) any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act); and (b) as to the shareholder recommending the nominee, (i) name and record address; and (ii) the class and number of shares of the Company beneficially owned. Such recommendation shall be accompanied by a consent signed by the nominee evidencing a willingness to serve as a director, if nominated and elected, and a commitment by the nominee to meet personally with the Nominating and Corporate Governance Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for director based on whether the nominee is recommended by a shareholder.

The Nominating and Corporate Governance Committee also reviews all active litigation and other legal matters periodically with our General Counsel.

Compensation Committee

The members of the Compensation Committee are Ms. Eveillard (Chair) and Messrs. Sonnenberg, Ring and Weisman. Each member of the Compensation Committee is (1) an independent director as defined by Section 303A.00 of the NYSE listed company manual, (2) a non-employee director as defined by Rule 16b-3 under the Exchange Act and (3) an outside director as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended.

A current copy of the Compensation Committee Charter, which was approved by the Board in September 2006, can be found on the Company's corporate and investor website at www.retailventuresinc.com and is available in print (without charge) to any shareholder upon request.

The Compensation Committee met eight times during the 2009 fiscal year. The Compensation Committee's functions include: (i) reviewing and approving on an annual basis the corporate goals and objectives with respect to compensation for the Chief Executive Officer; (ii) evaluating the Chief Executive Officer's performance and, based upon these evaluations, setting the Chief Executive Officer's annual compensation; (iii) reviewing the performance and approving the evaluation process and compensation structure of the Company's other executive officers; (iv) making recommendations to the Board with respect to the Company's incentive compensation, retirement and other benefit plans; (v) making administrative and compensation decisions under such plans; and (vi) recommending to the Board of Directors the compensation for non-employee Board members.

Additional information concerning the Compensation Committee's processes and procedures for determining executive compensation is provided within the Compensation Discussion and Analysis section of this proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who are beneficial owners of more than ten percent of the Company's common shares to file reports of ownership and changes of ownership with the SEC and NYSE. The Company assists its directors and executive officers in completing and filing those reports. Based solely on a review of copies of those reports furnished to the Company and representations of the Company's directors and officers that no other reports were required, the Company believes that all filing requirements applicable to our directors, executive officers and greater than ten percent beneficial owners were complied with during the last completed fiscal year.

Code of Ethics and Corporate Governance Information

The Company has adopted a code of ethics that applies to all of its directors, officers and employees, including its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and an additional code of ethics that applies to its senior financial officers. These codes of ethics, designated by the Company as the Code of Conduct and the Code of Ethics for Senior Financial Officers, respectively, can be found on the Company's investor website at www.retailventuresinc.com and are available in print (without charge) to any shareholder upon request. The Company intends to disclose any amendment to, or waiver from, any applicable provision of the Code of Conduct or Code of Ethics for Senior Financial Officers (if such amendment or waiver relates to elements listed under Item 406(b) of Regulation S-K and applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) by posting such information on the Company's corporate and investor website at www.retailventuresinc.com.

AUDIT AND OTHER SERVICE FEES

The Audit Committee has adopted a policy under which audit and non-audit services to be rendered by the Company's independent registered public accounting firm are pre-approved. The Audit Committee's Pre-Approval Policy (the Pre-Approval Policy) can be found on the Company's corporate and investor website at www.retailventuresinc.com. Prior to the engagement of the independent registered public accounting firm for any audit or permissible non-audit services, the engagement must be (1) pre-approved pursuant to the Pre-Approval Policy or (2) specifically approved by the Audit Committee. The Pre-Approval Policy is designed to assure that the provision of such services does not impair the independence of the Company's independent registered public accounting firm and is summarized below.

Delegation The Audit Committee may delegate pre-approval authority to one or more of its independent members provided that the members to whom such authority is delegated report any pre-approval decisions to the Audit Committee at its next meeting. The Audit Committee will not delegate to management its responsibilities to pre-approve services performed by the independent registered public accounting firm.

Audit Services Annual audit, review and attestation engagement terms, conditions and fees are subject to the specific pre-approval by the Audit Committee. Any changes in the terms, conditions or fees resulting from changes in the scope of audit and audit-related services require the Audit Committee's approval. The known or anticipated audit services to be performed by the independent registered public accounting firm in connection with its engagement are subject to the specific or general pre-approval of the Audit Committee.

Audit-Related Services Audit-related services that are reasonably related to the audit or review of the Company's financial statements and that do not impair the independence of the independent registered public accounting firm are subject to the specific or general pre-approval of the Audit Committee.

Tax Services The Audit Committee believes that our independent registered public accounting firm can provide tax services to us such as tax compliance and certain tax advice without impairing its independence. In no event, however, will the independent registered public accounting firm be retained in connection with a transaction initially recommended by the independent registered public accounting firm, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations or similar regulations of other applicable jurisdictions.

Other Services Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee.

Fees Pre-approved fee levels for all services to be provided by the independent registered public accounting firm will be established periodically by the Audit Committee. Any proposed services exceeding these levels will require specific pre-approval of the Audit Committee. Each year the independent registered public accounting firm will provide the Audit Committee with an estimate of the fees for its anticipated services. Each quarter, the independent registered public accounting firm will provide the Audit Committee with a report of the audit, audit-related, tax and other services provided together with the actual fees incurred. Any changes to the estimate of services and fees will be discussed quarterly by the Audit Committee and, if necessary, revised.

No services were provided by the independent public accounting firm during the 2009 fiscal year that were approved by the Audit Committee under SEC Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimus which may be approved by the Audit Committee after such services have been performed).

COMPENSATION DISCUSSION AND ANALYSIS

Overview of the Compensation Committee of the Board

The Compensation Committee of Retail Ventures (in this section the Committee) is comprised of four independent non-employee directors. The Committee sets the principles and strategies that serve to guide the design of the compensation programs of the Company's named executive officers (NEOs). The Committee annually evaluates the performance of the CEO, Mr. McGrady, and the other NEO, Ms. Davis. Taking their performance evaluations into consideration and other factors as set forth below, the Committee then approves their compensation levels, including equity-based awards. The Committee has retained an independent compensation consultant to assist it with its responsibilities. The compensation consultant reports directly to the Committee. The Committee is regularly provided briefing materials proposed by management and the independent consultant. The Committee periodically meets in executive session with its independent consultant with and without members of management present, and reports to the Board of Directors on its actions.

Business Context for Compensation Decisions in Fiscal Year 2009

On April 21, 2009 the Company disposed of Filene's Basement, Inc. and certain related entities (Filene's Basement), which filed for bankruptcy protection on May 4, 2009. The Company then focused its attention on work relating to the June sale of certain assets of Filene's Basement to SYL LLC, a subsidiary of Syms Corp (Syms), the continuing corporate shared services being provided to Filene's Basement and Syms to support each entity, and the achievement of a settlement agreement with Filene's Basement, which settlement agreement was approved by the bankruptcy court on November 3, 2009. The Company had previously disposed of an 81% ownership interest in its Value City Department Stores business in fiscal 2008, prior to Value City Department Stores filing for bankruptcy protection on October 26, 2008.

Following the disposition of its Value City and Filene's Basement businesses, the Company is a holding company and all of its operations are conducted through its subsidiary, DSW Inc. As a result, the Company is reviewing strategic alternatives to maximize value for its shareholders, as well as its available options to the extent it may become necessary, to manage and enhance its liquidity position pending the realization of such strategic alternatives. RVI's efforts to enhance liquidity have included, but are not limited to, the January 15, 2010 sale to DSW of 320,000 Class B Common Shares, without par value, held by RVI of DSW for an aggregate amount of \$8.0 million. This transaction will not eliminate RVI's need to continue to review available additional options to manage and enhance its liquidity.

Because of the reduced scope of responsibilities for Company officers, the Company restructured the Company officer profile such that the position of CEO was combined with the position of CFO, held by Mr. McGrady; and the position of General Counsel assumed responsibility for all executive responsibilities not carried out by the CEO/CFO, including, but not limited to, various administrative, human resource and management responsibilities for the Company.

The Committee has approached compensation decisions in fiscal 2009 in the context of a desire to retain Mr. McGrady and Ms. Davis for ongoing management and strategic review at the Company.

Table of Contents

Historical and Current Components of Executive Compensation and the Design of NEO Compensation Programs

Primary Objective

Pay competitively

Influence Our Ability To:

Retain outstanding executives.

Pay for performance

Motivate executives to achieve our business and strategic goals.

Design compensation programs that support the Company's businesses with emphasis on critical short-term objectives and retention as well as incentives for establishing long-term shareholder value.

Establish goals that reflect long-term shareholder value.

Because of the changes in the Company's organization, its relationship to DSW, and the Value City and Filene's Basement transactions, the Committee sought to manage compensation comparisons for a reduced-size organization so as to minimize disruption and retain qualified NEOs. Following the significant restructuring of NEO positions in fiscal 2009, the Committee modified the compensation for Mr. McGrady, who assumed the CEO position in addition to his CFO position, recognizing his additional responsibilities and providing for his retention. The Committee examined the unusual business context presented by the disposition of first Value City and then Filene's Basement and the need for ongoing strategic review and determined that the modified compensation provided to the NEO was reasonable and appropriate.

The NEOs' compensation in the past has generally been established pursuant to individual employment agreements, and has included a base salary, a bonus opportunity, SARs and, in certain cases, RSUs. As discussed below, for fiscal 2009, the Committee determined that a target bonus is not feasible and has instead provided retention incentives to the current NEOs.

The following elements have comprised the Company's compensation programs for NEOs and represents methods of compensation for the two remaining NEOs:

Base Salaries: Competitive base salaries have been established at or above median to help balance overall total cash compensation due to the absence of an automatic program of annual long-term equity grants for the two remaining NEOs. When approving base salaries, the Committee considered many factors, including total compensation, the scope of responsibilities, years of experience, the competitive marketplace and the proven performance of the executive.

Long-Term Equity and Equity-Related Incentives: To align the interests of management with long-term shareholder interests, the Committee provides long-term incentives to NEOs. The Committee administers the Company's equity incentive plans and has the authority, in its discretion, to decide who will receive awards.

The Company has a Second Amended and Restated 1991 Stock Option Plan (the "1991 Plan") that provided for the grant of options to purchase up to 4,000,000 common shares. Such stock option grants were generally exercisable 20% per year on a cumulative basis and remain exercisable for a period of ten years from the date of grant. No further awards are being granted under the 1991 Plan, and one current NEO has 30,000 outstanding options under the 1991 Plan.

The Company has a Second Amended and Restated 2000 Stock Incentive Plan (the "2000 Plan") that provides for the issuance of awards to purchase up to 13,000,000 common shares to management, key employees of the Company and affiliates, consultants and directors of the Company. The 2000 Plan was originally approved by shareholders on August 29, 2001. The 2000 Plan provides for the issuance of stock options, SARs, restricted stock, performance units and performance shares. Stock options granted

to NEOs and others generally vest 20% per year on a cumulative basis and remain exercisable for a period of ten years from the date of grant. Unless provided otherwise in the award agreements, all outstanding options granted under the Company's equity incentive plans will become immediately exercisable in the event of a change in control, as defined in the 2000 Plan.

Table of Contents

The Company has no requirement for NEOs to own RVI common shares. The Committee believes that the long-term equity and equity-related incentives created for the NEOs appropriately aligns their interests with those of the shareholders. The Company does have an Insider Trading Policy that prohibits insider trading and requires Company pre-clearance of trading in the common shares of the Company or the DSW Class A Shares.

The Company does not have an ongoing, annual program of granting long-term equity or equity-related incentives. Instead, long-term equity incentives are included in the annual evaluation of compensation, to determine if the Committee's described compensation objectives for NEOs are being met or require additional grants to achieve those objectives. In addition, the Committee responds to requests by management for grants for purposes of retention. The long-term equity incentives granted to NEOs are typically in the form of stock options, standard or performance-based SARs, shares of restricted stock and RSUs. The long-term equity incentives are designed to reward NEOs for increasing long-term shareholder value, provide a competitive total compensation and to retain the NEOs at the Company. With respect to stock options and SARs, the exercise price is determined by the share price on the date of the grant. RSUs are granted to provide an additional mix of equity value in a compensation package, and to enhance the retention aspects of an NEO's total compensation. RSUs are not granted pursuant to the 2000 Plan, although terms in the 2000 Plan that may be applicable to the RSUs are applied to those RSUs. RSUs have no voting or dividend rights and can be exercised only for cash. The Committee reviews the degree to which past awards have been earned and retired, and considers future awards based on driving additional shareholder value and providing fair compensation for future performance.

The Committee provides grants of RSUs for the purpose of providing incentives for executives to remain with the Company because these grants have intrinsic value from the date of grant. The value of RSUs also increases with increases in stock price, but RSUs are typically granted in much smaller amounts than SARs because of the total value imparted in a grant of RSUs. The Committee believes a mix of SARs and RSUs provides optimal benefit for the Company at this time.

Historically, the Company settled SARs in cash, primarily due to restrictions imposed by the Company's credit facilities and other dilution considerations. Beginning in fiscal year 2003, the Company issued SARs, subject to the applicable terms of the 2000 Plan. Some of these SARs are subject to an Option Price Protection Provision (OPPP) and are awarded at the greater of market value or \$4.50 per share and are subject to a vesting schedule. The OPPP provides that the issuance of any options to replace the SARs is contingent and entirely at the discretion of the Company. This was done because stock options were not available to be awarded due to loan-related restrictions on the issuance of stock options and other dilution considerations. Currently, the Company's intention is to settle all future exercises of SARs granted under the 2000 Plan in the form of common shares, unless prohibited by the individual's award agreement. The OPPP does not apply once SARs are actually exercised.

Beginning in fiscal year 2004, the Company issued RSUs to several NEOs. The RSUs do not have voting or dividend rights and may be settled only in cash. On the date of vesting of any RSUs, the Company pays cash to the holder in an amount equal to the fair market value, as defined in the Company's 2000 Plan, of a share of Company common stock.

Table of Contents

DSW has a 2005 Equity Incentive Plan that provides for the issuance of options to purchase up to 7,600,000 DSW Class A Shares or the issuance of stock units to management, key employees of DSW and affiliates, consultants, and directors of DSW. Stock options generally vest 20% per year on a cumulative basis and remain exercisable for a period of ten years from the date of grant. The DSW Compensation Committee and Board of Directors, which act independently of the Company, have granted DSW stock options to some of the Company's NEOs based on their efforts in connection with the DSW IPO and past and ongoing services performed for DSW.

Other forms of compensation:**Benefits**

The Company offers health and welfare plans to the two NEOs consistent with those accorded to other employees including medical, life, dental and disability coverage as well as a qualified 401(k) retirement savings opportunity, all at the election and contribution of the NEO. The Company permits 401(k) contributions up to \$15,500, and for NEOs that qualify by age, an additional \$5,000 unmatched catch-up contributions for a total of \$20,500, which is the limit established by the IRS for 2009. The Company historically provided a 100% match of contributions which did not exceed 3% of pay and a 50% company match of contributions from 3% to 5% of pay, but made the decision for fiscal 2009 to suspend the company match of contributions to align the two NEOs benefits with those offered to other employees to achieve savings for the Company. In fiscal 2010, the Company made the decision to restore the company match of contributions. The Company does not provide supplemental retirement plans, deferred compensation plans or special life insurance policies for the NEOs.

Perquisites

The two NEOs each receive a car allowance and fuel reimbursement benefit. The Committee believes that the allowances and tax gross-ups incorporated into the allowances are in line with general industry practice for similar allowances provided to NEOs by competing retail organizations.

Benchmarking Executive Compensation Competitiveness

The Committee retained an independent executive compensation consulting firm, Watson Wyatt Worldwide Inc. (Watson Wyatt), to advise it on all elements of NEO compensation including base salary, short-term incentives and long-term equity compensation. The firm is independent from the Company. For the Committee's fiscal 2009 compensation decisions, the Committee asked Watson Wyatt to review appropriate data as a basis for guidance as to the competitiveness and fairness of the decisions it made regarding the NEOs fiscal 2009 compensation packages. Specifically, Watson Wyatt benchmarked the General Counsel's retention payment and compensation package against (1) the comparable positions from published survey data from Mercer and Watson Wyatt, compared to the retail industry and RVI's revenue size; (2) proprietary and other information regarding retention award programs provided to executives at companies involved in bankruptcy or restructuring; and (3) total compensation for high-ranking officers at smaller revenue companies.

Agreements with Key Executives**CEO and CFO Jim McGrady**

Mr. McGrady entered into an employment agreement with the Company effective June 21, 2000, with an initial term ending June 21, 2003. Mr. McGrady's employment agreement extends automatically for successive 12-month periods unless either party notifies the other of an intent to terminate, in writing, at least 60 calendar days prior to the date of automatic extension. The agreement provided for a minimum annual salary of \$300,000 and a bonus, if Board-approved, of at least 40 percent of Mr. McGrady's base salary if predetermined performance measures set annually are met. Mr. McGrady's base salary has been increased over the years and Mr. McGrady's bonus at target was later increased to 50 percent of base salary and included a minimum threshold bonus opportunity at 25 percent of base salary and a maximum bonus opportunity of 100 percent of base salary. As discussed below, pursuant to an amendment to Mr. McGrady's employment agreement, Mr. McGrady's annual base salary was reduced to \$200,000 effective June 22, 2008. Mr. McGrady's agreement provides for his participation in the 401(k) plan and welfare benefit plans of the Company at a level commensurate with his title and position. The agreement also provides for a car allowance and fuel card.

Table of Contents

The Company may terminate the employment agreement during its term, for any reason, upon 30 days written notice to Mr. McGrady, and may, in its sole discretion, require Mr. McGrady to cease active employment immediately. In the event of such a termination (other than termination for cause), Mr. McGrady shall be entitled to: (i) severance pay in the form of base salary for 12 months, subject to certain provisos; (ii) payment of any incentive bonus declared, but unpaid, if he has been employed the full fiscal year prior to the date of termination; and (iii) continuation of his health coverage for 12 months under the same terms as provided to other Company executives, subject to certain provisions. If the Company terminates Mr. McGrady's employment for cause, the Company's obligations under the employment agreement cease on Mr. McGrady's last day of active employment, except that the Company shall pay to Mr. McGrady: (i) any unpaid portion of his salary earned to the date of termination; (ii) any unpaid, declared bonus; and (iii) any unpaid business expenses properly incurred by Mr. McGrady under the employment agreement prior to termination.

Either the Company or Mr. McGrady may terminate the agreement at the end of its term or any extension thereof, or Mr. McGrady may voluntarily terminate his employment with the Company, by giving 60 calendar days written notice. In the event of any such termination, the Company shall have no further obligations to Mr. McGrady under the agreement, except that the Company shall pay to Mr. McGrady (i) any unpaid portion of his salary earned to the date of termination, and (ii) any unpaid, declared bonus, together with any unpaid business expenses properly incurred by Mr. McGrady under the agreement prior to termination.

Effective June 22, 2008, the Company and Mr. McGrady entered into an amendment to his June 21, 2000 employment agreement. Special compensation arrangements include an annual base salary of \$200,000 and special retention payments consisting of two \$200,000 payments made in fiscal 2009. In addition, monthly retention payments of \$10,000 are being paid over a 54 month period commencing on February 1, 2009 through and including July 1, 2013. If Mr. McGrady is terminated pursuant to Section 5.3 of his employment agreement, the monthly retention continues and will not be affected by the termination. As a condition to receiving these retention payments, upon the termination of Mr. McGrady's employment and if requested by the Company, Mr. McGrady will enter into a mutually agreeable consulting agreement with the Company for a period up to and including July 31, 2013 provided, however, that the terms of such consulting agreement shall not cause Mr. McGrady's termination to fail to qualify as a separation from service within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended (Section 409A). Effective February 1, 2009, Mr. McGrady was appointed Chief Executive Officer and President of the Company. He also retains the Chief Financial Officer responsibilities.

General Counsel Julia Davis

Ms. Davis entered into an employment agreement with the Company effective as of April 29, 2004. The agreement provided for an annual salary of \$260,000 and a cash bonus of 50% of her base salary if Board-approved predetermined performance measures set annually are met with a minimum annual threshold bonus potential of 25 percent of base salary and a maximum annual bonus potential of 100 percent of base salary. In addition, for each year Ms. Davis's annual salary is less than \$300,000, she will receive a minimum guaranteed bonus to raise her salary to \$300,000. The agreement also provides for Ms. Davis's participation in the 401(k) plan or welfare benefit plans of the Company at a level commensurate with her title and position. The agreement also provides for a car allowance and fuel card.

If the Company terminates Ms. Davis's employment for cause, or if Ms. Davis voluntarily terminates her employment with the Company, the Company shall pay to Ms. Davis: (i) the unpaid base salary Ms. Davis earned to the date of termination; (ii) any unpaid cash incentive bonus earned for the fiscal year that ends before the fiscal year during which such termination occurs; (iii) equity incentives to which Ms. Davis is entitled under the 2000 Plan and the applicable stock option and RSU agreements; and (iv) any rights accruing to Ms. Davis under any applicable employee benefit plan, fund or program.

Table of Contents

If the Company terminates Ms. Davis' employment without cause, Ms. Davis will be entitled to: (i) her base salary for 12 months beginning on the date of termination; (ii) reimbursement for the cost of maintaining continuing health coverage for a period of no more than 12 months following the date of termination, subject to certain provisos; (iii) the pro rata share of any cash incentive bonus that she would have otherwise received for the year of termination had she not been terminated; (iv) exercise any outstanding stock options that are vested on the date of termination and those that would have vested during the one year following the effective date of termination, in each case subject to the terms of the 2000 Plan and any applicable agreement thereunder; and (v) any rights accruing to her under any applicable employee benefit plan, fund or program.

Covenants Applicable to all Key Executives

The executives listed above have in their employment agreements the following obligations: non-competition, for the period of post-termination benefits or one year, whichever is longer; non-solicitation, for a period of two years; non-interference with company business, for a period of two years; confidentiality; nondisparagement; and cooperation, for an ongoing period of time.

Fiscal Year 2009 NEO Compensation Decisions and Rationale

The Committee had previously assembled pay packages for its CEO, Mr. McGrady and General Counsel, Ms. Davis, deemed, at the time, sufficient to attract and retain these individuals.

At the beginning of fiscal 2009, the Committee discussed with both Mr. McGrady and Ms. Davis whether their current compensation, without the opportunity for incentive compensation in fiscal 2009, was appropriate to retain them through the end of the fiscal year. The Committee also reviewed the analysis supplied by the independent compensation consultant. Based on this and on its view of the personal performance and the attainment of specific goals by the NEOs, the Committee discussed and analyzed the various alternatives with its independent compensation consultant and in subsequent meetings voted to implement compensation decisions for the NEOs. These fiscal year 2009 decisions were set forth in the Company's 2009 Proxy Statement Compensation Discussion and Analysis, and are repeated below to assist a full understanding of the NEOs current compensation.

Decision to Not Modify Mr. McGrady's Compensation

The Committee took action in 2008 to retain Mr. McGrady in the context of revised corporate opportunities and challenges and the difficult economic environment. The action amended Mr. McGrady's employment agreement effective June 22, 2008 to reduce his annual base salary to \$200,000 but provided for a series of retention payments of \$200,000 on or before July 18, 2008, \$200,000 on or before January 2, 2009 and additional retention payments of \$10,000 per month for a 54-month period commencing on February 1, 2009 through and including July 1, 2013. As a condition to receiving these retention payments, upon the termination of employment and if requested by the Company, Mr. McGrady agreed to enter into a mutually agreeable consulting agreement with the Company for a period up to and including July 31, 2013. The Committee determined, in consultation with Mr. McGrady and its independent compensation consultant, that this reduced salary and retention payment program was fair in comparison to Mr. McGrady's historical pay levels and competitive market data and that it provided the appropriate incentive for Mr. McGrady to remain in his position. The Committee determined that the retention of Mr. McGrady for these purposes was critical for continuing, non-disruptive leadership of the Company's strategic review of Filene's Basement and the continuation of other strategic corporate projects.

Effective February 1, 2009 Mr. McGrady was appointed Chief Executive Officer and President of the Company, retaining his Chief Financial Officer responsibilities, with no change to the modified compensation arrangement described above.

Table of Contents

The Committee determined that it was in the Company's best interest to retain Mr. McGrady, for the following reasons: his considerable experience and knowledge of Company business history and financial and other matters and the need for, and value of, such specific experience and knowledge in the wake of the disposition of the Value City and the then intended disposition of the Filene's Basement business and the need for his subsequent oversight of transition issues related to these transactions and leadership with subsequent corporate strategies to be developed; his strong performance and demonstrated proficiency in all of his designated responsibilities; the potential need for Mr. McGrady to assume the responsibilities of the CEO, which decision was subsequently formalized by the Company's Board of Directors. The Committee determined that the compensation it approved for the CFO, described on pages 22-23, was consistent with competitive market data for the compensation and retention of a CFO with amended and augmented responsibilities, particularly considering that (a) his annual compensation was reduced with the suspension of the fiscal 2009 401(k) Company Matching Contribution; (b) he voluntarily declined his earned incentive compensation for fiscal 2008 based on the difficult economic environment; and (c) there was no other short-term or long-term incentive compensation expected to be provided for fiscal year 2009. The Committee determined in both fiscal 2008 at the time of his employment agreement amendment and in fiscal 2009, when it did not approve any increase in his compensation, that Mr. McGrady's compensation was supported by the developed recommendations of its independent compensation consultant and was appropriate to achieve the goal of retaining Mr. McGrady.

Suspending the Fiscal 2009 401(k) Company Matching Contribution

In May, 2009 the Committee ratified the Company's decision to suspend the fiscal 2009 match of 401(k) contributions, which reduced the compensation of the Company NEOs by the amount of such match. The Committee determined that this approach was fair and equitable given the Company's decision to create savings by suspending the match as to all Retail Ventures Services and Filene's Basement employees.

No Increase to Fiscal 2009 Base Salaries

In March, 2009 the Committee determined, in consultation with its NEOs and its independent compensation consultant, that in light of the difficult economic environment and the restructured responsibilities of the NEOs, there would be no increases in the base salaries of the NEOs for fiscal 2009.

Deciding to Not Establish a Fiscal Year 2009 Cash Incentive Program

In March, 2009 the Committee determined, in consultation with its NEOs and its independent compensation consultant, that the ongoing corporate affairs and strategic initiatives of the Company did not lend themselves to the creation of feasible measurable performance goals for the NEOs for fiscal 2009. The Committee determined, after meeting with Mr. McGrady and Ms. Davis, that the lack of an incentive program for fiscal 2009 would not negatively affect retention of Mr. McGrady and Ms. Davis given the Committee's actions in fiscal 2008 and 2009 to provide retention payments to these NEOs.

Grant of Retention Payment

In May, 2009 the Committee took action designed to retain the General Counsel in the context of her revised and expanded responsibilities, revised corporate opportunities and challenges in a difficult economic environment. The General Counsel's responsibilities were revised in that following the disposition of the two operating subsidiaries Value City and Filene's Basement, she no longer had responsibility for their legal matters or operations, but instead assumed responsibilities relating to the continuing transition issues related to such transactions and for subsequent corporate strategies. In the wake of the elimination of the other Company NEO positions, the General Counsel's responsibilities were expanded to include all executive responsibilities not carried out by the CEO/CFO, including but not limited to various administrative, human resource and management responsibilities for the Company.

Table of Contents

The Committee granted Ms. Davis a retention payment of \$120,000, to be paid on the earlier of (1) January 31, 2010 upon condition of her continued employment through that date or (2) her voluntary separation of employment from the Company, provided that the timing of such separation of employment is approved and agreed upon by the Committee or (3) her termination without cause as that termination is defined in her employment agreement. The Committee determined, in consultation with Ms. Davis and its independent compensation consultant, that this retention payment program was reasonable and fair in comparison to Ms. Davis's historical pay levels, that it did not elevate Ms. Davis's compensation above a competitive range and that it provided the appropriate incentive for Ms. Davis to remain in her position. The Committee determined that the retention of Ms. Davis for these purposes was critical for continuing, non-disruptive leadership of the Company's transition following the disposition of Value City and Filene's Basement and the continuation of other strategic corporate projects. Specifically, the Committee determined that it was in the Company's best interest to retain the General Counsel, for the following reasons: the General Counsel's considerable experience and knowledge of Company business history, legal and other matters, facts and circumstances, and the need for and value of such specific experience and knowledge in the wake of the disposition of the Value City and Filene's Basement businesses and the need for her subsequent oversight of transition issues related to these transactions and for subsequent corporate strategies to be developed. Further, the General Counsel's strong performance and demonstrated proficiency in all of her designated responsibilities; the need for the General Counsel to assume all executive responsibilities not carried out by the CEO/CFO, including but not limited to various administrative, human resource and management responsibilities for the Company. The Committee determined that the fiscal 2009 compensation it approved for the General Counsel was consistent with competitive market data for the compensation and retention of a General Counsel with amended and augmented responsibilities, particularly considering that (a) her annual compensation was reduced with the suspension of the fiscal 2009 401(k) Company Matching Contribution; (b) she voluntarily declined her earned incentive compensation for fiscal 2008 based on the difficult economic environment; (c) there was no other compensation increase provided for fiscal 2009, based on the difficult economic environment; and (d) there was no other short-term or long-term incentive compensation provided for fiscal 2009. The Committee determined that Ms. Davis's fiscal 2009 compensation was reasonable, fair, supported by the developed recommendations of its independent compensation consultant and was appropriate to achieve the goal of retaining the General Counsel.

Appropriateness of NEO Compensation Design and Outcomes

In its components and in total, the Committee concluded that each NEO's compensation is fair, reasonable and appropriate and received support for this conclusion from the analysis and guidance provided by its independent compensation consultant and from its discussions with the NEOs. Through the process of its annual approval of incentive compensation and periodic equity and retention payment grants, and as specifically explained above, the Committee maintains control over each NEO's compensation plan and ensures that it is consistent with the interests of shareholders.

Compliance with Section 409A

In 2004, Section 409A was added to the Internal Revenue Code, which created new rules for amounts deferred under nonqualified deferred compensation plans. Section 409A includes a broad definition of nonqualified deferred compensation plans that applies to various of the Company's equity and bonus plans and employment agreements. Payments of nonqualified deferred compensation that is subject to Section 409A are subject to a 20 percent excise tax if the terms of the plan or agreement do not comply with the requirements of Section 409A. All plans and agreements that provide for nonqualified deferred compensation were required to be amended to be in documentary compliance with the requirements of Section 409A by no later than December 31, 2008. During fiscal 2008 the Company reviewed and amended its plans and agreements that provide for nonqualified deferred compensation to comply with, or be exempt from, these requirements, as applicable.

Table of Contents**Potential Termination and Change of Control Payments**

As described above under Compensation Discussion and Analysis Agreements with Key Executives, the NEOs (other than Mr. Schottenstein) have employment agreements with the Company that entitle them to receive benefits and payments if their employment terminates under certain circumstances. The NEOs are also entitled to receive certain benefits or payments upon a change in control of the Company, including acceleration of the vesting of outstanding option awards under the 2000 Plan, which benefit is available to all plan participants.

The estimated value of the potential payments and benefits that would be received by the NEOs in the event of termination of employment or a change in control of the Company is presented in the table below. The amounts are calculated as if the respective termination event occurred on January 30, 2010 and our common share price was \$8.28, the closing price of our common shares on January 29, 2010, the last trading day of fiscal 2009. The actual amounts to be paid out will only be determinable at the time of such executive's termination or such change of control.

(1) The amount reported reflects the continued payment of base salary for a period of 12 months at the rate in effect on the Executive's date of

termination.

- (2) The health care cost is calculated as the difference between the Company's cost of providing the benefits less the amount the NEO paid for such benefits as of the NEO's date of termination. Mr. McGrady's and Ms. Davis's Benefits Continuation amount reflects the cost of maintaining health care coverage for 12 months at the coverage level in effect as of the NEO's date of termination.
- (3) Mr. McGrady's Amendment to his June 22, 2000 Employment Agreement entitles him to a special monthly retention payment of \$10,000 through and including July 31, 2013. Ms. Davis's retention payment was approved in May, 2009 to be paid on January 31,

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Procedures for Review of Related Party Transactions

Our Board of Directors has approved written guidelines for the approval of related party transactions, which gives our Audit Committee the power to approve or disapprove potential related party transactions, as described below. The guidelines for approval of related party transactions are available in print (without charge) to any shareholder upon request by writing to Retail Ventures, Inc. Attention: Secretary, 4150 East 5th Ave., Columbus, Ohio 43219. The guidelines for approval of related party transactions provide for the review, approval or ratification of any related party transaction that require disclosure under applicable SEC rules.

For purposes of these guidelines, a related party transaction is any transaction to which the Company or any of its subsidiaries is a party and in which any of the following persons has a direct or indirect interest:

- (1) a director, director nominee, or officer of the Company;
- (2) a shareholder of the Company who owns more than five percent (5%) of any class of the Company's voting securities;
- (3) a member of the immediate family of any person described in (1) or (2) above; and
- (4) an entity in which any person described in (1), (2) or (3) above has a greater than ten percent (10%) equity interest.

In determining whether to approve a related party transaction, the Audit Committee considers the following factors, to the extent relevant:

Is the transaction in the normal course of the Company's business?

Are the terms of the transaction fair to the Company?

Are the terms of the transaction commercially reasonable? Are the terms of the transaction substantially the same as the terms that the Company would be able to obtain in an arms-length transaction with an unrelated third party?

Has the Company obtained an independent appraisal or completed a financial analysis of the transaction? If so, what are the results of such appraisal or analysis?

Is the transaction in the best interests of the Company? The Company's shareholders?

Based on an analysis of these factors (and other additional factors that the Audit Committee may deem relevant based on the circumstances), the Audit Committee takes formal action to either approve or reject the related party transaction.

During fiscal 2009, the Company or its subsidiaries was party to certain related person transactions with SSC, as described below. The Audit Committee has approved each of these transactions in accordance with our written guidelines.

Table of Contents**Real Estate Leases and Subleases with SSC and Affiliates**

Warehouse and Distribution facility. DSW leases the approximately 700,000 square foot corporate headquarters, warehouse and distribution facility in Columbus, Ohio from an affiliate of SSC. In fiscal 2006, in connection with the execution of the lease for a new corporate office described below, DSW exercised the first renewal option extending the term of this lease until December 2021. Additionally, DSW was granted an additional five-year renewal option for this facility. The monthly rent is \$179,533, \$194,228 and \$208,922, and \$220,416 during the second, third and fourth five-year periods of the initial term and first renewal period, respectively. The lease has three remaining renewal options with terms of five years each. The rent increases to \$235,111, \$249,805, and \$265,160 in the second, third and fourth renewal terms, respectively. Under this agreement, DSW incurred approximately \$2.7 million of expense for fiscal 2009.

Corporate Office. In fiscal 2006, DSW entered into a lease for a new corporate headquarters immediately adjacent to the existing home office in Columbus, Ohio. The landlord is an affiliate of SSC. The lease expires in December 2021 and has three renewal options with terms of five years each. The monthly rent is \$123,143 with a minimum annual rent of \$1,477,710. Under this agreement, DSW incurred approximately \$1.5 million of expense for fiscal 2009.

Fulfillment Center. In fiscal 2007, DSW entered into a lease for a new fulfillment center for dsw.com adjacent to the existing home office in Columbus, Ohio. The landlord is an affiliate of SSC. The lease expires in September 2017 and has two renewal options with terms of five years each. For fiscal 2009, the monthly rent was \$46,375, with a minimum annual rent of \$556,500. Under this agreement, DSW incurred approximately \$0.8 million of expense for fiscal 2009.

DSW stores. As of January 30, 2010, DSW leased or subleased 19 DSW stores from affiliates of SSC. DSW incurred approximately \$7.2 million of rent and approximately \$1.8 million of other expense (real estate taxes, maintenance and insurance) related to these leases for fiscal 2009. In addition to base rent, for each lease, DSW also (a) pays percentage rent equal to approximately 2% annually of gross sales that exceed specified breakpoints that increase as the minimum rent increases and (b) pays a portion of expenses related to maintenance, real estate taxes and insurance. These leases have terms expiring between July 2011 and January 2023 and generally have at least three renewal options of 5 years each.

Future minimum lease payments required under the aforementioned leases, exclusive of real estate taxes, insurance and maintenance costs, as of January 30, 2010 for continuing operations are as follows:

Fiscal Year	Minimum Payments (in thousands)
2010	\$ 25,784
2011	26,662
2012	27,426
2013	26,204
2014	26,141
Future Years	124,795
Total	\$ 257,012

Merchandise Transactions with SSC and Affiliates

DSW purchases merchandise from affiliates of SSC from time to time. During fiscal 2009, DSW purchased merchandise from affiliates of SSC in an amount immaterial to the financial statements. Any merchandise purchases from such sources are on terms at least as favorable to DSW as could be obtained in an arm's length transaction with an unaffiliated third party.

Taryn Rose

In January 2010, DSW invested approximately \$1.2 million into an entity that purchased certain assets of Taryn Rose, a luxury comfortable shoe brand. In exchange for our \$1.2 million investment, we received a 19.9% interest in the entity. The 80.1% owner of the entity is an affiliate of SSC.

Table of Contents**Corporate Services Agreement with SSC**

The Company receives services from SSC pursuant to a Corporate Services Agreement (as amended) between the Company and its wholly-owned subsidiaries and SSC. The agreement sets forth the costs of shared services, including specified legal, real estate, property management and administrative services. As of January 30, 2010, the services the Company receives pursuant to this agreement pertain to property management and administrative services. The Company believes that it is able to obtain such services at a cost which is equal to or below the cost of providing such services internally or obtaining such services from unaffiliated third parties. For fiscal 2009 our allocated portion of the amount we paid to SSC and affiliates was an amount immaterial to the financial statements.

Warrants

The Company has outstanding warrants to purchase up to 3,683,959 of its common shares (including 1,731,460 to Schottenstein RVI LLC, an affiliate of SSC) at an initial exercise price of \$4.50 per share, or up to 699,819 (including 328,915 to Schottenstein RVI LLC, an affiliate of SSC) DSW Class A Common Shares owned by Retail Ventures at an initial exercise price of \$19.00 per share. The warrants were originally issued in connection with certain financing arrangements with SSC and various unrelated third parties, are subject to certain anti-dilution provisions and are exercisable at any time on or prior to June 11, 2012. The Company has granted registration rights with respect to the shares issuable upon exercise of the warrants. Retail Ventures is subject to contractual obligations with its warrant holders to retain enough DSW Common Shares to be able to satisfy its obligations to deliver such shares to its warrant holders if the warrant holders elect to exercise their warrants in full for DSW Class A Common Shares. A summary of RVI's outstanding Warrants as of April 30, 2010 is presented below:

	Schottenstein RVI, LLC	Other Holders	Total
Warrants Exercisable for RVI Common Shares	1,731,460	1,952,499	3,683,959
Warrants Exercisable for DSW Class A Common Shares	328,915	370,904	699,819

Agreements with DSW**Agreements Relating to DSW's Separation from the Company**

In connection with DSW's IPO, the Company and DSW entered into agreements governing various interim and ongoing relationships between them. The description of the agreements is not complete and, with respect to each material agreement, is qualified by reference to the terms of the agreement, each of which is filed as an exhibit to our filings we have made with the Securities and Exchange Commission. We entered into these agreements with DSW in the context of our relationship with DSW. The prices and other terms of these agreements may be less favorable to us than those we could have obtained in arm's-length negotiations with unaffiliated third parties for similar services or under similar agreements. These agreements include:

- a master separation agreement;
- a shared services agreement and other intercompany arrangements;
- a tax separation agreement;
- an exchange agreement; and
- a footwear fixture agreement.

Table of Contents

Master Separation Agreement

The master separation agreement contains key provisions relating to the separation of DSW's business from the Company. The master separation agreement requires DSW to exchange information with the Company, follow certain accounting practices and resolve disputes with the Company in a particular manner. DSW also agreed to maintain the confidentiality of certain information and preserve available legal privileges. The master separation agreement also contains provisions relating to the allocation of the costs of DSW's IPO, indemnification, non-solicitation of employees and employee benefit matters.

Under the master separation agreement, DSW agreed to effect up to one demand registration per calendar year of its Common Shares, whether Class A or Class B, held by Retail Ventures, if requested by Retail Ventures. DSW has also granted Retail Ventures the right to include Retail Ventures' Common Shares of DSW in an unlimited number of other registrations of such shares initiated by DSW or on behalf of DSW's other shareholders.

Amended and Restated Shared Services Agreement and Other Intercompany Arrangements

Effective March 17, 2008, we entered into an Amended and Restated Shared Services Agreement with DSW. Pursuant to the terms of the Amended and Restated Shared Services Agreement, DSW provides Retail Ventures and its subsidiaries with key services relating to risk management, tax, financial services, benefits administration, payroll and information technology. The current term of the Amended and Restated Shared Services Agreement expired at the end of fiscal 2009, was extended automatically for fiscal 2010 and will be extended automatically for additional one-year terms unless terminated by one of the parties. With respect to each shared service, we cannot reasonably anticipate whether the services will be shared for a period shorter or longer than the initial term.

Prior to March 17, 2008, Retail Ventures provided DSW with services relating to import administration, risk management, tax, logistics, legal services, financial services, benefits administration and payroll and maintained insurance for DSW and for its directors, officers, and employees.

Prior to and following the consummation of the DSW initial public offering, DSW has had, and continues to have, the option to use certain administrative and marketing services provided by third party vendors pursuant to contracts between those third party vendors and Retail Ventures. DSW paid Retail Ventures for these services as expenses for these services are incurred. These services are provided to DSW by virtue of DSW's status as Retail Ventures' affiliate and are unrelated to those delineated in the Shared Services Agreement.

In fiscal 2009, DSW paid Retail Ventures approximately \$0.5 million for its portion of expenses relating to the Northland office facility. In addition, in fiscal 2009, Retail Ventures paid DSW approximately \$2.2 million for services it rendered on behalf of Retail Ventures and its affiliates.

On January 15, 2010, Retail Ventures entered into a share purchase agreement with DSW pursuant to which DSW purchased from Retail Ventures 320,000 Class B Common Shares for an aggregate amount of \$8.0 million.

Tax Separation Agreement

Effective March 17, 2008, DSW was exclusively responsible for preparing any tax return with respect to Retail Ventures' Consolidated Group or any Combined Group. Retail Ventures continues to be responsible for filing any tax return with respect to the Consolidated Group. DSW continues to be responsible for preparing and filing any tax returns that include only DSW and its subsidiaries. For the tax services provided to Retail Ventures by DSW, Retail Ventures pays a monthly fee equal to its respective share of all costs associated with the maintenance and operation of our tax department (including all overhead expenses). In addition, Retail Ventures reimburses DSW for 100% of any third party fees and expenses incurred by our tax department in connection with the performance of the tax services that are solely incurred for Retail Ventures.

Table of Contents

DSW is primarily responsible for controlling and contesting any audit or other tax proceeding with respect to the Consolidated Group or any Combined Group. In cases involving taxes relating to a spin-off, DSW has the right to control decisions to resolve, settle or otherwise agree to any deficiency, claim or adjustment with respect to any item for which we are solely liable under the tax separation agreement. Pursuant to the Tax Separation Agreement, DSW has the right to control and contest any audit or tax proceeding that relates to any tax returns that include only DSW and its subsidiaries. DSW and Retail Ventures have joint control over decisions to resolve, settle or otherwise agree to any deficiency, claim or adjustment for which DSW and Retail Ventures could be jointly liable, except in cases involving taxes relating to a spin-off. Disputes arising between the parties relating to matters covered by the tax separation agreement are subject to resolution through specific dispute resolution provisions.

DSW has been included in the Consolidated Group for periods in which Retail Ventures owned at least 80% of the total voting power and value of DSW's outstanding stock. Following completion of the DSW initial public offering in July 2005, DSW is no longer included in the federal Consolidated Group. Each member of a consolidated group for U.S. federal income tax purposes is jointly and severally liable for the U.S. federal income tax liability of each other member of the consolidated group. Similarly, in some state and local jurisdictions, each member of a consolidated, combined or unitary group is jointly and severally liable for the state and local income tax liability of each other member of the consolidated, combined or unitary group. Accordingly, although the Tax Separation Agreement allocates tax liabilities between DSW and Retail Ventures, for any period in which DSW was included in the Consolidated Group or a Combined Group, DSW could be liable in the event that any income tax liability was incurred, but not discharged, by any other member of the Consolidated Group or a Combined Group.

Present and future majority-owned affiliates of DSW or Retail Ventures will be bound by our agreements, unless we or DSW, as applicable, consent to grant a release of an affiliate (such consent cannot be unreasonably withheld, conditioned or delayed), which may limit our ability to sell or otherwise dispose of such affiliates. Additionally, a minority interest participant(s) in a future joint venture, if any, would need to evaluate the effect of the tax separation agreement on such joint venture, and such evaluation may negatively affect their decision whether to participate in such a joint venture. Furthermore, the tax separation agreement may negatively affect our ability to acquire a majority interest in a joint venture.

For fiscal years after fiscal 2007, we and DSW no longer reimburse each other for the benefits or detriments derived from combined and unitary state and local filing positions. In fiscal 2009, Retail Ventures contributed tax benefits to DSW resulting in non-cash capital contributions of \$4.7 million.

Exchange Agreement

In connection with the DSW initial public offering, we entered into an exchange agreement with DSW. In the event that we desire to exchange all or a portion of the Class B Common Shares held by us for Class A Common Shares, DSW will issue to Retail Ventures an equal number of duly authorized, validly issued, fully paid and nonassessable Class A Common Shares in exchange for the Class B Common Shares of DSW held by Retail Ventures. Retail Ventures may make one or more requests for such exchange, covering all or a part of the Class B Common Shares that we hold.

Footwear Fixture Agreement

In connection with the completion of the DSW initial public offering in July 2005, we entered into an agreement with DSW related to its patented footwear display fixtures. DSW agreed to sell Retail Ventures, upon its request, the fixtures covered by the patents at the cost associated with obtaining and delivering them. In addition, DSW agreed to pay Retail Ventures a percentage of any net profit that it may receive should DSW ever market and sell the fixtures to third parties.

Table of Contents

Registration Rights Agreements

Under the master separation agreement, DSW agreed to effect up to one demand registration per calendar year of DSW Common Shares, whether Class A or Class B, held by Retail Ventures, if requested by Retail Ventures. DSW have also granted Retail Ventures the right to include its Common Shares of DSW in an unlimited number of other registrations of such shares initiated by DSW or on behalf of DSW's other shareholders.

DSW has also entered into registration rights agreements with holders of the warrants issued by Retail Ventures (described above under "Certain Relationships and Related Transactions - Warrants"), under which DSW agreed to register in specified circumstances the Class A Common Shares issued to Schottenstein RVI, LLC or Cerberus Partners, L.P. (an unrelated third party) upon exercise of their warrants and each of these entities and Millennium Partners, L.P. (an unrelated third party) will be entitled to participate in the registrations initiated by the other entities. Under these agreements, each of Cerberus (together with transferees of at least 15% of its interest in registrable DSW Common Shares) and Schottenstein RVI, LLC (together with transferees of at least 15% of its interest in registrable DSW Common Shares) may request up to five demand registrations with respect to the Class A Common Shares issued to them upon exercise of their warrants provided that no party may request more than two demand registrations, except that each of Cerberus and Schottenstein RVI, LLC may each request up to three demand registrations. The agreement will also grant Cerberus, Schottenstein RVI, LLC and Millennium the right to include these Class A Common Shares in an unlimited number of other registrations of any of our securities initiated by DSW or on behalf of DSW's other shareholders (other than a demand registration made under the agreement).

Union Square Store Guaranty by the Company

In January 2004, DSW entered into a lease agreement with an unrelated third party for its Union Square store in Manhattan, New York. In connection with the lease, the Company has agreed to guarantee payment of DSW's rent and other expenses and charges and the performance of its other obligations.

Agreements between DSW and Filene's Basement for Leased Shoe Departments

Effective April 21, 2009 the Company disposed of its interest in Filene's Basement, Inc. Prior to the disposition of Filene's Basement in April 2009, DSW had the exclusive right to operate leased shoe departments within Filene's Basement stores. DSW owned the merchandise and recorded sales of merchandise net of returns and sales tax. DSW paid a percentage of net sales as rent. From the period of February 1, 2009 until its disposition by Retail Ventures in April 2009, DSW paid Filene's Basement approximately \$5.9 million in total fees and expenses relating to these shoe departments.
