PROXY STATEMENT

INTRODUCTION

The Board of Directors is soliciting proxies to be used at the 2010 Annual Meeting of Stockholders of Mace Security International, Inc. (Mace or the Company) to be held on Friday, June 18, 2010 at 10:00 AM, Eastern Time, at the New York Athletic Club, Colonial Room, 180 Central Park South, New York, New York 10019. Mace will begin mailing this proxy statement and the enclosed proxy card on or about May 18, 2010 to its stockholders entitled to vote at the Annual Meeting.

The Board of Directors is soliciting your proxy to encourage you to vote on the proposals at the Annual Meeting and to obtain your support for the proposals. You are invited to attend the Annual Meeting and vote your shares directly. If you do not attend, you may vote by proxy, which allows you to direct another person to vote your shares at the Annual Meeting on your behalf, using the accompanying proxy card. **Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return the proxy card in case your plans change. You can always vote in person at the Annual Meeting, even if you have already returned the proxy card, by revoking your original proxy card.**

About these Proxy Materials

The Proxy Card The proxy card permits you to vote by proxy, whether or not you attend the Annual Meeting. When you sign the proxy card, you appoint certain individuals as your representatives at the Annual Meeting. They will vote your shares of Mace common stock at the Annual Meeting as you have instructed on the proxy card. If a proposal comes up for a vote that is not on the proxy, and for which the Company did not receive notice of at least 45 days before this proxy solicitation, they will vote your shares as they deem appropriate.

This Proxy Statement This proxy statement contains important information for you to consider when deciding how to vote on the proposals. Please read it carefully. It is divided into six sections following this Introduction:

Sections	Page
The Proposals	4
Independent Registered Public Accounting Firm	7
About the Board of Directors and Executive Officers	8
Executive Compensation	15
The Principal Stockholders of Mace	27
Additional Information	29

Mace will bear the cost of soliciting proxies for an affirmative vote on the proposals. Mace will not reimburse any other person or entity for the cost of preparing its own proxy materials or soliciting proxies for any matter. Mace's directors, officers and employees may solicit proxies, but will receive no special compensation for any solicitation activities. Proxies may be solicited by mail, in person, by telephone, facsimile or by other means. Mace will reimburse brokers, nominees, custodians and fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy materials to the beneficial owners of Mace common stock.

About the Annual Meeting

When And Where Mace will hold the Annual Meeting on Friday, June 18, 2010, at 10:00 AM, Eastern time, at the New York Athletic Club, Colonial Room, 180 Central Park South, New York, New York 10019.

Record Date The Board has fixed the close of business on May 14, 2010 as the record date for the Annual Meeting. All stockholders of record at that time are entitled to notice of and are entitled to vote in person or by proxy at the Annual Meeting.

Quorum Requirement Mace's bylaws require that one-third of the outstanding shares of Mace common stock must be represented at the Annual Meeting, whether in person or by proxy to constitute a quorum, in order to transact business at the Annual Meeting. Abstentions and broker non-votes will be counted in determining whether there is a quorum at the Annual Meeting.

The Proposals Stockholders will vote on the following proposals at the Annual Meeting:

election of five directors; and

ratification of the appointment of Grant Thornton LLP as Mace's independent registered public accounting firm for fiscal year 2010.

Other Matters There were no stockholder proposals submitted for the Annual Meeting for inclusion in this proxy statement. Neither Mace nor its Board intends to bring any other matter before the Annual Meeting. If other matters requiring the vote of the stockholders properly come before the Annual Meeting, which were omitted from this proxy statement pursuant to Rule 14a-8 or 14a-9 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), or which the Board did not know would be presented at least 45 days before this solicitation, the persons named in the enclosed proxy card will have discretionary authority to vote the proxies held by them with respect to such matters in accordance with their best judgment on such matters.

Presence of Independent Registered Public Accountants Representatives of Grant Thornton LLP, Mace's independent registered public accounting firm, will be present at the Annual Meeting. They will have the opportunity to make a statement at the Annual Meeting, if they choose, and they are expected to be available to respond to appropriate stockholder questions.

The Stockholders As of the record date of May 14, 2010, there were 15,735,725 shares of Mace common stock issued and outstanding. A complete list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder, for any purpose relating to the Annual Meeting, for ten days prior to the meeting during ordinary business hours at Mace's headquarters located at 240 Gibraltar Road, Suite 220, Horsham, Pennsylvania 19044.

Voting at the Annual Meeting

You are entitled to one vote for each share of Mace common stock that you owned of record at the close of business on May 14, 2010. The presence, in person or by proxy, of the holders of a majority of shares of common stock issued and outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions are counted as shares present at the meeting for purposes of determining whether a quorum exists. Abstentions have the effect of a vote against any matter to which they are specified. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on those proposals (so-called broker non-votes) are considered shares present at the meeting for purposes of determining whether a quorum exists. Broker non-votes will not affect the outcome of the vote on any matter unless the matter requires the affirmative vote of a majority of the outstanding shares and in such case will have the effect of a vote against that matter.

Table of Contents

The five nominees for director receiving the highest number of affirmative votes shall be elected as directors. Stockholders do not have the right to cumulate their votes in the election of directors. The other proposal requires the approval of a majority of all shares of Mace common stock entitled to vote for such proposal that are represented at the Annual Meeting in person or by proxy.

How To Vote Your Shares

You may vote in one of two ways:

- return your completed, signed and dated proxy card before the Annual Meeting; or
- cast a written ballot in person at the Annual Meeting (you will need a legal proxy from your broker if you hold your shares in street name).

Voting By Proxy The proxy card has simple instructions. By returning a completed proxy card before the Annual Meeting, you will direct the appointed persons (known as proxies) to vote your shares at the Annual Meeting in accordance with your instructions. Gregory M. Krzemien and Steven Rolle will serve as your proxies for the Annual Meeting. If you complete the entire proxy card except for the voting instructions, the proxies will vote your shares **for** the election of the nominated directors and **for** the ratification of the appointment of Grant Thornton LLP as Mace's independent registered public accounting firm for fiscal year 2010. If any nominee for election to the Board is unable to serve, which is not anticipated, then the designated proxies will vote your shares **for** any substitute nominee chosen by the Board. If any other matters properly come before the Annual Meeting, then the designated proxies will vote your shares in their discretion on such matters.

How To Revoke Your Proxy You may revoke your proxy at any time before it is exercised at the Annual Meeting by any of the following means:

- notifying Mace's Secretary in writing (notice to be sent to Mace's executive offices, the address for which is located on the first page of this proxy statement);
- submitting another proxy card with a later date; or
- attending the Annual Meeting and voting by written ballot (mere attendance at the Annual Meeting will not by itself revoke your proxy).

Only the record owner of your shares can vote your shares or revoke a proxy the record owner has given. If your shares are in street name, you will not be able to revoke the proxy given by the street name holder.

ABOUT THE BOARD OF DIRECTORS AND EXECUTIVE OFFICERS

About the Board and its Committees

Mace's Board is currently comprised of five directors: Mark S. Alsentzer, Richard A. Barone, Gerald T. LaFlamme, John C. Mallon, and Dennis R. Raefield. Each director position is elected annually for a one-year term.

Mace has Corporate Governance Guidelines which provide that two-thirds of the Company's directors should be independent. The independence of a director is currently determined by the Board of Directors applying the criteria established by the rules of the NASDAQ Global Market and the criteria set forth in Section 3.14 of the Company's Bylaws. Section 3.14 of the Company's Bylaws sets forth certain familial relationships and relationships with the Company that preclude a director from being considered independent. The criteria set forth in Section 3.14 of the Company's Bylaws may be examined by stockholders on the Company's web site at www.mace.com under the heading of Investor Relations. The Board has determined that Messrs. Barone, LaFlamme, Mallon and Smith are independent under applicable SEC rules, the rules of the NASDAQ Global Market and under the criteria of Section 3.14 of the Company's Bylaws.

The Board has a Nominating Committee, an Audit Committee, a Compensation Committee, and an Ethics and Corporate Governance Committee. All of the committees of the Board are governed by a charter and such charters, along with the Company's Corporate Governance Guidelines and Bylaws, are posted on the Company's website at www.mace.com. All members of the Audit Committee, Compensation Committee, Nominating Committee, and the Ethics and Corporate Governance Committee of the Board are independent directors within the meaning of the rules of the NASDAQ Global Market.

Meetings of the Board and its Committees During 2009

Mace's Board of Directors held nine formal meetings and took action by unanimous written consent five times during 2009. The Chairman of the Board is John C. Mallon, an independent director. Committees of the Board of Directors held 11 formal meetings during the fiscal year ended December 31, 2009, as set forth on the following chart. All directors attended more than 75% of the aggregate of Mace's Board meetings and the meetings of the committees of the Board on which they served. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction. The Compensation Committee is responsible for developing the Company's philosophy and structure for executive compensation. Consistent with this philosophy, on an annual basis, the Compensation Committee reviews and sets the compensation for the Chief Executive Officer (CEO), the Chief Financial Officer (CFO), and the Executive Vice President, General Counsel (EVP). Mr. Raefield and Mr. Krzemien have been the Executive Officers of the Company during calendar year 2009 to present. Mr. Kramer was an executive officer of the Company during calendar year 2009 through February 12, 2010, and is no longer a Company employee. The titles of Mr. Raefield, Mr. Krzemien and Mr. Kramer, who are referred to as Named Executive Officers herein, are as follows:

- (a) Dennis R. Raefield, President and CEO;
- (b) Gregory M. Krzemien, CFO and Treasurer; and
- (c) Robert M. Kramer, EVP, General Counsel and Secretary.

The Company's executive compensation program is based on principles designed to align executive compensation with the Company's business strategy of creating wealth for its stockholders and creating long-term value for the business. The Compensation Committee believes in establishing base executive compensation which is comparable to the median base compensation paid by comparable companies with bonuses tied to the execution of business strategies approved by the Board. It is the Company's philosophy to evaluate its executive compensation structure with other companies of comparative size, type and geographic scope. The Company's compensation policy for executives is intended to further the interests of the Company and its stockholders by encouraging growth of its business through securing, retaining, and motivating management employees of high caliber who possess the skills necessary for the development and growth of the Company. The Company selected Dennis R. Raefield as its CEO, effective August 18, 2008. The Compensation Committee believes that the Company's current management team is experienced and capable.

Compensation and Benefits Philosophy. The compensation and benefits programs for the Named Executive Officers are designed with the goal of providing compensation and benefits that are fair, reasonable and competitive. The programs are intended to help the Company recruit and retain qualified executives, motivate executive performance to achieve specific strategic objectives of the Company, and align the interests of executive management with the long-term interests of the Company's stockholders.

The design of specific programs is based on the following guiding principles:

Competitiveness: Compensation and benefit programs are designed to be competitive with those provided by companies with whom we compete for talent. In general, programs are considered competitive when all factors of a job are considered with compensation levels at the 50th percentile as measured against these competitor companies.

Performance: The Company believes that the best way to accomplish the alignment of compensation plans with the interests of its executives and stockholders is to link pay directly to individual and Company performance.

Cost: Compensation and benefit programs are designed to be cost-effective and affordable, ensuring that the interests of the Company's stockholders are considered. This is especially critical during this time of transition, as we cannot afford to add executives to strengthen our bench.

Comparator Group: The relevant comparator group for compensation and benefit programs consists primarily of companies of comparative size, similar businesses and geographic scope. These are the firms with which the Company competes for talent. The comparator group was chosen to include companies with similar market capitalization, similar revenue size, direct competitors, and also included some companies in areas where the Company intended to do business in the future.

Table of Contents

The Compensation Committee did not commission a compensation study for 2008 or 2009. The most recent compensation study commissioned by the Compensation Committee was the December 2007 study conducted by the Hay Group.

Roles, Responsibilities and Charter of the Committee. The primary purpose of the Compensation Committee is to conduct reviews of the Company's general executive compensation policies and strategies, oversee and evaluate the Company's overall compensation structure and programs, and establish the compensation for the Named Executive Officers. The Compensation Committee's direct responsibilities include, but are not limited to:

- Determining and approving the compensation level of the CEO;
- Evaluating and approving compensation levels of the other Named Executive Officers;
- Evaluating and approving all grants of equity-based compensation to Named Executive Officers;
- Recommending to the Board compensation policies for non-employee directors; and
- Designing performance-based and equity-based incentive plans for the CEO and other Named Executive Officers and reviewing other benefit programs presented to the Compensation Committee by the CEO.

Overall Program Components. The key components of the Company's executive compensation package are direct compensation and company-sponsored benefit plans. These components are administered with the goal of providing total compensation that recognizes meaningful differences in individual performance, is competitive, varies the opportunity based on individual and corporate performance, and is valued by the Company's executives. The Company seeks to achieve its compensation objectives through five key compensation elements:

- A base salary;
- Structured performance bonuses (with respect to Mr. Raefield), periodic (generally annual) grants of long-term, equity-based compensation (i.e., longer-term incentives), such as stock options, which may be subject to performance-based and/or time-based vesting requirements;
- Change of control arrangements that are designed to retain executives and provide continuity of management in the event of an actual or threatened change of control;
- Special awards and/or bonuses for duties that are above and beyond the normal scope of duties for a given executive; and
- Perquisites and benefits.

Competitive Consideration. In making compensation decisions with respect to each element of compensation, the Compensation Committee considers the competitive market for executives and compensation levels provided by comparable companies. The Compensation Committee regularly reviews the compensation practices at companies with which it competes for talent, including businesses engaged in activities similar to those of the Company, as noted in the list above.

The Compensation Committee does not attempt to set each compensation element for each executive within a particular range related to levels provided by industry peers or the comparator group. The Compensation Committee does use market comparisons as one factor in making compensation decisions. Some of the other factors considered when making individual executive compensation decisions include individual contribution and performance, reporting structure, internal pay relationship, complexity and importance of role and responsibilities, leadership and growth potential.

Executive Compensation Practices. The Company's practices with respect to each of the five key compensation elements identified above, as well as other elements of compensation, are set forth below, followed by a discussion of the specific factors considered in determining key elements of fiscal year 2009 compensation for the Named Executive Officers.

Base Salary. Base salary is designed to attract and retain experienced executives who can drive the achievement of the Company's business goals. Mr. Raefield became the Company's CEO on August 18, 2008. Mr. Raefield's base salary was arrived at by negotiation. Mr. Raefield did not receive an increase in base salary during 2009. Mr. Raefield's base salary is \$375,000. The Compensation Committee felt that Mr. Raefield's security industry experience and success in reducing the Company's cost structure warranted his base salary of \$375,000 during 2009. Mr. Krzemien and Mr. Kramer, each of whom received a base salary of \$230,000 in the employment agreements they entered into with the

Company in February 2007, did not receive any increase in base salary during 2008 or 2009. While an executive's initial base salary is determined through an assessment of comparative market levels for the position, the major factors in determining base salary increases are individual performance, pertinent experience, an increase in responsibility and the profitability of the Company.

Table of Contents

Mr. Krzemien and the Company executed a Letter Agreement dated March 23, 2010 (the Krzemien Agreement) under which Mr. Krzemien serves as an employee at will. Under the Krzemien Agreement, Mr. Krzemien s annual base salary remains \$230,000 with a \$700 per month car allowance and standard Company medical benefits. The Company awarded Mr. Krzemien an option grant for 50,000 shares of the Company s common stock on April 7, 2010, at an exercise price of \$0.93 per share, the closing market price on the date of the award. The options vest in three equal annual installments on the annual anniversary date of the Krzemien Agreement.

The minimum salary for the CEO, CFO, and General Counsel were established by negotiation. The amount of any increase over this minimum for the CEO, CFO and General Counsel are determined by the Compensation Committee based on a variety of factors, including:

The nature and responsibility of the position and, to the extent available, salary norms for persons in comparable positions at comparable companies;

The expertise of the individual executive;

The competitiveness of the market for the executive s services;

The recommendations of the CEO (except in the case of his own compensation);

The amount of structured bonuses paid under the executive s employment agreement ; and

The success of the Company in achieving the goals established by the Board of Directors.

Where not specified by contract, salaries are generally reviewed annually.

Annual Incentives for Named Executive Officers. There was a formal incentive plan in place for 2009 with respect to Mr. Raefield. The benchmarks in the bonus plan were not achieved and Mr. Raefield did not receive a bonus in 2009. The formal 2009 Incentive Plan for the CEO was based on benchmarks of earnings before interest, taxes, depreciation and amortization (EBITDA) for the year ended 2009. The 2009 Incentive Plan was designed to focus on key financial, operational, and individual goals.

The Compensation Committee has discretion to provide bonuses to the Named Executive Officers for exceptional results, special circumstances, and other non-quantitative measures. In 2009, no annual bonuses, special awards or recognition were granted by the Compensation Committee, and none of the Named Executive Officers received any annual incentive payments.

Long-term Incentive Compensation. The long-term equity-based award is designed to attract and retain executives and certain other key employees, and to strengthen the link between compensation and increased returns for stockholders through share price appreciation. The Company uses stock options as its long-term incentive compensation. Awards granted to individual executives are discretionary and may be made annually under the Company s 1999 Stock Option Plan (the Option Plan). The number of shares granted is at the discretion of the Compensation Committee and are generally awarded each year for the previous year s performance, or when the Company conducts a market-based review to ensure compensation is in line with comparable companies in the industry. The options are typically subject to a ten-year life and vest in accordance with the terms of each option agreement. Options are issued at the market closing price for the Company s common stock on the date the option is authorized. The value of each option is not adjusted during the option s lifetime.

The Company has adopted a policy on stock option grants that includes the following provisions relating to the timing of option grants:

All awards of stock options to Named Executive Officers are awarded by the Compensation Committee or when each Named Executive Officer s compensation and performance is reviewed by the Compensation Committee.

All awards of stock options to employees who are not Named Executive Officers are awarded by the Compensation Committee based on the Named Executive Officer s recommendations after review by the Compensation Committee.

Option grants are not timed with the release of material non-public information.

Except for inducement grants for new employees, Named Executive Officers recommend an award of stock options based on a review of the employee's performance and compensation.

The grant date of the stock options is always the date the Compensation Committee authorizes the grant or a date in the future.

The exercise price is the closing price of the underlying common stock on the grant date authorized by the Compensation Committee.

Stock option awards for Named Executive Officers are promptly announced on a Form 4 filing.

Table of Contents

The long-term incentive program calls for stock options to be granted with exercise prices of not less than fair market value of the Company's stock on the date of authorization and to vest over time, based on continued employment, with rare exceptions made by the Compensation Committee. The Compensation Committee will not grant stock options with exercise prices below the market price of the Company's stock on the date of authorization. New option grants to Named Executive Officers normally have a term of ten years.

Long-term equity grants are positioned at or below the median of the competitive market when performance is at target levels. When performance falls below target levels, funding will be below the market median or eliminated. When performance exceeds target levels, funding may be above the market median.

Overall grant levels are at the discretion of the Compensation Committee. The size of individual long-term equity based awards is determined using compensation guidelines developed based on individual performance.

Fiscal Year 2009 Stock Option Decisions. During 2008, as part of hiring Mr. Raefield, the Compensation Committee agreed to award Mr. Raefield an option for 250,000 shares of the Company's Common Stock on the anniversary date of Mr. Raefield's date of hire. The option was issued on July 28, 2009 at an exercise price of \$.97 per share. The option vests one-half on July 28, 2010 and one-half on July 28, 2011.

At the time Mr. Raefield was hired, the Compensation Committee believed that the 2009 option award was warranted due to the award being below the median of long term incentive compensation granted to chief executive officers, as stated in the Hay 2007 Report. Mr. Raefield's total direct compensation under his employment agreement was below the median total direct compensation market consensus for chief executive officers, as set forth in the Hay Group's 2007 Report.

Mr. Kramer and Mr. Krzemien did not receive any options or other incentive compensation for 2009.

Change of Control Arrangements. The Employment Agreement between the Company and Mr. Raefield entered into on July 29, 2008 did not contain a provision for payments triggered by a change of control, but does require certain payments if Mr. Raefield is terminated without cause. The Company entered into a change of control arrangement with Mr. Kramer and Mr. Krzemien in 2007. The Company entered into the arrangements in order to encourage the executives to remain employed with the Company during a period when the Company was changing its business from the car wash industry to the security business and e-commerce business. The Compensation Committee was concerned that the uncertain atmosphere could result in Mr. Kramer, and Mr. Krzemien seeking employment at another company. The 2007 Compensation Committee believed that it was important to retain its key executives as the Company transitioned its business.

Mr. Kramer's and Mr. Krzemien's payments under the employments agreement that expired February 12, 2010 were linked to three separate events. Mr. Kramer and Mr. Krzemien would have received a one-time payment of their annual base salary (\$230,000) in the event that both a change of control occurred and Mr. Paolino no longer served as Chief Executive Officer of the Company (the Double Trigger). Mr. Paolino was terminated as Chief Executive Officer of the Company on May 20, 2008. In the event that the Double Trigger occurred, if during the term of their employment agreements, the Company terminated Mr. Kramer or Mr. Krzemien, respectively, or the Company breached their respective employment agreement, the affected Executive Officer would have received an additional one-time payment of his annual base salary (the Triple Trigger). The Compensation Committee, after consultation with Compensation Resources, Inc., believed the lesser payment and the Double Trigger and the Triple Trigger was sufficient to encourage the retention of Mr. Kramer and Mr. Krzemien. These change of control arrangements expired on February 12, 2010, the date that the Employment Agreements of Mr. Krzemien and Mr. Kramer expired.

Table of Contents

Termination Payment Provisions for Mr. Raefield. The Employment Agreement between the Company and Mr. Raefield entered into on July 29, 2008 provides that Mr. Raefield can be terminated by the Board of Directors for cause, as set forth in the Raefield Employment Agreement without any severance or other payment. The Board of Directors can also terminate Mr. Raefield without cause, upon a payment of two times Mr. Raefield's current annual base salary. Mr. Raefield is prohibited from competing with the Company during his period of employment and for a one year period following a termination of employment. The Company is obligated to pay Mr. Raefield \$375,000 in exchange for the one year obligation not to compete, if Mr. Raefield is employed through August 18, 2011 and the Company and Mr. Raefield do not enter into a new employment agreement within sixty days after August 18, 2011.

Change of Control Provision for Mr. Krzemien. Mace currently employs Mr. Krzemien as its CFO and Treasurer. From February 12, 2007 to February 12, 2010, Mr. Krzemien was employed under an Employment Agreement dated February 12, 2007. Mr. Krzemien is currently an employee at will under the Krzemien Agreement dated March 23, 2010. Under the Krzemien Agreement, Mr. Krzemien is not entitled to any change of control payment, but is entitled to a severance payment equal to six months of his base salary, if he is terminated without Good Cause, as defined in the Krzemien Agreement. Mr. Krzemien is also entitled to the six month severance payment, if he resigns due to the Company materially changing his duties as Chief Financial Officer, relocates his office more than 25 miles from its present location or reduces his annual base salary. Good Cause to terminate Mr. Krzemien without a severance payment generally exists if Mr. Krzemien fails to perform his duties and does not cure such failure within thirty days of being notified of the failure, or commits certain other enumerated actions which harm the Company. The definition of Good Cause is in footnote 5 to the Change of Control Chart below under Potential Payments upon Termination or Change of Control. Generally, the Krzemien Agreement provides for two weeks advance notice of a termination; however, in the case of the Company being merged or acquired by another party, the notice of termination is increased to three months. Mr. Krzemien is required to continue to perform his duties during the notice period. Under the expired employment contract, Mr. Krzemien was entitled to receive a one time retention payment equal to his then annual base compensation upon the occurrence of both: (a) a change of control of the Company and (b) Louis D. Paolino, Jr. ceasing to be the CEO of the Company. Additionally, Mr. Krzemien would have been entitled to receive a termination payment equal to his then annual base compensation if his employment contract was terminated without cause or if the Company breached his employment contract. As of December 31, 2009, the annual base compensation of Mr. Krzemien was \$230,000. If a change of control occurred on December 31, 2009, Mr. Krzemien would have received a retention payment of \$230,000. If on December 31, 2009, a change of control occurred, and the Company decided to either terminate Mr. Krzemien without cause or the Company breached Mr. Krzemien's employment contract, Mr. Krzemien would have been paid a total of \$460,000.

Change of Control Provision for Mr. Kramer. Mace no longer employs Mr. Kramer as its EVP and General Counsel. During 2009 through February 12, 2010, Mr. Kramer was employed under an employment contract entered on February 12, 2007. Under his employment contract, Mr. Kramer was entitled to receive a one-time retention payment equal to his then annual base compensation upon the occurrence of both: (a) a change of control of the Company and (b) Louis D. Paolino, Jr. ceasing to be the CEO of the Company. Additionally, after Mr. Kramer is paid the retention payment, he would have been entitled to receive a termination payment equal to his then annual base compensation, if his employment contract is terminated without cause, or if the Company breached his employment contract. As of December 31, 2009, the annual base compensation of Mr. Kramer was \$230,000. If a change of control had occurred on the date of this Proxy Statement, Mr. Kramer would have received a retention payment of \$230,000. Additionally, if on December 31, 2009, a change of control had occurred and the Company decided to either terminate Mr. Kramer without cause or the Company breached Mr. Kramer's employment contract, Mr. Kramer would have been paid a total of \$460,000.

Benefits and Perquisites. With limited exceptions, the Committee supports providing benefits and perquisites to the Named Executive Officers that are substantially the same as those offered to other officers of the Company. As of February 12, 2007, Mr. Kramer and Mr. Krzemien became entitled to a \$700 per month car allowance. Pursuant to his employment agreement, Mr. Raefield is entitled to receive a company vehicle for his personal use, having a lease cost of no more than \$800 per month starting August 18, 2008, and payment of certain life and disability insurance premiums and funding of certain health reimbursement plans.

Table of Contents

Total Compensation. In making decisions with respect to elements of the Named Executive Officers' compensation, the Compensation Committee considers the total compensation of the executive, including salary, special awards/bonuses and long-term incentive compensation. In addition, in reviewing and approving employment agreements for the Named Executive Officers, the Compensation Committee considers all benefits to which the officer is entitled by the agreement, including compensation payable upon termination of the agreement. The Compensation Committee's goal is to award compensation that is reasonable when all elements of potential compensation are considered.

Policy with respect to the \$1 million deduction limit. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's Chief Executive Officer and the four other most highly compensated executive officers as of the end of the fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met.

The Compensation Committee designs certain components of executive compensation to permit full deductibility. The Compensation Committee believes, however, that stockholder interests are best served by not restricting the Compensation Committee's discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses.

The Raefield Employment Agreement provides that Mr. Raefield and the Company were required to develop a mutually acceptable annual bonus plan for Mr. Raefield within forty-five (45) days from the date of the Employment Agreement. No annual bonus plan was agreed upon for 2008. The bonus plan is to be designed to provide profitability targets for the Company that, if achieved, will allow Mr. Raefield to earn annual bonuses of between thirty percent (30%) to fifty percent (50%) of his base salary. If any bonus is paid under the annual bonus plan, and the Company thereafter restates its financial statements such that the bonus or a portion thereof would not have been earned based on the restated financial statements, Mr. Raefield shall be obligated to repay to the Company the bonus he received or a portion thereof. The Raefield Employment Agreement further provides that Mr. Raefield can be terminated by the Board of Directors for cause without any severance or other payment. The Board of Directors can also terminate Mr. Raefield without cause, upon a payment of two times Mr. Raefield's current annual base salary.

The Compensation Committee implemented a formal 2009 Incentive Plan for the CEO based on benchmarks of achieved earnings before interest, taxes, depreciation and amortization (EBITDA) for the year ended 2009. Based on the Company's results for 2009, Mr. Raefield will not receive any payments under the 2009 Incentive Plan.

Mr. Raefield has also been provided a Company vehicle at a lease cost of approximately \$791 per month, plus all maintenance costs, and Company standard medical and other employee benefits. Mr. Raefield is prohibited from competing with the Company during his period of employment and for a one year period following a termination of employment. Gregory M. Krzemien Employment Agreement

Mace currently employs Gregory M. Krzemien as its CFO and Treasurer as an employee at will under the Krzemien Agreement dated March 23, 2010. Mr. Krzemien's current annual base salary is \$230,000, plus a \$700 per month car allowance. Mr. Krzemien also received a grant of 50,000 options on April 7, 2010, at an exercise price of \$0.93, the closing market price of the Company's common stock on the day of the option grant. The option is to vest in three equal annual installments on the anniversary dates of the Krzemien Agreement. Under the Krzemien Agreement, Mr. Krzemien is not entitled to any change of control payment, but is entitled to a severance payment equal to six months of his base salary if he is terminated without Good Cause, as defined in the Krzemien Agreement. Mr. Krzemien is also entitled to the six month severance payment, if he resigns due to the Company materially changing his duties as Chief Financial Officer, relocating his office more than 25 miles from its present location or reducing his annual base salary. As defined, Good Cause to terminate Mr. Krzemien without a severance payment generally exists if Mr. Krzemien fails to perform his duties and does not cure the failure within thirty days of being notified of the failure, or commits certain other enumerated actions which harm the Company.

From February 12, 2007 through February 12, 2010, Mr. Krzemien was employed under an Employment Agreement (the Krzemien Employment Agreement). In accordance with the Krzemien Employment Agreement, Mr. Krzemien received an option grant for 60,000 shares of common stock under the Company's Stock Option Plan at an exercise price of \$2.73, the market price at the close of market on the date of grant. The options were granted on February 12, 2007. The options vested one-third on the date of the grant, one-third on February 12, 2008, and one-third on February 12, 2009.

Under the Krzemien Employment Agreement, Mr. Krzemien would have received a one-time retention payment equal to Mr. Krzemien's then annual base compensation (currently \$230,000) upon the occurrence of both: (a) a change of control of the Company and (b) Louis D. Paolino, Jr. ceasing to be CEO of the Company (this event occurred on May 20, 2008). If Mr. Krzemien's employment was terminated during the term of the Krzemien Employment Agreement without cause or if the Company breached the Krzemien Employment Agreement, Mr. Krzemien would have been entitled to an additional one-time payment equal to Mr. Krzemien's then annual base compensation. The total amount of both the retention payment and termination payment was \$460,000.

Mr. Krzemien receives a monthly car allowance of \$700, which began in February 2007, and the Company's standard medical and other employee benefits.

The initial base salary under the Kramer Employment Agreement was \$230,000. In accordance with the Kramer Employment Agreement, Mr. Kramer received an option grant for 60,000 shares of common stock under the Company's Stock Option Plan at an exercise price of \$2.73, the market price at the close of market on the date of grant. The options were granted on February 12, 2007. The options vested one-third on the date of the grant, one-third on February 12, 2008 and one-third on February 12, 2009.

Under the Kramer Employment Agreement, Mr. Kramer would have received a one-time retention payment equal to Mr. Kramer's then annual base compensation (\$230,000) upon the occurrence of both: (a) a change of control of the Company and (b) Louis D. Paolino, Jr. ceasing to be CEO of the Company. Mr. Paolino ceased to be CEO of the Company on May 20, 2008. If during the term of the Kramer Employment Agreement, Mr. Kramer's employment was terminated without cause or if the Company breached the Kramer Employment Agreement, Mr. Kramer would have been entitled to an additional one-time payment equal to Mr. Kramer's then annual base compensation. The total amount of both the retention payment and termination payment was \$460,000.

Table of Contents**Grants of Stock Options**

The following table sets forth certain information concerning individual grants of stock options to the Named Executive Officers during the fiscal year ended December 31, 2009.

GRANTS OF PLAN-BASED AWARDS

Name	Grant Date	All other Option Awards:	Exercise Price of Option Awards per Share	Grant Date Fair Value of Stock and Option Awards
		Number of Securities Underlying Options		
Dennis R. Raefield	7/28/2009	250,000	\$ 0.97	\$ 151,542

On July 28, 2009, as part of Mr. Raefield's Employment Agreement, the Compensation Committee awarded Mr. Raefield options for 250,000 shares of the Company's Common Stock which will vest one-half on July 28, 2010 and one-half on July 28, 2011. The options are exercisable at \$0.97 per share. The Black-Scholes value of the awarded option grant is \$151,542. The median long term incentive compensation of chief executive officers, as set forth in the Hay 2007 Report, was \$243,257. The Compensation Committee believed that the option award was warranted due to the award being below the median of long term incentive compensation granted to chief executive officers, as stated in the Hay 2007 Report, a compensation study for the Chief Executive Officer position from the Hay Group dated December 12, 2007. Mr. Raefield's total direct compensation under his employment agreement was below the median total direct compensation market consensus for chief executive officers, as set forth in the Hay 2007 Report.

Mr. Kramer and Mr. Krzemien were each awarded an option for 40,000 shares on March 25, 2008 at a per share exercise price of \$1.44 per share, vesting one half immediately and the balance one year from the date of grant. The Black-Scholes value of the option for 40,000 shares was \$31,459. According to a report of the Hay Group finalized on March 31, 2008, the value of the option was below the median of long term incentive compensation received by Chief Financial Officers and Executive Vice Presidents/General Counsels. The Compensation Committee, in an effort to conserve cash, decided not to increase the base salaries of Mr. Krzemien or Mr. Kramer for 2008 or 2009. The Compensation Committee decided that an award of options would be appropriate to provide incentive for Mr. Krzemien and Mr. Kramer for 2008. Mr. Krzemien and Mr. Kramer were not awarded stock options in 2009.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Mace's directors and executive officers, as well as persons beneficially owning more than 10% of Mace's outstanding shares of common stock and certain other holders of such shares (collectively, Covered Persons), to file with the SEC and the NASDAQ Stock Market, within specified time periods, initial reports of ownership, and subsequent reports of changes in ownership, of common stock and other equity securities of Mace. Based upon Mace's review of copies of such reports furnished to it and upon representations of Covered Persons that no other reports were required, to Mace's knowledge, all of the Section 16(a) filings required to be made by the Covered Persons during 2009 were made on a timely basis.

ADDITIONAL INFORMATION

Certain Relationships and Related Party Transactions

The Company's Security Segment leases manufacturing and office space under a lease with Vermont Mill. Vermont Mill is controlled by Jon E. Goodrich, a former director and current employee of the Company. The lease expires on November 14, 2010. The lease was initially entered into on November 14, 1999. In November 2004, the Company exercised an option to continue the lease through November 2009 at a rate of \$10,576 per month. The Company amended the lease in 2008 to occupy additional space for an additional \$200 per month. The Company also leased from November 2008 to May 2009, on a month-to-month basis, approximately 3,000 square feet of temporary inventory storage space at a monthly cost of \$1,200. In September 2009, the Company and Vermont Mill extended the term of the lease to November 14, 2010 at a monthly rental rate of \$10,776 per month and modified the square footage rented to 33,476 square feet. The Company believes that the lease rate is lower than lease rates charged for similar properties in the Bennington, Vermont area. Rent expense under this lease was \$135,000, \$130,000 and \$127,000 for the years ended December 31, 2009, 2008 and 2007, respectively.

The Environmental Protection Agency (EPA), the Company and Benmont Mill Properties (Benmont) entered into an Administrative Consent Order under which hazardous materials and waste were remediated at the Company's facility in Bennington, Vermont. Vermont Mill has the authority to lease the property owned by Benmont. Benmont is owned and controlled by Jon Goodrich. On February 23, 2010 the EPA issued the Company an invoice for \$240,096 representing the total of the EPA's oversight costs that the Company and Benmont is obligated to pay under the Administrative Consent Order. On April 13, 2010, the Company paid a negotiated amount of \$216,086 to the EPA in full settlement of the EPA's oversight costs. The Company and Benmont are in discussions to determine what amount Benmont will reimburse the Company.

The Company's Audit Committee Charter, Section IV.E (vi), provides that the Audit Committee annually reviews all existing related party transactions or other conflicts of interest that exist between employees and directors and the Company. The Audit Committee Charter also requires that the Audit Committee review all proposed related party transactions. As provided in Section IV.E (iv) of the Audit Committee Charter, the Company may not enter into a related party transaction, unless the transaction is first approved by the Audit Committee. The Audit Committee Charter is in writing and is available for review on the Company's website at www.mace.com under the Investor Relations heading. The current members of the Audit Committee are Gerald T. LaFlamme, Richard A. Barone, and Mark S. Alsentzer. When reviewing related party transactions, the Audit Committee considers the benefit to the Company of the transaction and whether the transaction furthers the Company's interest. The decisions of the Audit Committee are set forth in writing in the minutes of the meetings of the Audit Committee.
