## QUANEX BUILDING PRODUCTS CORPORATION NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

### 1. Description of Business and Basis of Presentation

Quanex Building Products Corporation and its subsidiaries (Quanex or the Company) are managed on a decentralized basis and operate two business segments: Engineered Products and Aluminum Sheet Products. The Engineered Products segment produces engineered systems, products and components primarily serving the window and door industry, while the Aluminum Sheet Products segment produces mill finished and coated aluminum sheet serving the broader building products markets and secondary markets such as capital goods and transportation. The primary market drivers are residential housing starts and residential remodeling expenditures. Quanex believes it is a technological leader in the production of aluminum flat-rolled products, flexible insulating glass spacer systems, extruded vinyl profiles, and precision-formed metal and wood products that primarily serve the North American building products markets. The Company uses low-cost production processes, and engineering and metallurgical expertise to provide customers with specialized products for specific applications.

On December 12, 2007, Quanex Building Products Corporation was incorporated in the state of Delaware as a subsidiary of Quanex Corporation to facilitate the separation of Quanex Corporation s vehicular products and building products businesses. The separation occurred on April 23, 2008 through the spin-off of Quanex Corporation s building products business to its shareholders immediately followed by the merger of Quanex Corporation (consisting principally of the vehicular products business and all non-building products related corporate accounts) with a wholly-owned subsidiary of Gerdau S.A. (Gerdau). This is hereafter referred to as the Separation.

Effective with the Separation, the results of operations and cash flows related to the vehicular products business and non-building products related corporate items are reported as discontinued operations for all periods presented. There were no assets or liabilities of discontinued operations at April 30, 2010 and October 31, 2009 and no results of operations in 2009 related to the Separation. In January 2010, management committed to a plan to close its start-up facility in China due to the contraction of demand and the Company s ability to serve the overseas thin film solar panel market from its North American operations. Accordingly, the China assets and liabilities, results of operations and cash flows are reported as discontinued operations for all periods presented. Unless otherwise noted, all disclosures in the notes accompanying the consolidated financial statements reflect only continuing operations.

The interim unaudited consolidated financial statements of the Company include all adjustments which, in the opinion of management, are necessary for a fair presentation of the Company's financial position and results of operations. All such adjustments are of a normal recurring nature. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. The preparation of these financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying footnotes. Estimates and assumptions about future events and their effects cannot be perceived with certainty. Estimates may change as new events occur, as more experience is acquired, as additional information becomes available and as the Company's operating environment changes. Actual results could differ from estimates. These statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2009.

### 2. New Accounting Pronouncements

In February 2010, the Financial Accounting Standards Board (FASB) issued ASC Topic No. 2010-09, *Amendments to Certain Recognition and Disclosure Requirements*", which amends ASC Topic 855, *Subsequent Events*. Under this amended guidance, SEC filers are no longer required to disclose the date through which subsequent events have been evaluated in originally issued and revised financial statements. This guidance was effective immediately and the Company adopted these new requirements for the period ended February 28, 2010. The adoption of this guidance did not have a material impact on the Company's Consolidated Financial Statements.

Page 5

## QUANEX BUILDING PRODUCTS CORPORATION NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (continued)

In January 2010, the FASB issued ASC Topic No. 2010-06, Fair Value Measurements and Disclosures (ASC Topic 820) Improving Disclosures About Fair Value Measurements. The ASC requires new disclosures about transfers into and out of Levels 1 (fair value determined based on quoted prices in active markets for identical assets and liabilities) and 2 (fair value determined based on significant other observable inputs) and separate disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements. It also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. Except for the detailed Level 3 roll-forward disclosures, the new standard is effective for the Company for interim and annual reporting periods beginning after December 31, 2009 (February 1, 2010 for the Company). The requirement to provide detailed disclosures about the purchases, sales, issuances and settlements in the roll-forward activity for Level 3 fair value measurements is effective for the Company for interim and annual reporting periods beginning after December 31, 2010 (February 1, 2011 for the Company). Other than requiring additional disclosures, none that currently impact the Company, the adoption of this new guidance does not have a material impact on the Company s Consolidated Financial Statements.

In June 2008, the FASB ratified FSP No. EITF 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities (FSP EITF 03-6-1), which was codified into ASC Topic 260 Earnings per Share (ASC 260.) This pronouncement addresses whether instruments granted in share-based payment awards are participating securities prior to vesting, and therefore, must be included in the earnings allocation in calculating earnings per share under the two-class method described in ASC 260. Unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend-equivalents be treated as participating securities in calculating earnings per share. This pronouncement is effective for financial statements issued for fiscal years beginning after December 15, 2008 (November 1, 2009 for the Company), and interim periods within those fiscal years, and shall be applied retrospectively to all prior periods. The adoption of this pronouncement did not have a material impact on the Company s Consolidated Financial Statements.

In April 2008, the FASB issued FSP No. SFAS 142-3, Determination of the Useful Life of Intangible Assets (FSP SFAS 142-3), which was codified into ASC Topic 350 Intangibles Goodwill and Other, (ASC 350), and ASC Topic 275 Risks and Uncertainties, (ASC 275). The pronouncement amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset. The intent is to improve the consistency between the useful life of a recognized intangible asset under ASC 350 and the period of expected cash flows used to measure the fair value of the asset under ASC Topic 805 Business Combinations, (ASC 805), and other applicable accounting literature. The pronouncement is effective for financial statements issued for the fiscal years beginning after December 15, 2008 (November 1, 2009 for the Company) and must be applied prospectively to intangible assets acquired after the effective date. The Company s adoption of the pronouncement did not have a material impact on the Company s Consolidated Financial Statements; however, any future acquisitions of intangibles could have a material impact on its results of operations or financial condition. In February 2008, the FASB issued FSP No. FAS 157-2, Effective Date of FASB Statement No. 157, which was codified into ASC 820 and delays the effective date for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on at least an annual basis, until fiscal years beginning after November 15, 2008 (as of November 1, 2009 for the Company). The adoption of the nonfinancial asset and nonfinancial liabilities portion of this Statement did not have an impact on the Company s Consolidated Financial Statements, since the Company already applies its basic concepts in measuring fair values. In December 2007, the FASB issued SFAS No. 141R Business Combinations , SFAS 141R, which was codified into ASC Topic 805 Business Combinations (ASC 805). This standard establishes principles and requirements for how an acquirer recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, any non-controlling interest in the acquiree, the goodwill acquired, contractual contingencies and any estimate or contingent consideration measured at their fair value at the acquisition date. Among other items, this standard requires acquisition costs to be expensed as incurred and gains to be recognized in bargain purchase business combinations. This statement also establishes disclosure requirements which will enable users to evaluate the nature and financial

### Edgar Filing: Quanex Building Products CORP - Form 10-Q

effects of the business combination. In April 2009, the FASB issued FSP No. 141R-1, *Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies* (FSP SFAS 141R-1). FSP SFAS No. 141R-1 was also codified into ASC 805. This staff position amends SFAS 141R to address application issues around the recognition, measurement and disclosure of assets and liabilities arising from contingencies in a business combination. These pronouncements apply prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008 (for acquisitions closed on or after November 1, 2009 for the Company). Early application is not permitted. The adoption of these pronouncements did not have a material impact on the Company s Consolidated Financial Statements. The Company is required to expense costs related to all acquisitions closed on or after November 1, 2009 and recognize gains in bargain purchase business combinations which in some instances may be material.

Page 6

## QUANEX BUILDING PRODUCTS CORPORATION NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (continued)

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51* (SFAS 160) which was codified into ASC Topic 810 Consolidation , (ASC 810). This standard addresses the accounting and reporting framework for noncontrolling minority interests by a parent company and is effective for fiscal years beginning on or after December 15, 2008 (as of November 1, 2009 for the Company). The adoption of this standard did not have an impact on the Company s Consolidated Financial Statements; however, the Company will be required to account for noncontrolling minority interest acquisitions closed on or after November 1, 2009 under ASC 810.

### 3. Goodwill and Acquired Intangible Assets

Goodwill

Under ASC Topic 350 *Intangibles Goodwill and Other* (ASC 350), goodwill is reviewed for impairment annually or more frequently if certain indicators arise. The Company elected to make August 31 the annual impairment assessment date for goodwill.

During the first fiscal quarter of 2009, based on a combination of factors, the Company concluded that there were sufficient indicators to require Quanex to perform an interim goodwill impairment analysis. The Company recorded an estimated non-cash goodwill impairment charge of \$125.4 million during the first quarter of fiscal 2009 and finalized its goodwill impairment analysis during the second quarter of fiscal 2009; at which time the Company recognized an additional non-cash goodwill impairment charge of \$45.3 million bringing the total impairment charge to \$170.7 million for the year ended October 31, 2009. The August 31, 2009 review of goodwill indicated that goodwill was not further impaired. As a result, there is \$25.2 million of goodwill remaining on the Company s balance sheet.

There were no changes in the carrying amount of goodwill for the six months ended April 30, 2010. All \$25.2 million of goodwill relates to the Engineered Products segment.

Acquired Intangible Assets

Intangible assets consist of the following (in thousands):

	As of April 30, 2010					As of October 31, 2009			
	Gross Carrying Amount		Accumulated Amortization		Gross Carrying Amount		Accumulated Amortization		
Amortized intangible assets:									
Customer relationships	\$	21,200	\$	5,762	\$	21,200	\$	5,232	
Trademarks and trade names		33,530		8,420		33,150		7,709	
Patents		11,560		5,892		11,560		5,610	
Total	\$	66,290	\$	20,074	\$	65,910	\$	18,551	

Based on a combination of factors, the Company determined that there were events and circumstances during the first quarter of 2009 that could indicate that its carrying amount of intangible assets may not be recoverable. Accordingly, intangible assets were tested for recoverability during the three months ended January 31, 2009. An impairment loss of \$11.9 million was recognized during the three months ended January 31, 2009 on certain Engineered Products trademarks, trade names and patents whose carrying amount was not recoverable and whose carrying amount exceeded fair value. The intangible asset impairment charge is included in Impairment of goodwill and intangibles in the accompanying consolidated statements of income. No impairment charges were recorded in 2010.

Page 7

### QUANEX BUILDING PRODUCTS CORPORATION NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (continued)

The aggregate amortization expense for the three and six month periods ended April 30, 2010 was \$0.8 million and \$1.5 million, respectively. The aggregate amortization expense for the three and six month periods ended April 30, 2009 was \$0.7 million and \$1.7 million, respectively. Estimated amortization expense for the next five years, based upon the amortization of pre-existing intangibles follows (in thousands):

	Estimated
Fiscal Years Ending October 31,	Amortization
2010 (remaining six months)	\$ 1,541
2011	\$ 3,082
2012	\$ 3,082
2013	\$ 3,020
2014	\$ 2,986
4. Inventories	

Inventories consist of the following:

	$\mathbf{A}_{\mathbf{j}}$	October 31, 2009 usands)		
Raw materials Finished goods and work in process	\$	20,312 27,631	\$	19,992 23,804
Supplies and other		47,943 2,938		43,796 2,719
Total	\$	50,881	\$	46,515

Fixed costs related to excess manufacturing capacity have been expensed in the period, and therefore, are not capitalized into inventory. The values of inventories in the consolidated balance sheets are based on the following accounting methods:
