PROXY STATEMENT
For The
ANNUAL MEETING OF STOCKHOLDERS
To Be Held August 24, 2010
ABOUT THIS PROXY STATEMENT

This Proxy Statement is furnished by GeoVax Labs, Inc., a Delaware corporation, in connection with the solicitation of your proxy by the Company's Board of Directors for use at our Annual Meeting of Stockholders to be held at the offices of Womble Carlyle Sandridge & Rice, PLLC, 271 17th Street, NW, Suite 2400, Atlanta, Georgia 30363, on Tuesday, August 24, 2010, at 1:00 p.m. local time and at any continuation or adjournment thereof.

Important Notice Regarding the Availability of Proxy Materials

The Notice of Annual Meeting of Shareholders, Proxy Statement, Form of Proxy and 2009 Annual Report are available at www.proxyvote.com.

This year, the Company is again using the U.S. Securities and Exchange Commission (SEC) rule that allows us to furnish our proxy materials over the Internet. On or about July 14, 2010, the Company started mailing to its stockholders a Notice of Internet Availability of Proxy Materials (a Notice). The Notice contains instructions on how to access this Proxy Statement and Annual Report on Form 10-K (Annual Report) and vote online or by telephone. The Notice also contains instructions on how stockholders can receive a paper copy of the Company's proxy materials, including this Proxy Statement, the Company's Annual Report on Form 10-K and a form of proxy card or voting instruction card. Stockholders who receive a paper copy of the Company's proxy materials, including a Proxy Statement, the Company's Annual Report and a form of proxy card or instruction card may vote online, by telephone or by mail. By furnishing its proxy materials over the Internet, the Company is lowering the costs and reducing the environmental impact of the Annual Meeting.

The Proposals

At the Annual Meeting, the stockholders will be asked to consider and vote upon the following proposals, which we refer to as the Proposals:

A proposal to elect seven directors to serve until the 2011 Annual Meeting of Stockholders;

A proposal to ratify the appointment of Porter Keadle Moore LLP as the independent registered public accounting firm of GeoVax Labs, Inc. for the fiscal year ending December 31, 2010; and

Such other business as properly may come before the Annual Meeting or any adjournments thereof. The Board of Directors is not aware of any other business to be presented to a vote of the stockholders at the Annual Meeting.

By Attending the Meeting in Person By attending the meeting in person and voting. Please contact Jennifer Nelms at 678-384-7220 or jnelms@geovax.com in order to obtain directions to the Annual Meeting.

Internet and telephone voting facilities will close at 11:59 p.m., Eastern Daylight Time, on August 23, 2010.

A large number of banks, brokerage firms and other nominees participate in online programs which provide eligible beneficial owners who hold their shares in street name rather than as a stockholder of record, with the opportunity to vote over the Internet or by telephone. Street name stockholders who elected to access the proxy materials electronically over the Internet through an arrangement with their brokerage firm, bank or other nominee should receive instructions from their brokerage firm, bank or other nominee on how to access the stockholder information and voting instructions. If you hold your shares in street name and the voting instruction form that you receive from your brokerage firm, bank or other nominee does not reference Internet or telephone information, or if you prefer to vote by mail, please complete and return the paper voting instruction form. In order to vote shares held in street name in person at the Annual Meeting, a proxy issued in the owner's name must be obtained from the record holder (typically your brokerage firm, bank or other nominee) and presented at the Annual Meeting.

Stockholders of record and street name stockholders who vote over the Internet or by telephone need not return a proxy card or voting instruction form by mail, but may incur costs, such as usage charges, from telephone companies or Internet service providers, for which the stockholder is responsible.

Broker non-votes are proxies received from banks, brokerage firms or other nominees holding shares on behalf of their street name clients who have not been given specific voting instructions from such clients with respect to matters such as the Proposals. The banks, brokerage firms or other nominees do not have the authority to vote your shares in their discretion on the election of directors, and may not vote them on the election of directors unless given specific voting instructions from you. If you hold your shares in street name and do not provide voting instructions to your brokerage firm, bank or other nominee with respect to the election of directors, your shares will not be voted on that Proposal.

Revocability of Proxy

If you give us a proxy you will have the power to revoke it at any time before it is exercised. The proxy may be revoked before it is exercised by sending a written revocation or a duly executed proxy bearing a later date to us at our principal executive offices located at 1900 Lake Park Drive, Suite 380, Smyrna, Georgia 30080; Attention: Corporate Secretary. The proxy may also be revoked by attending the meeting and voting in person.

When the proxy is properly executed, dated and returned, the shares it represents will be voted in accordance with any directions noted on it. **If no instructions are indicated, the proxy will be voted FOR the approval of the Proposals.** We currently know of no other matters to be considered at the Annual Meeting of Stockholders. **If, however, any other matters come before the Annual Meeting of Stockholders, or any adjournment or adjournments thereof, the persons named in the proxy will vote the proxy in accordance with their best judgment on any such matter.**

Record Date, Voting Rights and Outstanding Shares

The Board of Directors fixed July 2, 2010 as the record date (the Record Date) for determining holders of our common stock, \$0.001 par value per share, who are entitled to vote at the meeting. As of the Record Date, we had 15,654,846 shares of common stock outstanding and entitled to vote. Each share of common stock entitles the record holder to one vote on each matter to be voted upon at the meeting. A majority of the shares of common stock issued and outstanding and entitled to vote at the meeting will constitute a quorum at the meeting. If a quorum is not present or represented at the Annual Meeting, the Chairman of the meeting or the stockholders holding a majority of the shares of Common Stock entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time without notice, other than an announcement at the meeting, until a quorum is present or represented. Directors, officers and employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or telegram. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally scheduled. Cumulative voting is not permitted.

Unless otherwise indicated on the proxy, your shares will be voted FOR the election of the seven director-nominees named on the proxy, and FOR the proposal to ratify the selection of our independent registered accountants. Proxies cannot be voted for a greater number of persons than the number of director-nominees named.

Solicitation

The cost of preparing, assembling and mailing this Proxy Statement and the form of proxy will be borne by the Company. Directors, officers and employees of the Company may also solicit proxies personally or by mail, telephone or facsimile. No compensation will be paid for such solicitations. In addition, the Company will bear the reasonable expenses of brokerage houses and other custodians, nominees and fiduciaries who, at the request of the Company, may send proxies and proxy solicitation material to their clients and principals.

Quorum and Approval of Proposals

For there to be a quorum at the meeting, a majority of the shares of common stock entitled to vote at the meeting must be present in person or represented by proxy. Shares held of record by stockholders or their nominees who do not vote by proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Properly completed and executed proxies that reflect abstentions or broker non-votes will be counted for purposes of determining whether a quorum is present. We encourage you to provide voting instructions to your bank, broker or other nominee to ensure that your shares will be voted at the meeting in the manner that you desire.

Each share of common stock is entitled to one vote. The election of directors will be determined by a plurality of the votes cast at the Annual Meeting if a quorum is present. Shareholders do not have cumulative voting rights in connection with the election of directors. This means that the seven nominees receiving the highest number of FOR votes will be elected as directors. Withheld votes and broker non-votes, if any, are not treated as votes cast, and therefore will have no effect on the proposal to elect directors. The affirmative vote of a majority of all votes cast is required for the ratification of the selection of our independent registered accountants. Abstentions and broker non-votes are not considered as votes cast, and therefore will have no effect on the outcome of the votes on the ratification of our independent registered public accounting firm.

CORPORATE GOVERNANCE

The Company's Bylaws provide that the number of Members shall be determined from time to time by resolutions of the Board of Directors, but shall not be less than three or more than nine. Our Board of Directors has seven members.

Director Nomination Process

Our Board of Directors appointed a standing Nominating and Corporate Governance Committee in March 2010. Its responsibilities include making recommendations on nominees for election as directors to the Board of Directors.

We do not have specific minimum qualifications that a person must meet in order to serve on our Board of Directors, nor do we have a formal policy about the consideration of any director candidates recommended by stockholders. However, GeoVax's Nominating and Governance Committee, and its Board of Directors, believe that directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's stockholders. Each director must also be able to dedicate the time and resources sufficient to ensure the diligent performance of his or her duties. Further, our Board of Directors is intended to encompass a range of talents, experience, skills, and expertise sufficient to provide sound and prudent guidance with respect to the operations and interests of GeoVax and its stockholders.

GeoVax considers persons for nomination for election to the Board of Directors from any source, including stockholder recommendations. The Nominating and Governance Committee does not evaluate candidates differently based on who has made the recommendation. Consideration of nominee candidates typically involves a series of internal discussions, a review of information concerning candidates, and interviews with selected candidates. To date, no third parties have been engaged to assist us in finding suitable candidates to serve as directors. All of our nominees are directors standing for re-election. The nomination of each director was recommended by the Nominating and Governance Committee, and the Board of Directors followed the recommendation.

There have been no material changes to the procedures by which stockholders may recommend nominees to our Board of Directors. GeoVax's Nominating and Governance Committee will consider stockholder recommendations for directors sent to GeoVax Labs, Inc., 1900 Lake Park Drive, Suite 380, Smyrna, Georgia 30080, Attention: Chairman of the Nominating and Governance Committee. Any recommendation from a stockholder should include the name, background and qualifications of such candidate and should be accompanied by evidence of such stockholder's ownership of GeoVax's common stock.

A stockholder making any proposal shall also comply with all applicable requirements of the Exchange Act.

Director Independence

Based on the findings and recommendations of the Nominating and Governance Committee, the Board of Directors has determined that Messrs. Antebi, Dodd, Kollintzas, and Spencer are the members of our Board of Directors who are independent, as that term is defined by Section 301(3)(B) of the Sarbanes-Oxley Act of 2002. Based on the same findings and recommendations, the Board of Directors also determined that these four individuals meet the definition of independent director set forth in Rule 5605(a)(2) of the Nasdaq Listing Rules and Rule 803(A)(2) of the NYSE Amex Listing Requirements. As independent directors, Messrs. Antebi, Kollintzas and Spencer serve as the members of our Audit Committee, Messrs. Antebi, Dodd and Kollintzas serve as the members of our Compensation Committee, and Messrs. Dodd, Kollintzas and Spencer serve as the members of the Nominating and Governance Committee. The Board of Directors also determined that Mr. Peter Tsolinas, who served as a director and committee member in 2009 and thereafter until June 16, 2010, was independent using the same criteria it applied to the other independent directors.

Board Meetings and Committees

Board of Directors. The Board of Directors held six meetings during 2009 and took action by unanimous written consent on three other occasions. Each director attended at least 75% of the total meetings of the Board and the committees on which they served during 2009. We strongly encourage, but we do not require, our directors to attend our Annual Stockholders Meeting. All of our directors attended our Annual Stockholders Meeting in 2009.

Our Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating and Governance Committee.

Audit Committee. The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility relating to: (i) the integrity of the Company's financial statements; (ii) the effectiveness of the Company's internal control over financial reporting; (3) the Company's compliance with legal and regulatory requirements; and (iv) the independent registered public accounting firm's qualifications, independence and performance. It also prepares the Audit Committee report that SEC proxy rules require for this proxy statement. Our Audit Committee was comprised of Mr. Spencer (Chairman), Mr. Kollintzas, and Mr. Peter Tsolinas (a former director) from January 1, 2009 until June 16, 2010. Effective June 16, 2010, the Committee consists of Mr. Spencer (Chairman), Mr. Antebi, and Mr. Kollintzas. Our Board of Directors has determined that each member of the committee is independent in accordance with the criteria of independence set forth in Section 301(3)(B) of the Sarbanes-Oxley Act of 2002, and that Mr. Spencer qualifies as an audit committee financial expert as defined by the SEC's rules. The Audit Committee has adopted a charter, a copy of which is available on our website at www.geovax.com. The Audit Committee held five meetings during 2009 and took action by unanimous written consent on one other occasion.

Compensation Committee. The Compensation Committee has responsibility for matters relating to the fair and competitive compensation of the Company's executives, employees and non-employee directors, as well as our benefit plans. Code of Ethics

Our Board of Directors has adopted a written Code of Ethics, a copy of which is available on our website at www.geovax.com. The Company will provide a copy of the Code of Ethics upon request to any person without charge. Such requests may be transmitted by regular mail in the care of the Corporate Secretary. We require all officers, directors and employees to adhere to this code in addressing the legal and ethical issues encountered in conducting their work. The code requires that employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity and in our best interest. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the code. The Sarbanes-Oxley Act of 2002 requires certain companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We have such procedures in place.

The Company will post on its website, www.geovax.com, or will disclose on a Form 8-K filed with the SEC, any amendments to, or waivers from, a provision of the Code of Ethics that applies to the Chief Executive Officer or the Chief Financial Officer, or persons performing similar functions, and that relate to (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely, and understandable disclosure in reports and documents that the Company files with, or submits to, the SEC and in other public communications made by the Company; (iii) compliance with applicable governmental laws, rules and regulations; (iv) the prompt internal reporting of violations of the Code of Ethics to an appropriate person or persons identified in the code; or (v) accountability for adherence to the Code of Ethics. Any waiver granted to an executive officer or a director may only be granted by the Board and will be disclosed, along with the reasons therefore, on a Form 8-K filed with the SEC. No waivers were granted in 2009.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, as amended, requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities, as well as certain affiliates of those persons, to file with the SEC initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership of common stock and other of our equity securities on Forms 3, 4, and 5, respectively. Executive officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports we received and written representations that no other reports were required to be filed for those persons, we believe that, during the fiscal year ended December 31, 2009, all of our executive officers, directors and owners of more than 10% of our common stock filed all reports required by Section 16(a) on a timely basis, except that:

Emory University did not timely file a Form 4 to report sales of our common stock on the open market on each of September 25, 2009 (to report the sale of 17,600 shares of our common stock), September 28, 2009 (to report the sale of 4,400 shares of our common stock), September 29, 2009 (to report the sale of 7,200 shares of our common stock) and September 30, 2009 (to report the sale of 3,500 shares of our common stock). Emory University filed a Form 4 with the SEC to report these transactions on October 8, 2009.

Each of Dr. McNally, Mr. Reynolds, Dr. Robinson, Mr. Kollintzas, Mr. Spencer and Mr. Tsolinas did not timely file a Form 4 to report the grant of an option to purchase 10,000 shares of our common stock awarded to each on December 2, 2009. Each of these individuals filed a Form 4 with the SEC to report his or her respective transaction on December 7, 2009.

COMPENSATION DISCUSSION AND ANALYSIS

In the paragraphs that follow, the Compensation Committee provides an overview and analysis of our compensation program and policies, the material compensation decisions made under those programs and policies with respect to our executive officers, and the material factors considered in making those decisions.

The Compensation Committee reviews, analyzes and approves the compensation of our senior executive officers, including the Named Executive Officers listed in the tables that follow this Compensation Discussion and Analysis. The Named Executive Officers for 2009 include our chief executive officer, our chief financial officer, and the two other individuals who served as executive officers during 2009 and whose total compensation for 2009 exceeded \$100,000, calculated in accordance with the rules and regulations of the SEC. Our Named Executive Officers for 2009 were:

Robert T. McNally, President and Chief Executive Officer

Mark W. Reynolds, Chief Financial Officer

Harriet L. Robinson, Chief Scientific Officer

Andrew Kandalepas, our former Senior Vice-President

The tables that follow this Compensation Discussion and Analysis contain specific data about the compensation earned or paid in 2009 to the Named Executive Officers. The discussion below is intended to help you understand the detailed information provided in the compensation tables and put that information into the context of our overall compensation program.

Objectives of Our Compensation Program

In general, we operate in a marketplace where competition for talented executives is significant. The biopharmaceutical industry is highly competitive and includes companies with far greater resources than ours. We are engaged in the long-term development of drug candidates without the benefit of significant current revenues, and therefore our operations involve a high degree of risk and uncertainty. This level of risk and uncertainty may make it difficult to retain talented executives. Nevertheless, continuity of personnel across multi-disciplinary functions is critical to the success of our business. Furthermore, since we have relatively few employees, each must perform a broad scope of functions, and there is very little redundancy in skills.

The objectives of our compensation program for our executive officers and other employees are to provide competitive cash compensation, health, and retirement benefits, as well as long-term equity incentives that offer significant reward potential for the risks assumed and for each individual's contribution to our long-term performance. Although the Compensation Committee seeks to pay salaries and bonuses sufficient to hire and retain talented individuals, the Compensation Committee also believes, based on its subjective perception of their skills, that many of its employees could earn somewhat higher cash compensation at other companies, and seeks to address this concern by making stock option grants at a somewhat higher level than it would if the salaries and bonuses were higher. Individual performance is measured subjectively taking into account Company and individual progress toward overall corporate goals, as well as each individual's skills, experience, and responsibilities, together with corporate and individual progress in the areas of scientific innovation, regulatory compliance, business development, employee development, and other values designed to build a culture of high performance. No particular weight is assigned to these measures, and the Compensation Committee is of the view that much of the Company's progress results from team effort. These policies and practices are based on the principle that total compensation should serve to attract and retain those executives and employees critical to our overall success and are designed to reward executives for their contributions toward business performance that enhances stockholder value.

Role of the Compensation Committee

Our Compensation Committee assists our Board of Directors in discharging its responsibilities relating to the compensation of our executive officers. As such, the Compensation Committee has responsibility over certain matters relating to the fair and competitive compensation of our executives, employees and directors (only non-employee directors are compensated as directors) as well as matters relating to equity-based benefit plans. Each of the members of our Compensation Committee is independent in accordance with the criteria of independence set forth in Rule 5605(a)(2) of the Nasdaq Listing Rules and Rule 803(A)(2) of the NYSE Amex Listing Requirements. We believe that their independence from management allows the members of the Compensation Committee to provide unbiased consideration of various elements that could be included in an executive compensation program and apply independent judgment about which elements best achieve our compensation objectives. Pursuant to its charter as in effect prior to March 2010, the Compensation Committee was charged specifically with reviewing and determining annually the compensation of our Chief Executive Officer, approving special bonus payments and perquisites paid to and other special compensation or benefit arrangements with executive officers, and approving (subject to approval of the Board of Directors) recommendations by the Chief Executive Officer with respect to grants under our stock option plan and any other equity-based plan we might adopt in the future. Subject to approval of the Board of Directors, the Compensation Committee also set salaries and determines bonuses, sometimes referred to as cash incentive awards, for the Company's employees. The Compensation Committee gave due consideration to the Chief Executive Officer's recommendations and could change them prior to recommending them to the Board of Directors. The Compensation Committee did not exercise the authority granted to it by its charter to approve a pool of options and other discretionary awards to be used by the Chief Executive Officer.

In March 2010, the Compensation Committee and the Board of Directors approved a new charter for the Compensation Committee. Pursuant to the new charter, the Compensation Committee is responsible for, among other things:

- reviewing the Company's overall compensation philosophy and strategy;

- evaluating and determining the compensation of the Chief Executive Officer;

- evaluating and setting, in conjunction with the Chief Executive Officer, the compensation of other officers;

- reviewing and approving the annual Compensation Discussion and Analysis;

- evaluating and approving the components and amounts of compensation of the Company's employees;

- evaluating, considering and approving, in its discretion, the Company's equity-based compensation plans, as well as grants and awards made under any such plans to persons other than the Chief Executive Officer and submitting them to the Board of Directors for its consideration and approval;

- approving, with sole and exclusive authority, grants and awards made to the Company's Chief Executive Officer under the Company's equity-based compensation plans;

- evaluating, considering and approving, in its discretion, compensation for non-employee members of the Board of Directors; and

- managing and controlling the operation and administration of the Company's stock option plans.

Elements of Compensation

To achieve the objectives described above, the three primary compensation elements used for executive officers are base salary, cash bonus, and stock option awards. We believe that these three elements are the most effective combination in motivating and retaining our executive officers at this stage in our development. The Compensation Committee has not utilized other companies for benchmarking purposes because it believes that those businesses

which would be most comparable to GeoVax are either privately held or divisions of very large medical products companies.

Base Salary

Our philosophy is to maintain executive base salary at a competitive level sufficient to recruit and retain individuals possessing the skills and capabilities necessary to achieve our goals over the long term. Base salaries provide our executive officers with a degree of financial certainty and stability and also reward individual achievements and contributions.

Cash Bonus

Annual cash incentive awards motivate our executive officers to contribute toward the achievement of corporate goals and objectives. Generally, every employee is eligible to earn an annual cash incentive award, promoting alignment and pay-for-performance at all levels of the organization. The Company does not have a formalized cash incentive award plan, and awards are based on the subjective recommendation of the President and Chief Executive Officer (except as to the Chief Executive Officer's cash bonus) and on the Compensation Committee's subjective judgment.

Stock Option Awards

Stock option awards are a fundamental element in our executive compensation program because they emphasize our long-term performance, as measured by creation of stockholder value, and align the interests of our stockholders and management. In addition, the Compensation Committee believes they are crucial to a competitive compensation program for executive officers, and they act as a powerful retention tool. In our current pre-commercial state, we view the Company as still facing a significant level of risk, but with the potential for a high reward over a period of time, and therefore we believe that stock incentive awards are appropriate for executive officers. These awards are provided through initial grants at or near the date of hire and through subsequent, periodic grants. The initial grant is typically larger than subsequent, periodic grants and is intended to motivate the officer to make the kind of decisions and implement strategies and programs that will contribute to an increase in our stock price over time. Subsequent periodic stock option awards may be granted to reflect each executive officer's ongoing contributions to the Company, to create an incentive to remain at the Company, and to provide a long-term incentive to achieve or exceed our corporate goals and objectives. The Company does not have a formula for determining stock option awards. Awards are generally based on the subjective recommendation of the President and Chief Executive Officer and on the Compensation Committee's subjective judgment. The Compensation Committee does not typically give much weight to the overall levels of stock and stock options owned by the Company's executive officers and directors.

Accounting and Tax Considerations

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for the Company's executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits tax deductions of public companies on compensation paid to certain executive officers in excess of \$1 million. The Compensation Committee considers the impact of Section 162(m) on its compensation decisions, but has no formal policy to structure executive compensation so that it complies with the requirements of Section 162(m) due to the overall level of compensation paid. In general, stock options granted under the Company's 2006 Equity Incentive Plan, or the Plan, are intended to qualify under and comply with the performance based compensation exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options.

Accounting principles generally accepted in the United States require us to recognize an expense for the fair value of equity-based compensation awards. The Compensation Committee is informed of the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans, but has no formal policy to structure executive compensation to align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives. The Compensation Committee has considered the impact of cash payments to its employees as compared to the costs it recognizes on an accrual basis when stock options are granted.

Setting Executive Compensation

Historically, we have not used quantitative methods or mathematical formulae in setting any element of executive compensation. We use discretion, guided in large part by the concept of pay-for-performance, and we consider all elements of an executive's compensation package when setting each portion of compensation. There is no pre-established policy or target for the allocation between cash and equity incentive compensation, although the Compensation Committee believes its stock option grants are at a level that permits it to retain talented personnel at somewhat lower levels of cash compensation than these individuals might otherwise receive. Year-to-year changes in base salary have usually been relatively modest, and executive officer base salaries are within a relatively narrow

range. The Compensation Committee considers relative levels of compensation among its various executive officers. Our annual cash incentive awards have generally been modest. When made at all, the individual cash incentive awards have ranged from \$10,000 to \$15,000 over the last three years. Bonuses have usually been paid to all Named Executive Officers when they were paid at all. We may choose other compensation approaches if circumstances warrant.

When determining compensation for a new executive officer, and when annually reviewing the compensation for our executive officers, factors taken into consideration are the individual's skills, knowledge and experience, the individual's past and potential future impact on our short-term and long-term success, the individual's recent compensation levels in other positions, and any present and expected compensation information obtained from other prospective candidates interviewed during the recruitment process. In setting our executive compensation for 2009, no specific benchmarking activities were undertaken. We will generally make a grant of stock options when an executive officer joins us. Options are granted at no less than 100% of the fair market value on the date of grant. In determining the size of an initial stock option grant to an executive officer, we primarily consider company performance and the individual's scope of responsibility. For periodic grants, we also consider the Company's and the individual's continuing performance and the recommendations of the Chief Executive Officer, all on a subjective basis. Since the stock option grant is meant to be a retention tool, we also consider the importance to stockholders of that person's continued service. Stock option grants to executives generally vest over a period of three years.

The Compensation Committee annually reviews and determines the compensation for our Chief Executive Officer. Each year, recommendations for the compensation for other executive officers (other than himself) are prepared by the Chief Executive Officer and are reviewed with the Compensation Committee and modified by it where appropriate.

In order to assess the performance of a full calendar year, annual cash incentive and stock option awards are generally determined in December of each year. We do not currently have any program, plan or practice in place to time stock option grants to our executives or other employees in coordination with the release of material non-public information.

As part of our executive compensation review conducted annually in December, we review a tally sheet prepared by the President and Chief Executive Officer setting forth all components of total compensation to our Named Executive Officers and all other employees. The tally sheet includes current and proposed base salary, proposed annual cash incentive awards and historical, as well as proposed, stock option awards. Post-termination pay under employment agreements to which our executive officers are parties is not considered to be material at the present time. These tools are employed by the Compensation Committee both in reviewing individual compensation awards and as a useful check on total compensation. These tools also show the effect of compensation decisions made over time on the total annual compensation to a Named Executive Officer and allow the Compensation Committee to review historical amounts for comparative purposes.

We considered whether our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on GeoVax, and concluded that they do not.

2009 Executive Compensation

In December 2008, using its subjective judgment as to the overall progress of the Company, skills, experience, responsibilities, achievements and historical compensation of each of the Named Executive Officers, the Compensation Committee established their salaries for 2009. At that time, Dr. McNally recommended that none of the Named Executive Officers receive a cash bonus for 2008 or salary increases for 2009, except that Mr. Reynolds should receive a salary increase in proportion to his increased time commitment to the business of the Company. Dr. McNally made this recommendation, and the Compensation Committee accepted it, partially in the interest of preserving the Company's overall cash flow to the extent reasonably possible. Stock option grants were made at that time. The amount of compensation earned by each of the Named Executive Officers during fiscal 2009, 2008 and 2007 is shown in the Summary Compensation Table below.

In December 2009, the Compensation Committee considered 2009 stock option grants and cash incentive awards as well as base salaries for 2010. The Compensation Committee considered the same factors it considered in 2008, the overall progress of the Company, the skills, experience, responsibilities, achievements and historical compensation of each of the Named Executive Officers, in determining the award of cash bonuses and stock option grants for 2009 and salary levels for 2010. In its deliberations on executive compensation at its meeting in December 2009, the Compensation Committee considered the fact that, during the preceding year (at its meeting in December 2008) the Compensation Committee had accepted the recommendation from Dr. McNally that none of the Named Executive Officers receive a cash bonus for 2008 and that no salary increases would be effective for 2009, except as related to Mr. Reynolds with respect to a proportionate increase relative to his time commitment to the business of the

Company. The Compensation Committee felt that, under the circumstances, it should increase the salaries of the Company's executive officers. The Compensation Committee reviewed the salary increases it had approved for the other employees of the Company and determined the average of the increases was approximately 6.3%. The Compensation Committee then increased executive officer salaries by 6.3%, with the exception of Dr. McNally, who received a 10% increase in salary. The Compensation Committee provided a higher salary to Dr. McNally because it felt that the Chief Executive Officer should be the most highly compensated executive.

Robert T. McNally. Dr. McNally serves as our President and Chief Executive Officer pursuant to an employment agreement executed in April, 2008. In December 2009, the Compensation Committee awarded Dr. McNally a cash bonus of \$15,000 and a stock option grant for 10,000 shares at an exercise price of \$7.00 per share. The Compensation Committee also increased Dr. McNally's annual base salary from \$250,000 to \$275,000 (a 10% increase), effective January 1, 2010.

Mark W. Reynolds. Mr. Reynolds serves as our Chief Financial Officer pursuant to an employment agreement amended and restated effective January 2010. Pursuant to this agreement, and its predecessor agreement, during 2009, Mr. Reynolds provided services to the Company on a part-time basis (approximately 75%) and was paid an annualized salary of \$150,000. In December 2009, the Compensation Committee awarded Mr. Reynolds a cash bonus of \$10,000 and a stock option grant for 10,000 shares at an exercise price of \$7.00 per share. The Compensation Committee also increased Mr. Reynolds' annual base salary from \$150,000 to \$212,600 effective January 1, 2010. The increase in Mr. Reynolds' base salary was determined based on (a) a proportional increase of \$50,000 (33.3%) based on Mr. Reynolds' increased time commitment from 75% to 100%, and (b) a merit increase of \$12,600 (6.3%).

Harriet L. Robinson. Dr. Robinson serves as our Chief Scientific Officer pursuant to an employment agreement executed in November 2008. In December 2009, the Compensation Committee awarded Dr. Robinson a cash bonus of \$10,000 and a stock option grant for 10,000 shares at an exercise price of \$7.00 per share. The Compensation Committee also increased Dr. Robinson's annual base salary from \$250,000 to \$265,750 (a 6.3% increase), effective January 1, 2010.

Andrew Kandalepas. Mr. Kandalepas served as our Senior Vice President until his resignation in July 2009. During 2009, he received an annualized base salary of \$225,000 pursuant to his employment agreement. During 2009, the Compensation Committee made no decisions with regard to Mr. Kandalepas' compensation.

Benefits Provided to Executive Officers

We provide our executive officers with certain benefits that the Compensation Committee believes are reasonable and consistent with our overall compensation program. The Compensation Committee will periodically review the levels of benefits provided to our executive officers.

Dr. McNally, Mr. Reynolds and Dr. Robinson are eligible for health insurance and 401(k) benefits at the same level and subject to the same conditions as provided to all other employees. The amounts shown in the Summary Compensation Table under the heading "Other Compensation" represent the value of the Company's matching contributions to the 401(k) accounts of these executive officers. Executive officers did not receive any other perquisites or other personal benefits or property from the Company or any other source.

Employment Agreements

Robert T. McNally. On March 20, 2008, GeoVax entered into an employment agreement with Robert T. McNally, Ph.D. to become our President and Chief Executive Officer effective April 1, 2008. The employment agreement has no specified term. The employment agreement provided for an initial annual salary of \$200,000 to Dr. McNally, subject to periodic increases as determined by the Compensation Committee. The Board of Directors may also approve the payment of a discretionary bonus annually. Dr. McNally is eligible for grants of awards from the Plan and is entitled to participate in any and all benefits in effect from time-to-time for employees generally. We may terminate the employment agreement, with or without cause. If we terminate the employment agreement without cause, we will be required to provide Dr. McNally at least 60 days prior notice of the termination and one week of severance pay for each full year of service as President and Chief Executive Officer (\$10,577 if terminated in fiscal 2010, paid as salary continuance). Dr. McNally may terminate the employment agreement at any time by giving us 60 days notice. In that event, he would not receive severance.

Mark W. Reynolds. On February 1, 2008, GeoVax entered into an amended and restated employment agreement with Mark W. Reynolds, our Chief Financial Officer. The employment agreement has no specified term. The employment agreement provided for an initial annual salary of \$115,000 to Mr. Reynolds, which was increased to \$150,000 by the Compensation Committee and the Board of Directors effective January 1, 2009, commensurate with an increased time commitment provided by Mr. Reynolds (50% to 75%). The employment agreement was again amended and restated, effective January 1, 2010, to reflect a further adjustment for Mr. Reynolds time commitment (from 75% to 100%) together with a base salary increase to \$212,600. The Board of Directors may also approve the payment of a discretionary bonus annually. Mr. Reynolds is eligible for grants of awards from the Plan and is entitled to participate in any and all benefits in effect from time-to-time for employees generally. We may terminate the employment agreement, with or without cause. If we terminate the employment agreement without cause, we will be required to provide Mr. Reynolds at least 60 days prior notice of the termination and one week of severance pay for each full year of service as Chief Financial Officer (\$16,354 if terminated in fiscal 2010, paid as salary continuance). Mr. Reynolds may terminate the employment agreement at any time by giving us 60 days notice. In that event, he would not receive severance.

Harriet L. Robinson. On November 19, 2007, GeoVax entered into an employment agreement with Harriet L. Robinson, our Chief Scientific Officer. The employment agreement has no specified term. The employment agreement provided for an initial base salary of \$250,000 to Dr. Robinson, subject to periodic increases as determined by the Compensation Committee. Dr. Robinson initially worked part-time for the Company, and became a full-time employee in February 2008. The Board of Directors may also approve the payment of a discretionary bonus annually. Dr. Robinson is eligible for grants of awards from the Plan and is entitled to participate in any and all benefits in effect from time-to-time for employees generally. We may terminate the employment agreement, with or without cause. If we terminate the employment agreement without cause, we will be required to provide Dr. Robinson at least 90 days prior notice of the termination and one week of severance pay for each full year of service (\$15,332 if terminated in fiscal 2010, paid as salary continuance). Dr. Robinson may terminate the employment agreement at any time by giving us 60 days notice. In that event, she would not receive severance.

Andrew Kandalepas. On February 1, 2007, GeoVax entered into an employment agreement with Andrew Kandalepas, our Senior Vice President. The employment agreement had no specified term. The employment agreement provided for an initial annual salary of \$210,000 to Mr. Kandalepas, subject to periodic increases as determined by the Compensation Committee. Mr. Kandalepas was also eligible for discretionary cash bonuses, grants of awards from the Plan and participation in any and all benefits in effect from time-to-time for employees generally. We could terminate the employment agreement, with or without cause. Effective June 30, 2009, Mr. Kandalepas resigned from our Board of Directors, and effective July 1, 2009, he resigned his position as Senior Vice President. We paid Mr. Kandalepas severance of \$18,750.

Indemnification Agreements

In October 2006 GeoVax Labs, Inc. and our subsidiary, GeoVax, Inc. entered into indemnification agreements with Messrs. McNally, Reynolds, Hildebrand, Kollintzas and Spencer. Pursuant to these agreements, we have agreed to indemnify them to the full extent permitted by Illinois and Georgia law against certain liabilities incurred by these individuals in connection with specified proceedings if they acted in a manner they believed in good faith to be in or not opposed to the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe that such conduct was unlawful. The agreements also provide for the advancement of expenses to these individuals subject to specified conditions.

Potential Payments Upon Termination or Change-in-Control

Under SEC rules, we are required to estimate and quantify the payment that would be payable at, following, or in connection with any termination, including without limitation resignation, severance, retirement or a constructive termination of each Named Executive Officer, or a change-in-control of the Company or a change in the Named Executive Officer's responsibilities, with respect to each Named Executive Officer, as if the triggering event had occurred as of the last business day of the last fiscal year.

The Plan contains provisions that could lead to an accelerated vesting of options or other awards. In the event of certain change-in-control transactions described in the Plan, (i) outstanding options or other awards under the Plan may be assumed, converted or replaced; (ii) the successor corporation may substitute equivalent options or other awards or provide substantially similar consideration to Plan participants as were provided to stockholders (after taking into account the existing provisions of the options or other awards); or (iii) the successor corporation may replace options or awards with substantially similar shares or other property.

In the event the successor corporation (if any) refuses to assume or substitute options or other awards as described (i) the vesting of any or all options or awards granted pursuant to the Plan will accelerate upon the change-in-control transaction, and (ii) any or all options granted pursuant to the Plan will become exercisable in full prior to the consummation of the change-in-control transaction at such time and on such conditions as the Compensation Committee determines. If the options are not exercised prior to the consummation of the change-in-control transaction, they shall terminate at such time as determined by the Compensation Committee. Subject to any greater rights granted to Plan participants under the Plan, in the event of the occurrence of a change-in-control transaction any outstanding options or other awards will be treated as provided in the applicable agreement or plan of merger, consolidation, dissolution, liquidation, or sale of assets.

If the Company experienced a change-in-control transaction described in the Plan on December 31, 2009, the value of accelerated options for each Named Executive Officer, based on the difference between \$9.00, the closing price of our common stock on the OTC Bulletin Board on December 31, 2009, and, if lower, the exercise price per share of each option for which vesting would be accelerated for each Named Executive Officer, would be as follows:

Dr. McNally \$62,500; Mr. Reynolds \$46,500 and Dr. Robinson \$43,333. Mr. Kandalepas resigned effective July 1, 2009 and held no outstanding options as of December 31, 2009.

Additionally, our employment agreements with each Named Executive Officer provide for payment to each Named Executive Officer if we terminate such Named Executive Officer's employment without cause. If each Named Executive Officer was terminated without cause on December 31, 2009, the following amounts, which represent one week of pay for each full year of service to the Company, would be payable to each Named Executive Officer as salary continuance under the terms of such Named Executive Officer's employment agreement: Dr. McNally \$10,577; Mr. Reynolds \$16,354 and Dr. Robinson \$15,332. Mr. Kandalepas resigned from our Board of Directors effective June 30, 2009 and resigned his position as Senior Vice President effective July 1, 2009. Mr. Kandalepas was paid severance of \$18,750.

Risk Assessment

We considered whether our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on GeoVax and concluded that they do not. We do not tie compensation to specific stock prices or milestones that might encourage risk taking to increase stock prices or meet specific milestones. When we have granted cash incentive awards, they have been retrospective or in relatively modest amounts so that they do not encourage inappropriate short-term risk taking. We give consideration to subjective elements when we determine salaries, bonuses, and option grants that help us evaluate employee productivity and contribution to the welfare of GeoVax and place less emphasis on short-term metrics or milestones that might encourage undue risk taking. When we use stock options, we require them to vest over a period of years so that their increase in value will be more closely associated with the long-term success of the Company.

Director Compensation Plan

In March 2007, the Board of Directors approved a recommendation from the Compensation Committee for director compensation, which we refer to as the Director Compensation Plan. It was subsequently amended in March 2008 and December 2009. The Director Compensation Plan applies only to non-employee directors. Directors who are employees of the Company receive no compensation for their service as directors or as members of committees.

Cash Fees

For 2009, each non-employee director received an annual retainer of \$2,000 (paid quarterly) for service as a member of the Audit Committee and \$1,250 for service as a member of the Compensation Committee. The Chairman of the Audit Committee received an annual retainer of \$9,000, and the Chairman of the Compensation Committee received an annual retainer of \$6,000, which retainers were also paid quarterly. Non-employee directors also received fees for each Board of Directors or Committee meeting attended as follows: \$1,500 per Board of Directors meeting, \$1,000 per Committee meeting chaired, and \$500 per Committee meeting attended as a non-chair member. Meetings attended telephonically were paid at lower rates (\$750, \$750 and \$400, respectively). The non-employee Chairman of the Board received an annual retainer of \$30,000 (paid quarterly) and was not entitled to additional fees for meetings attended.

Effective January 1, 2010, the fees paid to non-employee directors for attending meetings of the Board of Directors were increased to \$3,000 for in person meetings and \$1,500 for telephonic meetings. Also, the annual cash retainer for members (non-chairman) of the Audit Committee was increased to \$5,000, and the annual cash retainer for members (non-chairman) of the Compensation Committee was increased to \$3,300. No changes were made to the annual cash retainer for the chairman of the Audit Committee or the Compensation Committee, nor were any changes made to the fees paid for attending committee meetings. The members and chairman of the newly formed Nominating and Governance Committee will receive the same compensation as members of the Compensation Committee.

Stock Option Grants

Non-employee directors each receive an automatic grant of options to purchase 26,400 shares of common stock on the date that such non-employee director is first elected or appointed. We currently do not have a formula for determining annual stock option grants to directors (upon their re-election to the Board of Directors, or otherwise). Such option grants are currently determined by the Board of Directors, upon recommendation by the Compensation Committee based on the Compensation Committee's annual deliberations and review of the director compensation structure of similar companies. At its meeting in December 2009, upon a recommendation of the Compensation Committee, the Board of Directors determined an annual stock option grant of 10,000 shares to its non-employee members, with the exception of Mr. Hildebrand, who declined the stock option grant.

In April 2010, at the recommendation of the Compensation Committee, the Board of Directors approved a 20,000 share increase in the number of shares authorized to be issued pursuant to the Plan in order to cover an over issuance arising from the automatic grants of options to Mr. Antebi and Mr. Dodd when they were appointed as directors.

Expense Reimbursement

All directors are reimbursed for expenses incurred in connection with attending meetings of the Board of Directors and committees.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Approval of Related Party Transactions

Our Audit Committee is responsible for reviewing and approving all transactions or arrangements between the Company and any of our directors, officers, principal stockholders or any of their respective affiliates, associates or related parties, other than transactions with officers which are covered by the duties of the Compensation Committee. In determining whether to approve or ratify a related party transaction, the Audit Committee will discuss the transaction with management and will consider all relevant facts and circumstances available to it including:

whether the terms of the transaction are fair to the Company and at least as favorable to the Company as would apply if the transaction did not involve a related party;

whether there are demonstrable business reasons for the Company to enter into the transaction;

whether the transaction would impair the independence of a non-employee director; and

whether the transaction would present an improper conflict of interest for any director or executive officer, taking into account the size of the transaction, the direct or indirect nature of the related party's interest in the transaction and the ongoing nature of any proposed relationship, and any other factors the Audit Committee deems relevant.

The charter for the Audit Committee requires that it review and approve all related party transactions required to be disclosed by Item 404 of SEC Regulation S-K, that it discuss with management the business rationale for the transactions, and whether appropriate disclosure has been made.

Consulting Agreement with Donald Hildebrand

In March 2008, we entered into a consulting agreement with Donald Hildebrand, the Chairman of our Board of Directors and our former President and Chief Executive Officer, pursuant to which Mr. Hildebrand provides business and technical advisory services to the Company. The term of the consulting agreement began on April 1, 2008 with an original termination date of December 31, 2009. In December 2009, the Company and Mr. Hildebrand extended the term of the consulting agreement for an additional year. During 2009 and 2008, Mr. Hildebrand received \$57,600 and \$64,000, respectively, for his services pursuant to the consulting agreement. During the remaining term of the consulting agreement, Mr. Hildebrand will provide us with at least 16 hours of service per month and will be paid at the rate of \$4,800 per month. We also pay Mr. Hildebrand's medical and dental coverage through the term of the consulting agreement. We may terminate the consulting agreement, with or without cause. If we terminate the consulting agreement without cause, we must give Mr. Hildebrand at least 30 days notice and we will be required to pay him, as a severance payment, three months compensation, which is equal to \$14,400. Likewise, if the consulting agreement is terminated due to the death of Mr. Hildebrand, we will be required to pay his estate three months compensation. If Mr. Hildebrand wishes to terminate the consulting agreement, he must provide us with at least 30 days notice. No severance payments will be due to Mr. Hildebrand upon termination with cause or upon his voluntary termination.

Transactions with Emory University

Emory University is a significant stockholder of the Company, and our primary product candidates are based on technology rights subject to a license agreement with Emory University, which we refer to as the Emory License. The Emory License, among other contractual obligations, requires payments based on milestone achievements, royalties on sales by the Company or on payments to the Company by our sublicensees, and payment of maintenance fees in the event certain milestones are not met within the time periods specified in the Emory License. We may terminate the Emory License upon 90 days prior written notice. In any event, the Emory License expires on the date of the latest expiration date of the underlying patents. We are also obligated to reimburse Emory University for certain ongoing costs in connection with the filing, prosecution and maintenance of patent applications subject to the Emory License. Such reimbursements to Emory University amounted to \$85,673, \$102,141 and \$243,653 for the years ended December 31, 2009, 2008 and 2007, respectively.

In June 2008, we entered into two subcontracts with Emory University for the purpose of conducting research and development activities associated with a grant from the NIH. During 2009 and 2008, we recorded \$816,651 and \$723,887, respectively, of expense associated with these subcontracts. All amounts paid to Emory University under these subcontracts are reimbursable to us pursuant to the NIH grant.

Through November 2009, we leased office and laboratory space on a month-to-month basis from Emtech Biotechnology Development, Inc., a related party associated with Emory University. Rent expense associated with this lease totaled \$43,112, \$47,041 and \$36,588 for the years ended December 31, 2009, 2008 and 2007, respectively.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with Company management and, based on such review and discussions, the Compensation Committee authorized and directed that the Compensation Discussion and Analysis be included in this proxy statement and the Annual Report on Form 10-K.

Respectfully Submitted,

COMPENSATION COMMITTEE:

John N. Spencer, Jr., Chairman

Dean G. Kollintzas

Peter M. Tsolinas

Mr. Tsolinas, a former director, was a member of the Compensation Committee in 2009 and until it had completed the Compensation Discussion and Analysis . Mr. Dodd is now the Chairman, and Messrs. Antebi and Kollintzas are the other members. The current Compensation Committee has also approved the Compensation Discussion and Analysis and this report, and directed it be included in this proxy statement.

This Compensation Committee Report is not incorporated by reference into any of our previous filings with the SEC and is not to be deemed soliciting material or incorporated by reference into any of our future filings with the SEC, irrespective of any general statement included in any such filing that incorporates the Annual Report on Form 10-K referenced above or this proxy statement by reference, unless such filing explicitly incorporates this report.

PROPOSAL II

**RATIFICATION OF APPOINTMENT OF THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed the firm of Porter Keadle Moore LLP (PKM) to serve as the independent registered public accounting firm of GeoVax Labs, Inc. for the fiscal year ending December 31, 2010. PKM has served as the independent registered public accounting firm of the Company since 2006, and is considered by the Audit Committee and management to be well qualified.

Principal Accountant Fees and Services

The aggregate fees billed for the services rendered to us by PKM for the years ended December 31, 2009 and December 31, 2008 were as follows:

	2009	2008
Audit Fees(1)	\$ 70,700	\$ 62,950
Audit-Related Fees(2)	5,510	11,035
Tax Fees		
All Other Fees		
Total	 \$ 76,210	 \$ 73,985

(1) Audit Fees for 2009 and 2008 consisted principally of fees for professional services in connection with the audits of our consolidated

financial statements, review of our Annual Report on Form 10-K, review of our interim financial statements and Quarterly Reports on Form 10-Q, and the audit of our internal control over financial reporting.

- (2) Audit-Related Fees consist principally of fees in connection with the review of registration statements.

Audit Committee's Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by our independent auditors (the Policy) prior to the engagement of the independent auditors with respect to such services. Under the Policy, proposed services may be pre-approved on a periodic basis or individual engagements may be separately approved by the Audit Committee prior to the services being performed. In each case, the Audit Committee considers whether the provision of such services would impair the independent auditor's independence. All audit services and non-audit services provided by PKM for 2009 and 2008 were pre-approved by the Audit Committee.

Audit Committee's Pre-Approval Policies and Procedures

Stockholder ratification of the Audit Committee's selection of PKM as our independent registered public accounting firm for the year ending December 31, 2010 is not required by our Bylaws, or otherwise. Nonetheless, the Board of Directors has elected to submit the selection of PKM to our stockholders for ratification. The selection will be ratified if a majority of the votes cast at the Annual Meeting vote in favor. Abstentions and broker non-votes are not treated as votes cast, and therefore will have no effect on the outcome of either proposal. If the selection of PKM as our independent registered public accounting firm for the year ending December 31, 2010 is not ratified, the matter will be referred to the Audit Committee for further review.

Representatives of PKM will be present at the annual meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from stockholders.

THE AUDIT COMMITTEE AND BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND THAT THE STOCKHOLDERS VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF PORTER KEADLE MOORE LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF GEOVAX LABS INC. FOR FISCAL 2010.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is providing this report to enable stockholders to understand how it monitors and oversees the Company's financial reporting process. The Audit Committee consists of three directors, each of whom are independent in accordance with the criteria of independence set forth in Section 301(3)(B) of the Sarbanes-Oxley Act of 2002 and operates pursuant to an Audit Committee charter that is reviewed annually by the Audit Committee and updated as appropriate. The Audit Committee charter is available on our web site at <http://www.geovax.com>.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Committee's responsibility is to monitor and oversee these processes.

This report confirms that the Audit Committee has: (i) reviewed and discussed the audited financial statements for the year ended December 31, 2009 with management and the Company's independent public accountants; (ii) discussed with the Company's independent public accountants the matters required to be discussed pursuant to the Statement on Auditing Standards No. 61 (Communications with Audit Committees, as amended); (iii) received and reviewed the written disclosures and letter from the Company's independent public accountants as required by the Public Company Accounting Oversight Board regarding the independent accountants' independence; and (iv) discussed with the Company's independent public accountants their independence from the Company.

The Audit Committee of the Board of Directors has considered whether the provision of non-audit professional services rendered by Porter Keadle Moore LLP, as discussed above and disclosed elsewhere in this proxy statement, is compatible with maintaining their independence.

Based upon the above review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2009 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Respectfully submitted,

AUDIT COMMITTEE

John N. Spencer, Jr., Chairman

Dean G. Kollintzas

Peter M. Tsolinas
