PURCHASE PRICE

The purchase price of shares of common stock acquired under the Plan depends on how you purchase shares and on whether the Plan Administrator purchases them for Plan participants in the open market, in privately negotiated transactions, or directly from us.

Table of Contents

**OPEN MARKET OR
PRIVATE PURCHASE**

The purchase price of shares purchased by the Plan Administrator from parties other than Independent Bank Corp., either on the open market or through privately negotiated transactions, rather than directly from us, will be the weighted average of the actual price paid by the Plan Administrator for those shares, including any per share processing fees. Per share processing fees include any brokerage commissions incurred by the Plan Administrator and that the Plan Administrator is required to pay.

NEWLY ISSUED SHARES

The purchase price for newly issued shares of common stock that the Plan Administrator purchases directly from us through the reinvestment of cash dividends and distributions will be the volume weighted average price of our common stock reported by The NASDAQ Global Market (the NASDAQ) obtained from Bloomberg, LP, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NASDAQ closing print) on the applicable investment date, which for a regular quarterly dividend will generally be the dividend payment date. If our common stock does not trade on the investment date, the price will be the volume weighted average price for the first trading day immediately before the investment date and the first trading day immediately following the investment date. We will sell newly issued shares to Plan participants who choose to reinvest cash dividends and distributions at a discount of five percent (5%).

The purchase price for newly issued shares of common stock purchased directly from us with optional cash investments made through an approved Request for Waiver form will be the volume weighted average price of our common stock on the NASDAQ for each specified investment date on which our common stock trades during the applicable pricing period. In certain circumstances the pricing period may be extended. (See Question 13) We may sell newly issued shares to Plan participants using optional cash investments pursuant to an approved Request for Waiver Form at a discount of not more than five percent (5%).

TRACKING YOUR INVESTMENTS

You will receive periodic statements of the transactions made in your Plan account. These statements will provide you with details of your transactions and will indicate the share balance in your Plan account. You may also review your Plan account online at www.computershare.com/investor.

DESCRIPTION OF THE PLAN

The following questions and answers state the terms of our 2010 Dividend Reinvestment and Stock Purchase Plan and explain how it works. If you are a shareholder and do not participate in the Plan, you will receive cash dividends and distributions in the normal manner, as and when we declare and pay them. In the Plan we refer to our current shareholders and new investors that participate in the Plan as participants. Unless the context requires otherwise, all references to our stock and similar expressions in this prospectus refer to the common stock of Independent Bank Corp.

PURPOSE

1. What is the purpose of the Plan?

The primary purpose of the Plan is to provide Independent Bank Corp. shareholders with a convenient and economical method of investing cash dividends or making optional cash investments in additional shares of Independent Bank Corp. common stock, generally without payment of any processing fees or service fees in connection with such purchases. In addition, purchases of shares directly from Independent Bank Corp. pursuant to the Plan will provide Independent Bank Corp. with additional capital for general corporate purposes.

PARTICIPATION OPTIONS

2. What options are available under the Plan?

If you are a registered holder or a beneficial owner of Independent Bank Corp. common stock and elect to participate in the Plan (a Participant), you may have cash dividends on all or a portion of your shares automatically reinvested in Independent Bank Corp. common stock at a discount of 5% of the current market value. If you are a beneficial owner of Independent Bank Corp. stock, see Question 5 for a description of what you must do to participate in the Plan. Whether or not you currently own shares of our stock, if you wish, you may also make optional cash investments to purchase Independent Bank Corp. common stock, subject to a minimum investment of \$50 per month and a maximum investment of \$10,000 per month. Independent Bank Corp. may permit greater optional cash investments. See Question 13. You may make optional cash investments even if you do not elect to reinvest dividends on shares of common stock credited to your account under the Plan.

Table of Contents

ADVANTAGES AND DISADVANTAGES

3. *What are the advantages and disadvantages of the Plan?*

The primary **advantages** of the Plan are:

You may have the cash dividends on all or a portion of your Independent Bank Corp. common stock automatically reinvested in additional shares of Independent Bank Corp. common stock at a five percent (5%) discount.

You may invest in additional shares of Independent Bank Corp. common stock by making optional cash investments, subject to an individual minimum investment of \$50 per month and an individual maximum investment of \$10,000 per month.

Optional cash investments in excess of \$10,000 per month may be made with the permission of Independent Bank Corp. at a discount which will be in a range from 0% to 5%.

Generally, you pay no processing fees or service fees in connection with your purchases under the Plan. See Question 24.

Your reinvested cash dividends and optional cash investments will be fully invested because the Plan provides for fractional shares to be credited to your account. Additionally, dividends on such fractional shares, as well as whole shares held by you in certificated form or credited to your account, will be automatically reinvested in additional shares and credited to your account.

You will avoid cumbersome safekeeping of stock certificates for shares credited to your account and you may also deposit certificated shares, represented by stock certificates, held by you and registered in your name, thereby avoiding the need for safekeeping of certificates.

Periodic statements reflecting all current activity, including shares purchased and your latest Plan account balance, will simplify your recordkeeping.

The primary **disadvantages** of the Plan are:

Because the date by which the Plan administrator must receive your optional cash investment is two business days prior to the Investment Date (as defined herein) for such investments, your investments may be exposed to changes in market conditions. See Question 12.

The Purchase Price (as defined herein) for shares under the Plan may exceed the price of acquiring shares of Independent Bank Corp. common stock (including transaction costs) on the open market at any particular time on the related Investment Date. See Questions 9 and 11.

No dividends or interest will be paid on funds held by the administrator of the Plan pending investment. See Question 12.

If we purchase our shares on the open market or in a private sale from parties other than us, you will pay the proportionate share of any processing fees and transactions costs incurred in acquiring the shares. See Questions 19 and 20.

Table of Contents

If you request the Plan administrator to sell stock credited to your account, the price may decline during the period between your request for sale and the date your shares are sold. You bear a similar risk between the time that you request a certificate of stock and the time that the certificate is actually sent to you in you elect to sell your stock through a broker dealer you select.

You may not pledge your shares of deposited stock in your account until you have withdrawn the shares you wish to pledge from the Plan.

ADMINISTRATION

4. Who will administer the Plan?

The Plan will be administered by Computershare Trust Company, N.A., or such successor administrator as Independent Bank Corp. may designate (the Administrator). You may participate in the Plan if you qualify as either of the following: (a) you are a registered holder, *i.e.*, a shareholder whose shares of Independent Bank Corp. common stock are registered in the stock transfer books of Independent Bank Corp. in your name or (b) you are a beneficial owner, a shareholder who has beneficial ownership of shares of Independent Bank Corp. common stock that are registered in a name other than your name (for example, in the name of a broker, bank or other nominee). Registered holders may participate in the Plan directly. If you are a beneficial owner, you must either become a registered holder by having such shares transferred into your own name or make arrangements with your broker, bank or other nominee to participate on your behalf. See below.

If you hold shares with a broker, you can participate by instructing the broker to reregister some or all of the shares into your name. Simply instruct your broker to move all or some of your shares electronically through the Direct Registration System from your brokerage account to a new book-entry account at Computershare. Please contact your broker for more information. Once your broker transfers your shares into your name electronically, your Direct Registration account is automatically set up and you can participate in the Plan. You may also instruct your broker to participate in the Plan on your behalf.

Your right to participate in the Plan is not transferable to another person apart from a transfer of your underlying shares of Independent Bank Corp. common stock. Independent Bank Corp. reserves the right to exclude from participation in the Plan persons who utilize the Plan to engage in short-term trading activities which cause aberrations in the trading volume of Independent Bank Corp. common stock.

Shareholders who reside in jurisdictions in which it is unlawful for Independent Bank Corp. to permit their participation are not eligible to participate in the Plan. In addition, we may decide for any reason or no reason at all, not to allow you to participate in the Plan. If you are eligible to participate in the Plan, you may not assign your right to participate to another person.

Alternatively, you may establish an automatic monthly deduction from your U.S. bank account for a minimum of \$50 and continuing without interruption until the \$500 minimum is met. Automatic deductions will continue indefinitely until you notify the Administrator in writing or through the Internet that the automatic deductions are to stop.

New investors may also make their initial share purchase (minimum \$500) with a one-time debit from their U.S. bank account through the Administrator's website www.computershare.com/investor and by following the online instructions.

You may enroll in the Plan at any time. Once enrolled, you remain enrolled without further action on your part until you discontinue your participation or until the Plan is terminated. See Question 20 regarding discontinuing dividend reinvestment under the Plan and Question 27 regarding termination of the Plan. However, if there is any subsequent change in the manner in which your name appears on your certificate(s), you should contact the Administrator for further instructions. If you wish to change your participation at any time, please contact the Administrator as described in Question 4.

7. *What does the Enrollment Form provide?*

The Enrollment Form appoints the Administrator as your agent for purposes of the Plan. It also directs Independent Bank Corp. to pay dividends to the Administrator for purchase of additional shares of Independent Bank Corp. common stock as you elect from the three options shown on the Enrollment Form and explained below. You must place an X in the appropriate box to indicate your investment election. Under each of these options, you may make optional cash investments at any time. You may change your reinvestment election at any time by submitting a revised Enrollment Form to the Administrator or by accessing your account online at www.computershare.com/investor. **If you return a properly executed Enrollment Form to the Administrator without electing an investment option, you will be enrolled as having selected Full Dividend Reinvestment. If you submit an Enrollment Form not properly completed or without the proper signatures your application will not be processed.**

(1) Full Dividend Reinvestment

This option directs the Administrator to reinvest, in accordance with the Plan, all cash dividends on all shares of Independent Bank Corp. common stock then or subsequently registered in your name and held by you in certificated form or credited to your account in book-entry form.

(2) Partial Dividends Paid in Cash

This option directs the Administrator to pay to you, in accordance with the Plan, cash dividends on the number of shares of Independent Bank Corp. common stock which you designate in the appropriate space on the Enrollment Form. Dividends paid on all other shares registered in your name and credited to your account will be reinvested in accordance with the Plan.

(3) All Dividends Paid in Cash (No Dividend Reinvestment)

This option directs the Administrator to send you, in accordance with the Plan, cash dividends in the usual manner on all of your shares of Independent Bank Corp. common stock registered in your name and credited to your account, including shares subsequently purchased through optional cash investments.

8. *When will my participation in the Plan begin?*

Participation as to dividend reinvestment will commence with the next dividend Investment Date (as defined below) after receipt of the Enrollment Form, provided it is received by the Administrator by the Record Date (as defined below) for such dividend Investment Date. If the Enrollment Form is received after such Record Date, participation as to dividend reinvestment will be delayed until the following dividend Investment Date.

Participation as to optional cash investments will commence with the next Investment Date after receipt of the authorization therefor and the funds to be invested. See Question 9 to determine the applicable Record Date for dividend reinvestments and the applicable Investment Dates for dividend reinvestments and optional cash investments.

PURCHASES

9. When will shares be purchased under the Plan?

When there is a cash dividend declared by the Board of Directors, reinvested dividends under the Plan will be used to purchase shares of Independent Bank Corp. common stock beginning on the dividend payment date declared by the Board of Directors or if such day is not a Trading Day, the first Trading Day immediately following such date (in such case, the Investment Date). The Record Date for such dividend payments will be the record date declared by the Board of Directors. Optional cash investments of \$10,000 or less will be invested monthly, beginning on the 20th of each month, or if such day is not a Trading Day, the first Trading Day following the 20th, or, in the case of shares of Independent Bank Corp. common stock purchased on the open market, as soon thereafter as determined by the Administrator (in each such case, the Investment Date).

If Independent Bank Corp. approves a Request for Waiver (as defined below) for an optional cash investment of more than \$10,000, then such cash investment will be used to purchase shares of Independent Bank Corp. common stock on one or more dates and at a Purchase Price (as defined below) calculated as specified in the Request for Waiver (in each such case, an Investment Date), subject to any Threshold Price (as defined below) that Independent Bank Corp. may set. See Questions 11 and 13 for more information on Requests for Waiver, Purchase Price and Threshold Prices.

Cash dividend payment dates historically have occurred on or about the 10th day of each April, July, October and January. It is currently expected that the approximate past pattern with respect to timing of dividend payment dates generally will be followed in the future if the Board of Directors elects to declare cash dividends in a given quarter.

There can be no assurance as to the declaration or payment of dividends, and nothing contained in the Plan obligates Independent Bank Corp. to declare or pay any dividends. The Plan does not represent a change in Independent Bank Corp. s dividend policy or a guarantee of future dividends, which will continue to be determined by the Board of Directors based upon Independent Bank Corp. s earnings, financial condition, and other factors.

10. What is the source of shares to be purchased under the Plan?

All dividends reinvested through the Plan and all optional cash investments will be used to purchase newly issued shares directly from Independent Bank Corp., treasury shares held by Independent Bank Corp., shares through open market purchases, or a combination of the above, as determined by us. Newly issued shares purchased directly from Independent Bank Corp. will consist of authorized but unissued shares of Independent Bank Corp. common stock.

11. At what price will shares be purchased?

All shares acquired directly from Independent Bank Corp. with reinvested dividends will be acquired at a price to you (the Dividend Purchase Price) equal to ninety-five percent (95%) of the volume weighted average price, computed up to four decimal places, if necessary, of Independent Bank Corp. s common stock as reported on The NASDAQ Global Market (the NASDAQ) obtained from Bloomberg, LP, for the trading

Table of Contents

hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NASDAQ closing print) on the Investment Date. Optional cash investments of \$10,000 or less will be acquired at a price to you (in such case, the Purchase Price) equal to the volume weighted average price, computed up to four decimal places, if necessary, of Independent Bank Corp. s common stock as reported on the NASDAQ on the Investment Date. See Question 9.

If Independent Bank Corp. grants the request to purchase shares pursuant to a Request for Waiver for optional cash investments of more than \$10,000, as more fully described in Question 13, an investor may request that the Purchase Price be established over a Pricing Period , which will generally consist of one to 12 separate days during which Independent Bank Corp. s common stock is quoted on the NASDAQ during the applicable Pricing Period (each, a Trading Day) and which will be set forth in the Request for Waiver. Each of these separate days will be an Investment Date and an equal proportion of your optional cash purchase will be invested on each Trading Day during such Pricing Period, subject to the qualifications set forth in Question 13. The Purchase Price for shares acquired on a particular date during the Pricing Period will be equal to the volume weighted average price, computed up to four decimal places, if necessary, of Independent Bank Corp. s common stock on the NASDAQ for each day during the Pricing Period. Shares purchased with optional cash investments of more than \$10,000 pursuant to a Request for Waiver may be purchased at a discount from the Purchase Price and may be subject to a Threshold Price, as more fully described in Question 13.

All shares purchased under the Plan through open market purchases will be acquired as soon as practicable beginning on the Investment Date at a price (in such case, the Purchase Price) to you of the weighted average price, computed up to six decimal places, if necessary, paid by the Administrator for Independent Bank Corp. common stock purchased by the Plan through such open market purchases. Purchases on the open market will begin on the Investment Date and will be completed no later than 30 days from such date for reinvestment of dividends and 35 days from such date for optional cash investments, except where completion at a later date is necessary or advisable under any applicable federal securities laws. Such purchases may be made on any securities exchange where such shares are traded, in the over-the-counter market, or by negotiated transactions and may be subject to such terms with respect to price, delivery, etc. to which the Administrator may agree. Neither Independent Bank Corp. nor the Participant shall have any authority or power to direct the time or price at which shares may be purchased, or the selection of the broker or dealer through or from whom purchases are to be made.

While Independent Bank Corp. will pay all processing fees on shares purchased on the open market, for tax purposes, these fees will be considered as additional dividend income to you. These commissions, and the resulting additional dividend income, are expected to amount to less than 1/4th of 1% of the purchase price of the shares (that is, less than 25 cents per \$100 invested). See Question 21.

12. How are optional cash investments made?

All registered holders, including brokers, banks, and other nominees with respect to shares registered in their name on behalf of a beneficial owner, who have submitted a signed Enrollment Form are eligible to make optional cash investments. A broker, bank or other nominee, as holder on behalf of a beneficial owner, may utilize an Enrollment Form for optional cash investments unless it holds the shares in the name of a securities depository.

Table of Contents

All optional cash investments made by check should be made payable to Computershare Independent Bank Corp. and mailed to Computershare at the address listed in Question 4. Inquiries regarding other forms of payments and all other written inquiries should be addressed to the Administrator at the address listed in Question 4.

The Administrator will apply all optional cash investments which are received at least two business days prior to the relevant Investment Date to the purchase of shares of Independent Bank Corp. common stock on such Investment Date, or if shares are acquired on the open market, as soon as practicable on or after such Investment Date. The Administrator will not accept cash, traveler's checks, money orders, or third party checks for optional cash investments.

Plan participants may also make optional cash investments by going to the Administrator's website, www.computershare.com/investor, and authorizing a one-time online bank debit from an account at a U.S. bank or financial institution. You should refer to the online confirmation for the account debit date and investment date.

NO INTEREST WILL BE EARNED ON OPTIONAL CASH INVESTMENTS HELD PENDING INVESTMENT. IF YOU HAVE ANY QUESTIONS REGARDING THE INVESTMENT DATE, YOU SHOULD CONTACT THE ADMINISTRATOR AT THE ADDRESS OR PHONE NUMBER SET FORTH IN QUESTION 4.

You should be aware that since investments under the Plan are made as of specified dates, you lose any advantage that otherwise might be available from being able to select the timing of your investment. **Neither the Company nor the Administrator can assure a profit or protect against a loss on shares of Independent Bank Corp. common stock purchased under the Plan.**

Participants who are registered owners of Independent Bank Corp. common stock may also make automatic monthly investments of a specified amount (not less than \$50 nor more than \$10,000 per month) by electronic funds transfer from a predesignated U.S. bank account. To initiate automatic monthly deductions, the Participant must complete and sign a Direct Debit Authorization form and return it to Computershare. Direct Debit Authorization forms may be obtained from Computershare. You may also initiate automatic monthly investments by accessing your account through the Internet at www.computershare.com/investor. Forms will be processed and become effective as promptly as practicable; however, you should allow four to six weeks for the first investment to be initiated using the automatic investment feature.

Once automatic monthly investment is initiated, funds will be drawn from the Participant's designated bank account on the 15th of each month (or the next banking business day if the 15th is not a banking business day) for optional cash investments of \$10,000 or less. Participants may change their automatic monthly investment by completing and submitting to Computershare a new Direct Debit Authorization form or by accessing their account through the Internet at www.computershare.com/investor. To be effective with respect to a particular Investment Date, however, the new instructions must be received by Computershare at least six business days prior to such Investment Date. Automatic deductions will continue indefinitely until you notify the Administrator in writing or through the Internet that the automatic deductions are to stop.

When corresponding with the Administrator, please be sure to include your daytime telephone number and area code.

In the event that any check, draft or electronic funds transfer a Participant may tender or order as payment to the Administrator to purchase Independent Bank Corp. common stock is dishonored, refused or

Table of Contents

returned, the Participant agrees that the purchased shares when credited to such Participant's account may be sold, on the Administrator's order without the Participant's consent or approval, to satisfy the amount owing on the purchase. The amount owing will include the purchase price paid, any purchase and sale transaction fees, any brokerage commissions and the Administrator's returned check or failed electronic payment fee of \$25.00. If the sale proceeds of purchased shares are insufficient to satisfy the amount owing, the Participant authorizes the Administrator to sell additional shares then credited to the Participant's account as necessary to cover the amount owing, without further consent or authorization from the Participant. The Administrator may sell shares to cover an amount owing as a result of a Participant's order in any manner consistent with applicable securities laws. Any sale for that purpose in a national securities market would be commercially reasonable. The Participant grants the Administrator a security interest in all shares credited to the Participant's account including securities subsequently acquired and held or tendered for deposit, for purposes of securing any amount owing as described in this paragraph.

13. What limitations apply to optional cash investments?

Minimum/Maximum Limits. Optional cash investments are subject to a \$50 minimum per month, and Independent Bank Corp. reserves the right to refuse to accept any optional cash investment in excess of \$10,000 per month from any Participant or any related or associated group of Participants. Optional cash investments of less than \$50 and that portion of any optional cash investment which exceeds the \$10,000 monthly purchase limit, unless such limit has been waived, are subject to return to the Participant, without interest. Independent Bank Corp. reserves the right to waive such limits on optional cash investments in its sole discretion.

Optional Cash Investments in Excess of \$10,000. Optional cash investments in excess of \$10,000 per month may only be made pursuant to a written request for waiver (a Request for Waiver) approved by Independent Bank Corp. There is no pre-established maximum limit applicable to optional cash investments that may be made pursuant to approved Requests for Waiver. Independent Bank Corp. expects to consider Requests for Waiver from financial intermediaries, including brokers and dealers, and other Participants from time to time. It is solely within Independent Bank Corp.'s discretion as to whether any such approval in excess of the allowable maximum amounts will be granted. In deciding whether to approve such a request, Independent Bank Corp. will consider relevant factors including, but not limited to (a) whether it is then selling newly issued shares of common stock and/or treasury shares or acquiring shares for the Plan through open market purchases or privately negotiated transactions, (b) Independent Bank Corp.'s need for additional funds, (c) the attractiveness of obtaining such funds by the sale of common stock by comparison to other sources of funds, (d) the purchase price likely to apply to any sale of common stock, (e) the Participant submitting the request, including the extent and nature of such Participant's prior participation in the Plan, and the number of shares of Independent Bank Corp. common stock held of record and/or beneficially by such Participant, and (f) the aggregate amount, if any, of optional cash investments in excess of the allowable maximum amounts for which requests have been submitted by all Participants.

Participants may ascertain whether we are accepting Requests for Waiver and certain other important information by calling (781) 982-6858, by visiting our website at www.rocklandtrust.com (within the Investor

Table of Contents

Relations tab) or by such other method as we shall establish from time to time. When Participants call this number or visit our website, we will inform Participants that:

we will not be accepting Requests for Waiver at that time; or

we will be accepting Requests for Waivers at that time. In that case, we will provide relevant information such as (i) whether a Threshold Price applies; (ii) whether we will offer a discount; (iii) the commencement of and/or length of a Pricing Period and whether the Pricing Period Extension Feature (as defined below) will apply; and (iv) such other information as we deem appropriate.

Request for Waiver. To submit an optional cash payment in excess of \$10,000 for any monthly period, a Participant must submit a written Request for Waiver, specifying the proposed investment amount(s), Pricing Period(s) and Investment Date(s) to which the Request for Waiver applies and calculation of the Purchase Price(s), no later than five (5) business days prior to the commencement of the specified Pricing Period(s).

To obtain a Request for Waiver form or information about optional cash investments pursuant to a Request for Waiver, please contact Independent Bank Corp. Investor Relations at (781) 982-6858. The Purchase Price will not be known until the purchase is completed. Participants should be aware that the price of Independent Bank Corp. common stock may fluctuate during the period between submission of a Request for Waiver, its receipt by the Administrator and the ultimate purchase of the common stock. Completed Requests for Waiver should be sent to Independent Bank Corp. in the manner requested in the Request for Waiver form.

We will notify the Participant as to whether the Request for Waiver has been granted or denied, either in whole or in part, within two business days of the receipt of the request. If Independent Bank Corp. approves your Request for Waiver, then you must send the Administrator your optional cash investment in good funds, by 2:00 p.m., Eastern time, on or before the business day prior to the first day of the relevant Pricing Period described in the approved Request for Waiver. If the Request for Waiver is granted in part, we will advise the Participant of the maximum amount that will be accepted in connection with the purchase. If a response is not received in connection with the Request for Waiver, the Participant should assume that the request has been denied. If such requests are submitted for any monthly period for an aggregate amount in excess of the amount Independent Bank Corp. is willing to accept, Independent Bank Corp. may honor such requests in order of receipt, pro rata or by any other method which Independent Bank Corp., in its sole discretion, determines to be appropriate. Independent Bank Corp. may alter, amend, supplement or waive, in its sole discretion, the time periods and/or other parameters relating to optional cash purchases in excess of \$10,000 made by one or more Participants in the Plan or new investors, at any time and from time to time, prior to the granting of any Request for Waiver.

The Plan may also be used by Independent Bank Corp. to raise additional capital through the sale each month of a portion of the shares available for issuance under the Plan to owners of shares (including brokers or dealers) who, in connection with any resales of such shares, may be deemed to be underwriters. These sales will be effected through Independent Bank Corp.'s ability to approve Requests for Waiver. To the extent shares are purchased from Independent Bank Corp. under the Plan, Independent Bank Corp. will receive additional funds for general corporate purposes. The Plan is intended for the benefit of investors in Independent Bank Corp. and not for individuals or investors who engage in transactions which may cause aberrations in the price or trading volume of Independent Bank Corp. common stock.

Table of Contents

Independent Bank Corp. reserves the rights to modify, suspend or discontinue participation in the Plan by otherwise eligible holders or beneficial owners of Independent Bank Corp. common stock in order to eliminate practices which are not consistent with the purposes of the Plan.

Threshold Price. Unless it waives its right to do so, Independent Bank Corp. may establish for any Investment Date a minimum price (the Threshold Price) for purchasing shares with optional cash investments made pursuant to written Requests for Waiver. Independent Bank Corp. will, at least five (5) business days prior to the commencement of the Pricing Period for an Investment Date, determine whether to establish a Threshold Price and, if a Threshold Price is established, its amount and so notify the Administrator. The determination whether to establish a Threshold Price and, if a Threshold Price is established, its amount will be made by Independent Bank Corp. at its discretion after a review of current market conditions, the level of participation in the Plan, current and projected capital needs, and any other considerations deemed advisable.

The Threshold Price for optional cash investments made pursuant to written Requests for Waiver, if established for any Investment Date, will be a stated dollar amount that the volume weighted average price of Independent Bank Corp. s common stock on the NASDAQ obtained from Bloomberg, LP, for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the NASDAQ closing print) for each Trading Day of the relevant Pricing Period (not adjusted for discounts, if any) must equal or exceed. If the Threshold Price is not equaled or exceeded (which, for purposes of the Plan, means that the Threshold Price has not been satisfied) for a Trading Day in the Pricing Period, then that Trading Day and the trading prices for that day will be excluded from that Pricing Period and a pro rata portion of the Participant s cash will be returned, without interest. Thus, for example, if an approved Request for Waiver specifies that the Pricing Period is one day (that is, the Investment Date) and the Threshold Price is not satisfied on that day, then no investment will be made and the Participant s cash will be returned in full. Likewise, if the Threshold Price is not satisfied for two of the five Trading Days in a particular Pricing Period, then the Purchase Price will only be calculated for each of the remaining three Trading Days when the Threshold Price is satisfied and the two Trading Days when the Threshold Price is not satisfied will be excluded. In such case, for each Trading Day on which the Threshold Price is not satisfied, one-fifth of the optional cash investment made by a Participant pursuant to a Request for Waiver would be returned to such Participant, without interest, as soon as practicable after the applicable Investment Date. Similarly, a pro rata portion of the Participant s cash will be returned if there are fewer Trading Days prior to the Investment Date than are specified as the Pricing Period in the Request for Waiver or if no trades in Independent Bank Corp. common stock are reported on the NASDAQ for a Trading Day during the Pricing Period, due to a market disruption or for any other reason.

We may elect to activate for any particular Pricing Period the Pricing Period Extension Feature , which will provide that the initial Pricing Period will be extended by the number of days during such period that the Threshold Price is not satisfied, or on which there are no trades of our common stock reported on the NASDAQ, subject to a maximum of five Trading Days. If we elect to activate the Pricing Period Extension Feature, and the Threshold Price is satisfied for any additional day that has been added to the initial Pricing Period, then that day shall be included as one of the Trading Days for the Pricing Period in lieu of the day on which the Threshold Price was not met or trades of our common stock were not reported. For example, if the determined Pricing Period is ten days, and the Threshold Price is not satisfied for three out of the ten days, and we had previously announced at the time of the Request for Waiver acceptance that the Pricing Period

Table of Contents

Extension Feature was activated, then the Pricing Period will be automatically extended, and if the Threshold Price is satisfied on the next three Trading Days, then those three days will be included in the Pricing Period in lieu of the three days on which the Threshold Price was not met. As a result, because there were ten Trading Days of the initial and extended Pricing Period on which the Threshold Price was satisfied, all the cash investment will be invested, rather than having 30% returned.

The Threshold Price concept, Pricing Period Extension Feature, and return procedure discussed above apply only to optional cash investments made pursuant to written Requests for Waiver. Setting a Threshold Price for an Investment Date shall not affect the setting of a Threshold Price for any subsequent Investment Date.

For any particular Investment Date, Independent Bank Corp. may waive its right to set a Threshold Price for optional cash investments that exceed \$10,000. Neither Independent Bank Corp. nor the Administrator shall be required to provide any written notice to Participants as to the Threshold Price for any Investment Date.

Waiver Discount. At least five (5) business days prior to the commencement of each Pricing Period, Independent Bank Corp. may, in its sole discretion, establish a discount from the Purchase Price applicable to optional cash investments made pursuant to written Requests for Waiver. Such discount (the Waiver Discount) will be in a range between 0% and 5% of the Purchase Price and may vary for each Investment Date, but once established will apply uniformly to the full amount of all optional cash investments made pursuant to Requests for Waiver for that Investment Date. The Waiver Discount will be established in Independent Bank Corp. s sole discretion after a review of current market conditions, the level of participation in the Plan, and current and projected capital needs. Setting a Waiver Discount for a particular Investment Date shall not affect the setting of a Waiver Discount for any subsequent Investment Date. The Waiver Discount feature discussed above applies only to optional cash investments made pursuant to written Requests for Waiver and does not apply to the reinvestment of cash dividends or optional cash investments of \$10,000 or less.

14. Under what circumstances will optional cash investments be returned?

Optional cash investments of less than \$50 and that portion of any optional cash investment which exceeds the allowable maximum amount (unless the subject of a Request for Waiver that has been granted by Independent Bank Corp.) will be returned promptly without interest. See Question 13 regarding the minimum/maximum monthly purchase limits and the return of payments if those limits are not satisfied. In addition, the portion of any optional cash investments in excess of \$10,000 pursuant to Requests for Waiver will be returned following any Investment Date on which the Threshold Price is not satisfied. See Question 13 regarding the Threshold Price and the return of such investments.

15. What if I have more than one account?

For the purpose of the limitations discussed in Question 13, Independent Bank Corp. may aggregate all reinvestment dividends and optional cash investments for Participants with more than one account using the same Social Security or Taxpayer Identification Number. Participants unable to supply a Social Security or Taxpayer Identification Number may be limited by Independent Bank Corp. to only one account.

Table of Contents

Also for the purpose of such limitations, all accounts which Independent Bank Corp. believes to be under common control or management or to have common ultimate beneficial ownership may be aggregated. Unless Independent Bank Corp. has determined that reinvestment of dividends and optional cash investments for each such account would be consistent with the purposes of the Plan, Independent Bank Corp. will have the right to aggregate all such accounts and to return, without interest, within 30 days of receipt, any amounts in excess of the investment limitations applicable to a single account received in respect of all such accounts. See Question 13.

CERTIFICATES

16. Will certificates be issued for share purchases?

All shares purchased on behalf of a Participant through the Plan will be recorded in uncertificated form in each Participant's account. A Participant can, however, at any time and without charge, obtain a certificate for all or part of the whole shares of common stock credited to the Participant's Plan account by accessing his or her account through the Internet at www.computershare.com/investor, or by writing or calling the Administrator. No certificates for fractional shares will be issued. If you request a certificate for all full shares credited to your account, a certificate will be issued for the whole shares and a cash payment will be made for any remaining fractional share. That cash payment will be based upon the then-current market value of the shares, less any service charge and processing fees.

Receiving certificated shares from your account does not affect your dividend reinvestment option. For example, if you authorized full dividend reinvestment, cash dividends with respect to shares issued in certificate form will continue to be reinvested.

17. May I add shares of Independent Bank Corp. common stock to my account by transferring stock certificates in my possession?

You also may send the Administrator your other Independent Bank Corp. common stock certificates for safekeeping free of charge. By making such a deposit, you will be relieved of the responsibility for loss, theft or destruction of the certificates. If you wish to deposit your Independent Bank Corp. common stock certificates, you must mail them along with a request to the Administrator to hold your certificates for safekeeping. The certificates should not be endorsed. You should mail the certificates to the Administrator at the address provided in Question 4. Certificates should be mailed by registered or certified mail, return receipt requested, or some other form of traceable mail, and properly insured. The Administrator will promptly send you a statement confirming each deposit of your common stock certificates.

You may withdraw shares deposited for safekeeping by accessing your account online at www.computershare.com/investor or by making a request in writing or by telephone to the Administrator as described in Question 20. The Administrator will issue new, differently numbered certificates whenever certificates are issued to you, either upon your request or upon discontinuation of participation. Shares acquired by the reinvestment of dividends on any such withdrawn shares (and on any other shares subsequently acquired by you) will continue to be reinvested or paid out, as previously directed, unless you provide contrary written instructions or a new Enrollment Form as described in Question 7.

SALE OF SHARES

18. *Can I sell shares credited to my account?*

You can sell some or all of the shares held in your Plan account by contacting the Administrator. You have two choices when making a sale, depending on how you submit your sale request, as follows:

Market Order: A market order is a request to sell shares promptly at the current market price. Market order sales are only available at www.computershare.com/investor through Investor Centre or by calling the Administrator directly at 1-800-426-5526. Market order sale requests received at www.computershare.com/investor through Investor Centre or by telephone will be placed promptly upon receipt during market hours (normally 9:30 a.m. to 4:00 p.m. Eastern time). Any orders received after 4:00 p.m. Eastern time will be placed promptly on the next day the market is open. The price shall be the market price of the sale obtained by the Administrator's broker, less a service fee of \$25 and a processing fee of \$0.12 per share sold.

Batch Order: A batch order is an accumulation of all sale requests for a security submitted together as a collective request. Batch orders are submitted on each market day, assuming there are sale requests to be processed. Sale instructions for batch orders received by the Administrator will be processed no later than five business days after the date on which the order is received (except where deferral is required under applicable federal or state laws or regulations), assuming the applicable market is open for trading and sufficient market liquidity exists. Batch order sales are available at www.computershare.com/investor through Investor Centre or by calling the Administrator directly at 1-800-426-5523. All sales requests with an anticipated market value of \$25,000 or more are expected to be submitted in writing. All sales requests received in writing will be submitted as batch order sales. The Administrator will cause your shares to be sold on the open market within five business days of receipt of your request. To maximize cost savings for batch order sales requests, the Administrator may combine each selling Plan participant's shares with those of other selling Plan participants. In every case of a batch order sale, the price to each selling Plan participant shall be the weighted average price obtained by the Administrator's broker for each aggregate order placed by the Administrator and executed by the broker, less a service fee of \$15 and a processing fee of \$0.12 per share sold. Proceeds are normally paid by check, which are distributed within 24 hours after your sale transaction has settled.

The Administrator reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, no one will have any authority or power to direct the time or price at which shares for the Plan are sold, and no one, other than the Administrator, will select the broker(s) or dealer(s) through or from whom sales are to be made.

Note that if you chose to have the Administrator sell your shares, the price of our stock may decline during the period of time between the time you request your shares be sold and the time that the shares are actually sold on the open market. You bear a similar risk of market value decline between the time you request a certificate or electronic transfer of your shares and the time that the certificate is delivered or shares credited to your account. You should carefully evaluate these risks in deciding whether or to what extent you should participate in the Plan.

REPORTS

19. What reports will be sent to me if I participate in the Plan?

Unless you are participating in the Plan through your broker, bank or nominee, you will receive from the Administrator a detailed statement of your account following each dividend reinvestment and account transaction. These detailed statements will show total cash dividends received, total optional cash investments received, total shares purchased (including fractional shares), price paid per share, and total shares credited to your account. **These statements should be retained by you to determine your tax cost basis for shares purchased.** See Question 21. If you are participating in the Plan through your broker, bank or other nominee, you should contact such party regarding a statement of your interests in the Plan.

WITHDRAWAL

20. How may I discontinue dividend reinvestment?

You may discontinue reinvestment of cash dividends under the Plan at any time by telephone or written notice to the Administrator or by accessing your account through the Internet at www.computershare.com/investor. If a notice to discontinue is received by the Administrator near the Record Date for a dividend payment, the Administrator, in its sole discretion, may either pay such dividend in cash or reinvest it in shares on behalf of the discontinuing Participant. If such dividend is reinvested, the Administrator may sell the shares purchased and remit the proceeds to the Participant, less any processing fee, any service fee and any applicable taxes. After processing your request to discontinue dividend reinvestment, any shares credited to your Plan account will continue to be held in book-entry form. Dividends on any shares held in book-entry form, and on any shares held in certificated form, will be paid in cash.

TAXES

21. What are the federal income tax consequences of participating in the Plan?

The following is a summary of certain U.S. federal income tax consequences regarding the Plan. This summary is based on current law and may be affected by future legislation, Internal Revenue Service rulings and other administrative pronouncements, income tax regulations, and court decisions. This discussion does not purport to deal with all aspects of taxation that may be relevant to you in light of your circumstances, or if you are a type of investor who is subject to special treatment under U.S. federal income tax law (including, without limitation, insurance companies, partnerships, tax-exempt organizations, financial institutions, broker dealers, foreign corporations and persons who are not citizens or residents of the United States). **You should consult with your own tax advisor regarding the specific tax consequences (including the federal, state, local, foreign and other tax consequences) of participating in the Plan, and of potential changes in applicable tax laws.**

In general, the amount of cash dividends paid by Independent Bank Corp. will be includable in your income even though reinvested under the Plan. When your dividends are reinvested to acquire shares (including any fractional share) directly from us, you will be treated as having received on the dividend payment date a taxable dividend in an amount equal to the fair market value of our common stock purchased for your account under the Plan. When your dividends are reinvested to acquire shares (including any

Table of Contents

fractional share) purchased in market transactions, you will be treated as having received a taxable dividend equal to the amount of cash dividends used to make those purchases, plus the amount of any brokerage fees paid by us in connection with those purchases. You should be aware that, when we pay brokerage fees on your behalf for shares purchased in market transactions, the taxable income recognized by you as a participant in the Plan will be greater than the taxable income that would have resulted solely from the receipt of the dividend in cash.

If you make optional investments that are subject to a waiver discount, you may be treated as having received an additional dividend distribution equal to the excess, if any, of the fair market value of the shares acquired on the Investment Date over the amount of your optional investment. Although the Internal Revenue Service has issued private letter rulings on plans similar to the Plan which ruled that shareholders making optional investments will not be treated as having received such dividend income if the shareholders are not also participants in the dividend reinvestment aspect of the plan, private letter rulings are not precedent and may not be relied upon by persons other than the taxpayers to which they are issued. Participants who make optional cash investments to purchase Independent Bank Corp. common stock subject to a waiver discount should consult with their own tax advisors regarding consequences of the investment.

We will report to you for tax purposes the dividends to be credited to your account as well as brokerage costs incurred by us on your behalf. Such information will also be furnished to the Internal Revenue Service to the extent required by law.

The tax basis of shares acquired through the reinvestment of dividends pursuant to the Plan will generally equal the amount of distributions you are treated as receiving, as described above. The tax basis of shares purchased with optional investments will be equal to the amount of those investments increased by the amount of any additional dividend that you are treated as having received as a result of a waiver discount. The tax basis of shares purchased in the open market to satisfy Plan requirements will be increased by the amount of any brokerage fees incurred by the Plan on your behalf. The holding period for shares acquired under the Plan (including any fractional share) generally will begin on the date after the date on which the shares are purchased and credited to your Plan account, regardless of the source of purchase. Consequently, shares of our common stock acquired at different times will have different holding periods.

Upon the sale of either a portion or all of your shares from the Plan, you may recognize a capital gain or loss based on the difference between the sales proceeds and the tax basis in the shares sold, including any fractional share. Such capital gain or loss will be long-term capital gain or loss if your holding period for your shares or fractional share exceeded the Internal Revenue Code's applicable period (currently one year) at the time of disposition.

The Administrator may be required to withhold from dividends paid or proceeds from the disposition of shares the appropriate amount determined in accordance with Internal Revenue Code and applicable Treasury Regulations. Plan participants who are not United States persons for U.S. federal income tax purposes generally are subject to a withholding tax on dividends that are reinvested in the Plan. In addition, Plan participants may be subject to certain backup withholding on dividends reinvested in the Plan and proceeds from the disposition of the shares, unless the Plan participant provides us or the Administrator with a correct taxpayer identification number and otherwise complies with applicable certification requirements (e.g., completing an IRS form W-9 or other applicable IRS form which can be obtained from the Administrator) and

Table of Contents

we have been informed by the Internal Revenue Service that the participant is subject to backup withholding. **If you are subject to withholding taxes, we will withhold the required taxes from the gross dividends and from the proceeds from the sale of shares. The dividends and proceeds received by you, or dividends reinvested on your behalf, will be net of the required taxes.**

OTHER PROVISIONS

22. *What happens if I sell or transfer shares of stock or acquire additional shares of stock?*

If you have elected the Full Dividend Reinvestment option under the Plan and subsequently sell or transfer all or any part of the shares registered in your name (either held in certificated form or credited to your account), automatic reinvestment will continue as long as there are shares registered in your name or until discontinuation of dividend reinvestment. Similarly, if you have elected the Full Dividend Reinvestment option under the Plan and subsequently acquire additional shares, dividends paid on such shares will automatically be reinvested until discontinuation of dividend reinvestment. If you have elected the Partial Dividends Paid in Cash option and subsequently acquire additional shares, dividends paid on such shares will be automatically reinvested under the Plan. See Question 7.

23. *How will my shares be voted?*

In connection with the exercise of shareholder voting rights, you will receive a proxy card representing any shares you hold and/or any full shares credited to your account. All such shares will be voted as designated by you on the proxy card. If you do not vote by proxy or in person, then your shares will not be voted.

24. *Who pays the expenses of the Plan?*

There are no processing fees or service fees on newly issued shares or treasury shares purchased from Independent Bank Corp. for your account. Processing fees include the applicable brokerage commissions that the Administrator is required to pay. Processing fees on shares purchased on the open market for your account will be paid by Independent Bank Corp. and, for tax purposes, these commissions will be considered as additional dividend income to you. All costs of administering the Plan will be paid by Independent Bank Corp. If you elect to sell shares credited to your account, you will incur a service fee and a processing fee. See Question 18 for details.

25. *What are the responsibilities of Independent Bank Corp. or the Administrator under the Plan?*

Neither Independent Bank Corp. nor the Administrator will be liable for any act done in good faith or for any good faith omission to act, including, without limitation, any claims of liability arising out of a failure to cease dividend reinvestment for your account upon your death or adjudicated incompetence prior to the receipt of notice in writing of such death or adjudicated incompetence, the prices at which shares are purchased or sold for your account, the times when purchases or sales are made or fluctuations in the market value of Independent Bank Corp.'s common stock. Neither Independent Bank Corp. nor the Administrator has any duties, responsibilities or liabilities except those expressly set forth in the Plan. The Plan does not limit your right to sue under the Securities Act or the Securities Exchange Act.

Table of Contents

YOU SHOULD RECOGNIZE THAT INDEPENDENT BANK CORP. CANNOT ASSURE A PROFIT OR PROTECT AGAINST A LOSS ON SHARES YOU PURCHASED UNDER THE PLAN.

26. What happens if Independent Bank Corp. issues a stock dividend or declares a stock split?

Any common stock distributed by Independent Bank Corp. as a result of a stock dividend or a stock split on shares credited to your account or held by you in certificated form will be credited to your account. All whole shares of Independent Bank Corp. common stock carry an attached right to purchase, in certain circumstances, shares of Independent Bank Corp. preferred stock. In the event that Independent Bank Corp. makes available to holders of its common stock rights to purchase additional shares of common stock or other securities, you will receive such rights based upon the total number of whole shares registered in your name and credited to your account.

27. May the Plan be changed or terminated?

While the Plan is intended to continue indefinitely, Independent Bank Corp. reserves the right to amend, modify, suspend or terminate the Plan at any time. You will be notified in writing of any modifications made to the Plan.

PLAN OF DISTRIBUTION

As stated elsewhere in this Plan, you will not pay any brokerage fees or commissions for securities purchased on the open market or otherwise under the Plan. Instead, we will pay these fees to the Administrator. Certain fees apply to participants in the Plan, which are set forth in Question 24.

Persons who acquire shares of our common stock through the Plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances may be participating in a distribution of securities that would require compliance with Regulation M under the Securities Exchange Act and may be considered to be underwriters within the meaning of the Securities Act. We will not extend to any such person any rights or privileges other than those to which he, she or it would be entitled as a participant, nor will we enter into any agreement with any such person regarding the resale or distribution by any such person of the shares of our common stock so purchased.

USE OF PROCEEDS

Except as otherwise described in the applicable prospectus, we intend to use the net proceeds from the sale of our securities for general corporate purposes in the ordinary course of our business, including the reduction of short-term debt, possible acquisitions, investments in, or extensions of credit to, our subsidiaries and investments in securities.

We may temporarily invest any funds not required immediately for purposes described above in short-term marketable securities. Based upon our historical and anticipated future growth and our financial needs, we may engage in additional financings (in addition to our funding activities in the ordinary course of business) of a character and amount to be determined as the need arises. For current information, look at our current filings with the SEC. See [Where You Can Find More Information](#).

Renewal Rights Plan

On September 14, 2000, the Board of Directors of Independent Bank Corp. adopted a Renewal Rights Agreement. Pursuant to the terms of the Renewal Rights Agreement, the Board of Directors declared a dividend distribution of one preferred stock purchase right, referred to as a right, for each outstanding share of our common stock to shareholders of record as of the close of business on May 3, 2001. In addition, one Right will automatically attach to each share of our common stock issued between that date and the Distribution Date, as defined in the Renewal Rights Agreement. Each right initially entitles the registered holder of the right to purchase from Independent Bank Corp. a unit consisting of one one-thousandth of a share of our Series B Preferred Stock at a cash exercise price of \$45.00 per unit, subject to adjustment.

For a description of the Renewal Rights Agreement, please see our registration statement on Form 8-A, as filed with the SEC on October 23, 2000 (SEC File No. 000-19264), including any amendment or report filed with the SEC for purposes of updating such description, which is incorporated by reference in this prospectus.

Item 15. *Indemnification of Directors and Officers*

The Company is a Massachusetts corporation. Massachusetts General Laws Chapter 156D, Part 8, Subdivision E, provides that a corporation may, subject to certain limitations, indemnify its directors, officers, employees and other agents, and individuals serving with respect to any employee benefit plan, and must, in certain cases, indemnify a director or officer for his reasonable costs if he is wholly successful in his defense in a proceeding to which he was a party because he was a director or officer of the corporation. In certain circumstances, a court may order a corporation to indemnify its officers or directors or advance their expenses. Chapter 156D, Section 8.58 allows a corporation to limit or expand its obligation to indemnify its directors, officers, employees and agents in the corporation's articles of organization, bylaws, or a resolution or contract adopted by its board of directors or shareholders.

Both Chapter 156D, Section 8.57 and the Company's Articles of Organization provide that the corporation may purchase and maintain insurance against liability incurred by an officer or director in his capacity as officer or director or while serving at the Company's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity, or arising out of his status as such. The Company currently maintains directors' and officers' liability insurance, which insures the officers and directors of the Company from any claim arising out of an alleged wrongful act by such person in their respective capacities as officers and directors of the Company.

Under the Company's Articles of Organization and its Bylaws, the Company may not indemnify a director or officer unless ordered to do so by a court if his or her conduct: (a) was a breach of the director's or officer's duty of loyalty to the Company or its shareholders, (b) was not in good faith or involved intentional misconduct or a knowing violation of law, (c) resulted in an improper distribution under Section 6.40 of Chapter 156D of the Massachusetts General Laws, (d) was conduct from which the director or officer derived an improper personal benefit, or (e) if the conduct was with respect to an employee benefit plan, was at least not opposed to the best interests of the Company, for a purpose he or she reasonably believed to be in the interests of the participants in, and the beneficiaries of, the plan.

Table of Contents

In order for a director or officer of the Company to be indemnified, it must be established that (i)(A) such director or officer conducted himself or herself in good faith; (B) he or she reasonably believed that his or her conduct was in the best interests of the Company or that his or her conduct was at least not opposed to the best interests of the Company; and (C) in the case of any criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful; or (ii) such director or officer engaged in conduct for which he or she shall be held harmless under the other provisions of the Articles of Organization.

The determination of whether the relevant standard of conduct has been met shall be made: (a) if there are two or more disinterested directors, by the board of directors by a majority vote of all the disinterested directors or by a majority of the members of a committee of two or more disinterested directors appointed by vote; (b) by special legal counsel selected by a majority vote of all the disinterested directors or by a majority of the members of a committee of two or more disinterested directors appointed by vote; (c) if there are fewer than two disinterested directors, selected by the board of directors, in which selection directors who do not qualify as disinterested directors may participate; or (d) by the shareholders (but shares owned by or voted under the control of a disinterested director may not be voted on the determination).

The Company is not obligated under its Articles of Organization to indemnify or advance expenses to a director or officer of a predecessor of the Company, pertaining to conduct with respect to the predecessor, unless otherwise specifically provided.

The Company's Articles of Organization provide that no amendment or repeal of the indemnification provision of its Bylaws or of the relevant provisions of Chapter 156D shall affect or diminish the rights of any indemnified person to indemnification with respect to any action or proceeding arising out of or relating to any actions occurring prior to the final adoption of the amendment or repeal. The Company's Articles of Organization provide that no amendment or repeal of the provision limiting the liability of directors shall adversely affect the rights and protections afforded to directors of the Company for acts or omissions occurring prior to the amendment or repeal. The Articles of Organization also provide that if the Massachusetts Business Corporation Act is subsequently amended to increase the scope of permitted indemnification, indemnification under the Articles of Organization shall be provided to the full extent permitted or required by the amendment.

In addition to the indemnification provided for in its Bylaws, the Company provides indemnification rights in employment agreements it has entered into with certain of its executive officers. The Company maintains, on behalf of its directors and officers, insurance protection against certain liabilities arising out of the discharge of their duties, as well as insurance covering the Company for indemnification payments made to its directors and officers for certain liabilities. The premiums for such insurance are paid by the Company.

Item 17. *Undertakings*

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

Table of Contents

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

provided, however, that (i), (ii) and (iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned Registrant undertake that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be sellers to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(5) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report

Table of Contents

pursuant to Section 15(d) of the Securities Exchange Act) that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions referred to in Item 15 hereof, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
