Item 2.06 Material Impairments

The information in Item 8.01 of this report is incorporated herein by reference in its entirety.

Item 8.01 Other Events

Healthcare Realty Trust Incorporated (the Company) has identified six properties for disposal, ranging from 12,000 to 35,000 square feet, which were acquired through past portfolio transactions. On September 8, 2010, the Company closed the sale of the first of these properties, a 25,000 square foot ambulatory surgery center located in Florida, which had a net carrying value of \$5.1 million as of August 31, 2010. The Company expects to realize a gain on sale of approximately \$4.6 million. In connection with its planned disposal of these properties, the Company determined on September 15, 2010, that the carrying value of the other five properties would not likely be fully recoverable. While the Company expects to recognize a \$4.6 million gain on sale of the Florida property, it also expects to record an aggregate impairment for the remaining five properties of approximately \$4.4 to \$4.7 million in the third quarter of 2010. This impairment would result in a total net investment of approximately \$9.3 to \$9.6 million for the five properties, which are located in Arkansas, Florida, Maryland and Tennessee, and total 112,757 square feet in the aggregate.

During the month of August, the Company completed three previously disclosed medical office building acquisitions, totaling approximately \$68 million. The Company acquired a 73,331 square foot facility in Columbus, Ohio for \$14.5 million, a 134,032 square foot facility in Avon, Indiana for \$23.3 million, and a pair of adjacent buildings in Denver, Colorado, totaling 112,155 square feet, for \$30.0 million.
