Dear Fellow Stockholder:

You are cordially invited to attend the 2011 Annual Meeting of Stockholders (the Annual Meeting) of PHH Corporation (the Company), which will be held at our offices located at 3000 Leadenhall Road, Mt. Laurel, New Jersey 08054, on Wednesday, June 8, 2011, at 10:00 a.m., local time. At the Annual Meeting, stockholders will be asked to elect two Class III directors to hold office until the 2014 Annual Meeting of Stockholders, to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011, to vote upon an advisory resolution approving the compensation of our named executive officers as disclosed pursuant to Item 402 of Regulation S-K, to vote upon an advisory resolution concerning the frequency of advisory votes on the compensation of our named executive officers, and to consider and vote upon such other business as may properly come before the meeting. This Notice of 2011 Annual Meeting, Proxy Statement and 2010 Annual Report describes in more detail the business to be conducted at the Annual Meeting and provides other information concerning us of which you should be aware when you vote your shares.

YOUR VOTE IS EXTREMELY IMPORTANT REGARDLESS OF THE NUMBER OF SHARES YOU OWN.

In order to ensure that your shares are represented at the Annual Meeting, whether you plan to attend or not, please vote in accordance with the enclosed instructions. You can vote your shares by telephone, electronically via the Internet or by completing and returning the enclosed proxy card or vote instruction form. If you vote using the enclosed proxy card or vote instruction form, you must sign, date and mail the proxy card or vote instruction form in the enclosed envelope. If you decide to attend the Annual Meeting and wish to modify your vote, you may revoke your proxy and vote in person at the meeting.

Admission to the Annual Meeting will be by admission ticket only. If you are a stockholder of record and plan to attend the Annual Meeting, retain the top portion of your proxy card as your admission ticket and bring it and a photo ID with you so that you may gain admission to the meeting. If your shares are held through a bank, broker or other nominee, please contact your nominee and request that the nominee obtain an admission ticket for you or provide you with evidence of your share ownership, which will gain you admission to the Annual Meeting.

Pursuant to rules adopted by the U.S. Securities and Exchange Commission (the SEC), we are furnishing via the Internet our proxy statement and other proxy materials to stockholders holding less than 1,000 shares of our common stock as of the record date for the Annual Meeting. We believe this e-proxy process reduces the environmental impact of our Annual Meeting, reduces our printing and postage costs, and expedites the receipt of proxy materials by our stockholders.

The Board of Directors appreciates your time and attention in reviewing the accompanying Notice of 2011 Annual Meeting, Proxy Statement and 2010 Annual Report. Thank you for your continued interest in PHH Corporation. We look forward to seeing you at the meeting.

Sincerely,

Jerome J. Selitto
President and Chief Executive Officer

Table of Contents

Do I need an admission ticket to attend the Annual Meeting?

Yes. Attendance at the Annual Meeting will be limited to stockholders of record as of the record date, their authorized representatives and our guests. Admission will be by admission ticket only. For registered stockholders, the top portion of the proxy card enclosed with the Proxy Statement will serve as an admission ticket. If you are a beneficial owner and hold your shares in street name, or through an intermediary, such as a bank, broker or other nominee, you should request an admission ticket from your bank, broker or other nominee or send a request in writing to PHH Corporation, Attention: Investor Relations, 3000 Leadenhall Road, Mt. Laurel, New Jersey 08054, and include proof of ownership of PHH Corporation common stock, such as a bank or brokerage firm account statement or letter from the bank, broker or other nominee holding your stock, confirming your beneficial ownership. Stockholders who do not obtain admission tickets in advance of the Annual Meeting may obtain them on the date of the Annual Meeting at the registration desk upon verifying their stock ownership as of the record date. In accordance with our security procedures, all persons attending the Annual Meeting must present picture identification along with their admission ticket or proof of beneficial ownership in order to gain admission to the meeting. Admission to the Annual Meeting will be expedited if admission tickets are obtained in advance. Admission tickets may be issued to others at our discretion.

How many votes must be present at the Annual Meeting to constitute a quorum?

Stockholders holding a majority of the issued and outstanding shares of our common stock as of the record date, March 23, 2011, must be present, in person or by proxy, to constitute a quorum at the Annual Meeting. As of the record date, there were 56,167,692 shares of our common stock issued and outstanding. Shares represented by abstentions on any proposal to be acted upon by stockholders at the Annual Meeting will be treated as present at the Annual Meeting for purposes of determining whether a quorum is present.

How many votes can be cast by all stockholders?

56,167,692 votes may be cast at the Annual Meeting. Each stockholder is entitled to cast one vote for each share of common stock held by such stockholder as of the record date. There is no cumulative voting and the holders of our common stock vote together as a single class.

What vote is needed for each of the proposals to be adopted?

Proposal 1 Director Election Proposal: Directors are elected by a plurality of the votes cast by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. The two candidates with the highest number of **FOR** votes will be elected, subject to our majority vote standard for directors in uncontested elections as set forth in our Corporate Governance Guidelines and described below. Under applicable Maryland law, abstentions and broker non-votes, if any, will not be counted as votes cast for the election of directors and, therefore, will have no effect on the outcome of the vote, although abstentions and broker non-votes will be taken into account for purposes of determining whether a quorum is present at the meeting.

Under our Corporate Governance Guidelines, a director that fails to receive more votes cast for than against his or her election or re-election is expected to tender his or her resignation from the Board and, within 90 days following certification of the stockholder vote, the Corporate Governance Committee of the Board is required to determine whether to accept the director's resignation and to submit such recommendation for prompt consideration by the Board. Under our Corporate Governance Guidelines, the Board is required to act on any such recommendation from the Corporate Governance Committee.

Proposal 2 Ratification of Auditors Proposal: Approval of the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011, requires the affirmative vote of a majority of the votes cast on the proposal by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. Under applicable Maryland law, abstentions will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast or shares voting on the proposal and will have no effect on the outcome of the vote.

Table of Contents

Proposal 3 Say on Pay Vote: Approval of the advisory resolution approving compensation of our named executive officers as disclosed pursuant to Item 402 of Regulation S-K, requires the affirmative vote of a majority of the votes cast on the proposal by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. Under applicable Maryland law, abstentions and broker non-votes, if any, will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast or shares voting on the proposal and will have no effect on the outcome of the vote. Although the Say on Pay Vote is only advisory in nature and is not binding on the Board or the Company, we intend to review the voting results with the Board and the Human Capital and Compensation Committee of the Board so that such voting results may be taken into consideration in connection with future executive compensation decisions.

Proposal 4 Say When on Pay Vote: The frequency of the advisory vote concerning the compensation of our named executive officers receiving the greatest number of votes every year, every two years or every three years will be the frequency recommended by our stockholders. Under applicable Maryland law, abstentions and broker non-votes, if any, will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast or shares voting on the proposal and will have no effect on the outcome of the vote. Although the Say When on Pay Vote is only advisory in nature and is not binding on the Board or the Company, we intend to review the voting results with the Board and the Human Capital and Compensation Committee of the Board so that such voting results may be taken into consideration in connection with future decisions concerning the frequency of our advisory vote on executive compensation.

Other business: All other business that may properly come before the Annual Meeting requires the affirmative vote of a majority of the votes cast on the proposal by stockholders of record as of the record date that are present at the Annual Meeting, in person or by proxy, assuming a quorum is present at the Annual Meeting. Under applicable Maryland law, abstentions and broker non-votes, if any, will not be counted as votes cast or shares voting on the proposal and, therefore, will have no effect on the outcome of the vote, although abstentions and broker non-votes will be taken into account for the purpose of determining whether a quorum is present at the meeting.

What is a broker non-vote?

Generally, a broker non-vote occurs when shares held by a bank, broker or other nominee for a beneficial owner are not voted with respect to a particular proposal because (i) the nominee has not received voting instructions from the beneficial owner and (ii) the nominee lacks discretionary voting power to vote such shares. Under the rules of The New York Stock Exchange, LLC (the NYSE), a nominee does not have discretionary voting power with respect to non-routine matters.

Historically, uncontested director elections were deemed routine matters under the NYSE s rules and banks, brokers and other nominees could vote your shares on your behalf even in the absence of specific voting instructions given by you to your bank, broker or other nominee. Recently, however, the NYSE amended its rules to prohibit banks, brokers and other nominees from exercising discretionary voting authority in uncontested director elections or with respect to executive compensation matters. As a result, director elections, whether contested or uncontested, as well as votes concerning executive compensation matters are now deemed to be non-routine matters and your bank, broker or other nominee may only vote your shares for director nominees and on executive compensation matters if you have provided your bank, broker or other nominee with specific voting instructions.

Thus, if your shares are held in street name and you do not provide instructions as to how your shares are to be voted in the election of directors or with respect to executive compensation matters, your bank, broker or other nominee will

Edgar Filing: PHH CORP - Form DEF 14A

not be able to vote your shares for director nominees or with respect to executive compensation matters, and your shares will not be voted on such matters. We urge you to provide instructions to your bank, broker or other nominee so that your votes may be counted. You should vote your shares by following the instructions provided on the vote instruction form that you receive from your bank, broker or other nominee.

If you fail to provide your bank, broker or other nominee with specific voting instructions as to how you would like your shares voted for non-routine matters, your bank, broker or other nominee will not vote your shares on your

Table of Contents

behalf and your shares will be reported as broker non-votes. For matters that are still considered routine under the NYSE's rules (e.g., ratification of auditors), your bank, broker or other nominee may continue to exercise discretionary voting authority and may vote your shares on your behalf for such routine matters even if you fail to provide your bank, broker or other nominee with specific voting instructions as to how you would like your shares voted on such routine matters.

How do I vote?

You can vote in person or by valid proxy received by telephone, via the Internet or by mail. We urge you to vote by doing one of the following:

Vote by Telephone: You can vote your shares by calling the toll-free number indicated on your proxy card using a touch-tone telephone 24 hours a day. Easy-to-follow voice prompts enable you to vote your shares and confirm that your voting instructions have been properly recorded. If you are a beneficial owner, or you hold your shares in street name, please check your vote instruction form or contact your bank, broker or other nominee to determine whether you will be able to vote by telephone.

Vote by Internet: You can also vote via the Internet by following the instructions on your proxy card. The website address for Internet voting is indicated on your proxy card. Internet voting is also available 24 hours per day. If you are a beneficial owner, or you hold your shares in street name, please check your vote instruction form or contact your bank, broker or other nominee to determine whether you will be able to vote via the Internet.

Vote by Mail: If you choose to vote by mail, complete, sign, date and return your proxy card in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received on or before June 7, 2011.

The deadline for voting by telephone or electronically through the Internet is 11:59 p.m. EDT on June 7, 2011.

Can I change my vote?

Yes. A proxy may be revoked at any time prior to the voting at the Annual Meeting by submitting a later dated proxy (including a proxy authorization submitted by telephone or electronically through the Internet prior to the deadline for voting by telephone or the Internet), by giving timely written notice of such revocation to our Corporate Secretary in advance of the Annual Meeting or by attending the Annual Meeting and voting in person. However, if you hold shares in street name, you may not vote shares in person at the Annual Meeting unless you bring with you a legal proxy from the stockholder of record. Only the latest dated and properly executed or authorized proxy that you timely submit will be counted.

Could other matters be decided at the Annual Meeting?

The Board does not intend to bring any matter before the Annual Meeting other than those described in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named in the enclosed proxy, or their duly appointed substitutes acting at the Annual Meeting, will be authorized to vote or otherwise act in respect of any such matters in their discretion.

How do participants in our employee savings plans vote?

For participants in the PHH Corporation Employee Savings Plan and the PHH Home Loans, LLC Employee Savings Plan (the Savings Plans) with shares of our common stock credited to their accounts, voting instructions for the trustees of the Savings Plans are also being solicited through this Proxy Statement. In accordance with the provisions of the Savings Plans, the respective trustees will vote shares of our common stock in accordance with instructions received from the plan participants to whose accounts such shares are credited. To the extent such instructions are not received prior to 11:59 p.m. EDT on June 3, 2011, the trustees of the Savings Plans will vote the shares with respect to which they have not received instructions proportionately in accordance with the votes received for shares which they have received instructions. Instructions given with respect to shares in accounts of the Savings Plans may be changed or revoked only in writing, and no such instructions may be revoked after

Table of Contents

11:59 p.m. EDT on June 3, 2011. Participants in the Savings Plans are not entitled to vote in person at the Annual Meeting. If a participant in the Savings Plans has shares of our common stock credited to his or her account and also owns other shares of our common stock in registered form or through a bank, broker or other nominee, he or she should receive a separate proxy card or vote instruction form for shares credited to his or her account in the Savings Plans and any other shares that he or she owns. All such proxy cards and vote instruction forms should be completed, signed and returned to ensure that votes are cast for all shares owned either directly or beneficially.

What if I vote for some but not all of the proposals?

Shares of our common stock represented by proxies received by us (whether received through the return of the enclosed proxy card or received via telephone or the Internet) where the stockholder has provided voting instructions with respect to the proposals described in this Proxy Statement, including the Director Election Proposal, the Ratification of Auditors Proposal, the Say on Pay Vote and the Say When on Pay Vote will be voted in accordance with the voting instructions so made. If your proxy card is properly executed and returned but does not contain voting instructions as to one or more of the proposals to be voted upon at the Annual Meeting, or if you give your proxy by telephone or via the Internet without indicating how you want to vote on each of the proposals to be voted upon at the Annual Meeting, your shares will be voted:

FOR the Director Election Proposal;

FOR the Ratification of Auditors Proposal;

FOR the Say on Pay Vote;

For an **ANNUAL** Say When on Pay Vote; and

at the discretion of the persons named in the enclosed proxy card or vote instruction form, on any other matter that may properly come before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

If your shares are held in street name and you do not properly instruct your bank, broker or other nominee how to vote your shares, your bank, broker or other nominee may either use its discretion to vote your shares on matters deemed routine by the NYSE or may not vote your shares. For any matters deemed non-routine by the NYSE, your bank, broker or other nominee would not be able to vote your shares on such matters. We encourage you to provide instructions to your bank, broker or other nominee by carefully following the instructions provided to ensure that your shares are voted at the Annual Meeting in accordance with your desires.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies on behalf of our Board. Our directors, officers and employees may solicit proxies on our behalf in person or by telephone, facsimile or electronically through the Internet, as described above. We have engaged Broadridge Financial Solutions, Inc. (Broadridge) to assist us in the distribution and solicitation of proxies. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending our proxy materials to beneficial owners of our common stock as of the record date.

Who will count and certify the vote?

Representatives of Broadridge will count the votes and certify the voting results. The voting results are expected to be published in a Current Report on Form 8-K filed with the SEC within four business days following the conclusion of

the Annual Meeting.

How can I access the proxy materials and 2010 Annual Report electronically?

PROPOSAL 1 TO ELECT TWO CLASS III DIRECTORS

Independence of the Board of Directors

Under the rules of the NYSE and the SEC, our Board is required to affirmatively determine which directors are independent and to disclose such determination in our annual report to stockholders and in our proxy statement for each annual meeting of stockholders. Our Board has reviewed each director's relationships with us in conjunction with our previously adopted categorical Independence Standards for Directors (the "Independence Standards") and Section 303A of the NYSE's Listed Company Manual (the "NYSE Listing Standards"). A copy of our categorical Independence Standards is available on our corporate website at www.phh.com under the heading "Investor Relations Corporate Governance." A copy of our Independence Standards is also available to stockholders upon request, addressed to the Corporate Secretary at 3000 Leadenhall Road, Mt. Laurel, New Jersey, 08054. Based on the Board's review, our Board has affirmatively determined that each of our current non-employee directors and director nominees Messrs. Brinkley, Egan, Loren, Parseghian and Wetzel and Ms. Reif is independent within the meaning of our categorical Independence Standards and the NYSE Listing Standards and has no material relationship with us or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. Our Board has also determined that Mr. Selitto, who serves as our Chief Executive Officer, is not an independent director. CORPORATE GOVERNANCE

Board of Directors Role in Risk Oversight

Our business and affairs are managed under the direction of the Board in accordance with our amended and restated by-laws. The role of the Board is one of oversight, including as to matters relating to risk management. Our management is responsible for managing our day-to-day operations and affairs, including the development and implementation of systems and processes to identify and monitor risks to the Company and policies and procedures to ensure that risks undertaken by the Company are consistent with our business objectives and risk tolerances. To assist it in fulfilling its oversight function, including as to matters related to risk management, the Board has established four standing committees: the Audit Committee, the Human Capital and Compensation Committee, the Corporate Governance Committee, and the Finance and Risk Management Committee. Each standing committee regularly reports to the Board and is responsible for risk oversight in connection with actions taken by such committee consistent with the exercise of fiduciary duties by the directors serving on such committee. Our risk management process is intended to ensure that our risks are undertaken knowingly and purposefully.

The primary purpose of the Finance and Risk Management Committee is to assist the Board in fulfilling its oversight responsibilities with respect to the assessment of our overall capital structure and its impact on the generation of appropriate risk adjusted returns, as well as the existence, operation and effectiveness of our risk management programs, policies and practices, among other things. The Finance and Risk Management Committee regularly discusses with our management, including, among others, our Chief Executive Officer, Chief Financial Officer, Chief Risk Officer and Treasurer, risks facing the Company and management's plans and initiatives undertaken to mitigate such risks.

The Audit Committee charter provides that the Audit Committee is responsible for discussing our guidelines and policies governing the process by which we undertake risk assessment and risk management, including our major financial risk exposures and the steps our management has taken to monitor and control such exposures. Further, as part of our periodic reporting process, management reviews with the Audit Committee our disclosure process and the disclosures contained in our periodic reports filed with the SEC, including disclosure concerning our risk factors.

Board Leadership Structure

Since 2005, our Chairman of the Board has been an independent, non-employee director. The Chairman of the Board is elected by a majority vote of the directors. Currently, James O. Egan serves as our non-executive Chairman of the Board, a position he has held since June 17, 2009. Mr. Egan has served as a director and as Chair of the Audit Committee of the Board since March 30, 2009. Mr. Egan has also served as Chair of the Corporate Governance Committee of the Board since June 17, 2009.

In his capacity as non-executive Chairman of the Board, Mr. Egan leads all meetings of our Board at which he is present, but does not serve as an employee or corporate officer. The non-executive Chairman of the Board serves on appropriate committees as requested by the Board, sets meeting schedules and agendas and manages information flow to the Board to assure appropriate understanding of, and discussion regarding matters of interest or concern to the Board. The non-executive Chairman of the Board also has such additional powers and performs such additional duties consistent with organizing and leading the actions of the Board as the Board may from time-to-time prescribe.

The decision to separate the positions of Chairman of the Board and Chief Executive Officer was made at the time of our spin-off in early 2005. Although the Board does not currently have a policy requiring that the positions of

Chairman of the Board and Chief Executive Officer be separated, the Board continues to believe that it is appropriate for the Chairman of the Board to be an independent, non-employee director to ensure that the Board operates independently of management in the fulfillment of its oversight function and that the matters presented for consideration by the Board and its committees reflect matters of key importance to the Company and its stockholders as determined by the independent directors.

Table of Contents

Executive Sessions of Non-Management Directors

Executive sessions of non-management directors are held regularly by the Board and its Committees without management present to discuss the criteria upon which the performance of the Chief Executive Officer and other senior executives is based, the performance of the Chief Executive Officer and other senior executives against such criteria, the compensation of the Chief Executive Officer and other senior executives and any other relevant matters. Our Board has designated Mr. Egan, our non-executive Chairman of the Board and Chairman of the Corporate Governance Committee, as the presiding director of executive sessions of the non-management directors of the Board.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines to assist the Board in monitoring the effectiveness of decision-making, both at the Board and management levels and to enhance long-term stockholder value. The Corporate Governance Guidelines outline the following:

the responsibilities of the Board;

the composition of the Board, including the requirement that two-thirds of the directors be independent within the meaning of the NYSE Listing Standards;

Director duties, tenure, retirement and succession;

conduct of Board and Committee meetings; and

the selection and evaluation of the Chief Executive Officer.

Our Corporate Governance Guidelines are available on our corporate website at www.phh.com under the heading Investor Relations Corporate Governance. Code of Business Conduct and Ethics for Directors

We are committed to conducting business in accordance with the highest standards of business ethics and complying with applicable laws, rules and regulations. In furtherance of this commitment, our Board promotes ethical behavior and has adopted a Code of Business Conduct and Ethics for Directors (the Directors Code) that is applicable to all of our directors. The Directors Code provides, among other things:

guidelines for directors with respect to what constitutes a conflict of interest between a director's private interests and interests of PHH;

a set of standards that must be followed whenever we contemplate a business relationship between us and a director;

restrictions on competition between our directors and PHH and the use of our confidential information by directors for their personal benefit; and

disciplinary measures for violations of the Directors Code and any other applicable rules and regulations.

The Directors Code is available on our corporate website at www.phh.com under the heading Investor Relations Corporate Governance. We will post any amendments to the Directors Code, or waivers of its provisions, to our corporate website under the heading Investor Relations Corporate Governance. A copy of the Directors Code is also available to stockholders upon request, addressed to the Corporate Secretary at 3000 Leadenhall Road, Mt. Laurel, New Jersey, 08054.

Code of Conduct for Employees and Officers

Our Board has also adopted a Code of Conduct for employees and officers (the Employees and Officers Code) that is applicable to all of our officers and employees, including our Chief Executive Officer and Chief Financial Officer. The Employees and Officers Code provides, among other things:

guidelines for our officers and employees with respect to ethical handling of conflicts of interest, including examples of the most common types of conflicts of interest that should be avoided (e.g., receipt of improper personal benefits, having an ownership interest in other businesses that may compromise an officer's loyalty to us, obtaining outside employment with a competitor of ours, etc.);

a set of standards to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by us, including, for example, a specific requirement that all accounting records must be duly preserved and must accurately reflect our assets and liabilities;

a requirement to comply with all applicable laws, rules and regulations;

guidance promoting prompt internal communication of any suspected violations of the Employees and Officers Code to the appropriate person or persons identified in the Employees and Officers Code; and

disciplinary measures for violations of the Employees and Officers Code and any other applicable rules and regulations.

The Employees and Officers Code is available on our corporate website at www.phh.com under the heading Investor Relations Corporate Governance. We will post any amendments to the Employees and Officers Code, or waivers of its provisions for any of our executive officers, to our corporate website under the heading Investor Relations Corporate Governance. Nomination Process and Qualifications for Director Nominees

The Board has established certain procedures and criteria for the selection of nominees for election to our Board. In accordance with such procedures and criteria as set forth in our Corporate Governance Guidelines, the Board seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Pursuant to its charter, the Corporate Governance Committee is required to identify individuals qualified to become members of the Board, which shall be consistent with the Board's criteria for selecting new directors. In identifying possible director candidates, the Corporate Governance Committee considers recommendations of professional search firms, stockholders, and members of management or the Board. In evaluating possible director candidates, the Corporate Governance Committee, consistent with the Board's Corporate Governance Guidelines and its charter, considers criteria such as skills, experience, age, diversity, and availability to prepare, attend and participate in Board and Board Committee meetings, as well as personal qualities of leadership, character, judgment, and reputation for integrity and adherence to the highest ethical standards, so as to enhance the Board's ability to oversee in the interest of our stockholders our affairs and business, including, when applicable, to enhance the ability of Committees of the Board to fulfill their duties and/or to satisfy any independence requirements imposed by law, regulation or NYSE requirement. In considering diversity, in particular, the Corporate Governance Committee considers general principles of diversity in the broadest sense. The Corporate Governance Committee seeks to recommend the nomination of directors who represent different qualities and attributes and a mix of professional and personal backgrounds and experiences that will enhance the quality of the Board's deliberations and oversight of our business. The Corporate Governance Committee is also responsible for conducting a review of the credentials of

individuals it wishes to recommend to the Board as a director nominee, recommending director nominees to the Board for submission for a stockholder vote at either an annual meeting of stockholders or at any special meeting of stockholders called for the purpose of electing directors, reviewing the suitability for continued service as a director of each Board member when his or her term expires and when he or she has a significant change in status, including but not limited to an employment change, and recommending whether such a director should be re-nominated to the Board or continue as a director. The Corporate Governance Committee's assessment of director nominees includes an examination of whether the individual is independent and whether the individual's service as a director may give rise to a conflict of interest, as

well as consideration of diversity, age, skills and experience in the context of the needs of the Board. Additionally, the Corporate Governance Committee conducts a vetting process that generally includes, among other things, personal interviews, discussions with professional references, background and credit checks, and resume verification. When formulating its director nominee recommendations, the Corporate Governance Committee also considers the advice and recommendations from others as it deems appropriate.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Person Transactions

Pursuant to the Audit Committee's amended charter, the Audit Committee reviews and approves all transactions with related persons, including executive officers and directors, as described in Item 404(a) of Regulation S-K promulgated by the U.S. Securities and Exchange Commission. We review any relationships or transactions in which we and our directors or executive officers, or their immediate family members, are participants to determine whether these persons have a direct or indirect material interest. Our Directors Code and our Employees and Officers Code provide specific provisions regarding such relationships between our directors or executive officers and us. Our Directors Code requires that any monetary arrangement for goods or services between, on the one hand, an independent Director, or any member of an independent Director's immediate family, and, on the other hand, either the Company or a member of our senior management be subject to approval by the Board as a whole, unless it falls into one of the following categories in which case approval by the Board as a whole is not required:

the director's sole interest in the arrangement is by virtue of his or her status as a director, executive officer and/or holder of less than 10% equity interest (other than a general partnership interest) in an entity with which we have concluded such an arrangement;

the arrangement involves payments to or from the entity that constitute less than the greater of \$1 million or 2% of the entity's consolidated gross revenues; and

the director is not personally involved in (i) the negotiation and execution of the arrangement, (ii) performance of the services or provision of the goods or (iii) the monetary arrangement.

See Corporate Governance Code of Business Conduct and Ethics for Directors and Corporate Governance Code of Conduct for Employees and Officers above for more information.

Transactions with BlackRock, Inc.

On February 8, 2011, BlackRock, Inc. (BlackRock) filed a Schedule 13G/A with the U.S. Securities and Exchange Commission disclosing that its subsidiaries held, in the aggregate, approximately 8.15% of our common stock as of December 31, 2010. Subsidiaries of BlackRock provide us with various investment management and risk analytics products and services. During the year ended December 31, 2010, we paid subsidiaries of BlackRock approximately \$125,000 for investment management products and services. During the year ending December 31, 2011, we expect to pay subsidiaries of BlackRock approximately \$1.6-1.7 million for investment management and risk analytics products and services. All of our agreements with BlackRock's subsidiaries were made pursuant to arm's length transactions at prevailing market rates for the services or products rendered or delivered.

Employment of Mr. George J. Kilroy's Immediate Family Member

Bradford C. Burgess, who serves as a Vice President, Sales at PHH Arval, is the son-in-law of George J. Kilroy, our Executive Vice President, Fleet. Mr. Burgess received compensation, including base and bonus payments, of \$288,750 for 2010 and was eligible to participate in employee benefit plans available to employees generally on a non-discriminatory basis. His compensation and benefits were commensurate with other employees in comparable positions at PHH Arval. Mr. Kilroy has not been involved in decisions with respect to Mr. Burgess' compensation or job performance, and procedures have been established to limit Mr. Kilroy's access to such information.

Consumer Credit Loans in the Ordinary Course of Business

One or more of our mortgage lending subsidiaries has made, in the ordinary course of their respective consumer credit businesses, mortgage loans and/or home equity lines of credit to certain of our directors and executive officers or their immediate family members of types generally made available to the public by such mortgage lending subsidiaries. Such mortgage loans and/or home equity lines of credit were made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions with our other customers generally, and they did not involve more than the normal risk of collectability or present other unfavorable features. Generally, we sell these mortgage loans and/or home equity lines of credit, soon after origination, into the secondary market in the ordinary course of business.

DIRECTOR COMPENSATION

Our non-employee director compensation program is intended to align our non-employee directors' interests with those of our stockholders by providing for equity-based compensation, to focus our non-employee directors on sustainable value creation and to provide our non-employee directors with market-competitive compensation for their Board service. Members of our Board who are also our officers or employees do not receive any additional compensation for serving as a director. Currently, our only employee director is our Chief Executive Officer.

We do not have share ownership guidelines for non-employee directors because our non-employee directors are restricted from selling their vested equity-based compensation until at least one year after their Board service ends. We believe that this restriction, along with the payment of at least 50% of non-employee director compensation in the form of equity-based compensation, is more effective than stock ownership guidelines in aligning non-employee directors with stockholder interests.

The Corporate Governance Committee had been responsible for reviewing and recommending to the Board the compensation of our non-employee directors since 2005. In July 2010, in connection with the adoption of new Charters for our Corporate Governance Committee and Human Capital and Compensation Committee, the Human Capital and Compensation Committee assumed responsibility for reviewing and making recommendations to the Board concerning our non-employee director compensation. This shift in responsibility has not changed the requirement that the Human Capital and Compensation Committee recommends to the full Board the compensation for non-employee directors, and the full Board must approve any changes to that program. None of our executive officers played a role in determining or recommending the amount or form of non-employee director compensation.

In 2009, the Corporate Governance Committee and the Compensation Committee (the predecessor of the Human Capital and Compensation Committee) jointly requested that the Compensation Committee's compensation consultant undertake an analysis of market-competitive director compensation levels and practices. Although the consultant's analysis determined that our non-employee director compensation program was below market-competitive median levels, the Corporate Governance Committee decided to defer any discussion of potential changes to the non-employee director compensation program until mid-2010. Consistent with that decision, the Human Capital and Compensation Committee asked its compensation consultant in mid-2010 to again analyze market-competitive director compensation levels and practices. The analysis revealed that our non-employee directors were paid below a competitive market level.

Our non-employee director compensation program in effect at the time of the review in 2010 was the same one that had been implemented in early 2005, and had not been increased or otherwise modified since that time. That program had the following annual compensation for non-employee directors, with all retainers split equally between cash and restricted stock units (RSUs) under the PHH Corporation Amended and Restated 2005 Equity and Incentive Plan (the 2005 Equity and Incentive Plan):

Board Chair retainer: \$170,000

Board member retainer: \$120,000

Committee Chair stipends: \$9,000 - \$20,000, depending on the Committee

Committee member stipends: \$7,000 - \$12,000, depending on the Committee

New director equity grant (paid in RSUs): \$60,000

Based on the 2010 review, the Human Capital and Compensation Committee recommended to the Board, and the Board adopted, changes to the non-employee director compensation program. The Board took into account the following factors in considering its changes:

Our non-employee directors cannot sell any shares of our stock until one year after leaving the Board. This ensures that our non-employee directors are directly aligned with shareholder interests. Unlike directors at many other companies, our non-employee directors cannot monetize any of their equity during their term of Board service.

At least 50% of all Board retainers and Committee stipends are paid in the form of equity awards.

Table of Contents

Our non-employee directors are serving on our Board during a time of transformation. Our operating and support processes are undergoing a multi-year performance improvement process, which is expected to migrate to continuous improvement.

Our Board processes have been revamped, including new Charters for the Board's Committees.

Due to these and other responsibilities, as well as the relatively small size of our Board, each Board member attends a greater number of Board and Committee meetings than Board members at other comparable companies, and Board members do not receive either Board or Committee meeting fees to compensate them for the additional time commitments.

The Board adopted the following market competitive non-employee director compensation program on a prospective basis effective August 18, 2010:

| | Annualized Amount |
|--|------------------------------|
| Non-Executive Chairman of the Board Retainer | \$ 295,000 |
| Board Member Retainer | 220,000 |
| Audit Committee, Chair Stipend | 25,000 |
| Audit Committee, Member Stipend | 15,000 |
| Human Capital and Compensation Committee, Chair Stipend | 25,000 |
| Human Capital and Compensation Committee, Member Stipend | 15,000 |
| Corporate Governance Committee, Chair Stipend | 10,000 |
| Corporate Governance Committee, Member Stipend | 8,000 |
| Finance and Risk Management Committee, Chair Stipend | 25,000 |
| Finance and Risk Management Committee, Member Stipend | 15,000 |

The Board also eliminated new director equity grants for non-employee directors that first commence service on the Board after August 18, 2010. As Mr. Wetzel and Ms. Reif first commenced service on the Board during 2010 and prior to August 18, 2010, they each received new director equity grants during 2010. Mr. Wetzel joined the Board on January 1, 2010, and received a new director equity grant on March 31, 2010. Ms. Reif joined the Board on April 1, 2010, and received a new director equity grant on June 30, 2010. No further new director equity grants will be made to new non-employee directors that first commence service on the Board unless the Board approves a subsequent change to our non-employee director compensation program.

Consistent with our prior non-employee director compensation program, all Committee stipends are payable 50% in cash and 50% in the form of RSUs under the 2005 Equity and Incentive Plan. The Non-Executive Chairman of the Board Retainer is payable \$122,500 in cash and \$172,500 in RSUs under the 2005 Equity and Incentive Plan. The Non-Executive Board Member Retainer is payable \$85,000 in cash and \$135,000 in RSUs under the 2005 Equity and Incentive Plan.

With the exception of the now-eliminated new director equity grants, non-employee director compensation is paid in arrears in four equal quarterly installments at the end of each calendar quarter (each payment date, a "Fee Payment Date") and is paid at least 50% in RSUs that are granted under our 2005 Equity and Incentive Plan (the "Director RSUs") and the remainder in cash. It is our practice to pro rate non-employee director compensation for the portion of each calendar quarter during which an individual director actually serves as a member or chairperson of the Board or a

committee of the Board.

Each Director RSU represents the right to receive one share of our common stock upon settlement of such Director RSU. Director RSUs are immediately vested and are settled in shares of our common stock one year after the director is no longer a member of the Board. Director RSUs may not be sold or otherwise transferred for value prior to the director's termination of service on the Board.

The number of Director RSUs granted to each non-employee director on each Fee Payment Date is determined by dividing the total dollar amount of compensation that is payable to each such non-employee director on such Fee Payment Date in the form of Director RSUs by the closing price of our common stock on the NYSE on such Fee

Table of Contents

Payment Date (or, if there was no trading of our common stock on the NYSE on such Fee Payment Date, the closing price of our common stock on the date last preceding such Fee Payment Date upon which our common stock was traded on the NYSE). Fractional Director RSUs are not granted and any fractional portion resulting from the foregoing calculation is paid in cash.

As previously disclosed, the Board also terminated the PHH Corporation Directors' Deferred Compensation Plan, as well as various other inactive compensation related plans, during 2010. None of our current non-employee directors and none of our former non-employee directors that served on the Board during 2010 received any payments or distributions in connection with the termination of such plans.

We do not maintain a pension plan for non-employee directors. Non-employee directors did not receive any form of compensation for 2010 other than as described above.

The following table sets forth the compensation paid to or earned by each of our current and former non-employee directors that served as directors during 2010:

**PROPOSAL 2 TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP
AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2011**

The Audit Committee has appointed Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. The submission of this matter for approval by stockholders is not legally required; however, the Board believes that such submission provides stockholders an opportunity to provide feedback to the Board on an important issue of corporate governance. If stockholders do not approve the appointment of Deloitte & Touche LLP, the selection of such firm as our independent registered public accounting firm will be reconsidered. In the event that Deloitte & Touche LLP is unable to serve as independent registered public accounting firm for the fiscal year ending December 31, 2011, for any reason, the Audit Committee will appoint another independent registered public accounting firm. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions regarding the Company.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011. UNLESS MARKED TO THE CONTRARY, PROXIES RECEIVED BY US WILL BE VOTED FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

We Delivered Solid Operational Performance and Shareholder Value Creation in 2010. We continued our turnaround with solid operational performance in 2010. We deepened market penetration and enhanced efficiencies through our transformation initiative. Our solid operating performance was accomplished in the context of a challenging year in the mortgage and fleet management services industries. We confronted these challenges by engaging in a transformation initiative that delivered \$88 million in estimated annualized run rate savings through increased operating efficiencies. Both our mortgage and fleet businesses improved their operating performance.

Mortgage Production Segment

Origination market share increased from 2.1% in 2009 to 3.1% in 2010

Mortgage origination volume increased 30% in 2010 from 2009 despite a 20% decline in industry-wide mortgage originations

Fleet Segment

Segment profit increased 17% in 2010 from 2009.

We intend to continue our transformation, as we reinvest some of the initiative savings into strengthened capabilities in sales, marketing, and enterprise risk management, while building scalability for profitable growth through technology. We are committed to delivering continuous improvement in mortgage origination market share and profitability, fleet segment profitability, and productivity, on a sustainable basis.

Our Compensation Program is Designed to Deliver Pay-for-Performance. Our compensation program places a strong emphasis on pay-for-performance. We created and implemented a pay-for-performance-based Total Rewards Philosophy which aligns the compensation programs with sustainable shareholder value creation. Under the Philosophy, all of our compensation programs should:

Link total rewards with our profitable financial performance and individual performance and behaviors that create sustainable value

Provide both fixed and variable compensation that is both market-competitive and delivers pay commensurate with shareholder value creation

Create sustainable value creation without encouraging unnecessary or excessive risk

Attract and retain high performing talent through the flexibility to modify the programs as necessary

Table of Contents

The compensation program design is based on the Total Rewards Philosophy, and has the following elements:

Base salaries: Set at market-competitive levels

Annual cash incentive plan: Drives a focus on profitable growth by providing payouts for both strong financial performance and achievement of key objectives

Long-term incentive plan: Intended to align employees who drive our success with shareholder interests

Our 2010 Compensation Program Delivered on the Pay-for-Performance Promise. Our compensation program was designed to provide executives and other employees with rewards in 2010 that aligned with sustainable shareholder value creation.

We did not make base salary increases in 2010. We did not increase base salaries for the Named Executive Officers in 2010 due to the challenging business environment.

The 2010 Management Incentive Plan (MIP) paid out at below target levels. Our annual cash incentive plan (called the Management Incentive Plan, or MIP) had the following design elements for 2010:

Target performance level of Core Earnings (Pre-Tax) of \$292 million (Plan). Achieving this target performance level would provide sufficient funding for all participants to potentially receive their target award amounts.

Exceeding Plan would have resulted in progressively greater payouts. These payouts were capped at 150% of an individual s target award amount.

Decreased payouts for performance below Plan. Failure to achieve 90% of Plan would have resulted in no payouts.

Each MIP participant also had individual Management by Objectives (MBOs). Named Executive Officers had MBOs that included financial, risk, transformation and/or talent objectives, reflecting the Human Capital and Compensation Committee s view that these areas are critical to sustainable shareholder value creation. Potential payouts could be reduced if the MBOs were not met.

Our Core Earnings (Pre-Tax) increased 20% over 2009, but were between 95% and 99% of Plan target performance. The Human Capital and Compensation Committee therefore determined that each individual s maximum potential payout was 75% of their respective individual target amount in accordance with the 2010 MIP design. Actual payouts were at or below that level, depending on whether the individual met all of his or her MBOs.

Our Long-term Incentive Plan provided rewards commensurate with shareholder value creation. In 2008 and 2009 (as well as prior to that), we provided RSUs to key executives, as well as stock options to our senior executive group. The RSUs granted in 2008 were time-vested but provided for accelerated vesting based upon achievement of profitability goals. Our actual performance resulted in the accelerated vesting of a portion of such RSUs in 2010, with the opportunity for continued vesting of the remaining unvested portion of such RSUs in future years. The RSUs granted in 2009 to the Named Executive Officers employed by us at the time such RSUs were granted are performance-vested RSUs that only vest upon achievement of a cumulative three year profitability goal. This focus on multi-year profitability, and the granting of stock options, continued to align executives with shareholders by making wealth accumulation contingent on both long-term financial performance and share price appreciation.

We did not provide a broad-based equity grant in 2010, as we were beginning our transformation initiative, and in the process of developing a new long-term incentive program. We did, however, make equity awards to certain newly hired employees in 2010. We intend to evaluate whether long-term incentive grants will be made to key executives in 2011, consistent with our Total Rewards Philosophy.

Executive Compensation Program

Introduction. We continued our transformation in 2010, building upon the significant changes made in 2009. We built upon our positive 2009 results through process and business improvements, resulting in cost savings and

Table of Contents

improved operational performance. These changes were accompanied by changes to the executive compensation programs in 2010, as we continued our efforts to better align employee rewards with sustainable profitable growth.

In 2010, at the request of the Human Capital and Compensation Committee and in consultation with the Committee's compensation consultant, we continued to work towards developing a new executive compensation program that is market-competitive, pay-for-performance driven, and aligned with our achievement of our short-term and long-term strategic objectives and sustainable stockholder value creation. This approach consisted of:

1. Designing a new Management Incentive Plan for 2010 that aligned rewards with achievement of our key objectives, including the focus on achieving Core Earnings (Pre-Tax), and the continuing transformation objectives that are reengineering our operations and organizational structure. The 2010 Management Incentive Plan resulted in payouts commensurate with not only overall operating performance, but meeting our underlying key organizational objectives; and
2. Developing a new Total Rewards Philosophy in 2010 that focused on sustainable shareholder value creation, and was the underpinning of executive compensation decision-making.

These activities were expected to form the basis for continued improvements in the executive compensation program in 2011, with consideration of the following potential changes:

1. Designing a new, integrated executive compensation program, based on our Total Rewards Philosophy, our key strategic objectives, including transformation, and leading market practices around compensation design and risk.
2. Designing a new long-term incentive plan consistent with the integrated executive compensation program in the context of leading market practices around the linkage to sustainable stockholder value creation and risk management.

Corporate Governance

Human Capital and Compensation Committee Oversight of Executive Compensation. During 2010, the Board of Directors approved a new Human Capital and Compensation Committee Charter which sets forth the purpose, composition, authority and responsibilities of the Committee. The new Charter reflects the Human Capital and Compensation Committee's focus on sustainable shareholder value creation as the underpinning of our compensation programs, and the expanded scope of the Committee's responsibilities. The Charter further demonstrates the Human Capital and Compensation Committee's responsibilities for leadership development and succession planning, overall human capital development, Directors compensation, compensation risk assessments, employee benefits plans, and compensation disclosure.

The Human Capital and Compensation Committee retained the responsibility for overseeing our executive compensation policies, including evaluating and approving the compensation of our Named Executive Officers as listed in the Summary Compensation Table below. The Human Capital and Compensation Committee reviews and determines the base salary, annual and long-term incentive awards, equity awards and other compensation for each Named Executive Officer, including our President and Chief Executive Officer, and evaluates our compensation policies. The Human Capital and Compensation Committee also has the authority to engage and retain executive compensation consultants to assist with such evaluations, and has, in fact, retained PricewaterhouseCoopers LLP (PwC) as its consultant. Board members who are not members of the Human Capital and Compensation Committee are not involved in the decision surrounding the engagement and/or retention of the Human Capital and Compensation Committee's consultant.

Role of Management in Executive Compensation Decisions. Generally, our Chief Executive Officer makes recommendations to the Human Capital and Compensation Committee as it relates to the compensation of our other executive officers. In addition, our executive officers, including our Chief Executive Officer, Chief Human Resources Officer, Chief Financial Officer and other human resources personnel, may provide input and make proposals as requested by the Human Capital and Compensation Committee regarding the design, operation, objectives and values of the various components of compensation in order to provide appropriate performance and retention incentives for key employees. These proposals may be made on the initiative of the Chief Executive

Table of Contents

Officer, the executive officers or upon the request of the Human Capital and Compensation Committee. Our Chief Executive Officer is not involved in deliberations relating to his own compensation.

During 2010, our Chief Executive Officer, in consultation with our Chief Human Resources Officer and the Human Capital and Compensation Committee's compensation consultant, made recommendations to the Committee concerning the compensation of executive officers hired in 2010, including Mr. Hayden, the performance achievement of our executive officers against their individual MBOs and corresponding payouts under the 2010 MIP, and the terms of Mr. Danahy's severance agreement. The Committee makes the ultimate decisions relating to executive compensation design and payouts to our executive officers other than our Chief Executive Officer and may take into consideration the recommendations, if any, of our Chief Executive Officer in connection with determining the amount or form of compensation paid to our executive officers. The Committee meets in executive session to determine the Chief Executive Officer's compensation and presents its recommendations on the Chief Executive Officer's compensation to the full Board of Directors for final approval.

Executive Compensation Consultants. During 2010, the Human Capital and Compensation Committee retained PwC to assist with the evaluation of our executive compensation. In determining to retain PwC, the Human Capital and Compensation Committee considered PwC's prior engagements by the Committee since February 2008, which was prior to Mr. Egan joining the Board, and did not consider Mr. Egan's past employment relationship with PwC that ended in 1996. Mr. Egan is not a member of the Human Capital and Compensation Committee and played no role in the Committee's decision to engage PwC. Pursuant to its engagement, PwC analyzed and provided comparative executive and director compensation data and compensation program design assistance for the Human Capital and Compensation Committee's consideration in evaluating and setting the compensation of the Named Executive Officers and the overall structure of our compensation policies. The compensation services PwC provided to the Human Capital and Compensation Committee resulted in approximately \$288,000 in fees paid to PwC during 2010. During 2010, with notification to the Committee, PwC also provided certain other consulting services to management. These additional services were provided by individuals different from those who work directly with the Human Capital and Compensation Committee. These additional services, which mainly related to corporate tax management/planning, internal audit outsourcing and other consulting services, resulted in payments to PwC of approximately \$625,000 during 2010. The Human Capital and Compensation Committee believes that these other services, which are performed by PwC employees other than the PwC employees providing compensation consulting services to the Human Capital and Compensation Committee, do not compromise PwC's ability to provide the Human Capital and Compensation Committee with an independent perspective on executive compensation. The Human Capital and Compensation Committee has asked PwC to provide executive compensation consulting services to the Committee again in 2011.

Compensation Process

Executive Compensation Objectives. The primary objective of our executive compensation policies, as overseen by the Human Capital and Compensation Committee, is to attract, retain and motivate qualified executive officers to manage our business in order to create sustainable profitable growth and underlying stockholder value creation within approved risk profiles. Our executive compensation policies are intended to facilitate the achievement of our short-term and long-term business strategies through aligning compensation with performance by:

providing base salaries and other compensation that are competitive and designed to attract and retain highly talented executives;

rewarding executive performance through variable, at-risk compensation that is dependent upon meeting specified performance targets; and

aligning the interests of our executive officers with the interests of our stockholders through equity-based compensation.

The Human Capital and Compensation Committee does not rely upon a fixed formula or specific numerical criteria in determining each Named Executive Officer's total compensation or the allocation of compensation among the various components of compensation described below. Moreover, the Human Capital and Compensation

Table of Contents

Committee does not have a specific policy for the allocation of compensation between short-term and long-term compensation or cash and equity compensation. The Human Capital and Compensation Committee considers this to be a best practice, such that the Committee has the flexibility to make compensation-related decisions that reflect our changing business needs. The Human Capital and Compensation Committee exercises its business judgment, consistent with our Total Rewards Philosophy, in determining total compensation based upon the following criteria:

our short-term and long-term strategic objectives, financial and other performance criteria and individual MBOs;

the competitive compensation levels for executive officers at companies in similar businesses and/or of similar size;

the overall economic environment and industry conditions;

unique circumstances impacting us and our executive officers; and

the recommendations of the Human Capital and Compensation Committee's executive compensation consultants.

Based upon its analysis of these criteria, the Human Capital and Compensation Committee determines each component of executive compensation (as discussed below) for the Named Executive Officers, taking into consideration the total compensation relative to Peer Group (as defined in **Benchmarking** below) and other market-competitive practice. The Human Capital and Compensation Committee presents its recommendations on the Chief Executive Officer's compensation to the full Board of Directors for final approval.

Benchmarking. The Human Capital and Compensation Committee believes that an understanding of market-competitive practices is a critical underpinning to making sound executive compensation decisions. In early 2009, the peer group against which our executive compensation was benchmarked was revised to include the following seven companies with whom we compete for executive talent and/or investor capital and that operate businesses similar to ours, including mortgage, leasing or financial services:

| | | |
|--|-----------------------|----------------------|
| Fidelity National Information Services, Inc. | MGIC Investment Corp. | Wright Express Corp. |
| Flagstar Bancorp Inc. | Radian Group, Inc. | |
| GATX Corp. | Ryder System, Inc. | |

In mid-2010, Human Capital and Compensation Committee further revised the peer group for purposes of benchmarking executive compensation for newly hired executive officers, including Mr. Hayden, to ensure that we were competitive in attracting executive talent. The peer group that was utilized for benchmarking newly hired executive officer compensation during 2010 consisted of the following companies in the mortgage related, outsourcing and fleet management industries, where our revenues were between the median and 75th percentile of the peer group:

| | | |
|-----------------------|--|--------------------|
| Americredit Corp. | Alliance Data Systems Corp. | GATX Corp. |
| MGIC Investment Corp. | Fidelity National Information Services, Inc. | Ryder System, Inc. |
| Radian Group, Inc. | Lender Processing Services, Inc. | |

In the fourth quarter of 2010, in connection with making 2011 compensation decisions, the Human Capital and Compensation Committee conducted its annual review of the peer group, and determined that it could be further refined to better reflect market changes, our ongoing business transformation and size, and our search for executive talent beyond our traditional competitors. The lack of any companies that precisely meet our profile as a provider of mortgage and fleet management services, and the fact that many of the competitors in each of our business segments are divisions of much larger organizations, or are privately-held, complicated the peer group development. Working with PwC, the Human Capital and Compensation Committee identified 8 additional organizations with whom we may compete for executive talent, business and/or capital in the broader financial services, fleet services, and

Table of Contents

outsourcing industries, considering our revenue size. Our revenue is between the median and 75th percentile of the following revised peer group (the Peer Group):

| | | |
|----------------------------------|--|-------------------------|
| Astoria Financial Corp. | Alliance Data Systems Corp. | Avis Budget Group, Inc. |
| Flagstar Bancorp Inc. | Euronet Worldwide, Inc. | GATX Corp. |
| MBIA, Inc. | Fidelity National Information Services, Inc. | Ryder System, Inc. |
| MGIC Investment Corp. | Heartland Payment Systems, Inc. | United Rentals, Inc. |
| New York Community Bancorp, Inc. | Hewitt Associates, Inc. | |
| Radian Group, Inc. | Lender Processing Services, Inc. | |

The Human Capital and Compensation Committee also asked PwC to provide data from multiple national compensation databases (the Survey Data) in order to assist in the compensation evaluation due to the unique nature of our business units and the lack of peer companies with a similar business unit mix for comparison.

The Human Capital and Compensation Committee evaluated the base salary, short-term and long-term incentives and actual and target total compensation levels, as well as shareholder dilution levels, for the Peer Group and Survey Data, including the median and percentile ranges for each compensation component, for comparison with that of our Named Executive Officers. The Human Capital and Compensation Committee also compared the performance of the Peer Group companies on various value creation metrics to our performance to understand the relative pay-for-performance relationship of our compensation programs. Based on the compensation, dilution, and performance review, the Human Capital and Compensation Committee determined that for 2010, total executive compensation for our Named Executive Officers should incent them to achieve above-market performance by paying them commensurate with that performance. The Human Capital and Compensation Committee will consider this compensation philosophy in 2011 and may adjust target total compensation levels as well as base salary, short-term and long-term incentives of our executive officers based upon how they advance sustainable stockholder value creation.

2010 Executive Compensation Program Design

Components of Executive Compensation. The primary potential components of the executive compensation arrangements for our Named Executive Officers are base salaries, variable annual compensation programs and long-term incentive awards.

Base Salaries. The Human Capital and Compensation Committee is responsible for determining the base salary of our Chief Executive Officer and other Named Executive Officers, which includes the review and approval of annual adjustments to their base salaries. Base salaries are intended to provide a level of cash compensation that is externally competitive in relation to the responsibilities of the executive's position in order to attract and retain executive talent.

During 2010, the Human Capital and Compensation Committee evaluated salary levels based upon competitive compensation levels for companies in the Peer Group, as well as consideration of the nature of each executive officer's position and the contribution, achievement, experience and tenure of each executive officer. No market-based compensation adjustments were made to the compensation for the Named Executive Officers, due to the challenging business environment at the time.

The following table sets forth the annualized base salaries for our Named Executive Officers for 2010:

Annualized Base

| Name | Title | Salary for 2010 |
|-------------------|---|------------------------|
| Jerome J. Selitto | President and Chief Executive Officer | \$ 800,000 |
| Sandra Bell* | Former Executive Vice President and Chief Financial Officer | \$ 400,000 |
| George J. Kilroy | Executive Vice President, Fleet | \$ 450,000 |
| Luke S. Hayden* | Executive Vice President, Mortgage | \$ 450,000 |
| Mark R. Danahy* | Former Executive Vice President, Mortgage | \$ 375,000 |
| William F. Brown | Senior Vice President, General Counsel and Secretary | \$ 330,000 |

* Sandra Bell ceased employment in 2011. Luke Hayden commenced employment on May 14, 2010, and his reported salary has been annualized. Mark Danahy ceased employment May 14, 2010, and his reported salary has been annualized solely for purposes of comparison.

Variable Annual Cash Compensation Programs. In 2010, our Named Executive Officers, other executive officers, and certain other employees were eligible for additional cash compensation through participation in our annual cash-based Management Incentive Plan (MIP). We moved to one company-wide annual cash incentive plan for 2010, rather than the individual business unit based plans that had been in effect for 2009, in order to focus all employees on the same key objective. Under the MIP, each employee was eligible for a target payout based on our achieving a target performance objective, and the employee achieving all of his or her MBOs. Performance above or below the target performance goal would increase or decrease employees' payout eligibility.

Our MIP performance metric for 2010 was Core Earnings (Pre-Tax). The 2010 performance targets and relative payout percentages that MIP participants would be eligible for were as follows:

| 2010 Core Earnings (Pre-Tax) Performance Goal | Level | Maximum Payout as a Percentage of an Individual's Target Award Amount |
|--|------------------|--|
| \$365 million | Outstanding | 150% |
| \$336 million | Exceeds | 125% |
| \$292 million | Plan | 100% |
| \$277 million | 95% of Plan | 75% |
| \$263 million | 90% of Plan | 50% |
| Less than \$263 million | Not Meeting Plan | 0% |

In order to tie a greater percentage of each executive officer's compensation to the achievement of our annual performance objective, our executive officers' target award amounts as a percentage of their base salaries were based on each such executive officer's duties and responsibilities, with greater target payouts as a percentage of base salary for executive officers with greater duties and responsibilities.

The Human Capital and Compensation Committee set the performance targets under the 2010 MIP at levels that were consistent with our business plan and that were considered to be challenging based on historical performance as well as industry and market conditions, and then adjusted actual payouts based on the achievement of individual MBOs consistent with supporting our overall strategy, and operational expectations. Individual MBOs were set based on the critical responsibilities for each position, and their need to drive overall shareholder value creation. Each Named Executive Officer had financial (including transformation and Core Earnings (Pre-Tax)), risk and talent based MBOs.

Our 2010 Core Earnings (Pre-Tax) of \$289 million increased approximately 20% over 2009, compared to our targeted performance goal of \$292 million. Consistent with the 2010 MIP design, the Human Capital and Compensation Committee determined that participants would be eligible for a potential payout of 75% of their individual target award amounts.

Individual MBOs were then reviewed. The process began with each individual preparing a self-assessment of his or her performance against their respective MBOs. Individuals' managers, our Human Resources personnel, and then our Chief Executive Officer reviewed those assessments, and developed recommendations for relative MBO performance. Our Chief Executive Officer presented those recommendations for a defined group of senior executives, including the Named Executive Officers, to the Human Capital and Compensation Committee, which determined their final relative performance against their MBOs. Our Chief Executive Officer approved the final relative performance for all other MIP participants. The Human Capital and Compensation Committee reviewed our Chief Executive Officer's

self-assessment, and made a recommendation to the full Board relating to our Chief Executive Officer's relative MBO performance. Individual executives' payouts were reduced to the extent they did not meet all of their respective MBOs. Our Chief Executive Officer has the ability to recommend, and the Human Capital and Compensation Committee has the ability to approve, discretionary incentive awards. No such awards were recommended or approved for 2010.

Table of Contents

Due in part to the Core Earnings (Pre-Tax) targeted performance level not being met, which impacted the MBO achievement of our Named Executive Officers, our Named Executive Officers received below target MIP payouts for 2010 as reflected in the following table:

| Name | Position | 2010 Annualized Base Salary | Annualized Target 2010 MIP Award Amount | Annualized Potential 2010 MIP Payout Range | Actual 2010 MIP Payout |
|-------------------|---|-----------------------------|---|--|------------------------|
| Jerome J. Selitto | President and Chief Executive Officer | \$800,000 | \$1.2 million | \$0-\$1.8 million | \$800,000 |
| Sandra Bell* | Former Executive Vice President and Chief Financial Officer | \$400,000 | \$400,000 | \$0-\$600,000 | \$195,000 |
| George J. Kilroy | Executive Vice President, Fleet | \$450,000 | \$450,000 | \$0-\$675,000 | \$320,625 |
| Luke S. Hayden* | Executive Vice President, Mortgage | \$450,000 | \$450,000 | \$0-\$675,000 | \$171,616 |
| Mark R. Danahy* | Former Executive Vice President, Mortgage | \$375,000 | \$375,000 | \$0-\$562,500 | \$281,250 |
| William F. Brown | Senior Vice President, General Counsel and Secretary | \$330,000 | \$247,500 | \$0-\$371,250 | \$157,781 |

* Sandra Bell ceased employment in 2011. Luke Hayden commenced employment on May 14, 2010, and his actual 2010 MIP payout was prorated from his employment commencement date. Mark Danahy ceased employment May 14, 2010, and his base salary, target MIP award amount and potential MIP payout range amounts have been annualized solely for comparison purposes.

Variable Annual Long-Term Incentive Awards. The Human Capital and Compensation Committee administers the 2005 Equity and Incentive Plan, which provides for equity-based awards, including RSUs and options to purchase our common stock (Stock Options). The Human Capital and Compensation Committee considers equity-based awards to our Named Executive Officers an appropriate and effective method of retaining key management employees and aligning their interests with the interests of our stockholders. Eligibility for equity-based awards, the number of shares underlying each award and the terms and conditions of each award are determined by the Human Capital and Compensation Committee upon consultation with our management and the Human Capital and Compensation Committee s compensation consultant.

In 2009, the Compensation Committee (the predecessor of the Human Capital and Compensation Committee) changed the long-term incentive plan to move away from performance-accelerated RSUs to a mix of (1) premium-priced Stock Options, and (2) performance-vested RSUs, for its awards under the 2005 Equity and Incentive Plan. Our use of premium-priced stock options in 2009 was a direct consequence of the turbulence in the capital markets, and the resulting reduction in our share price. The Human Capital and Compensation Committee did not make long-term incentive grants in 2010, while we underwent significant transformation in our people and processes. The Human Capital and Compensation Committee will determine whether to approve a new long-term incentive program in 2011, and whether to make grants under that program, in order to align executives with stockholder interests. Our Named Executive Officers that remain employed with us will continue to see their wealth accumulation aligned with our stockholders interests through their holdings of previously granted equity-based awards. Mr. Hayden received a

sign-on equity grant in connection with his being hired.

Consistent with the Human Capital and Compensation Committee's focus on profitable growth on an ongoing basis and consistent with the Human Capital and Compensation Committee's commitment to stockholders, the Human Capital and Compensation Committee set the 2010 vesting acceleration performance metric for the RSUs granted in 2008 based on Core Earnings (Pre-Tax). Core Earnings (Pre-Tax) is based on pre-tax income after non-controlling interest adjusted for the effects of the following special items: (a) the pre-tax change in the fair value of mortgage servicing rights due to changes in market inputs or assumptions used in the valuation model and (b) the pre-tax change in the fair value of mortgage service rights primarily due to changes in estimated portfolio delinquencies and foreclosures. Any 2008 RSUs for which the vesting has not been accelerated following the conclusion of the 2010 performance period will vest ratably in 2012 and 2013 subject to the employee's continued employment with us throughout such period, with the exception of our former Chief Executive Officer, Mr. Terence

Table of Contents

W. Edwards, whose unvested 2008 RSUs will become fully vested at the end of his two year severance period notwithstanding that he is no longer employed by us as previously disclosed.

2011 Executive Compensation Decision-making

Base Salaries. During 2011, the Human Capital and Compensation Committee evaluated salary levels based upon market-competitive compensation levels, as well as consideration of the nature of each executive officer's position and the contribution, achievement, experience and tenure of each executive officer. No market-based or other compensation adjustments were made to the compensation for the Named Executive Officers for 2011, based on the challenging business environment.

2011 Management Incentive Plan. The Human Capital and Compensation Committee approved the use of Core Earnings (Pre-Tax) for the 2011 MIP. Above-target performance will result in commensurately greater payouts, and below-target performance will result in commensurately lower payouts. In addition, all participants will have MBOs tied to our key operational and strategic objectives, and will need to meet all their MBOs to receive their full MIP target award amount. The Human Capital and Compensation Committee intends to implement clawbacks in the design of our compensation programs as SEC rulemaking in this area becomes clearer, however, the use of MBOs acts to focus MIP participants on sustainable profitable growth. The Human Capital and Compensation Committee retains the right to exercise its judgment and provide cash incentive awards for performance that creates profitable growth that is not otherwise captured by the MIP.

Long-Term Incentive Awards. The Human Capital and Compensation Committee has asked management to develop recommendations for an integrated executive compensation program in 2011. The Human Capital and Compensation Committee will determine whether it will make long-term incentive awards in 2011, and the nature and amount of those awards. The Human Capital and Compensation Committee will consider the use of deferrals and clawbacks as appropriate in the long-term incentive plan design.

Retirement Benefits

Messrs. Kilroy and Brown are participants in the PHH Corporation Pension Plan, which is a defined benefit pension plan that was available to all of our employees prior to 2005. The benefits payable under the PHH Corporation Pension Plan have been frozen for Messrs. Kilroy and Brown and the other plan participants. See Pension Benefits for more information regarding benefits available to Messrs. Kilroy and Brown under this plan. In addition, all of our Named Executive Officers are eligible to participate in the PHH Corporation Employee Savings Plan (the PHH Savings Plan) on the same basis as other employees during the term of their employment. The PHH Savings Plan is a tax-qualified retirement savings plan that provides for employee contributions made on a pre-tax basis and matching contributions based on a portion of the employee's compensation contributed to the PHH Savings Plan up to the statutory limit. The matching contribution percentage under the PHH Savings Plan was reduced effective January 1, 2009, from 6% to 4% of the employee's compensation contributed to the PHH Savings Plan up to the statutory limit, in order to come closer to market practice of 3%. See All Other Compensation in Footnote 6 under Summary Compensation Table for more information regarding matching contributions to the PHH Savings Plan made on behalf of each Named Executive Officer.

Perquisites and Other Compensation

We provide only a limited number of perquisites to our Named Executive Officers. Our Named Executive Officers generally are provided with or have use of company vehicles, financial planning services and tax reimbursements on the foregoing perquisites. Considering our fleet management business, the provision of vehicles to our Named Executive Officers is considered an appropriate perquisite. The Human Capital and Compensation Committee may

review the appropriateness of these perquisites in 2011. Each of our Named Executive Officers also are entitled to participate in various employee benefit plans available generally to all employees on a non-discriminatory basis. In addition, during 2010, Mr. Selitto and Mr. Hayden received certain relocation related benefits and associated tax reimbursements in connection with their respective relocations. Effective April 21, 2011, we eliminated on a prospective basis tax reimbursements on perquisites to our executive officers other than tax reimbursements in respect of relocation related benefits pursuant to our relocation policies.

Table of Contents

Change in Control and Other Severance Arrangements

We maintain a general severance program for its executives and other employees. Except for Mr. Selitto, whose employment agreement contains severance provisions, no employee has a special severance agreement. See Potential Payments upon Termination of Employment or Change in Control below for additional information relating to Mr. Selitto's severance provisions. Under the 2005 Equity and Incentive Plan, unvested equity-based awards generally will become fully and immediately vested and, in the case of stock options, exercisable, upon the occurrence of a change in control transaction (as defined in the 2005 Equity and Incentive Plan). See Potential Payments upon Termination of Employment or Change in Control below for additional information regarding payments in the event of a change in control or other termination of employment for each Named Executive Officer.

During 2010, we entered into a Separation Agreement with Mr. Danahy. We obtained a non-competition and non-solicitation agreement from Mr. Danahy (in addition to other restrictive covenants) that will run for 13 months until June 30, 2011. In exchange for these covenants, we agreed to provide Mr. Danahy with various severance and related benefits as previously disclosed.

Deductibility of Executive Compensation

In accordance with Section 162(m) of the Internal Revenue Code, the deductibility for federal corporate income tax purposes of compensation paid to certain of our executive officers in excess of \$1 million in any year may be restricted. The Human Capital and Compensation Committee believes that it is in the best interests of our stockholders to provide tax-deductible compensation when consistent with meeting our key strategic and operational goals and objectives. Accordingly, where it is deemed necessary and in our best interests to attract and retain the best possible executive talent and to motivate such executives to achieve the goals inherent in our business strategy, the Human Capital and Compensation Committee may approve compensation to executive officers that may exceed the limits of deductibility imposed by Section 162(m). The 2010 and 2011 Management Incentive Plans were specifically designed, approved and implemented for favorable tax treatment under Section 162(m). The Human Capital and Compensation Committee retains the ability to exercise its judgment to make awards that it believes are in the best interests of shareholders, even if those awards do not result in favorable tax treatment.

Compensation Risk Assessment

Our management, with the assistance of the Human Capital and Compensation Committee's compensation consultant, conducted a risk assessment of our compensation programs to determine whether such programs are reasonably likely to have a material adverse effect on us. The risk assessment determined that our compensation programs do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on us. While risk-taking is a necessary part of profitable growth, the Human Capital and Compensation Committee has focused on aligning our compensation policies with our long-term interests of and avoiding short-term rewards for management decisions that could pose long-term risks to us, as follows:

Limits on MIP awards. MIP awards are capped at 150% of an executive's target award to protect against disproportionately large short-term incentives, and the Human Capital and Compensation Committee has discretion in determining reductions in the size of MIP awards based on those factors it deems appropriate, including whether an executive has caused us to incur unnecessary or excessive risk. Further, senior executive officers have specific risk components embedded in their MBOs.

Use of Long-Term Incentive Compensation. Equity-based long-term incentive compensation that vests over a period of years, including awards with performance objectives, is a component of senior executive compensation. This vesting period encourages our executives to focus on sustaining our long-term

performance.

Multi-Level Review and Oversight. We have multi-level review and oversight of our business operations and compensation processes, in order to mitigate the possibility of employees receiving rewards for engaging in short-term, unsustainable performance decisions.

Additionally, we hired a Chief Risk Officer in 2010, whose responsibilities include understanding the risks posed by our operations and processes, including our compensation programs. Our Chief Risk Officer's input is

Table of Contents

expressly solicited when changes to our compensation programs are being considered. Further, the Human Capital and Compensation Committee consults with the Board's Audit Committee and Finance and Risk Management Committee around compensation and risk.

In sum, our compensation programs are structured so that a considerable amount of wealth of our executives is tied to our long-term health, which encourages risk oversight. Our compensation programs avoid the type of disproportionately large short-term incentives that could encourage executives and other employees to take risks that may not be in our long-term interests, explicitly include risk management in the individual objectives of executives and other key employees to align them with incentive payouts, and provide incentives to manage for long-term performance. The Human Capital and Compensation Committee believes this combination of factors encourages our executives and other employees to manage our businesses in a prudent manner.

Compensation Committee Interlocks and Insider Participation

The Human Capital and Compensation Committee is currently comprised of Messrs. Loren and Brinkley and Ms. Reif. During 2010, Mr. Gregory J. Parseghian and Ms. Ann D. Logan, a former director, served on the Human Capital and Compensation Committee for part of the year. Throughout 2010, the Human Capital and Compensation Committee consisted entirely of outside directors within the meaning of the regulations under Section 162(m) of the Internal Revenue Code of 1986, as amended, non-employee directors under SEC Rule 16b-3, and independent directors as affirmatively determined by the Board pursuant to the NYSE Listing Standards and our categorical Independence Standards. The current members of the Human Capital and Compensation Committee are the individuals named as signatories to the Compensation Committee Report set forth above under Compensation Committee Report. None of the individuals that served on the Human Capital and Compensation Committee during 2010 and none of the current members of the Human Capital and Compensation Committee are former officers or employees of the Company.

Table of Contents**SUMMARY COMPENSATION TABLE**

The information below sets forth the compensation awarded to, earned by or paid to our named executive officers as defined in Item 402 of Regulation S-K (collectively referred to as our Named Executive Officers). The form and amount of the compensation awarded to, earned by or paid to our Named Executive Officers for the year ended December 31, 2010, was determined by the Human Capital and Compensation Committee of our Board. The 2008 amounts included in the Stock Awards, Option Awards and Total columns in the table below have been restated from amounts reported in years prior to 2010 in accordance with SEC rule changes. Specifically, the 2008 amounts reported in the Stock Awards and Option Awards columns now reflect the aggregate grant date fair value of equity-based compensation awards made during 2008, as opposed to the amount of equity-based compensation expense recognized by us during 2008, and the amounts in the Total column for 2008 have been correspondingly adjusted. Accordingly, the 2008 amounts in the Stock Awards, Option Awards and Total columns are not comparable to 2008 amounts reported in years prior to 2010.

Recipients of the 2009 Performance Units will earn shares of our common stock pursuant to the awards in accordance with the percentage by which we attain or exceed a minimum threshold amount of cumulative pre-tax income after non-controlling interest during the target measurement period of January 1, 2009 through December 31, 2011. The minimum threshold performance level required for a recipient of a 2009 Performance Unit to earn shares pursuant to such award is 50% of the target amount of cumulative pre-tax income after non-controlling interest during the target measurement period (in which case, such recipient will earn 50% of the target level of shares awarded). Recipients may not earn more than 120% of the target level of shares subject to the award. The Human Capital and Compensation Committee has the authority and discretion to exclude the impact of certain extraordinary or unusual accounting adjustments or income/expense items from the calculation of pre-tax income after non-controlling interest during the target measurement period that, in the discretion of the Human Capital and Compensation Committee, are reasonably considered to be outside of the control of management. Provided the requisite minimum threshold of pre-tax income after non-controlling interest is satisfied, the 2009 Performance Units will be settled, and shares earned pursuant thereto will be issued, on or after January 1, 2012, and on or before April 30, 2012. See also Note 18, "Stock-Based Compensation" in the Notes to Consolidated Financial Statements included in the 2010 Annual Report for more information, including the assumptions used in calculating grant date fair value of equity-based compensation awards.

- (8) Represents unvested awards of RSUs granted on January 10, 2008 (the 2008 RSU Awards) pursuant to the 2005 Equity and Incentive Plan. At the date of grant, the 2008 RSU Awards were scheduled to vest ratably, subject to continued employment, in two equal annual installments beginning January 10, 2012, with the potential acceleration of vesting of up to 1/3 of the total award on each of February 28, 2009, February 28, 2010, and February 28, 2011, upon the achievement of performance targets for the applicable fiscal year immediately preceding each such date. For Mr. Brown, the performance targets for his 2008 RSU Awards are based 50% on the performance achieved by PHH Arval and 50% on the performance achieved by PHH Mortgage. Accordingly, if both PHH Arval and PHH Mortgage meet their respective performance targets in respect of any accelerated vesting date, vesting of 1/3 of the total 2008 RSU Awards will be accelerated for Mr. Brown. If only PHH Arval or PHH Mortgage, but not both, meet their respective performance target in respect of any accelerated vesting date, vesting of only 1/6 of the total 2008 RSU Awards will be accelerated for Mr. Brown. For Messrs. Kilroy and Danahy, the performance targets for their 2008 RSU Awards are based 100% on the performance achieved by PHH Arval and PHH Mortgage, respectively. The performance target for 2008 was achieved for PHH Arval, but was not achieved for PHH Mortgage. As a result, vesting of 1/6 of the total 2008 RSU Awards for Mr. Brown and 1/3 of the total 2008 RSU Awards for Mr. Kilroy was accelerated on March 11, 2009, upon the approval of the Compensation Committee. The performance target for 2009 was achieved for PHH Arval and PHH Mortgage. As a result, vesting of 1/3 of the total 2008 RSU Awards for Messrs. Brown, Kilroy and Danahy was accelerated on February 28, 2010, upon the approval of the Compensation Committee. The performance target for 2010 was achieved for PHH Arval, but was not achieved for PHH Mortgage. As a result, vesting of 1/6 of the total 2008 RSU Awards for Mr. Brown and 1/3 of the total 2008 RSU Awards for Mr. Kilroy was accelerated on February 23, 2011, upon the approval of the Human Capital and Compensation Committee. The remaining portion of Mr. Danahy's unvested 2008 RSU Awards were forfeited on February 28, 2011.
- (9) Represents stock options that vest ratably in three equal annual installments beginning May 24, 2011, subject to Mr. Hayden's continued employment.
- (10) Represents RSUs that vest ratably in three equal annual installments beginning May 24, 2011, subject to Mr. Hayden's continued employment.
- (11) Represents stock options that vested on March 25, 2011, in accordance with Mr. Danahy's Separation Agreement. On August 4, 2010, Mr. Danahy forfeited 11,554 stock options and an additional 11,554 stock options were modified to permit Mr. Danahy to continue to vest in such modified stock options.

PENSION BENEFITS

The following table sets forth information relating to the PHH Corporation Pension Plan and PHH Corporation Retiree Medical Plan, which are defined benefit plans adopted as of our spin-off in 2005. Both the PHH Corporation Pension Plan and the PHH Corporation Retiree Medical Plan have been frozen for all participants, including our Named Executive Officers that are participants in such plans, and no further benefits are accruing under such plans for any of our Named Executive Officers. The PHH Corporation Pension Plan and the PHH Corporation Retiree Medical Plan assumed all liabilities and obligations owed to participants that were actively employed by us at the time of the spin-off under the respective predecessor plans of Cendant Corporation, including Messrs. Kilroy and Brown as participants in the PHH Corporation Pension Plan. Certain of our current and former employees, including Messrs. Selitto, Hayden and Danahy and Ms. Bell, were not participants in the predecessor plans of Cendant Corporation and are not participants in the PHH Corporation Pension Plan or PHH Corporation Retiree Medical Plan.

- (1) The number of years of credited service shown in this column is calculated based on the actual years of service with us for each Named Executive Officer through October 31, 1999, or, in the case of Mr. Kilroy, October 31, 2004.
- (2) The valuations included in this column have been calculated as of December 31, 2010 assuming the Named Executive Officer will retire at the normal retirement age of 65 and using the interest rate and other assumptions as described in Note 12, Pension and Other Post Employment Benefits in the Notes to Consolidated Financial Statements included in the 2010 Annual Report.

No pension benefits were paid to the Named Executive Officers in 2010. Messrs. Kilroy and Brown are eligible to receive a benefit under the PHH Corporation Pension Plan based on 2% of their final average cash compensation as of the date the plan was frozen with respect to such persons multiplied by their number of years of benefit service (up to a maximum of 30 years) measured as of the date the plan was frozen with respect to such persons minus 50% of their annualized primary Social Security benefit. For purposes of determining the participating Named Executive Officers benefits under the PHH Corporation Pension Plan, their final average compensation and years of benefit service was based on compensation and service earned prior to October 31, 1999 (October 31, 2004 for Mr. Kilroy). The participating Named Executive Officers benefits under the PHH Corporation Pension Plan were frozen as of October 31, 1999 (October 31, 2004 for Mr. Kilroy).

Table of Contents**NON-QUALIFIED DEFERRED COMPENSATION**

We no longer maintain a non-qualified deferred compensation plan. The PHH Corporation Executive Deferred Compensation Plan (the "Deferred Compensation Plan") was established in 1994 for specified executive officers at that time and was frozen to further participation in 1997. On December 16, 2010, the Board, upon the recommendation of the Human Capital and Compensation Committee, terminated the Deferred Compensation Plan. None of the Named Executive Officers were participants in the Deferred Compensation Plan and none of the Named Executive Officers received earnings or distributions under the Deferred Compensation Plan.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE IN CONTROL**

The following table sets forth the estimated payments and benefits payable to each Named Executive Officer pursuant to the terms of any contract, agreement, plan or arrangement that existed as of December 31, 2010, and that provided for payments and benefits following, or in connection with, a termination of the Named Executive Officer's employment, including by voluntary termination with or without good reason, involuntary termination not for cause, involuntary termination for cause, retirement, death, disability, or a change in control with or without a termination of the Named Executive Officer's employment. For purposes of calculating the amounts in the table below, we have assumed that the termination or change in control event took place on December 31, 2010, as required by SEC rules under the Exchange Act. For purposes of calculating the value on December 31, 2010, of any equity-based awards in accordance with the SEC rules under the Exchange Act, we used the closing price of our common stock on December 31, 2010, or \$23.15 per share. See the discussion that follows the table for additional information regarding these estimated payments and benefits.

The amounts shown in the table above include estimates of what would be paid to the Named Executive Officers upon the occurrence of the specified event. The actual amounts to be paid to the Named Executive Officers can only be determined at the time of such event. We have included payments related to the PHH Corporation Pension Plan in the table since this is a frozen plan and is not available to all of our current employees. We have not included payments related to the PHH Corporation Pension Plan in the specified events other than the Retirement column, as these payments are not triggered by termination, death or disability of the Named Executive Officer or a change in control. These amounts would be payable to the Named Executive Officer at some time after the specified event once the minimum retirement age and other PHH Corporation Pension Plan requirements were met. In addition, the table does not include payments of life or disability insurance payable upon the death or disability of the Named Executive Officers as these benefits are available to all employees on the same basis.

Potential Payments and Benefits

Severance. We provide post-termination payments of salary or severance to our Named Executive Officers under a policy applicable to our executive officers in the event of a reduction in our workforce or the elimination or discontinuation of their position, except to the extent that our Named Executive Officers have waived their respective rights to such benefits pursuant to separate individual severance agreements with such Named Executive Officers. Pursuant to our policy and subject to the foregoing, the minimum severance is 26 weeks of base salary and the maximum severance is 52 weeks of base salary for the Named Executive Officers payable in a lump-sum amount. In addition, our severance policy applicable to our executive officers includes \$7,500 in outplacement services. These outplacement services may be declined by the Named Executive Officer in lieu of an equivalent cash payment.

On October 26, 2009, we entered into an employment agreement with Mr. Selitto that provides severance benefits in the form of salary continuance and health insurance benefits for a period of twelve months in the event of a termination without cause or for good reason occurring on or before October 26, 2010, or twenty-four months in the event of a termination without cause or for good reason occurring after October 26, 2010. Mr. Selitto is also subject to non-competition, non-solicitation, confidentiality, non-disparagement and certain other restrictive covenants. The payment of severance benefits under our severance policy and Mr. Selitto's employment agreement is conditioned upon, among other things, the execution of a general release of claims such executive officer may have against us. See

Compensation Discussion and Analysis Change in Control and Other Severance Arrangements above for further information.

Accelerated Vesting of Stock Awards. All of the stock awards made to our Named Executive Officers have been granted under the 2005 Equity and Incentive Plan and are subject to the vesting and other terms set forth in award agreements and the 2005 Equity and Incentive Plan. Pursuant to the terms of the 2005 Equity and Incentive Plan, in the event of a Change in Control (defined below), any Stock Option award carrying a right to exercise that was not previously vested and exercisable becomes fully vested and exercisable, and any restrictions, deferral limitations, payment conditions and forfeiture conditions for RSU and other equity-based awards lapse and such equity-based awards are deemed fully vested. In addition, any performance conditions imposed with respect to such equity-based awards are deemed to be fully achieved. Pursuant to the terms of the 2005 Equity and Incentive Plan, a Change in Control is deemed to have occurred if:

any person, as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than (i) us, (ii) any trustee or other fiduciary holding securities under one of our employee benefit plans and (iii) any corporation owned, directly or indirectly, by our stockholders in substantially the same proportions as their ownership of our common stock), is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of our common stock representing 30% or more of the combined voting power of our then outstanding voting securities (excluding any person who becomes such a beneficial owner in connection with a transaction immediately following which the individuals who comprise our Board immediately prior thereto constitute at least a majority of the Board of the entity surviving such transaction or, if we or the entity surviving the transaction is then a subsidiary, the ultimate parent thereof);

the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors) whose appointment or election by the Board or nomination for election by our stockholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors or whose appointment, election or nomination for election was previously so approved or recommended;

there is consummated a merger or consolidation of us or any of our direct or indirect subsidiaries with any other corporation, other than a merger or consolidation immediately following which the individuals who comprise our Board immediately prior thereto constitute at least a majority of the Board of the entity surviving such merger or consolidation or, if we or the entity surviving such merger is then a subsidiary, the ultimate parent thereof; or

our stockholders approve a plan of complete liquidation or there is consummated an agreement for the sale or disposition by us of all or substantially all of our assets (or any transaction having a similar effect), other than

a sale or disposition by us of all or substantially all of our assets to an entity, immediately following which the individuals who comprise our Board immediately prior thereto constitute at least a majority of the Board of the entity to which such assets are sold or disposed of or, if such entity is a subsidiary, the ultimate parent thereof.

The amounts in the table are calculated using the closing price of our common stock on December 31, 2010, and the number of Stock Options and RSUs used to calculate the amounts in the table are those unexercisable Stock Options and unvested RSUs that would become exercisable and vested as a result of the Change in Control event pursuant to the SEC rules under the Exchange Act.

Accelerated Payout of 2010 MIPs. As discussed above with regard to equity-based awards, in the event of a Change in Control, the performance conditions imposed with respect to awards under the PHH Corporation Management Incentive Plan are deemed to be fully achieved and the target payout amount under each Named Executive Officer's respective MIP award will be deemed to be earned and payable to the each such Named Executive Officer. In the event of the death of a Named Executive Officer, the performance conditions under the MIP are deemed to be fully achieved and the target payout amount, prorated according to the extent of time that the Named Executive Officer participated in the MIP during the performance period, is deemed earned and payable to such Named Executive Officer's estate. See Compensation Discussion and Analysis 2010 Executive Compensation Program Design Variable Annual Cash Compensation Programs and the Grants of Plan-Based Awards During 2010 table above for information regarding the MIP.

Retirement Plans. Messrs. Kilroy and Brown are participants in the PHH Corporation Pension Plan. This plan was available to all employees prior to 1999 on a non-discriminatory basis. Participants in the PHH Corporation Pension Plan are entitled to payments in the form of an annuity upon attaining retirement age. The amounts reflected in the table above are based on the estimated present value on December 31, 2010, of the payout for each participating Named Executive Officer assuming they had attained the normal retirement age of 65. Only Mr. Kilroy had attained the minimum retirement age under the PHH Corporation Pension Plan as of December 31, 2010. See the Pension Benefits table above for more information.
