We are pleased to take advantage of the U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2010 Annual Report and a form of proxy card or voting instruction card. As a result of the Notice, not all stockholders will receive a paper copy of our proxy materials.

Only stockholders of record at the close of business on April 15, 2011 will be entitled to vote at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder at our offices, 3100 Main Street, Suite 900, Houston, TX 77002, during ordinary business hours, for 10 days prior to the Annual Meeting. If you would like to review the stockholder list, please call our Corporate Communications Department at 713-335-5151 to schedule an appointment.

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting. Most stockholders have three options for submitting their vote: (1) via the Internet, (2) by telephone or (3) by mail using the paper proxy card. PROS Holdings, Inc.
PROXY STATEMENT
2011 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 9, 2011

General

The enclosed proxy is solicited on behalf of the board of directors of PROS Holdings, Inc. for use at the Annual Meeting of stockholders to be held Thursday, June 9, 2011 at 8:00 a.m., local time, at our corporate headquarters located at 3100 Main Street, Suite 900, Houston Texas, 77002, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. Only stockholders of record at the close of business on April 15, 2011 are entitled to notice of and to vote at the meeting.

These proxy solicitation materials and the Annual Report to Stockholders for the year ended December 31, 2010, including financial statements, were first mailed or made available on or about April 29, 2011 to stockholders entitled to vote at the meeting. References in this proxy statement to the Company, we, our, and us refer to PROS Holdings, Inc. and its consolidated subsidiaries.

The purposes of the meeting are:

1. To elect three directors for a three year term expiring 2014;
2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011;
3. To conduct an advisory vote on executive compensation;
4. To conduct an advisory vote on the frequency of holding future advisory votes on executive compensation; and
5. To transact such other business as may properly come before the meeting or any adjournment thereof.

Record date and shares outstanding

Stockholders of record at the close of business on April 15, 2011 are entitled to notice of and to vote at the meeting. As of this record date 26,776,067 shares of our common stock were outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record as of that date is entitled to one vote for each share of common stock held by him or her.

Vote required

If a quorum is present, a plurality vote of the holders of our common stock entitled to vote and present or represented at the meeting is required for the election of a director. The affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and voting at the Annual Meeting is required to approve the ratification of the selection of our independent auditors, the advisory vote on executive compensation and frequency of the advisory vote on executive compensation. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director. A properly executed proxy marked abstain with respect to any matter is considered entitled to vote, and thus, will have the effect of a vote against a matter, except for the election of directors.

Our bylaws provide that a majority of the outstanding shares of our stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) will each be counted as present for purposes of determining the presence of a quorum.

Effect of not casting your vote

The New York Stock Exchange, or the NYSE, recently changed its broker discretionary rules to prohibit banks, brokers and other intermediaries to vote shares held in their clients accounts on elections of directors unless the client has provided voting instructions. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the

Table of Contents

election of directors, your bank or broker was allowed to vote those shares on your behalf in the election of directors as they felt appropriate. Recent rule changes take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. Therefore, if you hold your shares in street name, it is important that you cast your vote if you want it to count in the election of directors (Proposal One of this proxy statement).

Attending the Annual Meeting

The Annual Meeting will be held at 8:00 a.m., local time, on Thursday, June 9, 2011, at our corporate headquarters located at 3100 Main Street, Suite 900, Houston Texas, 77002. When you arrive, signs will direct you to the meeting room. Please note that the doors to the meeting room will not be open until 8:00 a.m. You do not need to attend the Annual Meeting to vote. Even if you plan to attend the Annual Meeting, please submit your vote in advance as instructed below.

Revocability of proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by:

Filing with our Corporate Secretary at or before the taking of the vote at the meeting a written notice of revocation bearing a later date than the proxy;

Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary at or before the taking of the vote at the meeting; or

Attending the meeting and voting in person (although attendance at the meeting will not in and of itself constitute a revocation of a proxy).

Any written notice of revocation or subsequent proxy should be delivered to PROS Holdings, Inc. at our headquarters located at 3100 Main Street, Suite 900, Houston Texas 77002, Attention: Corporate Secretary, or hand-delivered to our Corporate Secretary before the taking of the vote at the meeting.

Electronic delivery of PROS Holdings, Inc. stockholder communications

We are pleased to take advantage of the U.S. Securities and Exchange Commission, or the SEC, rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials, or the Notice, instead of a paper copy of this proxy statement and our 2010 Annual Report. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2010 Annual Report and a form of proxy card or voting instruction card. As a result of the Notice, not all stockholders will receive a paper copy of our proxy materials.

Voting instructions

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Most stockholders have three options for submitting their votes: (1) via the Internet, (2) by telephone or (3) by mail using the paper proxy card. If you have Internet access, **we encourage you to record your vote on the Internet**. It is convenient and saves us significant postage and processing costs. In addition, when you vote via the Internet or by telephone prior to the meeting date, your vote is recorded immediately and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted. If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted, whether by Internet, telephone or mail, will be superseded by the vote that you cast at the Annual Meeting.

§ Vote by Internet. You can vote via the Internet. The website address for Internet voting is www.proxyvote.com. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form. You can use the Internet to transmit your voting instructions up until 11:59 P.M. Eastern Time on June 8, 2011. Internet voting is available 24 hours a day. If you vote via the Internet you do NOT need to vote by telephone or return a proxy card.

§ Vote by Telephone. You can also vote by telephone by calling the toll-free telephone number provided on your proxy card. Have your proxy card in hand when you call and then follow the instructions. You may transmit your voting instructions from any touch-tone telephone up until 11:59 P.M. Eastern Time on June 8, 2011. Telephone voting is available 24 hours a day. If you vote by telephone you do NOT need to vote over the Internet or return a proxy card.

§ Vote by Mail. If you received a printed copy of the proxy card, you can vote by marking, dating and signing it, and returning it in the postage-paid envelope provided to PROS Holdings, Inc., c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Annual Meeting

If you are a beneficial owner, or you hold your shares in street name, please check your voting instruction card or contact your bank, broker or nominee to determine whether you will be able to vote by Internet or telephone.

Solicitation of proxies

We will bear the expense of soliciting proxies in the enclosed form. In addition, we might reimburse banks, brokerage firms, and other custodians, nominees and fiduciaries representing beneficial owners of our common stock, for their expenses in forwarding soliciting materials to those beneficial owners. Proxies may also be solicited by our directors, officers or employees, personally or by telephone, telegram, facsimile or other means of communication. We do not intend to pay additional compensation for doing so.

Householding matters

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of this notice and proxy statement may have been sent to multiple stockholders in your household. If you would prefer to receive separate copies of a proxy statement either now or in the future, please contact our Corporate Communications Department by writing to our principal office at 3100 Main Street Suite 900, Houston, Texas 77002. Upon written request, we will provide separate copies of this proxy statement to each stockholder at that address. In addition, stockholders sharing an address can request delivery of a single copy of proxy statements if you are receiving multiple copies upon written request to our Corporate Secretary at the address stated above.

Table of Contents**PROPOSAL ONE**

Our board of directors consists of seven directors, which are divided into three classes, each of whose members serve for a staggered three-year term. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting for a full three-year term. Our Class I directors, Greg B. Petersen, Timothy V. Williams and Mariette M. Woestemeyer, have been nominated by the board of directors to fill a three-year term expiring in 2014. The two other classes of directors, who were elected or appointed for terms expiring at the annual meetings in 2012 and 2013, respectively, will remain in office.

Unless a proxy is marked to withhold authority to vote, the proxy holders will vote the proxies received by them for the three Class I nominees named below, each of whom is currently a director and each of whom has consented to be named in this proxy statement and to serve if elected. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, the proxies will be voted for any nominee designated by our board of directors to fill the vacancy. We do not expect that any nominee will be unable or will decline to serve as a director.

Vote required

Election of a director requires the plurality vote of the holders of our common stock entitled to vote and present or represented at the meeting. Accordingly, the three nominees who receive the highest number of properly executed

FOR votes from the holders of common stock, will be elected as directors. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal.

The NYSE recently changed its broker discretionary rules to prohibit banks, brokers and other intermediaries to vote shares held in their clients' accounts on elections of directors unless the client has provided voting instructions. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank or broker was allowed to vote those shares on your behalf in the election of directors as they felt appropriate. Recent rule changes take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. Therefore, if you hold your shares in street name, it is important that you cast your vote if you want it to count in the election of directors (Proposal One of this proxy statement).

The board of directors unanimously recommends voting **FOR the three class I nominees listed below.**

The name of and certain information regarding each Class I nominee as of April 15, 2011 is set forth below, together with information regarding our Class II and Class III directors remaining in office. This information is based on data furnished to us by the nominees and directors. The business address for each nominee for matters regarding PROS Holdings, Inc. is 3100 Main Street, Suite 900, Houston, TX 77002.

CORPORATE GOVERNANCE MATTERS**Independence of Directors**

The board of directors has adopted categorical standards or guidelines to assist our board of directors in making its independence determinations with respect to each director. These standards are published in our Corporate Governance Guidelines and are available under the *Corporate Governance – Investor Relations* section of our website at www.prospricing.com. The board of directors has determined that the following four directors are independent within the meaning of the NYSE listing standards and federal securities laws: Messrs. Petersen, Russell and Williams and Mrs. Keszler. As part of such determination of independence, our board of directors has affirmatively determined that none of these four directors has a relationship with us that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director. A majority of our board of directors is independent, and our audit committee, compensation committee and nominating and governance committee is comprised of all independent directors.

Meeting attendance

During 2010, our board of directors held ten meetings, the audit committee held 13 meetings, the compensation committee held seven meetings, and the nominating and governance committee held two meetings. No incumbent director attended fewer than 75% of the aggregate of all meetings of our board of directors, and the committees on which he or she served during 2010. The board of directors encourages all directors to attend annual meetings of the stockholders. All directors attended the 2010 meeting of the stockholders.

Table of Contents**Director nomination**

The nominating and governance committee of our board of directors has the responsibility for establishing the criteria for recommending which directors should stand for re-election to our board of directors and the selection of new directors to serve on our board of directors. In addition, the nominating and governance committee is responsible for establishing the procedures for our stockholders to nominate candidates to our board of directors. Although the nominating and governance committee has not formulated any specific minimum qualifications for director candidates, it has determined that desirable characteristics include, but are not limited to, business experience, mature judgment, personal and professional ethics, integrity and values. The Company does not have a formal policy with respect to consideration of diversity in identifying director nominees; however, in the process of selecting a director nominee, the nominating and governance committee assesses backgrounds and expected contributions of the individuals to the board of directors. These and other standards are published in our Corporate Governance Guidelines and are available under the *Corporate Governance – Investor Relations* section of our website at www.prospricing.com.

Our bylaws permit any stockholder of record to nominate directors. Stockholders who wish to submit nominees for election at an annual or special meeting of stockholders should follow the procedure described on page 34. The nominating and governance committee applies the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the board of directors.

Committees of the board of directors

Our board of directors has established an audit committee, a compensation committee and a nominating and governance committee. In addition, the board of directors has a non-executive chairman of the board. The table below presents the members of each of our committees and the non-executive chairman of the board.

The current members of our audit committee are Messrs. Petersen and Williams and Mrs. Keszler. In arriving at this determination, the board of directors has examined each member's scope of experience and the nature of their employment in the corporate finance sector.

The audit committee oversees our accounting and financial reporting processes and the audits of our financial statements. Primary responsibilities of our audit committee include:

reviewing and providing oversight over the qualification, independence and performance of our independent auditor and determining whether to retain or terminate its services;

approving the terms of engagement of our independent auditor and pre-approving the engagement of our independent auditor to perform permissible non-audit services;

reviewing and discussing with management and our independent auditor the results of the annual audit and the independent auditor's review of our annual and quarterly financial statements and reports;

internal control or auditing matters and for the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters; and

reviewing and approving all related party transactions.

Our audit committee operates under a written charter, a copy of which is available under the *Corporate Governance Investor Relations* section of our website at www.prospricing.com. A printed copy of our audit committee charter may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Communications. In 2010, the audit committee held four in-person meetings and nine telephonic meetings. The report of the audit committee begins on page 34.

Compensation committee

The current members of our compensation committee are Messrs. Petersen, Russell and Williams. Each member of our compensation committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. Our board of directors has determined that Messrs. Petersen, Russell and Williams each meet the independence requirements of the NYSE listing standards and federal securities laws.

The compensation committee discharges the responsibilities of our board of directors relating to the compensation and benefits for our executive officers and directors. Primary responsibilities of our compensation committee include:

determining and reviewing all forms of compensation for our executive officers and directors, including, among other things, annual salaries, bonuses, equity awards, severance arrangements, change in control protections and other compensatory arrangements;

reviewing and approving corporate performance goals and objectives relevant to such compensation;

administering our equity incentive plans and granting awards of options and other equity-based awards to our executive officers, directors and employees;

A printed copy of our compensation committee charter may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Communications. Nominating and governance committee

The members of the nominating and governance committee are Messrs. Petersen, Russell and Williams and Mrs. Keszler. The board of directors has determined that each member meets the independence requirements of the NYSE listing standards and federal securities laws. Primary responsibilities of our nominating and governance committee include:

identifying, evaluating and recommending to our board of directors candidates to serve as members of our board of directors and considering the nomination of our incumbent directors for reelection;

evaluating stockholder nominations of candidates for election to our board of directors;

reviewing our general policy relating to selection of director candidates and members of committees of our board of directors, including an assessment of the performance of our board of directors; and

reviewing and making recommendations to our board of directors regarding corporate governance principles.

Board of Directors Leadership Structure

The board of directors is currently led by a non-executive chairman, who is an independent director. The board of directors' current preferred governance structure is to have an independent director serve as chairman. We believe the current structure provides strong leadership for our board of directors, while also positioning our chief executive officer as the leader of the Company for our employees, business partners and investors. We believe that our current structure, which includes a non-executive chairman, helps ensure independent oversight over the Company. Our current structure further allows the chief executive officer to focus his energies on management of the Company.

The board of directors recognizes that there is no single, generally accepted approach to providing board of director leadership, and the board of directors' leadership structure may vary in the future as circumstances warrant. In cases where the board of directors determines it is in the best interests of our stockholders to combine the positions of chairman and chief executive officer, the independent directors will designate a lead independent director.

The chairman oversees the planning of the annual board of directors' calendar, and, with the chief executive officer, in consultation with the other directors, schedules and sets the agenda for meetings of the board of directors and leads the discussion at such meetings. The chairman also presides at executive sessions, serves as a liaison between the chief executive officer and the independent directors, sees that directors receive appropriate and timely information, assists the chairmen of the board of directors committees in preparing agendas for the respective committee meetings, chairs our annual meetings of stockholders, is available in appropriate circumstances to speak on behalf of the board of directors, and performs such other functions and responsibilities as set forth in our Corporate Governance Guidelines or as requested by the board of directors from time to time. The chairman also encourages direct dialogue between all directors and management and provides leadership to the board of director in its oversight function.

Executive Sessions

Executive sessions, which are meetings of the non-employee members of the board of directors, are regularly scheduled throughout the year. Non-employee directors meet by themselves, without management or employee-directors present, at every regularly scheduled in-person board of directors meeting. Non-employee directors and independent directors may hold other such sessions at the request of any non-employee director or independent director. Non-employee and independent directors shall notify the non-executive chairman of the board if they would like to hold such a session, and the non-executive chairman of the board will facilitate the scheduling of such a session. Executive sessions (whether of the non-employee directors or independent directors) will be led by non-executive chairman of the board.

Oversight of Risk Management

The board of directors oversees the Company's risk management process. Management reviews the process, including identification of key risks and steps taken to address them, with the full board of directors on a periodic basis. Although the full board of directors is responsible for this oversight function, the audit committee, the compensation committee, and the nominating and governance committee assist the board of directors in discharging its oversight duties.

The compensation committee reviews risks related to the subject matters enumerated in its charter, including risks associated with the Company's compensation programs. The nominating and governance committee considers risks related to the subject matters for which it is responsible as identified in its charter, including risks associated with corporate governance. Similarly, the audit committee considers risks related to the subject matters enumerated in its charter, including risks relating to internal controls, disclosure, and financial reporting.

Accordingly, while each of the three committees contributes to the risk management oversight function by assisting the board of directors in the manner outlined above, the board of directors itself remains responsible for the oversight of the Company's risk management program.

Compensation committee interlocks and insider participation

No member of our compensation committee and none of our executive officers has any relationships that would constitute an interlocking relationship with executive officers and directors of any another entity.

Corporate governance guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our board of directors adopted these Corporate Governance Guidelines in order to ensure that it has the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our board of directors follows, including, but not limited to, with respect to board of directors and committee composition and selection, director responsibilities, director access to officers and employees and chief executive officer performance evaluation and succession planning. A printed copy of our Corporate Governance Guidelines may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Communications. A copy of our Corporate Governance Guidelines is also available under the *Corporate Governance Investor Relations* section of our website at www.prospricing.com.

Our board of directors has adopted a Code of Business Conduct and Ethics that applies to all of our directors and employees. A printed copy of our Code of Business Conduct and Ethics may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Communications. Table of Contents**PROPOSAL TWO**

The audit committee of our board of directors has selected the independent registered public accounting firm of PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2011 and recommends that stockholders vote for ratification of such appointment. Notwithstanding the selection and ratification, the audit committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in our best interests and the best interests of our stockholders. In the event of a negative vote on ratification, the audit committee will reconsider, but might not change, its selection.

PricewaterhouseCoopers LLP has audited our financial statements annually since 2002. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Vote required

Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock entitled to vote and present or represented at the meeting. A properly executed proxy marked **ABSTAIN** with respect to this matter is considered entitled to vote and thus, will have the effect of a vote against a matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal.

The board of directors unanimously recommends that stockholders vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Summary of fees

The audit committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. Under this policy, each year, at the time it engages the independent registered public accounting firm, the audit committee pre-approves the audit engagement terms and fees and may also pre-approve detailed types of audit-related and permitted tax services, subject to certain dollar limits, to be performed during the year. All other permitted non-audit services are required to be pre-approved by the audit committee on an engagement-by-engagement basis.

The following table summarizes the aggregate fees billed for professional services rendered to us by PricewaterhouseCoopers LLP in 2010 and 2009. A description of these various fees and services follows the table.

	2010	2009
Audit fees	\$668,629	\$478,950
Tax fees		24,508
All other fees	5,000	
Total fees	\$673,629	\$503,458

Audit fees

Table of Contents

All other fees

All other fees consists of training services that were unrelated to the performance of the audit or review of the consolidated financial statements

The audit committee is authorized by its charter to pre-approve all auditing and permitted non-audit services to be performed by our independent registered public accounting firm. The audit committee reviews and approves the independent registered public accounting firm's retention to perform attest services, including the associated fees. The audit committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the audit committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The audit committee has delegated to the chairman of the audit committee the authority to evaluate and approve engagements on behalf of the audit committee in the event that a need arises for pre-approval between audit committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full audit committee at its next meeting. During fiscal 2010, all such services were pre-approved in accordance with the procedures described above.

Our audit committee has reviewed the fees described above and believes that such fees are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirement. However, the appointment of PricewaterhouseCoopers LLP is being submitted to the stockholders for ratification. If the stockholders fail to ratify the appointment, the audit committee will reconsider whether or not to retain the firm. Even if the appointment is ratified, the audit committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be appropriate.

PROPOSAL THREE

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables PROS Holdings, Inc. stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

As described in the section of this proxy statement entitled "Compensation Discussion and Analysis", our executive compensation program is designed to attract, retain, and motivate talented individuals with the executive experience and leadership skills necessary for us to manage our business to meet our long-term objectives. We seek to provide executive compensation that is competitive with companies that are similar to PROS Holdings, Inc. We also seek to provide near-term and long-term financial incentives that reward well-performing executives when strategic corporate objectives designed to increase long-term stockholder value are achieved. We believe that executive compensation should include base salary, cash incentives and equity awards. We also believe that our executive officers' base salaries should be set at levels relative to comparable companies, and cash and equity incentives should generally be set at levels that give executives the opportunity to achieve above-average total compensation reflecting above-average company performance. In particular, our executive compensation philosophy is to promote long-term value creation for our stockholders by rewarding improvement in selected financial metrics, and by using equity incentives. Please see our "Compensation Discussion and Analysis" (beginning on page 21) and related compensation tables for detailed information about our executive compensation programs, including information about the fiscal 2010 compensation of our executive officers.

This vote is advisory and therefore not binding on us, the compensation committee. The compensation committee values the opinions of PROS Holdings, Inc. stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider those stockholders' concerns, and the compensation committee will evaluate whether any actions are necessary to address those concerns.

Shareholders should realize that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, in most cases it may not be feasible to change any executive compensation program in consideration of any one year's advisory vote on executive compensation.

Vote required

The affirmative vote of a majority of the shares of PROS Holdings, Inc. common stock present in person or represented by proxy and entitled to be voted on the proposal at the Annual Meeting is required for advisory approval of this proposal.

Recommendation of the board of directors

Our board of directors unanimously recommends a vote FOR the approval of the compensation of PROS Holdings, Inc. named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Table of Contents

PROPOSAL FOUR

The Dodd-Frank Act also enables PROS Holdings, Inc. stockholders to vote, on an advisory or non-binding basis, on how frequently they would like to cast an advisory vote on the compensation of our named executive officers. By voting on this proposal, stockholders may indicate whether they would prefer an advisory vote on named executive officer compensation once every one, two, or three years.

After careful consideration of the frequency alternatives, the board of directors believes that conducting advisory vote on executive compensation on an annual basis is appropriate for PROS Holdings, Inc. and its stockholders at this time. We believe that a vote for a one-year interval for the advisory vote on executive compensation would allow the shareholders to provide more frequent input on executive compensation matters and prevent unpopular pay practices from continuing too long without feedback.

Vote required

The affirmative vote of a majority of the shares of PROS Holdings, Inc. common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal. The board of directors will carefully consider the outcome of the vote when making future decisions regarding the frequency of advisory votes on executive compensation. However, because this vote is advisory and not binding, the board of directors may decide that it is in the best interests of PROS Holdings, Inc and its stockholders to hold an advisory vote more or less frequently than the alternative that has been selected by our stockholders.

Recommendation of the board of directors

Our board of directors unanimously recommends a vote for the approval of an ANNUAL advisory vote on the compensation of PROS Holdings, Inc. named executive officers.

Table of Contents**OTHER MATTERS**

We do not know of any other matters to be submitted at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares they represent as our board of directors recommends.

In addition, they must report any potential conflict of interest, including related party transactions, to their managers or our compliance officer who then reviews and summarizes the proposed transaction for our audit committee. Pursuant to its charter, our audit committee must then approve any related party transactions, including those transactions involving our directors. In approving or rejecting such proposed transactions, the audit committee considers the relevant facts and circumstances available and deemed relevant to the audit committee, including the material terms of the transactions, risks, benefits, costs, availability of other comparable services or products and, if applicable, the impact on a director's independence. Our audit committee will approve only those transactions that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our audit committee determines in the good faith exercise of its discretion.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires our directors and executive officers, among others, to file with the SEC and the NYSE an initial report of ownership of our common stock on a Form 3 and reports of changes in ownership on a Form 4 or a Form 5. Persons subject to Section 16 are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file related to transactions in our common stock. Under SEC rules, certain forms of indirect ownership and ownership of our common stock by certain family members are covered by these reporting requirements. As a matter of practice, our administrative staff assists our directors and executive officers in preparing initial ownership reports and reporting ownership changes and typically files these reports on their behalf.

Based on a review of the copies of such forms in our possession, and on written representations from reporting persons, we believe that during 2010, all of our executive officers and directors filed the required reports on a timely basis under Section 16(a), except a late Form 4 report was filed by Timothy V. Williams, Mariette M. Woestemeyer, William Russell, Andres D. Reiner, Albert E. Winemiller, Charles H. Murphy, Ellen Keszler and Greg B. COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth below.

Compensation philosophy and objectives

Our compensation committee believes that an effective compensation program should reward achievement of specific corporate goals and align our executives' interests with those of our stockholders by rewarding performance that meets or exceeds established goals. Our compensation programs are designed to motivate our executive officers to achieve or exceed corporate goals that enhance stockholder value and enable us to attract and retain key employees. Our executive compensation program is designed to reward superior performance and to achieve the following overall objectives:

attract, motivate and retain talented and experienced executives in the pricing and revenue optimization software market;

align the interests of our executive officers and stockholders by motivating executive officers to improve company performance and increase stockholder value; and

compensate our executives to manage our business to meet our long-term objectives.

Our compensation committee sets corporate performance targets for our executives. Executives have substantial portions of their total compensation at risk, contingent on our meeting corporate performance goals. We also believe that our equity incentive program is an important retention tool for our executive officers. We believe these equity awards are beneficial in aligning management and stockholder interests, and consequently increasing stockholder value.

Table of Contents

Role of the compensation committee

The responsibility for establishing, administering and interpreting our policies governing the compensation and benefits for our named executive officers, or NEOs, lies with our compensation committee, which consists entirely of non-employee directors. Our compensation committee has taken the following steps to ensure that our executive compensation and benefit policies are consistent with both our compensation philosophy and our corporate governance guidelines:

- solicited recommendations from an independent executive compensation consultant to evaluate our executive compensation practices and assisted in developing and implementing the executive compensation programs;

- established a practice, in accordance with the rules of the NYSE, of reviewing the performance and determining the compensation earned, paid or awarded to our chief executive officer independent of input from him; and

- established a policy, in accordance with the rules of the NYSE, to review on an annual basis the performance of our other executive officers with assistance from our chief executive officer and determining what we believe to be appropriate total compensation for these executive officers.

Role of the executive compensation consultant

The compensation committee engaged Compensia, Inc. to advise the committee on 2010 executive compensation matters due to Compensia's expertise in the software industry. Compensia provided the following services on behalf of the compensation committee during fiscal year 2010:

- reviewed and provided recommendations on the composition of our peer group of companies, and provided compensation data relating to executives at the companies in the peer group;

- conducted a comprehensive review of the total compensation arrangements for all of our executive officers;

- provided recommendations to the committee regarding our executive officers' compensation packages;

- assisted with executive equity program design, including an analysis of equity mix, aggregate share usage and target grant levels; and

- updated the compensation committee on emerging trends and best practices in the area of executive compensation.

The compensation committee is satisfied with the qualifications, performance and independence of Compensia. Other than providing limited guidance to our human resources department regarding equity compensation models for non-executive employees as authorized by the chairman of the compensation committee, Compensia does not provide any other services to us. We pay the cost for Compensia's services as negotiated with the compensation committee.

Role of the executive officers in compensation decision-making

Our compensation committee invites our chief executive officer and chief financial officer to attend committee meetings. During deliberations of compensation decisions relating to our executive officers, the compensation committee considers the recommendations of our chief executive officer and chief financial officer. The compensation committee then separately deliberates and makes determinations about executive compensation in executive session. The chief executive officer is periodically present during portions of these deliberations that relate to the compensation for NEOs other than the chief executive officer.

For compensation decisions regarding our chief executive officer, our compensation committee discusses with the chief executive officer his current compensation. The compensation committee then deliberates and determines the compensation of the chief executive officer in executive session outside of the presence of any executive officer, including our chief executive officer. The compensation committee then communicates its decision on his

compensation to him through the whole compensation committee or the chairman of the compensation committee.

Peer group

To assist the compensation committee in its deliberations on executive compensation, Compensia collected and analyzed data using the compensation committee's criteria to provide recommendations on the composition of our peer group of companies. The criteria used to establish our peer group of companies included software application companies, companies with revenue 0.5x to 2.0x of ours and companies with a market capitalization of 0.5x to 3.0x of ours. Based on the recommendations provided, the full peer group established by our compensation committee in 2010 consists of the following companies:

Actuate	American Software
Callidus Software	Chordiant Software
DemandTec	Double-Take Software
eBix	Falconstor Software
Guidance Software	Liveperson
Pervasive Software	Phoenix Software

Table of Contents

Smith Micro Software

Compensia then prepared a compensation analysis compiled from data gathered from publicly available information regarding the companies that the compensation committee had selected as members of our peer group and information from the Radford July 2009 high-tech industry survey of companies with \$50 million to \$200 million in revenue. The compensation committee used this data to compare the compensation of our NEOs to similarly positioned persons within the peer group and to determine the relative compensation for each NEO position, based on direct, quantitative comparisons of pay levels.

The compensation committee will review and update our peer group, as necessary, to ensure that the comparisons are meaningful.

Process for setting and awarding executive compensation

A broad range of facts and circumstances is considered in setting executive compensation. Among the factors considered for our executives generally, and for the NEOs in particular, are recommendations from the outside executive compensation consultant, advice from the chief executive officer, general economic and market conditions, our financial condition and operating results, our operating plan, our geographic location and the objectives of our executive compensation policies described above. The weight given each factor differs from year to year and may differ among individual NEOs in any given year. In 2010, our compensation committee did not prescribe individualized objectives or performance criteria by which to evaluate the executive officers' performance or contribution to specific items of corporate performance. The compensation committee considered the NEOs' individual performances in 2009 and earlier years as representative of their continuing ability to perform the functions and to fulfill the responsibilities of their respective positions.

Our compensation committee establishes executive compensation programs that the compensation committee believes, based on the members' experience, is the most appropriate to achieve the goals described above. Our compensation committee will continue to evaluate our executive compensation programs on a quantitative and qualitative basis on at least a yearly basis or as circumstances dictate. Our compensation committee expects to make new awards and adjustments to our executive compensation programs as appropriate.

Our NEOs include our principal executive officer, principal financial officer and one other executive officer who earned or was paid in excess of \$100,000 during 2010.

All stock appreciation rights and restricted stock units are approved by our compensation committee, but the compensation committee has delegated to the chief executive officer the authority to make share based awards to employees who are not executive officers, within certain limitations on aggregate grants and specific award terms. In 2010, the compensation committee determined the size of annual awards based upon the committee's subjective assessment of the incentive value of the NEOs' respective total equity interests relative to their roles in the company and their levels of vested and unvested shares. Share based awards approved by the compensation committee are required to be granted not earlier than the date of approval, and at an exercise price not less than the fair market value of our common stock on the date of grant.

Policy on recovery of bonus in event of financial restatement

In 2008, the board of directors adopted a "clawback" policy that permits the board of directors to consider and make a decision in its sole discretion to recover, under applicable law, any incentive bonuses awarded to executive officers whose fraud or intentional misconduct significantly contributed to a restatement of financial results that led to the awarding of incentive bonuses.

Components of executive compensation*Base salaries*

We use base salaries primarily to compensate and retain our executives for their services. Base salaries for our executive officers are reviewed on a yearly basis. In January 2010, the compensation committee reviewed the responsibilities and performance of Messrs. Reiner, Murphy and Woestemeyer, their tenure with us, their existing compensation packages and their expected contributions and responsibilities for 2010. Based on this review, the

current global economic challenges and our actions to more closely manage expenses, the compensation committee elected not to increase the base salaries of the NEOs for 2010. Messrs. Reiner, Murphy and Woestemeyer base salaries for 2010 were \$250,000, \$300,000 and \$233,750, respectively.

On November 15, 2010, the board of directors appointed Mr. Reiner to the position of president and chief executive officer. At the time of such appointment, the compensation committee elected to continue his 2010 base salary arrangement for the remainder of 2010. In 2011, the compensation committee reviewed Mr. Reiner's existing compensation package and expected contributions and

Table of Contents

responsibilities. Based on that review, we entered into an employment agreement with Mr. Reiner, providing for, among other items, an increase in base salary to \$325,000 and a one-time payment of approximately \$22,000 related to the difference in the compensation from November 15, 2010 to the effective date of the employment agreement. For additional information on this employment agreement, please see Compensation Discussion and Analysis Severance and termination provisions.

Cash incentive plan

We have a cash incentive plan for our NEOs under which cash incentive payments may be made after the end of each year based on our performance against our corporate objectives for the year. In addition to the NEOs performance against our corporate objectives, the cash incentive plan has a discretionary component. Cash incentive payments provide executive officers with a bonus opportunity if certain financial performance goals are achieved. The cash incentive program is intended to reward NEOs upon the achievement of fiscal year financial performance goals, with some limited discretion available for individual performance. The cash incentive payments are generally paid in the first quarter following completion of a given year. Our compensation committee does not have the discretion to increase the targets or decrease the amounts payable to any of our NEOs, but it does have the discretion to lower the targets and increase the amounts payable under this cash incentive plan. Traditionally, the committee has not exercised this discretion nor did it do so in 2010.

Each component of this cash incentive plan is independent of the other components and has minimum target and maximum target levels. The target incentive payment amounts are payable under this cash incentive plan if we hit our target levels for each component. Actual results between the minimum, target and the maximum goal levels would be pro-rated. The discretionary component is determined by the compensation committee on an annual basis at the end of the Company's fiscal year. We use our cash incentive plan to align our executive's performance with our financial results and to motivate our executives to achieve annual goals.

2010 Named Executive Officer Plan. In January 2010, our compensation committee approved our 2010 Named Executive Officer Plan, or 2010 NEO Plan. The 2010 NEO Plan set target incentive payment amounts based upon three components: (i) revenue, (ii) non-generally accepted accounting principles, or non-GAAP, operating income, and (iii) discretionary. Each of the components is independent of the others, but the weighting of the components as they relate to potential incentive payments is set forth in the following table:

Component	Weighting of component as a % of bonus payment
Revenue	45.0%
Non-GAAP operating income (1)	45.0%
Discretionary	10.0%

(1) Non-GAAP operating income represents GAAP operating income less stock-based compensation charges as described in ASC 718, litigation and settlement expense and separation compensation related to the resignation of our former chief executive officer.

The compensation committee felt that increasing the weighting of the revenue and non-GAAP operating income components of the 2010 NEO Plan would heighten management's focus on maximizing our revenues and profitability during the 2010 fiscal year.

The revenue and non-GAAP operating income components of the 2010 NEO Plan were set on a semi-annual basis by the compensation committee and those components were measured at the end of each semi-annual period against actual financial results. There is a cumulative annual performance calculation for those two components. The discretionary component was determined by the compensation committee on an annual basis at the end of the Company's fiscal year. The maximum for the discretionary component was 10%. The payments were made in 2011.

The potential payouts under the 2010 NEO Plan were based on our performance as a company within a range of each component's target. No incentive payment was to be earned below the target threshold and the maximum bonus

was to be earned at the target maximum. The ranges for each component are set forth in the following table:

Component (In millions)	Target minimum	Target maximum
Revenue	\$65.6	\$76.6
Non-GAAP operating income	\$ 7.7	\$ 8.9

Table of Contents

The following table sets forth our revenue and non-GAAP operating income targets for 2010:

Component (In millions)	Target
Revenue	\$72.9
Non-GAAP operating income	\$ 8.5

The compensation committee set the amount of each incentive payment as a percentage of the base salary of each executive officer as set forth in the following table:

Executive officer	At target threshold	At target	At target maximum
Andres D. Reiner (1)	45%	90%	180%
Charles H. Murphy	40%	80%	120%
Ronald F. Woestemeyer	22.5%	45%	67.5%
Albert E. Winemiller (2)	50%	100%	150%

(1) On November 15, 2010 in connection with Mr. Reiner appointment to president and chief executive officer, Mr. Reiner's bonus payment as percentage of base salary was changed from the previously reported at target percentage of 60% and at target maximum percentage of 90% to at target percentage of 90% and at target maximum percentage of 180% for the period of November 15, 2010 to December 31, 2010.

(2) On November 12, 2010, Mr. Winemiller announced his resignation as an officer and director of the Company. Mr. Winemiller remained with the Company in a transitional role until December 31, 2010 and was eligible for the 2010 NEO plan.

Under the 2010 NEO Plan, Mr. Reiner achieved 105% of the target payout, Mr. Murphy achieved 135% of target payout, Mr. Woestemeyer achieved 135% of target payout and Mr. Winemiller achieved 100% of target payout as presented above.

Executive compensation activities in 2011. The 2011 Named Executive Officer Plan sets target bonus amounts and performance criteria for participants. The performance criteria and the general terms of the 2011 Named Executive Officer Plan is consistent with the Company's 2010 NEO Plan as described above. The weighting of the criteria for 2011 Named Executive Officer Plan is set forth in the following table:

Component	Weighting of component as a % of bonus payment
Revenue	60.0%
Non-GAAP operating income (1)	30.0%
Discretionary	10.0%

(1) Non-GAAP operating income represents GAAP operating income less stock-based compensation charges as described in ASC 718.

On November 15, 2010, the board of directors appointed Mr. Reiner to the position of president and chief executive officer. In connection with such appointment, the compensation committee reviewed Mr. Reiner's existing compensation package and expected contributions and responsibilities. Based on that review, the compensation committee approved an increase in the base salary of Mr. Reiner from \$250,000 to \$325,000 for the year 2011. There were no changes to the other NEO's base compensation for 2011.

Long-term incentive award programs

Our base salary and cash incentive plan are intended to compensate and motivate for the short-term. The compensation committee believes that equity compensation plans are an essential tool to link the long-term interests of stockholders and employees, especially the NEOs, and serve to motivate NEOs to make decisions that will, in the long run, deliver the best returns to stockholders. In the past, our compensation committee has granted stock options, restricted stock units and stock appreciation rights.

The Company provides equity awards under its 2007 equity incentive plan. Under the 2007 equity incentive plan, the company may provide incentives through the grant of: (i) restricted stock awards; (ii) restricted stock unit awards; (iii) stock options; (iv) stock appreciation rights; (v) phantom stock; and (vi) performance awards. As of December 31, 2010, there has not been any issuance of restricted stock awards, phantom stock or performance awards under the 2007 equity incentive plan. The Company does not apply mandatory holding periods with respect to stock acquired upon exercise of stock options or stock appreciation rights or vesting of restricted stock units.

Table of Contents

The compensation committee believes that the use of equity awards offers the best approach to achieve our compensation goals with respect to long-term incentives and currently provides tax and other advantages to our NEOs relative to other forms of equity compensation. As of December 31, 2010, we have granted stock options, restricted stock units and stock appreciation rights since we believe that these types of equity awards are competitive in our industry and are best understood by our executive officers.

The compensation committee believed it was in our best interests to provide additional equity awards to our NEOs to incentivize them and to provide additional retention value. In March 2010, we granted Mr. Reiner 30,000 restricted stock units and 20,000 stock settled stock appreciation rights and Mr. Murphy was granted 18,000 restricted stock units and 28,000 stock settled stock appreciation rights. In addition in December 2010, we granted Mr. Reiner 50,000 restricted stock units and 180,000 stock settled stock appreciation rights and Mr. Murphy was granted 13,000 restricted stock units and 46,000 stock settled stock appreciation rights.

1999 equity incentive plan. Our 1999 equity incentive plan, or 1999 Plan, authorized us to grant options to purchase shares of common stock to our employees, directors and consultants at our discretion. Our 1999 plan was terminated in March 2007 for purposes of granting any future equity awards. There were issued and outstanding stock options to purchase 71,024 shares of our common stock under this plan on December 31, 2010.

2007 equity incentive plan. Our 2007 equity incentive plan, or 2007 Plan, was adopted in March 2007. The purpose of the 2007 Plan is to promote our long-term growth and profitability. The 2007 Plan is intended to make available incentives that will help us to attract, retain and reward employees whose contributions are essential to our success. Under the 2007 Plan, our employees, officers, directors and other individuals providing services to us or any our affiliates are eligible to receive awards. The 2007 Plan has an evergreen provision that allows for an annual increase equal to the lesser of (i) 3.5% of our outstanding shares (ii) 900,000 shares or (iii) any lesser amount determined by the compensation committee of the board of directors. We may provide these incentives through the grant of: (i) restricted stock awards; (ii) restricted stock unit awards; (iii) stock options; (iv) stock appreciation rights; (v) phantom stock; and (vii) performance awards.

In February 2010, we increased the number of shares available to grant by 900,000 under the evergreen provision in our 2007 Plan increasing the number shares reserved for issuance to 5,468,000. As of December 31, 2010, we had outstanding equity awards to acquire 3,846,751 shares of its common stock held by our employees, directors and consultants under the 2007 Plan. Included in such outstanding equity awards is 1,857,658 of stock options, 1,241,593 restricted stock units and 747,500 SARs held by our employees, directors and consultants. As of December 31, 2010, 79,682 shares remained available for grant under the 2007 Plan. As of December 31, 2010, there has not been any issuance of restricted stock awards, phantom stock or performance awards under this plan.

Stock options. Our 2007 Plan permits the granting of options to purchase shares of our common stock intended to qualify as incentive stock options, under Section 422 of the Internal Revenue Code, and nonqualified stock options. The option exercise price and the term of each option are determined by the compensation committee. The compensation committee also determines at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. The compensation committee, as plan administrator, can determine vesting for grants which generally expire ten years after the date of the grant.

Stock appreciation rights. The compensation committee may grant a right to receive a number of shares or, in the discretion of the compensation committee, an amount in cash or a combination of shares and cash, based on the increase in the fair market value of the shares underlying the right during a stated period specified by the compensation committee.

Restricted stock awards and units. The compensation committee may award shares of our common stock to participants at no cost or for a purchase price or restricted stock units that are settled in shares of our common stock. These restricted stock and restricted stock unit awards may be subject to restrictions or may be free from any restrictions under our 2007 Plan. The purchase price of the shares, if any, and any applicable restrictions, are determined by the compensation committee.

Phantom stock. The compensation committee may grant stock equivalent rights, or phantom stock, which entitles the recipient to receive credits which are ultimately payable in the form of cash, shares of our common stock

or a combination of both. Phantom stock does not entitle the holder to any rights as a stockholder.

Performance awards. The compensation committee may grant performance awards to participants entitling the participants to receive cash, shares of our common stock or a combination of both, upon the achievement of performance goals and other conditions determined by the compensation committee. The performance goals may be based on our operating income or on one or more other business criteria selected by the compensation committee.

In the event of any stock split, stock dividend or similar transaction, the shares subject to the 2007 Plan and any outstanding awards will automatically be adjusted. The 2007 Plan will continue in effect until the tenth anniversary of its approval by our board of directors, unless earlier terminated earlier. The compensation committee may amend, terminate or modify the plan at any time.

In the event of certain significant corporate transactions, including a change in control of the Company, any then-outstanding equity award or option under the 2007 Plan may be assumed, continued or substituted for by any surviving or acquiring entity (or its parent company). If the surviving or acquiring entity (or its parent company) elects to assume, continue or substitute for such awards or options and the holder of such award or option is terminated without cause or resigns for good reason within 18 months of a change of control of the Company, such awards or options shall vest in full. If the surviving or acquiring entity (or its parent company) elects not to assume, continue or substitute for the equity awards or options under the 2007 Plan, all outstanding equity awards and options under the 2007 Plan will vest in full and become fully exercisable.

Benefits. We provide our executive officers the following benefits, generally on the same terms as we provide our other employees.

health, dental, travel, accident insurance and vision;
 life insurance;
 employee assistance plan;
 medical and dependent care flexible spending account;
 short-and long-term disability, accidental death and dismemberment;
 a 401(k) plan;
 paid time off and vacations;
 sick days; and
 tuition reimbursement.

We believe these benefits are consistent with companies with which we compete for employees.

401(k) Plan. In May 1996, we adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, which generally covers our full-time employees. The plan is intended to qualify under Section 401(a) of the Internal Revenue Code. Contributions, and income earned thereon, are not taxable to employees until withdrawn from this plan. Under this plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limit and have the amount of the reduction contributed to the plan. This plan also permits us to make matching contributions to the plan on behalf of participants. Historically, the Company's matching contribution is defined as 50% of the first 6% of employee contributions. The Company may also make discretionary contributions. The Company temporarily discontinued the matching contribution in 2009 as a result the economic conditions during 2009. The Company is planning to reinstate the 401(k) matching contribution in the future upon achievement of certain performance targets.

Ownership guidelines and policies

As part of our overall corporate governance and compensation practices, our board of directors adopted stock ownership guidelines for our NEOs and directors. These guidelines are designed to align our executive officers interests with our stockholders' long-term interests by promoting long-term share ownership, which reduces the incentive for excessive short-term risk taking. As of December 31, 2010, each of our NEOs was in compliance with the applicable guidelines. The guidelines currently state that each executive is required to hold at least \$100,000 worth of our stock while serving as an executive officer. Share units or unexercised options held by an executive officer under any of our equity incentive plans are included in calculating the value of ownership to determine whether this minimum ownership requirement has been met.

Our board of directors may evaluate whether exceptions should be made in the case of any covered person who, due to his or her unique financial circumstances, would incur a hardship by complying with these guidelines. No such exceptions were granted or in place in fiscal year 2010.

Severance and termination provisions

We provide our NEOs with severance packages if they are terminated without cause (as defined in their employment or severance agreements) in order to attract and retain them. The amount of severance benefits is described below. The compensation committee reviews the potential payouts to ensure their market-competitiveness in order to incentivize our NEOs to maintain focus on both daily and long-term efforts.

On February 28, 2011, the Company entered into an employment agreement with Andres Reiner, our chief executive officer and president. The base salary payable to Mr. Reiner is subject to periodic review by our compensation committee. In addition, Mr. Reiner is entitled to participate in the Company's employee bonus plans. The employment agreement will provide Mr. Reiner with payment of (i) any unpaid bonus earned prior to the termination relating to completed bonus periods preceding the date of termination, and (ii) the payment of a bonus at one hundred percent of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for twelve months. The unpaid bonus described in subsection (i) shall be paid on or about termination and the bonus as described in subsection (ii) shall be payable in equal installments during the twelve month period following termination. Such bonuses are payable if Mr. Reiner is terminated by us without cause, as defined in the agreement or by Mr. Reiner, as applicable, for good reason, as defined in the agreement. Mr. Reiner is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

We entered into an employment agreement with Mr. Murphy, our chief financial officer, on September 30, 2005. This agreement was originally for a two- year term and automatically renew for one-year terms unless the Company decides not to renew them. The base salary payable to Mr. Murphy is subject to periodic review by our compensation committee. Mr. Murphy is entitled to 12 months of severance, up to 12 months of health benefits and 12 months of acceleration of the vesting on their stock options granted prior to April 2, 2007 if their employment with us is terminated without cause or they resign with good reason, as defined in those agreements. On April 2, 2007, our board of directors amended this employment agreement to provide for the full acceleration of vesting, or lapse of all repurchase rights, of any options or other equity awards granted to Mr. Murphy on or after April 2, 2007, if Mr. Murphy is terminated without cause, resigns for good reason or if a change of control of the Company occurs. In addition, the amended employment agreement provides for 18 months of severance and 18 months of health benefits if Mr. Murphy is terminated without cause or if Mr. Murphy resigns for good reason within six months prior to or any time after a change in control transaction of the Company. Mr. Murphy is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of their employment. On March 24, 2009, the Company entered into a Second Amendment of Employment Agreement with Mr. Murphy. The Second Amendment of Employment Agreement will provide Mr. Murphy with payment of (i) any unpaid bonus earned prior to the termination relating to completed bonus periods preceding the date of termination, and (ii) the payment of a bonus at one hundred percent of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for twelve months. The unpaid bonus described in subsection (i) shall be paid on or about termination and the bonus as described in subsection (ii) shall be payable in equal installments during the twelve month period following termination. Such bonuses are payable if Mr. Murphy is terminated by us without cause, as defined in the agreement or by Mr. Murphy, as applicable, for good reason, as defined in the agreement. In addition, the amended employment agreements provides for the payment of (i) any unpaid bonus earned prior to the termination relating to completed bonus periods preceding the date of termination, and (ii) the payment of a bonus at one hundred percent of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for eighteen months if such officer is terminated without cause or if such officer resigns for good reason within six months prior to or any time after a change in control transaction of the Company. Mr. Murphy is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

In January 1999, we entered into an employment agreement with Mr. Woestemeyer, our executive vice president. This agreement was originally for a two-year term and automatically renews for one-year terms unless the Company decides not to renew. Under this agreement, Mr. Woestemeyer's salary is subject to periodic review by our

compensation committee, and he is entitled to 12 months of severance if he is terminated without cause as defined in his agreement or we decide not to renew his agreement without giving him notice. If we decide not to renew this agreement and we provide 60-days notice of non-renewal to Mr. Woestemeyer, he is entitled to 10 months of severance. In addition, Mr. Woestemeyer is subject to non-competition and non-solicitation restrictions during the term of his employment and for the severance period following the termination of his employment.

Cause is defined in these employment agreements as a breach by our officer of his duties of confidentiality which causes a material harm to us, his conviction of, or a plea of guilty or no contest to, a felony or his failure to perform his duties after notice and a cure period. In addition, for Messrs. Reiner and Murphy, cause also includes an intentional wrongdoing by them that adversely affect us. Messrs. Reiner and Murphy can resign for good reason and be entitled to severance. Good reason is defined in their employment agreements as the assignment of duties to them that are substantially inconsistent with their current roles with us, the relocation of their offices to more than 50 miles from our present location, a material reduction in their base salaries and our failure to provide them with similar benefits that we provide to our other employees.

Tax and accounting considerations

Tax considerations

We are subject to Internal Revenue Code Section 162(m), which limits the amount that we may deduct for compensation paid to our chief executive officer and to each of our four most highly compensated officers to \$1,000,000 per person per year, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation approved by our stockholders. In addition to salary and bonus compensation that is not performance-based, the exercise of stock options may cause an officer's total compensation to exceed \$1,000,000. However, compensation from options that meet certain requirements will be exempt from the \$1,000,000 cap on deductibility. In the past, annual cash compensation to our executive officers has not exceeded \$1,000,000 per person. Although we do not currently anticipate such compensation to exceed the \$1,000,000 limit, our officer compensation could in the future exceed this limit, and we may not be able to deduct the compensation amount in excess of \$1,000,000. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance.

Accounting for share-based compensation

We account for share-based compensation in accordance with applicable accounting standards. Under the fair value recognition provisions of these standards, share-based compensation cost is measured at the grant date based on the fair value of the award. Share-based compensation expense is recognized on a straight-line basis over the requisite service period of the entire award, which is generally the vesting period.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The compensation committee has reviewed and discussed the preceding Compensation Discussion and Analysis section of this proxy statement with our management. Based on this review and discussion, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in our proxy statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2010.
