ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On May 18, 2011, First Solar Manufacturing GmbH (the Borrower), an indirect wholly owned subsidiary of First Solar, Inc. (the Company), entered into a EUR 124,500,000 Credit Facility Agreement (the Credit Agreement), among the Borrower, Commerzbank Aktiengesellschaft, as arranger (the Arranger), Commerzbank Aktiengesellschaft, Luxembourg Branch, as facility agent (the Facility Agent), Commerzbank Aktiengesellschaft, Luxembourg Branch, as security agent (the Security Agent), and the additional finance parties party thereto. A copy of the Credit Agreement (translated into English from the German original) is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

Concurrently with the execution of the Credit Agreement, the Company entered into a Guarantee Agreement dated as of May 18, 2011 (the Guarantee Agreement), among the Company, the Borrower and the Security Agent. A copy of the Guarantee Agreement is attached hereto as Exhibit 10.2 and is incorporated herein by reference.

The proceeds of the Credit Agreement will be used by the Borrower to, among other things, finance and/or refinance the acquisition of certain land parcels located in Frankfurt/Oder, Germany and the construction of a new facility for the production of thin-film solar modules (the FFO2 Production Facility).

Borrowings under the Credit Agreement bear interest at a rate per annum equal to 1.35% (the Margin) plus mandatory costs plus a euribor rate determined by reference to the rate for the offering of deposits in euro appearing on the Reuters screen (EURIBOR01) for the interest period selected by the Borrower. During the period from the date of the Credit Agreement until the date 17 months thereafter, unutilized commitments under the Credit Agreement are subject to a commitment fee equal to 35% of the Margin.

The Borrower may voluntarily repay outstanding loans under the Credit Agreement at any time without premium or penalty, subject to compensation for customary break costs and certain other requirements. The Borrower is required to prepay loans with certain asset sales and insurance proceeds and may be required by the lenders to prepay the loans upon the occurrence of a change of control.

The loans made to the Borrower are (i) secured by, among other things, a first-ranking abstract land charge over the parcels of land on which the FFO2 Production Facility will be constructed and a pledge of a debt service reserve account and (ii) guaranteed by the Company pursuant to the Guarantee Agreement and by the German Federal Government and the Federal State of Brandenburg.

The Credit Agreement contains negative covenants that, among other things, restrict, subject to certain exceptions, the ability of the Borrower to incur indebtedness, create liens, effect asset sales, make dividends, other distributions and share buybacks, engage in reorganizations, make acquisitions and create joint ventures and make loans. In addition, the Credit Agreement includes financial covenants relating to minimum liquidity, maximum permitted leverage ratio and minimum EBITDA. The Credit Agreement also contains certain representations and warranties, affirmative covenants and events of default.

The foregoing summary of the Credit Agreement, the guarantee and security documents described herein, and the transactions contemplated thereby, does not purport to be complete and is subject to, and qualified in its entirety by, the full text of each of the documents described herein.
