OUR COMPANY

We are a leading provider of government-outsourced services specializing in the management of correctional, detention, mental health, residential treatment and re-entry facilities, and the provision of community based services and youth services in the United States, Australia, South Africa, the United Kingdom and Canada. We operate a broad range of correctional and detention facilities including maximum, medium and minimum security prisons, immigration detention centers, minimum security detention centers, mental health, residential treatment and community based re-entry facilities. We offer counseling, education and/or treatment to inmates with alcohol and drug abuse problems at most of the domestic facilities we manage. Through our acquisition of BII Holding Corporation, which we refer to as BI Holding, we are also a provider of innovative compliance technologies, industry-leading monitoring services, and evidence-based supervision and treatment programs for community-based parolees, probationers and pretrial defendants. Additionally, BI Holding has an exclusive contract with U.S. Immigration and Customs Enforcement to provide supervision and reporting services designed to improve the participation of non-detained aliens in the immigration court system. We develop new facilities based on contract awards, using our project development expertise and experience to design, construct and finance what we believe are state-of-the-art facilities that maximize security and efficiency. We also provide secure transportation services for offender and detainee populations as contracted.

Our business was founded in 1984 as a division of The Wackenhut Corporation, or TWC, a multinational provider of global security services. We were incorporated in 1988 as a wholly-owned subsidiary of TWC. In July 1994, we became a publicly-traded company. In 2002, TWC was acquired by Group 4 Falck A/S, which became our new parent company. In July 2003, we purchased all of our common stock owned by Group 4 Falck A/S and became an independent company. In November 2003, we changed our corporate name to The GEO Group, Inc. We currently trade on the New York Stock Exchange under the ticker symbol GEO.

We are incorporated in Florida. Our principal executive offices are located at 621 NW 53rd Street, Suite 700, Boca Raton, Florida 33487. Our telephone number is (561) 893-0101. Our website is www.geogroup.com. Information on, or accessible through, our website is not a part of this prospectus.

Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus and any prospectus supplement.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

All statements other than statements of historical facts included in this prospectus, including, without limitation, statements regarding our future financial position, business strategy, budgets, projected costs and plans and objectives of management for future operations, are forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology such as may, will, expect, anticipate, intend, plan, believe, estimate or continue or the negative of such words or variations of such words and similar expressions. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions, which are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements and we can give no assurance that such forward-looking statements will prove to be correct. Important factors that could cause actual results to differ materially from those expressed or implied by the forward-looking statements, or cautionary statements, include, but are not limited to:

our ability to timely build and/or open facilities as planned, profitably manage such facilities and successfully integrate such facilities into our operations without substantial additional costs;

the instability of foreign exchange rates, exposing us to currency risks in Australia, the United Kingdom, and South Africa, or other countries in which we may choose to conduct our business;

our ability to activate the inactive beds at our idle facilities;

an increase in unreimbursed labor rates;

our ability to expand, diversify and grow our correctional, mental health, residential treatment, re-entry, supervision and monitoring and secure transportation services businesses;

our ability to win management contracts for which we have submitted proposals, retain existing management contracts and meet any performance standards required by such management contracts;

our ability to raise new project development capital given the often short-term nature of the customers commitment to use newly developed facilities;

our ability to estimate the government's level of dependency on privatized correctional services;

our ability to accurately project the size and growth of the U.S. and international privatized corrections industry;

our ability to develop long-term earnings visibility;

our ability to identify suitable acquisitions and to successfully complete and integrate such acquisitions on satisfactory terms;

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is summarized from our articles of incorporation, as amended, which have been publicly filed with the SEC. See **Where You Can Find More Information**.

Our authorized capital stock consists of:

90,000,000 shares of common stock, par value \$0.01 per share; and

30,000,000 shares of preferred stock, par value \$0.01 per share, of which 100,000 shares are designated as Series A Junior Participating Preferred Stock.

The only equity securities currently outstanding are shares of common stock. As of September 9, 2011, we had 62,612,179 shares of common stock issued and outstanding.

Common Stock

Each holder of our common stock is entitled to one vote per share on all matters to be voted upon by our shareholders. Upon any liquidation, dissolution or winding up of our business, the holders of our common stock are entitled to share equally in all assets available for distribution after payment of all liabilities, subject to the liquidation preference of shares of preferred stock, if any, then outstanding. Our common stock has no preemptive or conversion rights. All outstanding shares of common stock are fully paid and non-assessable. Our common stock is traded on the New York Stock Exchange under the symbol **GEO**.

Preferred Stock

Pursuant to our articles of incorporation, our board of directors may, by resolution and without further action or vote by our shareholders, provide for the issuance of up to 30,000,000 shares of preferred stock from time to time in one or more series having such voting powers, and such designations, preferences, and relative, participating, optional, or other special rights and qualifications, limitations, or restrictions thereof, as the board of directors may determine.

The issuance of preferred stock may have the effect of delaying or preventing a change in our control without further action by our shareholders. The issuance of shares of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of our common stock.

Rights Agreement and Series A Junior Participating Preferred Stock

Each share of our common stock carries with it one preferred share purchase right. If the rights become exercisable, each right entitles the registered holder to purchase from us one one-thousandth of a share of Series A Junior Participating Preferred Stock at a fixed price, subject to adjustment. Until a right is exercised, the holder of the right has no right to vote or receive dividends or any other rights as a shareholder as a result of holding the right. The rights trade automatically with shares of our common stock, and may only be exercised in connection with certain attempts to take over our company. The rights are designed to protect the interests of our company and our shareholders against coercive takeover tactics and encourage potential acquirors to negotiate with our board of directors before attempting a takeover. The description and terms of the rights are set forth in a rights agreement, dated as of October 9, 2003, as the same may be amended from time to time, between us and EquiServe Trust Company, N.A. (succeeded by Computershare Trust Company, NA), as rights agent, a copy of which is filed as Exhibit 4.3 to a Current Report in Form 8-K filed on October 30, 2003.

Dividends

Subject to preferences that may be applicable to any outstanding preferred stock, the holders of common stock are entitled ratably to receive dividends, if any, declared by our board of directors out of funds legally

available for the payment of dividends. We have not paid cash dividends to date and do not expect to pay any cash dividends in the foreseeable future.

Anti-Takeover Protections

Certain Provisions of Florida Law

We are subject to several anti-takeover provisions under Florida law that apply to a public corporation organized under Florida law, unless the corporation has elected to opt out of those provisions in its articles of incorporation or bylaws. We have not elected to opt out of those provisions. Our common stock is subject to the affiliated transactions and control-share acquisitions provisions of the Florida Business Corporation Act. These provisions require, subject to certain exceptions, that an affiliated transaction be approved by the holders of two-thirds of the voting shares other than those beneficially owned by an interested shareholder and that voting rights be conferred on control shares acquired in specified control share acquisitions only to the extent conferred by resolution approved by the shareholders, excluding holders of shares defined as interested shares. Subject to several exceptions, these provisions have the effect of deterring certain transactions between us and our shareholders and certain acquisitions of specified percentages of our common stock, that in each case have not been approved by disinterested shareholders.

Preferred Stock

Our board of directors is authorized, without further shareholder action, to divide any or all shares of the authorized preferred stock into series and fix and determine the designations, preferences and relative rights and qualifications, limitations or restrictions thereon of any series so established, including voting powers, dividend rights, liquidation preferences, redemption rights and conversion privileges. The issuance of preferred stock with voting rights or conversion rights may adversely affect the voting power of the common stock, including the loss of voting control to others. The issuance of preferred stock may also have the effect of delaying, deferring or preventing a change in our control without shareholder approval.

Rights Agreement

The rights issued under the rights agreement described above have certain anti-takeover effects. The rights will cause substantial dilution to a person or group that attempts to acquire control of our company without conditioning the offer on the redemption of the rights. The rights should not interfere with any merger or other business combination approved by our board of directors prior to the time that the rights may not be redeemed. The rights are designed to provide additional protection against abusive takeover tactics such as offers for all shares at less than full value or at an inappropriate time (in terms of maximizing long-term shareholder value), partial tender offers and selective open-market purchases. The rights are intended to assure that our board of directors has the ability to protect shareholders and GEO if efforts are made to gain control of GEO in a manner that is not in the best interests of GEO and its shareholders. The rights may, but are not intended to, deter takeover proposals that may be in the interests of our shareholders.

Transfer Agent

The transfer agent and registrar for our common stock is BNY Mellon Shareowner Services.
