About The Meeting

What am I voting on?

You will be voting to elect seven Directors, each to hold office until the next Annual Meeting of Shareholders or until a successor is appointed and qualified.

Who is soliciting my Proxy?

The Company's Board of Directors is soliciting your Proxy to be used at the 2003 Annual Meeting of Shareholders. The Company will pay the entire cost of soliciting Proxies and will arrange with brokerage houses, nominees, custodians and other fiduciaries to send Proxy soliciting materials to beneficial owners of the Company's Common Stock at the Company's expense. In addition to solicitation by mail, officers and other employees of the Company may solicit Proxies personally, by telephone or by fax.

Who is entitled to vote?

You may vote if you owned Common Stock of the Company as of the close of business on March 7, 2003. Each share of Common Stock is entitled to one vote on any matter voted on at the Annual Meeting. As of March 7, 2003 we had 55,512,423 shares of Common Stock outstanding.

How do I vote?

You can vote in one of four ways:

By Internet at www.voteproxy.com. We encourage you to vote this way.

By toll-free telephone at 800-PROXIES.

By completing and mailing your proxy card.

By ballot at the Annual Meeting.

May I change my mind after I vote?

You may change your vote at any time before the polls close at the meeting by:

Delivering a written notice of revocation, with a later date than the proxy card, to Champion's Secretary at or before the meeting.

Signing another proxy card with a later date and returning it to the address on the proxy card before the meeting.

Voting again by telephone or Internet before midnight EDT on April 28, 2003.

Voting in person at the meeting.

Table of Contents

What if I return my proxy card but do not provide voting instructions?

Proxies that are signed and returned but do not contain voting instructions will be voted by the persons named in the enclosed proxy card FOR the election of the nominee Directors.

How do I vote my shares in the Champion Enterprises, Inc. Savings Plan?

Shares credited to your Champion Enterprises, Inc. Savings Plan are on your proxy card. You may vote these shares using the Internet, telephone or mail as described on the proxy card. Your Proxy will be considered to be voting instructions to the Trustee of the Savings Plan concerning shares held in your account. If you do not provide voting instructions, if the card is not signed, or if the card is not received by April 24, 2003, the shares credited to your account will be voted in the same proportion as directions received from other participants.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer and Trust Company and you may reach them by phone at 800-937-5449. Shares held by the Savings Plan cannot be consolidated with your other holdings.

Who may attend the meeting?

The Annual Meeting is open to all holders of our Common Stock. For directions to the meeting, please call Investor Relations at 248-340-7731. We look forward to having you at the meeting.

May Shareholders ask questions at the meeting?

Yes, representatives of the Company will answer Shareholder questions of general interest at the meeting.

How many votes must be present to hold the meeting?

In order for us to hold the meeting, a majority of our outstanding shares of Common Stock as of March 7, 2003 must be present in person or by Proxy. This majority is referred to as a quorum. Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a Proxy using the Internet, telephone, or mail. Abstentions and votes withheld by brokers on non-routine proposals in the absence of instructions from beneficial owners (broker non-votes) will be counted as present at the Annual Meeting to determine whether a quorum exists.

Table of Contents

How many votes are needed to elect Directors?

The seven Director nominees receiving the highest number of For votes will be elected as Directors. This number is called a plurality. Shares not voted, whether by marking Withhold Authority on your proxy card, by broker non-votes (which are described above) or otherwise, will have no impact on the election of Directors. Unless a properly executed proxy card is marked Withhold Authority, the Proxy given will be voted For each of the seven Director nominees. If a nominee is unable or declines to serve, Proxies will be voted for the balance of the nominees and for such additional persons as designated by the Board to replace such nominee. However, the Board does not anticipate that this will occur.

Can my shares be voted on matters other than those described in this Proxy?

Yes, if any other item or proposal properly comes before the meeting, the Proxies received will be voted in accordance with the discretion of the Proxy holders. The Company, however, has not received proper notice of, and is not aware of, any business to be transacted at the meeting other than as indicated in this Proxy Statement.

When are shareholder proposals due for the 2004 Annual Meeting?

To be included in the Company's Proxy Statement for the 2004 Annual Meeting of Shareholders, proposals must be received by the Company not later than November 26, 2003. Such proposals should be addressed to the Company's Secretary at the address listed below. Shareholder proposals to be presented at the 2004 Annual Meeting or any Special Meeting which are not to be included in the Company's Proxy Statement must be received by the Company no earlier than January 30, 2004 nor later than March 1, 2004 in accordance with procedures in the Company's Bylaws.

Compensation of Directors

General: Nonemployee Directors are compensated pursuant to the 2000 Stock Compensation Plan for Nonemployee Directors (the Directors Plan), which the Shareholders approved in 2000. A Director who is also an employee of the Company receives no compensation for serving as a Director other than compensation for services as an employee. All Directors are reimbursed for expenses to attend Board and Committee meetings.

To help attract and retain Directors, effective December 18, 2002 the Directors Plan was amended to provide for a cash component in addition to the stock component for nonemployee Director compensation. This amendment to the Directors Plan was based on the recommendation of an independent consultant, who considered the director compensation levels of comparable publicly-traded corporations, including a group of manufactured housing companies.

2003 Compensation Program: Effective January 1, 2003 the cash component of Director compensation consists of an annual cash retainer of \$30,000 (or \$34,500 for Committee Chairpersons), which is paid quarterly. In addition, Directors receive \$1,500 for each Board or Committee meeting attended in person and \$750 for each meeting attended by telephone. Committee meeting fees only apply to meetings not held on the same day as a Board meeting. A Director appointed to fill a vacancy on the Board prior to an Annual Meeting receives a prorated cash retainer for the interim term.

The stock component of Director compensation consists of a restricted stock award for 5,000 shares of Champion's Common Stock (or 5,750 shares for Committee Chairpersons) upon election or reelection at an Annual Meeting. A Director appointed to fill a vacancy on the Board or who becomes a Committee Chairperson prior to an Annual Meeting receives a prorated restricted stock award for such interim term. The restricted stock award vests based on the Director's length of service with the Company following the award, as follows: 0% for less than six months; 50% for less than one year; and 100% for one year. Subject to the same vesting schedule, a Director may elect to defer receipt of a restricted stock award until retirement, death or other termination of service from the Board.

Directors currently serving are expected to own a minimum of 10,000 shares of Company Common Stock by the end of 2005. New nonemployee Directors are expected to meet this ownership requirement within three years of joining the Board.

Table of Contents

2002 Compensation Program:

In 2002 nonemployee Directors were compensated pursuant to the Directors Plan, which provided for stock-based compensation payable at each Annual Meeting, upon initial election to the Board, and upon ten consecutive years of service. Previously, Directors did not receive any cash compensation for their services.

Upon election or reelection to the Board at an Annual Meeting, a Director previously received a stock retainer for 4,800 shares of Company Common Stock (or 5,200 shares for Committee Chairpersons). A Director could have elected to defer receipt of these shares or receive an immediately exercisable option to purchase four shares of Company Common Stock for each share that would otherwise have been received as part of the stock retainer.

Upon initial election to the Board at an Annual Meeting, a Director previously received an option to purchase 24,000 shares of Company Common Stock if the Director purchased at least 6,000 shares of Company Common Stock in the open market. If less than the 6,000 (but at least 3,000) shares were purchased, the Director received a pro rata portion of the option.

At the Annual Meeting marking the anniversary of ten consecutive years of service as a Director, the Board previously had discretionary authority, based upon the recommendation of the Compensation and Human Resources Committee, to grant to such Director an option to purchase 24,000 shares of Company Common Stock if the Director personally owned at least 6,000 shares of Company Common Stock 60 days after such Annual Meeting. If the Director owned less than 6,000 (but at least 3,000) shares at the end of the 60-day period, the Director received a pro rata portion of the option.

Options previously granted had an exercise price equal to the fair market value of Company Common Stock on the grant date and were exercisable for ten years. Options granted upon initial election to the Board or upon ten consecutive years of service vested immediately, but became exercisable at the rate of 25% of the total shares subject to the option on each of the next four Annual Meeting dates following the grant date.

Compensation and Human Resources Committee Report On Executive Compensation

The Committee:	<p>Primary function is to consider and recommend to the Board compensation programs, benefits and awards for executive officers and Directors.</p> <p>Develops and monitors executive compensation policies.</p> <p>Oversees administration of stock option plans and programs.</p>
Compensation Policies:	<p>Our executive compensation policies are designed to encourage and reward efforts that create shareholder value through achievement of corporate performance goals, as follows:</p> <p><i>annual base salaries</i> should be competitive, but slightly below the mean of other companies of comparable size;</p> <p><i>performance incentives</i> should provide opportunity for significant additional compensation based on meeting predetermined goals linked to improved Company performance; and</p> <p><i>long-term performance incentives</i> should further link executive performance to shareholder interests, encourage Company stock ownership, and provide an incentive to create long-term shareholder value.</p> <p>To assist in its development of compensation policies, the Committee:</p> <p>uses an independent consultant from time to time to make recommendations based on its expertise in compensation arrangements for senior executive officers of general manufacturing companies with sales comparable to the Company ; and</p> <p>considers the executive compensation levels for general companies of comparable size and other manufactured housing companies.</p>
Annual Base Salaries:	<p>Salaries are based on level of job responsibility, individual performance, work experience, and skill level, and compensation data for comparable companies obtained from consultant and market surveys. At an executive's election all or a portion of base salary can be deferred under the Company's Deferred Compensation Plan (the Deferred Plan), as discussed below. The objective for executive base salaries is that they be competitive but slightly below the mean of comparable companies.</p>
2002 Voluntary Salary Reductions:	<p>In 2002 executive officers and other management employees voluntarily reduced their annual base salaries in amounts ranging from 5% to 20%. Upon the achievement of certain financial goals of the Company, annual base salaries will be reinstated to levels prior to these voluntary reductions.</p>

Table of Contents

Annual Performance Incentives: Annual performance incentives are provided primarily through cash bonuses or, at an executive's election, in deferred compensation under the Deferred Plan or deferred stock under the Corporate Officer Stock Purchase Plan (the "Stock Plan"), as discussed below. For the 2002 fiscal year, a portion of executive bonuses were paid in shares of Company Common Stock. Bonuses for executive officers are based on the achievement of performance goals, which are established by the Committee prior to each fiscal year. During 2002 performance goals related to cash flow, earnings per share, business unit performance, internal controls and consumer satisfaction.

Long-Term Performance Incentives: Traditionally long-term performance incentives were made through annual stock option awards granted at exercise prices equal to the fair market value of our Common Stock on the grant date. Options may be granted at an exercise price below fair market value, particularly as employment incentives. Awards are determined primarily through the use of guidelines provided by an independent consultant, which are derived from a nationwide database and present executive officer stock option award levels that are consistent with general industry practices.

On January 13, 2003 performance share awards for a total of 295,000 shares of Company Common Stock were awarded to Messrs. Young, Surles, Cole, Collins and Williams. These shares vest only if a minimum level of consolidated pretax income is attained over the next three years and the executive remains employed by the Company through the end of 2005.

Policy On Deductibility Of Compensation: Section 162(m) of the Internal Revenue Code limits to \$1 million the corporate tax deduction for compensation paid to certain executive officers unless the compensation is based on nondiscretionary, pre-established performance goals. The Committee believes that it has taken appropriate actions to preserve the deductibility of annual incentive bonuses and stock options granted as long-term performance incentives. However, from time to time the Committee may recommend incentive awards that may not be deductible when it believes that such awards are in the best interest of the Company and its shareholders.

Deferred Compensation: Executive officers may elect to defer receipt of all or a portion of their salaries or their bonuses under the Deferred Plan. Amounts deferred thereunder are held by a grantor trust, are 100% vested and, at the employees' directions, are invested in various managed funds. Upon termination of employment, retirement, death, disability or a change in control of the Company, deferred amounts are paid in a lump sum or in annual installments, depending upon a previously-made election.

Through participation in the Stock Plan, executive officers may elect to defer receipt of bonus compensation up to the lesser

Table of Contents

of 50% or \$500,000. Amounts deferred thereunder are invested in shares of our Common Stock at a 30% discount to the closing price on the New York Stock Exchange on the purchase date. Shares purchased are held by a grantor trust established by the Company, which exercises voting rights as to the shares. Upon termination of employment, retirement, death, disability or a change in control of the Company, the deferring executive receives his or her account balance in a lump sum or in annual installments, depending on a previously-made election. The vested portion is paid in shares of Company Common Stock and the unvested portion is paid in cash. The stock vests based on the executive's length of service with the Company following deferral, as follows: 0% for less than one year; 25% for one year; 50% for two years; and 100% for three years. For the unvested portion, the executive receives the lesser of the stock's fair market value upon termination or the amount of salary originally deferred.

**Chief Executive
Officer
Compensation:**

The Committee believes that the compensation of Walter R. Young, our Chairman of the Board, President and Chief Executive Officer, should be heavily influenced by Company performance. The performance incentive component of his compensation is based on achieving specified performance targets concerning cash flow, earnings per share, internal controls and consumer satisfaction. The current CEO compensation program was developed by the Committee with the assistance of an independent consultant.

Mr. Young's total base salary for 2002 was \$466,667. Effective September 1, 2002 at Mr. Young's request, his annual base salary was reduced from \$500,000 to \$400,000. In addition, the \$50,000 increase in annual base salary that would have been effective January 1, 2003 per his employment agreement was voluntarily waived. Upon the achievement of certain financial goals of the Company, Mr. Young's annual base salary will increase to \$550,000, the level currently provided for in his employment agreement. Based on meeting certain cash flow, internal controls and consumer satisfaction goals, Mr. Young earned a bonus of \$391,400 for the 2002 fiscal year. This bonus amount consisted of \$147,500 paid in cash, \$147,500 deferred under the Stock Plan and 43,036 shares of Common Stock valued at \$96,400. For the portion of his bonus that was deferred, 102,290 shares of Common Stock were issued and are held by the Stock Plan.

Employment Agreements

Termination and Change In Control: The Company has Change in Control Severance Agreements with Messrs. Surles, Collins and Williams. Under each agreement, the executive would receive a cash severance payment if his employment is terminated following a change in control of the Company, as defined in the agreement. For Messrs. Surles and Collins, the severance payment would be twice the highest annual base salary and cash incentive compensation earned by the executive in any one of the three fiscal years prior to termination. For Mr. Williams the severance payment would be one and a half times his annual base salary plus a prorated portion of his annual performance incentive.

Employment: Mr. Young: The Company has an employment agreement with Mr. Young that terminates on April 30, 2006. However, effective September 1, 2002, at Mr. Young's request his annual base salary was reduced from \$500,000 to \$400,000. In addition, the \$50,000 increase in annual base salary that would have been effective January 1, 2003 was voluntarily postponed. Upon the achievement of certain financial goals of the Company, Mr. Young's annual base salary will be increased to \$550,000, the level currently provided for in his employment agreement. Mr. Young is entitled to participate in various benefit and incentive plans.

If Mr. Young becomes physically or mentally unable to perform his duties for six consecutive months, the Company may suspend payment of his salary until he is able to resume his duties again. If Mr. Young is terminated without cause, he is entitled to receive his salary for the remaining term of the agreement. If Mr. Young terminates his employment upon a sale or a merger of the Company, he is entitled to receive the amount of his annual salary in effect at the time of termination.

Upon termination of his employment by the Company without cause or by Mr. Young following a change in control of the Company, Mr. Young has the right to require the Company to purchase his outstanding stock options on terms described in his employment agreement.
