ITEM 1.01. Entry into a Material Definitive Agreement

In 2000, Steelcase Inc (Steelcase) began leasing two aircraft through a synthetic lease structure (Aircraft Facility). At February 27, 2004 the aircraft were capitalized and the related obligation was recorded as debt on the consolidated financial statements of Steelcase since the Aircraft Facility met the definition of a special-purpose entity under the provisions of FASB Interpretation No. 46.

On May 20, 2005, Steelcase Financial Services Inc. (SFSI) entered into a series of agreements with Bank of America, National Association, Wells Fargo Bank Northwest, National Association, and certain other lenders and liquidity banks to satisfy outstanding obligations to third-parties under the Aircraft Facility. Pursuant to these agreements, SFSI paid \$47.1 million to acquire the remaining interests in the leased aircraft and assumed the rights of the lessor under the Aircraft Facility. As a result, all third party obligations related to the Aircraft Facility were terminated and SFSI continues to lease the aircraft to Steelcase.

Since the Aircraft Facility was previously consolidated in the financial statements of Steelcase, this transaction resulted in a reduction of consolidated debt of \$46.9 million with no increase in the property and equipment of Steelcase. Based on current interest rates, this transaction is expected to favorably impact future annualized net income by \$1.3 million as a result of reduced interest expense and bank fees, partially offset by reduced interest income.

Copies of the related documents are attached as Exhibit 10.01 and are incorporated by reference herein.
