**ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT**

**Revolving Credit Agreement** On December 29, 2005, the Company entered into a four-year \$200 million floating-rate secured revolving credit facility. The facility is secured by most of the Company's drilling rigs, receivables, the stock of most of its U.S. subsidiaries and is guaranteed by some of its subsidiaries. Borrowings under the facility bear interest at the Company's option at either (1) the higher of (A) the prime rate and (B) the federal funds rate plus 0.5%, plus a margin in either case of 1.25% or (2) the London Interbank Offering Rate (LIBOR) plus a margin of 1.60%. Commitment fees on the unused portion of the facility are 0.55% of the average daily available portion and are payable quarterly. Borrowings and letters of credit issued under the facility may not exceed the lesser of \$200 million or one third of the fair market value of the drilling rigs securing the facility, as determined from time to time by a third party approved by the agent under the facility.

Financial covenants include maintenance of the following:

Working Capital: a ratio of (1) current assets plus unused availability under the facility to (2) current liabilities of at least 1.2 to 1,

Leverage: a ratio of total debt to total capitalization of not more 0.35 to 1.00,

Tangible Net Worth: tangible net worth of not less than \$375 million,

Fixed Charge Coverage: in the event availability under the facility is less than \$50 million, a ratio of (1) EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization) minus capital expenditures to (2) interest expense of not less than 2.00 to 1.00, for the previous four fiscal quarters.

The revolving credit facility provides, among other things, for the issuance of letters of credit that the Company may utilize to guarantee its performance under some drilling contracts, as well as insurance, tax and other obligations in various jurisdictions. The facility also provides for customary fees and expense reimbursements and includes other covenants (including limitations on the incurrence of debt, mergers and other fundamental changes, asset sales and dividends) and events of default (including a change of control) that are customary for similar secured non-investment grade facilities.
