Directions to attend the meeting in person can be obtained by contacting the Corporate Secretary at 713-332-8400. You also may revoke your proxy at any time before the meeting by giving the Secretary written notice of your revocation or by submitting a later-dated proxy. **Table of Contents**

**Q: How many shares can vote?**

**Table of Contents**

**RECORD DATE AND VOTING SECURITIES**

Only holders of record of the Common Stock at the close of business on March 24, 2008, the record date for the Annual Meeting, are entitled to notice of and to vote at the Meeting. On that date, Carriage had outstanding 19,408,187 shares of Common Stock, each of which is entitled to one vote.

The presence at the Meeting, in person or by proxy, of the holders of a majority of the total voting power of the issued and outstanding shares of Common Stock is necessary to constitute a quorum to transact business. In the absence of a quorum at the Meeting, the Meeting may be adjourned without notice, other than announcement at the Meeting, until a quorum shall be formed.

With respect to the election of the director, stockholders may vote (a) in favor of the nominee or (b) to withhold votes as to the nominee. If a quorum is present at the Meeting, the nominee for the Class III director will be elected by a plurality vote. Votes withheld, or abstentions, will be treated as present for purposes of determining a quorum; however, because directors are elected by a plurality, votes withheld will not affect the outcome of the election. With respect to each proposal (and any other matter properly brought before the Meeting), other than the election of the director, the affirmative vote of the holders of a majority of the voting power present or represented by proxy at the Meeting will be required for approval. Abstentions will have the effect of a vote against any of these proposals.

Under the rules of the New York Stock Exchange ( NYSE ), the proposal to elect the director is considered a discretionary item. This means that brokerage firms may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least ten days before the date of the Meeting.

All properly signed proxies received prior to the Meeting will be voted in accordance with the choices specified. If no choice has been specified in the proxy, the shares will be voted in favor of all proposals described in this Proxy Statement and in the discretion of the persons named in the proxy in connection with any other business that may properly come before the Meeting. A stockholder giving a proxy may revoke it at any time before it is voted at the Meeting by filing with the Secretary an instrument revoking it, by signing and delivering to the Secretary a proxy bearing a later date, or by voting in person at the Meeting after giving notice to the Chairman of the Meeting of the stockholder's intention to vote in person notwithstanding the fact that the stockholder previously delivered a proxy.

**Organization and Committees of the Board**

During 2007, Carriage's Board met four times and acted by unanimous written consent two additional times. Each of the directors attended all of the meetings of the Board. The functions of the Audit, Compensation and Corporate Governance Committees of the Board, and the number of meetings held during 2007, are described below.

The Compensation Committee reviews and makes recommendations to the Board concerning the compensation of Carriage's executive officers and approves grants to all officers and employees under our stock incentive plans. The members of the Compensation Committee are Vincent D. Foster, Chairman, Joe R. Davis and Gary L. Forbes. In 2007, the Compensation Committee met three times and acted by unanimous consent four times. Each member of the Compensation Committee was present at all meetings. See the report of the Compensation Committee on page 15 of this Proxy Statement.

The Audit Committee evaluates, appoints and engages Carriage's independent registered public accounting firm and reviews the plan, scope and results of the audit with the auditors and Carriage's officers. The Audit Committee also reviews with the auditors the principal accounting policies and internal accounting controls of Carriage. The members of the Audit Committee are Vincent D. Foster, Chairman, Gary L. Forbes and Ronald A. Erickson. The Audit Committee met seven times during 2007. Each member of the Audit Committee was present at all meetings. The NYSE, upon which our Common Stock is traded, requires that each of its listed companies maintain an independent audit committee. None of the members of our Audit Committee has a relationship with Carriage that may interfere with the exercise of his independence from management or Carriage. No member of our Audit Committee is or has been in the last three years an employee of Carriage or in a business relationship with Carriage. Also, no immediate family member related to a member of our Audit Committee is an executive officer of Carriage or any of its affiliates. See below, under the heading Corporate Governance Guidelines, for a specific description of independence which we apply to our independent directors.

In addition to the independence standard, the NYSE requires that each member of the Audit Committee be financially literate and at least one member must have accounting or related financial management expertise. Each member of our Audit Committee is financially literate. Mr. Foster meets the definition of audit committee financial expert, as such term is defined under the rules of the SEC, and is a certified public accountant with over 20 years of public accounting experience. Currently, Mr. Foster is a managing director of two small business investment corporations for which he reviews and analyzes financial statements as part of his daily functions.

The Corporate Governance Committee provides oversight with respect to our corporate governance guidelines, which includes reviewing the structure of the full Board and making recommendations regarding the size of the Board and the number and classification of directors. The Corporate Governance Committee also conducts a search for suitable and qualified candidates to serve as directors when the terms of office are up for election at each year's annual meeting of stockholders, and submits the names of candidates for such positions for consideration by the Board. The members of the Corporate Governance Committee are Joe R. Davis, Chairman, Vincent D. Foster

**Table of Contents**

and Ronald A. Erickson. The Corporate Governance Committee met once in 2007 (and all Committee members were present) and acted by unanimous consent once.

**Corporate Governance Guidelines**

We have long been committed to integrity, reliability and transparency in our disclosures to the public. In early 2003, before the corporate governance listing standards of the NYSE and adopted regulations of the SEC became effective, we adopted new charters for our Board committees, a set of corporate governance guidelines, and a code of business conduct and ethics for our directors, officers and employees, and we moved to increase the independence of our Board members. In 2004, following the final release of the NYSE and SEC rules, we amended the committee charters and corporate governance guidelines, and the corporate governance guidelines and the charter for the Corporate Governance Committee were again modified in early 2005. All of these materials as well as our code of business conduct and ethics are accessible through the Investor Relations Section of our website at <http://www.carriageservices.com>, or you may receive copies without charge by writing to us at Carriage Services, Inc., 3040 Post Oak Boulevard, Suite 300, Houston, Texas 77056, Attn: Investor Relations.

*Independence.* Our corporate governance guidelines require that our Board composition comply with the NYSE rules, including the requirement that a majority of our Board consist of independent directors. Under the NYSE rules, a director qualifies as independent if the Board determines that he or she has no material relationship with Carriage (either directly or as a shareholder, partner or officer of an organization that has a relationship with Carriage). Further, under the NYSE guidelines, a director will not be considered independent if:

The director is, or in the past three years has been, an employee of Carriage, or has an immediate family member who is or in the past three years has been, an executive officer of Carriage;

The director or an immediate family member (other than an immediate family member who is a non-executive employee) receives, or in the past three years has received, more than \$100,000 per year in direct compensation from Carriage (other than director fees and pension or other forms of deferred compensation for prior service that is not contingent in any way on continued service);

The director is, or in the past three years has been, affiliated with or employed by, or has an immediate family member who is or in the past three years has been, affiliated with or employed in a professional capacity by a present or former auditor of Carriage;

The director is, or in the past three years has been, an executive officer, or has an immediate family member who is, or in the past three years has been, an executive officer of another company where any of Carriage's present executives serves on that company's compensation committee; or

The director is, or in the past three years has been, an executive officer or an employee, or has an immediate family member who is, or in the past three years has been, an executive officer of another company that makes payments to, or receives payments from, Carriage for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

Our Corporate Governance Committee reviewed our Board composition and determined that Messrs. Davis, Erickson, Forbes and Foster meet the independence standards set forth above. In addition, all directors serving on our Audit, Compensation and Corporate Governance Committees satisfy these independence requirements.

*Executive Sessions; Lead Director.* In accordance with our corporate governance guidelines, the non-management directors meet in executive session at least quarterly, outside of the presence of management directors or other members of management, both with the independent auditors and then without anyone else present. In connection with the 2005 amendments to our corporate governance guidelines, the Board established the position of Lead Director, who is required to be qualified as independent and will be appointed by a majority of the non-management directors. The Lead Director's role is to facilitate the functioning of the Board independently

**Table of Contents**

of management and to enhance the quality of the Board's governance. The Lead Director is required to be a member of the Corporate Governance Committee and, among other things, will preside at the executive sessions of the non-management directors. In 2005, Mr. Foster, Chairman of the Audit Committee, was first appointed Lead Director and continues to serve in that capacity.

*Board Composition.* The Corporate Governance Committee is responsible for reviewing the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. Nominees for directorship will be selected by the Corporate Governance Committee in accordance with the policies and principles in its charter. The Corporate Governance Committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate an ability to make a meaningful contribution to the Board's oversight of our business and affairs and have a reputation for ethical conduct. Nominees for director will include individuals who, taking into account their diversity, age, skills, and experience in the context of the needs of the Board, as well as other relevant factors such as conflicts of interest and other commitments, would enhance the Board's ability to manage and direct our affairs and business. No director may serve on more than five other public company boards or on the audit committee for more than three other public companies. We have not established term limits as we do not wish to risk losing the contribution of directors who have been able to develop, over a period of time, increasing insight into our business and operations. However, we have determined that no director may be nominated to a new term if he or she would be age 75 or older at the time of the election.

The Corporate Governance Committee identifies candidates by asking our current directors and executive officers to notify the Committee if they become aware of individuals who meet the criteria described above. The Corporate Governance Committee also has the authority to engage firms that specialize in identifying director candidates. The Corporate Governance Committee will also consider candidates recommended by stockholders. A stockholder may recommend nominees for director by giving the Secretary a written notice not less than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting. For the annual meeting in 2009, the deadline will be February 19, 2009, based upon this year's meeting occurring on May 20. The notice must include the name and address of the stockholder giving notice and the number of shares of our voting stock owned by the stockholder. The notice must also include the full name, age, business address, principal occupation or employment of the nominee, the number of shares of Common Stock that the nominee beneficially owns, any other information about the nominee that must be disclosed in proxy solicitations under Regulation 14A of the Securities Exchange Act of 1934, and the nominee's written consent to the nomination and to serve, if elected.

Once the Corporate Governance Committee has identified a potential candidate, the Committee collects and reviews available information regarding the individual, and if the Committee determines that the candidate warrants further consideration, the Committee Chair or another Committee member will contact the person. Generally, if the individual expresses a willingness to be considered for election to the Board, the Corporate Governance Committee will request information from the candidate, review the individual's qualifications, and conduct one or more interviews with the candidate. When the Corporate Governance Committee has completed this process, it tenders its recommendation to the full Board for consideration.

*Board's Interaction With Stockholders.* Our Chief Executive Officer and other corporate officers are responsible for establishing effective communications with our stockholders. It is our policy that management speaks for Carriage. This policy does not preclude independent directors from meeting with stockholders, but where appropriate, management should be present at such meetings. Stockholders and other interested parties may contact any member of our Board or Committee thereof via U.S. mail, by addressing any correspondence to the Board, the applicable Committee, the non-management directors as a group or any individual director by either name or title, in care of Carriage Services, Inc., 3040 Post Oak Boulevard, Suite 300, Houston, Texas 77056; Attn: Corporate Secretary. In the case of communications addressed to the non-management directors, the Corporate Secretary will send appropriate stockholder communications to the Lead Director. In the case of communications addressed to a committee of the Board, the Corporate Secretary will send appropriate stockholder communications to the Chairman of such committee.

*Board and CEO Evaluation.* In 2004, we instituted an annual process for the Board and each Committee to perform self-evaluations. These are conducted through written questionnaires compiled on a confidential basis by the Chairman of the Corporate Governance Committee with summary results presented to the full Board annually. In

addition, the Compensation Committee performs an annual evaluation of the Chief Executive Officer s

performance. As part of the long-range planning, the Corporate Governance Committee is charged with evaluating Chief Executive Officer succession, both in the event of emergency and upon retirement.

*Business Conduct and Ethics.* Our code of business conduct and ethics requires all of our directors, officers and employees to adhere to certain basic principles to uphold our mission to be the most professional, ethical and highest quality service organization in the death care industry. Our code requires them to comply with the law, avoid conflicts of interest, compete fairly and honestly, maintain a safe and healthy work environment, and preserve company assets. We do not presently believe that there would be any occasion requiring any changes in or waivers under the code, but in the event of exceptional circumstances in which such a change or waiver becomes necessary, it would require Board approval and, where appropriate, prompt public disclosure. Our code includes specific compliance procedures and a mechanism for reporting violations through our Human Resources Department. You can access our code of business conduct and ethics on our website at <http://www.carriageservices.com>.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires Carriage's directors and executive officers, and persons who own more than 10% of a registered class of Carriage's equity securities, to file with the SEC and the NYSE reports of ownership and changes in ownership of Common Stock and other equity securities of Carriage on Forms 3, 4 and 5. Executive officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish Carriage with copies of all Forms 3, 4 and 5 they file.

Based solely on a review of the copies of such reports furnished to Carriage or written representations from reporting persons that no Form 5 is required, Carriage believes that all filing requirements applicable to its executive officers, directors and greater than 10% beneficial owners were complied with during 2007, except for the following: Mr. Payne filed one late report on June 15, 2007, reporting three purchases of common stock made on June 6, 7 and 8, 2007. Mr. Green filed one late report on November 16, 2007, reporting shares of common stock withheld on October 9, 2007 to cover taxes associated with the vesting of restricted stock.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

**Policies and Procedures for Approval of Related Party Transactions**

The Corporate Governance Committee has the responsibility to review and discuss with management and approve any transactions or courses of dealing with related parties. During this process, related party transactions are disclosed to all Board members. To the extent such transactions are ongoing business relationships, the transactions are reviewed annually and such relationships will be on terms not materially less favorable than what would be usual and customary in similar transactions between unrelated persons dealing at arms' length. The Corporate Governance Committee intends to approve only those related party transactions that are in the best interest of Carriage and our stockholders.

Other than as described below, since January 1, 2007 there has not been a transaction or series of related transactions, or any other currently proposed transaction, to which Carriage was or is a party involving an amount in excess of \$120,000 and in which any director, executive officer, holder of more than five percent (5%) of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

The Company engaged a law firm, in which one of its partners is the spouse of J. Bradley Green, the Company's Vice President and General Counsel, for various legal matters. During the fiscal year ended December 31, 2007, the Company paid the law firm \$498,000.

**COMPENSATION DISCUSSION AND ANALYSIS**

Our executive compensation program is designed to attract, motivate and retain talented executives so the Company can produce long-term superior results and maximize return to its stockholders. Our Compensation

## **Table of Contents**

Committee consists entirely of independent Board members and is responsible for the approval and oversight of compensation and benefit plans and employment agreements affecting executive management.

### **Compensation Program Objectives**

Our executive compensation objectives are to:

pay competitive levels of salary and total compensation;

reward management for strong Company performance and successful execution of our strategic operating models; and

align incentives with the long-term interests of the stockholders.

### **Elements of the Compensation Program**

Our executive compensation program consists of the following basic elements:

base salaries;

annual cash incentive bonuses;

long-term, share-based incentives; and

other benefits.

Allocation of compensation among these elements is designed to provide the appropriate mix of short-term incentives and long-term incentives, and cash compensation and share-based compensation.

### **Base Salaries**

The base salaries for each of our executive officers are determined on an individual basis, taking into account such factors as the duties, experience and levels of responsibility of the executive and compensation levels within other companies in the service sector of comparable revenue size. Base salaries for the Named Executive Officers are evaluated annually and adjustments are approved by the Compensation Committee based on their evaluation of individual performance and expected future contributions. During 2007 the Compensation Committee retained a compensation consultant to survey the current market compensation levels for the Company's senior management. Pursuant to the survey, the Committee approved a 14.9% increase in Mr. Payne's base salary, from \$435,000 to \$500,000, in mid 2007. Base salary increases for the other Named Executive Officers ranged from 0% to 27.8%.

### **Annual Cash Incentive Bonuses**

The annual cash bonus for each executive is linked to specific financial and operating targets, and specific qualitative goals established at the beginning of the year, and are designed to reward each executive for achieving results consistent with our Standards Operating and 4E Leadership Models. Of the criteria, and depending on the individual role and responsibilities, 40-80% is weighted against objective quantitative goals, such as Being the Best Standards Achievement and Field EBITDA dollars and Margins, as well as departmental overhead trends and 20-60% against qualitative goals. The executives are eligible to receive annual cash bonuses set at a target percentage of their base salary times the percent of goals achieved, and can earn above or below the target percentage based on actual performance using a gate concept with minimum and maximum performance defined early in each year.

Mr. Payne's cash incentive bonus for 2007 totaled \$383,000 or 102% of his 2007 target annual bonus. Mr. Payne's 2007 incentive bonus was weighted 75% to quantitative and 25% to qualitative goals approved by the Compensation Committee in February 2007. The Company exceeded its targeted Consolidated EBITDA increase of \$6 million with a weighting of 75% and Mr. Payne achieved all of his qualitative goals.

The Committee also approved the other Named Executive Officers cash incentive bonuses for 2007 which ranged from \$0 to \$120,000. The achievement of financial and operating targets, qualitative and quantitative goals, as well as each individual's personal contribution to the Company was considered in determining the amount of the cash incentive bonus.

**Table of Contents**

**Long-Term Share-Based Incentives**

*Stock options*

Stock options have not been granted to Named Executive Officers since 2002.

*Restricted Stock*

Restricted stock was granted to Named Executive Officers and other key employees in 2003, 2005, and 2007. The shares are awarded by the Compensation Committee after consideration of the individual's performance toward the Company's recent goals, as well as expected contributions to the long-term success of the Company. The shares vest 25 percent each year beginning one year after the date of the award. The individuals are responsible for the income taxes attributable to the value of the shares. The Compensation Committee believes that this form of equity ownership helps to align the executive's interests closely with those of the stockholders and incentivizes the executives to contribute to the long-term growth and success of the Company as a whole.

*Performance Unit Plan*

The Compensation Committee adopted a new long-term incentive compensation plan for selected officers and key employees effective August 7, 2007. Units granted under the plan have a value of \$1.00 and are subject to the terms and conditions set forth in the Performance Unit Award Agreements with the grantees. One-half of the units awarded provide the grantee with the opportunity to earn a cash payment based on the total stockholder return achieved by the Company for the period beginning August 7, 2007, and ending December 31, 2009 (the performance period) as compared to the total stockholder return achieved by the companies constituting the Russell Microcap Index (the Peer Group I). The other one-half of the units awarded provide the grantee with the opportunity to earn a cash payment based on the total stockholder return achieved by the Company for the performance period as compared with the total stockholder returns achieved by two companies in our industry, Service Corporation International and Stewart Enterprises, Inc. (the Peer Group 2). For units associated with the Peer Group I award, the award ranges from 0% if the percentile rank of the Company's total stockholder return compared to the total stockholder return of the other members of Peer Group I is less than 50<sup>th</sup>, 50% if the percentile rank is 50<sup>th</sup>, 100% if the percentile rank is 60<sup>th</sup> and 150% if the percentile rank is 80<sup>th</sup> and above, with the award percentage scaled between 50<sup>th</sup> and 60<sup>th</sup> percentiles and between the 60<sup>th</sup> and 80<sup>th</sup> percentile. For units associated with the Peer Group 2 award, the award ranges from 0% if the Company's total stockholder return is less than both of the members of Peer Group 2, 100% if greater than one of the members but not both and 150% if greater than both.

**Other Benefits and Perquisites**

The Company sponsors a defined contribution 401(k) plan to which we match 100% of the first one percent of the participants' contributions and 50% of the next five percent of the participants' contributions. Additionally, the Company sponsors an employee stock purchase plan that provides the participants the ability to purchase Company stock with a discount of 15% of the lower of the grant date fair value or the purchase date fair value. The Company's health and related plans include medical, dental, life and disability coverage. The benefits provided to executive officers are offered through broad-based plans applicable to all employees, except that the Chief Executive Officer is prohibited from participating in the employee stock purchase plan. The Chief Executive Officer was reimbursed for life insurance premiums and club dues, the cost of which totaled \$37,235 in 2007. Otherwise, the Company provides no other perquisites to any other executives.

**Outside Consultant**

To achieve our compensation objectives, our Compensation Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by us and reward executives for achieving such goals. In furtherance of these goals, our Compensation Committee engaged Towers Perrin, an independent compensation consulting firm, to conduct a review of the total

**Table of Contents**

compensation program in 2007 for our CEO and other key executives. Towers Perrin provided our Compensation Committee with relevant market data and alternatives to consider when making compensation decisions for our CEO and other executives.

**Tax and Accounting Considerations**

For compensation in excess of \$1 million, Section 162(m) of the Code generally limits our ability to take a federal income tax deduction for compensation paid to the Chief Executive Officer and the four most highly compensated executive officers other than the Chief Executive Officer, except for qualified performance-based compensation. Restricted stock awards do not qualify for this exemption. While the Compensation Committee will seek to utilize deductible forms of compensation, it does not believe that compensation decisions should be made solely to maintain the deductibility of compensation for federal income tax purposes. The Compensation Committee plans to continue to evaluate salary, bonus and stock awards programs relative to the Section 162(m) deduction limitation.

We adopted SFAS 123R as of January 1, 2006 and, accordingly, expense the grant-date fair value of equity-based compensation issued to employees, using the modified prospective method in which compensation cost is recognized based (1) on the requirements of SFAS 123R for all share-based payments granted after January 1, 2006 and (2) on the requirements of SFAS 123R for all awards granted to employees prior to January 1, 2006 that remained unvested on January 1, 2006. Once the fair value of each award is determined, it is expensed in the income statement ratably over the vesting period. The Compensation Committee considers the impact of expensing share-based awards when awarding incentives.

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on such review and discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

***Nonqualified Defined Contributions and Other Nonqualified Deferred Compensation Plans***

Carriage does not sponsor any nonqualified defined contribution or other nonqualified deferred compensation plans.

***Potential Payments upon Termination or Change in Control***

If Mr. Payne is terminated without cause, the Company shall continue to pay (1) his base pay for a period of 36 months, (2) fifty percent of the annual target bonus for the year of termination, (3) all benefits payable under any benefit plan or program of the Company and (4) medical continuation premiums for a period of up to 36 months. If following a change in control Mr. Payne voluntarily terminates his employment for Good Reason (as defined in his employment agreements) or he is discharged without cause, in either case, within 24 months following the change in control, then the Company shall pay (1) a lump sum payment equal to three times Mr. Payne's base annual salary, (2) fifty percent of the annual target bonus for the year of termination, (3) all benefits payable under any benefit plan or program of the Company, and (4) medical continuation premiums for a period of up to 36 months. In addition, the agreement contains a covenant prohibiting Mr. Payne from competing with Carriage while he is employed by the Company and, if his employment is terminated for any reason, then for a period of two years thereafter. The amount that would be currently payable to Mr. Payne in the event of either termination or change in control, calculated using his base annual salary at December 31, 2007 of \$500,000 and fifty percent of his current target bonus of 75% of his base annual salary, would be \$1,687,500.

If the Company discharged Mr. Klug, Mr. Dodds, or Mr. Green without cause, the Company shall continue to pay (1) the Executive's base pay for a period of eighteen months, (2) fifty percent of the annual bonus for the year of termination, (3) all benefits payable under any benefit plan or program of the Company, and (4) medical continuation premiums for a period of up to eighteen months. If following a change in control the Executive voluntarily terminates his employment for Good Reason (as defined in the agreements) or the Executive is discharged without cause, in either case, within 24 months following the change in control, then the Agreement shall automatically terminate and the Company shall pay (1) a lump sum payment equal to one and one-half the Executive's base annual salary, (2) fifty

percent of the annual bonus for the year of termination, (3) all benefits payable under any benefit plan or program of the Company, and (4) medical continuation premiums for up to eighteen months. The amounts payable to Messrs. Klug, Dodds, and Green as a result of either termination or

corporate changes, based on their respective base salaries at December 31, 2007, would be \$230,000, \$230,000 and \$230,000, respectively, plus 50% of their current year bonus as determined by the Compensation Committee.

Mr. Saporito advised the Company of his intent to resign his employment as of April 30, 2008. In order to provide an orderly transition from the Company, the Company and Mr. Saporito entered into a Release and Settlement Agreement which provides that the Company will: (1) continue to pay Mr. Saporito's base salary for a period of twelve (12) months or until he finds subsequent full-time employment; (2) pay the monthly premium costs for COBRA coverage for Mr. Saporito and his covered dependents; (3) pay Mr. Saporito a lump sum payment of \$150,000; (4) provide Mr. Saporito with limited secretarial services during the time he is receiving his base salary payments; and (5) vest Mr. Saporito's not currently vested restricted shares, which total 30,000 shares.

**Compensation of Directors**

## 2007 Director Compensation

Name	Fees Earned and Paid in Cash <sup>(1)</sup>	Stock Awards <sup>(1)(2)</sup>	Option Awards	All other Compensation	Total
Joe R. Davis	\$ 40	\$70,352			\$ 70,392
Vincent D. Foster	\$24,970	\$92,547			\$117,517
Ronald A. Erickson	\$47,972	\$23,670			\$ 71,642
Gary L. Forbes	\$14,973	\$93,822			\$108,795

(1) Messrs. Davis, Foster and Forbes elected to receive Common Stock totaling 5,795, 3,072 and 1,759 shares respectively, in lieu of their cash retainer and attendance fees valued at the fair market value of the Common Stock on the date the fees were earned.

(2) Messrs. Davis, Foster and Erickson received a fully vested common stock grant of

3,000 shares of Common Stock on May 23, 2007 valued at the fair market value.

Mr. Forbes received a grant of 20,000 shares of Common Stock on May 23, 2007, in consequence of his election to the Board of Directors, valued at fair value, 10,000 shares thereof were fully vested and the remaining 10,000 shares vest over two years.

Mr. Foster also received an annual grant of 5,000 shares of Common Stock for his service as Chairman of the Audit Committee valued at the grant date fair market value.

We compensate our directors through cash payments, including quarterly retainers and meeting attendance fees, and through stock-related incentives. Each independent director was entitled to a quarterly retainer of \$7,500 that increased to \$10,000 effective March 6, 2007. Independent directors currently consist of Messrs. Erickson, Foster, Forbes and Davis. In addition, the Chair of the Audit Committee receives an annual grant of fully vested shares of our Common Stock, the number of shares to be determined beginning in 2008 by dividing \$25,000 by the market value of the shares on the Annual Meeting date.

As a general rule, each independent director is entitled to \$1,000 for each regular or special meeting of the full Board attended in person, and \$500 if attended by phone. In addition, Audit Committee members receive \$1,500 for each committee meeting held in person and \$1,000 for each such meeting held by phone, except that those amounts are reduced by one-half if the committee meeting occurs on the same day as a full Board meeting. Members of the other committees receive \$750 for each committee meeting held in person and \$500 for each such meeting held by phone. The amounts are \$1,125 and \$750, respectively, for the chair of such committees, and no attendance fees are payable for these other committees for a meeting that occurs on the same day as a full Board meeting.

Independent directors have the ability to elect to receive all or any portion of the cash retainer and attendance fees in shares of our Common Stock, based on the fair market value thereof as of the date the amount is earned. Currently, Mr. Davis receives 100% of his fees in Common Stock, Messrs. Forbes and Foster receive 50% of their respective fees in Common Stock, and Mr. Erickson receives his fees in cash.

**Table of Contents**

We also have the ability to issue to directors discretionary Common Stock grants under our 2006 Long-Term Incentive Plan. We issued 3,000 fully vested shares on the day of our 2007 annual stockholder meetings to Messrs. Foster, Erickson and Davis. We expect that Messrs. Foster, Erickson, Forbes and Davis will each receive a grant of 3,000 shares of Common Stock on the day of the 2008 Annual Meeting.

At December 31, 2007, the members of the Compensation Committee were Vincent D. Foster, Chairman, Gary L. Forbes and Joe R. Davis. No member of the Compensation Committee was an officer or employee of Carriage at any time during 2007.

**Audit Committee Report**

The Audit Committee has reviewed and discussed Carriage's audited financial statements for the fiscal year ended December 31, 2007 with management. It has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standard No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Additionally, the Audit Committee has received the written disclosures and the letter from the independent auditors at KPMG LLP, as required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with the independent auditors their independence.

In an effort to maintain the auditor's independence, the Audit Committee considers whether KPMG LLP's rendering of non-audit services is compatible with maintaining its independence. No non-audit services were approved or rendered during 2007.

Based on the Audit Committee's review and discussions with management and the independent registered public accountants referred to above, and its review of the representation of management and the report of the independent registered public accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Carriage's Annual Report on Form 10-K for the fiscal year ended December 31, 2007, for filing with the SEC.
