Proxy Statement for the 2009 Annual Meeting of Stockholders

To Be Held on June 4, 2009

This proxy statement contains information about the 2009 Annual Meeting of Stockholders of Key Energy Services, Inc. We are holding the meeting at the Inn at the Ballpark, 1520 Texas Avenue, Houston, Texas, on Thursday, June 4, 2009 at 9:00 a.m., local time.

In this proxy statement, we refer to Key Energy Services, Inc. as Key, the Company, we and us.

We are sending you this proxy statement in connection with the solicitation of proxies by our Board of Directors (the Board) for use at the annual meeting.

We are mailing our 2008 Annual Report to Stockholders for the year ended December 31, 2008 with these proxy materials on or about April 16, 2009.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

- Q. Who can vote at the annual meeting?** **A.** To be able to vote, you must have been a stockholder of record at the close of business on April 6, 2009, the record date for our annual meeting. The number of outstanding shares entitled to vote at the meeting is 123,478,543 shares of common stock.
If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponements or adjournments of the meeting.
- Q. What are the voting rights of the holders of common stock?** **A.** Each outstanding share of our common stock will be entitled to one vote on each matter considered at the annual meeting.
- Q. How do I vote?** **A.** If you are a record holder, meaning your shares are registered in your name, you may vote:
(1) *Over the Internet:* Go to the website of our tabulator, American Stock Transfer & Trust Company, at www.voteproxy.com. Use the vote control number printed on your enclosed proxy card to access your account and vote your shares. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions.
(2) *By Telephone:* Call 1-800-Proxies (1-800-776-9437) toll free from the United States or 1-718-921-8500 from foreign countries from any touch-tone telephone, and follow the instructions on your enclosed proxy card. You must specify how you want your shares voted and confirm your vote at the end of the call or your telephone vote cannot be completed. Your shares will be voted according to your instructions.

(3) *By Mail:* Complete and sign your enclosed proxy card and mail it in the enclosed postage prepaid envelope. Your shares will be voted according to your instructions. If you sign and return your proxy card but do not specify how you want your shares voted, they will be voted as recommended by the Board.

Table of Contents

(4) *In Person at the Meeting:* If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which we will provide to you at the meeting.

If your shares are held in street name, meaning they are held for your account by a broker or other nominee, you may vote:

(1) *Over the Internet or by Telephone:* You will receive instructions from your broker or other nominee stating if they permit Internet or telephone voting and, if they do, explaining how to do so. You should follow those instructions.

(2) *By Mail:* You will receive instructions from your broker or other nominee explaining how you can vote your shares by mail. You should follow those instructions.

(3) *In Person at the Meeting:* You must contact your broker or other nominee who holds your shares to obtain a brokers proxy card and bring it with you to the meeting. **You will not be able to vote in person at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote your shares.**

Q. Can I change my vote? **A.** Yes. You may revoke your proxy and change your vote at any time before the meeting, unless the proxy is irrevocable and is coupled with an interest. To revoke your proxy and change your vote, you must do one of the following:

(1) Vote over the Internet or by telephone as instructed above. Only your latest Internet or telephone vote is counted.

(2) Sign a new proxy and submit it as instructed above. Only your latest dated proxy will be counted.

(3) Attend the meeting, request that your proxy be revoked and vote in person as instructed above. Attending the meeting will not revoke your proxy unless you specifically request it.

Q. Will my shares be voted if I don't return my proxy? **A.** If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone, by returning your proxy or voting by ballot at the meeting. If your shares are held in street name, your brokerage firm may under certain circumstances vote your shares even if you do not return your proxy. If you do not return a proxy to your brokerage firm to vote your shares, your brokerage firm may, on routine matters, either vote your shares or leave your shares unvoted. Your brokerage firm cannot vote your shares on any matter that is not considered routine. Proposal 1, the election of directors, and Proposal 3, ratification of the selection of our independent registered public accounting firm, are both considered routine matters. However, Proposal 2, adoption of the 2009 Equity and Cash Incentive Plan, is not a routine matter. We encourage you to provide voting instructions to your brokerage firm by giving your proxy to them. This ensures that your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them at the time you receive this proxy statement.

Q. How many shares must be present to hold the meeting? **A.** A majority of our outstanding shares of common stock must be present at the meeting to hold the meeting and conduct business. This is called a quorum. For purposes of determining whether a quorum exists, we count as present any shares that are voted over the Internet, by telephone or by completing and

submitting a proxy, or that are represented in person at the meeting. Further, for purposes of establishing a quorum, we will count as present shares that a stockholder holds even if the stockholder votes to abstain or does not vote on one or more of the matters to be voted upon.

Table of Contents

Broker non-votes will be counted for purposes of determining whether a quorum is present at the meeting. Broker non-votes are shares held by a broker or nominee that are represented at the meeting, but with respect to which the beneficial owner of the shares has not instructed the broker or nominee on how to vote the shares on a particular matter and with respect to which the broker or nominee does not have discretionary authority to vote on such matter. Under the rules of the New York Stock Exchange, or NYSE, if you hold your shares through a broker, your broker is permitted to vote your shares on routine matters, which includes the election of directors and the ratification of the independent registered public accounting firm, even if the broker does not receive instructions from you. The NYSE does not consider the adoption of the 2009 Equity and Cash Incentive Plan, Proposal No. 2, a routine matter, so your broker may not vote your shares on that proposal without receiving instructions from you.

If a quorum is not present, we expect to adjourn the meeting until we obtain a quorum.

Q. What vote is required to approve each matter and how are votes counted?

A. Proposal 1 Election of Three Class III Directors

The three nominees for director to receive the highest number of votes FOR election will be elected as directors. Abstentions are not counted for purposes of electing directors. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 1. You may:

vote FOR all nominees; or

vote FOR one, two or three nominees and WITHHOLD your vote from the other nominee(s).

Votes that are withheld will not be included in the vote tally for the election of directors and will not affect the results of the vote.

Proposal 2 Adoption of the 2009 Equity and Cash Incentive Plan

To approve Proposal 2, stockholders holding a majority of the votes cast on the matter must vote FOR the proposal. As mentioned above, Proposal 2 is not considered a routine matter. Therefore, if your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm cannot vote your shares on Proposal 2. Shares held in street name by brokers or nominees who indicate on their proxies that they do not have authority to vote the shares on Proposal 2, will not be counted as votes in favor of or against the proposal, and will also not be counted as votes cast on the proposal. If you vote to ABSTAIN on Proposal 2, your shares will not be voted for or against the proposal and will also not be counted as votes cast on the proposal. As a result, broker non-votes and votes to ABSTAIN will have no effect on the voting on the proposal.

Proposal 3 Ratification of Selection of Independent Registered Public Accounting Firm

To approve Proposal 3, stockholders holding a majority of the votes cast on the matter must vote FOR the proposal. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 3. If you vote to ABSTAIN on Proposal 3, your shares will not be voted in favor of or against the proposal

and will also not be counted as votes cast on the proposal. As a result, voting to ABSTAIN will have no effect on the voting on the proposal.

- Although stockholder approval of our Audit Committee's selection of Grant Thornton LLP as our independent registered public accounting firm is not required, we believe that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the annual meeting, our Audit Committee will reconsider its selection of Grant Thornton LLP.
- Q. Are there other matters to be voted on at the meeting?** **A.** We do not know of any other matters that may come before the meeting other than the election of three Class III directors, the adoption of the 2009 Equity and Cash Incentive Plan and the ratification of the selection of our independent registered public accounting firm. If any other matters are properly presented to the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment on the matter.
- Q. Where can I find the voting results?** **A.** We expect to report the voting results in our Quarterly Report on Form 10-Q for the quarter ending June 30, 2009, which we anticipate filing with the Securities and Exchange Commission, or SEC, in August 2009.
- Q. What are the costs of soliciting these proxies?** **A.** We will bear the cost of soliciting proxies. In addition to these proxy materials, our directors, officers and employees may solicit proxies by telephone, e-mail, facsimile or in person, without additional compensation. In addition, we have retained D.F. King to solicit proxies by mail, courier, telephone and facsimile and to request brokers, custodians and fiduciaries to forward proxy soliciting materials to the owners of the stock held in their names. For these services, we will pay a fee of \$7,500 plus expenses. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials.

Delivery of Documents to Security Holders Sharing an Address

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of our proxy statement or annual report to stockholders may have been sent to multiple stockholders in your household, unless we have received contrary instructions. We will promptly deliver a separate copy of either document to you if you request it by writing to or calling us at the following address or telephone number: 1301 McKinney Street, Suite 1800, Houston, Texas 77010, Attention: Investor Relations; 713-651-4300. If you want to receive separate copies of the proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and telephone number.

Our Board is divided into three classes. One class is elected each year and members of each class hold office for three-year terms. The Board has set the number of directors at eleven. There are four Class I directors, four Class II directors and three Class III directors. At this year's annual meeting, the terms of our Class III directors will expire. The Class III directors elected at this year's annual meeting will serve three-year terms expiring at the annual meeting in 2012, or until their successors are elected and qualified, or the earlier of their death, resignation or removal. The Class I and Class II directors will serve until the annual meetings of stockholders to be held in 2010 and 2011, respectively, and until their respective successors are elected and qualified, or the earlier of their death, resignation or removal.

The persons named in the enclosed proxy will vote to elect as Class III directors Richard J. Alario, Ralph S. Michael, III and Arlene M. Yocum, unless you indicate on your proxy card that your shares should

be withheld from one or more of the nominees. Our Corporate Governance and Nominating Committee has recommended, and the Board has nominated, each of the nominees for election as Class III directors. Each of the nominees is currently a member of the Board. Mr. Alario and Ms. Yocum have been nominated for election as directors for the first time. Mr. Alario was appointed by our Board as a new director in May 2004 upon his promotion to CEO, and he was later elected by the Board as Chairman of the Board in August 2004. Ms. Yocum was appointed to the Board as a new director in October 2007 after having been recommended to the Corporate Governance and Nominating Committee by a non-management director.

If they are elected, Mr. Alario, Mr. Michael and Ms. Yocum will each hold office until our annual meeting of stockholders in 2012 and until his or her successor is duly elected and qualified, or the earlier of his or her death, resignation or removal. Each of the nominees has indicated his or her willingness to serve, if elected. However, if any nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the Board.

There are no family relationships between or among any of our officers and our directors. Robert K. Reeves, a Class II director, is an executive officer of one of our customers. For additional information regarding this relationship, see the discussion below under the heading *Certain Relationships and Related Transactions* under *Corporate Governance*.

Below are the names, ages and certain other information of each member of the Board, including the nominees for election as Class III directors. Board Recommendation

The Board of Directors believes that approval of the election of Richard J. Alario, Ralph S. Michael, III and Arlene M. Yocum to serve as Class III directors is in our best interests and the best interests of our stockholders and therefore recommends a vote FOR each of the nominees.

CORPORATE GOVERNANCE

General

This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and codes of conduct described below are available on our website at www.keyenergy.com. Alternatively, you can request a copy of any of these documents by writing to: Investor Relations, Key Energy Services, Inc., 1301 McKinney Street, Suite 1800, Houston, Texas 77010. Our Board strongly believes that good corporate governance is important to ensure that Key is managed for the long-term benefit of our stockholders.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines that address significant issues of corporate governance and set forth the procedures by which the Board carries out its responsibilities. Among the areas addressed by the Corporate Governance Guidelines are director qualifications and responsibilities, Board committee responsibilities, director compensation and tenure, director orientation and continuing education, access to management and independent advisors, succession planning and management development, and Board and committee performance evaluations. The Corporate Governance and Nominating Committee is responsible for assessing and periodically reviewing the adequacy of these Guidelines and recommending proposed changes to the Board, as appropriate. The Corporate Governance Guidelines are posted on the Company's website at www.keyenergy.com. The Company will provide these guidelines in print, free of charge, to stockholders who request them.

Director Independence

Under applicable rules of the New York Stock Exchange, or NYSE, a director will only qualify as independent if our Board affirmatively determines that he or she has no direct or indirect material relationship with the Company. In addition, all members of the Audit Committee, Compensation Committee

Table of Contents

and Corporate Governance and Nominating Committee are also required to meet the applicable independence requirements set forth in the rules of the NYSE and the SEC.

The Board has determined that, except for Mr. Alario, who serves as the President and Chief Executive Officer, each of our current directors is independent within the meaning of the foregoing rules. Further, the Board considered Mr. Reeves' position as an executive officer with one of our customers, Anadarko Petroleum Corporation, or Anadarko, and determined that the relationship between Anadarko and the Company does not affect Mr. Reeves' independence. For additional information regarding this relationship, see the discussion below under the heading *Certain Relationships and Related Transactions*.

Director Nomination Process

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Corporate Governance and Nominating Committee applies the criteria set forth in the guidelines contained in the Selection Process for New Director Candidates, which are available in the *Corporate Governance* section of our website, www.keyenergy.com. These criteria include the candidate's integrity, business acumen, a commitment to understand our business and industry, experience, conflicts of interest and the ability to act in the interests of all stockholders. The Corporate Governance and Nominating Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities.

Any stockholder entitled to vote for the election of directors may propose candidates for consideration for nomination for election to the Board. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next annual meeting. Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the Corporate Governance and Nominating Committee or the Board, by following the procedures set forth under the heading *Stockholder Proposals for the 2010 Annual Meeting* below. Candidates nominated by stockholders in accordance with procedures set forth in the bylaws will not be included in the Company's proxy card for the next annual meeting.

Board Meetings and Attendance

The Board held fourteen meetings, either in person or by teleconference, during the year ended December 31, 2008. During that year, each of our directors, other than Mr. West, attended at least 75% of the aggregate number of Board meetings and meetings held by all committees on which he or she then served. Mr. West attended 59% of the aggregate number of Board meetings and meetings held by all committees on which he then served.

Director Attendance at Annual Meeting of Stockholders

Our Corporate Governance Guidelines provide that directors are expected to attend the annual meeting of stockholders. All of our directors attended the 2008 annual meeting, and we expect substantially all of our directors to attend the 2009 Annual Meeting.

Board Committees

The Board has established four standing committees—Audit, Compensation, Corporate Governance and Nominating and Executive. Current copies of the charters of each of Audit, Compensation and Corporate Governance and Nominating committees are posted on the *Corporate Governance* section of our website, www.keyenergy.com.

The Board has determined that all of the members of each of the Board's standing committees, other than the Executive Committee, are independent under the NYSE rules, including, in the case of all members of the

Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

In addition, as required by the Sarbanes-Oxley Act of 2002, the SEC adopted rules requiring that each public company disclose whether or not its audit committee has an audit committee financial expert as a member. An audit committee financial expert is defined as a person who, based on his or her experience, satisfies all of the following attributes:

an understanding of internal controls over financial reporting; and

an understanding of audit committee functions.

The Board has determined that Mr. Michael satisfies the definition of audit committee financial expert, and has designated Mr. Michael as an audit committee financial expert.

The Audit Committee held eight meetings in 2008. Mr. Norwood is a Certified Public Accountant and is a graduate of the University of Texas at Austin, where he received his BBA.

Table of Contents**Fees of Independent Registered Public Accounting Firm*****Audit Fees***

Effective December 1, 2006, Grant Thornton LLP was engaged as the Company's independent registered public accounting firm. The following table sets forth the fees for the fiscal period to which the fees relate:

	2008(1)	2007(2)
Audit fees	\$ 3,890,102	\$ 6,683,305
Audit-related fees		
Tax fees		
All other fees		
Total	\$ 3,890,102	\$ 6,683,305

(1) Includes fees of \$43,033 for 2008 statutory audit for our Argentina subsidiary that was performed in 2008, and fees of \$15,185 for audit of our Mexico subsidiary that was performed in 2008.

(2) Includes fees of \$33,000 for 2007 statutory audit for our Argentina subsidiary that was performed in 2008.

Audit fees consist of professional services rendered for the audit of the Company's annual financial statements, the audit of the effectiveness of the Company's internal control over financial reporting and the reviews of the quarterly financial statements. This category also includes fees for issuance of comfort letters, consents, assistance with and review of documents filed with the SEC, statutory audit fees, work done by tax professionals in connection with the audit and quarterly reviews and accounting consultations and research work necessary to comply with the standards of the Public Company Accounting Oversight Board. Fees are presented in the period to which they relate versus the period in which they were billed. Other services performed include certain advisory services and do not include any fees for financial information systems design and implementation.

Policy for Approval of Audit and Non-Audit Fees

The Audit Committee has an Audit and Non-Audit Services Pre-Approval Policy. The policy requires the Audit Committee to pre-approve the audit and non-audit services performed by our independent registered public accounting firm. Under the policy, the Audit Committee establishes the audit, audit-related, tax and all other services that have the approval of the Audit Committee. The term of any such pre-approval is 12 months from the date of pre-approval, unless the Audit Committee adopts a shorter period and so states. The Audit Committee will periodically review the list of pre-approved services and will add to or subtract from the list of pre-approved services from time to time. The Audit Committee will also establish annually pre-approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee.

The Audit Committee has delegated to its Chair the authority to pre-approve services, not previously pre-approved by the Audit Committee, that involve aggregate payments (with respect to each such service or group of related services)

of \$50,000 or less. The Chair will report any such pre-approval to the Audit Committee at its next scheduled meeting.

The policy contains procedures for a determination by the CFO that proposed services are included within the list of services that have received pre-approval of the Audit Committee. Proposed services that require specific approval by the Audit Committee must be submitted jointly by the independent registered public accounting firm and the CFO and must include backup statements and documentation regarding the proposed services and whether the proposed services are consistent with SEC and NYSE rules on auditor independence.

Certain Relationships and Related Transactions

We have an Affiliate Transaction Policy which requires advance review and approval of any proposed transactions (other than employee or director compensation) between the Company and an affiliate of the Company. For this purpose, affiliates include major stockholders, directors and executive officers and members of their immediate family (including in-laws), nominees for director, and affiliates of the foregoing persons, as determined in accordance with SEC rules. In determining whether to approve an affiliate transaction, the Board will use such processes it deems reasonable in light of the circumstances, such as the nature of the transaction and the affiliate involved, which may include an analysis of any auction process involved, an analysis of market comparables, use of an appraisal, obtaining an investment banking opinion or a review by independent counsel. The policy requires the Board to determine that, under all of the circumstances, the covered transaction is in, or not inconsistent with, the best interests of the Company, and requires approval of covered transactions by a majority of the Board (other than interested directors). The Board, in its discretion, may delegate this authority to the Corporate Governance and Nominating Committee or another committee comprised solely of independent directors, as appropriate.

In addition, the Company requires on an annual basis that the directors and executive officers of the Company complete a Directors and Officers Questionnaire to describe certain information and relationships (including those involving their immediate family members) that may be required to be disclosed in our Form 10-K, annual proxy statement and other filings with the SEC. Director nominees and newly appointed executive officers must complete the questionnaire at or before the time they are nominated or appointed. If a change occurs in certain information required to be disclosed in the questionnaire after it is completed, the director or executive officer must immediately report this to the Company throughout the year, including changes in relationships between immediate family members and the Company, compensation paid from third parties for services rendered to the Company not otherwise disclosed, interests in certain transactions, and facts that could affect director independence. Directors are required to disclose in the questionnaire, among other things, any transaction that the director or any immediate family member has entered into with the Company or relationships that a director or an immediate family member has with the Company, whether direct or indirect. This information is provided to the Company's legal department for review and, if required, submitted to the Board for the process of determining independence.

Family Relationships

Craig Owen, the son-in-law of Jim Flynt, our former Senior Vice President of Western Region, served, and continues to serve, as Area Director in our Rental Services line of business since August 2008 and, prior to that date during 2008, served as an area manager in our Rocky Mountain Division. For fiscal year ended December 31, 2008, Mr. Owen received approximately \$182,283 in salary, bonus and benefits. Mr. Owen has been with Key since 1980. We believe that Mr. Owen's compensation is comparable to what he would receive absent his relationship to Mr. Flynt.

Darren Flynt, the son of Jim Flynt, our former Senior Vice President of Western Region, served, and continues to serve, as a Business Process Manager for the Company. For fiscal year ended December 31, 2008, Darren Flynt received approximately \$151,314 in salary, bonus and benefits. We believe that Darren Flynt's compensation is comparable to what he would receive absent his relationship to Jim Flynt.

Lee James, the brother-in-law of Phil Coyne, our Senior Vice President of Wireline Services, served, and continues to serve, as a Technical Advisor for the Company since July 2008 and, prior to that date during 2008, served as a Sales Representative. For fiscal year ended December 31, 2008, Mr. James received approximately \$146,808 in salary, bonus and benefits. We believe that Mr. James' compensation is comparable to what he would receive absent his relationship to Mr. Coyne.

The related party transactions with Craig Owen, Darren Flynt and Lee James, all of which had been previously disclosed and approved under the Affiliate Transaction Policy were reaffirmed by the Corporate Governance and Nominating Committee on April 2, 2009.

Board Member Relationships with Other Companies

Mr. Reeves joined the Board in October 2007 and is currently an executive officer with Anadarko Petroleum Corporation, or Anadarko, one of our customers. During the fiscal year ended December 31, 2008, Anadarko purchased services from us for approximately \$25.9 million, which is less than 2% of our revenue for 2008. This relationship was reviewed and approved under the Affiliate Transaction Policy. The Board does not consider this amount to be material and the relationship between Anadarko and the Company does not otherwise affect Mr. Reeves independence.

Payments to Board Members for Expired Stock Options

In April 2009, the Company entered into a Settlement Agreement and Release of Claims with each of Mr. Collins and Mr. Marcum, two of our current directors. These agreements relate to expired stock options that Messrs. Collins and Marcum held for a total of 140,000 shares of common stock (70,000 shares held by each). The options expired unexercised during the period before the Company became current with its financial statements, when there was not an effective registration statement or available exemption from registration under which to issue such shares. Pursuant to these agreements, the Company paid Messrs. Collins and Marcum cash amounts equal to \$194,974 each, and each of Messrs. Collins and Marcum fully released and forever discharged the Company from any and against all claims they had or could have asserted with respect to their expired options.

The amount of the payments made to Messrs. Collins and Marcum under these agreements was determined consistent with the settlement calculations that were used in a previously disclosed class action lawsuit brought in September 2007 by a former employee, Belinda Taylor, on behalf of herself and similarly situated former employees who held stock options that expired unexercised during this same period.

These payments and each Settlement Agreement and Release of Claims were reviewed and approved under the Affiliate Transaction Policy. The Board does not consider these arrangements to create a material relationship between the Company and either of Mr. Collins or Marcum, or to otherwise affect the independence of either of Mr. Collins or Marcum.

Other Related Party Matters

On March 4, 2009, Mr. Fertig, one of our current directors, purchased, for \$161,950 on the open market, \$250,000 face value of our 8.375% senior notes. The 8.375% senior notes were issued by the Company on November 29, 2007 and mature on December 31, 2014. This transaction was an open market purchase to which we do not believe our Affiliate Transaction Policy is applicable, nor does the Company believe it impacts Mr. Fertig's independence.

INFORMATION ABOUT EXECUTIVE AND DIRECTOR COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Oversight of Executive Compensation Program

As described above under *Corporate Governance Board Committees Compensation Committee*, the Compensation Committee of our Board has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy. The Compensation Committee has the sole authority to engage independent compensation consultants, who report directly to the committee, to advise and consult on compensation issues.

The Compensation Committee took the following actions during 2008 to improve the links between senior executive pay and performance by:

clearly aligning incentive pay with overall Company objectives and goals;

renewing our engagement of an independent compensation consultant to advise on executive compensation issues;

Table of Contents

maintaining alignment of executive base, incentive and long-term compensation structures based on a clearly defined competitive pay strategy; and

establishing guidelines for 2009 compensation incentives, in order to provide for increased flexibility in establishing future performance targets to measure success relative to the rapidly changing market.

Compensation Consultant

In May 2007, after interviewing several candidates, the Compensation Committee retained Longnecker & Associates, or Longnecker, as its independent compensation consultant to advise the Compensation Committee on all matters related to the senior executives' compensation and general compensation programs. This relationship with Longnecker continued in 2008.

Longnecker assisted the Compensation Committee by providing comparative market data on compensation practices and programs based on an analysis of peer competitors. Longnecker also provided guidance on industry best practices. Longnecker advised the Compensation Committee in (1) determining base salaries for senior executives, (2) recommending long-term incentive initiatives for consideration, (3) designing and recommending individual grant levels for the 2008 long-term incentive awards for the senior executives, and (4) adjusting our compensation and incentive structure for 2009 to respond to the current down market.

Compensation ranges for all positions are reviewed annually for adjustment. The last review was completed in April 2008. The only changes in compensation that have occurred subsequent to this review have been in connection with job position changes. The review included total compensation for executives, including base salary, annual incentives, long-term incentives, all other compensation and changes in pension value and nonqualified deferred compensation earnings. The review also assessed the competitiveness of each executive's compensation as compared to a specific peer group and other pertinent published surveys. Specifically, Longnecker evaluated where the total compensation for each executive stood relative to the 50th and 75th percentile of a group of peer companies.

The benchmarks used for executive compensation comparisons include companies in our industry with similar revenue and companies we consider to be competing for the same level of executive talent. The following companies fit either one of those categories and were used in our peer group analysis:

Baker Hughes Inc.	Oil States International, Inc.
Basic Energy Services, Inc.	Patterson-UTI Energy, Inc.
Complete Production Services, Inc.	Pride International, Inc.
Grant Prideco, Inc.	Smith International Inc.
Grey Wolf, Inc.	Superior Well Services, Inc.
Helix Energy Solutions Group Inc.	Transocean Inc.
Noble Corporation	W-H Energy Services, Inc.
Oceaneering International	Weatherford International Ltd.

The recommendations of Longnecker, including the selection of the peer group, were reviewed with management and adjusted by the Compensation Committee as appropriate to provide the most relevant information to the Compensation Committee.

Longnecker also reviewed survey data as a reference point to compare the compensation of our executives to those of a broad range of companies. The following published surveys utilized by Longnecker were:

Economic Research Institute, *ERI Executive Compensation Assessor 2008*;

Mercer Human Resources Consulting, *2007 Mercer Benchmark Database Executive*;

Mercer Human Resources Consulting, *2007 Mercer Energy Survey*;

Watson Wyatt, *2007/2008 Top Management Compensation Regression analysis Report*;

Watson Wyatt, *2007/2008 Industry Report on Top Management Compensation*;

Table of Contents

Towers Perrin, *2007 Oilfield Services Compensation Study*; and

WorldatWork, *2008 Salary Budget Survey*.

Based on its review of the compensation program, Longnecker recommended to the Compensation Committee that we (1) maintain the target for base salaries near the 50th percentile of the peer group, with some variation for different positions between the 50th and 75th percentiles, (2) maintain the target for annual incentives near the 75th percentile of the peer group in order to emphasize performance and (3) provide targeted long-term incentive awards to align the interest of our executives with those of our stockholders and the long-term goals and objectives of the Company. Longnecker provided recommendations for targeted long-term incentive award amounts and incentive vehicles to deliver the awards. Longnecker's recommendation was to provide each executive a combination of stock options and restricted stock in addition to base salary and bonus. Longnecker arrived at this long-term incentive award mix based upon (1) the prevalence of similar approaches among the Company's peer group, (2) the balancing of retention and motivation at the time of granting the awards and (3) modeling that indicated an effective use of awards available for grant and the minimization of dilution to stockholders. In connection with its overall recommendations to the Compensation Committee, Longnecker considered not only the external market, but also the internal environment affecting the Company, including increased flexibility moving into 2009 to allow future adjustments in response to an extensively changing marketplace.

There were no changes made during 2008 in director fees and compensation. However, effective April 1, 2009, director fees are being temporarily reduced by 10% in response to the current economic downturn. From time to time, Longnecker has informally reviewed director fees, but has recommended that a formal review of director compensation be performed. The Compensation Committee has requested that Longnecker formally review Board compensation during 2009. See *Director Compensation* below for additional information regarding director fees.

In 2007, Longnecker reviewed the NEOs' employment agreements and severance plans upon a change-in-control. Advice and consulting for all other non-executive compensation is completed by third parties other than Longnecker.

Role of Executives in Establishing Compensation

The Compensation Committee makes the final determination of all compensation paid to our NEOs and is involved in all compensation decisions affecting our CEO. However, management also plays a role in the determination of executive compensation levels. The key members of management involved in the compensation process are the CEO, CFO, the Chief Operating Officer, the General Counsel and the Administration and Chief People Officer. Management proposes certain corporate and executive performance objectives for executive management. Management also participates in the discussion of peer companies to be used to benchmark NEO compensation, and recommends the overall funding level for cash bonuses and equity incentive awards. All management recommendations are reviewed, modified as necessary by the Compensation Committee, and approved by the Compensation Committee.

Compensation Philosophy

In order to recruit and retain the most qualified and competent individuals as senior executives, we strive to maintain a compensation program that is competitive in our market and with respect to the general profession of our executives. Further, in response to the severe economic downturn that began in late 2008, we are implementing for 2009 more flexibility in our compensation and incentive structures to provide greater discretion in determining the achievement of incentive targets. We remain committed to hiring and retaining qualified, motivated employees at all levels within the organization while ensuring that all forms of compensation are aligned with business needs. The purpose of our

compensation program is to reward exceptional organizational and individual performance. Our compensation system is designed to support the successful attainment of our vision, values and business objectives.

Table of Contents

The following compensation objectives are considered in setting the compensation components for our senior executives:

attract and retain key executives responsible not only for our continued growth and profitability but also for ensuring proper corporate governance and carrying out the goals and plans of the Company;

motivate management to enhance long-term stockholder value and to align our executives' interests with those of our stockholders;

correlate a portion of management's compensation to measurable performance, including specific financial and operating goals, which, moving into 2009, are reflective of the current economic downturn and allow the flexibility for the Compensation Committee to rate the performance relative to the existing market conditions during the measurement period; and

set compensation and incentive levels that reflect competitive market practices.

We want our executives to be motivated to achieve the Company's short- and long-term goals, without sacrificing our financial and corporate integrity in trying to achieve those goals. While an executive's overall compensation should be strongly influenced by the achievement of specific financial targets, we believe that an executive must be provided a degree of financial certainty and stability in his or her compensation. The design and operation of the compensation arrangements do not provide the executives with incentives to engage in business or other activities that would threaten the value of the Company or its stockholders.

The principal components of our executive compensation program are base salary, cash incentive bonuses and long-term incentive awards in the form of stock options and restricted stock. We blend these elements in order to formulate compensation packages which provide competitive pay, reward the achievement of financial, operational and strategic objectives on a short- and long-term basis, and align the interests of our executive officers and other senior personnel with those of our stockholders. To understand our compensation philosophy, it is important to note that we believe that compensation is not the only manner in which we attract people to Key. We strive to hire and retain talented people who are compatible with our corporate culture, committed to our core values, and who want to make a contribution to our mission.

Elements of Compensation

The total compensation and benefits program for our senior executives generally consists of the following components:

base salaries;

cash bonus incentive plan;

discretionary cash bonuses;

long-term equity-based incentive compensation;

retirement, health and welfare benefits;

perquisites; and

certain post-termination payments.

Base Salaries

We provide base salaries to compensate our senior executives and other employees for services performed during the fiscal year. This provides a level of financial certainty and stability in an industry with historical volatility and cyclicity. The base salaries are designed to reflect the experience, education, responsibilities and contribution of the individual executive officers. This form of compensation is eligible for annual merit increases, and is initially established for each executive through individual negotiation and is reflected in his or her employment agreement. Thereafter, salaries are reviewed annually, based on a number of factors, both quantitative, including detailed organizational and competitive analyses performed by an independent

Table of Contents

consultant engaged by the Compensation Committee, and qualitative, including the Compensation Committee's perception of the executive's experience, performance and contribution to our business objectives and corporate values.

During 2008, each of the NEOs received a salary increase in April 2008 in connection with annual performance evaluations and to provide base salaries consistent with the Company's peers. Mr. Wilson received an additional salary increase in connection with his promotion to Chief Operating Officer in June 2008. The average salary increase for the NEOs overall during 2008 was 4.8%.

As part of our cost reduction efforts in response to the current economic downturn, in February 2009, management recommended, and our Compensation Committee approved, a temporary pay reduction program. In accordance with this program, effective March 1, 2009, Mr. Alario's salary was reduced by 10%, Mr. Wilson's, Ms. Clarke's and Ms. Frye's salaries were reduced by 7% each, and all other officers, including Mr. Weinheimer, had their salaries reduced by 5%. Mr. Whichard, our new CFO who did not join the Company until March 26, 2009, had his salary reduced by 7% of what it would have otherwise been under his employment agreement. All other corporate office employees' salaries or hours were also reduced by 5%. We intend for this pay reduction to be temporary and remain in effect until such time as economic conditions improve to allow a return to previous levels. In addition to these salary decreases, our non-employee directors' fees have been temporarily reduced by 10% effective April 1, 2009. See *Director Compensation* below for additional information regarding directors' fees.

Cash Bonus Incentive Plan

The cash bonus incentive awards are variable cash compensation earned only when established semi-annual performance goals are achieved. It is designed to reward the plan participants, including the NEOs who have achieved certain corporate and executive performance objectives and have contributed to the achievement of certain short- and long-term objectives of the Company.

Under this cash compensation program, each executive has the opportunity to earn a cash incentive compensation bonus based on the achievement of pre-determined operating and financial performance measures and other performance objectives established semi-annually by the Compensation Committee. Those goals are financial targets, safety targets, retention targets and some individual job-related targets. Each goal is weighted in terms of percentage of the total program.

During 2008, our principal financial performance target was measured by our earnings (or net income) before interest, taxes, depreciation and amortization, or EBITDA, and was tied to our financial business plan, which is approved by the Board. The Compensation Committee establishes a threshold and a target percentage of EBITDA performance for the period. The threshold level of EBITDA performance must be met in order to fund the incentive program. If the EBITDA performance falls short of such threshold, then no incentive bonuses are awarded under the program regardless of goal achievement under the other measures. If EBITDA threshold is achieved, but less than 100% of the target is achieved, then the executive may receive an incremental bonus percentage with respect to the EBITDA target. Assuming that the EBITDA financial threshold is met, the executive can then receive credit in the other bonus measurements. The executive may also receive incremental credit for the other bonus measurements even though 100% of the target goal with respect to each other performance measurement has not been reached. The Compensation Committee reviews these goals at the beginning of the period and authorizes payment following the end of the period.

Each executive's bonus opportunity is initially reflected in the executive's employment agreement and subsequently reviewed at least annually. For 2008, the Compensation Committee has set the aggregate annual bonus opportunity for each executive as a percentage of base salary at 100%, which is earned on a semi-annual basis. During 2008, the aggregate target participation percentage for all eligible employees ranged from 10% to 100% of base salary. However, if the Company performs above the financial business plan and therefore exceeds the established EBITDA

performance measures, additional increments are awarded beyond that amount, which in 2008 could have been up to 140% of the weighted portion of the EBITDA target. Achievement over and above the financial target can occur only when the business plan is exceeded. Inasmuch

Table of Contents

as the business plan is our estimate of maximum expected achievement for such six-month period, exceeding the target for this measure is difficult.

The following measures, which are discussed in more detail below, determined the size of bonus awards earned by the NEOs during 2008:

EBITDA;

return on assets;

safety;

employee turnover; and

additional individual objectives.

Measurements

EBITDA. The financial target is based on EBITDA; however, certain adjustments are made in the calculation of this performance measure for purposes of determining the financial target achieved. We calculate this financial target as net income before interest, taxes, depreciation and amortization. We also exclude (1) losses or gains on the sale of assets, (2) losses or gains on early extinguishment of debt and (3) net other expenses or other income.

Return on Assets. The return on assets, or ROA, goal was implemented by the Compensation Committee for the second half of 2008. This target is calculated on a consolidated basis as earnings before tax divided by the average net property, plant and equipment on the measurement date. ROA was introduced to provide additional incentives for increasing the utilization of assets among our lines of business and geographic regions.

Safety. The safety target is based on a goal established by the Compensation Committee at the beginning of the period. This goal represents the improvement required or desired result in the Occupational Safety and Health Administration, or OSHA, recordable incident rate. OSHA recordable incident rates are determined by measuring the number of incidents, such as accidents or injuries, involving our employees. Incidents that are recorded include accidents or injuries potentially resulting in a fatality, an employee missing work, an employee having to switch to light duty work or an employee needing to have medical treatment.

Employee Turnover. The employee retention goal is used as an incentive to reduce employee turnover. The goals are established by the Compensation Committee at the beginning of the period and represent a specific percentage of improvement or a desired minimum in the number of employees that terminate employment with the Company from the prior period goal.

Individual Objectives

Individual performance goals are based on individual objectives for each NEO specific to his or her area of expertise and influence, such as the implementation of a new corporate-wide initiative, system or policy. The Compensation Committee sets, to the extent it deems appropriate, the individual targets for the CEO and CFO, while the CEO sets the individual objectives for all other NEOs. The targets for these measures are derived from our 2008 business plan as approved by the Board and are set at or above the levels set within the business plan. As part of our efforts to measure success in a downmarket, future targets for individual objectives during 2009 will focus heavily on cost containment.

Under our incentive compensation program, the Compensation Committee has discretion to adjust targets, as well as individual awards, either positively or negatively. The percentage weighting with respect to these target measurements for the first and second half of 2008 are set forth below. The tables also highlight the percentage of target measurements achieved by each of the NEOs for each six-month period for the cash bonus incentive plan. The actual levels achieved, which are expressed as a percentage of base salary for the

Table of Contents

corresponding period, are multiplied by 50% of the NEO's eligible percentage of base salary to calculate the amount earned by the NEO for the respective six-month period (which was 100% during 2008):

First Half 2008 Incentive Plan Measures

Participant	Performance Measure Weighting				First Half 2008 Actual	
	EBITDA	Safety	Turnover	Individual	% of Target Payout	\$
Richard J. Alario	65%	5%	5%	25%	62.50%	\$ 260,000
William M. Austin	65%	5%	5%	25%	62.50%	\$ 142,025
Newton W. Wilson III	65%	5%	5%	25%	62.50%	\$ 140,625
Kim B. Clarke	65%	5%	5%	25%	62.50%	\$ 86,133
Don D. Weinheimer	65%	5%	5%	25%	62.50%	\$ 82,031

Second Half 2008 Incentive Plan Measures

Participant	Performance Measure Weighting					Second Half 2008 Actual	
	EBITDA	ROA	Safety	Turnover	Individual	% of Target Payout	\$
Richard J. Alario	55%	10%	5%	5%	25%	65.80%	\$ 273,728
William M. Austin	55%	10%	5%	5%	25%	59.55%	\$ 135,321
Newton W. Wilson III	55%	10%	5%	5%	25%	63.30%	\$ 142,425
Kim B. Clarke	55%	10%	5%	5%	25%	65.80%	\$ 90,680
Don D. Weinheimer	55%	10%	5%	5%	25%	60.95%	\$ 80,000

The percentage targets for the first half of 2008 with respect to each of the NEOs were established by the Compensation Committee in February 2008, and confirmed with respect to Mr. Alario in April 2008. The targets for the second half of 2008 were approved for each of the NEOs in July 2008. Senior management established the standard weighting of bonus targets for all corporate employees, other than NEOs, for the first half and second half of 2008 as follows:

	First Half 2008	Second Half 2008
EBITDA	65%	55%
ROA		10%
Safety	5%	5%
Turnover	5%	5%
Individual	25%	25%

The standardization by management was implemented to provide consistency in the overall compensation plan. Management wanted to provide a greater percentage weighting to the financial performance target for all participants

in the plan. It was management's belief that the standard weighting of target bonuses aligns the goals of individuals with the success of the Company.

In early December 2008, the Compensation Committee reviewed an initial proposed incentive plan for the first half of 2009 that had been developed earlier in the year. However, because of the difficulty in setting target formulas in what had become (and continues to be) a highly volatile and declining market, the Compensation Committee directed management to develop a revised plan for its consideration. In consultation with Longnecker, management developed, and our Compensation Committee approved, a revised incentive plan, both for the NEOs and other employees of the Company, that provides guidelines for the Compensation Committee to use in determining what, if any, bonus should be paid for the first half of 2009. The incentive structure for 2009 will still utilize the same measurement components as the current plan, including EBITDA, safety and turnover. However, due to the inability to gauge future financial performance in the current volatile market, the 2009 cash bonus incentive plan provides the Compensation Committee with greater discretion in

Table of Contents

measuring the achievement of the incentive targets. The established targets for financial performance for 2009, such as EBITDA, will be considered a guideline in determining the actual performance of management during the economic downturn. The Compensation Committee will also consider absolute and peer-relative data to assess the performance of the executives in determining whether they achieved the necessary level of performance to be compensated under the cash bonus incentive plan.

For 2009, the Compensation Committee also determined to establish each of the executive s, other than Mr. Alario s, annual target bonus opportunity, which is measured as a percentage of base salary, at 75%. Mr. Alario s target is 125%. As noted above, the plan for 2009 will provide increased flexibility for the Compensation Committee to exercise its discretion in adjusting targets up or down in response to future changing market conditions.

Discretionary Cash Bonuses

In addition to cash bonuses under the incentive plan discussed above, from time to time, the Compensation Committee also will approve the payment of discretionary cash bonuses to officers and other employees in recognition of an individual s achievement beyond established targets. Discretionary cash bonuses paid to the NEOs during 2008 are summarized below in the *2008 Summary Compensation Table* under *Compensation of Executive Officers* below.

Long-Term Equity-Based Incentive Compensation

The purpose of our long-term incentive compensation is to align the interest of our executives with that of our stockholders. We want our executives to be focused on increasing stockholder value. In order to encourage and establish this focus on stockholder value, during 2008, we used the Key Energy Services, Inc. 2007 Equity and Cash Incentive Plan, or the 2007 Incentive Plan, as a long-term vehicle to accomplish this goal. The 2007 Incentive Plan was approved by our stockholders in December 2007 shortly after the expiration in November 2007 of the Key Energy Group, Inc. 1997 Incentive Plan, or the 1997 Incentive Plan. Accordingly, during 2008, no awards were made under the 1997 Incentive Plan. However, awards that were previously made under the 1997 Incentive Plan remain outstanding.

Accompanied by the severe economic downturn, by the end of 2008, the declining market price of our common stock had become significantly lower than the exercise prices on many of our outstanding stock options and stock appreciation rights, or SARs. To allow our employees, including our executive officers, additional potential to realize value from these awards, the Compensation Committee approved the acceleration of the vesting periods on all outstanding stock options and SARs with exercise prices between \$12.45 and \$19.42 per share. The vesting acceleration took effect on December 17, 2008.

Although the Company accelerated the vesting periods on these awards, as of March 16, 2009, 99.8% of outstanding stock options and SARs remain underwater (with exercise prices higher than the market price) and therefore constitute a less effective retention and long-term incentive tool. In light of these conditions, in early March 2009, the Compensation Committee approved a grant of 2,190,320 shares of restricted stock to both our executive officers and approximately 200 of our other employees. These grants vest in three equal annual installments, beginning on March 2, 2010. We believe this was an important step to take during the economic downturn to help counteract the effect of the diminished value of underwater awards held by officers and employees who are in a position to make significant long-term contributions to the Company. Also, in connection with his appointment as the Company s new CFO, the Compensation Committee approved the grant of 90,000 shares of restricted stock to Mr. Whichard, which vest in four equal annual installments, beginning on March 26, 2010.

After giving effect to the recent restricted stock grants, there remain only 14,824 shares available for granting of awards under our 2007 Incentive Plan as of April 6, 2009. In light of the number of underwater awards outstanding

and the limited number of shares remaining under the 2007 Incentive Plan, we believe that it is crucial to adopt the proposed 2009 Equity and Cash Incentive Plan so that the Company can continue utilizing long-term equity-based incentive awards to promote and maintain alignment of compensation with

Table of Contents

long-term stockholder value. For further information regarding the proposed plan, see the discussion below under *Proposal 2 Adoption of the 2009 Equity and Cash Incentive Plan*.

During 2008, based on the recommendation of Longnecker, the Company made long-term equity-based incentive awards to all of its executive officers of stock options and restricted shares. The aggregate amount of the awards were intended to align the executives' equity-based compensation between the 50th and 75th percentile of the peer group with respect to this component of total compensation. The allocation between stock options and restricted shares was based on Longnecker's recommendation in consideration of the overall economic benefit to the executives and impact to the Company.

Key Energy Services, Inc. 2007 Equity and Cash Incentive Plan

During 2008, to promote our long-term objectives, equity awards were made under the 2007 Incentive Plan to directors, executive officers and other employees who were in a position to make a significant contribution to our long-term success. Our 2007 Incentive Plan provides that the Compensation Committee has the authority to grant participants different types of equity awards, including non-qualified and incentive stock options, common stock, restricted stock, restricted stock units, performance compensation awards and stock appreciation rights, or SARs. Since equity awards may vest and grow in value over time, this component of our compensation plan is designed to provide incentives to reward performance over a sustained period. Since its adoption, only stock options and restricted stock have been granted under the 2007 Incentive Plan.

The following types of awards are available for grant under the 2007 Incentive Plan:

Stock Options. Stock options represent rights to purchase shares of Key common stock at a set price at some date in the future, not to exceed ten years from the date of grant (except for incentive stock options granted to a stockholder holding 10% or more of our common stock, the term of the option may not exceed five years from the grant date). Stock options are granted with an exercise price equal to the closing stock price on the date of the grant (except for incentive stock options granted to a stockholder holding 10% or more of our common stock, the exercise price for which may not be less than 110% of the fair market value on the date of grant).

We believe that awards of stock options provide a significant incentive for senior executives to remain employed and to achieve and maintain high levels of performance over multi-year periods, and strengthen the connection between executive and stockholder interests. Although no performance-vesting criteria are applied to our stock option awards, we believe that stock options represent a powerful performance incentive, as the options become valuable only to the extent that our stock price increases following the date of grant. As mentioned above, because of declines in the Company's stock price since the third quarter of 2008, during the fourth quarter of 2008, we accelerated the vesting period on certain of our outstanding unvested stock option awards, including stock options granted under the 2007 Incentive Plan.

Restricted Stock. Restricted stock awards represent awards of actual shares of our common stock, earned contingent upon continued employment. Typically the restricted stock we grant to our executives vests at a rate of one-third per year over a three-year term.

We believe that awards of restricted stock provide a significant incentive for executives to achieve and maintain high levels of performance over multi-year periods, and strengthen the connection between executive and stockholder interests. We believe that restricted shares are a powerful tool for helping us retain executive talent. The higher value of a share of restricted stock in comparison to a stock option allows us to issue fewer total shares in order to arrive at a competitive total long-term incentive award value. Furthermore, we believe that the use of restricted stock reflects competitive practice among other production service companies with whom we compete for executive talent.

Stock Appreciation Rights. SARs entitle the recipient to receive the difference between the exercise price and the fair market value of a share of the Company's common stock on the date of exercise, multiplied by the number of shares of common stock for which the SAR was exercised. The exercise

Table of Contents

price is equal to the closing stock price on the date of grant. The exercise price for a SAR may be settled in cash, shares of the Company's common stock or a combination thereof.

We believe that SARs provide a significant incentive for executives to achieve and maintain high levels of performance over multi-year periods, and that they strengthen the connection between executive and stockholder interests. We believe that SARs are a creative tool for helping us retain executive talent. Although no SARs have been granted under the 2007 Incentive Plan, SARs granted under the 1997 Incentive Plan remain outstanding. Currently outstanding SARs were granted with three year ratable vesting schedules and 10-year lives. As mentioned above, however, during the fourth quarter of 2008, we accelerated the vesting periods on our outstanding unvested SARs granted under the 1997 Incentive Plan

Retirement, Health and Welfare Benefits

We offer a variety of health and welfare and retirement programs to all eligible employees. Under the terms of their employment agreements, the NEOs are eligible for the same broad-based benefit programs on the same basis as the rest of the Company's employees. Our health and welfare programs include medical, pharmacy, dental, vision, life insurance and accidental death and disability.

Perquisites

In addition to the compensation described above, under the terms of their respective employment agreements, executive officers may also be paid reasonable fees for personal financial advisory counseling, accounting and related services, legal advisory or attorneys' fees and income tax preparation and tax audit services. We also pay all covered out-of-pocket expenses for healthcare not otherwise covered by insurance. Additional perquisites paid include auto allowances plus reimbursement for reasonable insurance and maintenance expenses and club memberships. The costs to the Company associated with providing these benefits for NEOs in 2008 are reflected in the *Perquisites Table* below.

401(k) Plan

We maintain a 401(k) plan for our employees. Under the 401(k) plan, eligible employees may elect to contribute up to 100% of their eligible compensation on a pre-tax basis in accordance with the limitations imposed under the Internal Revenue Code of 1986, as amended, or the Code.

During 2008, we also matched 100% of each employee's deferrals up to 4% of the individual's eligible salary, subject to a cap, which for 2008 was \$230,000. Therefore, even if an employee earned more than \$230,000 in eligible salary, the contribution match made by the Company could not exceed \$9,200.

The cash amounts contributed under the 401(k) plan are held in a trust and invested among various investment funds in accordance with the directions of each participant. An employee's salary deferral contributions under the 401(k) plan are 100% vested. We made employer matching contributions to the 401(k) plan of approximately \$11.9 million for the year ended December 31, 2008.

As part of the cost reduction efforts that we have implemented in response to U.S. and global declining market conditions, effective March 1, 2009, we amended our 401(k) plan to suspend the Company's matching contributions to all employees, including our executives, with the intent that such suspension will remain in effect for the remainder of 2009. However, if business conditions improve later in 2009, we have the ability to make discretionary contributions related to the 2009 plan year. At the end of 2009, we will make the determination on whether to re-instate matching contributions for the 2010 plan year, based on the conditions at that time.

Severance Payments/Change In Control

We have employment agreements in place with each of the NEOs providing for severance compensation for a period of up to three years in the event the executive's employment is terminated for a variety of reasons, including a change in control of the Company. We have provided more information about these benefits, along with estimates of the value under various circumstances under the heading *Potential Payments upon Termination or Change in Control* below.

Table of Contents

Our practice in the case of change in control benefits has been to structure these as double trigger benefits. In other words, the change of control does not itself trigger benefits. Rather, benefits are paid only if the employment of the executive is terminated during a specified period after a change of control. We believe a double trigger benefit maximizes stockholder value because it prevents an unintended windfall to executives in the event of a friendly change of control, while still providing appropriate incentives to cooperate in negotiating any change of control. In addition, these agreements avoid distractions involving executive management that arise when the Board is considering possible strategic transactions involving a change in control, and assure continuity of executive management and objective input to the Board when it is considering any strategic transaction. For additional information concerning our change in control agreements, see *Potential Payments upon Termination or Change in Control* below.

Each of the executive officers is subject to noncompete and non-solicitation provisions pursuant to the terms of their employment contracts.

Regulatory Considerations

The tax and accounting consequences of utilizing various forms of compensation are considered by the Compensation Committee when adopting new or modifying existing compensation.

Under Section 162(m) of the Internal Revenue Code, publicly-held corporations may not take a tax deduction for compensation in excess of \$1 million paid to any of the executive officers named in the Summary Compensation Table during any fiscal year. There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. To maintain flexibility in compensating executives in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy requiring all compensation to be deductible under Section 162(m). However, the Compensation Committee considers deductibility under Section 162(m) with respect to compensation arrangements for executives. The Compensation Committee cannot guarantee that future executive compensation will be fully deductible under Code Section 162(m).

Accounting for Equity-Based Compensation

We account for equity-based compensation in accordance with the requirements of Statement of Financial Accounting Standards No. 123 (Revised 2004), *Share-Based Payment*, or SFAS 123(R).

- (1) Represents the dollar amounts of expense recognized by the Company in 2008, 2007 and 2006 for financial statement reporting purposes in accordance with SFAS 123(R) with respect to restricted stock awards and stock options granted under the 1997 Incentive Plan and the 2007 Incentive Plan, other than the estimates for forfeitures related to service-based vesting conditions, which were disregarded. The amounts reported in this table in the Company's most recent prior two proxy statements for the 2008 and 2007 Annual Meetings of Stockholders included estimates for forfeitures related to service-based vesting conditions. For purposes of SFAS 123(R), the amounts shown for 2008 include expenses recognized during the year for awards that were granted prior to 2008. The assumptions made in the valuation of the expense amounts included in this column are discussed in Note 17 in the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2008.
- (2) Although these dollar amounts represent a recognized expense for financial statement reporting (as described in footnote 1 above), all of these awards were underwater as of December 31, 2008 and continue to be underwater at the time of filing this proxy statement, meaning the exercise prices of the awards are above the market price of the Company's common stock.

- (3) Represents the modified fair value of the stock options which takes into account the acceleration of the vesting periods of such stock options which occurred on December 17, 2008. - (5) Represents the number of shares of common stock subject to stock options granted in 2008 to the NEOs under the 2007 Incentive Plan. The stock options generally vest ratably over the four year period following the date of grant, but the vesting of the stock options was accelerated in December 2008.
- (6) Pursuant to the 2007 Incentive Plan, the fair market value is the closing price of the common stock on the grant date. The closing price as quoted on the New York Stock Exchange on April 10, 2008 was \$15.07.

Employment Agreements

Each NEO's employment agreement provides for an initial term of two years and automatically renews for successive one-year extension terms unless terminated by the executive or the Company at least ninety days prior to the commencement of an extension term. Each of the executives receives an annual salary, which can be increased (but not decreased) at the discretion of the Compensation Committee and, in the case of Messrs. Wilson and Weinheimer and Ms. Clarke (and as was the case for Mr. Austin prior to his resignation), at the discretion of the CEO. Each executive is also eligible for an annual incentive bonus of up to 100% of his or her base salary in the case of Messrs. Wilson and Weinheimer or Ms. Clarke (and as was the case for Mr. Austin prior to his resignation), and up to 200% of his base salary in the case of Mr. Alario, and each is entitled to participate in awards of equity-based incentives at the discretion of the Board or the Compensation Committee. The executives also receive comprehensive medical and dental plans available to the Company's senior management pursuant to which all medical and dental expenses incurred by them and their respective spouses and children will be reimbursed through insurance or, in the absence of insurance, directly by the Company so that the executives have no out-of-pocket cost with respect to such expenses.

Mr. Alario receives an allowance of \$1,100 per month, plus reimbursement for reasonable insurance and maintenance expenses, in connection with the use of his automobile and is entitled to be reimbursed up to \$15,000 in any fiscal year of the Company for personal services provided by certified public accountants and tax attorneys. Mr. Alario is also entitled to be reimbursed for the initiation fee and the annual or other periodic fees, dues and costs to become and remain a member of one club or association for business use, as approved by the Compensation Committee.

As noted above, Mr. Austin resigned from the Company effective February 6, 2009. On February 5, 2009, Mr. Austin and the Company executed a letter agreement to address certain matters in connection with his resignation. This letter agreement (1) confirmed that Mr. Austin voluntarily resigned from the Company for other than "Good Reason" (as defined in his employment agreement); (2) based on the position Mr. Austin assumed following his resignation, waived a portion of his employment agreement's non-compete to allow Mr. Austin to serve in an interim managerial capacity with, or be engaged to provide restructuring advice for, any business that would otherwise be subject to the non-compete; and (3) provided that Mr. Austin will receive the incentive bonus for the second half of the fiscal year ended December 31, 2008, in such amount as determined by the Company (which amount is reported in footnote 5 of the *Summary Compensation Table* above). Under the letter agreement, Mr. Austin also provided a full release of the

Company and its officers, employees and affiliates of all claims relating to his employment, compensation and termination. The benefits under this letter agreement were in addition to anything to which Mr. Austin is entitled under the employment agreement and applicable Company plans.

Table of Contents

The employment agreements contain a comprehensive non-compete provision that prohibits the executives from engaging in any activities that are competitive with the Company during their employment, and for any period in which each of them is receiving severance compensation from the Company (or if payment of severance compensation is increased due to a change of control, for a period of three years after the termination of employment) or for twelve months following termination if the executive receives no severance compensation from the Company. As mentioned above, we waived a portion of Mr. Austin's non-compete to allow him to serve in an interim managerial capacity with, or be engaged to provide restructuring advice for, any business that would otherwise be subject to the non-compete.

The employment agreements provide for compliance with the provisions of Section 409A of the Internal Revenue Code concerning the payment of potential future benefits to the executives and reimbursement of any tax penalties owed pursuant to Section 409A of the Code on an after-tax basis. If Mr. Alario is subject to the tax imposed by Section 4999 of the Code, he will be reimbursed for such tax on an after-tax basis. If either of Messrs. Austin, Wilson and Weinheimer and Ms. Clarke is subject to the tax imposed by Section 4999 of the Internal Revenue Code, he or she will be reimbursed for such tax on an after-tax basis; provided, however, that the executive has agreed to a reduction of up to 10% of the value the executive would have received if such reduction would avoid the imposition of such tax.

The employment agreements also provide for certain severance benefits for each of the NEOs. Please see *Potential Payment Upon Termination or Change in Control* and *Elements of Severance Payments* below for further discussion.

(1) Effective December 17, 2008, the Company accelerated vesting on all outstanding stock options and stock appreciation rights with exercise prices between \$12.45 and \$19.42 per share. All of the stock options held by the NEOs were underwater as of December 31, 2008 and continue to be underwater at the time of filing this proxy statement, meaning the exercise prices of the awards are above the market price of the Company's common stock.

Table of Contents**2008 Option Exercises and Stock Vested**

The following table sets forth certain information regarding options and stock awards exercised and vested, respectively, during 2008 for the persons named in the *Summary Compensation Table* above.

Name	Option Awards		Stock Awards

- (1) On August 28, 2008, Mr. Austin exercised 10,000 stock options with an exercise price of \$10.53 per share, selling all shares received upon exercise on the same day for \$17.05 per share. The value realized was determined by calculating aggregate the difference between the price at which the shares were sold and the exercise price of the stock options.
- (2) The value realized on vesting was calculated as the number of shares acquired on vesting multiplied by the closing price of the common stock on the vesting date.

Payments Upon Termination or Change in Control

The following table reflects the potential payments to which the NEOs would be entitled upon termination of employment on December 31, 2008. The closing price of a share of Key's common stock on December 31, 2008, the last trading day of the year, was \$4.41. The actual amounts to be paid out to executives upon termination can only be determined at the time of each NEO's separation from the Company.

As mentioned above, Mr. Austin resigned from the Company on February 6, 2009. The payments described below reflect what would have occurred under different scenarios on December 31, 2008, prior to Mr. Austin's departure from the Company. With respect to Mr. Austin's actual termination of employment, because he voluntarily resigned from the Company, he was not entitled to any severance. However, as described above under *Employment Agreements*, under a letter agreement executed in connection with his resignation, the Company provided Mr. Austin with a partial waiver of the non-compete under his employment agreement and agreed that he would remain entitled to receive an incentive bonus for the second half of 2008 in an amount as determined by the Company (which amount is reported in footnote 5 of the *Summary Compensation Table* above). Mr. Austin also provided, pursuant to the letter agreement, a full release of the Company and its officers, employees and affiliates of all claims relating to his employment, compensation and termination.

- (1) Represents compensation payable if the Company does not renew the NEO's employment agreement after the initial term or any extension of the agreement.
- (2) Represents compensation payable if the Company terminates the NEO's employment for cause or the NEO otherwise resigns without "Good Reason" as defined in the respective employment agreements.
- (3) Represents compensation due to the NEO's estate upon his or her death.
- (4) Represents compensation payable to NEO upon determination of NEO's permanent disability.

Table of Contents

- (5) Represents compensation due to NEO if terminated by the Company without Cause or if the NEO resigns for Good Reason, as each such term is defined in the respective employment agreement.
- (6) Represents payments due upon termination of employment following a change of control (as defined in the respective employment agreements) with respect to equity compensation. The cash severance is due in a lump sum payment. Also assumes that the target annual bonus is paid.
- (7) Cash severance payable to Mr. Alario includes a cash payment described below, plus a monthly auto allowance of \$1,100 and advisory fees of \$15,000 per year for such number of years for which Mr. Alario would be entitled to severance under each listed scenario.
- (8) Represents the value of restricted stock determined by multiplying the number of vested shares by \$4.41, the closing price on December 31, 2008.
- (9) No value is associated with stock options and SARs because such awards held by the NEOs had exercise prices higher than \$4.41, the closing price on December 31, 2008.
- (10) Includes life insurance premiums, medical insurance, estimated out-of-pocket medical and other expenses based on the amount of such expenses during 2008.
- (11) All the NEOs are entitled to a 280G excise tax gross-up payment under their employment agreements. Mr. Alario is entitled to a full gross-up benefit. However, for Mr. Austin, Mr. Wilson, Ms. Clarke and Mr. Weinheimer, if it is determined that the NEO is otherwise entitled to a gross-up payment, the NEO's total parachute payments may be reduced if it is determined that the reduction in the total parachute payments would not give rise to any excise tax and the reduced parachute payments would not be less than 90% of the total parachute payments before such reduction.

Ms. Clarke and Mr. Weinheimer were both subject to excise taxes upon a change of control because their respective total parachute payments would have to be reduced to less than 90%. Therefore, the entire change of control benefit for each of Ms. Clarke and Mr. Weinheimer was considered. Messrs. Alario, Austin and Wilson's change of control benefits were not subject to any excise tax.

Elements of Severance Payments

Key has entered into employment agreements with each NEO that provide for certain payments upon termination depending upon the circumstances of the NEO's separation from the Company, as summarized below.

Cash Severance

If, during the term of Mr. Alario's employment agreement, he is terminated by the Company for any reason other than for Cause, or if he terminates his employment because of a material breach by the Company, Mr. Alario will be entitled to severance compensation in an aggregate amount, generally equal to three times his base salary in effect at the time of termination payable in equal installments over a 36-month period following termination. In the event Mr. Alario's employment is terminated because the Company does not renew his employment agreement, Mr. Alario is entitled to the greater of one year's base salary then in effect or the highest multiple of base salary in effect for non-renewal under any other executive officer's contract in effect at the time of non-renewal. However, Mr. Alario would only be able to increase the severance above one year's salary if such other agreement was also either in effect on the commencement date of Mr. Alario's agreement or later approved by the Compensation Committee after the

commencement date of his agreement. For the year ended December 31, 2008, he would have been entitled to an amount equal to two times his base salary.

For all the other NEOs, if, during the term of the NEOs' employment agreement, the NEO is terminated by the Company for any reason other than for Cause or disability, including non-renewal of the NEO's employment agreement or if the NEO terminates his or her employment because of a material breach by the Company, the NEO will be entitled to severance compensation in an aggregate amount, equal to two times the NEOs' base salary in effect at the time of termination payable in equal installments over a 24-month period following termination.

Table of Contents

However, for each of the NEOs, their respective employment agreement specifies that if termination is within one year following a change of control of the Company, the severance compensation will be an amount equal to three times their respective base salary then in effect plus an amount equal to three times their respective annual target cash bonus, and will be payable in one lump sum on the effective date of the termination. None of the NEOs are entitled to cash severance compensation upon the NEO's death.

Although Mr. Austin's employment agreement contains the same terms, as noted above, he resigned from the Company for other than "Good Reason" in February 2009.

Equity-Based Incentives

Equity-based incentives include restricted stock, stock options and stock appreciation rights or SARs. For each of the NEOs, if the NEO is terminated by the Company for any reason other than for "Cause," or if the NEO terminates his or her employment because of a material breach by the Company or following a change of control of the Company, any equity-based incentives held by the NEO that have not vested prior to the termination date shall immediately vest and all vested equity-based incentives shall remain exercisable until, with respect to Mr. Alario, the earlier of the third anniversary date of the termination or the stated expiration date of the equity-based incentive, and with respect to all other NEOs, until the earlier of the first anniversary date of the termination or the stated expiration date of the equity-based incentive.

Health & Welfare

If the NEO terminates his or her employment because of a material breach by the Company or following a change in control or the Company terminates the NEO's employment for any reason other than for "Cause," including non-renewal, the NEO will continue to receive the benefits that the NEO was receiving at the Company's expense prior to such termination until the earlier of (1) twenty-four months with respect to Messrs. Austin, Wilson or Weinheimer and Ms. Clarke, or thirty-six months with respect to Mr. Alario, (2) the last date of eligibility under the applicable benefits or (3) the date on which the NEO commences full-time employment with another employer that provides equivalent benefits; provided that, if termination occurs for any reason within one year of a change in control or in anticipation of a change of control, in lieu of such benefits, the Company will pay an amount in cash equal to the aggregate reasonable expenses the Company would incur to pay such benefits. In the event of death, the executive's spouse is entitled to up to three years of coverage after the date of termination, with respect to Mr. Alario, and with respect to the other NEOs, the executive's spouse is entitled to up to two years of coverage after the date of termination.

In addition, Mr. Alario is entitled to term-life insurance for such period that he is otherwise entitled to severance under his employment agreement.

Tax Gross-Ups

If any NEO is subject to the tax imposed due to unfavorable tax treatment under Sections 280G and 4999 of the Internal Revenue Code because of any termination-related payments, the Company has agreed to reimburse the NEO for such tax on an after-tax basis.

DIRECTOR COMPENSATION

For 2008, the non-employee directors received a fee equal to \$65,000 per year, or a pro rated amount for partial years of service, and an annual award of common stock of the Company having a fair market value of \$85,000, and are reimbursed for travel and other expenses directly associated with Company business. Each non-employee director received the annual award of common stock in 2008. The chairs of the Compensation Committee and the Corporate

Governance and Nominating Committee each received an additional \$10,000 per year for their service, and the chair of the Audit Committee and the Lead Director each received an additional \$20,000 per year. All other members of the Audit Committee (other than the chair) receive an additional \$10,000 per year.

Table of Contents

As part of the Company's cost reduction efforts in response to the current economic downturn, the fees described above for our non-employee directors have been temporarily decreased by 10% effective April 1, 2009.

The following table discloses the cash and equity awards earned, paid or awarded, as the case may be, to each of the Company's non-employee directors during the fiscal year ended December 31, 2008.

(1) Represents the dollar amount of expense recognized by the Company for financial statement reporting purposes with respect to annual stock awards granted to the directors under the 2007 Incentive Plan in accordance with SFAS 123(R). Although the annual stock awards are based on a number of shares having a fair market value of \$85,000, because fractional shares are not granted, the amount recognized is slightly different.

(2) Effective November 1, 2008, Mr. Reeves was appointed chair of the Compensation Committee, replacing Mr. Breazzano, for which he received prorated fees for his service as chair during the last two months of 2008. Mr. Breazzano continues to serve as Lead Director.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Messrs. Reeves (Chair), Breazzano, Fertig, Marcum and West, all of whom are independent non-management directors. None of the Compensation Committee members has served as an officer or employee of the Company, and none of the Company's executive officers have served as a member of a compensation committee or board of directors of any other entity, which has an executive officer serving as a member of the Company's Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on this review, the Compensation Committee recommended on April 2, 2009 to the Company's Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

PROPOSAL 2 ADOPTION OF THE 2009 EQUITY AND CASH INCENTIVE PLAN

Board Recommendation

The Board of Directors believes that the adoption of the 2009 Equity and Cash Incentive Plan is in our best interests and the best interests of our stockholders and therefore recommends a vote FOR this proposal.

The Board has approved and recommends that stockholders approve the adoption of the Key Energy Services, Inc. 2009 Equity and Cash Incentive Plan (the "2009 Incentive Plan").

The Company's incentive plan currently in effect is the Key Energy Services, Inc. 2007 Equity and Cash Incentive Plan (the "2007 Incentive Plan"). However, as described further below, as of April 6, 2009 (the record date), there remain only 14,824 shares available for granting of awards under the 2007 Incentive Plan. The Company's previous incentive plan, the Key Energy Group, Inc. 1997 Incentive Plan (the "1997 Incentive Plan"), expired in 2007 and, as such, no additional awards may be made under it.

Accompanied by the severe economic downturn, by the end of 2008, the declining market price of the Company's common stock had become significantly lower than the exercise prices on many of its outstanding stock options and stock appreciation rights, or SARs. To allow the Company's employees, including its executive officers, additional potential to realize value from these awards, the Compensation Committee approved the acceleration of the vesting periods on all outstanding stock options and SARs with exercise prices between \$12.45 and \$19.42 per share. The vesting acceleration took effect on December 17, 2008. Nonetheless, because 99.8% of all outstanding stock options and SARs have exercise prices higher than the market price of the Company's common stock (percentage as of March 16, 2009), such awards remain a less effective retention and long-term incentive tool.

In light of these conditions, in early March 2009, the Compensation Committee approved a grant of 2,190,320 shares of restricted stock to both executive officers and approximately 200 other employees. These grants vest in three equal annual installments, beginning on March 2, 2010. The Company believes this was an important step to take during the economic downturn to help counteract the effect of diminished value of underwater awards held by officers and employees who are in a position to make significant long-term contributions to the Company. Also, in connection with his appointment as the Company's new CFO, the Compensation Committee approved the grant on March 26, 2009 of 90,000 shares of restricted stock to Mr. Whichard, which vest in four equal annual installment, beginning on March 26, 2010.

After giving effect to the recent restricted stock grants, as of April 6, 2009, there remain only 14,824 shares available for granting of awards under the 2007 Incentive Plan. In light of the number of underwater awards outstanding and the limited number of shares remaining under the Company's current plan, the Board believes that it is crucial to adopt the proposed 2009 Incentive Plan so that the Company can continue utilizing long-term equity-based incentive awards to promote and maintain alignment of compensation with long-term stockholder value. The 2009 Incentive Plan is designed to enable the Company and its affiliates to continue to obtain and retain the services of the types of employees, consultants and directors who will contribute to the Company's long-range success and to provide incentives that are linked directly to increases in share value which will inure to the benefit of all stockholders of the Company. The Board approved the 2009 Incentive Plan on April 3, 2009.

A copy of the 2009 Incentive Plan is attached to this proxy statement as *Appendix A*. The description of the 2009 Incentive Plan that follows is qualified in its entirety by reference to the attached 2009 Incentive Plan.

Summary of the 2009 Equity and Cash Incentive Plan

Administration. The 2009 Incentive Plan will be administered by the Board or a committee designated by the Board (the Committee). While the Company is a publicly traded company, the Committee may consist solely of one or more members of the Board who qualify as outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and as non-employee

directors under Rule 16b-3 as promulgated under Section 16 of the Securities Exchange Act of 1934. The Board or the Committee (the Administrator) will have the power and authority to select Participants (as defined below) in the 2009 Incentive Plan and grant Awards (as defined below) to such Participants pursuant to the terms of the 2009 Incentive Plan. The Company anticipates that the Board will designate the Compensation Committee as the Administrator of the 2009 Incentive Plan. In addition, the Administrator will have the authority, among other powers, to (a) construe, interpret and administer the 2009 Incentive Plan, reconcile any inconsistency in, correct any defect in or supply any omission in the 2009 Incentive Plan or any agreement relating to Awards, (b) promulgate, amend and rescind the rules and regulations relating to the administration of the 2009 Incentive Plan, (c) delegate its authority to one or more officers of the Company with respect to Awards that do not involve certain executive officers of the Company, (d) determine when Awards are to be granted under the 2009 Incentive Plan and the applicable grant date, (e) select those Participants to whom Awards will be granted, (f) determine the number of shares of common stock to be made subject to each Award, (g) determine whether each option is or is not intended to qualify as an incentive stock option, (h) prescribe the terms and conditions of each Award, (i) amend any outstanding Awards subject to certain limitations, (j) make decisions with respect to outstanding Awards that may become necessary upon a change in corporate control or an event that triggers anti-dilution adjustments, and (k) exercise discretion to make any and all other determinations which it determines to be necessary or advisable for administration of the 2009 Incentive Plan. All decisions made by the Administrator pursuant to the provisions of the 2009 Incentive Plan will be final and binding on the Company and the Participants.

Number of Shares Authorized. Subject to adjustment, the total number of shares of the Company's common stock, par value \$0.10 per share, that will be available for the grant of Awards under the 2009 Incentive Plan may not exceed 4,000,000 shares; however, for purposes of this limitation, any stock subject to an Award that is canceled, forfeited or expires prior to exercise or realization will again become available for issuance under the 2009 Incentive Plan. Subject to adjustment, no Participant will be granted, during any one year period, options to purchase common stock and/or stock appreciation rights with respect to more than 500,000 shares of common stock. Stock available for distribution under the 2009 Incentive Plan will be authorized and unissued shares, treasury shares or shares reacquired by the Company in any manner.

Eligibility. Awards may be granted to employees, directors and, in some cases, consultants and those individuals whom the Administrator determines are reasonably expected to become employees, directors or consultants following the grant date of the Award (Participants). However, incentive stock options may be granted only to employees.

Awards Available for Grant. Awards may be in the form of options (incentive stock options and nonstatutory stock options), restricted stock, restricted stock units, performance compensation awards and stock appreciation rights (collectively, Awards).

Options. Options may be granted as incentive stock options (stock options intended to meet the requirements of Section 422 of the Code) or nonstatutory stock options (stock options not intended to meet such requirements) and will contain such terms and conditions as the Administrator deems appropriate. The term of each option will be fixed by the Administrator but no incentive stock option may be exercisable after the expiration of ten years from the grant date; however, in the case of incentive stock options granted to a 10% stockholder, the term of such option may not exceed five years from the grant date. The exercise price of each option may not be less than 100% of the fair market value of the common stock subject to the option on the date of grant; however, in the case of incentive stock options granted to a 10% stockholder, the exercise price may not be less than 110% of the fair market value on the date of grant. The Administrator will determine the time or times at which, or other conditions upon which, an option will vest or become exercisable.

Restricted Stock and Restricted Stock Units. The Administrator may award actual shares of common stock (Restricted Stock) or hypothetical common stock units having a value equal to the fair market value of an identical number of

shares of common stock (Restricted Stock Units), which Award may, but need not, provide that such Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of an obligation or for any other

purpose, as applicable, or, in the case of Restricted Stock Units, be settled in shares of common stock, for a certain period of time (the Restricted Period). Subject to the restrictions set forth in the Award, Participants who are granted Restricted Stock generally will have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock. At the discretion of the Administrator, cash dividends and stock dividends with respect to Restricted Stock may be either currently paid to the Participant or withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Administrator. The cash dividends or stock dividends so withheld by the Administrator and attributable to any particular share of Restricted Stock will be distributed to the Participant in cash or, at the discretion of the Administrator, in shares of common stock having a fair market value equal to the amount of such dividends, if applicable, upon the release of restrictions on such shares. The Restricted Period will begin on the grant date and end at the time or times set forth on a schedule established by the Administrator in the applicable Award agreement. At the discretion of the Administrator, Restricted Stock Units may also be credited with cash dividends and stock dividends, either currently or withheld for the Participant's account and distributed upon the settlement of the Restricted Stock Unit.

Performance Compensation Awards. The 2009 Incentive Plan provides the Administrator with the authority, at the time of grant of any Award (other than options and stock appreciation rights granted with an exercise price or grant price equal to or greater than the fair market value per share of stock on the date of the grant), to designate such Award as a performance compensation award in order to qualify such Award as performance-based compensation under Section 162(m) of the Code. In addition, the 2009 Incentive Plan provides the Administrator with the authority to make an Award of a cash bonus to any Participant and designate such Award as a performance compensation award in order to qualify such Award as performance-based compensation under Section 162(m) of the Code.

During the first 90 days of a performance period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), which period may not be less than one year (the Performance Period), the Administrator may, in its sole discretion, select which Participants will be eligible to receive performance compensation awards in respect of such Performance Period. The 2009 Incentive Plan provides that, with regard to a particular performance compensation award, the Administrator has full discretion to select the length of the Performance Period, the performance criteria that will be used to establish the performance goal, the kind(s) and/or level(s) of the performance goal(s) that is (are) to apply to the Company and the performance formula to be applied against the relevant performance goal to determine, with regard to the performance compensation award of a particular Participant, whether all, some portion or none of the performance compensation award has been earned for the Performance Period. The performance criteria that will be used to establish the performance goal(s) will be based on the attainment of specific levels of performance of the Company and will be limited to the following:

net earnings or net income (before or after taxes);

basic or diluted earnings per share (before or after taxes);

net revenue or net revenue growth;

gross revenue;

gross profit or gross profit growth;

net operating profit (before or after taxes);

return measures (including, but not limited to, return on assets, capital, invested capital, equity or sales);

cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital);

earnings before or after taxes, interest, depreciation, and/or amortization;

gross or operating margins;

productivity ratios;

share price (including, but not limited to, growth measures and total stockholder return);

expense targets;

margins;

operating efficiency;

objective measures of customer satisfaction;

working capital targets;

measures of economic value added;

inventory control; and

enterprise value.

The maximum performance compensation award payable to any one Participant under the 2009 Incentive Plan for a Performance Period is 250,000 shares of common stock or, in the event such performance compensation award is paid in cash, the equivalent cash value thereof, as determined by the Administrator. The maximum amount that can be paid in any calendar year to any Participant pursuant to a performance compensation award in the form of a cash bonus is \$1,000,000.

Stock Appreciation Rights. Stock appreciation rights may be granted either alone (Free Standing Rights) or, provided the requirements of the 2009 Incentive Plan are satisfied, in tandem with all or part of any option granted under the 2009 Incentive Plan (Related Rights). Upon exercise, the holder of a stock appreciation right will be entitled to receive from the Company an amount equal to the product of (a) the excess of the fair market value of one share of the Company s common stock on the date of exercise over the exercise price per share specified in the stock appreciation right or its related option, multiplied by (b) the number of shares for which such stock appreciation right is exercised. The exercise price of a Free Standing Right will be determined by the Administrator, but will not be less than 100% of the fair market value of the Company s common stock on the grant date of such Free Standing Right. A Related Right granted simultaneously with or subsequent to the grant of an option will have the same exercise price as the related option, will be transferable only upon the same terms and conditions as the related option, and will be exercisable only to the same extent as the related option. A stock appreciation right may be settled, at the sole discretion of the Administrator, in cash, shares of the Company s common stock or a combination thereof.

Transferability of Options. Stock options, including both incentive stock options and nonstatutory stock options, will not be transferable except by will or by the laws of descent and distribution and will be exercisable during the lifetime of the Participant only by the Participant. However, the Participant may designate a third party who, in the event of the Participant s death, will be entitled to exercise the option.

Adjustments. The 2009 Incentive Plan provides that in the event of certain corporate events or changes in the Company s common stock, Awards and the maximum number of shares subject to all Awards under the 2009 Incentive Plan and the maximum number of shares with respect to any one person will be adjusted to reflect such event. Any such adjustment made to an incentive stock option will be made in accordance with Section 424(a) of the

Code and any such adjustment made to a nonstatutory option will be made so as not to violate Section 409A of the Code.

Change in Control. In the event of a Change in Control (as defined in the 2009 Incentive Plan), notwithstanding any provision of the 2009 Incentive Plan or any applicable Award Agreement to the contrary, all options and stock appreciation rights will become immediately exercisable with respect to 100% of the shares subject to such option or stock appreciation rights, and the restrictions will expire immediately with respect to 100% of such shares of Restricted Stock or Restricted Stock Units subject to such Award (including a waiver of any applicable Performance Goals). In addition, upon a Change in Control, to the extent the treatment described in the previous sentence does not apply to an Award or unless otherwise provided in an Award agreement, all incomplete Performance Periods in respect of a performance compensation award will

Table of Contents

end upon the Change in Control, and the Administrator will (a) determine the extent to which performance goals with respect to each such Performance Period have been met, (b) cause to be paid to the applicable Participant partial or full performance compensation awards with respect to performance goals for each such Performance Period based upon the Administrator's determination of the degree of attainment of performance goals and (c) cause the Award, if previously deferred, to be settled in full as soon as possible. Further, in the event of a Change in Control, the Administrator may in its discretion and upon advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of the Company's common stock received or to be received by other shareholders of the Company in the event.

Detrimental Activity. Upon exercise, payment or delivery pursuant to an Award, the Participant will be required to certify that the Participant has not engaged in any Detrimental Activity (as defined in the 2009 Incentive Plan). Subject to the terms of the applicable Award agreement, the Administrator may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid or deferred Awards at any time if the Participant engages in any Detrimental Activity. If a Participant engages in Detrimental Activity after any exercise, payment or delivery pursuant to an Award, during any period for which any restrictive covenant prohibiting such activity is applicable to the Participant, such exercise, payment or delivery may be rescinded within one year thereafter. In the event of any such rescission, the Participant will pay to the Company the amount of any gain realized or payment received as a result of the exercise, payment or delivery, in such manner and on such terms and conditions as may be required by the Company.

Amendment and Termination. The Board at any time, and from time to time, may amend or terminate the 2009 Incentive Plan. However, except as provided otherwise in the 2009 Incentive Plan, no amendment will be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy any applicable law or securities exchange listing requirements. Further, in the event that the exercise price of an option, including an incentive stock option, exceeds the fair market value of the Common Stock on a given date, the Committee has the authority to reduce the exercise price of such option to a new exercise price that is no less than the then-current fair market value of the Common Stock; provided that such action shall first have been approved by a vote of the stockholders of the Company. The Administrator at any time, and from time to time, may amend the terms of any one or more Awards; however, if the amendment would constitute an impairment of the rights under any Award, the Company must request the consent of the Participant and the Participant must consent in writing. It is expressly contemplated that the Board may amend the 2009 Incentive Plan in any respect the Board deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to incentive stock options and/or to bring the 2009 Incentive Plan and/or Awards granted under it into compliance therewith.

Plan Benefits to be Received. Benefits and amounts to be awarded under the 2009 Incentive Plan are not currently determinable.

U.S. Federal Income Tax Consequences

The following is a summary of the material federal income tax consequences of receiving Awards under the 2009 Incentive Plan and is based upon an analysis of the present provisions of the Code and the regulations promulgated thereunder, all of which are subject to change. An individual may also be subject to state and local taxes, the consequences of which are not discussed herein, in the jurisdiction in which he or she works and/or resides. This summary is for general information and does not constitute tax advice.

Nonstatutory Stock Options. An individual receiving nonstatutory stock options should not recognize taxable income at the time of grant. An individual should generally recognize ordinary compensation income in an amount equal to

the excess, if any, of the fair market value of the option shares on exercise of the nonstatutory stock options over the exercise price thereof. In general, subject to the limitations set forth in Section 162(m) of the Code and discussed below, the Company is entitled to deduct from its taxable income the amount that the individual is required to include in ordinary income at the time of such inclusion.

Table of Contents

Additional special rules apply if an individual exercises a nonstatutory stock option by paying the exercise price, in whole or in part, by the transfer of shares of common stock to the Company.

Incentive Stock Options. An individual granted an incentive stock option will not generally recognize taxable income at the time of grant or, subject to certain conditions, at the time of exercise, although he or she may be subject to alternative minimum tax. If the individual holds the shares acquired upon exercise of an incentive stock option for at least two years after the grant date and for at least one year after the exercise date, upon disposition of the shares by the individual, the difference, if any, between the sale price of the shares and the exercise price of the option will be treated as long-term capital gain or loss. In general, if a disqualifying disposition should occur (i.e., the shares acquired upon exercise of the option are disposed of within the later of two years from the date of grant or one year from the date of exercise), an individual will generally recognize ordinary compensation income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the option shares at the time of exercise (or, if less, the amount realized on disposition), over the exercise price thereof. The Company is not entitled to any deduction on account of the grant of incentive stock options or the individual's exercise of the option to acquire common stock. However, in the event of a subsequent disqualifying disposition of such shares of common stock acquired pursuant to the exercise of an incentive stock option under circumstances resulting in taxable compensation to the individual, subject to the limitations set forth in Section 162(m) of the Code and discussed below, in general, the Company should be entitled to a tax deduction equal to the amount treated as taxable compensation to the individual. Additional special rules apply if an individual exercises an incentive stock option by paying the exercise price, in whole or in part, by the transfer of shares of common stock to the Company.

Restricted Stock. A participant will not be subject to tax upon the grant of an Award of Restricted Stock unless the participant otherwise elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an Award of Restricted Stock becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will have taxable compensation equal to the difference between the fair market value of the shares on that date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b) of the Code, the participant will have taxable compensation at the time of grant equal to the difference between the fair market value of the shares on the grant date over the amount the participant paid for such shares, if any. (Special rules apply to the receipt and disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Securities Exchange Act of 1934). The Company will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted Stock Units. A Participant will not be subject to tax upon the grant of a Restricted Stock Unit Award. Rather, upon the delivery of shares or cash pursuant to a Restricted Stock Unit Award, the Participant will have taxable compensation equal to the fair market value of the number of shares (or the amount of cash) the Participant actually receives with respect to the Award. The Company will be able to deduct the amount of taxable compensation to the Participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Stock Appreciation Rights. No income will be realized by a Participant upon grant of a stock appreciation right. Upon the exercise of a stock appreciation right, the Participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the stock appreciation right. The Company will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Section 162(m) Limitation. Subject to a limited number of exceptions, Section 162(m) of the Code denies a deduction to a publicly held corporation for payments of remuneration to certain employees to the extent the employee's remuneration for the taxable year exceeds \$1,000,000. This limit, however, does not

Table of Contents

apply to qualified performance based compensation. If the stockholders of the Company approve the 2009 Incentive Plan, the Company believes that option awards and other stock-based or cash awards payable upon the attainment of performance goals under the 2009 Incentive Plan will qualify as qualified performance-based compensation.

Section 280G of the Code. Under certain circumstances, the accelerated vesting or exercise of options or the accelerated lapse of restrictions with respect to other Awards in connection with a Change in Control might be deemed an excess parachute payment for purposes of the golden parachute tax provisions of Section 280G of the Code. To the extent it is so considered, the Participant may be subject to a 20% excise tax and the Company may be denied a federal income tax deduction.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such officers, directors and 10% stockholders also are required by SEC rules to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms furnished or available to the Company, the Company believes that its directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements for the fiscal year ended December 31, 2008 except as follows: one late Form 4 was filed by each of D. Bryan Norwood, Phil G. Coyne and Jim Flynt on October 10, 2008 to report the cash settlement upon vesting of phantom stock on December 22, 2007; two late Form 4s were filed by Thomas R. Pipes, the first of which was filed on December 12, 2008 to report an open market purchase of common stock on December 5, 2008, and the second of which was filed on March 16, 2009 to report indirect beneficial ownership of common stock acquired in open market purchases on November 21, 2008; a late Form 3/A was filed by Kimberly R. Frye on October 10, 2008 to report a phantom and option grant that was unintentionally omitted from the Form 3 filed on July 29, 2008; and one late Form 4 was filed by each of our ten current non-management directors on June 25, 2008 to report the annual grant of stock made on June 17, 2008. In making these statements, the Company has relied upon an examination of the copies of Forms 3, 4 and 5, and amendments thereto, and the written representations of its directors, executive officers and 10% stockholders.

Stockholder Communications to the Board of Directors

The Board will give appropriate attention to written communications that are submitted by stockholders and other interested parties and will respond if and as appropriate. Anyone who has concerns about the Company may communicate those concerns in writing addressed to a particular non-management director or to the non-management directors as a group. Management will forward all relevant communications to the Board.

Absent unusual circumstances, the Chairman of the Board (if an independent director), or the Lead Director shall, subject to advice and assistance from the General Counsel, be primarily responsible for monitoring communications from stockholders and other interested parties and shall provide copies or summaries of such communications to the other directors as he or she considers appropriate. The Chairman of the Board (if an independent director), or the Lead Director, or otherwise the Chairman of the Corporate

Governance and Nominating Committee also serves as the presiding director at all executive sessions of our non-management directors.

In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications. Stockholders who wish to send communications on any topic to the Board should address such communications to Board of Directors, c/o Kimberly R. 2.8 ***Change in Control*** means:

(a) a merger of the Company with another entity, a consolidation involving the Company, or the sale of all or substantially all of the assets of the Company to another entity if, in any such case, the holders of equity securities of the Company immediately prior to such transaction or event do not beneficially own immediately after such transaction or event equity securities of the resulting entity entitled to 50% or more of the votes then eligible to be cast in the election of directors generally (or comparable governing body) of the resulting entity in substantially the same proportions that they owned the equity securities of the Company immediately prior to such transaction or event;

(b) the dissolution or liquidation of the Company;

(c) when any person or entity, including a group as contemplated by Section 13(d)(3) of the Exchange Act, acquires or gains ownership or control (including, without limitation, power to vote) of more than 50% of the combined voting power of the outstanding securities of the Company; or

(d) as a result of or in connection with a contested election of directors, the persons who were members of the Board immediately before such election cease to constitute a majority of the Board.

As used in this definition of *Change in Control*, (1) *resulting entity* in the context of a transaction or event that is a merger, consolidation or sale of all or substantially all assets shall mean the surviving entity (or acquiring entity in the case of an asset sale) unless the surviving entity (or acquiring entity in the case of an asset sale) is a subsidiary of another entity and the holders of Common Stock receive capital stock of such other entity in such transaction or event, in which event the resulting entity shall be such other entity, and (2) subsequent to the consummation of a merger or consolidation that does not constitute a *Change in Control*, the term *Company* shall refer to the resulting entity and the term *Board* shall refer to the board of directors (or comparable governing body) of the resulting entity.

Notwithstanding the occurrence of any of the foregoing events described above which would otherwise result in a *Change in Control*, the Board may determine in its discretion, if it deems it to be in the best interest of the Company, that an event or events otherwise constituting a *Change in Control* shall not be considered a *Change in Control*. Such determination shall be effective only if it is made by the Board prior to the occurrence of an event that otherwise would be or probably would lead to a *Change in Control*; or after such event if made by the Board a majority of which is composed of directors who were members of the Board immediately prior to the event that otherwise would be or probably would lead to a *Change in Control*.

The determination of whether an individual has a Disability shall be determined under procedures established by the Administrator. Except in situations where the Administrator is determining Disability for purposes of the term of an Incentive Stock Option pursuant to Section 6.9 hereof within the meaning of Section 22(e)(3) of the Code, the Administrator may rely on any determination that a Participant is disabled for purposes of benefits under any long-term disability plan maintained by the Company or any Affiliate in which a Participant participates.

The Board may delegate administration of this Plan to a Committee or Committees of one or more members of the Board, and the term *Committee* shall apply to any person or persons to whom such authority has been delegated. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of this Plan, the powers theretofore possessed by the Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board or the Administrator shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of this Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and revert in the Board the administration of this Plan. The members of the Committee shall be appointed by and serve at the pleasure of the Board. The Committee shall act pursuant to a vote of the majority of its members or, in the case that the Committee is comprised of only two members, the unanimous consent of its members, whether present or not, or by the written consent of the majority of its members (or of all of its members if there are only two members) and minutes shall be kept of all of its meetings and copies thereof shall be provided to the Board. Within the scope of such authority, the Board or the Committee may (i) delegate to a committee of one or more members of the Board who are not Outside Directors the authority to grant Awards to eligible persons who are either (A) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Award or (B) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code or (ii) delegate to a committee of one or more members of the Board who are not Non-Employee Directors the authority to grant Awards to eligible persons who are not then subject to Section 16 of the Exchange Act. 4. Shares Subject to the Plan.

Subject to adjustment in accordance with Section 12, the total number of shares of Common Stock that shall be available for the grant of Awards under this Plan shall not exceed four million (4,000,000); *provided, that*, for purposes of this limitation, any Common Stock subject to an Option or Award that is canceled, forfeited or expires prior to exercise or realization shall again become available for issuance under this Plan. Subject to adjustment in accordance with Section 12, no Participant shall be granted, during any one (1) year period, Options to purchase Common Stock and/or Stock Appreciation Rights with respect to more than five hundred thousand (500,000) shares of Common Stock. Stock available for distribution under this Plan shall be authorized and unissued shares or shares reacquired by the Company in any manner. All shares reserved for issuance under this Plan may be used for Incentive Stock Options. No fractional shares of Common Stock may be issued.

5.3 Consultants. A Consultant shall not be eligible for the grant of an Award if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (*Form S-8*) is not available to register either the offer or the sale of the Company's securities to such Consultant because of the nature of the services that the Consultant is providing to the Company (*i.e.*, capital raising), or because the Consultant is not a natural person, or as otherwise provided by the rules governing the use of Form S-8, unless the Company determines both (a) that such grant (i) shall be registered in another manner under the Securities Act (*e.g.*, on a Form S-3 Registration Statement) or (ii) does not require registration under the Securities Act in order to comply with the requirements of the Securities Act, if applicable, and (b) that such grant complies with the securities laws of all other relevant jurisdictions.

5.4 Directors. Each Director shall be eligible to receive discretionary grants of Awards under this Plan.

6. Option Provisions.

Each Option shall be in such form and shall contain such terms and conditions as the Administrator shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock

Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. If for any reason an Option designated as an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonstatutory Option appropriately granted under this Plan. Notwithstanding the foregoing, the Company shall have no liability to any Participant or any other person if an Option designated as an Incentive Stock Option fails to qualify as such at any time. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

6.1 **Term**. Subject to the provisions of Section 5.2 regarding Ten Percent Stockholders, no Incentive Stock Option shall be exercisable after the expiration of ten (10) years from the date it was granted.

6.2 **Exercise Price of an Incentive Stock Option**. Subject to the provisions of Section 5.2 regarding Ten Percent Stockholders, the exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

6.3 **Exercise Price of a Nonstatutory Stock Option**. The exercise price of each Nonstatutory Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, a Nonstatutory Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 409A of the Code.

6.4 **Consideration**. The exercise price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (a) in cash or by certified or bank check at the time the Option is exercised or, (b) in the discretion of the Administrator, upon such terms as the Administrator shall approve, as follows: (i) by delivery to the Company of other Common Stock, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the exercise price (or portion thereof) due for the number of shares being acquired, or by means of attestation whereby the Participant identifies for delivery specific shares of Common Stock that have a Fair Market Value on the date of attestation equal to the exercise price (or portion thereof) and receives a number of shares of Common Stock equal to the difference between the number of shares thereby purchased and the number of identified attestation shares of Common Stock (a ***Stock for Stock Exchange***); (ii) a cashless exercise program established with a broker; (iii) by reduction in the number of shares of Common Stock otherwise deliverable upon exercise of such Option with a Fair Market Value equal to the aggregate exercise price at the time of exercise; or (iv) in any other form of legal consideration that may be acceptable to the Administrator. Unless otherwise specifically provided in the Option, the purchase price of Common Stock acquired pursuant to an Option that is paid by delivery (or attestation) to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six (6) months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes). Notwithstanding the foregoing, during any period for which the Common Stock is publicly traded (*i.e.*, the Common Stock is listed on any established stock exchange or a national market system), an exercise by a Director or Officer that involves or may involve a direct or indirect extension of credit or arrangement of an extension of credit by the Company, directly or indirectly, in violation of Section 402(a) of the Sarbanes-Oxley Act (codified as Section 13(k) of the Exchange Act) shall be prohibited with respect to any Award under this Plan.

6.5 **Transferability of an Option**. An Option (including an Incentive Stock Option or a Nonstatutory Stock Option) shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the

lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company,

A-10

Table of Contents

designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

6.6 Vesting Generally. The Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Administrator may deem appropriate. The vesting provisions of individual Options may vary. No Option may be exercised for a fraction of a share of Common Stock. The Administrator may, but shall not be required to, provide for an acceleration of vesting and exercisability in the terms of any Option Agreement upon the occurrence of a specified event.

6.7 Termination of Continuous Service. Unless otherwise provided in an Option Agreement or in an employment or consulting agreement the terms of which have been approved by the Administrator, in the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death, Disability or Retirement or termination by the Company for Cause), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (a) the date three (3) months following the termination of the Optionholder's Continuous Service, or (b) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the preceding sentence, the Option shall terminate. Unless otherwise provided in an Option Agreement or in an employment or consulting agreement the terms of which have been approved by the Administrator, outstanding Options that are not exercisable at the time an Optionholder's Continuous Service terminates for any reason other than for Cause (including an Optionholder's death, Disability or Retirement) shall be forfeited and expire at the close of business on the date of such termination. Unless otherwise provided in an Option Agreement or in an employment or consulting agreement the terms of which have been approved by the Administrator, if the Optionholder's Continuous Service terminates for Cause, all outstanding Options shall be forfeited (whether or not vested) and expire as of the beginning of business on the date of such termination for Cause.

6.8 Extension of Termination Date. An Optionholder's Option Agreement may also provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service for any reason would be prohibited at any time because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act or any other state or federal securities law or the rules of any securities exchange or interdealer quotation system, then the Option shall terminate on the earlier of (a) the expiration of the term of the Option in accordance with Section 6.1 or (b) the expiration of a period after termination of the Participant's Continuous Service that is three (3) months after the end of the period during which the exercise of the Option would be in violation of such registration or other securities law requirements.

6.9 Disability of Optionholder. Unless otherwise provided in an Option Agreement, in the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (a) the date twelve (12) months following such termination or (b) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein, the Option shall terminate.

6.10 Death of Optionholder. Unless otherwise provided in an Option Agreement, in the event an Optionholder's Continuous Service terminates as a result of the Optionholder's death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Optionholder's death, but only within the period ending on the earlier of (a) the date twelve

(12) months following the date of death or (b) the expiration of the term of such Option as set forth in the Option Agreement. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

A-11

Table of Contents

6.11 **Retirement.** Unless otherwise expressly provided in an Option Agreement, in the event of an Optionholder's Continuous Service terminates as a result of Retirement, the Optionholder may exercise his or her Option (to the extent the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (a) the expiration of the term of the Option as set forth in the Option Agreement or (b) the date one (1) year following such termination.

6.12 **Incentive Stock Option \$100,000 Limitation.** To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.

7. Provisions of Awards Other Than Options.

7.1 **Restricted Awards**

(a) **General.**

A Restricted Award is an Award of actual shares of Common Stock (***Restricted Stock***) or hypothetical Common Stock units (***Restricted Stock Units***) having a value equal to the Fair Market Value of an identical number of shares of Common Stock, which may, but need not, provide that such Restricted Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of any obligation or for any other purpose for such period (the ***Restricted Period***) as the Administrator shall determine.

(b) **Restricted Stock and Restricted Stock Units.**

(i) Each Participant granted Restricted Stock shall execute and deliver to the Company an Award Agreement with respect to the Restricted Stock setting forth the restrictions and other terms and conditions applicable to such Restricted Stock. If the Administrator determines that the Restricted Stock shall be held by the Company or in escrow rather than delivered to the Participant pending the release of the applicable restrictions, the Administrator may require the Participant to additionally execute and deliver to the Company (A) an escrow agreement satisfactory to the Administrator, if applicable and (B) the appropriate blank stock power with respect to the Restricted Stock covered by such agreement. If a Participant should fail to execute an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and stock power, within a reasonable period of time following the Date of Grant, the Award shall be null and void. Subject to the restrictions set forth in the Award Agreement, the Participant generally shall have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock. At the discretion of the Administrator, cash dividends and stock dividends with respect to the Restricted Stock may be either currently paid to the Participant or withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Administrator. The cash dividends or stock dividends so withheld by the Administrator and attributable to any particular share of Restricted Stock (and earnings thereon, if applicable) shall be distributed to the Participant in cash or, at the discretion of the Administrator, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, if applicable, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends.

(ii) The terms and conditions of a grant of Restricted Stock Units shall be reflected in an Award Agreement. No shares of Common Stock shall be issued at the time a Restricted Stock Unit is granted, and the Company will not be required to set aside a fund for the payment of any such Award. At the discretion of the Administrator, each Restricted Stock

Unit (representing one (1) share of Common Stock) may be credited with cash and stock dividends paid by the Company in respect of one share of Common Stock (*Dividend Equivalents*). At the discretion of the Administrator, Dividend Equivalents may be either currently paid to the Participant or withheld by the Company for

A-12

Table of Contents

the Participant's account, and interest may be credited on the amount of cash Dividend Equivalents withheld at a rate and subject to such terms as determined by the Administrator. Dividend Equivalents credited to a Participant's account and attributable to any particular Restricted Stock Unit (and earnings thereon, if applicable) shall be distributed in cash or, at the discretion of the Administrator, in shares of Common Stock having a Fair Market Value equal to the amount of such Dividend Equivalents and earnings, if applicable, to the Participant upon settlement of such Restricted Stock Unit and, if such Restricted Stock Unit is forfeited, the Participant shall have no right to such Dividend Equivalents.

(c) Restrictions.

(i) Restricted Stock awarded to a Participant shall be subject to the following restrictions until the expiration of the Restricted Period, and to such other terms and conditions as may be set forth in the applicable Award Agreement: (A) if an escrow arrangement is used, the Participant shall not be entitled to delivery of the stock certificate; (B) the shares shall be subject to the restrictions on transferability set forth in the Award Agreement; (C) the shares shall be subject to forfeiture to the extent provided in the applicable Award Agreement; and (D) to the extent such shares are forfeited, the stock certificates shall be returned to the Company, and all rights of the Participant to such shares and as a stockholder with respect to such shares shall terminate without further obligation on the part of the Company.

(ii) Restricted Stock Units awarded to any Participant shall be subject to (A) forfeiture until the expiration of the Restricted Period, and satisfaction of any applicable Performance Goals during such period, to the extent provided in the applicable Award Agreement, and to the extent such Restricted Stock Units are forfeited, all rights of the Participant to such Restricted Stock Units shall terminate without further obligation on the part of the Company and (B) such other terms and conditions as may be set forth in the applicable Award Agreement.

(iii) The Administrator shall have the authority to remove any or all of the restrictions on the Restricted Stock and Restricted Stock Units whenever it may determine that, by reason of changes in applicable laws or other changes in circumstances arising after the date of the Restricted Stock or Restricted Stock Units are granted, such action is appropriate.

(d) Restricted Period. With respect to Restricted Stock and Restricted Stock Units, the Restricted Period shall commence on the Date of Grant and end at the time or times set forth on a schedule established by the Administrator in the applicable Award Agreement.

(e) Delivery of Restricted Stock and Settlement of Restricted Stock Units. Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in Section 7.1(c) and the applicable Award Agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Participant, or his or her beneficiary, without charge, the stock certificate evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (to the nearest full share) and any cash dividends or stock dividends credited to the Participant's account with respect to such Restricted Stock and the interest thereon, if any. Upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his or her beneficiary, without charge, one (1) share of Common Stock for each such outstanding Restricted Stock Unit (*Vested Unit*) and cash equal to any Dividend Equivalents credited with respect to each such Vested Unit in accordance with Section 7.1(b)(ii) hereof and the interest thereon, if any, or, at the discretion of the Administrator, in shares of Common Stock having a Fair Market Value equal to such Dividend Equivalents and the interest thereon, if any; *provided, however*, that, if explicitly provided in the applicable Award Agreement, the Administrator may, in its sole discretion, elect to pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock for Vested Units. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be

Table of Contents

equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed with respect to such Vested Unit.

(f) Stock Restrictions. Each certificate representing Restricted Stock awarded under this Plan shall bear a legend in the form the Company deems appropriate.

7.2 Performance Compensation Awards.

(a) General. The Administrator shall have the authority, at the time of grant of any Award described in this Plan (other than Options and Stock Appreciation Rights granted with an exercise price or grant price, as the case may be, equal to or greater than the Fair Market Value per share of Common Stock on the date of grant), to designate such Award as a Performance Compensation Award in order to qualify such Award as performance-based compensation under Section 162(m) of the Code. In addition, the Administrator shall have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award in order to qualify such Award as performance-based compensation under Section 162(m) of the Code.

(b) Eligibility. The Administrator will, in its sole discretion, designate within the first ninety (90) days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code) which Participants will be eligible to receive Performance Compensation Awards in respect of such Performance Period. However, designation of a Participant eligible to receive an Award hereunder for a Performance Period shall not in any manner entitle the Participant to receive payment in respect of any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment in respect of any Performance Compensation Award shall be decided solely in accordance with the provisions of this Section 7.2. Moreover, designation of a Participant eligible to receive an Award hereunder for a particular Performance Period shall not require designation of such Participant eligible to receive an Award hereunder in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award hereunder shall not require designation of any other person as a Participant eligible to receive an Award hereunder in such period or in any other period.

(c) Discretion of Administrator with Respect to Performance Compensation Awards. With regard to a particular Performance Period, the Administrator shall have full discretion to select the length of such Performance Period (provided any such Performance Period shall be not less than one (1) year in duration), the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply to the Company and the Performance Formula. Within the first ninety (90) days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), the Administrator shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section 7.2(c) and record the same in writing.

(d) Payment of Performance Compensation Awards.

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) Limitation. A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved and (B) the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant's Performance Compensation Award has been earned for the Performance Period.

(iii) Certification. Following the completion of a Performance Period, the Administrator shall review and certify in writing whether, and to what extent, the Performance Goals for the

A-14

Table of Contents

Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Administrator shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply Negative Discretion in accordance with Section 7.2(d)(iv) hereof, if and when it deems appropriate.

(iv) Use of Discretion. In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Administrator may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its sole judgment, such reduction or elimination is appropriate. The Administrator shall not have the discretion to (A) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained or (B) increase a Performance Compensation Award above the maximum amount payable under Section 7.2(d)(vi).

(v) Timing of Award Payments. Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 7.2.

(vi) Maximum Award Payable. Notwithstanding any provision contained in this Plan to the contrary, the maximum Performance Compensation Award payable to any one Participant under this Plan for a Performance Period is two hundred fifty thousand (250,000) shares of Common Stock or, in the event such Performance Compensation Award is paid in cash, the equivalent cash value thereof on the first or last day of the Performance Period to which such Award relates, as determined by the Administrator. The maximum amount that can be paid in any calendar year to any Participant pursuant to a cash bonus Award described in the last sentence of Section 7.2(a) shall be one million dollars (\$1,000,000). Furthermore, any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date) increase (A) with respect to a Performance Compensation Award that is payable in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set by the Administrator or (B) with respect to a Performance Compensation Award that is payable in shares of Common Stock, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date.

7.3 Stock Appreciation Rights.

(a) General. Stock Appreciation Rights may be granted either alone (*Free Standing Rights*) or, provided the requirements of Section 7.3(b) are satisfied, in tandem with all or part of any Option granted under this Plan (*Related Rights*). In the case of a Nonstatutory Stock Option, Related Rights may be granted either at or after the time of the grant of such Option. In the case of an Incentive Stock Option, Related Rights may be granted only at the time of the grant of the Incentive Stock Option.

(b) Grant Requirements. A Stock Appreciation Right may only be granted if the Stock Appreciation Right does not provide for the deferral of compensation within the meaning of Section 409A of the Code. A Stock Appreciation Right does not provide for a deferral of compensation if: (i) the value of the Common Stock the excess over which the right provides for payment upon exercise (the *SAR exercise price*) may never be less than the Fair Market Value of the underlying Common Stock on the date the right is granted; (ii) the compensation payable under the Stock Appreciation Right can never be greater than the difference between the SAR exercise price and the Fair Market Value of the Common Stock on the date the Stock Appreciation Right is exercised; (iii) the number of shares of Common Stock subject to the Stock Appreciation Right must be fixed on the Date of Grant of the Stock Appreciation Right; and (iv) the right does not include any feature for the deferral of compensation other than the deferral of recognition of income until the exercise of the right.

(c) Exercise and Payment. Upon exercise thereof, the holder of a Stock Appreciation Right shall be entitled to receive from the Company, an amount equal to the product of (i) the excess of the Fair

A-15

Table of Contents

Market Value, on the date of such written request, of one (1) share of Common Stock over the SAR exercise price per share specified in the Award Agreement for such Stock Appreciation Right or its related Option, *multiplied by* (ii) the number of shares for which such Stock Appreciation Right shall be exercised. Payment with respect to the exercise of a Stock Appreciation Right shall be paid on the date of exercise and may be made in the form of shares of Common Stock (with or without restrictions as to substantial risk of forfeiture and transferability, as determined by the Administrator in its sole discretion), cash or a combination thereof, as determined by the Administrator. Notwithstanding the foregoing, if, on the last day of the applicable exercise period, the Fair Market Value of the Common Stock exceeds the SAR exercise price and the Participant has not exercised the Stock Appreciation Right or the corresponding Option (if applicable), to the extent vested and exercisable, such Stock Appreciation Right shall be deemed to have been exercised by the Participant on such last day and the Company shall make the appropriate payment therefor.

(d) Exercise Price. The exercise price of a Free Standing Stock Appreciation Right shall be determined by the Administrator, but shall not be less than one hundred percent (100%) of the Fair Market Value of one (1) share of Common Stock on the Date of Grant of such Stock Appreciation Right. A Related Right granted simultaneously with or subsequent to the grant of an Option and in conjunction therewith or in the alternative thereto shall have the same exercise price as the related Option, shall be transferable only upon the same terms and conditions as the related Option, and shall be exercisable only to the same extent as the related Option; *provided, however*, that a Stock Appreciation Right, by its terms, shall be exercisable only when the Fair Market Value per share of Common Stock subject to the Stock Appreciation Right and related Option exceeds the exercise price per share thereof and no Stock Appreciation Rights may be granted in tandem with an Option unless the Administrator determines that the requirements of Section 7.3(b)(i) are satisfied.

(e) Reduction in the Underlying Option Shares. Upon any exercise of a Stock Appreciation Right, the number of shares of Common Stock for which any related Option shall be exercisable shall be reduced by the number of shares for which the Stock Appreciation Right shall have been exercised. The number of shares of Common Stock for which a Stock Appreciation Right shall be exercisable shall be reduced upon any exercise of any related Option by the number of shares of Common Stock for which such Option shall have been exercised.

7.4 Grants to Directors. Each Non-Employee Director shall be eligible to receive grants of fully vested Stock to Non-Employee Directors as part of his or her director fees.

8. Covenants of the Company.

8.1 Availability of Shares. During the terms of the Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Awards.

8.2 Securities Law Compliance. Each Award Agreement shall provide that no shares of Common Stock shall be purchased or sold thereunder unless and until (a) any then applicable requirements of state or federal laws and regulatory agencies shall have been fully complied with to the satisfaction of the Company and its counsel and (b) if required to do so by the Company, the Participant shall have executed and delivered to the Company a letter of investment intent in such form and containing such provisions as the Administrator may require. The Company shall use reasonable efforts to seek to obtain from each regulatory commission or agency having jurisdiction over this Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise of the Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act this Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under this Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Awards unless

and until such authority is obtained.

A-16

9. Use of Proceeds from Stock.

Proceeds from the sale of Common Stock pursuant to Awards, or upon exercise thereof, shall constitute general funds of the Company.

10. Miscellaneous.

10.1 Acceleration of Exercisability and Vesting. The Administrator shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with this Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

10.2 Stockholder Rights. Except as provided in this Plan or an Award Agreement, no Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until such Participant has satisfied all requirements for exercise of the Award pursuant to its terms and no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions of other rights for which the record date is prior to the date such Common Stock certificate is issued, except as provided in Section 12 hereof.

10.3 No Employment or Other Service Rights. Nothing in this Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or shall affect the right of the Company or an Affiliate to terminate (a) the employment of an Employee with or without notice and with or without Cause; (b) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate; or (c) the service of a Director pursuant to the bylaws of the Company or governing documents of any Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

10.4 Transfer, Approved Leave of Absence. For purposes of this Plan, no termination of employment by an Employee shall be deemed to result from either (a) a transfer to the employment of the Company from an Affiliate or from the Company to an Affiliate, or from one Affiliate to another or (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the Employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

10.5 Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Award (a) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Award and (b) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (i) the issuance of the shares of Common Stock upon the exercise or acquisition of Common Stock under the Award has been registered under a then currently effective registration statement under the Securities Act or (ii) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under this Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

10.6 Withholding Obligations. To the extent provided by the terms of an Award Agreement and subject to the discretion of the Administrator, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (a) tendering a cash payment; (b) authorizing the Company to

A-17

Table of Contents

withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Award, *provided, however*, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law; or (c) delivering to the Company previously owned and unencumbered shares of Common Stock of the Company.

11. Adjustments Upon Changes in Stock.

Awards granted under this Plan and any agreements evidencing such Awards, the maximum number of shares of Common Stock subject to all Awards stated in Section 4 and the maximum number of shares of Common Stock with respect to which any one person may be granted Awards during any period stated in Section 4 and Section 7.2(d)(vi) will be equitably adjusted or substituted, as to the number, price or kind of a share of Common Stock or other consideration subject to such Awards to the extent necessary to preserve the economic intent of such Award in the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges or other relevant changes in capitalization occurring after the Date of Grant of any such Award. Any adjustment in Incentive Stock Options under this Section 11 shall be made only to the extent not constituting a modification within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 11 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3 or otherwise result in a violation of Section 409A of the Code. Further, with respect to Awards intended to qualify as performance-based compensation under Section 162(m) of the Code, such adjustments or substitutions shall be made only to the extent that the Administrator determines that such adjustments or substitutions may be made without causing the Company to be denied a tax deduction on account of Section 162(m) of the Code. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes. Notwithstanding the above, in the event of any of the following: (a) the Company is merged or consolidated with another corporation or entity and, in connection therewith, consideration is received by stockholders of the Company in a form other than stock or other equity interests of the surviving entity or outstanding Awards are not to be assumed upon consummation of the proposed transaction; (b) all or substantially all of the assets of the Company are acquired by another person; (c) the reorganization or liquidation of the Company; or (d) the Company shall enter into a written agreement to undergo an event described in clause (a), (b) or (c) above, then the Administrator may, in its discretion and upon at least ten (10) days advance notice to the affected persons, cancel any outstanding Awards and cause the holders thereof to be paid, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other stockholders of the Company in the event.

12. Effect of Change in Control**12.1 Effect on Awards.**

(a) In the event of a Change in Control, notwithstanding any provision of this Plan or any applicable Award Agreement to the contrary, and either in or not in combination with another event such as a termination of the applicable Participant's Continuous Service by the Company without Cause, all Options and Stock Appreciation Rights subject to such Award shall become immediately exercisable with respect to one hundred percent (100%) of the shares subject to such Options or Stock Appreciation Rights, and/or the Restricted Period shall expire immediately with respect to one hundred percent (100%) of the shares of Restricted Stock or Restricted Stock Units subject to such Award (including a waiver of any applicable Performance Goals) and, to the extent practicable, such acceleration of exercisability and expiration of the Restricted Period (as applicable) shall occur in a manner and at a time which allows affected Participants the ability to participate in the Change in Control transaction with respect to the Common Stock subject to their Awards.

(b) In the event of a Change in Control, subject to the terms of the applicable Award Agreement and to the extent Section 12.1(a) above does not otherwise apply, all incomplete Performance Periods in respect of such Award in effect on the date the Change in Control occurs shall end on the date of such change, and the Administrator shall (i) determine the extent to which Performance Goals with respect to

A-18

Table of Contents

each such Award Period have been met based upon such audited or unaudited financial information then available as it deems relevant, (ii) cause to be paid to the applicable Participant partial or full Awards with respect to Performance Goals for each such Award Period based upon the Administrator's determination of the degree of attainment of Performance Goals, and (iii) cause the Award, if previously deferred, to be settled in full as soon as possible.

12.2 In addition, in the event of a Change in Control, the Administrator may in its discretion and upon at least ten (10) days' advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other stockholders of the Company in the event.

12.3 The obligations of the Company under this Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company and its Affiliates, taken as a whole.

13. Amendment of the Plan and Awards.

13.1 Amendment/Termination of Plan. The Board at any time, and from time to time, may amend or terminate this Plan. However, except as provided in Section 11 relating to adjustments upon changes in Common Stock and Section 13.3, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy any applicable law or securities exchange listing requirements. At the time of such amendment, the Board shall determine, upon advice from counsel, whether such amendment will be contingent on stockholder approval.

13.2 Stockholder Approval. The Board may, in its sole discretion, submit any other amendment to this Plan for stockholder approval, including, but not limited to, amendments to this Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.

13.3 Contemplated Amendments. It is expressly contemplated that the Board may amend this Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring this Plan and/or Awards granted under it into compliance therewith.

13.4 No Impairment of Rights. Rights under any Award granted before amendment of this Plan shall not be impaired by any amendment of this Plan unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

13.5 Amendment of Awards. The Administrator at any time, and from time to time, may amend the terms of any one or more Awards; *provided, however*, that the Administrator may not effect any amendment which would otherwise constitute an impairment of the rights under any Award unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

14. General Provisions.

14.1 Other Compensation Arrangements. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required, and such arrangements may be either generally applicable or applicable only in specific cases. This Plan is intended to constitute an unfunded plan for incentive compensation and nothing contained in this Plan shall give any Participant

any rights that are greater than those of a general unsecured creditor of the Company.

14.2 Recapitalizations. Each Award Agreement shall contain provisions required to reflect the provisions of Section 11.

14.3 Delivery. Upon exercise of a right granted under this Plan, the Company shall issue Common Stock or pay any amounts due within a reasonable period of time thereafter. Subject to any statutory or

regulatory obligations the Company may otherwise have, for purposes of this Plan, thirty (30) days shall be considered a reasonable period of time.

14.4 Other Provisions. The Award Agreements authorized under this Plan may contain such other provisions not inconsistent with this Plan, including, without limitation, restrictions upon the exercise of the Awards, as the Administrator may deem advisable.

14.5 Cancellation and Rescission of Awards for Detrimental Activity.

(a) Upon exercise, payment or delivery pursuant to an Award, the Participant shall certify in a manner acceptable to the Company that the Participant has not engaged in any Detrimental Activity described in Section 2.17.

(b) Unless the Award Agreement specifies otherwise, the Administrator may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid or deferred Awards at any time if the Participant engages in any Detrimental Activity described in Section 2.17.

(c) In the event a Participant engages in Detrimental Activity described in Section 2.17 after any exercise, payment or delivery pursuant to an Award, during any period for which any restrictive covenant prohibiting such activity is applicable to the Participant, such exercise, payment or delivery may be rescinded within one (1) year thereafter. In the event of any such rescission, the Participant shall pay to the Company the amount of any gain realized or payment received as a result of the exercise, payment or delivery, in such manner and on such terms and conditions as may be required by the Company. The Company shall be entitled to set-off against the amount of any such gain any amount owed to the Participant by the Company.

14.6 Disqualifying Dispositions. Any Participant who shall make a disposition (as defined in Section 424 of the Code) of all or any portion of shares of Common Stock acquired upon exercise of an Incentive Stock Option within two (2) years from the Date of Grant of such Incentive Stock Option or within one (1) year after the issuance of the shares of Common Stock acquired upon exercise of such Incentive Stock Option shall be required to immediately advise the Company in writing as to the occurrence of the sale and the price realized upon the sale of such shares of Common Stock.

14.7 Section 16. It is the intent of the Company that this Plan satisfy, and be interpreted in a manner that satisfies, the applicable requirements of Rule 16b-3 so that Participants will be entitled to the benefit of Rule 16b-3, or any other rule promulgated under Section 16 of the Exchange Act, and will not be subject to short-swing liability under Section 16 of the Exchange Act. Accordingly, if the operation of any provision of this Plan would conflict with the intent expressed in this Section 14.7, such provision to the extent possible shall be interpreted and/or deemed amended so as to avoid such conflict.

14.8 Section 162(m). To the extent the Administrator issues any Award that is intended to be exempt from the application of Section 162(m) of the Code, the Administrator may, without stockholder or grantee approval, amend this Plan or the relevant Award agreement retroactively or prospectively to the extent it determines necessary in order to comply with any subsequent clarification of Section 162(m) of the Code required to preserve the Company's federal income tax deduction for compensation paid pursuant to any such Award.

14.9 Repricing. In the event that the exercise price of an Option, including an Incentive Stock Option, exceeds the Fair Market Value of the Common Stock on a given date, the Committee shall have the authority to unilaterally reduce the exercise price of such Option to a new exercise price that is no less than the then-current Fair Market Value of the Common Stock; provided that such action shall first have been approved by a vote of the stockholders of the Company.

15. Effective Date of Plan.

This Plan shall become effective as of the Effective Date.

16. Termination or Suspension of the Plan.

This Plan shall terminate automatically on the date one (1) day before the tenth (10th) anniversary of the Effective Date. No Award shall be granted pursuant to this Plan after such date, but Awards theretofore granted may extend beyond that date. The Board may suspend or terminate this Plan at any earlier date pursuant to Section 13.1 hereof. No Awards may be granted under this Plan while this Plan is suspended or after it is terminated. Unless the Company determines to submit Section 7.2 and the definition of *Performance Goal* and *Performance Criteria* to the Company's stockholders at the first stockholder meeting that occurs in the fifth (5th) year following the year in which this Plan was last approved by stockholders (or any earlier meeting designated by the Board), in accordance with the requirements of Section 162(m) of the Code, and such stockholder approval is obtained, then no further Performance Compensation Awards shall be made to Covered Employees under Section 7.2 after the date of such annual meeting, but this Plan may continue in effect for Awards to Participants not in accordance with Section 162(m) of the Code.

17. Choice of Law.

The law of the State of Maryland shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of law rules.
